1 **DIVISION E—INTELLIGENCE AU-**
2 **THORIZATIONS FOR FISCAL**
3 **YEARS 2018, 2019, AND 2020**

4 **SECTION 5001. SHORT TITLE.**

5 This division may be cited as the “Damon Paul Nel-
6 son and Matthew Young Pollard Intelligence Authoriza-
7 tion Act for Fiscal Years 2018, 2019, and 2020”.

8 **SEC. 5002. SUBDIVISIONS AND TABLE OF CONTENTS.**

9 (a) **DIVISIONS.**—This division is organized into two
10 subdivisions as follows:

11 (1) Subdivision 1—Intelligence Authorizations
12 for Fiscal Year 2020.

13 (2) Subdivision 2—Intelligence Authorizations
14 for Fiscal Years 2018 and 2019.

15 (b) **TABLE OF CONTENTS.**—The table of contents for
16 this division is as follows:

DIVISION E—INTELLIGENCE AUTHORIZATIONS FOR FISCAL
YEARS 2018, 2019, AND 2020

Sec. 5001. Short title.
Sec. 5002. Subdivisions and table of contents.
Sec. 5003. Definitions.

SUBDIVISION 1—INTELLIGENCE AUTHORIZATIONS FOR FISCAL YEAR 2020

Sec. 5100. Table of contents.

TITLE LI—INTELLIGENCE ACTIVITIES

Sec. 5101. Authorization of appropriations.
Sec. 5102. Classified schedule of authorizations.
Sec. 5103. Intelligence community management account.

TITLE LII—CENTRAL INTELLIGENCE AGENCY RETIREMENT AND
DISABILITY SYSTEM

Sec. 5201. Authorization of appropriations.

TITLE LIII—INTELLIGENCE COMMUNITY MATTERS

Subtitle A—General Intelligence Community Matters

- Sec. 5301. Restriction on conduct of intelligence activities.
- Sec. 5302. Increase in employee compensation and benefits authorized by law.
- Sec. 5303. Expansion of scope of protections for identities of covert agents.
- Sec. 5304. Required counterintelligence assessments, briefings, notifications, and reports.
- Sec. 5305. Inclusion of security risks in program management plans required for acquisition of major systems in National Intelligence Program.
- Sec. 5306. Intelligence community public-private talent exchange.
- Sec. 5307. Assessment of contracting practices to identify certain security and counterintelligence concerns.

Subtitle B—Office of the Director of National Intelligence

- Sec. 5321. Establishment of Climate Security Advisory Council.
- Sec. 5322. Foreign Malign Influence Response Center.
- Sec. 5323. Encouragement of cooperative actions to detect and counter foreign influence operations.
- Sec. 5324. Transfer of National Intelligence University to the Office of the Director of National Intelligence.

Subtitle C—Inspector General of the Intelligence Community

- Sec. 5331. Definitions.
- Sec. 5332. Inspector General external review panel.
- Sec. 5333. Harmonization of whistleblower processes and procedures.
- Sec. 5334. Oversight by Inspector General of the Intelligence Community over intelligence community whistleblower matters.
- Sec. 5335. Report on cleared whistleblower attorneys.

Subtitle D—Central Intelligence Agency

- Sec. 5341. Clarification of certain authority of the Central Intelligence Agency.

TITLE LIV—SECURITY CLEARANCES

- Sec. 5401. Improving visibility into the security clearance process.
- Sec. 5402. Making certain policies and execution plans relating to personnel clearances available to industry partners.

TITLE LV—MATTERS RELATING TO FOREIGN COUNTRIES

Subtitle A—Matters Relating to Russia

- Sec. 5501. Annual reports on influence operations and campaigns in the United States by the Russian Federation.
- Sec. 5502. Assessment of legitimate and illegitimate financial and other assets of Vladimir Putin.
- Sec. 5503. Assessments of intentions of political leadership of the Russian Federation.

Subtitle B—Matters Relating to China

- Sec. 5511. Annual reports on influence operations and campaigns in the United States by the Communist Party of China.

- Sec. 5512. Report on repression of ethnic Muslim minorities in the Xinjiang region of the People's Republic of China.
- Sec. 5513. Report on efforts by People's Republic of China to influence election in Taiwan.

Subtitle C—Matters Relating to Other Countries

- Sec. 5521. Sense of Congress and report on Iranian efforts in Syria and Lebanon.
- Sec. 5522. Assessments regarding the Northern Triangle and Mexico.

TITLE LVI—FEDERAL EFFORTS AGAINST DOMESTIC TERRORISM

- Sec. 5601. Definitions.
- Sec. 5602. Strategic intelligence assessment of and reports on domestic terrorism.

TITLE LVII—REPORTS AND OTHER MATTERS

Subtitle A—Reports and Briefings

- Sec. 5701. Modification of requirements for submission to Congress of certain reports.
- Sec. 5702. Increased transparency regarding counterterrorism budget of the United States.
- Sec. 5703. Study on role of retired and former personnel of intelligence community with respect to certain foreign intelligence operations.
- Sec. 5704. Collection, analysis, and dissemination of workforce data.
- Sec. 5705. Plan for strengthening the supply chain intelligence function.
- Sec. 5706. Comprehensive economic assessment of investment in key United States technologies by companies or organizations linked to China.
- Sec. 5707. Report by Director of National Intelligence on fifth-generation wireless network technology.
- Sec. 5708. Report on use by intelligence community of facial recognition technology.
- Sec. 5709. Report on deepfake technology, foreign weaponization of deepfakes, and related notifications.
- Sec. 5710. Annual report by Comptroller General of the United States on cybersecurity and surveillance threats to Congress.
- Sec. 5711. Analysis of and periodic briefings on major initiatives of intelligence community in artificial intelligence and machine learning.
- Sec. 5712. Report on best practices to protect privacy and civil liberties of Chinese Americans.
- Sec. 5713. Oversight of foreign influence in academia.
- Sec. 5714. Report on death of Jamal Khashoggi.
- Sec. 5715. Report on terrorist screening database.
- Sec. 5716. Report containing threat assessment on terrorist use of conventional and advanced conventional weapons.
- Sec. 5717. Assessment of homeland security vulnerabilities associated with certain retired and former personnel of the intelligence community.
- Sec. 5718. Study on feasibility and advisability of establishing Geospatial-Intelligence Museum and learning center.

Subtitle B—Other Matters

- Sec. 5721. Whistleblower disclosures to Congress and committees of Congress.
- Sec. 5722. Task force on illicit financing of espionage and foreign influence operations.
- Sec. 5723. Establishment of fifth-generation technology prize competition.
- Sec. 5724. Establishment of deepfakes prize competition.
- Sec. 5725. Identification of and countermeasures against certain International Mobile Subscriber Identity-catchers.
- Sec. 5726. Securing energy infrastructure.

SUBDIVISION 2—INTELLIGENCE AUTHORIZATIONS FOR FISCAL YEARS 2018
AND 2019

- Sec. 6100. Table of contents.

TITLE LXI—INTELLIGENCE ACTIVITIES

- Sec. 6101. Authorization of appropriations.
- Sec. 6102. Intelligence Community Management Account.

TITLE LXII—CENTRAL INTELLIGENCE AGENCY RETIREMENT
AND DISABILITY SYSTEM

- Sec. 6201. Authorization of appropriations.
- Sec. 6202. Computation of annuities for employees of the Central Intelligence Agency.

TITLE LXIII—GENERAL INTELLIGENCE COMMUNITY MATTERS

- Sec. 6301. Restriction on conduct of intelligence activities.
- Sec. 6302. Increase in employee compensation and benefits authorized by law.
- Sec. 6303. Modification of special pay authority for science, technology, engineering, or mathematics positions and addition of special pay authority for cyber positions.
- Sec. 6304. Modification of appointment of Chief Information Officer of the Intelligence Community.
- Sec. 6305. Director of National Intelligence review of placement of positions within the intelligence community on the Executive Schedule.
- Sec. 6306. Supply Chain and Counterintelligence Risk Management Task Force.
- Sec. 6307. Consideration of adversarial telecommunications and cybersecurity infrastructure when sharing intelligence with foreign governments and entities.
- Sec. 6308. Cyber protection support for the personnel of the intelligence community in positions highly vulnerable to cyber attack.
- Sec. 6309. Elimination of sunset of authority relating to management of supply-chain risk.
- Sec. 6310. Limitations on determinations regarding certain security classifications.
- Sec. 6311. Joint Intelligence Community Council.
- Sec. 6312. Intelligence community information technology environment.
- Sec. 6313. Report on development of secure mobile voice solution for intelligence community.
- Sec. 6314. Policy on minimum insider threat standards.
- Sec. 6315. Submission of intelligence community policies.
- Sec. 6316. Expansion of intelligence community recruitment efforts.

TITLE LXIV—MATTERS RELATING TO ELEMENTS OF THE
INTELLIGENCE COMMUNITY

Subtitle A—Office of the Director of National Intelligence

- Sec. 6401. Authority for protection of current and former employees of the Office of the Director of National Intelligence.
- Sec. 6402. Designation of the program manager-information-sharing environment.
- Sec. 6403. Technical modification to the executive schedule.
- Sec. 6404. Chief Financial Officer of the Intelligence Community.
- Sec. 6405. Chief Information Officer of the Intelligence Community.

Subtitle B—Central Intelligence Agency

- Sec. 6411. Central Intelligence Agency subsistence for personnel assigned to austere locations.
- Sec. 6412. Special rules for certain monthly workers' compensation payments and other payments for Central Intelligence Agency personnel.
- Sec. 6413. Expansion of security protective service jurisdiction of the Central Intelligence Agency.
- Sec. 6414. Repeal of foreign language proficiency requirement for certain senior level positions in the Central Intelligence Agency.

Subtitle C—Office of Intelligence and Counterintelligence of Department of
Energy

- Sec. 6421. Consolidation of Department of Energy Offices of Intelligence and Counterintelligence.
- Sec. 6422. Repeal of Department of Energy Intelligence Executive Committee and budget reporting requirement.

Subtitle D—Other Elements

- Sec. 6431. Plan for designation of counterintelligence component of Defense Security Service as an element of intelligence community.
- Sec. 6432. Notice not required for private entities.
- Sec. 6433. Establishment of advisory board for National Reconnaissance Office.
- Sec. 6434. Collocation of certain Department of Homeland Security personnel at field locations.

TITLE LXV—ELECTION MATTERS

- Sec. 6501. Report on cyber attacks by foreign governments against United States election infrastructure.
- Sec. 6502. Review of intelligence community's posture to collect against and analyze Russian efforts to influence the Presidential election.
- Sec. 6503. Assessment of foreign intelligence threats to Federal elections.
- Sec. 6504. Strategy for countering Russian cyber threats to United States elections.
- Sec. 6505. Assessment of significant Russian influence campaigns directed at foreign elections and referenda.
- Sec. 6506. Information sharing with State election officials.
- Sec. 6507. Notification of significant foreign cyber intrusions and active measures campaigns directed at elections for Federal offices.
- Sec. 6508. Designation of counterintelligence officer to lead election security matters.

TITLE LXVI—SECURITY CLEARANCES

- Sec. 6601. Definitions.
- Sec. 6602. Reports and plans relating to security clearances and background investigations.
- Sec. 6603. Improving the process for security clearances.
- Sec. 6604. Goals for promptness of determinations regarding security clearances.
- Sec. 6605. Security Executive Agent.
- Sec. 6606. Report on unified, simplified, Governmentwide standards for positions of trust and security clearances.
- Sec. 6607. Report on clearance in person concept.
- Sec. 6608. Reports on reciprocity for security clearances inside of departments and agencies.
- Sec. 6609. Intelligence community reports on security clearances.
- Sec. 6610. Periodic report on positions in the intelligence community that can be conducted without access to classified information, networks, or facilities.
- Sec. 6611. Information-sharing program for positions of trust and security clearances.
- Sec. 6612. Report on protections for confidentiality of whistleblower-related communications.
- Sec. 6613. Reports on costs of security clearance background investigations.

TITLE LXVII—REPORTS AND OTHER MATTERS

Subtitle A—Matters Relating to Russia and Other Foreign Powers

- Sec. 6701. Limitation relating to establishment or support of cybersecurity unit with the Russian Federation.
- Sec. 6702. Assessment of threat finance relating to Russia.
- Sec. 6703. Notification of an active measures campaign.
- Sec. 6704. Notification of travel by accredited diplomatic and consular personnel of the Russian Federation in the United States.
- Sec. 6705. Report and annual briefing on Iranian expenditures supporting foreign military and terrorist activities.
- Sec. 6706. Expansion of scope of committee to counter active measures.

Subtitle B—Reports

- Sec. 6711. Technical correction to Inspector General study.
- Sec. 6712. Reports on authorities of the Chief Intelligence Officer of the Department of Homeland Security.
- Sec. 6713. Review of intelligence community whistleblower matters.
- Sec. 6714. Report on role of Director of National Intelligence with respect to certain foreign investments.
- Sec. 6715. Report on surveillance by foreign governments against United States telecommunications networks.
- Sec. 6716. Biennial report on foreign investment risks.
- Sec. 6717. Modification of certain reporting requirement on travel of foreign diplomats.
- Sec. 6718. Semiannual reports on investigations of unauthorized disclosures of classified information.
- Sec. 6719. Congressional notification of designation of covered intelligence officer as persona non grata.

- Sec. 6720. Reports on intelligence community participation in vulnerabilities equities process of Federal Government.
- Sec. 6721. Inspectors General reports on classification.
- Sec. 6722. Reports and briefings on national security effects of global water insecurity and emerging infectious disease and pandemics.
- Sec. 6723. Annual report on memoranda of understanding between elements of intelligence community and other entities of the United States Government regarding significant operational activities or policy.
- Sec. 6724. Study on the feasibility of encrypting unclassified wireline and wireless telephone calls.
- Sec. 6725. Reports on intelligence community loan repayment and related programs.
- Sec. 6726. Repeal of certain reporting requirements.
- Sec. 6727. Inspector General of the Intelligence Community report on senior executives of the Office of the Director of National Intelligence.
- Sec. 6728. Briefing on Federal Bureau of Investigation offering permanent residence to sources and cooperators.
- Sec. 6729. Intelligence assessment of North Korea revenue sources.
- Sec. 6730. Report on possible exploitation of virtual currencies by terrorist actors.

Subtitle C—Other Matters

- Sec. 6741. Public Interest Declassification Board.
- Sec. 6742. Technical and clerical amendments to the National Security Act of 1947.
- Sec. 6743. Bug bounty programs.
- Sec. 6744. Technical amendments related to the Department of Energy.
- Sec. 6745. Sense of Congress on notification of certain disclosures of classified information.
- Sec. 6746. Sense of Congress on consideration of espionage activities when considering whether or not to provide visas to foreign individuals to be accredited to a United Nations mission in the United States.
- Sec. 6747. Sense of Congress on WikiLeaks.

1 SEC. 5003. DEFINITIONS.

2 In this division:

3 (1) CONGRESSIONAL INTELLIGENCE COMMIT-
 4 TEES.—The term “congressional intelligence com-
 5 mittees” has the meaning given such term in section
 6 3 of the National Security Act of 1947 (50 U.S.C.
 7 3003).

8 (2) INTELLIGENCE COMMUNITY.—The term
 9 “intelligence community” has the meaning given

1 such term in section 3 of the National Security Act
2 of 1947 (50 U.S.C. 3003).

3 **SUBDIVISION 1—INTELLIGENCE**
4 **AUTHORIZATIONS FOR FIS-**
5 **CAL YEAR 2020**

6 **SEC. 5100. TABLE OF CONTENTS.**

7 The table of contents for this subdivision is as fol-
8 lows:

Sec. 5100. Table of contents.

TITLE LI—INTELLIGENCE ACTIVITIES

Sec. 5101. Authorization of appropriations.

Sec. 5102. Classified schedule of authorizations.

Sec. 5103. Intelligence community management account.

TITLE LII—CENTRAL INTELLIGENCE AGENCY RETIREMENT AND
DISABILITY SYSTEM

Sec. 5201. Authorization of appropriations.

TITLE LIII—INTELLIGENCE COMMUNITY MATTERS

Subtitle A—General Intelligence Community Matters

Sec. 5301. Restriction on conduct of intelligence activities.

Sec. 5302. Increase in employee compensation and benefits authorized by law.

Sec. 5303. Expansion of scope of protections for identities of covert agents.

Sec. 5304. Required counterintelligence assessments, briefings, notifications,
and reports.

Sec. 5305. Inclusion of security risks in program management plans required
for acquisition of major systems in National Intelligence Pro-
gram.

Sec. 5306. Intelligence community public-private talent exchange.

Sec. 5307. Assessment of contracting practices to identify certain security and
counterintelligence concerns.

Subtitle B—Office of the Director of National Intelligence

Sec. 5321. Establishment of Climate Security Advisory Council.

Sec. 5322. Foreign Malign Influence Response Center.

Sec. 5323. Encouragement of cooperative actions to detect and counter foreign
influence operations.

Sec. 5324. Transfer of National Intelligence University to the Office of the Di-
rector of National Intelligence.

Subtitle C—Inspector General of the Intelligence Community

- Sec. 5331. Definitions.
- Sec. 5332. Inspector General external review panel.
- Sec. 5333. Harmonization of whistleblower processes and procedures.
- Sec. 5334. Oversight by Inspector General of the Intelligence Community over intelligence community whistleblower matters.
- Sec. 5335. Report on cleared whistleblower attorneys.

Subtitle D—Central Intelligence Agency

- Sec. 5341. Clarification of certain authority of the Central Intelligence Agency.

TITLE LIV—SECURITY CLEARANCES

- Sec. 5401. Improving visibility into the security clearance process.
- Sec. 5402. Making certain policies and execution plans relating to personnel clearances available to industry partners.

TITLE LV—MATTERS RELATING TO FOREIGN COUNTRIES

Subtitle A—Matters Relating to Russia

- Sec. 5501. Annual reports on influence operations and campaigns in the United States by the Russian Federation.
- Sec. 5502. Assessment of legitimate and illegitimate financial and other assets of Vladimir Putin.
- Sec. 5503. Assessments of intentions of political leadership of the Russian Federation.

Subtitle B—Matters Relating to China

- Sec. 5511. Annual reports on influence operations and campaigns in the United States by the Communist Party of China.
- Sec. 5512. Report on repression of ethnic Muslim minorities in the Xinjiang region of the People's Republic of China.
- Sec. 5513. Report on efforts by People's Republic of China to influence election in Taiwan.

Subtitle C—Matters Relating to Other Countries

- Sec. 5521. Sense of Congress and report on Iranian efforts in Syria and Lebanon.
- Sec. 5522. Assessments regarding the Northern Triangle and Mexico.

TITLE LVI—FEDERAL EFFORTS AGAINST DOMESTIC TERRORISM

- Sec. 5601. Definitions.
- Sec. 5602. Strategic intelligence assessment of and reports on domestic terrorism.

TITLE LVII—REPORTS AND OTHER MATTERS

Subtitle A—Reports and Briefings

- Sec. 5701. Modification of requirements for submission to Congress of certain reports.
- Sec. 5702. Increased transparency regarding counterterrorism budget of the United States.
- Sec. 5703. Study on role of retired and former personnel of intelligence community with respect to certain foreign intelligence operations.

- Sec. 5704. Collection, analysis, and dissemination of workforce data.
- Sec. 5705. Plan for strengthening the supply chain intelligence function.
- Sec. 5706. Comprehensive economic assessment of investment in key United States technologies by companies or organizations linked to China.
- Sec. 5707. Report by Director of National Intelligence on fifth-generation wireless network technology.
- Sec. 5708. Report on use by intelligence community of facial recognition technology.
- Sec. 5709. Report on deepfake technology, foreign weaponization of deepfakes, and related notifications.
- Sec. 5710. Annual report by Comptroller General of the United States on cybersecurity and surveillance threats to Congress.
- Sec. 5711. Analysis of and periodic briefings on major initiatives of intelligence community in artificial intelligence and machine learning.
- Sec. 5712. Report on best practices to protect privacy and civil liberties of Chinese Americans.
- Sec. 5713. Oversight of foreign influence in academia.
- Sec. 5714. Report on death of Jamal Khashoggi.
- Sec. 5715. Report on terrorist screening database.
- Sec. 5716. Report containing threat assessment on terrorist use of conventional and advanced conventional weapons.
- Sec. 5717. Assessment of homeland security vulnerabilities associated with certain retired and former personnel of the intelligence community.
- Sec. 5718. Study on feasibility and advisability of establishing Geospatial-Intelligence Museum and learning center.

Subtitle B—Other Matters

- Sec. 5721. Whistleblower disclosures to Congress and committees of Congress.
- Sec. 5722. Task force on illicit financing of espionage and foreign influence operations.
- Sec. 5723. Establishment of fifth-generation technology prize competition.
- Sec. 5724. Establishment of deepfakes prize competition.
- Sec. 5725. Identification of and countermeasures against certain International Mobile Subscriber Identity-catchers.
- Sec. 5726. Securing energy infrastructure.

1 **TITLE LI—INTELLIGENCE**
 2 **ACTIVITIES**

3 **SEC. 5101. AUTHORIZATION OF APPROPRIATIONS.**

4 Funds are hereby authorized to be appropriated for
 5 fiscal year 2020 for the conduct of the intelligence and
 6 intelligence-related activities of the following elements of
 7 the United States Government:

1 (1) The Office of the Director of National Intel-
2 ligence.

3 (2) The Central Intelligence Agency.

4 (3) The Department of Defense.

5 (4) The Defense Intelligence Agency.

6 (5) The National Security Agency.

7 (6) The Department of the Army, the Depart-
8 ment of the Navy, and the Department of the Air
9 Force.

10 (7) The Coast Guard.

11 (8) The Department of State.

12 (9) The Department of the Treasury.

13 (10) The Department of Energy.

14 (11) The Department of Justice.

15 (12) The Federal Bureau of Investigation.

16 (13) The Drug Enforcement Administration.

17 (14) The National Reconnaissance Office.

18 (15) The National Geospatial-Intelligence Agen-
19 cy.

20 (16) The Department of Homeland Security.

21 **SEC. 5102. CLASSIFIED SCHEDULE OF AUTHORIZATIONS.**

22 (a) SPECIFICATIONS OF AMOUNTS.—The amounts
23 authorized to be appropriated under section 5101 for the
24 conduct of the intelligence activities of the elements listed
25 in paragraphs (1) through (16) of section 5101, are those

1 specified in the classified Schedule of Authorizations pre-
2 pared to accompany this division.

3 (b) AVAILABILITY OF CLASSIFIED SCHEDULE OF AU-
4 THORIZATIONS.—

5 (1) AVAILABILITY.—The classified Schedule of
6 Authorizations referred to in subsection (a) shall be
7 made available to the Committee on Appropriations
8 of the Senate, the Committee on Appropriations of
9 the House of Representatives, and to the President.

10 (2) DISTRIBUTION BY THE PRESIDENT.—Sub-
11 ject to paragraph (3), the President shall provide for
12 suitable distribution of the classified Schedule of Au-
13 thorizations referred to in subsection (a), or of ap-
14 propriate portions of such Schedule, within the exec-
15 utive branch.

16 (3) LIMITS ON DISCLOSURE.—The President
17 shall not publicly disclose the classified Schedule of
18 Authorizations or any portion of such Schedule ex-
19 cept—

20 (A) as provided in section 601(a) of the
21 Implementing Recommendations of the 9/11
22 Commission Act of 2007 (50 U.S.C. 3306(a));

23 (B) to the extent necessary to implement
24 the budget; or

25 (C) as otherwise required by law.

1 **SEC. 5103. INTELLIGENCE COMMUNITY MANAGEMENT AC-**
2 **COUNT.**

3 (a) AUTHORIZATION OF APPROPRIATIONS.—There is
4 authorized to be appropriated for the Intelligence Commu-
5 nity Management Account of the Director of National In-
6 telligence for fiscal year 2020 the sum of \$565,637,000.

7 (b) CLASSIFIED AUTHORIZATION OF APPROPRIA-
8 TIONS.—In addition to amounts authorized to be appro-
9 priated for the Intelligence Community Management Ac-
10 count by subsection (a), there are authorized to be appro-
11 priated for the Intelligence Community Management Ac-
12 count for fiscal year 2020 such additional amounts as are
13 specified in the classified Schedule of Authorizations re-
14 ferred to in section 5102(a).

15 **TITLE LII—CENTRAL INTEL-**
16 **LIGENCE AGENCY RETIRE-**
17 **MENT AND DISABILITY SYS-**
18 **TEM**

19 **SEC. 5201. AUTHORIZATION OF APPROPRIATIONS.**

20 There is authorized to be appropriated for the Cen-
21 tral Intelligence Agency Retirement and Disability Fund
22 \$514,000,000 for fiscal year 2020.

1 **TITLE LIII—INTELLIGENCE**
2 **COMMUNITY MATTERS**
3 **Subtitle A—General Intelligence**
4 **Community Matters**

5 **SEC. 5301. RESTRICTION ON CONDUCT OF INTELLIGENCE**
6 **ACTIVITIES.**

7 The authorization of appropriations by this subdivi-
8 sion shall not be deemed to constitute authority for the
9 conduct of any intelligence activity which is not otherwise
10 authorized by the Constitution or the laws of the United
11 States.

12 **SEC. 5302. INCREASE IN EMPLOYEE COMPENSATION AND**
13 **BENEFITS AUTHORIZED BY LAW.**

14 Appropriations authorized by this subdivision for sal-
15 ary, pay, retirement, and other benefits for Federal em-
16 ployees may be increased by such additional or supple-
17 mental amounts as may be necessary for increases in such
18 compensation or benefits authorized by law.

19 **SEC. 5303. EXPANSION OF SCOPE OF PROTECTIONS FOR**
20 **IDENTITIES OF COVERT AGENTS.**

21 Section 605(4) of the National Security Act of 1947
22 (50 U.S.C. 3126(4)) is amended—

23 (1) in subparagraph (A)—

24 (A) by striking clause (ii);

1 (B) in clause (i), by striking “, and” and
2 inserting “; or”; and

3 (C) by striking “agency—” and all that
4 follows through “whose identity” and inserting
5 “agency whose identity”; and

6 (2) in subparagraph (B)(i), by striking “resides
7 and acts outside the United States” and inserting
8 “acts”.

9 **SEC. 5304. REQUIRED COUNTERINTELLIGENCE ASSESS-**
10 **MENTS, BRIEFINGS, NOTIFICATIONS, AND RE-**
11 **PORTS.**

12 (a) FOREIGN COUNTERINTELLIGENCE AND CYBER-
13 SECURITY THREATS TO FEDERAL ELECTION CAM-
14 PAIGNS.—

15 (1) REPORTS REQUIRED.—

16 (A) IN GENERAL.—As provided in sub-
17 paragraph (B), with respect to an election for
18 Federal office, the Director of National Intel-
19 ligence, in coordination with the Under Sec-
20 retary of Homeland Security for Intelligence
21 and Analysis and the Director of the Federal
22 Bureau of Investigation, shall make publicly
23 available on an internet website an advisory re-
24 port on foreign counterintelligence and cyberse-
25 curity threats to campaigns of candidates for

1 Federal office. Each such report, consistent
2 with the protection of sources and methods,
3 shall include the following:

4 (i) A description of foreign counter-
5 intelligence and cybersecurity threats to
6 campaigns of candidates for Federal office.

7 (ii) A summary of best practices that
8 campaigns of candidates for Federal office
9 can employ in seeking to counter such
10 threats.

11 (iii) An identification of publicly avail-
12 able resources, including United States
13 Government resources, for countering such
14 threats.

15 (B) SCHEDULE FOR SUBMITTAL.—

16 (i) IN GENERAL.—Except as provided
17 by clause (ii), with respect to an election
18 for Federal office, a report under this sub-
19 section shall be first made available not
20 later than the date that is 1 year before
21 the date of such election, and may be sub-
22 sequently revised as the Director of Na-
23 tional Intelligence determines appropriate.

24 (ii) 2020 ELECTIONS.—With respect
25 to an election for Federal office that occurs

1 during 2020, the report under this sub-
2 section shall be first made available not
3 later than the date that is 60 days after
4 the date of the enactment this Act, and
5 may be subsequently revised as the Direc-
6 tor of National Intelligence determines ap-
7 propriate.

8 (C) INFORMATION TO BE INCLUDED.—A
9 report under this subsection shall reflect the
10 most current information available to the Direc-
11 tor of National Intelligence regarding foreign
12 counterintelligence and cybersecurity threats.

13 (2) TREATMENT OF CAMPAIGNS SUBJECT TO
14 HEIGHTENED THREATS.—If the Director of the Fed-
15 eral Bureau of Investigation and the Under Sec-
16 retary of Homeland Security for Intelligence and
17 Analysis jointly determine that a campaign of a can-
18 didate for Federal office is subject to a heightened
19 foreign counterintelligence or cybersecurity threat,
20 the Director and the Under Secretary, consistent
21 with the protection of sources and methods, may
22 make available additional information to the appro-
23 priate representatives of such campaign.

24 (b) BRIEFINGS ON COUNTERINTELLIGENCE ACTIVI-
25 TIES OF THE FEDERAL BUREAU OF INVESTIGATION.—

1 (1) IN GENERAL.—Title V of the National Se-
2 curity Act of 1947 (50 U.S.C. 3091 et seq.), is
3 amended by adding at the end the following new sec-
4 tion:

5 **“SEC. 512. BRIEFINGS AND NOTIFICATIONS ON COUNTER-**
6 **INTELLIGENCE ACTIVITIES OF THE FEDERAL**
7 **BUREAU OF INVESTIGATION.**

8 “(a) QUARTERLY BRIEFINGS.—In addition to, and
9 without any derogation of, the requirement under section
10 501 to keep the congressional intelligence committees fully
11 and currently informed of the intelligence and counter-
12 intelligence activities of the United States, not less fre-
13 quently than once each quarter, or more frequently if re-
14 quested by the congressional intelligence committees, the
15 Director of the Federal Bureau of Investigation shall pro-
16 vide to the congressional intelligence committees a briefing
17 on the counterintelligence activities of the Federal Bureau
18 of Investigation. Such briefings shall include, at a min-
19 imum, an overview and update of—

20 “(1) the counterintelligence posture of the Bu-
21 reau;

22 “(2) counterintelligence investigations; and

23 “(3) any other information relating to the coun-
24 terintelligence activities of the Bureau that the Di-
25 rector determines necessary.

