A broad spectrum bacteriostatic, fungistatic and deodorizing agent for controlling odors on and deterioration and discoloration of textiles, paper and leather caused by microbial growth in the presence of moisture.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals
Causes moderate eye irritation. Harmful if inhaled. Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

Environmental Hazards
This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into wastewater systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

Storage Instructions
Store in original containers and place in locked storage area. Keep from freezing. Moisture sensitive. Keep container closed until ready for use and after use.

Spill or Leak Procedures
Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and inincinated.

Pesticide Disposal
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal
Do not reuse empty container. Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Directions for Use
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Using conventional methods of application (pad, jig, dyeback), deposit 1.0 % (as received) based on the weight of material being treated:

- Do not use in the manufacture or treatment of items that may come in contact with food.
- Use only under an agreement with Sanitized Inc., New Preston, CT.
- Do not use for the production of baby diapers or fibers for the production of baby diapers.
- Do not use for the production of health care products or products intended to decrease the transmission of disease (items regulated by the Food & Drug Administration).
- Finished products incorporating the above product may not make claims of antimicrobial activity that exceed what is permitted in PR Notice 2000-1

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)
Have the product container or label with you when calling a poison control center or doctor, or going to treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Note to Physician: Call 860-868-9491 for additional medical advice.
FUNCTION

Sanitized Brand T 96-21 is a formulated product designed to provide bacteriostatic protection for all textiles, including textiles in contact with human skin. This product is recommended for both natural and synthetic fibers, and it can be applied to fabric by exhaust and continuous processes. Sanitized Brand T 96-21 can be recommended for use in apparel, active wear, hosiery, towels, and undergarments.

FEATURES

Sanitized Brand T 96-21:

- Prevents development of microbially caused odors.
- Exhibits good to excellent wash fastness.
- Is safe for use on fabric in contact with human skin.