1 “(b) NOTIFICATIONS.—In addition to the quarterly
2 briefings under subsection (a), the Director of the Federal
3 Bureau of Investigation shall promptly notify the congress-
4 sional intelligence committees of any counterintelligence
5 investigation carried out by the Bureau with respect to
6 any counterintelligence risk or threat that is related to an
7 election or campaign for Federal office.

8 “(c) GUIDELINES.—

9 “(1) DEVELOPMENT AND CONSULTATION.—The
10 Director shall develop guidelines governing the scope
11 of the briefings provided under subsection (a), the
12 notifications provided under subsection (b), and the
13 information required by section 5304(a)(2) of the
14 Damon Paul Nelson and Matthew Young Pollard In-
15 telligence Authorization Act for Fiscal Years 2018,
16 2019, and 2020. The Director shall consult the con-
17 gressional intelligence committees during such devel-
18 opment.

19 “(2) SUBMISSION.—The Director shall submit
20 to the congressional intelligence committees—

21 “(A) the guidelines under paragraph (1)
22 upon issuance; and

23 “(B) any updates to such guidelines by not
24 later than 15 days after making such update.”.

1 (2) CLERICAL AMENDMENT.—The table of con-
2 tents at the beginning of such Act is amended by in-
3 serting after the item relating to section 511 the fol-
4 lowing new item:

 “Sec. 512. Briefings and notifications on counterintelligence activities of the
 Federal Bureau of Investigation.”.

5 (c) DIRECTOR OF NATIONAL INTELLIGENCE ASSESS-
6 MENT OF FOREIGN INTERFERENCE IN FEDERAL ELEC-
7 TIONS.—

8 (1) ASSESSMENTS REQUIRED.—Not later than
9 45 days after the end of a Federal election cycle, the
10 Director of National Intelligence, in consultation
11 with the heads of such other executive departments
12 and agencies as the Director considers appropriate,
13 shall—

14 (A) conduct an assessment of any informa-
15 tion indicating that a foreign government, or
16 any person acting as an agent of or on behalf
17 of a foreign government, has acted with the in-
18 tent or purpose of interfering in elections for
19 Federal office occurring during the Federal
20 election cycle; and

21 (B) transmit the findings of the Director
22 with respect to the assessment conducted under
23 subparagraph (A), along with such supporting

1 information as the Director considers appro-
2 priate, to the following:

- 3 (i) The President.
4 (ii) The Secretary of State.
5 (iii) The Secretary of the Treasury.
6 (iv) The Secretary of Defense.
7 (v) The Attorney General.
8 (vi) The Secretary of Homeland Secu-
9 rity.
10 (vii) Congress.

11 (2) ELEMENTS.—An assessment conducted
12 under paragraph (1)(A), with respect to an act de-
13 scribed in such paragraph, shall identify, to the
14 maximum extent ascertainable, the following:

- 15 (A) The nature of any foreign interference
16 and any methods employed to execute the act.
17 (B) The persons involved.
18 (C) The foreign government or govern-
19 ments that authorized, directed, sponsored, or
20 supported the act.

21 (3) PUBLICATION.—The Director shall, not
22 later than 60 days after the end of a Federal elec-
23 tion cycle, make available to the public, to the great-
24 est extent possible consistent with the protection of

1 sources and methods, the findings transmitted under
2 paragraph (1)(B).

3 (4) FEDERAL ELECTION CYCLE DEFINED.—In
4 this section, the term “Federal election cycle” means
5 the period which begins on the day after the date of
6 a regularly scheduled general election for Federal of-
7 fice and which ends on the date of the first regularly
8 scheduled general election for Federal office held
9 after such date.

10 (5) EFFECTIVE DATE.—This subsection shall
11 apply with respect to the Federal election cycle that
12 began during November 2018, and each succeeding
13 Federal election cycle.

14 **SEC. 5305. INCLUSION OF SECURITY RISKS IN PROGRAM**
15 **MANAGEMENT PLANS REQUIRED FOR ACQUI-**
16 **SITION OF MAJOR SYSTEMS IN NATIONAL IN-**
17 **TELLIGENCE PROGRAM.**

18 Section 102A(q)(1)(A) of the National Security Act
19 of 1947 (50 U.S.C. 3024(q)(1)(A)) is amended by insert-
20 ing “security risks,” after “schedule.”.

21 **SEC. 5306. INTELLIGENCE COMMUNITY PUBLIC-PRIVATE**
22 **TALENT EXCHANGE.**

23 (a) POLICIES, PROCESSES, AND PROCEDURES RE-
24 QUIRED.—Not later than 270 days after the date of the
25 enactment of this Act, the Director of National Intel-

1 ligen ce shall develop policies, processes, and procedures to
2 facilitate the rotation of personnel of the intelligence com-
3 munity to the private sector, and personnel from the pri-
4 vate sector to the intelligence community.

5 (b) **DETAIL AUTHORITY.**—Under policies developed
6 by the Director pursuant to subsection (a), pursuant to
7 a written agreement with a private-sector organization,
8 and with the consent of the employee, a head of an ele-
9 ment of the intelligence community may arrange for the
10 temporary detail of an employee of such element to such
11 private-sector organization, or from such private-sector or-
12 ganization to such element under this section.

13 (c) **AGREEMENTS.**—

14 (1) **IN GENERAL.**—A head of an element of the
15 intelligence community exercising the authority of
16 the head under subsection (a) shall provide for a
17 written agreement among the element of the intel-
18 ligence community, the private-sector organization,
19 and the employee concerned regarding the terms and
20 conditions of the employee’s detail under this sec-
21 tion. The agreement—

22 (A) shall require that the employee of the
23 element, upon completion of the detail, serve in
24 the element, or elsewhere in the civil service if
25 approved by the head of the element, for a pe-

1 riod that is at least equal to the length of the
2 detail;

3 (B) shall provide that if the employee of
4 the element fails to carry out the agreement,
5 such employee shall be liable to the United
6 States for payment of all nonsalary and benefit
7 expenses of the detail, unless that failure was
8 for good and sufficient reason, as determined
9 by the head of the element;

10 (C) shall contain language informing such
11 employee of the prohibition on sharing, using,
12 or otherwise improperly handling classified or
13 unclassified nonpublic information for the ben-
14 efit or advantage of the private-sector organiza-
15 tion;

16 (D) shall contain language governing the
17 handling of classified information by such em-
18 ployee during the detail; and

19 (E) shall contain language requiring the
20 employee to acknowledge the obligations of the
21 employee under section 1905 of title 18, United
22 States Code.

23 (2) AMOUNT OF LIABILITY.—An amount for
24 which an employee is liable under paragraph (1)
25 shall be treated as a debt due the United States.

1 (3) WAIVER.—The head of an element of the
2 intelligence community may waive, in whole or in
3 part, collection of a debt described in paragraph (2)
4 based on a determination that the collection would
5 be against equity and good conscience and not in the
6 best interests of the United States, after taking into
7 account any indication of fraud, misrepresentation,
8 fault, or lack of good faith on the part of the em-
9 ployee.

10 (d) TERMINATION.—A detail under this section may,
11 at any time and for any reason, be terminated by the head
12 of the element of the intelligence community concerned or
13 the private-sector organization concerned.

14 (e) DURATION.—

15 (1) IN GENERAL.—A detail under this section
16 shall be for a period of not less than 3 months and
17 not more than 2 years, renewable up to a total of
18 3 years.

19 (2) LONGER PERIODS.—A detail under this sec-
20 tion may be for a period in excess of 2 years, but
21 not more than 3 years, if the head of the element
22 making the detail determines that such detail is nec-
23 essary to meet critical mission or program require-
24 ments.

1 (3) LIMITATION.—No employee of an element
2 of the intelligence community may be detailed under
3 this section for more than a total of 5 years, inclu-
4 sive of all such details.

5 (f) STATUS OF FEDERAL EMPLOYEES DETAILED TO
6 PRIVATE-SECTOR ORGANIZATIONS.—

7 (1) IN GENERAL.—An employee of an element
8 of the intelligence community who is detailed to a
9 private-sector organization under this section shall
10 be considered, during the period of detail, to be on
11 a regular work assignment in the element. The writ-
12 ten agreement established under subsection (c)(1)
13 shall address the specific terms and conditions re-
14 lated to the employee's continued status as a Fed-
15 eral employee.

16 (2) REQUIREMENTS.—In establishing a tem-
17 porary detail of an employee of an element of the in-
18 telligence community to a private-sector organiza-
19 tion, the head of the element shall—

20 (A) certify that the temporary detail of
21 such employee shall not have an adverse or neg-
22 ative impact on mission attainment or organiza-
23 tional capabilities associated with the detail;
24 and

1 (B) in the case of an element of the intel-
2 ligence community in the Department of De-
3 fense, ensure that the normal duties and func-
4 tions of such employees are not, as a result of
5 and during the course of such temporary detail,
6 performed or augmented by contractor per-
7 sonnel in violation of the provisions of section
8 2461 of title 10, United States Code.

9 (g) TERMS AND CONDITIONS FOR PRIVATE-SECTOR
10 EMPLOYEES.—An employee of a private-sector organiza-
11 tion who is detailed to an element of the intelligence com-
12 munity under this section—

13 (1) shall continue to receive pay and benefits
14 from the private-sector organization from which such
15 employee is detailed and shall not receive pay or
16 benefits from the element, except as provided in
17 paragraph (2);

18 (2) is deemed to be an employee of the element
19 for the purposes of—

20 (A) chapters 73 and 81 of title 5, United
21 States Code;

22 (B) sections 201, 203, 205, 207, 208, 209,
23 603, 606, 607, 643, 654, 1905, and 1913 of
24 title 18, United States Code;

1 (C) sections 1343, 1344, and 1349(b) of
2 title 31, United States Code;

3 (D) chapter 171 of title 28, United States
4 Code (commonly known as the “Federal Tort
5 Claims Act”) and any other Federal tort liabil-
6 ity statute;

7 (E) the Ethics in Government Act of 1978
8 (5 U.S.C. App.); and

9 (F) chapter 21 of title 41, United States
10 Code;

11 (3) may perform work that is considered inher-
12 ently governmental in nature only when requested in
13 writing by the head of the element;

14 (4) may not be used to circumvent any limita-
15 tion or restriction on the size of the workforce of the
16 element;

17 (5) shall be subject to the same requirements
18 applicable to an employee performing the same func-
19 tions and duties proposed for performance by the
20 private-sector employee; and

21 (6) in the case of an element of the intelligence
22 community in the Department of Defense, may not
23 be used to circumvent the provisions of section 2461
24 of title 10, United States Code.

1 (h) PROHIBITION AGAINST CHARGING CERTAIN
2 COSTS TO THE FEDERAL GOVERNMENT.—A private-sec-
3 tor organization may not charge an element of the intel-
4 ligence community or any other agency of the Federal
5 Government, as direct costs under a Federal contract, the
6 costs of pay or benefits paid by the organization to an
7 employee detailed to an element of the intelligence commu-
8 nity under this section for the period of the detail and
9 any subsequent renewal periods.

10 (i) ADDITIONAL ADMINISTRATIVE MATTERS.—In
11 carrying out this section, the Director, pursuant to proce-
12 dures developed under subsection (a)—

13 (1) shall, to the degree practicable, ensure that
14 small business concerns are represented with respect
15 to details authorized by this section;

16 (2) may, notwithstanding any other provision of
17 law, establish criteria for elements of the intelligence
18 community to use appropriated funds to reimburse
19 small business concerns for the salaries and benefits
20 of its employees during the periods when the small
21 business concern agrees to detail its employees to
22 the intelligence community under this section;

23 (3) shall take into consideration the question of
24 how details under this section might best be used to

1 help meet the needs of the intelligence community,
2 including with respect to the training of employees;

3 (4) shall take into consideration areas of pri-
4 vate-sector expertise that are critical to the intel-
5 ligence community; and

6 (5) shall establish oversight mechanisms to de-
7 termine whether the public-private exchange author-
8 ized by this section improves the efficiency and effec-
9 tiveness of the intelligence community.

10 (j) DEFINITIONS.—In this section:

11 (1) DETAIL.—The term “detail” means, as ap-
12 propriate in the context in which such term is
13 used—

14 (A) the assignment or loan of an employee
15 of an element of the intelligence community to
16 a private-sector organization without a change
17 of position from the intelligence community ele-
18 ment that employs the individual; or

19 (B) the assignment or loan of an employee
20 of a private-sector organization to an element of
21 the intelligence community without a change of
22 position from the private-sector organization
23 that employs the individual.

24 (2) PRIVATE-SECTOR ORGANIZATION.—The
25 term “private-sector organization” means—

1 (A) a for-profit organization; or

2 (B) a not-for-profit organization.

3 (3) **SMALL BUSINESS CONCERN.**—The term
4 “small business concern” has the meaning given
5 such term in section 3703(e)(2) of title 5, United
6 States Code.

7 **SEC. 5307. ASSESSMENT OF CONTRACTING PRACTICES TO**
8 **IDENTIFY CERTAIN SECURITY AND COUNTER-**
9 **INTELLIGENCE CONCERNS.**

10 (a) **ASSESSMENT.**—

11 (1) **CONTRACTING PRACTICES.**—The Director of
12 National Intelligence shall conduct an assessment of
13 the authorities, policies, processes, and standards
14 used by the elements of the intelligence community
15 to ensure that the elements appropriately weigh se-
16 curity and counterintelligence risks in awarding a
17 contract to a contractor that—

18 (A) carries out any joint research and de-
19 velopment activities with a covered foreign
20 country; or

21 (B) performs any contract or other agree-
22 ment entered into with a covered foreign coun-
23 try.

24 (2) **ELEMENTS.**—The assessment under para-
25 graph (1) shall include the following:

1 (A) An assessment of whether the authori-
2 ties, policies, processes, and standards specified
3 in paragraph (1) sufficiently identify security
4 and counterintelligence concerns.

5 (B) Identification of any authority gaps in
6 such authorities, policies, processes, and stand-
7 ards that prevent the intelligence community
8 from considering the activities specified in sub-
9 paragraphs (A) and (B) of paragraph (1) when
10 evaluating offers for a contract.

11 (3) CONSULTATION.—In carrying out para-
12 graph (1), the Director shall consult with each head
13 of an element of the intelligence community.

14 (b) REPORT.—

15 (1) REQUIREMENT.—Not later than 180 days
16 after the date of the enactment of this Act, the Di-
17 rector shall submit to the congressional intelligence
18 committees a report on the assessment under sub-
19 section (a)(1).

20 (2) MATTERS INCLUDED.—The report under
21 paragraph (1) shall include the following:

22 (A) The assessment under subsection
23 (a)(1).

24 (B) An identification of any known con-
25 tractors that have—

1 (i) carried out activities specified in
2 subparagraphs (A) and (B) of subsection
3 (a)(1); and

4 (ii) submitted an offer for a contract
5 with an element of the intelligence commu-
6 nity.

7 (C) A description of the steps that the Di-
8 rector and the heads of the elements of the in-
9 telligence community took to identify contrac-
10 tors under subparagraph (B).

11 (3) FORM.—The report under paragraph (1)
12 shall be submitted in unclassified form, but may in-
13 clude a classified annex.

14 (c) COVERED FOREIGN COUNTRY DEFINED.—In this
15 section, the term “covered foreign country” means the
16 government, or any entity affiliated with the military or
17 intelligence services of, the following foreign countries:

18 (1) The People’s Republic of China.

19 (2) The Russian Federation.

20 (3) The Democratic People’s Republic of Korea.

21 (4) The Islamic Republic of Iran.

22 (5) Such other countries as the Director con-
23 siders appropriate.

1 **Subtitle B—Office of the Director**
2 **of National Intelligence**

3 **SEC. 5321. ESTABLISHMENT OF CLIMATE SECURITY ADVI-**
4 **SORY COUNCIL.**

5 (a) ESTABLISHMENT.—Title I of the National Secu-
6 rity Act of 1947 (50 U.S.C. 3021 et seq.) is amended by
7 adding at the end the following new section:

8 **“SEC. 120. CLIMATE SECURITY ADVISORY COUNCIL.**

9 “(a) ESTABLISHMENT.—The Director of National In-
10 telligence shall establish a Climate Security Advisory
11 Council for the purpose of—

12 “(1) assisting intelligence analysts of various
13 elements of the intelligence community with respect
14 to analysis of climate security and its impact on the
15 areas of focus of such analysts;

16 “(2) facilitating coordination between the ele-
17 ments of the intelligence community and elements of
18 the Federal Government that are not elements of the
19 intelligence community in collecting data on, and
20 conducting analysis of, climate change and climate
21 security; and

22 “(3) ensuring that the intelligence community is
23 adequately prioritizing climate change in carrying
24 out its activities.

25 “(b) COMPOSITION OF COUNCIL.—

1 “(1) MEMBERS.—The Council shall be com-
2 posed of the following individuals appointed by the
3 Director of National Intelligence:

4 “(A) An appropriate official from the Na-
5 tional Intelligence Council, who shall chair the
6 Council.

7 “(B) The lead official with respect to cli-
8 mate and environmental security analysis
9 from—

10 “(i) the Central Intelligence Agency;

11 “(ii) the Bureau of Intelligence and
12 Research of the Department of State;

13 “(iii) the National Geospatial-Intel-
14 ligence Agency;

15 “(iv) the Office of Intelligence and
16 Counterintelligence of the Department of
17 Energy;

18 “(v) the Office of the Under Secretary
19 of Defense for Intelligence; and

20 “(vi) the Defense Intelligence Agency.

21 “(C) Three appropriate officials from ele-
22 ments of the Federal Government that are not
23 elements of the intelligence community that are
24 responsible for—

1 “(i) providing decision makers with a
2 predictive understanding of the climate;

3 “(ii) making observations of our
4 Earth system that can be used by the pub-
5 lic, policymakers, and to support strategic
6 decisions; or

7 “(iii) coordinating Federal research
8 and investments in understanding the
9 forces shaping the global environment,
10 both human and natural, and their impacts
11 on society.

12 “(D) Any other officials as the Director of
13 National Intelligence or the chair of the Council
14 may determine appropriate.

15 “(2) RESPONSIBILITIES OF CHAIR.—The chair
16 of the Council shall have responsibility for—

17 “(A) identifying agencies to supply individ-
18 uals from elements of the Federal Government
19 that are not elements of the intelligence com-
20 munity;

21 “(B) securing the permission of the rel-
22 evant agency heads for the participation of such
23 individuals on the Council; and

24 “(C) any other duties that the Director of
25 National Intelligence may direct.

1 “(c) DUTIES AND RESPONSIBILITIES OF COUNCIL.—

2 The Council shall carry out the following duties and re-
3 sponsibilities:

4 “(1) To meet at least quarterly to—

5 “(A) exchange appropriate data between
6 elements of the intelligence community and ele-
7 ments of the Federal Government that are not
8 elements of the intelligence community;

9 “(B) discuss processes for the routine ex-
10 change of such data and implementation of
11 such processes; and

12 “(C) prepare summaries of the business
13 conducted at each meeting.

14 “(2) To assess and determine best practices
15 with respect to the analysis of climate security, in-
16 cluding identifying publicly available information
17 and intelligence acquired through clandestine means
18 that enables such analysis.

19 “(3) To assess and identify best practices with
20 respect to prior efforts of the intelligence community
21 to analyze climate security.

22 “(4) To assess and describe best practices for
23 identifying and disseminating climate security indi-
24 cators and warnings.

1 “(5) To recommend methods of incorporating
2 analysis of climate security and the best practices
3 identified under paragraphs (2) through (4) into ex-
4 isting analytic training programs.

5 “(6) To consult, as appropriate, with other ele-
6 ments of the intelligence community that conduct
7 analysis of climate change or climate security and
8 elements of the Federal Government that are not
9 elements of the intelligence community that conduct
10 analysis of climate change or climate security, for
11 the purpose of sharing information about ongoing ef-
12 forts and avoiding duplication of existing efforts.

13 “(7) To work with elements of the intelligence
14 community that conduct analysis of climate change
15 or climate security and elements of the Federal Gov-
16 ernment that are not elements of the intelligence
17 community that conduct analysis of climate change
18 or climate security—

19 “(A) to exchange appropriate data between
20 such elements, establish processes, procedures
21 and practices for the routine exchange of such
22 data, discuss the implementation of such proc-
23 esses; and

24 “(B) to enable and facilitate the sharing of
25 findings and analysis between such elements.

1 “(8) To assess whether the elements of the in-
2 telligence community that conduct analysis of cli-
3 mate change or climate security may inform the re-
4 search direction of academic work and the sponsored
5 work of the United States Government.

6 “(9) At the discretion of the chair of the Coun-
7 cil, to convene conferences of analysts and nonintel-
8 ligence community personnel working on climate
9 change or climate security on subjects that the chair
10 shall direct.

11 “(d) SUNSET.—The Council shall terminate on the
12 date that is 4 years after the date of the enactment of
13 this section.

14 “(e) DEFINITIONS.—In this section:

15 “(1) CLIMATE SECURITY.—The term ‘climate
16 security’ means the effects of climate change on the
17 following:

18 “(A) The national security of the United
19 States, including national security infrastruc-
20 ture.

21 “(B) Subnational, national, and regional
22 political stability.

23 “(C) The security of allies and partners of
24 the United States.

1 “(D) Ongoing or potential political vio-
2 lence, including unrest, rioting, guerrilla war-
3 fare, insurgency, terrorism, rebellion, revolution,
4 civil war, and interstate war.

5 “(2) CLIMATE INTELLIGENCE INDICATIONS AND
6 WARNINGS.—The term ‘climate intelligence indica-
7 tions and warnings’ means developments relating to
8 climate security with the potential to—

9 “(A) imminently and substantially alter
10 the political stability or degree of human secu-
11 rity in a country or region; or

12 “(B) imminently and substantially threat-
13 en—

14 “(i) the national security of the
15 United States;

16 “(ii) the military, political, or eco-
17 nomic interests of allies and partners of
18 the United States; or

19 “(iii) citizens of the United States
20 abroad.”.

21 (b) CLERICAL AMENDMENT.—The table of contents
22 in the first section of the National Security Act of 1947
23 is amended by inserting after the item relating to section
24 119B the following new item:

“Sec. 120. Climate Security Advisory Council.”.

1 (c) INITIAL APPOINTMENTS.—Not later than 90 days
2 after the date of the enactment of this Act, the Director
3 of National Intelligence shall appoint the members of the
4 Council under section 120 of the National Security Act
5 of 1947, as added by subsection (a).

6 **SEC. 5322. FOREIGN MALIGN INFLUENCE RESPONSE CEN-**
7 **TER.**

8 (a) ESTABLISHMENT.—The National Security Act of
9 1947 (50 U.S.C. 3001 et seq.) is amended by inserting
10 after section 119B the following new section:

11 **“SEC. 119C. FOREIGN MALIGN INFLUENCE RESPONSE CEN-**
12 **TER.**

13 “(a) ESTABLISHMENT.—There is within the Office of
14 the Director of National Intelligence a Foreign Malign In-
15 fluence Response Center (in this section referred to as the
16 ‘Center’).

17 “(b) FUNCTIONS AND COMPOSITION.—The Center
18 shall—

19 “(1) be comprised of analysts from all elements
20 of the intelligence community, including elements
21 with diplomatic and law enforcement functions;

22 “(2) have access to all intelligence and other re-
23 porting possessed or acquired by the United States
24 Government pertaining to foreign malign influence;

1 “(3) serve as the primary organization in the
2 United States Government for analyzing and inte-
3 grating all intelligence possessed or acquired by the
4 United States Government pertaining to foreign ma-
5 lign influence; and

6 “(4) provide to employees and officers of the
7 Federal Government in policy-making positions and
8 Congress comprehensive assessments, and indica-
9 tions and warnings, of foreign malign influence.

10 “(c) DIRECTOR.—

11 “(1) APPOINTMENT.—There is a Director of
12 the Center, who shall be the head of the Center, and
13 who shall be appointed by the Director of National
14 Intelligence.

15 “(2) ROLE.—The Director of the Center
16 shall—

17 “(A) report directly to the Director of Na-
18 tional Intelligence;

19 “(B) carry out the functions under sub-
20 section (b); and

21 “(C) at the request of the President or the
22 Director of National Intelligence, develop and
23 provide recommendations for potential re-
24 sponses by the United States to foreign malign
25 influence.

1 “(d) ANNUAL REPORTS.—

2 “(1) IN GENERAL.—In addition to the matters
3 submitted pursuant to subsection (b)(4), at the di-
4 rection of the Director of National Intelligence, but
5 not less than once each year, the Director of the
6 Center shall submit to the congressional intelligence
7 committees, the Committee on Foreign Affairs of the
8 House of Representatives, and the Committee on
9 Foreign Relations of the Senate a report on foreign
10 malign influence.

11 “(2) MATTERS INCLUDED.—Each report under
12 paragraph (1) shall include, with respect to the pe-
13 riod covered by the report, a discussion of the fol-
14 lowing:

15 “(A) The most significant activities of the
16 Center.

17 “(B) Any recommendations the Director
18 determines necessary for legislative or other ac-
19 tions to improve the ability of the Center to
20 carry out its functions, including recommenda-
21 tions regarding the protection of privacy and
22 civil liberties.

23 “(e) DEFINITIONS.—In this section:

24 “(1) COVERED FOREIGN COUNTRY.—The term
25 ‘covered foreign country’ means the following:

1 “(A) The Russian Federation.

2 “(B) The Islamic Republic of Iran.

3 “(C) The Democratic People’s Republic of
4 Korea.

5 “(D) The People’s Republic of China.

6 “(E) Any other foreign country that the
7 Director of the Center determines appropriate
8 for purposes of this section.

9 “(2) FOREIGN MALIGN INFLUENCE.—The term
10 ‘foreign malign influence’ means any hostile effort
11 undertaken by, at the direction of, or on behalf of
12 or with the substantial support of, the government
13 of a covered foreign country with the objective of in-
14 fluencing, through overt or covert means—

15 “(A) the political, military, economic, or
16 other policies or activities of the United States
17 Government or State or local governments, in-
18 cluding any election within the United States;
19 or

20 “(B) the public opinion within the United
21 States.”.

22 (b) CLERICAL AMENDMENT.—The table of contents
23 at the beginning of such Act is amended by inserting after
24 the item relating to section 119B the following new item:

“Sec. 119C. Foreign Malign Influence Response Center.”.

1 (c) CONFORMING AMENDMENT.—Section 507(a) of
2 such Act (50 U.S.C. 3106) is amended by adding at the
3 end the following new paragraph:

4 “(6) An annual report submitted under section
5 119C(d)(1).”.

6 **SEC. 5323. ENCOURAGEMENT OF COOPERATIVE ACTIONS**
7 **TO DETECT AND COUNTER FOREIGN INFLU-**
8 **ENCE OPERATIONS.**

9 (a) FINDINGS.—Congress makes the following find-
10 ings:

11 (1) The Russian Federation, through military
12 intelligence units, also known as the “GRU”, and
13 Kremlin-linked troll organizations often referred to
14 as the “Internet Research Agency”, deploy informa-
15 tion warfare operations against the United States,
16 its allies and partners, with the goal of advancing
17 the strategic interests of the Russian Federation.

18 (2) One line of effort deployed as part of these
19 information warfare operations is the weaponization
20 of social media platforms with the goals of inten-
21 sifying societal tensions, undermining trust in gov-
22 ernmental institutions within the United States, its
23 allies and partners in the West, and generally sow-
24 ing division, fear, and confusion.

1 (3) These information warfare operations are a
2 threat to the national security of the United States
3 and that of the allies and partners of the United
4 States. As former Director of National Intelligence
5 Dan Coats stated, “These actions are persistent,
6 they are pervasive and they are meant to undermine
7 America’s democracy.”.

8 (4) These information warfare operations con-
9 tinue to evolve and increase in sophistication.

10 (5) Other foreign adversaries and hostile non-
11 state actors are increasingly adopting similar tactics
12 of deploying information warfare operations against
13 the West, such as recent state-backed operations
14 from China around the Hong Kong protests identi-
15 fied by social media companies.

16 (6) Technological advances, including artificial
17 intelligence, will only make it more difficult in the
18 future to detect fraudulent accounts, deceptive mate-
19 rial posted on social media, and malign behavior on
20 social media platforms.

21 (7) Because these information warfare oper-
22 ations are deployed within and across private social
23 media platforms, the companies that own these plat-
24 forms have a responsibility to detect and facilitate

1 the removal or neutralization of foreign adversary
2 networks operating clandestinely on their platforms.

3 (8) The social media companies are inherently
4 technologically sophisticated and adept at rapidly
5 analyzing large amounts of data and developing soft-
6 ware-based solutions to diverse and ever-changing
7 challenges on their platforms, which makes them
8 well-equipped to address the threat occurring on
9 their platforms.

10 (9) Independent analyses confirmed Kremlin-
11 linked threat networks, based on data provided by
12 several social media companies to the Select Com-
13 mittee on Intelligence of the Senate, thereby dem-
14 onstrating that it is possible to discern both broad
15 patterns of cross-platform information warfare oper-
16 ations and specific fraudulent behavior on social
17 media platforms.

18 (10) General Paul Nakasone, Director of the
19 National Security Agency, emphasized the impor-
20 tance of these independent analyses to the planning
21 and conducting of military cyber operations to frus-
22 trate Kremlin-linked information warfare operations
23 against the 2018 mid-term elections. General
24 Nakasone stated that the reports “were very, very
25 helpful in terms of being able to understand exactly

1 what our adversary was trying to do to build dissent
2 within our nation.”.

3 (11) Institutionalizing ongoing robust, inde-
4 pendent, and vigorous analysis of data related to
5 foreign threat networks within and across social
6 media platforms will help counter ongoing informa-
7 tion warfare operations against the United States,
8 its allies, and its partners.

9 (12) Archiving and disclosing to the public the
10 results of these analyses by the social media compa-
11 nies and trusted third-party experts in a transparent
12 manner will serve to demonstrate that the social
13 media companies are detecting and removing foreign
14 malign activities from their platforms while pro-
15 tecting the privacy of the people of the United
16 States and will build public understanding of the
17 scale and scope of these foreign threats to our de-
18 mocracy, since exposure is one of the most effective
19 means to build resilience.

20 (b) SENSE OF CONGRESS.—It is the sense of Con-
21 gress that—

22 (1) the social media companies should cooperate
23 among themselves and with independent organiza-
24 tions and researchers on a sustained and regular
25 basis to share and analyze data and indicators rel-

1 evant to foreign information warfare operations
2 within and across their platforms in order to detect
3 and counter foreign information warfare operations
4 that threaten the national security of the United
5 States and its allies and partners;

6 (2) information from law enforcement and the
7 intelligence community is also important in assisting
8 efforts by these social media companies to identify
9 foreign information warfare operations;

10 (3) these analytic efforts should be organized in
11 such a fashion as to meet the highest standards of
12 ethics, confidentiality, and privacy protection of the
13 people of the United States, while still allowing time-
14 ly research access to relevant data;

15 (4) these analytic efforts should be undertaken
16 as soon as possible to facilitate countering ongoing
17 state or state-backed foreign information warfare op-
18 erations and to aid in preparations for the United
19 States Presidential and congressional elections in
20 2020 and beyond;

21 (5) the structure and operations of social media
22 companies make them well positioned to work with
23 independent organizations and researchers to ad-
24 dress foreign adversary threat networks within and
25 across their platforms, and these efforts could be

1 conducted without direct Government involvement,
2 direction, or regulation; and

3 (6) if the social media industry fails to take
4 sufficient action to address foreign adversary threat
5 networks operating within or across their platforms,
6 Congress would have to consider additional safe-
7 guards for ensuring that this threat is effectively
8 mitigated.

9 (c) AUTHORITY TO FACILITATE ESTABLISHMENT OF
10 SOCIAL MEDIA DATA AND THREAT ANALYSIS CENTER.—

11 (1) AUTHORITY.—The Director of National In-
12 telligence, in coordination with the Secretary of De-
13 fense, may facilitate, by grant or contract or under
14 an existing authority of the Director, the establish-
15 ment of a Social Media Data and Threat Analysis
16 Center with the functions described in paragraph (2)
17 at an independent, nonprofit organization.

18 (2) FUNCTIONS.—The functions described in
19 this paragraph are the following:

20 (A) Acting as a convening and sponsoring
21 authority for cooperative social media data
22 analysis of foreign threat networks involving so-
23 cial media companies and third-party experts,
24 nongovernmental organizations, data journal-
25 ists, Federally funded research and development

1 centers, academic researchers, traditional
2 media, and international counterparts, as ap-
3 propriate.

4 (B) Facilitating analysis of foreign influ-
5 ence operation, within and across the individual
6 social media platforms as well as hacking and
7 leaking campaigns, and other tactics, and re-
8 lated unlawful activities that fund or subsidize
9 such operations.

10 (C) Developing processes to share informa-
11 tion from government entities on foreign influ-
12 ence operations with the individual social media
13 companies to inform threat analysis, and work-
14 ing with the Office of the Director of National
15 Intelligence as appropriate.

16 (D) Determining and making public cri-
17 teria for identifying which companies, organiza-
18 tions, or researchers qualify for inclusion in the
19 activities of the Center, and inviting entities
20 that fit the criteria to join.

21 (E) Determining jointly with the social
22 media companies what data and metadata re-
23 lated to indicators of foreign adversary threat
24 networks from their platforms and business op-

1 erations will be made available for access and
2 analysis.

3 (F) Developing and making public the cri-
4 teria and standards that must be met for com-
5 panies, other organizations, and individual re-
6 searchers to access and analyze data relating to
7 foreign adversary threat networks within and
8 across social media platforms and publish or
9 otherwise use the results.

10 (G) Developing and making public the eth-
11 ical standards for investigation of foreign threat
12 networks and use of analytic results and for
13 protection of the privacy of the customers and
14 users of the social media platforms and of the
15 proprietary information of the social media
16 companies.

17 (H) Developing technical, contractual, and
18 procedural controls to prevent misuse of data,
19 including any necessary auditing procedures,
20 compliance checks, and review mechanisms.

21 (I) Developing and making public criteria
22 and conditions under which the Center shall
23 share information with the appropriate Govern-
24 ment agencies regarding threats to national se-

1 curity from, or violations of the law involving,
2 foreign activities on social media platforms.

3 (J) Hosting a searchable archive aggregating information related to foreign influence
4 and disinformation operations to build a collective understanding of the threats and facilitate
5 future examination consistent with privacy protections.
6
7
8

9 (K) Developing data standards to harmonize the sharing of information pursuant to
10 this paragraph.
11

12 (d) REPORTING AND NOTIFICATIONS.—If the Director of National Intelligence chooses to use funds under
13 subsection (c)(1) to facilitate the establishment of the
14 Center, the Director of the Center shall—
15

16 (1) not later than 180 days after the date of
17 the enactment of this Act, submit to appropriate
18 congressional committees a report on—

19 (A) the estimated funding needs of the
20 Center for fiscal year 2021 and for subsequent
21 years;

22 (B) such statutory protections from liability as the Director considers necessary for the
23 Center, participating social media companies,
24

1 and participating third-party analytical partici-
2 pants;

3 (C) such statutory penalties as the Direc-
4 tor considers necessary to ensure against mis-
5 use of data by researchers; and

6 (D) such changes to the Center's mission
7 to fully capture broader unlawful activities that
8 intersect with, complement, or support informa-
9 tion warfare tactics; and

10 (2) not less frequently than once each year,
11 submit to the Director of National Intelligence, the
12 Secretary of Defense, and the appropriate congres-
13 sional committees a report—

14 (A) that assesses—

15 (i) degree of cooperation and commit-
16 ment from the social media companies to
17 the mission of the Center; and

18 (ii) effectiveness of the Center in de-
19 tecting and facilitating the removal or neu-
20 tralization of clandestine foreign informa-
21 tion warfare operations from social media
22 platforms; and

23 (B) includes such recommendations for leg-
24 islative or administrative action as the Center

1 considers appropriate to carry out the functions
2 of the Center.

3 (e) PERIODIC REPORTING TO THE PUBLIC.—The Di-
4 rector of the Center shall—

5 (1) once each quarter, make available to the
6 public a report on key trends in foreign influence
7 and disinformation operations, including any threats
8 to campaigns and elections, to inform the public of
9 the United States; and

10 (2) as the Director considers necessary, provide
11 more timely assessments relating to ongoing
12 disinformation campaigns.

13 (f) FUNDING.—Of the amounts appropriated or oth-
14 erwise made available to the National Intelligence Pro-
15 gram (as defined in section 3 of the National Security Act
16 of 1947 (50 U.S.C. 3003)) in fiscal year 2020 and 2021,
17 the Director of National Intelligence may use up to
18 \$30,000,000 to carry out this section.

19 (g) DEFINITION OF APPROPRIATE CONGRESSIONAL
20 COMMITTEES.—In this section, the term “appropriate
21 congressional committees” means—

22 (1) the Committee on Armed Services of the
23 Senate;

24 (2) the Committee on Homeland Security and
25 Governmental Affairs of the Senate;

1 (3) the Committee on Foreign Relations of the
2 Senate;

3 (4) the Committee on the Judiciary of the Sen-
4 ate;

5 (5) the Select Committee on Intelligence of the
6 Senate;

7 (6) the Committee on Armed Services of the
8 House of Representatives;

9 (7) the Committee on Homeland Security of the
10 House of Representatives;

11 (8) the Committee on Foreign Affairs of the
12 House of Representatives;

13 (9) the Committee on the Judiciary of the
14 House of Representatives; and

15 (10) the Permanent Select Committee on Intel-
16 ligence of the House of Representatives.

17 **SEC. 5324. TRANSFER OF NATIONAL INTELLIGENCE UNI-**
18 **VERSITY TO THE OFFICE OF THE DIRECTOR**
19 **OF NATIONAL INTELLIGENCE.**

20 (a) TRANSFER.—Upon the submission of the joint
21 certifications under subsection (b)(1), the Secretary of De-
22 fense and the Director of National Intelligence shall take
23 such actions that the Director determines necessary to
24 transfer the National Intelligence University from the De-

1 fense Intelligence Agency to the Director of National In-
2 telligence.

3 (b) JOINT CERTIFICATIONS.—

4 (1) REQUIREMENT.—Except as provided by
5 paragraph (2), as soon as practicable after the date
6 of the enactment of this Act, but not later than 18
7 months after the date of such enactment, the Sec-
8 retary of Defense and the Director of National Intel-
9 ligence shall jointly submit to the appropriate con-
10 gressional committees written certifications of each
11 of the following:

12 (A) The Middle States Commission on
13 Higher Education has provided regional aca-
14 demic accreditation for the National Intel-
15 ligence University before the date of the certifi-
16 cation, or will provide such academic accredita-
17 tion as of the date on which the University is
18 transferred under subsection (a).

19 (B) Members of the Armed Forces attend-
20 ing the University will be eligible to receive
21 credit for Phase I joint professional military
22 education.

23 (C) The Secretary of Education has in-
24 formed the Director of National Intelligence
25 that the Secretary has recommended approval

1 of the degrees to be conferred pursuant to sub-
2 section (e)(2) or will provide such recommended
3 approval as of the date on which the University
4 is transferred under subsection (a).

5 (D) The Director of National Intelligence,
6 in collaboration with the Secretary of Defense,
7 has established an appropriate governance
8 model for the University.

9 (E) The Secretary of Defense shall use the
10 University to provide personnel of the Depart-
11 ment of Defense with advanced intelligence edu-
12 cation.

13 (2) FAILURE TO CERTIFY.—

14 (A) ACTIONS REQUIRED.—If the Secretary
15 of Defense and the Director of National Intel-
16 ligence fail to submit the certifications under
17 paragraph (1) by the date specified in such
18 paragraph, the Secretary and the Director
19 shall—

20 (i) jointly submit to the appropriate
21 congressional committees a report on such
22 failure by not later than 21 months after
23 the date of the enactment of this Act; and

24 (ii) jointly submit such certifications
25 as soon as practicable.

1 (B) CONTENTS OF REPORT.—The report
2 under subparagraph (A)(i) shall contain the fol-
3 lowing:

4 (i) A description of the progress made
5 toward fulfilling the conditions described in
6 such paragraph as of the date of the re-
7 port.

8 (ii) A description of any obstacles pre-
9 venting the fulfillment of such conditions.

10 (iii) The estimated dates of comple-
11 tion for the fulfillment of such conditions
12 and the submission of the certifications.

13 (c) BRIEFING.—Not later than 90 days after the date
14 of the enactment of this Act, the Director of National In-
15 telligence, the Director of the Defense Intelligence Agency,
16 and the President of the National Intelligence University
17 shall jointly provide to the appropriate congressional com-
18 mittees a briefing on the plan to carry out the transfer
19 under subsection (a), including with respect to—

20 (1) ensuring the provision of services to all ele-
21 ments of the intelligence community;

22 (2) employing a military cadre at the Univer-
23 sity; and

1 (3) addressing the current accreditation status
2 of the National Intelligence University with the Mid-
3 dle States Commission on Higher Education.

4 (d) COST ESTIMATES OF TRANSFER.—

5 (1) REQUIREMENT.—Not later than 90 days
6 after the date of the enactment of this Act, the Sec-
7 retary of Defense and the Director of National Intel-
8 ligence shall jointly submit to the appropriate con-
9 gressional committees an estimate of—

10 (A) the annual costs of operating the Na-
11 tional Intelligence University; and

12 (B) the costs to the Federal Government
13 of transferring the National Intelligence Univer-
14 sity to the Director of National Intelligence.

15 (2) INCLUSION OF INDIRECT COSTS.—The esti-
16 mate submitted under paragraph (1) shall include
17 all indirect costs, including with respect to human
18 resources, security, facilities, and information tech-
19 nology.

20 (e) DEGREE-GRANTING AUTHORITY.—

21 (1) REGULATIONS.—Beginning on the date on
22 which the National Intelligence University is trans-
23 ferred under subsection (a), under regulations pre-
24 scribed by the Director of National Intelligence, the
25 President of the National Intelligence University

1 may, upon the recommendation of the faculty of the
2 University, confer appropriate degrees upon grad-
3 uates who meet the degree requirements.

4 (2) LIMITATION.—A degree may not be con-
5 ferred under this section unless—

6 (A) the Secretary of Education has rec-
7 ommended approval of the degree in accordance
8 with the Federal Policy Governing Granting of
9 Academic Degrees by Federal Agencies; and

10 (B) the University is accredited by the ap-
11 propriate civilian academic accrediting agency
12 or organization to award the degree, as deter-
13 mined by the Secretary of Education.

14 (f) CONGRESSIONAL NOTIFICATION REQUIRE-
15 MENTS.—

16 (1) ACTIONS ON NONACCREDITATION.—Begin-
17 ning on the date on which the National Intelligence
18 University is transferred under subsection (a), the
19 Director of National Intelligence shall promptly—

20 (A) notify the congressional intelligence
21 committees of any action by the Middle States
22 Commission on Higher Education, or other ap-
23 propriate academic accrediting agency or orga-
24 nization, to not accredit the University to award
25 any new or existing degree; and

1 (B) submit to such committees a report
2 containing an explanation of any such action.

3 (2) MODIFICATION OR REDESIGNATION OF DE-
4 GREE-GRANTING AUTHORITY.—Beginning on the
5 date on which the National Intelligence University is
6 transferred under subsection (a), upon any modifica-
7 tion or redesignation of existing degree-granting au-
8 thority, the Director shall submit to the congress-
9 sional intelligence committees a report containing
10 the rationale for the proposed modification or redesi-
11 gnation and any subsequent recommendation of the
12 Secretary of Education with respect to the proposed
13 modification or redesignation.

14 (g) CONFORMING REPEAL.—

15 (1) IN GENERAL.—Section 2161 of title 10,
16 United States Code, is repealed, and the table of
17 sections at the beginning of chapter 108 of such title
18 is amended by striking the item relating to such sec-
19 tion 2161.

20 (2) EFFECTIVE DATE.—The amendments made
21 by paragraph (1) shall take effect on the date on
22 which the Secretary of Defense and the Director of
23 National Intelligence jointly submit the joint certifi-
24 cations under subsection (b)(1). The Secretary and
25 the Director shall jointly notify the Law Revision

1 Counsel of the House of Representatives of the sub-
2 mission of the certifications so that the Law Revi-
3 sion Counsel may execute the amendments made by
4 paragraph (1).

5 (h) DEFINITIONS.—In this section:

6 (1) APPROPRIATE CONGRESSIONAL COMMIT-
7 TEES.—The term “appropriate congressional com-
8 mittees” means—

9 (A) the congressional intelligence commit-
10 tees; and

11 (B) the Committees on Armed Services of
12 the Senate and House of Representatives.

13 (2) PHASE I JOINT PROFESSIONAL MILITARY
14 EDUCATION.—The term “Phase I joint professional
15 military education” has the meaning given that term
16 pursuant to section 2154 of title 10, United States
17 Code.

18 **Subtitle C—Inspector General of** 19 **the Intelligence Community**

20 **SEC. 5331. DEFINITIONS.**

21 In this subtitle:

22 (1) WHISTLEBLOWER.—The term “whistle-
23 blower” means a person who makes a whistleblower
24 disclosure.

1 (2) WHISTLEBLOWER DISCLOSURE.—The term
2 “whistleblower disclosure” means a disclosure that is
3 protected under section 1104 of the National Security
4 Act of 1947 (50 U.S.C. 3234) or section
5 3001(j)(1) of the Intelligence Reform and Terrorism
6 Prevention Act of 2004 (50 U.S.C. 3341(j)).

7 **SEC. 5332. INSPECTOR GENERAL EXTERNAL REVIEW**
8 **PANEL.**

9 (a) AUTHORITY TO CONVENE EXTERNAL REVIEW
10 PANELS.—

11 (1) IN GENERAL.—Title XI of the National Security
12 Act of 1947 (50 U.S.C. 3231 et seq.), as
13 amended by section 6718, is amended by adding at
14 the end the following new section:

15 **“SEC. 1106. INSPECTOR GENERAL EXTERNAL REVIEW**
16 **PANEL.**

17 “(a) REQUEST FOR REVIEW.—An individual with a
18 claim described in subsection (b) may submit to the In-
19 spector General of the Intelligence Community a request
20 for a review of such claim by an external review panel con-
21 vened under subsection (c).

22 “(b) CLAIMS AND INDIVIDUALS DESCRIBED.—A
23 claim described in this subsection is any—

24 “(1) claim by an individual—

1 “(A) that the individual has been subjected
2 to a personnel action that is prohibited under
3 section 1104; and

4 “(B) who has exhausted the applicable re-
5 view process for the claim pursuant to enforce-
6 ment of such section; or

7 “(2) claim by an individual—

8 “(A) that he or she has been subjected to
9 a reprisal prohibited by paragraph (1) of sec-
10 tion 3001(j) of the Intelligence Reform and
11 Terrorism Prevention Act of 2004 (50 U.S.C.
12 3341(j)); and

13 “(B) who received a decision on an appeal
14 regarding that claim under paragraph (4) of
15 such section.

16 “(c) EXTERNAL REVIEW PANEL CONVENED.—

17 “(1) DISCRETION TO CONVENE.—Upon receipt
18 of a request under subsection (a) regarding a claim,
19 the Inspector General of the Intelligence Community
20 may, at the discretion of the Inspector General, con-
21 vene an external review panel under this subsection
22 to review the claim.

23 “(2) MEMBERSHIP.—

1 “(A) COMPOSITION.—An external review
2 panel convened under this subsection shall be
3 composed of three members as follows:

4 “(i) The Inspector General of the In-
5 telligence Community.

6 “(ii) Except as provided in subpara-
7 graph (B), two members selected by the
8 Inspector General as the Inspector General
9 considers appropriate on a case-by-case
10 basis from among inspectors general of the
11 following:

12 “(I) The Department of Defense.

13 “(II) The Department of Energy.

14 “(III) The Department of Home-
15 land Security.

16 “(IV) The Department of Jus-
17 tice.

18 “(V) The Department of State.

19 “(VI) The Department of the
20 Treasury.

21 “(VII) The Central Intelligence
22 Agency.

23 “(VIII) The Defense Intelligence
24 Agency.

1 “(IX) The National Geospatial-
2 Intelligence Agency.

3 “(X) The National Reconnaissance
4 Office.

5 “(XI) The National Security
6 Agency.

7 “(B) LIMITATION.—An inspector general
8 of an agency may not be selected to sit on the
9 panel under subparagraph (A)(ii) to review any
10 matter relating to a decision made by such
11 agency.

12 “(C) CHAIRPERSON.—

13 “(i) IN GENERAL.—Except as pro-
14 vided in clause (ii), the chairperson of any
15 panel convened under this subsection shall
16 be the Inspector General of the Intelligence
17 Community.

18 “(ii) CONFLICTS OF INTEREST.—If
19 the Inspector General of the Intelligence
20 Community finds cause to recuse himself
21 or herself from a panel convened under
22 this subsection, the Inspector General of
23 the Intelligence Community shall—

24 “(I) select a chairperson from in-
25 spectors general of the elements listed

1 under subparagraph (A)(ii) whom the
2 Inspector General of the Intelligence
3 Community considers appropriate;
4 and

5 “(II) notify the congressional in-
6 telligence committees of such selec-
7 tion.

8 “(3) PERIOD OF REVIEW.—Each external re-
9 view panel convened under this subsection to review
10 a claim shall complete review of the claim no later
11 than 270 days after the date on which the Inspector
12 General convenes the external review panel.

13 “(d) REMEDIES.—

14 “(1) PANEL RECOMMENDATIONS.—If an exter-
15 nal review panel convened under subsection (c) de-
16 termines, pursuant to a review of a claim submitted
17 by an individual under subsection (a), that the indi-
18 vidual was the subject of a personnel action prohib-
19 ited under section 1104 or was subjected to a re-
20 prisal prohibited by section 3001(j)(1) of the Intel-
21 ligence Reform and Terrorism Prevention Act of
22 2004 (50 U.S.C. 3341(j)(1)), the panel may rec-
23 ommend that the agency head take corrective ac-
24 tion—

1 “(A) in the case of an employee or former
2 employee—

3 “(i) to return the employee or former
4 employee, as nearly as practicable and rea-
5 sonable, to the position such employee or
6 former employee would have held had the
7 reprisal not occurred; or

8 “(ii) reconsider the employee’s or
9 former employee’s eligibility for access to
10 classified information consistent with na-
11 tional security; or

12 “(B) in any other case, such other action
13 as the external review panel considers appro-
14 priate.

15 “(2) AGENCY ACTION.—

16 “(A) IN GENERAL.—Not later than 90
17 days after the date on which the head of an
18 agency receives a recommendation from an ex-
19 ternal review panel under paragraph (1), the
20 head shall—

21 “(i) give full consideration to such
22 recommendation; and

23 “(ii) inform the panel and the Direc-
24 tor of National Intelligence of what action

1 the head has taken with respect to the rec-
2 ommendation.

3 “(B) FAILURE TO INFORM.—The Director
4 shall notify the President of any failures to
5 comply with subparagraph (A)(ii).

6 “(e) ANNUAL REPORTS.—

7 “(1) IN GENERAL.—Not less frequently than
8 once each year, the Inspector General of the Intel-
9 ligence Community shall submit to the congressional
10 intelligence committees and the Director of National
11 Intelligence a report on the activities under this sec-
12 tion during the previous year.

13 “(2) CONTENTS.—Subject to such limitations
14 as the Inspector General of the Intelligence Commu-
15 nity considers necessary to protect the privacy of an
16 individual who has made a claim described in sub-
17 section (b), each report submitted under paragraph
18 (1) shall include, for the period covered by the re-
19 port, the following:

20 “(A) The determinations and recommenda-
21 tions made by the external review panels con-
22 vened under this section.

23 “(B) The responses of the heads of agen-
24 cies that received recommendations from the ex-
25 ternal review panels.”.

1 (2) TABLE OF CONTENTS AMENDMENT.—The
2 table of contents in the first section of the National
3 Security Act of 1947, as amended by section 6718,
4 is amended by adding at the end the following new
5 item:

“Sec. 1106. Inspector General external review panel.”.

6 (b) RECOMMENDATION ON ADDRESSING WHISTLE-
7 BLOWER APPEALS RELATING TO REPRISAL COMPLAINTS
8 AGAINST INSPECTORS GENERAL.—

9 (1) IN GENERAL.—Not later than 180 days
10 after the date of the enactment of this Act, the In-
11 spector General of the Intelligence Community, in
12 consultation with the Intelligence Community In-
13 spectors General Forum, shall submit to the con-
14 gressional intelligence committees a recommendation
15 on how to ensure that—

16 (A) a whistleblower in the intelligence com-
17 munity who has a complaint against an inspec-
18 tor general in the intelligence community and
19 who alleges a reprisal, has available the adju-
20 dication and review provided under section
21 1104 of the National Security Act of 1947 (50
22 U.S.C. 3234); and

23 (B) any such whistleblower who has ex-
24 hausted the applicable review process may re-
25 quest an external review panel and receive one,

1 at the discretion of the Inspector General of the
2 Intelligence Community.

3 (2) CONTENTS.—The recommendation sub-
4 mitted pursuant to paragraph (1) shall include the
5 following:

6 (A) A discussion of whether and to what
7 degree section 1106 of the National Security
8 Act of 1947, as added by subsection (a)(1), pro-
9 vides appropriate authorities and mechanisms
10 to provide an external review panel as described
11 in paragraph (1) of this subsection and for the
12 purposes described in such paragraph.

13 (B) Such recommendations for legislative
14 or administrative action as the Inspector Gen-
15 eral may have with respect to providing an ex-
16 ternal review panel as described in paragraph
17 (1) and for the purposes described in such
18 paragraph.

19 **SEC. 5333. HARMONIZATION OF WHISTLEBLOWER PROC-**
20 **ESSES AND PROCEDURES.**

21 (a) IN GENERAL.—Not later than 1 year after the
22 date of the enactment of this Act, the Inspector General
23 of the Intelligence Community, in coordination with the
24 Intelligence Community Inspectors General Forum, shall
25 develop recommendations, applicable to all inspectors gen-

1 eral of elements of the intelligence community, regarding
2 the harmonization, where appropriate, of instructions,
3 policies, and directives relating to processes, procedures,
4 and timelines for claims and appeals relating to allegations
5 of personnel actions prohibited under section 1104 of the
6 National Security Act of 1947 or reprisals prohibited by
7 section 3001(j)(1) of the Intelligence Reform and Ter-
8 rorism Prevention Act of 2004 (50 U.S.C. 3341(j)(1)).

9 (b) **TRANSPARENCY AND PROTECTION.**—In devel-
10 oping recommendations under subsection (a), the Inspec-
11 tor General of the Intelligence Community shall make ef-
12 forts to maximize transparency and protect whistle-
13 blowers.

14 **SEC. 5334. OVERSIGHT BY INSPECTOR GENERAL OF THE IN-**
15 **TELLIGENCE COMMUNITY OVER INTEL-**
16 **LIGENCE COMMUNITY WHISTLEBLOWER**
17 **MATTERS.**

18 (a) **SYSTEM FOR NOTIFICATION OF INFORMATION**
19 **RELATING TO COMPLAINTS BY WHISTLEBLOWERS WITH-**
20 **IN THE INTELLIGENCE COMMUNITY.**—Subject to sub-
21 section (b), not later than 1 year after the date of the
22 enactment of this Act, the Inspector General of the Intel-
23 ligence Community, in consultation with the Intelligence
24 Community Inspectors General Forum, shall establish a

1 system whereby the Inspector General of the Intelligence
2 Community is notified in near real time of the following:

3 (1) Submission of complaints by whistleblowers
4 to inspectors general of elements of the intelligence
5 community relating to the programs and activities
6 under the jurisdiction of the Director of National In-
7 telligence, and information related to such com-
8 plaints.

9 (2) Actions taken by an inspector general of an
10 element of the Intelligence Community relating to
11 such complaints.

12 (b) POLICIES FOR IMPLEMENTATION.—

13 (1) IN GENERAL.—The system established
14 under subsection (a) may not be implemented until
15 the Inspector General of the Intelligence Commu-
16 nity, in consultation with the Intelligence Commu-
17 nity Inspectors General Forum, has developed and
18 released to each of the inspectors general of the ele-
19 ments of the intelligence community written policies
20 regarding the implementation of such subsection.

21 (2) REQUIREMENTS.—The policies required by
22 paragraph (1) shall—

23 (A) protect the privacy of whistleblowers,
24 including by preventing dissemination without
25 the consent of the whistleblower, of any infor-

1 mation submitted previously by a whistleblower
2 to an inspector general of an element of the in-
3 telligence community; and

4 (B) ensure compliance with the require-
5 ments of subsection (a), while—

6 (i) ensuring that the Inspector Gen-
7 eral of the Intelligence Community can
8 oversee whistleblower policies and practices
9 and identify matters that, in the judgment
10 of the Inspector General of the Intelligence
11 Community, may be the subject of an in-
12 vestigation, inspection, audit, or review by
13 the Inspector General of the Intelligence
14 Community; and

15 (ii) avoiding the imposition of inap-
16 propriate resource burdens on inspectors
17 general of elements of the intelligence com-
18 munity.

19 **SEC. 5335. REPORT ON CLEARED WHISTLEBLOWER ATTOR-**
20 **NEYS.**

21 (a) **REPORT REQUIRED.**—Not later than 1 year after
22 the date of the enactment of this Act, the Director of Na-
23 tional Intelligence shall, in coordination with the Inspector
24 General of the Intelligence Community and the Intel-
25 ligence Community Inspectors General Forum, submit to

1 the congressional intelligence committees a report on ac-
2 cess to cleared attorneys by whistleblowers in the intel-
3 ligence community.

4 (b) CONTENTS.—The report submitted pursuant to
5 subsection (a) shall include the following with respect to
6 the 3-year period preceding the date of the report:

7 (1) The number of whistleblowers in the intel-
8 ligence community who requested, through formal
9 submission or verbal request, to retain a cleared at-
10 torney and at what stage they requested an attor-
11 ney.

12 (2) The number of such limited security agree-
13 ments approved, rejected, or pending.

14 (3) The scope and clearance levels of such lim-
15 ited security agreements.

16 (4) The number of such whistleblowers rep-
17 resented by cleared counsel.

18 (5) Recommendations for legislative or adminis-
19 trative action to ensure that whistleblowers in the
20 intelligence community have access to cleared attor-
21 neys, including improvements to the limited security
22 agreement process and such other options as the In-
23 spector General of the Intelligence Community con-
24 siders appropriate.

1 (c) SURVEY.—The Inspector General of the Intel-
2 ligence Community shall ensure that the report submitted
3 under subsection (a) is based on—

4 (1) data from a survey of whistleblowers whose
5 identity may be shared, as appropriate, with the In-
6 spector General of the Intelligence Community by
7 means of the system established pursuant to section
8 5334;

9 (2) information obtained from the inspectors
10 general of the intelligence community; or

11 (3) information from such other sources as may
12 be identified by the Inspector General of the Intel-
13 ligence Community.

14 **Subtitle D—Central Intelligence** 15 **Agency**

16 **SEC. 5341. CLARIFICATION OF CERTAIN AUTHORITY OF** 17 **THE CENTRAL INTELLIGENCE AGENCY.**

18 Section 8(a)(1) of the Central Intelligence Agency
19 Act of 1949 (50 U.S.C. 3510(a)(1)) is amended by insert-
20 ing before “rental of” the following: “payment of death
21 benefits in cases in which the circumstances of the death
22 of an employee of the Agency, a detailee of the Agency
23 or other employee of another department or agency of the
24 Federal Government assigned to the Agency, or an indi-
25 vidual affiliated with the Agency (as determined by the

1 Director), is not covered by section 11, other similar provi-
2 sions of Federal law, or any regulation issued by the Di-
3 rector providing death benefits, but that the Director de-
4 termines such payment appropriate;”.

5 **TITLE LIV—SECURITY**
6 **CLEARANCES**

7 **SEC. 5401. IMPROVING VISIBILITY INTO THE SECURITY**
8 **CLEARANCE PROCESS.**

9 (a) DEFINITION OF SECURITY EXECUTIVE AGENT.—
10 In this section, the term “Security Executive Agent”
11 means the officer serving as the Security Executive Agent
12 pursuant to section 803 of the National Security Act of
13 1947, as added by section 6605.

14 (b) POLICY REQUIRED.—Not later than 90 days after
15 the date of the enactment of this Act, the Security Execu-
16 tive Agent shall issue a policy that requires the head of
17 each Federal agency to create, not later than December
18 31, 2023, an electronic portal that can be used by human
19 resources personnel and applicants for security clearances
20 to view information about the status of an application for
21 a security clearance and the average time required for
22 each phase of the security clearance process.

1 **SEC. 5402. MAKING CERTAIN POLICIES AND EXECUTION**
2 **PLANS RELATING TO PERSONNEL CLEAR-**
3 **ANCES AVAILABLE TO INDUSTRY PARTNERS.**

4 (a) DEFINITIONS.—In this section:

5 (1) SECURITY EXECUTIVE AGENT.—The term
6 “Security Executive Agent” means the officer serv-
7 ing as the Security Executive Agent pursuant to sec-
8 tion 803 of the National Security Act of 1947, as
9 added by section 6605.

10 (2) APPROPRIATE INDUSTRY PARTNER.—The
11 term “appropriate industry partner” means a con-
12 tractor, licensee, or grantee (as defined in section
13 101(a) of Executive Order 12829 (50 U.S.C. 3161
14 note; relating to National Industrial Security Pro-
15 gram), as in effect on the day before the date of the
16 enactment of this Act) that is participating in the
17 National Industrial Security Program established by
18 such Executive Order.

19 (b) SHARING OF POLICIES AND PLANS REQUIRED.—
20 Each head of a Federal agency shall share policies and
21 plans relating to security clearances with appropriate in-
22 dustry partners directly affected by such policies and plans
23 in a manner consistent with the protection of national se-
24 curity as well as the goals and objectives of the National
25 Industrial Security Program administered pursuant to Ex-

1 Executive Order 12829 (50 U.S.C. 3161 note; relating to the
2 National Industrial Security Program).

3 (c) DEVELOPMENT OF POLICIES AND PROCEDURES
4 REQUIRED.—Not later than 90 days after the date of the
5 enactment of this Act, the Security Executive Agent and
6 the Director of the National Industrial Security Program
7 shall jointly develop policies and procedures by which ap-
8 propriate industry partners with proper security clear-
9 ances and a need to know can have appropriate access to
10 the policies and plans shared pursuant to subsection (b)
11 that directly affect those industry partners.

12 **TITLE LV—MATTERS RELATING**
13 **TO FOREIGN COUNTRIES**
14 **Subtitle A—Matters Relating to**
15 **Russia**

16 **SEC. 5501. ANNUAL REPORTS ON INFLUENCE OPERATIONS**
17 **AND CAMPAIGNS IN THE UNITED STATES BY**
18 **THE RUSSIAN FEDERATION.**

19 (a) REPORTS.—Title XI of the National Security Act
20 of 1947 (50 U.S.C. 3231 et seq.), as amended by section
21 5511, is further amended by adding at the end the fol-
22 lowing new section:

1 **“SEC. 1108. ANNUAL REPORTS ON INFLUENCE OPERATIONS**
2 **AND CAMPAIGNS IN THE UNITED STATES BY**
3 **THE RUSSIAN FEDERATION.**

4 “(a) **REQUIREMENT.**—On an annual basis, the Direc-
5 tor of the National Counterintelligence and Security Cen-
6 ter shall submit to the congressional intelligence commit-
7 tees a report on the influence operations and campaigns
8 in the United States conducted by the Russian Federation.

9 “(b) **CONTENTS.**—Each report under subsection (a)
10 shall include the following:

11 “(1) A description and listing of the Russian
12 organizations and persons involved in influence oper-
13 ations and campaigns operating in the United States
14 as of the date of the report.

15 “(2) An assessment of organizations that are
16 associated with or receive funding from organiza-
17 tions and persons identified in paragraph (1), par-
18 ticularly such entities operating in the United
19 States.

20 “(3) A description of the efforts by the organi-
21 zations and persons identified in paragraph (1) to
22 target, coerce, and influence populations within the
23 United States.

24 “(4) An assessment of the activities of the orga-
25 nizations and persons identified in paragraph (1) de-
26 signed to influence the opinions of elected leaders of

1 the United States or candidates for election in the
2 United States.

3 “(5) With respect to reports submitted after the
4 first report, an assessment of the change in goals,
5 tactics, techniques, and procedures of the influence
6 operations and campaigns conducted by the organi-
7 zations and persons identified in paragraph (1).

8 “(c) COORDINATION.—In carrying out subsection (a),
9 the Director shall coordinate with the Director of the Fed-
10 eral Bureau of Investigation, the Director of the Central
11 Intelligence Agency, the Director of the National Security
12 Agency, and any other relevant head of an element of the
13 intelligence community.

14 “(d) FORM.—Each report submitted under sub-
15 section (a) shall be submitted in unclassified form, but
16 may include a classified annex.”

17 (b) CLERICAL AMENDMENT.—The table of contents
18 in the first section of the National Security Act of 1947,
19 as amended by section 5511, is further amended by insert-
20 ing after the item relating to section 1107 the following
21 new item:

“Sec. 1108. Annual reports on influence operations and campaigns in the
United States by the Russian Federation.”.

22 (c) INITIAL REPORT.—The Director of the National
23 Counterintelligence and Security Center shall submit to
24 the congressional intelligence committees the first report

1 under section 1108 of the National Security Act of 1947,
2 as added by subsection (a), by not later than 180 days
3 after the date of the enactment of this Act.

4 **SEC. 5502. ASSESSMENT OF LEGITIMATE AND ILLEGIT-**
5 **IMATE FINANCIAL AND OTHER ASSETS OF**
6 **VLADIMIR PUTIN.**

7 (a) SENSE OF CONGRESS.—It is the sense of Con-
8 gress that the United States should do more to expose the
9 corruption of Vladimir Putin, whose ill-gotten wealth is
10 perhaps the most powerful global symbol of his dishonesty
11 and his persistent efforts to undermine the rule of law and
12 democracy in the Russian Federation.

13 (b) ASSESSMENT.—Not later than 180 days after the
14 date of the enactment of this Act, consistent with the pro-
15 tection of intelligence sources and methods, the Director
16 of National Intelligence shall submit to the appropriate
17 congressional committees an assessment, based on all
18 sources of intelligence, on the net worth and financial and
19 other assets, legitimate as well as illegitimate, of Vladimir
20 Putin and his family members, including—

21 (1) the estimated net worth of Vladimir Putin
22 and his family members;

23 (2) a description of their legitimately and ille-
24 gitimately obtained assets, including all real, per-
25 sonal, and intellectual property, bank or investment

1 or similar accounts, and any other financial or busi-
2 ness interests or holdings, including those outside of
3 Russia;

4 (3) the details of the legitimately and illegiti-
5 mately obtained assets, including real, personal, and
6 intellectual property, bank or investment or similar
7 accounts, and any other financial or business inter-
8 ests or holdings, including those outside of Russia,
9 that are owned or controlled by, accessible to, or
10 otherwise maintained for the benefit of Vladimir
11 Putin, including their nature, location, manner of
12 acquisition, value, and publicly named owner (if
13 other than Vladimir Putin);

14 (4) the methods used by Vladimir Putin or oth-
15 ers acting at his direction, with his knowledge, or for
16 his benefit, to conceal Putin's interest in his ac-
17 counts, holdings, or other assets, including the es-
18 tablishment of "front" or shell companies and the
19 use of intermediaries; and

20 (5) an identification of the most significant sen-
21 ior Russian political figures, oligarchs, and any other
22 persons who have engaged in activity intended to
23 conceal the true financial condition of Vladimir
24 Putin.

1 (c) FORM.—The assessment required under sub-
2 section (b) shall be submitted either—

3 (1) in unclassified form to the extent consistent
4 with the protection of intelligence sources and meth-
5 ods, and may include a classified annex; or

6 (2) simultaneously as both an unclassified
7 version and a classified version.

8 (d) APPROPRIATE CONGRESSIONAL COMMITTEES
9 DEFINED.—In this section, the term “appropriate con-
10 gressional committees” means—

11 (1) the Select Committee on Intelligence, the
12 Committee on Foreign Relations, the Committee on
13 Banking, Housing, and Urban Affairs, and the Com-
14 mittee on Finance of the Senate; and

15 (2) the Permanent Select Committee on Intel-
16 ligence, Committee on Foreign Affairs, the Com-
17 mittee on Financial Services, and the Committee on
18 Ways and Means of the House of Representatives.

19 **SEC. 5503. ASSESSMENTS OF INTENTIONS OF POLITICAL**
20 **LEADERSHIP OF THE RUSSIAN FEDERATION.**

21 (a) IN GENERAL.—Not later than 90 days after the
22 date of the enactment of this Act, consistent with the pro-
23 tection of intelligence sources and methods, the Director
24 of National Intelligence, and the head of any element of
25 the intelligence community that the Director determines

1 appropriate, shall submit to the appropriate congressional
2 committees each of the assessments described in sub-
3 section (b).

4 (b) ASSESSMENTS DESCRIBED.—The assessments
5 described in this subsection are assessments based on in-
6 telligence obtained from all sources that assess the current
7 intentions of the political leadership of the Russian Fed-
8 eration with respect to the following:

9 (1) Potential military action against members
10 of the North Atlantic Treaty Organization (NATO).

11 (2) Potential responses to an enlarged United
12 States or NATO military presence in eastern Europe
13 or to increased United States military support for
14 allies and partners in the region, such as the provi-
15 sion of additional lethal military equipment to
16 Ukraine or Georgia.

17 (3) Potential actions taken for the purpose of
18 exploiting perceived divisions among the govern-
19 ments of Russia's Western adversaries.

20 (c) FORM.—Each assessment required under sub-
21 section (a) may be submitted in classified form but shall
22 also include an unclassified executive summary, consistent
23 with the protection of intelligence sources and methods.

1 (d) APPROPRIATE CONGRESSIONAL COMMITTEES.—

2 In this section, the term “appropriate congressional com-
3 mittees” means—

4 (1) the Permanent Select Committee on Intel-
5 ligence, the Committee on Foreign Affairs, and the
6 Committee on Armed Services of the House of Rep-
7 resentatives; and

8 (2) the Select Committee on Intelligence, the
9 Committee on Foreign Relations, and the Committee
10 on Armed Services of the Senate.

11 **Subtitle B—Matters Relating to**
12 **China**

13 **SEC. 5511. ANNUAL REPORTS ON INFLUENCE OPERATIONS**
14 **AND CAMPAIGNS IN THE UNITED STATES BY**
15 **THE COMMUNIST PARTY OF CHINA.**

16 (a) REPORTS.—Title XI of the National Security Act
17 of 1947 (50 U.S.C. 3231 et seq.), as amended by section
18 5332, is further amended by adding at the end the fol-
19 lowing new section:

20 **“SEC. 1107. ANNUAL REPORTS ON INFLUENCE OPERATIONS**
21 **AND CAMPAIGNS IN THE UNITED STATES BY**
22 **THE COMMUNIST PARTY OF CHINA.**

23 “(a) REQUIREMENT.—On an annual basis, consistent
24 with the protection of intelligence sources and methods,
25 the Director of the National Counterintelligence and Secu-

1 rity Center shall submit to the congressional intelligence
2 committees, the Committee on Foreign Affairs of the
3 House of Representatives, and the Committee on Foreign
4 Relations of the Senate a report on the influence oper-
5 ations and campaigns in the United States conducted by
6 the Communist Party of China.

7 “(b) CONTENTS.—Each report under subsection (a)
8 shall include the following:

9 “(1) A description of the organization of the
10 United Front Work Department of the People’s Re-
11 public of China, or the successors of the United
12 Front Work Department, and the links between the
13 United Front Work Department and the Central
14 Committee of the Communist Party of China.

15 “(2) An assessment of the degree to which or-
16 ganizations that are associated with or receive fund-
17 ing from the United Front Work Department, par-
18 ticularly such entities operating in the United
19 States, are formally tasked by the Chinese Com-
20 munist Party or the Government of China.

21 “(3) A description of the efforts by the United
22 Front Work Department and subsidiary organiza-
23 tions of the United Front Work Department to tar-
24 get, coerce, and influence foreign populations, par-
25 ticularly those of ethnic Chinese descent.

1 “(4) An assessment of attempts by the Chinese
2 Embassy, consulates, and organizations affiliated
3 with the Chinese Communist Party (including, at a
4 minimum, the United Front Work Department) to
5 influence the United States-based Chinese Student
6 Scholar Associations.

7 “(5) A description of the evolution of the role
8 of the United Front Work Department under the
9 leadership of the President of China.

10 “(6) An assessment of the activities of the
11 United Front Work Department designed to influ-
12 ence the opinions of elected leaders of the United
13 States, or candidates for elections in the United
14 States, with respect to issues of importance to the
15 Chinese Communist Party.

16 “(7) A listing of all known organizations affili-
17 ated with the United Front Work Department that
18 are operating in the United States as of the date of
19 the report.

20 “(8) With respect to reports submitted after the
21 first report, an assessment of the change in goals,
22 tactics, techniques, and procedures of the influence
23 operations and campaigns conducted by the Chinese
24 Communist Party.

1 “(c) COORDINATION.—In carrying out subsection (a),
2 the Director shall coordinate with the Director of the Fed-
3 eral Bureau of Investigation, the Director of the Central
4 Intelligence Agency, the Director of the National Security
5 Agency, and any other relevant head of an element of the
6 intelligence community.

7 “(d) FORM.—Each report submitted under sub-
8 section (a) shall be submitted in unclassified form, but
9 may include a classified annex.”.

10 (b) CLERICAL AMENDMENT.—The table of contents
11 in the first section of the National Security Act of 1947,
12 as amended by section 5332, is further amended by insert-
13 ing after the item relating to section 1106 the following
14 new item:

“Sec. 1107. Annual reports on influence operations and campaigns in the
United States by the Communist Party of China.”.

15 (c) INITIAL REPORT.—The Director of the National
16 Counterintelligence and Security Center shall submit to
17 the congressional intelligence committees, the Committee
18 on Foreign Affairs of the House of Representatives, and
19 the Committee on Foreign Relations of the Senate the
20 first report under section 1107 of the National Security
21 Act of 1947, as added by subsection (a), by not later than
22 180 days after the date of the enactment of this Act.

1 **SEC. 5512. REPORT ON REPRESSION OF ETHNIC MUSLIM**
2 **MINORITIES IN THE XINJIANG REGION OF**
3 **THE PEOPLE'S REPUBLIC OF CHINA.**

4 (a) REPORT.—Not later than 150 days after the date
5 of the enactment of this Act, consistent with the protection
6 of intelligence sources and methods, the Director of Na-
7 tional Intelligence shall, in consultation with the Secretary
8 of State, submit to the congressional intelligence commit-
9 tees, the Committee on Foreign Affairs of the House of
10 Representatives, and the Committee on Foreign Relations
11 of the Senate a report on activity by the People's Republic
12 of China to repress ethnic Muslim minorities in the
13 Xinjiang region of China.

14 (b) CONTENTS.—The report under subsection (a)
15 shall include the following:

16 (1) An assessment of the number of individuals
17 detained in “political reeducation camps”, and the
18 conditions in such camps for detainees, in the
19 Xinjiang region of China, including whether detain-
20 ees endure torture, forced renunciation of faith, or
21 other mistreatment.

22 (2) A description, as possible, of the geographic
23 location of such camps.

24 (3) A description, as possible, of the methods
25 used by China to “reeducate” detainees and the ele-
26 ments of China responsible for such “reeducation”.

1 (4) A description of any forced labor in such
2 camps, and any labor performed in regional factories
3 for low wages under the threat of being sent back
4 to “political reeducation camps”.

5 (5) An assessment of the level of access China
6 grants to foreign persons observing the situation in
7 Xinjiang and a description of measures used to im-
8 pede efforts to monitor the conditions in Xinjiang.

9 (6) An assessment of the surveillance, detection,
10 and control methods used by China to target ethnic
11 minorities, including new “high-tech” policing mod-
12 els and a description of any civil liberties or privacy
13 protections provided under such models.

14 (7) An assessment and identification of the
15 technological and financial support provided by
16 United States-based companies, including techno-
17 logical support for the development of facial recogni-
18 tion capabilities or technologies for digital surveil-
19 lance, social control, or censorship, and financial
20 support, including from financial institutions, invest-
21 ment vehicles, and pension funds, to China-based
22 companies or Chinese government entities providing
23 material support to the digital surveillance or repres-
24 sion of Uyghur and other ethnic minorities in
25 Xinjiang by the Xinjiang authorities.

1 (c) COORDINATION.—The Director of National Intel-
2 ligence shall carry out subsection (a) in coordination with
3 the Director of the Central Intelligence Agency, the Direc-
4 tor of the National Security Agency, the Director of the
5 National Geospatial-Intelligence Agency, and the head of
6 any other agency of the Federal Government that the Di-
7 rector of National Intelligence determines appropriate.

8 (d) FORM.—The report submitted under subsection
9 (a) shall be submitted in unclassified form, but may in-
10 clude a classified annex.

11 **SEC. 5513. REPORT ON EFFORTS BY PEOPLE'S REPUBLIC**
12 **OF CHINA TO INFLUENCE ELECTION IN TAI-**
13 **WAN.**

14 (a) REPORT.—Consistent with section 3(c) of the
15 Taiwan Relations Act (Public Law 96–8; 22 U.S.C.
16 3302(c)), and consistent with the protection of intelligence
17 sources and methods, not later than 45 days after the date
18 of the election for the President and Vice President of Tai-
19 wan in 2020, the Director of National Intelligence shall
20 submit to the congressional intelligence committees, the
21 Committee on Foreign Affairs of the House of Representa-
22 tives, and the Committee on Foreign Relations of the Sen-
23 ate a report on any—

24 (1) influence operations conducted by China to
25 interfere in or undermine such election; and

1 (2) efforts by the United States to disrupt such
2 operations.

3 (b) ELEMENTS.—The report under subsection (a)
4 shall include the following:

5 (1) A description of any significant efforts by
6 the intelligence community to coordinate technical
7 and material support for Taiwan to identify, disrupt,
8 and combat influence operations specified in sub-
9 section (a)(1).

10 (2) A description of any efforts by the United
11 States Government to build the capacity of Taiwan
12 to disrupt external efforts that degrade a free and
13 fair election process.

14 (3) An assessment of whether and to what ex-
15 tent China conducted influence operations specified
16 in subsection (a)(1), and, if such operations oc-
17 curred—

18 (A) a comprehensive list of specific govern-
19 mental and nongovernmental entities of China
20 that were involved in supporting such oper-
21 ations and a description of the role of each such
22 entity; and

23 (B) an identification of any tactics, tech-
24 niques, and procedures used in such operations.

1 (c) FORM.—The report under subsection (a) shall be
2 submitted in unclassified form, but may include a classi-
3 fied annex.

4 **Subtitle C—Matters Relating to**
5 **Other Countries**

6 **SEC. 5521. SENSE OF CONGRESS AND REPORT ON IRANIAN**
7 **EFFORTS IN SYRIA AND LEBANON.**

8 (a) SENSE OF CONGRESS.—It is the sense of Con-
9 gress that, regardless of the ultimate number of United
10 States military personnel deployed to Syria, it is a vital
11 interest of the United States to prevent the Islamic Re-
12 public of Iran, Hizballah, and other Iranian-backed forces
13 from establishing a strong and enduring presence in Syria
14 that can be used to project power in the region and threat-
15 en the United States and its allies, including Israel.

16 (b) REPORT.—

17 (1) REPORT REQUIRED.—Not later than 180
18 days after the date of the enactment of this Act, the
19 Director of National Intelligence, in coordination
20 with the Secretary of State and the Secretary of De-
21 fense, shall submit to the appropriate congressional
22 committees a report that assesses—

23 (A) efforts by Iran to establish long-term
24 influence in Syria through military, political,
25 economic, social, and cultural means;

1 (B) the degree to which Iranian support of
2 proxy forces in Syria and Lebanon contributes
3 to Iranian strategy with respect to the region;
4 and

5 (C) the threat posed by the efforts de-
6 scribed in subparagraph (A) to United States
7 interests and allies.

8 (2) ELEMENTS.—The report under paragraph
9 (1) shall include each of the following:

10 (A) An assessment of—

11 (i) how Iran and Iranian-backed
12 forces, including the Islamic Revolutionary
13 Guard Corps and Hizballah, have provided
14 or are currently providing manpower,
15 training, weapons, equipment, and funding
16 to the Syrian government led by President
17 Bashar al-Assad;

18 (ii) the support provided by Iran and
19 Hizballah to Shia militias operating in
20 Syria composed of domestic fighters from
21 Syria and foreign fighters from countries
22 such as Afghanistan, Iraq, Lebanon, and
23 Pakistan;

1 (iii) operational lessons learned by
2 Hizballah based on the recent experiences
3 of Hizballah in Syria;

4 (iv) the threat posed by Iran and Ira-
5 nian-backed forces to—

6 (I) the al-Tanf garrison; and

7 (II) areas of northeast Syria that
8 are currently controlled by local part-
9 ner forces of the United States;

10 (v) the degree to which efforts of the
11 United States to sustain and strengthen
12 Kurdish forces in Syria may undermine the
13 influence of Iran and Iranian-backed forces
14 in Syria;

15 (vi) how Iran and Iranian-backed
16 forces seek to enhance the long-term influ-
17 ence of such entities in Syria through non-
18 military means such as purchasing stra-
19 tegic real estate in Syria, constructing Shia
20 religious centers and schools, securing loy-
21 alty from Sunni tribes in exchange for ma-
22 terial assistance, and inducing the Assad
23 government to open Farsi-language depart-
24 ments at Syrian universities;

1 (vii) whether the prominent role of
2 Iran in Syria, including the influence of
3 Iran over government institutions, may in-
4 crease the likelihood of the reconstitution
5 of the Islamic State of Iraq and Syria in
6 Syria; and

7 (viii) the provision of goods, services,
8 or technology transferred by Iran or its af-
9 filiates to Hizballah for the purpose of in-
10 digenously manufacturing or otherwise
11 producing missiles.

12 (B) An analysis of—

13 (i) how Iran is working with the Rus-
14 sian Federation, Turkey, and other coun-
15 tries to increase the influence of Iran in
16 Syria;

17 (ii) the goals of Iran in Syria, includ-
18 ing, but not limited to, protecting the
19 Assad government, increasing the regional
20 influence of Iran, threatening Israel from a
21 more proximate location, building weapon-
22 production facilities and other military in-
23 frastructure, and securing a land bridge to
24 connect Iran through Iraq and Syria to the

1 stronghold of Hizballah in southern Leb-
2 anon; and

3 (iii) the foreign and domestic supply
4 chains that significantly facilitate, support,
5 or otherwise aid acquisition or development
6 by Hizballah of missile production facili-
7 ties, including the geographic distribution
8 of such foreign and domestic supply
9 chains.

10 (C) A description of—

11 (i) how the efforts of Iran to transfer
12 advanced weapons to Hizballah and to es-
13 tablish a military presence in Syria has led
14 to direct and repeated confrontations with
15 Israel;

16 (ii) the intelligence and military sup-
17 port that the United States provides to
18 Israel to help Israel identify and appro-
19 priately address specific threats to Israel
20 from Iran and Iranian-backed forces in
21 Syria;

22 (iii) the threat posed to Israel and
23 other allies of the United States in the
24 Middle East resulting from the transfer of

1 arms or related material, or other support,
2 by Iran to Hizballah and other proxies;

3 (iv) Iranian and Iranian-controlled
4 personnel operating within Syria, including
5 Hizballah, Shiite militias, and Revolu-
6 tionary Guard Corps forces of Iran, and
7 the number and geographic distribution of
8 such personnel;

9 (v) any rocket-producing facilities in
10 Lebanon for nonstate actors, including
11 whether such facilities were assessed to be
12 built at the direction of Hizballah leader-
13 ship, Iranian leadership, or in consultation
14 between Iranian leadership and Hizballah
15 leadership; and

16 (vi) Iranian expenditures in the pre-
17 vious calendar year on military and ter-
18 rorist activities outside the country, includ-
19 ing the amount of such expenditures with
20 respect to each of Hizballah, Houthi rebels
21 in Yemen, Hamas, proxy forces in Iraq
22 and Syria, ballistic missile research and
23 testing, and any other entity, country, or
24 activity that the Director determines as de-
25 stabilizing to the Middle East region.

1 (3) FORM OF REPORT.—The report under para-
2 graph (1) shall be submitted in unclassified form,
3 but may include a classified annex.

4 (4) DEFINITIONS.—In this subsection:

5 (A) APPROPRIATE CONGRESSIONAL COM-
6 MITTEES.—the term “appropriate congressional
7 committees” means—

8 (i) the Committee on Armed Services,
9 the Committee on Foreign Relations, and
10 the Select Committee on Intelligence of the
11 Senate; and

12 (ii) the Committee on Armed Services,
13 the Committee on Foreign Affairs, and the
14 Permanent Select Committee on Intel-
15 ligence of the House of Representatives.

16 (B) ARMS OR RELATED MATERIAL.—The
17 term “arms or related material” means—

18 (i) nuclear, biological, chemical, or ra-
19 diological weapons or materials or compo-
20 nents of such weapons;

21 (ii) ballistic or cruise missile weapons
22 or materials or components of such weap-
23 ons;

24 (iii) destabilizing numbers and types
25 of advanced conventional weapons;

1 (iv) defense articles or defense serv-
2 ices, as those terms are defined in para-
3 graphs (3) and (4), respectively, of section
4 47 of the Arms Export Control Act (22
5 U.S.C. 2794);

6 (v) defense information, as that term
7 is defined in section 644 of the Foreign
8 Assistance Act of 1961 (22 U.S.C. 2403);
9 or

10 (vi) items designated by the President
11 for purposes of the United States Muni-
12 tions List under section 38(a)(1) of the
13 Arms Export Control Act (22 U.S.C.
14 2778(a)(1)).

15 **SEC. 5522. ASSESSMENTS REGARDING THE NORTHERN TRI-**
16 **ANGLE AND MEXICO.**

17 (a) ASSESSMENT.—

18 (1) REPORT.—Not later than 90 days after the
19 date of the enactment of this Act, the Director of
20 National Intelligence, in coordination with the Under
21 Secretary of Homeland Security for Intelligence and
22 Analysis, the Assistant Secretary of State for Intel-
23 ligence and Research, the Chief of Intelligence of the
24 Drug Enforcement Administration, and other appro-
25 priate officials in the intelligence community, shall

1 submit to the appropriate congressional committees
2 a report containing a comprehensive assessment of
3 drug trafficking, human trafficking, and human
4 smuggling activities in the Northern Triangle and
5 Mexico.

6 (2) MATTERS INCLUDED.—The report under
7 paragraph (1) shall include, at a minimum, the fol-
8 lowing:

9 (A) An assessment of the effect of drug
10 trafficking, human trafficking, and human
11 smuggling on the security and economic situa-
12 tion in the Northern Triangle.

13 (B) An assessment of the effect of the ac-
14 tivities of drug trafficking organizations on the
15 migration of persons from the Northern Tri-
16 angle to the United States-Mexico border.

17 (C) A summary of any relevant activities
18 by elements of the intelligence community in re-
19 lation to drug trafficking, human trafficking,
20 and human smuggling in the Northern Triangle
21 and Mexico.

22 (D) An assessment of methods and routes
23 used by drug trafficking organizations, human
24 traffickers, and human smugglers to move

1 drugs, persons, or both from the Northern Tri-
2 angle and Mexico to the United States.

3 (E) An assessment of the intersection be-
4 tween the activities of drug trafficking organi-
5 zations, human traffickers and human smug-
6 glers, and other organized criminal groups in
7 the Northern Triangle and Mexico.

8 (F) An assessment of the illicit funds and
9 financial transactions that support the activities
10 of drug trafficking organizations, human traf-
11 fickers, and human smugglers, and connected
12 criminal enterprises, in the Northern Triangle
13 and Mexico.

14 (G) A comprehensive review of the current
15 collection priorities of the intelligence commu-
16 nity for the Northern Triangle and Mexico, as
17 of the date of the enactment of this Act, in
18 order to identify whether such priorities are ap-
19 propriate and sufficient in light of the threat
20 posed by the activities of drug trafficking orga-
21 nizations and human traffickers and human
22 smugglers to the security of the United States
23 and the Western Hemisphere.

1 (3) FORM.—The report required by paragraph
2 (1) may be submitted in classified form, but if so
3 submitted, shall contain an unclassified summary.

4 (4) AVAILABILITY.—The report under para-
5 graph (1), or the unclassified summary of the report
6 described in paragraph (3), shall be made publicly
7 available.

8 (b) BRIEFINGS.—

9 (1) SEMIANNUAL REQUIREMENT.—Not later
10 than 90 days after the date on which the report
11 under subsection (a) is submitted, and every 180
12 days thereafter for a 5-year period, the Director of
13 National Intelligence shall provide to the congres-
14 sional intelligence committees a briefing on the intel-
15 ligence community's collection priorities and activi-
16 ties in the Northern Triangle and Mexico with a
17 focus on the threat posed by the activities of drug
18 trafficking organizations and human traffickers and
19 human smugglers to the security of the United
20 States and the Western Hemisphere.

21 (2) MATTERS INCLUDED.—Each briefing under
22 paragraph (1) shall include a description of the
23 funds expended by the intelligence community on the
24 efforts described in such paragraph during the pre-

1 ceding fiscal year, except the first such briefing shall
2 cover fiscal years 2018 and 2019.

3 (c) DEFINITIONS.—In this section:

4 (1) APPROPRIATE CONGRESSIONAL COMMIT-
5 TEES.—The term “appropriate congressional com-
6 mittees” means—

7 (A) the Committee on Foreign Affairs, the
8 Committee on Homeland Security, and the Per-
9 manent Select Committee on Intelligence of the
10 House of Representatives; and

11 (B) the Committee on Foreign Relations,
12 the Committee on Homeland Security and Gov-
13 ernmental Affairs, and the Select Committee on
14 Intelligence of the Senate.

15 (2) HUMAN TRAFFICKING.—The term “human
16 trafficking” has the meaning given the term “severe
17 forms of trafficking in persons” by section 103 of
18 the Victims of Trafficking and Violence Protection
19 Act of 2000 (22 U.S.C. 7102).

20 (3) NORTHERN TRIANGLE.—The term “North-
21 ern Triangle” means El Salvador, Guatemala, and
22 Honduras.

1 **TITLE LVI—FEDERAL EFFORTS**
2 **AGAINST DOMESTIC TERRORISM**

3 **SEC. 5601. DEFINITIONS.**

4 In this title:

5 (1) **APPROPRIATE CONGRESSIONAL COMMIT-**
6 **TEES.**—The term “appropriate congressional com-
7 mittees” means—

8 (A) the Permanent Select Committee on
9 Intelligence, the Committee on Homeland Secu-
10 rity, and the Committee on the Judiciary of the
11 House of Representatives; and

12 (B) the Select Committee on Intelligence,
13 the Committee on Homeland Security and Gov-
14 ernmental Affairs, and the Committee on the
15 Judiciary of the Senate.

16 (2) **DOMESTIC TERRORISM.**—The term “domes-
17 tic terrorism” has the meaning given that term in
18 section 2331 of title 18, United States Code.

19 (3) **HATE CRIME.**—The term “hate crime”
20 means a criminal offense under—

21 (A) sections 241, 245, 247, and 249 of
22 title 18, United States Code; and

23 (B) section 3631 of title 42, United States
24 Code.

1 (4) INTERNATIONAL TERRORISM.—The term
2 “international terrorism” has the meaning given
3 that term in section 2331 of title 18, United States
4 Code.

5 (5) TERMS IN ATTORNEY GENERAL’S GUIDE-
6 LINES FOR DOMESTIC FBI OPERATIONS.—The terms
7 “assessments”, “full investigations”, “enterprise in-
8 vestigations”, “predicated investigations”, and “pre-
9 liminary investigations” have the meanings given
10 those terms in the most recent, approved version of
11 the Attorney General’s Guidelines for Domestic FBI
12 Operations (or successor).

13 (6) TERMS IN FBI BUDGET MATERIALS.—The
14 terms “Consolidated Strategy Guide”, “Field Office
15 Strategic Plan”, “Integrated Program Management
16 Process”, and “Threat Review and Prioritization”
17 have the meanings given those terms in the mate-
18 rials submitted to Congress by the Attorney General
19 in support of the Federal Bureau of Investigation
20 budget for fiscal year 2020.

21 (7) TERRORISM.—The term “terrorism” in-
22 cludes domestic terrorism and international ter-
23 rorism.

24 (8) TERRORISM INFORMATION.—The term “ter-
25 rorism information” has the meaning given that

1 term in section 1016(a) of the Intelligence Reform
2 and Terrorism Prevention Act of 2004 (6 U.S.C.
3 485).

4 (9) TIME UTILIZATION AND RECORDKEEPING
5 DATA.—The term “time utilization and record-
6 keeping data” means data collected on resource utili-
7 zation and workload activity of personnel of the Fed-
8 eral Bureau of Investigation in accordance with Fed-
9 eral law.

10 **SEC. 5602. STRATEGIC INTELLIGENCE ASSESSMENT OF AND**
11 **REPORTS ON DOMESTIC TERRORISM.**

12 (a) REPORT ON STANDARDIZATION OF TERMI-
13 NOLOGY AND PROCEDURES RELATING TO DOMESTIC
14 TERRORISM.—Not later than 90 days after the date of
15 the enactment of this Act, the Director of the Federal Bu-
16 reau of Investigation and the Secretary of Homeland Se-
17 curity, in consultation with the Director of National Intel-
18 ligence in a manner consistent with the authorities and
19 responsibilities of such Director, shall jointly—

20 (1) develop, to the fullest extent feasible and for
21 purposes of internal recordkeeping and tracking,
22 uniform and standardized—

23 (A) definitions of the terms “domestic ter-
24 rorism”, “act of domestic terrorism”, “domestic

1 terrorism groups”, and any other commonly
2 used terms with respect to domestic terrorism;

3 (B) methodologies for tracking incidents of
4 domestic terrorism; and

5 (C) descriptions of categories and subcat-
6 egories of—

7 (i) domestic terrorism; and

8 (ii) ideologies relating to domestic ter-
9 rorism;

10 (2) submit to the appropriate congressional
11 committees a report containing the information de-
12 veloped under paragraph (1).

13 (b) REPORT CONTAINING STRATEGIC INTELLIGENCE
14 ASSESSMENT AND DATA ON DOMESTIC TERRORISM.—

15 (1) IN GENERAL.—Not later than 180 days
16 after the date of the enactment of this Act, the Di-
17 rector of the Federal Bureau of Investigation and
18 the Secretary of Homeland Security, in consultation
19 with the Director of National Intelligence in a man-
20 ner consistent with the authorities and responsibil-
21 ities of such Director, shall jointly submit to the ap-
22 propriate congressional committees a report on do-
23 mestic terrorism containing the following:

24 (A) The strategic intelligence assessment
25 under paragraph (2).

1 (B) The discussion of activities under
2 paragraph (3).

3 (C) Data on domestic terrorism under
4 paragraph (4).

5 (D) Recommendations under paragraph
6 (5).

7 (2) STRATEGIC INTELLIGENCE ASSESSMENT.—

8 (A) ASSESSMENT REQUIRED.—The Direc-
9 tor of the Federal Bureau of Investigation and
10 the Secretary of Homeland Security, in con-
11 sultation with the Director of National Intel-
12 ligence in a manner consistent with the authori-
13 ties and responsibilities of such Director, shall
14 prepare and include in the report under para-
15 graph (1) a strategic intelligence assessment of
16 domestic terrorism in the United States during
17 fiscal years 2017, 2018, and 2019.

18 (B) STANDARDS.—The Director of the
19 Federal Bureau of Investigation and the Sec-
20 retary of Homeland Security, in consultation
21 with the Director of National Intelligence in a
22 manner consistent with the authorities and re-
23 sponsibilities of such Director, shall ensure that
24 the strategic assessment under subparagraph
25 (A) complies with the analytic integrity and

1 tradecraft standards of the intelligence commu-
2 nity.

3 (3) DISCUSSION OF ACTIVITIES.—The report
4 under paragraph (1) shall discuss and compare the
5 following with respect to each applicable element of
6 the intelligence community:

7 (A) The criteria for opening, managing,
8 and closing domestic and international ter-
9 rorism investigations.

10 (B) Standards and procedures for the Fed-
11 eral Bureau of Investigation with respect to the
12 review, prioritization, and mitigation of domes-
13 tic and international terrorism threats in the
14 United States.

15 (C) The planning (including plans of anal-
16 ysis of the Federal Bureau of Investigation, De-
17 partment of Homeland Security, and National
18 Counterterrorism Center), development, produc-
19 tion, analysis, and evaluation of intelligence and
20 intelligence products relating to terrorism, not-
21 ing any differences with respect to domestic ter-
22 rorism and international terrorism.

23 (D) The sharing of information relating to
24 domestic and international terrorism by and be-
25 tween—

- 1 (i) the Federal Government;
- 2 (ii) State, local, Tribal, territorial, and
- 3 foreign governments;
- 4 (iii) the appropriate congressional
- 5 committees;
- 6 (iv) nongovernmental organizations;
- 7 and
- 8 (v) the private sector.

9 (E) The criteria and methodology used by
10 the Federal Bureau of Investigation to identify
11 or assign terrorism classifications to investiga-
12 tions of domestic terrorism.

13 (F) Compliance by the Federal Govern-
14 ment with privacy, civil rights, and civil liberties
15 policies and protections applicable to the pro-
16 duction of the report under paragraph (1), in-
17 cluding protections against the public release of
18 names or other personally identifiable informa-
19 tion of individuals involved in incidents, inves-
20 tigation, indictments, prosecutions, or convic-
21 tions for which data is reported under this sec-
22 tion.

23 (G) Information regarding any training or
24 resources provided by the Federal Bureau of
25 Investigation, the Department of Homeland Se-

1 security, or the National Counterterrorism Cen-
2 ter, to assist Federal, State, local, and Tribal
3 law enforcement agencies in understanding, de-
4 tecting, deterring, and investigating acts of do-
5 mestic terrorism, including the date, type, sub-
6 ject, and recipient agencies of such training or
7 resources.

8 (4) DATA ON DOMESTIC TERRORISM.—

9 (A) DATA REQUIRED.—In accordance with
10 subparagraph (B), the report under paragraph
11 (1) shall include the following data for the pe-
12 riod beginning on January 1, 2009, and ending
13 on the date of the enactment of this Act:

14 (i) For each completed or attempted
15 incident of domestic terrorism that has oc-
16 curred in the United States during such
17 period—

18 (I) a description of such incident;

19 (II) the date and location of such
20 incident;

21 (III) the number and type of
22 completed and attempted Federal
23 nonviolent crimes committed during
24 such incident;

1 (IV) the number and type of
2 completed and attempted Federal and
3 State property crimes committed dur-
4 ing such incident, including an esti-
5 mate of economic damages resulting
6 from such crimes; and

7 (V) the number and type of com-
8 pleted and attempted Federal violent
9 crimes committed during such inci-
10 dent, including the number of people
11 injured or killed as a result of such
12 crimes.

13 (ii) For such period—

14 (I) an identification of each as-
15 sessment, preliminary investigation,
16 full investigation, and enterprise in-
17 vestigation with a nexus to domestic
18 terrorism opened, pending, or closed
19 by the Federal Bureau of Investiga-
20 tion;

21 (II) the number of assessments
22 or investigations identified under sub-
23 clause (I) associated with each domes-
24 tic terrorism investigative classifica-
25 tion (including subcategories);

1 (III) the number of assessments
2 or investigations described in sub-
3 clause (II) initiated as a result of a
4 referral or investigation by a Federal,
5 State, local, Tribal, territorial, or for-
6 eign government, of a hate crime;

7 (IV) the number of Federal
8 criminal charges with a nexus to do-
9 mestic terrorism, including the num-
10 ber of indictments and complaints as-
11 sociated with each domestic terrorism
12 investigative classification (including
13 subcategories), a summary of the alle-
14 gations contained in each such indict-
15 ment, the disposition of the prosecu-
16 tion, and, if applicable, the sentence
17 imposed as a result of a conviction on
18 such charges;

19 (V) referrals of incidents of do-
20 mestic terrorism by or to State, local,
21 Tribal, territorial, or foreign govern-
22 ments, to or by departments or agen-
23 cies of the Federal Government, for
24 investigation or prosecution, including
25 the number of such referrals associ-

1 ated with each domestic terrorism in-
2 vestigation classification (including
3 any subcategories), and a summary of
4 each such referral that includes the
5 rationale for such referral and the dis-
6 position of the applicable Federal in-
7 vestigation or prosecution;

8 (VI) intelligence products pro-
9 duced by the intelligence community
10 relating to domestic terrorism, includ-
11 ing, with respect to the Federal Bu-
12 reau of Investigation, the number of
13 such products associated with each
14 domestic terrorism investigative classi-
15 fication (including any subcategories);

16 (VII) with respect to the Federal
17 Bureau of Investigation—

18 (aa) the number of staff (ex-
19 pressed in terms of full-time
20 equivalents and positions) work-
21 ing on matters relating to domes-
22 tic terrorism described in sub-
23 clauses (I) through (VI); and

24 (bb) a summary of time uti-
25 lization and recordkeeping data

1 for personnel working on such
2 matters, including the number or
3 percentage of such personnel as-
4 sociated with each domestic ter-
5 rorism investigative classification
6 (including any subcategories) in
7 the FBI Headquarters Oper-
8 ational Divisions and Field Divi-
9 sions;

10 (VIII) with respect to the Office
11 of Intelligence and Analysis of the De-
12 partment of Homeland Security, the
13 number of staff (expressed in terms of
14 full-time equivalents and positions)
15 working on matters relating to domes-
16 tic terrorism described in subclauses
17 (I) through (VI); and

18 (IX) with respect to the National
19 Counterterrorism Center, the number
20 of staff (expressed in terms of full-
21 time equivalents and positions) work-
22 ing on matters relating to domestic
23 terrorism described in subclauses (I)
24 through (VI), and the applicable legal

1 authorities relating to the activities of
2 such staff.

3 (B) COLLECTION AND COMPILATION.—The
4 requirement to submit data under paragraph
5 (1)—

6 (i) may not be construed to require
7 the creation or maintenance of any record
8 that the Federal Bureau of Investigation,
9 the Department of Homeland Security, or
10 the National Counterterrorism Center, as
11 the case may be, does not maintain in the
12 ordinary course of business or pursuant to
13 another provision of law; and

14 (ii) shall be carried out by collecting,
15 compiling, or otherwise using data and
16 records that such entities otherwise main-
17 tain or create.

18 (C) FORMAT.—The information required
19 under subparagraph (A) may be provided in a
20 format that uses the marking associated with
21 the Central Records System (or any successor
22 system) of the Federal Bureau of Investigation.

23 (5) RECOMMENDATIONS.—

24 (A) IN GENERAL.—The report under para-
25 graph (1) shall include recommendations, in-

1 including any constitutional analysis conducted
2 relating to such recommendations, with respect
3 to the following:

4 (i) The necessity of changing authori-
5 ties, roles, resources, or responsibilities
6 within the Federal Government to more ef-
7 fectively prevent and counter domestic ter-
8 rorism activities.

9 (ii) Measures necessary to ensure the
10 protection of privacy and civil liberties in
11 the carrying out of activities relating to
12 countering domestic terrorism.

13 (B) CONSULTATION.—In developing rec-
14 ommendations pursuant to subparagraph
15 (A)(ii), the Director of the Federal Bureau of
16 Investigation and the Secretary of Homeland
17 Security, in consultation with the Director of
18 National Intelligence, may seek the advice of
19 the Privacy and Civil Liberties Oversight
20 Board.

21 (c) PROVISION OF OTHER DOCUMENTS AND MATE-
22 RIALS.—

23 (1) IN GENERAL.—Together with the report
24 under subsection (b)(1), the Director of the Federal
25 Bureau of Investigation and the Secretary of Home-

1 land Security, in consultation with the Director of
2 National Intelligence in a manner consistent with
3 the authorities and responsibilities of such Director,
4 shall also submit to the appropriate congressional
5 committees the following documents and materials in
6 complete and unredacted form:

7 (A) With respect to the Federal Bureau of
8 Investigation, at a minimum, the most recent,
9 approved versions of—

10 (i) the Attorney General's Guidelines
11 for Domestic FBI Operations (or any suc-
12 cessor);

13 (ii) the FBI Domestic Investigations
14 and Operations Guide (or any successor);

15 (iii) the FBI Counterterrorism Policy
16 Guide (or any successor); and

17 (iv) materials sufficient to show the
18 rankings of domestic terrorism in relation
19 to other threats within the Threat Review
20 and Prioritization process, with respect to
21 the headquarters and each field office of
22 the Federal Bureau of Investigation.

23 (B) With respect to the intelligence com-
24 munity—

1 (i) a list of all intelligence products
2 described in subsection (b)(4)(A)(ii)(VI);
3 and

4 (ii) a means of accessing each such
5 product.

6 (2) NONDUPLICATION.—If any documents or
7 materials required under paragraph (1) have been
8 previously submitted to the appropriate congress-
9 sional committees under such paragraph and have
10 not been modified since such submission, the Direc-
11 tor of the Federal Bureau of Investigation, the Sec-
12 retary of Homeland Security, and the Director of
13 National Intelligence may provide a list of such doc-
14 uments or materials in lieu of making the submis-
15 sion under paragraph (1) for those documents or
16 materials.

17 (d) ANNUAL UPDATES.—During the 5-year period
18 following the date of the submission of the reports under
19 subsections (b) and (c), the Director of the Federal Bu-
20 reau of Investigation and the Secretary of Homeland Se-
21 curity, in consultation with the Director of National Intel-
22 ligence in a manner consistent with the authorities and
23 responsibilities of such Director, shall jointly submit to the
24 appropriate congressional committees annual updates to
25 the reports submitted under subsections (a), (b), and (c).

1 (e) CLASSIFICATION AND PUBLIC RELEASE.—The
2 reports under subsections (a), (b), and (d) shall be—

3 (1) unclassified, but may contain a classified
4 annex;

5 (2) with respect to the unclassified portion of
6 the report, made available on the public internet
7 websites of the Federal Bureau of Investigation, the
8 Department of Homeland Security, and the National
9 Counterterrorism Center—

10 (A) not later than 30 days after submis-
11 sion to the appropriate congressional commit-
12 tees; and

13 (B) in an electronic format that is fully in-
14 dexed and searchable; and

15 (3) with respect to a classified annex, submitted
16 to the appropriate congressional committees in an
17 electronic format that is fully indexed and search-
18 able.

19 (f) INFORMATION QUALITY.—The reports under sub-
20 sections (a), (b), and (d), to the extent applicable, shall
21 comply with the guidelines issued by the Director of the
22 Office of Management and Budget pursuant to section
23 515 of title V of the Consolidated Appropriations Act,
24 2001 (Public Law 106–554; 114 Stat. 2763A–154).

1 **TITLE LVII—REPORTS AND**
2 **OTHER MATTERS**
3 **Subtitle A—Reports and Briefings**

4 **SEC. 5701. MODIFICATION OF REQUIREMENTS FOR SUBMIS-**
5 **SION TO CONGRESS OF CERTAIN REPORTS.**

6 (a) MODIFICATION OF REPORTS RELATING TO
7 GUANTANAMO BAY.—

8 (1) MODIFICATION.—Section 506I(b) of the
9 National Security Act of 1947 (50 U.S.C. 3105(b))
10 is amended by striking “once every 6 months” and
11 inserting “annually”.

12 (2) MODIFICATION.—Section 319(a) of the
13 Supplemental Appropriations Act, 2009 (10 U.S.C.
14 801 note) is amended by striking “every 90 days”
15 and inserting “annually”.

16 (b) MODIFICATION TO REPORTS ON ANALYTIC IN-
17 TEGRITY.—Subsection (c) of section 1019 of the Intel-
18 ligence Reform and Terrorism Prevention Act of 2004 (50
19 U.S.C. 3364) is amended—

20 (1) in the heading, by striking “REPORTS” and
21 inserting “BRIEFINGS”; and

22 (2) by striking “submit to the congressional in-
23 telligence committees, the heads of the relevant ele-
24 ments of the intelligence community, and the heads
25 of analytic training departments a report con-

1 taining” and inserting “provide to the congressional
2 intelligence committees, the heads of the relevant
3 elements of the intelligence community, and the
4 heads of analytic training departments a briefing
5 with”.

6 (c) REPEAL OF REPORTS RELATING TO INTEL-
7 LIGENCE FUNCTIONS.—Section 506J of the National Se-
8 curity Act of 1947 (50 U.S.C. 3105a) is repealed and the
9 table of contents in the first section of such Act is amend-
10 ed by striking the item relating to section 506J.

11 (d) MODIFICATION OF REQUIRED REPORTS RELAT-
12 ING TO ENTERTAINMENT INDUSTRY.—Section 308 of the
13 Intelligence Authorization Act for Fiscal Year 2017 (50
14 U.S.C. 3332) is amended—

15 (1) in subsection (b)(2)—

16 (A) by striking “paragraph (1) shall—”
17 and all that follows through “permit an ele-
18 ment” and insert “paragraph (1) shall permit
19 an element”;

20 (B) by striking “approval; and” and insert-
21 ing “approval.”; and

22 (C) by striking subparagraph (B); and

23 (2) by striking subsection (c) and inserting the
24 following new subsection:

1 “(c) INFORMATION ON PRIOR YEAR ENGAGE-
2 MENTS.—At the written request of either of the congres-
3 sional intelligence committees, the Director of National In-
4 telligence shall submit to such committees information
5 with respect to engagements occurring during the calendar
6 year prior to the year during which such request is made.
7 Such information may include—

8 “(1) a description of the nature and duration of
9 each such engagement;

10 “(2) the cost incurred by the United States
11 Government for each such engagement;

12 “(3) a description of the benefits to the United
13 States Government for each such engagement;

14 “(4) a determination of whether any informa-
15 tion was declassified, and whether any classified in-
16 formation was improperly disclosed, for each such
17 engagement; and

18 “(5) a description of the work produced
19 through each such engagement.”.

20 **SEC. 5702. INCREASED TRANSPARENCY REGARDING**
21 **COUNTERTERRORISM BUDGET OF THE**
22 **UNITED STATES.**

23 (a) FINDINGS.—Congress finds the following:

24 (1) Consistent with section 601(a) of the Imple-
25 menting Recommendations of the 9/11 Commission

1 Act of 2007 (50 U.S.C. 3306(a)), the recent practice
2 of the intelligence community has been to release to
3 the public—

4 (A) around the date on which the Presi-
5 dent submits to Congress a budget for a fiscal
6 year pursuant to section 1105 of title 31,
7 United States Code, the “top-line” amount of
8 total funding requested for the National Intel-
9 ligence Program for such fiscal year; and

10 (B) the amount of requested and appro-
11 priated funds for the National Intelligence Pro-
12 gram and Military Intelligence Program for cer-
13 tain prior fiscal years, consistent with the pro-
14 tection of intelligence sources and methods.

15 (2) The Directorate of Strategic Operational
16 Planning of the National Counterterrorism Center is
17 responsible for producing an annual National
18 Counterterrorism Budget report, which examines the
19 alignment of intelligence and other resources in the
20 applicable fiscal year budget with the counterter-
21 rorism goals and areas of focus in the National
22 Strategy for Counterterrorism.

23 (b) SENSE OF CONGRESS.—It is the sense of Con-
24 gress that—

1 (1) despite the difficulty of compiling and re-
2 leasing to the public comprehensive information on
3 the resource commitments of the United States to
4 counterterrorism activities and programs, including
5 with respect to such activities and programs of the
6 intelligence community, the United States Govern-
7 ment could take additional steps to enhance the un-
8 derstanding of the public with respect to such re-
9 source commitments, in a manner consistent with
10 the protection of intelligence sources and methods
11 and other national security interests; and

12 (2) the United States Government should re-
13 lease to the public as much information as possible
14 regarding the funding of counterterrorism activities
15 and programs, including activities and programs of
16 the intelligence community, in a manner consistent
17 with the protection of intelligence sources and meth-
18 ods and other national security interests.

19 (c) BRIEFING ON PUBLIC RELEASE OF INFORMA-
20 TION.—

21 (1) REQUIREMENT.—Not later than 90 days
22 after the date of the enactment of this Act, and not
23 later than 90 days after the beginning of each fiscal
24 year thereafter, the President shall ensure that the
25 congressional intelligence committees receive a brief-

1 ing from appropriate personnel of the United States
2 Government on the feasibility of releasing to the
3 public additional information relating to counterter-
4 rorism efforts of the intelligence community.

5 (2) ELEMENTS.—Each briefing required by
6 paragraph (1) shall include a discussion of the feasi-
7 bility of—

8 (A) subject to paragraph (3), releasing to
9 the public the National Counterterrorism Budget
10 report described in subsection (a)(2) for the
11 prior fiscal year; and

12 (B) declassifying other reports, documents,
13 or activities of the intelligence community relat-
14 ing to counterterrorism and releasing such in-
15 formation to the public in a manner consistent
16 with the protection of intelligence sources and
17 methods and other national security interests.

18 (3) RELEASE OF NATIONAL COUNTERTER-
19 RORISM BUDGET REPORT.—The President may sat-
20 isfy the requirement under paragraph (2)(A) during
21 a fiscal year by, not later than 90 days after the be-
22 ginning of the fiscal year, releasing to the public the
23 National Counterterrorism Budget report (with any
24 redactions the Director determines necessary to pro-

1 tect intelligence sources and methods and other na-
2 tional security interests) for the prior fiscal year.

3 **SEC. 5703. STUDY ON ROLE OF RETIRED AND FORMER PER-**
4 **SONNEL OF INTELLIGENCE COMMUNITY**
5 **WITH RESPECT TO CERTAIN FOREIGN INTEL-**
6 **LIGENCE OPERATIONS.**

7 (a) STUDY.—The Director of National Intelligence
8 shall conduct a study on former intelligence personnel pro-
9 viding covered intelligence assistance.

10 (b) ELEMENTS.—The study under subsection (a)
11 shall include the following:

12 (1) An identification of, and discussion of the
13 effectiveness of, existing laws, policies, procedures,
14 and other measures relevant to the ability of ele-
15 ments of the intelligence community to prevent
16 former intelligence personnel from providing covered
17 intelligence assistance—

18 (A) without proper authorization; or

19 (B) in a manner that would violate legal or
20 policy controls if the personnel performed such
21 assistance while working for the United States
22 Government; and

23 (2) Make recommendations for such legislative,
24 regulatory, policy, or other changes as may be nec-

1 essary to ensure that the United States consistently
2 meets the objectives described in paragraph (1).

3 (c) REPORT AND PLAN.—Not later than 90 days
4 after the date of the enactment of this Act, the Director
5 shall submit to the congressional intelligence committees,
6 the Committee on Homeland Security and Governmental
7 Affairs of the Senate, and the Committee on Homeland
8 Security of the House of Representatives—

9 (1) a report on the findings of the Director with
10 respect to each element of the study under sub-
11 section (a); and

12 (2) a plan to implement any recommendations
13 made by the Director that the Director may imple-
14 ment without changes to Federal law.

15 (d) FORM.—The report and plan under subsection (c)
16 may be submitted in classified form.

17 (e) DEFINITIONS.—In this section:

18 (1) COVERED INTELLIGENCE ASSISTANCE.—
19 The term “covered intelligence assistance” means
20 assistance—

21 (A) provided by former intelligence per-
22 sonnel directly to, or for the benefit of, the gov-
23 ernment of a foreign country or indirectly to, or
24 for the benefit of, such a government through
25 a company or other entity; and

1 (B) that relates to intelligence, military, or
2 law enforcement activities of a foreign country,
3 including with respect to operations that involve
4 abuses of human rights, violations of the laws
5 of the United States, or infringements on the
6 privacy rights of United States persons.

7 (2) FORMER INTELLIGENCE PERSONNEL.—The
8 term “former intelligence personnel” means retired
9 or former personnel of the intelligence community,
10 including civilian employees of elements of the intel-
11 ligence community, members of the Armed Forces,
12 and contractors of elements of the intelligence com-
13 munity.

14 **SEC. 5704. COLLECTION, ANALYSIS, AND DISSEMINATION**
15 **OF WORKFORCE DATA.**

16 (a) MODIFICATION OF REQUIREMENT FOR ANNUAL
17 REPORT ON HIRING AND RETENTION OF MINORITY EM-
18 PLOYEES.—

19 (1) EXPANSION OF PERIOD OF REPORT.—Sub-
20 section (a) of section 114 of the National Security
21 Act of 1947 (50 U.S.C. 3050) is amended by insert-
22 ing “and the preceding 5 fiscal years” after “fiscal
23 year”.

24 (2) CLARIFICATION ON DISAGGREGATION OF
25 DATA.—Subsection (b) of such section is amended,

1 in the matter before paragraph (1), by striking
2 “disaggregated data by category of covered person
3 from each element of the intelligence community”
4 and inserting “data, disaggregated by category of
5 covered person and by element of the intelligence
6 community,”.

7 (b) INITIAL REPORTING.—

8 (1) IN GENERAL.—Not later than 180 days
9 after the date of the enactment of this Act, and sub-
10 ject to paragraph (3), the Director of National Intel-
11 ligence shall make available to the public, the appro-
12 priate congressional committees, and the workforce
13 of the intelligence community a report which in-
14 cludes aggregate demographic data and other infor-
15 mation regarding the diversity and inclusion efforts
16 of the workforce of the intelligence community.

17 (2) CONTENTS.—A report made available under
18 paragraph (1)—

19 (A) shall include unclassified reports and
20 barrier analyses relating to diversity and inclu-
21 sion efforts;

22 (B) shall include aggregate demographic
23 data—

24 (i) by segment of the workforce of the
25 intelligence community and grade or rank;

1 (ii) relating to attrition and promotion
2 rates;

3 (iii) that addresses the compliance of
4 the intelligence community with validated
5 inclusion metrics, such as the New Inclu-
6 sion Quotient index score; and

7 (iv) that provides demographic com-
8 parisons to the relevant nongovernmental
9 labor force and the relevant civilian labor
10 force;

11 (C) shall include an analysis of applicant
12 flow data, including the percentage and level of
13 positions for which data are collected, and a
14 discussion of any resulting policy changes or
15 recommendations;

16 (D) shall include demographic data relat-
17 ing to participants in professional development
18 programs of the intelligence community and the
19 rate of placement into senior positions for par-
20 ticipants in such programs;

21 (E) shall include any voluntarily collected
22 demographic data relating to the membership of
23 any external advisory committee or board to
24 which individuals in senior positions in the in-
25 telligence community appoint members; and

1 (F) may include data in proportions or
2 percentages to account for concerns relating to
3 the protection of classified information.

4 (c) UPDATES.—After making available a report
5 under subsection (b), the Director of National Intelligence
6 shall annually provide a report (which may be provided
7 as part of an annual report required under another provi-
8 sion of law) to the workforce of the intelligence community
9 (including senior leadership), the public, and the appro-
10 priate congressional committees that includes—

11 (1) demographic data and information on the
12 status of diversity and inclusion efforts of the intel-
13 ligence community;

14 (2) an analysis of applicant flow data, including
15 the percentage and level of positions for which data
16 are collected, and a discussion of any resulting policy
17 changes or recommendations; and

18 (3) demographic data relating to participants in
19 professional development programs of the intel-
20 ligence community and the rate of placement into
21 senior positions for participants in such programs.

22 (d) EXPAND THE COLLECTION AND ANALYSIS OF
23 VOLUNTARY APPLICANT FLOW DATA.—

24 (1) IN GENERAL.—The Director of National In-
25 telligence shall develop a system to collect and ana-

1 lyze applicant flow data for as many positions within
2 the intelligence community as practicable, in order
3 to identify areas for improvement in attracting di-
4 verse talent, with particular attention to senior and
5 management positions.

6 (2) PHASED IMPLEMENTATION.—The collection
7 of applicant flow data may be implemented by the
8 Director of National Intelligence in a phased ap-
9 proach commensurate with the resources available to
10 the intelligence community.

11 (e) IDENTIFY ADDITIONAL CATEGORIES FOR VOL-
12 UNTARY DATA COLLECTION OF CURRENT EMPLOYEES.—

13 (1) IN GENERAL.—The Director of National In-
14 telligence may submit to the Office of Management
15 and Budget and to the appropriate congressional
16 committees a recommendation regarding whether the
17 intelligence community should voluntarily collect
18 more detailed data on demographic categories in ad-
19 dition to the race and ethnicity categories specified
20 in the statistical policy directive issued by the Office
21 of Management and Budget entitled “Standards for
22 Maintaining, Collecting, and Presenting Federal
23 Data on Race and Ethnicity”.

1 (2) PROCESS.—In making a recommendation
2 under paragraph (1), the Director of National Intel-
3 ligence shall—

4 (A) engage in close consultation with inter-
5 nal stakeholders, such as employee resource or
6 affinity groups;

7 (B) ensure that there is clear communica-
8 tion with the workforce of the intelligence com-
9 munity—

10 (i) to explain the purpose of the po-
11 tential collection of such data; and

12 (ii) regarding legal protections relat-
13 ing to any anticipated use of such data;
14 and

15 (C) ensure adherence to relevant standards
16 and guidance issued by the Federal Govern-
17 ment.

18 (f) DEFINITIONS.—In this section:

19 (1) APPLICANT FLOW DATA.—The term “appli-
20 cant flow data” means data that tracks the rate of
21 applications for job positions among demographic
22 categories.

23 (2) APPROPRIATE CONGRESSIONAL COMMIT-
24 TEES.—The term “appropriate congressional com-
25 mittees” means—

1 (A) the Committee on Foreign Relations,
2 the Committee on Armed Services, the Com-
3 mittee on Homeland Security and Govern-
4 mental Affairs, the Select Committee on Intel-
5 ligence, and the Committee on Appropriations
6 of the Senate; and

7 (B) the Committee on Foreign Affairs, the
8 Committee on Armed Services, the Committee
9 on Homeland Security, the Permanent Select
10 Committee on Intelligence, and the Committee
11 on Appropriations of the House of Representa-
12 tives.

13 (3) DIVERSITY.—The term “diversity” means
14 diversity of persons based on gender, race, ethnicity,
15 disability status, veteran status, sexual orientation,
16 gender identity, national origin, and other demo-
17 graphic categories.

18 **SEC. 5705. PLAN FOR STRENGTHENING THE SUPPLY CHAIN**
19 **INTELLIGENCE FUNCTION.**

20 (a) IN GENERAL.—Not later than 180 days after the
21 date of the enactment of this Act, the Director of the Na-
22 tional Counterintelligence and Security Center, in coordi-
23 nation with the Director of the Defense Counterintel-
24 ligence and Security Agency and other interagency part-
25 ners, shall submit to the appropriate congressional com-

1 mitted a plan for strengthening the supply chain intel-
2 ligence function.

3 (b) ELEMENTS.—The plan submitted under sub-
4 section (a) shall address the following:

5 (1) The appropriate workforce model, including
6 size, mix, and seniority, from the elements of the in-
7 telligence community and other interagency part-
8 ners.

9 (2) The budgetary resources necessary to imple-
10 ment the plan.

11 (3) The appropriate governance structure with-
12 in the intelligence community and with interagency
13 partners.

14 (4) The authorities necessary to implement the
15 plan.

16 (c) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
17 FINED.—The term “appropriate congressional commit-
18 tees” means—

19 (1) the congressional intelligence committees;
20 and

21 (2) the Committees on Armed Services of the
22 House of Representatives and the Senate.

1 **SEC. 5706. COMPREHENSIVE ECONOMIC ASSESSMENT OF**
2 **INVESTMENT IN KEY UNITED STATES TECH-**
3 **NOLOGIES BY COMPANIES OR ORGANIZA-**
4 **TIONS LINKED TO CHINA.**

5 (a) **ASSESSMENT REQUIRED.**—Not later than 90
6 days after the date of the enactment of this Act, the Direc-
7 tor of National Intelligence, in coordination with the Di-
8 rector of the National Counterintelligence and Security
9 Center, the Director of the Federal Bureau of Investiga-
10 tion, the Director of the Central Intelligence Agency, the
11 Secretary of the Treasury, and the heads of such other
12 Federal agencies as the Director of National Intelligence
13 considers appropriate, shall submit to the congressional
14 intelligence committees a comprehensive economic assess-
15 ment of investment in key United States technologies, in-
16 cluding emerging technologies, by companies or organiza-
17 tions linked to China, including the implications of these
18 investments for the national security of the United States.

19 (b) **FORM OF ASSESSMENT.**—The assessment sub-
20 mitted under subsection (a) shall be submitted in unclassi-
21 fied form, but may include a classified annex.

1 **SEC. 5707. REPORT BY DIRECTOR OF NATIONAL INTEL-**
2 **LIGENCE ON FIFTH-GENERATION WIRELESS**
3 **NETWORK TECHNOLOGY.**

4 (a) DEFINITION OF APPROPRIATE COMMITTEES OF
5 CONGRESS.—In this section, the term “appropriate com-
6 mittees of Congress” means—

- 7 (1) the congressional intelligence committees;
8 (2) the Committee on Foreign Relations of the
9 Senate; and
10 (3) Committee on Foreign Affairs of the House
11 of Representatives.

12 (b) REPORT.—Not later than 180 days after the date
13 of the enactment of this Act, the Director of National In-
14 telligence shall submit to the appropriate committees of
15 Congress a report on—

- 16 (1) the threat to the national security of the
17 United States posed by the global and regional adop-
18 tion of fifth-generation wireless network (known as
19 “5G”) technology built by foreign companies;
20 (2) the threat to the national security of the
21 United States posed by telecommunications compa-
22 nies that are subject to the jurisdiction of a foreign
23 adversary; and
24 (3) possible efforts to mitigate the threat.

25 (c) CONTENTS.—The report under subsection (b)
26 shall include—

1 (1) the timeline and scale of global and regional
2 adoption of foreign fifth-generation wireless network
3 technology;

4 (2) the implications of such global and regional
5 adoption on the cyber and espionage threat to the
6 United States, the interests of the United States,
7 and the cyber and collection capabilities of the
8 United States;

9 (3) the threat to the national security of the
10 United States from acquisition, importation, trans-
11 fer, installation, or use of any communications tech-
12 nology by any person subject to the jurisdiction of
13 the United States that involves communications
14 technology designed, developed, manufactured or
15 supplied by, controlled by, or subject to, the jurisdic-
16 tion of a foreign adversary; and

17 (4) the effect of possible mitigation efforts, in-
18 cluding with respect to—

19 (A) a policy of the United States Govern-
20 ment promoting the use of strong, end-to-end
21 encryption for data transmitted over fifth-gen-
22 eration wireless networks;

23 (B) a policy of the United States Govern-
24 ment promoting or funding free, open-source

1 implementation of fifth-generation wireless net-
2 work technology;

3 (C) subsidies or incentives provided by the
4 United States Government that could be used
5 to promote the adoption of secure fifth-genera-
6 tion wireless network technology developed by
7 companies of the United States or companies of
8 allies of the United States; and

9 (D) a strategy by the United States Gov-
10 ernment to reduce foreign influence and polit-
11 ical pressure in international standard-setting
12 bodies.

13 (d) FORM.—The report submitted under subsection
14 (b) shall be submitted in unclassified form, but may in-
15 clude a classified annex.

16 **SEC. 5708. REPORT ON USE BY INTELLIGENCE COMMUNITY**
17 **OF FACIAL RECOGNITION TECHNOLOGY.**

18 (a) SENSE OF CONGRESS.—It is the sense of Con-
19 gress that—

20 (1) the use of facial recognition technology for
21 the purpose of suppressing or burdening criticism or
22 dissent, or for disadvantaging persons based on their
23 ethnicity, race, gender, sexual orientation, or reli-
24 gion, is contrary to the values of the United States;

1 (2) the United States Government should not
2 engage in the sale or transfer of facial recognition
3 technology to any country that is using such tech-
4 nology for the suppression of human rights; and

5 (3) it is incumbent upon the intelligence com-
6 munity to develop clear policies and procedures that
7 prevent the abuse of facial recognition technology.

8 (b) REPORT REQUIRED.—Not later than 1 year after
9 the date of the enactment of this Act, the Director of Na-
10 tional Intelligence shall submit to the congressional intel-
11 ligence committees a report on the use of facial recognition
12 technology by the intelligence community. Such report
13 shall include each of the following:

14 (1) An analysis of the current use of facial rec-
15 ognition technology by the intelligence community.

16 (2) An analysis of the accuracy of facial rec-
17 ognition technology, including a discussion of the ap-
18 propriate threshold for use, and data disaggregated
19 by race, gender, ethnicity, and age.

20 (3) Whether the Government has adequate pro-
21 cedures in place to audit or test technology they pur-
22 chase to assess its accuracy, including on the basis
23 of race, gender, ethnicity, and age.

24 (4) The extent to which the intelligence commu-
25 nity has codified policies governing the use of facial

1 recognition technology that adequately prevent ad-
2 verse impacts on privacy, civil rights, and civil lib-
3 erties.

4 (5) An analysis of the ability of the intelligence
5 community to use facial recognition technology to
6 identify individuals in a way that respects constitu-
7 tional rights, civil rights, civil liberties, and privacy
8 of such individuals.

9 (6) Identification of risks and safeguards to up-
10 hold the constitutional rights, civil rights, civil lib-
11 erties, and privacy of individuals, including for com-
12 munities of color and religious minorities.

13 (7) Whether such technology is deployed in
14 public areas or on photos of public areas in a man-
15 ner that could raise First Amendment concerns.

16 (8) An identification of existing policies, proce-
17 dures, or practices that permit the sharing of facial
18 recognition data and technology with foreign govern-
19 ments or other non-United States Government enti-
20 ties.

21 (9) An identification of measures in place to
22 protect data security.

23 (10) An identification of any redress procedures
24 to address complaints in cases where the use of fa-
25 cial recognition resulted in harm to an individual.

1 (11) An analysis of existing transparency, over-
2 sight, and audits of the use of facial recognition to
3 measure the efficacy of the technology on an ongoing
4 basis, as measured against the cost and impact on
5 individual rights.

6 (c) FORM.—The report under subsection (a) shall be
7 submitted in unclassified form, but may include a classi-
8 fied annex.

9 (d) FACIAL RECOGNITION DATA DEFINED.—In this
10 section, the term “facial recognition data” means any
11 unique attribute or feature of the face of an end user that
12 is used by facial recognition technology to assign a unique,
13 persistent identifier, or for the unique personal identifica-
14 tion of a specific individual.

15 **SEC. 5709. REPORT ON DEEPFAKE TECHNOLOGY, FOREIGN**
16 **WEAPONIZATION OF DEEPFAKES, AND RE-**
17 **LATED NOTIFICATIONS.**

18 (a) REPORT ON FOREIGN WEAPONIZATION OF
19 DEEPFAKES AND DEEPFAKE TECHNOLOGY.—

20 (1) REPORT REQUIRED.—Not later than 180
21 days after the date of the enactment of this Act, the
22 Director of National Intelligence, in consultation
23 with the heads of the elements of the intelligence
24 community determined appropriate by the Director,

1 shall submit to the congressional intelligence com-
2 mittees a report on—

3 (A) the potential national security impacts
4 of machine-manipulated media (commonly
5 known as “deepfakes”); and

6 (B) the actual or potential use of machine-
7 manipulated media by foreign governments to
8 spread disinformation or engage in other malign
9 activities.

10 (2) MATTERS TO BE INCLUDED.—The report
11 under subsection (a) shall include the following:

12 (A) An assessment of the technical capa-
13 bilities of foreign governments, including for-
14 eign intelligence services, foreign government-
15 affiliated entities, and foreign individuals, with
16 respect to machine-manipulated media, ma-
17 chine-generated text, generative adversarial net-
18 works, and related machine-learning tech-
19 nologies, including—

20 (i) an assessment of the technical ca-
21 pabilities of the People’s Republic of China
22 and the Russian Federation with respect to
23 the production and detection of machine-
24 manipulated media; and

1 (ii) an annex describing those govern-
2 mental elements within China and Russia
3 known to have supported or facilitated ma-
4 chine-manipulated media research, develop-
5 ment, or dissemination, as well as any
6 civil-military fusion, private-sector, aca-
7 demic, or nongovernmental entities which
8 have meaningfully participated in such ac-
9 tivities.

10 (B) An updated assessment of how foreign
11 governments, including foreign intelligence serv-
12 ices, foreign government-affiliated entities, and
13 foreign individuals, could use or are using ma-
14 chine-manipulated media and machine-gen-
15 erated text to harm the national security inter-
16 ests of the United States, including an assess-
17 ment of the historic, current, or potential future
18 efforts of China and Russia to use machine-ma-
19 nipulated media, including with respect to—

20 (i) the overseas or domestic dissemi-
21 nation of misinformation;

22 (ii) the attempted discrediting of polit-
23 ical opponents or disfavored populations;
24 and

1 (iii) intelligence or influence oper-
2 ations directed against the United States,
3 allies or partners of the United States, or
4 other jurisdictions believed to be subject to
5 Chinese or Russian interference.

6 (C) An updated identification of the
7 countertechnologies that have been or could be
8 developed and deployed by the United States
9 Government, or by the private sector with Gov-
10 ernment support, to deter, detect, and attribute
11 the use of machine-manipulated media and ma-
12 chine-generated text by foreign governments,
13 foreign-government affiliates, or foreign individ-
14 uals, along with an analysis of the benefits, lim-
15 itations and drawbacks of such identified
16 counter-technologies, including any emerging
17 concerns related to privacy.

18 (D) An identification of the offices within
19 the elements of the intelligence community that
20 have, or should have, lead responsibility for
21 monitoring the development of, use of, and re-
22 sponse to machine-manipulated media and ma-
23 chine-generated text, including—

1 (i) a description of the coordination of
2 such efforts across the intelligence commu-
3 nity;

4 (ii) a detailed description of the exist-
5 ing capabilities, tools, and relevant exper-
6 tise of such elements to determine whether
7 a piece of media has been machine manip-
8 ulated or machine generated, including the
9 speed at which such determination can be
10 made, the confidence level of the element
11 in the ability to make such a determination
12 accurately, and how increasing volume and
13 improved quality of machine-manipulated
14 media or machine-generated text may neg-
15 atively impact such capabilities; and

16 (iii) a detailed description of planned
17 or ongoing research and development ef-
18 forts intended to improve the ability of the
19 intelligence community to detect machine-
20 manipulated media and machine-generated
21 text.

22 (E) A description of any research and de-
23 velopment activities carried out or under consid-
24 eration to be carried out by the intelligence
25 community, including the Intelligence Advanced

1 Research Projects Activity, relevant to machine-
2 manipulated media and machine-generated text
3 detection technologies.

4 (F) Updated recommendations regarding
5 whether the intelligence community requires ad-
6 ditional legal authorities, financial resources, or
7 specialized personnel to address the national se-
8 curity threat posed by machine-manipulated
9 media and machine-generated text.

10 (G) Other additional information the Di-
11 rector determines appropriate.

12 (b) FORM.—The report under subsection (a) shall be
13 submitted in unclassified form, but may include a classi-
14 fied annex.

15 (c) REQUIREMENT FOR NOTIFICATION.—The Direc-
16 tor of National Intelligence, in cooperation with the heads
17 of any other relevant departments or agencies of the Fed-
18 eral Government, shall notify the congressional intel-
19 ligence committees each time the Director of National In-
20 telligence determines—

21 (1) there is credible information or intelligence
22 that a foreign entity has attempted, is attempting,
23 or will attempt to deploy machine-manipulated
24 media or machine-generated text aimed at the elec-

1 tions or domestic political processes of the United
2 States; and

3 (2) that such intrusion or campaign can be at-
4 tributed to a foreign government, a foreign govern-
5 ment-affiliated entity, or a foreign individual.

6 (d) ANNUAL UPDATE.—Upon submission of the re-
7 port in subsection (a), on an annual basis, the Director
8 of National Intelligence, in consultation with the heads of
9 the elements of the intelligence community determined ap-
10 propriate by the Director, shall submit to the congress-
11 sional intelligence committees any significant updates with
12 respect to the matters described in subsection (a).

13 (e) DEFINITIONS.—

14 (1) MACHINE-GENERATED TEXT.—The term
15 “machine-generated text” means text generated
16 using machine-learning techniques in order to resem-
17 ble writing in natural language.

18 (2) MACHINE-MANIPULATED MEDIA.—The term
19 “machine-manipulated media” has the meaning
20 given that term in section 5724.

21 **SEC. 5710. ANNUAL REPORT BY COMPTROLLER GENERAL**
22 **OF THE UNITED STATES ON CYBERSECURITY**
23 **AND SURVEILLANCE THREATS TO CONGRESS.**

24 (a) ANNUAL REPORT REQUIRED.—Not later than
25 180 days after the date of the enactment of this Act and

1 not less frequently than once each year thereafter, the
2 Comptroller General of the United States shall submit to
3 the congressional intelligence committees a report on cy-
4 bersecurity and surveillance threats to Congress.

5 (b) STATISTICS.—Each report submitted under sub-
6 section (a) shall include statistics on cyber attacks and
7 other incidents of espionage or surveillance targeted
8 against Senators or the immediate families or staff of the
9 Senators, and Representatives, Delegates, and the Resi-
10 dent Commissioner, or the immediate families or staff of
11 the Representatives, Delegates, and the Resident Commis-
12 sioner, in which the nonpublic communications and other
13 private information of such targeted individuals were lost,
14 stolen, or otherwise subject to unauthorized access.

15 (c) CONSULTATION.—In preparing a report to be
16 submitted under subsection (a), the Comptroller General
17 shall consult with the Director of National Intelligence,
18 the Secretary of Homeland Security, the Sergeant at Arms
19 of the House of Representatives, and the Sergeant at
20 Arms and Doorkeeper of the Senate.

21 (d) FORM.—The report under subsection (a), includ-
22 ing the contents of the report in subsection (b), shall be
23 submitted in unclassified form, but may include a classi-
24 fied annex to protect sources and methods and any appro-
25 priate redactions of personally identifiable information.

1 **SEC. 5711. ANALYSIS OF AND PERIODIC BRIEFINGS ON**
2 **MAJOR INITIATIVES OF INTELLIGENCE COM-**
3 **MUNITY IN ARTIFICIAL INTELLIGENCE AND**
4 **MACHINE LEARNING.**

5 (a) ANALYSIS.—

6 (1) IN GENERAL.—Not later than 90 days after
7 the date of the enactment of this Act, the Director
8 of National Intelligence shall, in coordination with
9 the heads of such elements of the intelligence com-
10 munity as the Director considers appropriate—

11 (A) complete a comprehensive analysis of
12 the major initiatives of the intelligence commu-
13 nity in artificial intelligence and machine learn-
14 ing; and

15 (B) provide to the congressional intel-
16 ligence committees a briefing on the findings of
17 the Director with respect to the analysis con-
18 ducted pursuant to subparagraph (A).

19 (2) ELEMENTS.—The analysis conducted under
20 paragraph (1)(A) shall include analyses of how the
21 initiatives described in such paragraph—

22 (A) correspond with the strategy of the in-
23 telligence community entitled “Augmenting In-
24 telligence Using Machines”;

25 (B) complement each other and avoid un-
26 necessary duplication;

1 (C) are coordinated with the efforts of the
2 Defense Department on artificial intelligence,
3 including efforts at the Joint Artificial Intel-
4 ligence Center and Project Maven; and

5 (D) leverage advances in artificial intel-
6 ligence and machine learning in the private sec-
7 tor.

8 (b) PERIODIC BRIEFINGS.—Not later than 30 days
9 after the date of the enactment of this Act, not less fre-
10 quently than twice each year thereafter until the date that
11 is 2 years after the date of the enactment of this Act,
12 and not less frequently than once each year thereafter
13 until the date that is 7 years after the date of the enact-
14 ment of this Act, the Director and the Chief Information
15 Officer of the Department of Defense shall jointly provide
16 to the congressional intelligence committees and congress-
17 sional defense committees (as defined in section 101 of
18 title 10, United States Code) briefings with updates on
19 activities relating to, and the progress of, their respective
20 artificial intelligence and machine learning initiatives, par-
21 ticularly the Augmenting Intelligence Using Machines ini-
22 tiative and the Joint Artificial Intelligence Center.

1 **SEC. 5712. REPORT ON BEST PRACTICES TO PROTECT PRI-**
2 **VACY AND CIVIL LIBERTIES OF CHINESE**
3 **AMERICANS.**

4 (a) SENSE OF CONGRESS.—It is the sense of Con-
5 gress that—

6 (1) the People’s Republic of China appears to
7 be specifically targeting the Chinese-American com-
8 munity for intelligence purposes;

9 (2) such targeting carries a substantial risk
10 that the loyalty of such Americans may be generally
11 questioned and lead to unacceptable stereotyping,
12 targeting, and racial profiling;

13 (3) the United States Government has a duty
14 to warn and protect all Americans including those of
15 Chinese descent from these intelligence efforts by
16 the People’s Republic of China;

17 (4) the broad stereotyping, targeting, and racial
18 profiling of Americans of Chinese descent is contrary
19 to the values of the United States and reinforces the
20 flawed narrative perpetuated by the People’s Repub-
21 lic of China that ethnically Chinese individuals
22 worldwide have a duty to support the People’s Re-
23 public of China; and

24 (5) the United States efforts to combat the
25 People’s Republic of China’s intelligence activities

1 should actively safeguard and promote the constitu-
2 tional rights of all Chinese Americans.

3 (b) REPORT.—Not later than 180 days after the date
4 of the enactment of this Act, the Director of National In-
5 telligence, acting through the Office of Civil Liberties, Pri-
6 vacy, and Transparency, in coordination with the civil lib-
7 erties and privacy officers of the elements of the intel-
8 ligence community, shall submit a report to the congres-
9 sional intelligence committees containing—

10 (1) a review of how the policies, procedures,
11 and practices of the intelligence community that gov-
12 ern the intelligence activities and operations tar-
13 geting the People’s Republic of China affect policies,
14 procedures, and practices relating to the privacy and
15 civil liberties of Americans of Chinese descent who
16 may be targets of espionage and influence operations
17 by China; and

18 (2) recommendations to ensure that the privacy
19 and civil liberties of Americans of Chinese descent
20 are sufficiently protected.

21 (c) FORM.—The report under subsection (b) shall be
22 submitted in unclassified form, but may include a classi-
23 fied annex.

1 **SEC. 5713. OVERSIGHT OF FOREIGN INFLUENCE IN AKA-**
2 **DEMIA.**

3 (a) DEFINITIONS.—In this section:

4 (1) COVERED INSTITUTION OF HIGHER EDU-
5 CATION.—The term “covered institution of higher
6 education” means an institution described in section
7 102 of the Higher Education Act of 1965 (20
8 U.S.C. 1002) that receives Federal funds in any
9 amount and for any purpose.

10 (2) SENSITIVE RESEARCH SUBJECT.—The term
11 “sensitive research subject” means a subject of re-
12 search that is carried out at a covered institution of
13 higher education that receives funds that were ap-
14 propriated for—

15 (A) the National Intelligence Program; or

16 (B) any Federal agency the Director of
17 National Intelligence deems appropriate.

18 (b) REPORT REQUIRED.—Not later than 180 days
19 after the date of the enactment of this Act and not less
20 frequently than once each year thereafter, the Director of
21 National Intelligence, in consultation with such elements
22 of the intelligence community as the Director considers
23 appropriate and consistent with the privacy protections af-
24 farded to United States persons, shall submit to congres-
25 sional intelligence committees a report on risks to sensitive
26 research subjects posed by foreign entities in order to pro-

1 vide Congress and covered institutions of higher education
2 with more complete information on these risks and to help
3 ensure academic freedom.

4 (c) CONTENTS.—The report required by subsection
5 (b) shall include the following:

6 (1) A list of sensitive research subjects that
7 could affect national security.

8 (2) A list of foreign entities, including govern-
9 ments, corporations, nonprofit organizations and for-
10 profit organizations, and any subsidiary or affiliate
11 of such an entity, that the Director determines pose
12 a counterintelligence, espionage (including economic
13 espionage), or other national security threat with re-
14 spect to sensitive research subjects.

15 (3) A list of any known or suspected attempts
16 by foreign entities to exert pressure on covered insti-
17 tutions of higher education, including attempts to
18 limit freedom of speech, propagate misinformation
19 or disinformation, or to influence professors, re-
20 searchers, or students.

21 (4) Recommendations for collaboration between
22 covered institutions of higher education and the in-
23 telligence community to mitigate threats to sensitive
24 research subjects associated with foreign influence in

1 academia, including any necessary legislative or ad-
2 ministrative action.

3 (d) CONGRESSIONAL NOTIFICATIONS REQUIRED.—

4 Not later than 30 days after the date on which the Direc-
5 tor identifies a change to either list described in paragraph
6 (1) or (2) of subsection (c), the Director shall notify the
7 congressional intelligence committees of the change.

8 **SEC. 5714. REPORT ON DEATH OF JAMAL KHASHOGGI.**

9 (a) IN GENERAL.—Not later than 30 days after the
10 date of the enactment of this Act, the Director of National
11 Intelligence shall submit to Congress a report on the death
12 of Jamal Khashoggi, consistent with protecting sources
13 and methods. Such report shall include identification of
14 those who carried out, participated in, ordered, or were
15 otherwise complicit in or responsible for the death of
16 Jamal Khashoggi.

17 (b) FORM.—The report submitted under subsection
18 (a) shall be submitted in unclassified form.

19 **SEC. 5715. REPORT ON TERRORIST SCREENING DATABASE.**

20 (a) REPORT.—Not later than 180 days after the date
21 of the enactment of this Act, the Director of National In-
22 telligence and the Secretary of State shall jointly submit
23 to the congressional intelligence committees, the Com-
24 mittee on Foreign Affairs of the House of Representatives,
25 and the Committee on Foreign Relations of the Senate

1 a report on the terrorist screening database of the Federal
2 Bureau of Investigation.

3 (b) MATTERS INCLUDED.—The report under sub-
4 section (a) shall identify the following:

5 (1) Which foreign countries receive access to
6 the terrorist screening database.

7 (2) Which foreign countries have successfully
8 petitioned to add individuals to the terrorist screen-
9 ing database.

10 (3) What standards exist for determining which
11 countries get access to the terrorist screening data-
12 base.

13 (4) The extent to which the human rights
14 record of the government of a foreign country is con-
15 sidered in the determination to give the country ac-
16 cess to the terrorist screening database.

17 (5) What procedures, if any, exist to remove ac-
18 cess to the terrorist screening database from a for-
19 eign country.

20 (6) What procedures, if any, exist to inform an
21 individual, or the legal counsel of an individual, of
22 the placement of the individual on the terrorist
23 screening database.

1 (c) FORM.—The report under subsection (a) shall be
2 submitted in unclassified form, but may include a classi-
3 fied annex.

4 **SEC. 5716. REPORT CONTAINING THREAT ASSESSMENT ON**
5 **TERRORIST USE OF CONVENTIONAL AND AD-**
6 **VANCED CONVENTIONAL WEAPONS.**

7 (a) REPORT REQUIRED.—Not later than 180 days
8 after the date of the enactment of this Act, and annually
9 thereafter for a period of 4 years, the Under Secretary
10 of Homeland Security for Intelligence and Analysis, in co-
11 ordination with the Director of the Federal Bureau of In-
12 vestigation, shall develop and submit to the entities in ac-
13 cordance with subsection (b) a report containing a threat
14 assessment regarding the availability of conventional
15 weapons, including conventional weapons lacking serial
16 numbers, and advanced conventional weapons, for use in
17 furthering acts of terrorism, including the provision of ma-
18 terial support or resources to a foreign terrorist organiza-
19 tion and to individuals or groups supporting or engaging
20 in domestic terrorism.

21 (b) DISSEMINATION OF REPORT.—Consistent with
22 the protection of classified and confidential unclassified in-
23 formation, the Under Secretary shall—

24 (1) submit the initial report required under
25 subsection (a) to Federal, State, local, and Tribal

1 law enforcement officials, including officials who op-
2 erate within State, local, and regional fusion centers
3 under the Department of Homeland Security State,
4 Local, and Regional Fusion Center Initiative estab-
5 lished by section 210A of the Homeland Security
6 Act of 2002 (6 U.S.C. 124h); and

7 (2) submit each report required under sub-
8 section (a) to the appropriate congressional commit-
9 tees.

10 (c) DEFINITIONS.—In this section:

11 (1) APPROPRIATE CONGRESSIONAL COMMIT-
12 TEES.—The term “appropriate congressional com-
13 mittees” means—

14 (A) the Permanent Select Committee on
15 Intelligence, the Committee on Homeland Secu-
16 rity, and the Committee on the Judiciary of the
17 House of Representatives; and

18 (B) the Select Committee on Intelligence,
19 the Committee on Homeland Security and Gov-
20 ernmental Affairs, and the Committee on the
21 Judiciary of the Senate.

22 (2) DOMESTIC TERRORISM.—The term “domes-
23 tic terrorism” has the meaning given that term in
24 section 2331 of title 18, United States Code.

1 (3) FOREIGN TERRORIST ORGANIZATION.—The
2 term “foreign terrorist organization” means an or-
3 ganization designated as a foreign terrorist organiza-
4 tion under section 219 of the Immigration and Na-
5 tionality Act (8 U.S.C. 1189).

6 **SEC. 5717. ASSESSMENT OF HOMELAND SECURITY**
7 **VULNERABILITIES ASSOCIATED WITH CER-**
8 **TAIN RETIRED AND FORMER PERSONNEL OF**
9 **THE INTELLIGENCE COMMUNITY.**

10 (a) ASSESSMENT REQUIRED.—Not later than the
11 date that is 120 days after submission of the report re-
12 quired under section 5703, and annually thereafter, the
13 Director of National Intelligence, in coordination with the
14 Under Secretary of Homeland Security for Intelligence
15 and Analysis, the Director of the Federal Bureau of Inves-
16 tigation, the Director of the Central Intelligence Agency,
17 and the Director of the Defense Counterintelligence and
18 Security Agency, shall submit to the appropriate congres-
19 sional committees an assessment of the homeland security
20 vulnerabilities associated with retired and former per-
21 sonnel of the intelligence community providing covered in-
22 telligence assistance.

23 (b) FORM.—The assessment under subsection (a)
24 may be submitted in classified form.

25 (c) DEFINITIONS.—In this section:

1 (1) APPROPRIATE CONGRESSIONAL COMMIT-
2 TEES.—The term “appropriate congressional com-
3 mittees” means—

4 (A) the congressional intelligence commit-
5 tees;

6 (B) the Committee on Homeland Security
7 and Governmental Affairs of the Senate; and

8 (C) the Committee on Homeland Security
9 of the House of Representatives.

10 (2) COVERED INTELLIGENCE ASSISTANCE.—

11 The term “covered intelligence assistance” has the
12 meaning given that term in section 5703.

13 **SEC. 5718. STUDY ON FEASIBILITY AND ADVISABILITY OF**
14 **ESTABLISHING GEOSPATIAL-INTELLIGENCE**
15 **MUSEUM AND LEARNING CENTER.**

16 (a) STUDY REQUIRED.—Not later than 180 days
17 after the date of the enactment of this Act, the Director
18 of the National Geospatial-Intelligence Agency shall com-
19 plete a study on the feasibility and advisability of estab-
20 lishing a Geospatial-Intelligence Museum and learning
21 center.

22 (b) ELEMENTS.—The study required by subsection
23 (a) shall include the following:

1 (1) Identifying the costs, opportunities, and
2 challenges of establishing the museum and learning
3 center as described in such subsection.

4 (2) Developing recommendations concerning
5 such establishment.

6 (3) Identifying and reviewing lessons learned
7 from the establishment of the Cyber Center for Edu-
8 cation and Innovation-Home of the National
9 Cryptologic Museum under section 7781(a) of title
10 10, United States Code.

11 (c) REPORT.—Not later than 180 days after the date
12 of the enactment of this Act, the Director shall submit
13 to the congressional intelligence committees and the con-
14 gressional defense committees (as defined in section 101
15 of title 10, United States Code) a report on the findings
16 of the Director with respect to the study completed under
17 subsection (a).

18 **Subtitle B—Other Matters**

19 **SEC. 5721. WHISTLEBLOWER DISCLOSURES TO CONGRESS** 20 **AND COMMITTEES OF CONGRESS.**

21 Section 2302 of title 5, United States Code, is
22 amended—

23 (1) in subsection (b)(8)—

24 (A) in subparagraph (A), by striking “;
25 or” and inserting a semicolon;

1 (B) in subparagraph (B)(ii), by striking
2 the semicolon at the end and inserting “; or”;
3 and

4 (C) by inserting after subparagraph (B)
5 the following new subparagraph:

6 “(C) any disclosure to Congress (including
7 any committee of Congress) by any employee of
8 an agency or applicant for employment at an
9 agency of information described in subpara-
10 graph (B) that is—

11 “(i) not classified; or

12 “(ii) if classified—

13 “(I) has been classified by the
14 head of an agency that is not an ele-
15 ment of the intelligence community
16 (as defined by section 3 of the Na-
17 tional Security Act of 1947 (50
18 U.S.C. 3003)); and

19 “(II) does not reveal intelligence
20 sources and methods.”; and

21 (2) in subsection (c)(2)(C)(iii)(III), by inserting
22 after “Congress” the following: “(including any com-
23 mittee of Congress with respect to information that
24 is not classified or, if classified, has been classified
25 by the head of an agency that is not an element of

1 the intelligence community and does not reveal intel-
2 ligence sources and methods)”.
3

4 **SEC. 5722. TASK FORCE ON ILLICIT FINANCING OF ESPIO-**
5 **NAGE AND FOREIGN INFLUENCE OPER-**
6 **ATIONS.**

7 (a) ESTABLISHMENT.—Not later than 30 days after
8 the date of the enactment of this Act, the Director of Na-
9 tional Intelligence shall establish a task force to study and
10 assess the illicit financing of espionage and foreign influ-
11 ence operations directed at the United States.

12 (b) MEMBERSHIP.—The task force shall be composed
13 of the following individuals (or designees of the indi-
14 vidual):

15 (1) The Director of the Central Intelligence
16 Agency.

17 (2) The Director of the Federal Bureau of In-
18 vestigation.

19 (3) The Assistant Secretary of the Treasury for
20 Intelligence and Analysis.

21 (4) The Assistant Secretary of State for Intel-
22 ligence and Research.

23 (5) Such other heads of the elements of the in-
24 telligence community that the Director of National
25 Intelligence determines appropriate.

(c) CHAIRPERSON; MEETINGS.—

1 (1) CHAIRPERSON.—The Director of National
2 Intelligence shall appoint a senior official within the
3 Office of the Director of National Intelligence to
4 serve as the chairperson of the task force.

5 (2) MEETINGS.—The task force shall meet reg-
6 ularly but not less frequently than on a quarterly
7 basis.

8 (d) REPORTS.—

9 (1) INITIAL REPORT.—Not later than 180 days
10 after the date of the enactment of this Act, the task
11 force shall submit to the appropriate congressional
12 committees a report on the illicit financing of espio-
13 nage and foreign influence operations directed at the
14 United States. The report shall address the fol-
15 lowing:

16 (A) The extent of the collection by the in-
17 telligence community, from all sources (includ-
18 ing the governments of foreign countries), of in-
19 telligence and information relating to illicit fi-
20 nancing of espionage and foreign influence op-
21 erations directed at the United States, and any
22 gaps in such collection.

23 (B) Any specific legal, regulatory, policy,
24 or other prohibitions, or financial, human, tech-
25 nical, or other resource limitations or con-

1 strains, that have affected the ability of the
2 Director of National Intelligence or other heads
3 of relevant elements of the intelligence commu-
4 nity in collecting or analyzing intelligence or in-
5 formation relating to illicit financing of espio-
6 nage and foreign influence operations directed
7 at the United States.

8 (C) The methods, as of the date of the re-
9 port, by which hostile governments of foreign
10 countries or foreign organizations, and any
11 groups or persons acting on behalf of or with
12 the support of such governments or organiza-
13 tions, seek to disguise or obscure relationships
14 between such governments, organizations,
15 groups, or persons and United States persons,
16 for the purpose of conducting espionage or for-
17 eign influence operations directed at the United
18 States, including by exploiting financial laws,
19 systems, or instruments, of the United States.

20 (D) The existing practices of the intel-
21 ligence community for ensuring that intelligence
22 and information relating to the illicit financing
23 of espionage and foreign influence operations is
24 analyzed and shared with other elements of the

1 intelligence community, and any recommenda-
2 tions for improving such analysis and sharing.

3 (2) ANNUAL UPDATE.—Not later than 1 year
4 after the date of the enactment of this Act, and each
5 year thereafter through the date specified in sub-
6 section (e), the task force shall submit to the appro-
7 priate congressional committees an update on the re-
8 port.

9 (3) FORM.—Each report submitted under this
10 subsection may be submitted in classified form, but
11 if submitted in such form, shall include an unclassi-
12 fied summary.

13 (e) TERMINATION.—The task force shall terminate
14 on January 1, 2025.

15 (f) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
16 FINED.—In this section, the term “appropriate congres-
17 sional committees” means the following:

18 (1) The congressional intelligence committees.

19 (2) The Committee on Foreign Affairs and the
20 Committee on Financial Services of the House of
21 Representatives.

22 (3) The Committee on Foreign Relations and
23 the Committee on Banking, Housing, and Urban Af-
24 fairs of the Senate.

1 **SEC. 5723. ESTABLISHMENT OF FIFTH-GENERATION TECH-**
2 **NOLOGY PRIZE COMPETITION.**

3 (a) PRIZE COMPETITION.—Pursuant to section 24 of
4 the Stevenson-Wydler Technology Innovation Act of 1980
5 (15 U.S.C. 3719), the Director of National Intelligence,
6 acting through the Director of the Intelligence Advanced
7 Research Projects Agency, shall carry out a program to
8 award prizes competitively to stimulate research and de-
9 velopment relevant to fifth-generation technology.

10 (b) PRIZE AMOUNT.—In carrying out the program
11 under subsection (a), the Director may award not more
12 than a total of \$5,000,000 to one or more winners of the
13 prize competition.

14 (c) CONSULTATION.—In carrying out the program
15 under subsection (a), the Director may consult with the
16 heads of relevant departments and agencies of the Federal
17 Government.

18 (d) FIFTH-GENERATION TECHNOLOGY DEFINED.—
19 In this section, the term “fifth-generation technology”
20 means hardware, software, or other technologies relating
21 to fifth-generation wireless networks (known as “5G”).

22 **SEC. 5724. ESTABLISHMENT OF DEEPPAKES PRIZE COM-**
23 **PETITION.**

24 (a) PRIZE COMPETITION.—Pursuant to section 24 of
25 the Stevenson-Wydler Technology Innovation Act of 1980
26 (15 U.S.C. 3719), the Director of National Intelligence,

1 acting through the Director of the Intelligence Advanced
2 Research Projects Agency, shall carry out a program to
3 award prizes competitively to stimulate the research, de-
4 velopment, or commercialization of technologies to auto-
5 matically detect machine-manipulated media.

6 (b) PRIZE AMOUNT.—In carrying out the program
7 under subsection (a), the Director may award not more
8 than a total of \$5,000,000 to one or more winners of the
9 prize competition.

10 (c) CONSULTATION.—In carrying out the program
11 under subsection (a), the Director may consult with the
12 heads of relevant departments and agencies of the Federal
13 Government.

14 (d) MACHINE-MANIPULATED MEDIA DEFINED.—In
15 this section, the term “machine-manipulated media”
16 means video, image, or audio recordings generated or sub-
17 stantially modified using machine-learning techniques in
18 order to falsely depict events, to falsely depict the speech
19 or conduct of an individual, or to depict individuals who
20 do not exist.

21 **SEC. 5725. IDENTIFICATION OF AND COUNTERMEASURES**
22 **AGAINST CERTAIN INTERNATIONAL MOBILE**
23 **SUBSCRIBER IDENTITY-CATCHERS.**

24 (a) IN GENERAL.—The Director of National Intel-
25 ligence and the Director of the Federal Bureau of Inves-

1 tigation, in collaboration with the Under Secretary of
2 Homeland Security for Intelligence and Analysis, and the
3 heads of such other Federal, State, or local agencies as
4 the Directors determine appropriate, and in accordance
5 with applicable law and policy, may—

6 (1) undertake an effort to identify International
7 Mobile Subscriber Identity-catchers operated within
8 the United States by—

9 (A) hostile foreign governments; and

10 (B) individuals who have violated a crimi-
11 nal law of the United States or of any State,
12 or who have committed acts that would be a
13 criminal violation if committed within the juris-
14 diction of the United States or any State; and

15 (2) when appropriate, develop countermeasures
16 against such International Mobile Subscriber Iden-
17 tity-catchers, with prioritization given to such Inter-
18 national Mobile Subscriber Identity-catchers identi-
19 fied in the National Capital Region.

20 (b) BRIEFING REQUIRED.—Prior to developing coun-
21 termeasures under subsection (a)(2), the Director of Na-
22 tional Intelligence and the Director of the Federal Bureau
23 of Investigation shall provide a briefing to the appropriate
24 congressional committees on—

1 (1) the use of International Mobile Subscriber
2 Identity-catchers operated within the United States
3 by the individuals and governments described in sub-
4 section (a)(1);

5 (2) potential countermeasures by the intel-
6 ligence community against such International Mobile
7 Subscriber Identity-catchers; and

8 (3) any legal or policy limitations with respect
9 to the development or carrying out of such counter-
10 measures.

11 (c) DEFINITIONS.—

12 (1) APPROPRIATE CONGRESSIONAL COMMIT-
13 TEES.—The term “appropriate congressional com-
14 mittees” means—

15 (A) the congressional intelligence commit-
16 tees;

17 (B) the Committee on Homeland Security
18 of the House of Representatives and the Com-
19 mittee on Homeland Security and Govern-
20 mental Affairs of the Senate; and

21 (C) the Committees on the Judiciary of the
22 House of Representatives and the Senate.

23 (2) INTERNATIONAL MOBILE SUBSCRIBER
24 IDENTITY-CATCHER.—The term “International Mo-
25 bile Subscriber Identity-catcher” means a device

1 used for intercepting mobile phone identifying infor-
2 mation and location data.

3 **SEC. 5726. SECURING ENERGY INFRASTRUCTURE.**

4 (a) DEFINITIONS.—In this section:

5 (1) APPROPRIATE CONGRESSIONAL COMMIT-
6 TEES.—The term “appropriate congressional com-
7 mittees” means—

8 (A) the congressional intelligence commit-
9 tees;

10 (B) the Committee on Homeland Security
11 and Governmental Affairs and the Committee
12 on Energy and Natural Resources of the Sen-
13 ate; and

14 (C) the Committee on Homeland Security
15 and the Committee on Energy and Commerce
16 of the House of Representatives.

17 (2) COVERED ENTITY.—The term “covered en-
18 tity” means an entity identified pursuant to section
19 9(a) of Executive Order No. 13636 of February 12,
20 2013 (78 Fed. Reg. 11742), relating to identifica-
21 tion of critical infrastructure where a cybersecurity
22 incident could reasonably result in catastrophic re-
23 gional or national effects on public health or safety,
24 economic security, or national security.

1 (3) EXPLOIT.—The term “exploit” means a
2 software tool designed to take advantage of a secu-
3 rity vulnerability.

4 (4) INDUSTRIAL CONTROL SYSTEM.—The term
5 “industrial control system” means an operational
6 technology used to measure, control, or manage in-
7 dustrial functions, and includes supervisory control
8 and data acquisition systems, distributed control
9 systems, and programmable logic or embedded con-
10 trollers.

11 (5) NATIONAL LABORATORY.—The term “Na-
12 tional Laboratory” has the meaning given the term
13 in section 2 of the Energy Policy Act of 2005 (42
14 U.S.C. 15801).

15 (6) PROGRAM.—The term “Program” means
16 the pilot program established under subsection (b).

17 (7) SECRETARY.—Except as otherwise specifi-
18 cally provided, the term “Secretary” means the Sec-
19 retary of Energy.

20 (8) SECURITY VULNERABILITY.—The term “se-
21 curity vulnerability” means any attribute of hard-
22 ware, software, process, or procedure that could en-
23 able or facilitate the defeat of a security control.

24 (b) PILOT PROGRAM FOR SECURING ENERGY INFRA-
25 STRUCTURE.—Not later than 180 days after the date of

1 the enactment of this Act, the Secretary shall establish
2 a 2-year control systems implementation pilot program
3 within the National Laboratories for the purposes of—

4 (1) partnering with covered entities in the en-
5 ergy sector (including critical component manufac-
6 turers in the supply chain) that voluntarily partici-
7 pate in the Program to identify new classes of secu-
8 rity vulnerabilities of the covered entities; and

9 (2) evaluating technology and standards, in
10 partnership with covered entities, to isolate and de-
11 fend industrial control systems of covered entities
12 from security vulnerabilities and exploits in the most
13 critical systems of the covered entities, including—

14 (A) analog and nondigital control systems;

15 (B) purpose-built control systems; and

16 (C) physical controls.

17 (c) WORKING GROUP TO EVALUATE PROGRAM
18 STANDARDS AND DEVELOP STRATEGY.—

19 (1) ESTABLISHMENT.—The Secretary shall es-
20 tablish a working group—

21 (A) to evaluate the technology and stand-
22 ards used in the Program under subsection
23 (b)(2); and

24 (B) to develop a national cyber-informed
25 engineering strategy to isolate and defend cov-

1 ered entities from security vulnerabilities and
2 exploits in the most critical systems of the cov-
3 ered entities.

4 (2) MEMBERSHIP.—The working group estab-
5 lished under paragraph (1) shall be composed of not
6 fewer than 10 members, to be appointed by the Sec-
7 retary, at least 1 member of which shall represent
8 each of the following:

9 (A) The Department of Energy.

10 (B) The energy industry, including electric
11 utilities and manufacturers recommended by
12 the Energy Sector coordinating councils.

13 (C)(i) The Department of Homeland Secu-
14 rity; or

15 (ii) the Industrial Control Systems Cyber
16 Emergency Response Team.

17 (D) The North American Electric Reli-
18 ability Corporation.

19 (E) The Nuclear Regulatory Commission.

20 (F)(i) The Office of the Director of Na-
21 tional Intelligence; or

22 (ii) the intelligence community (as defined
23 in section 3 of the National Security Act of
24 1947 (50 U.S.C. 3003)).

25 (G)(i) The Department of Defense; or

1 (ii) the Assistant Secretary of Defense for
2 Homeland Security and America's Security Af-
3 fairs.

4 (H) A State or regional energy agency.

5 (I) A national research body or academic
6 institution.

7 (J) The National Laboratories.

8 (d) REPORTS ON THE PROGRAM.—

9 (1) INTERIM REPORT.—Not later than 180
10 days after the date on which funds are first dis-
11 bursed under the Program, the Secretary shall sub-
12 mit to the appropriate congressional committees an
13 interim report that—

14 (A) describes the results of the Program;

15 (B) includes an analysis of the feasibility
16 of each method studied under the Program; and

17 (C) describes the results of the evaluations
18 conducted by the working group established
19 under subsection (c)(1).

20 (2) FINAL REPORT.—Not later than 2 years
21 after the date on which funds are first disbursed
22 under the Program, the Secretary shall submit to
23 the appropriate congressional committees a final re-
24 port that—

25 (A) describes the results of the Program;

1 (B) includes an analysis of the feasibility
2 of each method studied under the Program; and

3 (C) describes the results of the evaluations
4 conducted by the working group established
5 under subsection (c)(1).

6 (e) EXEMPTION FROM DISCLOSURE.—Information
7 shared by or with the Federal Government or a State,
8 Tribal, or local government under this section—

9 (1) shall be deemed to be voluntarily shared in-
10 formation;

11 (2) shall be exempt from disclosure under sec-
12 tion 552 of title 5, United States Code, or any provi-
13 sion of any State, Tribal, or local freedom of infor-
14 mation law, open government law, open meetings
15 law, open records law, sunshine law, or similar law
16 requiring the disclosure of information or records;
17 and

18 (3) shall be withheld from the public, without
19 discretion, under section 552(b)(3) of title 5, United
20 States Code, and any provision of any State, Tribal,
21 or local law requiring the disclosure of information
22 or records.

23 (f) PROTECTION FROM LIABILITY.—

1 (1) IN GENERAL.—A cause of action against a
2 covered entity for engaging in the voluntary activi-
3 ties authorized under subsection (b)—

4 (A) shall not lie or be maintained in any
5 court; and

6 (B) shall be promptly dismissed by the ap-
7 plicable court.

8 (2) VOLUNTARY ACTIVITIES.—Nothing in this
9 section subjects any covered entity to liability for not
10 engaging in the voluntary activities authorized under
11 subsection (b).

12 (g) NO NEW REGULATORY AUTHORITY FOR FED-
13 ERAL AGENCIES.—Nothing in this section authorizes the
14 Secretary or the head of any other department or agency
15 of the Federal Government to issue new regulations.

16 (h) AUTHORIZATION OF APPROPRIATIONS.—

17 (1) PILOT PROGRAM.—There is authorized to
18 be appropriated \$10,000,000 to carry out subsection
19 (b).

20 (2) WORKING GROUP AND REPORT.—There is
21 authorized to be appropriated \$1,500,000 to carry
22 out subsections (c) and (d).

23 (3) AVAILABILITY.—Amounts made available
24 under paragraphs (1) and (2) shall remain available
25 until expended.

1 **SUBDIVISION 2—INTELLIGENCE**
2 **AUTHORIZATIONS FOR FIS-**
3 **CAL YEARS 2018 AND 2019**

4 **SEC. 6100. TABLE OF CONTENTS.**

5 The table of contents for this subdivision is as fol-
6 lows:

Sec. 6100. Table of contents.

TITLE LXI—INTELLIGENCE ACTIVITIES

Sec. 6101. Authorization of appropriations.

Sec. 6102. Intelligence Community Management Account.

**TITLE LXII—CENTRAL INTELLIGENCE AGENCY RETIREMENT
AND DISABILITY SYSTEM**

Sec. 6201. Authorization of appropriations.

Sec. 6202. Computation of annuities for employees of the Central Intelligence Agency.

TITLE LXIII—GENERAL INTELLIGENCE COMMUNITY MATTERS

Sec. 6301. Restriction on conduct of intelligence activities.

Sec. 6302. Increase in employee compensation and benefits authorized by law.

Sec. 6303. Modification of special pay authority for science, technology, engineering, or mathematics positions and addition of special pay authority for cyber positions.

Sec. 6304. Modification of appointment of Chief Information Officer of the Intelligence Community.

Sec. 6305. Director of National Intelligence review of placement of positions within the intelligence community on the Executive Schedule.

Sec. 6306. Supply Chain and Counterintelligence Risk Management Task Force.

Sec. 6307. Consideration of adversarial telecommunications and cybersecurity infrastructure when sharing intelligence with foreign governments and entities.

Sec. 6308. Cyber protection support for the personnel of the intelligence community in positions highly vulnerable to cyber attack.

Sec. 6309. Elimination of sunset of authority relating to management of supply-chain risk.

Sec. 6310. Limitations on determinations regarding certain security classifications.

Sec. 6311. Joint Intelligence Community Council.

Sec. 6312. Intelligence community information technology environment.

Sec. 6313. Report on development of secure mobile voice solution for intelligence community.

Sec. 6314. Policy on minimum insider threat standards.

Sec. 6315. Submission of intelligence community policies.

Sec. 6316. Expansion of intelligence community recruitment efforts.

TITLE LXIV—MATTERS RELATING TO ELEMENTS OF THE INTELLIGENCE COMMUNITY

Subtitle A—Office of the Director of National Intelligence

- Sec. 6401. Authority for protection of current and former employees of the Office of the Director of National Intelligence.
- Sec. 6402. Designation of the program manager-information-sharing environment.
- Sec. 6403. Technical modification to the executive schedule.
- Sec. 6404. Chief Financial Officer of the Intelligence Community.
- Sec. 6405. Chief Information Officer of the Intelligence Community.

Subtitle B—Central Intelligence Agency

- Sec. 6411. Central Intelligence Agency subsistence for personnel assigned to austere locations.
- Sec. 6412. Special rules for certain monthly workers' compensation payments and other payments for Central Intelligence Agency personnel.
- Sec. 6413. Expansion of security protective service jurisdiction of the Central Intelligence Agency.
- Sec. 6414. Repeal of foreign language proficiency requirement for certain senior level positions in the Central Intelligence Agency.

Subtitle C—Office of Intelligence and Counterintelligence of Department of Energy

- Sec. 6421. Consolidation of Department of Energy Offices of Intelligence and Counterintelligence.
- Sec. 6422. Repeal of Department of Energy Intelligence Executive Committee and budget reporting requirement.

Subtitle D—Other Elements

- Sec. 6431. Plan for designation of counterintelligence component of Defense Security Service as an element of intelligence community.
- Sec. 6432. Notice not required for private entities.
- Sec. 6433. Establishment of advisory board for National Reconnaissance Office.
- Sec. 6434. Collocation of certain Department of Homeland Security personnel at field locations.

TITLE LXV—ELECTION MATTERS

- Sec. 6501. Report on cyber attacks by foreign governments against United States election infrastructure.
- Sec. 6502. Review of intelligence community's posture to collect against and analyze Russian efforts to influence the Presidential election.
- Sec. 6503. Assessment of foreign intelligence threats to Federal elections.
- Sec. 6504. Strategy for countering Russian cyber threats to United States elections.
- Sec. 6505. Assessment of significant Russian influence campaigns directed at foreign elections and referenda.
- Sec. 6506. Information sharing with State election officials.
- Sec. 6507. Notification of significant foreign cyber intrusions and active measures campaigns directed at elections for Federal offices.
- Sec. 6508. Designation of counterintelligence officer to lead election security matters.

TITLE LXVI—SECURITY CLEARANCES

- Sec. 6601. Definitions.
- Sec. 6602. Reports and plans relating to security clearances and background investigations.
- Sec. 6603. Improving the process for security clearances.
- Sec. 6604. Goals for promptness of determinations regarding security clearances.
- Sec. 6605. Security Executive Agent.
- Sec. 6606. Report on unified, simplified, Governmentwide standards for positions of trust and security clearances.
- Sec. 6607. Report on clearance in person concept.
- Sec. 6608. Reports on reciprocity for security clearances inside of departments and agencies.
- Sec. 6609. Intelligence community reports on security clearances.
- Sec. 6610. Periodic report on positions in the intelligence community that can be conducted without access to classified information, networks, or facilities.
- Sec. 6611. Information-sharing program for positions of trust and security clearances.
- Sec. 6612. Report on protections for confidentiality of whistleblower-related communications.
- Sec. 6613. Reports on costs of security clearance background investigations.

TITLE LXVII—REPORTS AND OTHER MATTERS

Subtitle A—Matters Relating to Russia and Other Foreign Powers

- Sec. 6701. Limitation relating to establishment or support of cybersecurity unit with the Russian Federation.
- Sec. 6702. Assessment of threat finance relating to Russia.
- Sec. 6703. Notification of an active measures campaign.
- Sec. 6704. Notification of travel by accredited diplomatic and consular personnel of the Russian Federation in the United States.
- Sec. 6705. Report and annual briefing on Iranian expenditures supporting foreign military and terrorist activities.
- Sec. 6706. Expansion of scope of committee to counter active measures.

Subtitle B—Reports

- Sec. 6711. Technical correction to Inspector General study.
- Sec. 6712. Reports on authorities of the Chief Intelligence Officer of the Department of Homeland Security.
- Sec. 6713. Review of intelligence community whistleblower matters.
- Sec. 6714. Report on role of Director of National Intelligence with respect to certain foreign investments.
- Sec. 6715. Report on surveillance by foreign governments against United States telecommunications networks.
- Sec. 6716. Biennial report on foreign investment risks.
- Sec. 6717. Modification of certain reporting requirement on travel of foreign diplomats.
- Sec. 6718. Semiannual reports on investigations of unauthorized disclosures of classified information.
- Sec. 6719. Congressional notification of designation of covered intelligence officer as persona non grata.

- Sec. 6720. Reports on intelligence community participation in vulnerabilities equities process of Federal Government.
- Sec. 6721. Inspectors General reports on classification.
- Sec. 6722. Reports and briefings on national security effects of global water insecurity and emerging infectious disease and pandemics.
- Sec. 6723. Annual report on memoranda of understanding between elements of intelligence community and other entities of the United States Government regarding significant operational activities or policy.
- Sec. 6724. Study on the feasibility of encrypting unclassified wireline and wireless telephone calls.
- Sec. 6725. Reports on intelligence community loan repayment and related programs.
- Sec. 6726. Repeal of certain reporting requirements.
- Sec. 6727. Inspector General of the Intelligence Community report on senior executives of the Office of the Director of National Intelligence.
- Sec. 6728. Briefing on Federal Bureau of Investigation offering permanent residence to sources and cooperators.
- Sec. 6729. Intelligence assessment of North Korea revenue sources.
- Sec. 6730. Report on possible exploitation of virtual currencies by terrorist actors.

Subtitle C—Other Matters

- Sec. 6741. Public Interest Declassification Board.
- Sec. 6742. Technical and clerical amendments to the National Security Act of 1947.
- Sec. 6743. Bug bounty programs.
- Sec. 6744. Technical amendments related to the Department of Energy.
- Sec. 6745. Sense of Congress on notification of certain disclosures of classified information.
- Sec. 6746. Sense of Congress on consideration of espionage activities when considering whether or not to provide visas to foreign individuals to be accredited to a United Nations mission in the United States.
- Sec. 6747. Sense of Congress on WikiLeaks.

1 **TITLE LXI—INTELLIGENCE**
 2 **ACTIVITIES**

3 **SEC. 6101. AUTHORIZATION OF APPROPRIATIONS.**

4 (a) FISCAL YEAR 2019.—Funds that were appro-
 5 priated for fiscal year 2019 for the conduct of the intel-
 6 ligence and intelligence-related activities of the following
 7 elements of the United States Government are hereby au-
 8 thorized:

1 (1) The Office of the Director of National Intel-
2 ligence.

3 (2) The Central Intelligence Agency.

4 (3) The Department of Defense.

5 (4) The Defense Intelligence Agency.

6 (5) The National Security Agency.

7 (6) The Department of the Army, the Depart-
8 ment of the Navy, and the Department of the Air
9 Force.

10 (7) The Coast Guard.

11 (8) The Department of State.

12 (9) The Department of the Treasury.

13 (10) The Department of Energy.

14 (11) The Department of Justice.

15 (12) The Federal Bureau of Investigation.

16 (13) The Drug Enforcement Administration.

17 (14) The National Reconnaissance Office.

18 (15) The National Geospatial-Intelligence Agen-
19 cy.

20 (16) The Department of Homeland Security.

21 (b) FISCAL YEAR 2018.—Funds that were appro-
22 priated for fiscal year 2018 for the conduct of the intel-
23 ligence and intelligence-related activities of the elements
24 of the United States set forth in subsection (a) are hereby
25 authorized.

1 **SEC. 6102. INTELLIGENCE COMMUNITY MANAGEMENT AC-**
2 **COUNT.**

3 The amounts that were appropriated for the Intel-
4 ligence Community Management Account of the Director
5 of National Intelligence for fiscal years 2018 and 2019
6 are hereby authorized.

7 **TITLE LXII—CENTRAL INTEL-**
8 **LIGENCE AGENCY RETIRE-**
9 **MENT AND DISABILITY SYS-**
10 **TEM**

11 **SEC. 6201. AUTHORIZATION OF APPROPRIATIONS.**

12 The amounts that were appropriated for the Central
13 Intelligence Agency Retirement and Disability Fund for
14 fiscal years 2018 and 2019 are hereby authorized.

15 **SEC. 6202. COMPUTATION OF ANNUITIES FOR EMPLOYEES**
16 **OF THE CENTRAL INTELLIGENCE AGENCY.**

17 (a) COMPUTATION OF ANNUITIES.—

18 (1) IN GENERAL.—Section 221 of the Central
19 Intelligence Agency Retirement Act (50 U.S.C.
20 2031) is amended—

21 (A) in subsection (a)(3)(B), by striking the
22 period at the end and inserting “, as deter-
23 mined by using the annual rate of basic pay
24 that would be payable for full-time service in
25 that position.”;

1 (B) in subsection (b)(1)(C)(i), by striking
2 “12-month” and inserting “2-year”;

3 (C) in subsection (f)(2), by striking “one
4 year” and inserting “two years”;

5 (D) in subsection (g)(2), by striking “one
6 year” each place such term appears and insert-
7 ing “two years”;

8 (E) by redesignating subsections (h), (i),
9 (j), (k), and (l) as subsections (i), (j), (k), (l),
10 and (m), respectively; and

11 (F) by inserting after subsection (g) the
12 following:

13 “(h) **CONDITIONAL ELECTION OF INSURABLE INTER-**
14 **EST SURVIVOR ANNUITY BY PARTICIPANTS MARRIED AT**
15 **THE TIME OF RETIREMENT.—**

16 “(1) **AUTHORITY TO MAKE DESIGNATION.—**

17 Subject to the rights of former spouses under sub-
18 section (b) and section 222, at the time of retire-
19 ment a married participant found by the Director to
20 be in good health may elect to receive an annuity re-
21 duced in accordance with subsection (f)(1)(B) and
22 designate in writing an individual having an insur-
23 able interest in the participant to receive an annuity
24 under the system after the participant’s death, ex-
25 cept that any such election to provide an insurable

1 interest survivor annuity to the participant's spouse
2 shall only be effective if the participant's spouse
3 waives the spousal right to a survivor annuity under
4 this Act. The amount of the annuity shall be equal
5 to 55 percent of the participant's reduced annuity.

6 “(2) REDUCTION IN PARTICIPANT'S ANNUITY.—
7 The annuity payable to the participant making such
8 election shall be reduced by 10 percent of an annuity
9 computed under subsection (a) and by an additional
10 5 percent for each full 5 years the designated indi-
11 vidual is younger than the participant. The total re-
12 duction under this subparagraph may not exceed 40
13 percent.

14 “(3) COMMENCEMENT OF SURVIVOR ANNU-
15 ITY.—The annuity payable to the designated indi-
16 vidual shall begin on the day after the retired partic-
17 ipant dies and terminate on the last day of the
18 month before the designated individual dies.

19 “(4) RECOMPUTATION OF PARTICIPANT'S AN-
20 NUITY ON DEATH OF DESIGNATED INDIVIDUAL.—An
21 annuity that is reduced under this subsection shall,
22 effective the first day of the month following the
23 death of the designated individual, be recomputed
24 and paid as if the annuity had not been so re-
25 duced.”.

1 (2) CONFORMING AMENDMENTS.—

2 (A) CENTRAL INTELLIGENCE AGENCY RE-
3 TIREMENT ACT.—The Central Intelligence
4 Agency Retirement Act (50 U.S.C. 2001 et
5 seq.) is amended—

6 (i) in section 232(b)(1) (50 U.S.C.
7 2052(b)(1)), by striking “221(h),” and in-
8 serting “221(i),”; and

9 (ii) in section 252(h)(4) (50 U.S.C.
10 2082(h)(4)), by striking “221(k)” and in-
11 serting “221(l)”.

12 (B) CENTRAL INTELLIGENCE AGENCY ACT
13 OF 1949.—Subsection (a) of section 14 of the
14 Central Intelligence Agency Act of 1949 (50
15 U.S.C. 3514(a)) is amended by striking
16 “221(h)(2), 221(i), 221(l),” and inserting
17 “221(i)(2), 221(j), 221(m),”.

18 (b) ANNUITIES FOR FORMER SPOUSES.—Subpara-
19 graph (B) of section 222(b)(5) of the Central Intelligence
20 Agency Retirement Act (50 U.S.C. 2032(b)(5)(B)) is
21 amended by striking “one year” and inserting “two
22 years”.

23 (c) PRIOR SERVICE CREDIT.—Subparagraph (A) of
24 section 252(b)(3) of the Central Intelligence Agency Re-
25 tirement Act (50 U.S.C. 2082(b)(3)(A)) is amended by

1 striking “October 1, 1990” both places that term appears
2 and inserting “March 31, 1991”.

3 (d) REEMPLOYMENT COMPENSATION.—Section 273
4 of the Central Intelligence Agency Retirement Act (50
5 U.S.C. 2113) is amended—

6 (1) by redesignating subsections (b) and (c) as
7 subsections (c) and (d), respectively; and

8 (2) by inserting after subsection (a) the fol-
9 lowing:

10 “(b) PART-TIME REEMPLOYED ANNUITANTS.—The
11 Director shall have the authority to reemploy an annuitant
12 on a part-time basis in accordance with section 8344(l)
13 of title 5, United States Code.”.

14 (e) EFFECTIVE DATE AND APPLICATION.—The
15 amendments made by subsection (a)(1)(A) and subsection
16 (c) shall take effect as if enacted on October 28, 2009,
17 and shall apply to computations or participants, respec-
18 tively, as of such date.

19 **TITLE LXIII—GENERAL INTEL-**
20 **LIGENCE COMMUNITY MAT-**
21 **TERS**

22 **SEC. 6301. RESTRICTION ON CONDUCT OF INTELLIGENCE**
23 **ACTIVITIES.**

24 The authorization of appropriations by this subdivi-
25 sion shall not be deemed to constitute authority for the

1 conduct of any intelligence activity which is not otherwise
2 authorized by the Constitution or the laws of the United
3 States.

4 **SEC. 6302. INCREASE IN EMPLOYEE COMPENSATION AND**
5 **BENEFITS AUTHORIZED BY LAW.**

6 Appropriations authorized by this subdivision for sal-
7 ary, pay, retirement, and other benefits for Federal em-
8 ployees may be increased by such additional or supple-
9 mental amounts as may be necessary for increases in such
10 compensation or benefits authorized by law.

11 **SEC. 6303. MODIFICATION OF SPECIAL PAY AUTHORITY**
12 **FOR SCIENCE, TECHNOLOGY, ENGINEERING,**
13 **OR MATHEMATICS POSITIONS AND ADDITION**
14 **OF SPECIAL PAY AUTHORITY FOR CYBER PO-**
15 **SITIONS.**

16 Section 113B of the National Security Act of 1947
17 (50 U.S.C. 3049a) is amended—

18 (1) by amending subsection (a) to read as fol-
19 lows:

20 “(a) SPECIAL RATES OF PAY FOR POSITIONS RE-
21 QUIRING EXPERTISE IN SCIENCE, TECHNOLOGY, ENGI-
22 NEERING, OR MATHEMATICS.—

23 “(1) IN GENERAL.—Notwithstanding part III
24 of title 5, United States Code, the head of each ele-
25 ment of the intelligence community may, for one or

1 more categories of positions in such element that re-
2 quire expertise in science, technology, engineering,
3 or mathematics—

4 “(A) establish higher minimum rates of
5 pay; and

6 “(B) make corresponding increases in all
7 rates of pay of the pay range for each grade or
8 level, subject to subsection (b) or (c), as appli-
9 cable.

10 “(2) TREATMENT.—The special rate supple-
11 ments resulting from the establishment of higher
12 rates under paragraph (1) shall be basic pay for the
13 same or similar purposes as those specified in sec-
14 tion 5305(j) of title 5, United States Code.”;

15 (2) by redesignating subsections (b) through (f)
16 as subsections (c) through (g), respectively;

17 (3) by inserting after subsection (a) the fol-
18 lowing:

19 “(b) SPECIAL RATES OF PAY FOR CYBER POSI-
20 TIONS.—

21 “(1) IN GENERAL.—Notwithstanding subsection
22 (c), the Director of the National Security Agency
23 may establish a special rate of pay—

24 “(A) not to exceed the rate of basic pay
25 payable for level II of the Executive Schedule

1 under section 5313 of title 5, United States
2 Code, if the Director certifies to the Under Sec-
3 retary of Defense for Intelligence, in consulta-
4 tion with the Under Secretary of Defense for
5 Personnel and Readiness, that the rate of pay
6 is for positions that perform functions that exe-
7 cute the cyber mission of the Agency; or

8 “(B) not to exceed the rate of basic pay
9 payable for the Vice President of the United
10 States under section 104 of title 3, United
11 States Code, if the Director certifies to the Sec-
12 retary of Defense, by name, individuals that
13 have advanced skills and competencies and that
14 perform critical functions that execute the cyber
15 mission of the Agency.

16 “(2) PAY LIMITATION.—Employees receiving a
17 special rate under paragraph (1) shall be subject to
18 an aggregate pay limitation that parallels the limita-
19 tion established in section 5307 of title 5, United
20 States Code, except that—

21 “(A) any allowance, differential, bonus,
22 award, or other similar cash payment in addi-
23 tion to basic pay that is authorized under title
24 10, United States Code, (or any other applica-
25 ble law in addition to title 5 of such Code, ex-

1 including the Fair Labor Standards Act of 1938
2 (29 U.S.C. 201 et seq.) shall also be counted
3 as part of aggregate compensation; and

4 “(B) aggregate compensation may not ex-
5 ceed the rate established for the Vice President
6 of the United States under section 104 of title
7 3, United States Code.

8 “(3) LIMITATION ON NUMBER OF RECIPI-
9 ENTS.—The number of individuals who receive basic
10 pay established under paragraph (1)(B) may not ex-
11 ceed 100 at any time.

12 “(4) LIMITATION ON USE AS COMPARATIVE
13 REFERENCE.—Notwithstanding any other provision
14 of law, special rates of pay and the limitation estab-
15 lished under paragraph (1)(B) may not be used as
16 comparative references for the purpose of fixing the
17 rates of basic pay or maximum pay limitations of
18 qualified positions under section 1599f of title 10,
19 United States Code, or section 226 of the Homeland
20 Security Act of 2002 (6 U.S.C. 147).”;

21 (4) in subsection (c), as redesignated by para-
22 graph (2), by striking “A minimum” and inserting
23 “Except as provided in subsection (b), a minimum”;

1 (5) in subsection (d), as redesignated by para-
2 graph (2), by inserting “or (b)” after “by subsection
3 (a)”;

4 (6) in subsection (g), as redesignated by para-
5 graph (2)—

6 (A) in paragraph (1), by striking “Not
7 later than 90 days after the date of the enact-
8 ment of the Intelligence Authorization Act for
9 Fiscal Year 2017” and inserting “Not later
10 than 90 days after the date of the enactment of
11 the Damon Paul Nelson and Matthew Young
12 Pollard Intelligence Authorization Act for Fis-
13 cal Years 2018 and 2019”;

14 (B) in paragraph (2)(A), by inserting “or
15 (b)” after “subsection (a)”.

16 **SEC. 6304. MODIFICATION OF APPOINTMENT OF CHIEF IN-**
17 **FORMATION OFFICER OF THE INTELLIGENCE**
18 **COMMUNITY.**

19 Section 103G(a) of the National Security Act of 1947
20 (50 U.S.C. 3032(a)) is amended by striking “President”
21 and inserting “Director”.

1 **SEC. 6305. DIRECTOR OF NATIONAL INTELLIGENCE RE-**
2 **VIEW OF PLACEMENT OF POSITIONS WITHIN**
3 **THE INTELLIGENCE COMMUNITY ON THE EX-**
4 **ECUTIVE SCHEDULE.**

5 (a) REVIEW.—The Director of National Intelligence,
6 in coordination with the Director of the Office of Per-
7 sonnel Management, shall conduct a review of positions
8 within the intelligence community regarding the placement
9 of such positions on the Executive Schedule under sub-
10 chapter II of chapter 53 of title 5, United States Code.
11 In carrying out such review, the Director of National In-
12 telligence, in coordination with the Director of the Office
13 of Personnel Management, shall determine—

14 (1) the standards under which such review will
15 be conducted;

16 (2) which positions should or should not be on
17 the Executive Schedule; and

18 (3) for those positions that should be on the
19 Executive Schedule, the level of the Executive
20 Schedule at which such positions should be placed.

21 (b) REPORT.—Not later than 60 days after the date
22 on which the review under subsection (a) is completed, the
23 Director of National Intelligence shall submit to the con-
24 gressional intelligence committees, the Committee on
25 Homeland Security and Governmental Affairs of the Sen-
26 ate, and the Committee on Oversight and Reform of the

1 House of Representatives an unredacted report describing
2 the standards by which the review was conducted and the
3 outcome of the review.

4 **SEC. 6306. SUPPLY CHAIN AND COUNTERINTELLIGENCE**

5 **RISK MANAGEMENT TASK FORCE.**

6 (a) **APPROPRIATE CONGRESSIONAL COMMITTEES**
7 **DEFINED.**—In this section, the term “appropriate con-
8 gressional committees” means the following:

9 (1) The congressional intelligence committees.

10 (2) The Committee on Armed Services and the
11 Committee on Homeland Security and Governmental
12 Affairs of the Senate.

13 (3) The Committee on Armed Services, the
14 Committee on Homeland Security, and the Com-
15 mittee on Oversight and Reform of the House of
16 Representatives.

17 (b) **REQUIREMENT TO ESTABLISH.**—The Director of
18 National Intelligence shall establish a Supply Chain and
19 Counterintelligence Risk Management Task Force to
20 standardize information sharing between the intelligence
21 community and the acquisition community of the United
22 States Government with respect to the supply chain and
23 counterintelligence risks.

1 (c) MEMBERS.—The Supply Chain and Counterintel-
2 ligence Risk Management Task Force established under
3 subsection (b) shall be composed of—

4 (1) a representative of the Defense Security
5 Service of the Department of Defense;

6 (2) a representative of the General Services Ad-
7 ministration;

8 (3) a representative of the Office of Federal
9 Procurement Policy of the Office of Management
10 and Budget;

11 (4) a representative of the Department of
12 Homeland Security;

13 (5) a representative of the Federal Bureau of
14 Investigation;

15 (6) the Director of the National Counterintel-
16 ligence and Security Center; and

17 (7) any other members the Director of National
18 Intelligence determines appropriate.

19 (d) SECURITY CLEARANCES.—Each member of the
20 Supply Chain and Counterintelligence Risk Management
21 Task Force established under subsection (b) shall have a
22 security clearance at the top secret level and be able to
23 access sensitive compartmented information.

24 (e) ANNUAL REPORT.—The Supply Chain and Coun-
25 terintelligence Risk Management Task Force established

1 under subsection (b) shall submit to the appropriate con-
2 gressional committees an annual report that describes the
3 activities of the Task Force during the previous year, in-
4 cluding identification of the supply chain, cybersecurity,
5 and counterintelligence risks shared with the acquisition
6 community of the United States Government by the intel-
7 ligence community.

8 **SEC. 6307. CONSIDERATION OF ADVERSARIAL TELE-**
9 **COMMUNICATIONS AND CYBERSECURITY IN-**
10 **FRASTRUCTURE WHEN SHARING INTEL-**
11 **LIGENCE WITH FOREIGN GOVERNMENTS AND**
12 **ENTITIES.**

13 Whenever the head of an element of the intelligence
14 community enters into an intelligence-sharing agreement
15 with a foreign government or any other foreign entity, the
16 head of the element shall consider the pervasiveness of
17 telecommunications and cybersecurity infrastructure,
18 equipment, and services provided by adversaries of the
19 United States, particularly China and Russia, or entities
20 of such adversaries in the country or region of the foreign
21 government or other foreign entity entering into the agree-
22 ment.

1 **SEC. 6308. CYBER PROTECTION SUPPORT FOR THE PER-**
2 **SONNEL OF THE INTELLIGENCE COMMUNITY**
3 **IN POSITIONS HIGHLY VULNERABLE TO**
4 **CYBER ATTACK.**

5 (a) DEFINITIONS.—In this section:

6 (1) PERSONAL ACCOUNTS.—The term “personal
7 accounts” means accounts for online and tele-
8 communications services, including telephone, resi-
9 dential internet access, email, text and multimedia
10 messaging, cloud computing, social media, health
11 care, and financial services, used by personnel of the
12 intelligence community outside of the scope of their
13 employment with elements of the intelligence com-
14 munity.

15 (2) PERSONAL TECHNOLOGY DEVICES.—The
16 term “personal technology devices” means tech-
17 nology devices used by personnel of the intelligence
18 community outside of the scope of their employment
19 with elements of the intelligence community, includ-
20 ing networks to which such devices connect.

21 (b) AUTHORITY TO PROVIDE CYBER PROTECTION
22 SUPPORT.—

23 (1) IN GENERAL.—Subject to a determination
24 by the Director of National Intelligence, the Director
25 may provide cyber protection support for the per-

1 sonal technology devices and personal accounts of
2 the personnel described in paragraph (2).

3 (2) AT-RISK PERSONNEL.—The personnel de-
4 scribed in this paragraph are personnel of the intel-
5 ligence community—

6 (A) who the Director determines to be
7 highly vulnerable to cyber attacks and hostile
8 information collection activities because of the
9 positions occupied by such personnel in the in-
10 telligence community; and

11 (B) whose personal technology devices or
12 personal accounts are highly vulnerable to cyber
13 attacks and hostile information collection activi-
14 ties.

15 (c) NATURE OF CYBER PROTECTION SUPPORT.—
16 Subject to the availability of resources, the cyber protec-
17 tion support provided to personnel under subsection (b)
18 may include training, advice, assistance, and other services
19 relating to cyber attacks and hostile information collection
20 activities.

21 (d) LIMITATION ON SUPPORT.—Nothing in this sec-
22 tion shall be construed—

23 (1) to encourage personnel of the intelligence
24 community to use personal technology devices for of-
25 ficial business; or

1 (2) to authorize cyber protection support for
2 senior intelligence community personnel using per-
3 sonal devices, networks, and personal accounts in an
4 official capacity.

5 (e) REPORT.—Not later than 180 days after the date
6 of the enactment of this Act, the Director shall submit
7 to the congressional intelligence committees a report on
8 the provision of cyber protection support under subsection
9 (b). The report shall include—

10 (1) a description of the methodology used to
11 make the determination under subsection (b)(2); and

12 (2) guidance for the use of cyber protection
13 support and tracking of support requests for per-
14 sonnel receiving cyber protection support under sub-
15 section (b).

16 **SEC. 6309. ELIMINATION OF SUNSET OF AUTHORITY RELAT-**
17 **ING TO MANAGEMENT OF SUPPLY-CHAIN**
18 **RISK.**

19 Section 309 of the Intelligence Authorization Act for
20 Fiscal Year 2012 (Public Law 112–87; 50 U.S.C. 3329
21 note) is amended by striking subsection (g).

22 **SEC. 6310. LIMITATIONS ON DETERMINATIONS REGARDING**
23 **CERTAIN SECURITY CLASSIFICATIONS.**

24 (a) PROHIBITION.—An officer of an element of the
25 intelligence community who has been nominated by the

1 President for a position that requires the advice and con-
2 sent of the Senate may not make a classification decision
3 with respect to information related to such officer's nomi-
4 nation.

5 (b) CLASSIFICATION DETERMINATIONS.—

6 (1) IN GENERAL.—Except as provided in para-
7 graph (2), in a case in which an officer described in
8 subsection (a) has been nominated as described in
9 such subsection and classification authority rests
10 with the officer or another officer who reports di-
11 rectly to such officer, a classification decision with
12 respect to information relating to the officer shall be
13 made by the Director of National Intelligence.

14 (2) NOMINATIONS OF DIRECTOR OF NATIONAL
15 INTELLIGENCE.—In a case described in paragraph
16 (1) in which the officer nominated is the Director of
17 National Intelligence, the classification decision shall
18 be made by the Principal Deputy Director of Na-
19 tional Intelligence.

20 (c) REPORTS.—Whenever the Director or the Prin-
21 cipal Deputy Director makes a decision under subsection
22 (b), the Director or the Principal Deputy Director, as the
23 case may be, shall submit to the congressional intelligence
24 committees a report detailing the reasons for the decision.

1 **SEC. 6311. JOINT INTELLIGENCE COMMUNITY COUNCIL.**

2 (a) MEETINGS.—Section 101A(d) of the National Se-
3 curity Act of 1947 (50 U.S.C. 3022(d)) is amended—

4 (1) by striking “regular”; and

5 (2) by inserting “as the Director considers ap-
6 propriate” after “Council”.

7 (b) REPORT ON FUNCTION AND UTILITY OF THE
8 JOINT INTELLIGENCE COMMUNITY COUNCIL.—

9 (1) IN GENERAL.—No later than 180 days after
10 the date of the enactment of this Act, the Director
11 of National Intelligence, in coordination with the Ex-
12 ecutive Office of the President and members of the
13 Joint Intelligence Community Council, shall submit
14 to the congressional intelligence committees a report
15 on the function and utility of the Joint Intelligence
16 Community Council.

17 (2) CONTENTS.—The report required by para-
18 graph (1) shall include the following:

19 (A) The number of physical or virtual
20 meetings held by the Council per year since the
21 Council’s inception.

22 (B) A description of the effect and accom-
23 plishments of the Council.

24 (C) An explanation of the unique role of
25 the Council relative to other entities, including
26 with respect to the National Security Council

1 and the Executive Committee of the intelligence
2 community.

3 (D) Recommendations for the future role
4 and operation of the Council.

5 (E) Such other matters relating to the
6 function and utility of the Council as the Direc-
7 tor considers appropriate.

8 (3) FORM.—The report submitted under para-
9 graph (1) shall be submitted in unclassified form,
10 but may include a classified annex.

11 **SEC. 6312. INTELLIGENCE COMMUNITY INFORMATION**
12 **TECHNOLOGY ENVIRONMENT.**

13 (a) DEFINITIONS.—In this section:

14 (1) CORE SERVICE.—The term “core service”
15 means a capability that is available to multiple ele-
16 ments of the intelligence community and required
17 for consistent operation of the intelligence commu-
18 nity information technology environment.

19 (2) INTELLIGENCE COMMUNITY INFORMATION
20 TECHNOLOGY ENVIRONMENT.—The term “intel-
21 ligence community information technology environ-
22 ment” means all of the information technology serv-
23 ices across the intelligence community, including the
24 data sharing and protection environment across mul-
25 tiple classification domains.

1 (b) ROLES AND RESPONSIBILITIES.—

2 (1) DIRECTOR OF NATIONAL INTELLIGENCE.—

3 The Director of National Intelligence shall be re-
4 sponsible for coordinating the performance by ele-
5 ments of the intelligence community of the intel-
6 ligence community information technology environ-
7 ment, including each of the following:

8 (A) Ensuring compliance with all applica-
9 ble environment rules and regulations of such
10 environment.

11 (B) Ensuring measurable performance
12 goals exist for such environment.

13 (C) Documenting standards and practices
14 of such environment.

15 (D) Acting as an arbiter among elements
16 of the intelligence community related to any
17 disagreements arising out of the implementa-
18 tion of such environment.

19 (E) Delegating responsibilities to the ele-
20 ments of the intelligence community and car-
21 rying out such other responsibilities as are nec-
22 essary for the effective implementation of such
23 environment.

24 (2) CORE SERVICE PROVIDERS.—Providers of
25 core services shall be responsible for—

1 (A) providing core services, in coordination
2 with the Director of National Intelligence; and

3 (B) providing the Director with informa-
4 tion requested and required to fulfill the re-
5 sponsibilities of the Director under paragraph
6 (1).

7 (3) USE OF CORE SERVICES.—

8 (A) IN GENERAL.—Except as provided in
9 subparagraph (B), each element of the intel-
10 ligence community shall use core services when
11 such services are available.

12 (B) EXCEPTION.—The Director of Na-
13 tional Intelligence may provide for a written ex-
14 ception to the requirement under subparagraph
15 (A) if the Director determines there is a com-
16 pelling financial or mission need for such excep-
17 tion.

18 (c) MANAGEMENT ACCOUNTABILITY.—Not later than
19 90 days after the date of the enactment of this Act, the
20 Director of National Intelligence shall designate and main-
21 tain one or more accountable executives of the intelligence
22 community information technology environment to be re-
23 sponsible for—

24 (1) management, financial control, and integra-
25 tion of such environment;

1 (2) overseeing the performance of each core
2 service, including establishing measurable service re-
3 quirements and schedules;

4 (3) to the degree feasible, ensuring testing of
5 each core service of such environment, including
6 testing by the intended users, to evaluate perform-
7 ance against measurable service requirements and to
8 ensure the capability meets user requirements; and
9 (4) coordinate transition or restructuring ef-
10 forts of such environment, including phaseout of leg-
11 acy systems.

12 (d) SECURITY PLAN.—Not later than 180 days after
13 the date of the enactment of this Act, the Director of Na-
14 tional Intelligence shall develop and maintain a security
15 plan for the intelligence community information tech-
16 nology environment.

17 (e) LONG-TERM ROADMAP.—Not later than 180 days
18 after the date of the enactment of this Act, and during
19 each of the second and fourth fiscal quarters thereafter,
20 the Director of National Intelligence shall submit to the
21 congressional intelligence committees a long-term road-
22 map that shall include each of the following:

23 (1) A description of the minimum required and
24 desired core service requirements, including—

25 (A) key performance parameters; and

1 (B) an assessment of current, measured
2 performance.

3 (2) Implementation milestones for the intel-
4 ligence community information technology environ-
5 ment, including each of the following:

6 (A) A schedule for expected deliveries of
7 core service capabilities during each of the fol-
8 lowing phases:

9 (i) Concept refinement and technology
10 maturity demonstration.

11 (ii) Development, integration, and
12 demonstration.

13 (iii) Production, deployment, and
14 sustainment.

15 (iv) System retirement.

16 (B) Dependencies of such core service ca-
17 pabilities.

18 (C) Plans for the transition or restruc-
19 turing necessary to incorporate core service ca-
20 pabilities.

21 (D) A description of any legacy systems
22 and discontinued capabilities to be phased out.

23 (3) Such other matters as the Director deter-
24 mines appropriate.

1 (f) BUSINESS PLAN.—Not later than 180 days after
2 the date of the enactment of this Act, and during each
3 of the second and fourth fiscal quarters thereafter, the Di-
4 rector of National Intelligence shall submit to the congres-
5 sional intelligence committees a business plan that in-
6 cludes each of the following:

7 (1) A systematic approach to identify core serv-
8 ice funding requests for the intelligence community
9 information technology environment within the pro-
10 posed budget, including multiyear plans to imple-
11 ment the long-term roadmap required by subsection
12 (e).

13 (2) A uniform approach by which each element
14 of the intelligence community shall identify the cost
15 of legacy information technology or alternative capa-
16 bilities where services of the intelligence community
17 information technology environment will also be
18 available.

19 (3) A uniform effort by which each element of
20 the intelligence community shall identify transition
21 and restructuring costs for new, existing, and retir-
22 ing services of the intelligence community informa-
23 tion technology environment, as well as services of
24 such environment that have changed designations as
25 a core service.

1 (g) QUARTERLY PRESENTATIONS.—Beginning not
2 later than 180 days after the date of the enactment of
3 this Act, the Director of National Intelligence shall provide
4 to the congressional intelligence committees quarterly up-
5 dates regarding ongoing implementation of the intelligence
6 community information technology environment as com-
7 pared to the requirements in the most recently submitted
8 security plan required by subsection (d), long-term road-
9 map required by subsection (e), and business plan re-
10 quired by subsection (f).

11 (h) ADDITIONAL NOTIFICATIONS.—The Director of
12 National Intelligence shall provide timely notification to
13 the congressional intelligence committees regarding any
14 policy changes related to or affecting the intelligence com-
15 munity information technology environment, new initia-
16 tives or strategies related to or impacting such environ-
17 ment, and changes or deficiencies in the execution of the
18 security plan required by subsection (d), long-term road-
19 map required by subsection (e), and business plan re-
20 quired by subsection (f).

21 (i) SUNSET.—The section shall have no effect on or
22 after September 30, 2024.

1 **SEC. 6313. REPORT ON DEVELOPMENT OF SECURE MOBILE**
2 **VOICE SOLUTION FOR INTELLIGENCE COM-**
3 **MUNITY.**

4 (a) IN GENERAL.—Not later than 180 days after the
5 date of the enactment of this Act, the Director of National
6 Intelligence, in coordination with the Director of the Cen-
7 tral Intelligence Agency and the Director of the National
8 Security Agency, shall submit to the congressional intel-
9 ligence committees a classified report on the feasibility,
10 desirability, cost, and required schedule associated with
11 the implementation of a secure mobile voice solution for
12 the intelligence community.

13 (b) CONTENTS.—The report required by subsection
14 (a) shall include, at a minimum, the following:

15 (1) The benefits and disadvantages of a secure
16 mobile voice solution.

17 (2) Whether the intelligence community could
18 leverage commercially available technology for classi-
19 fied voice communications that operates on commer-
20 cial mobile networks in a secure manner and identi-
21 fying the accompanying security risks to such net-
22 works.

23 (3) A description of any policies or community
24 guidance that would be necessary to govern the po-
25 tential solution, such as a process for determining

1 the appropriate use of a secure mobile telephone and
2 any limitations associated with such use.

3 **SEC. 6314. POLICY ON MINIMUM INSIDER THREAT STAND-**
4 **ARDS.**

5 (a) **POLICY REQUIRED.**—Not later than 60 days after
6 the date of the enactment of this Act, the Director of Na-
7 tional Intelligence shall establish a policy for minimum in-
8 sider threat standards that is consistent with the National
9 Insider Threat Policy and Minimum Standards for Execu-
10 tive Branch Insider Threat Programs.

11 (b) **IMPLEMENTATION.**—Not later than 180 days
12 after the date of the enactment of this Act, the head of
13 each element of the intelligence community shall imple-
14 ment the policy established under subsection (a).

15 **SEC. 6315. SUBMISSION OF INTELLIGENCE COMMUNITY**
16 **POLICIES.**

17 (a) **DEFINITIONS.**—In this section:

18 (1) **ELECTRONIC REPOSITORY.**—The term
19 “electronic repository” means the electronic distribu-
20 tion mechanism, in use as of the date of the enact-
21 ment of this Act, or any successor electronic dis-
22 tribution mechanism, by which the Director of Na-
23 tional Intelligence submits to the congressional intel-
24 ligence committees information.

1 (2) POLICY.—The term “policy”, with respect
2 to the intelligence community, includes unclassified
3 or classified—

4 (A) directives, policy guidance, and policy
5 memoranda of the intelligence community;

6 (B) executive correspondence of the Direc-
7 tor of National Intelligence; and

8 (C) any equivalent successor policy instru-
9 ments.

10 (b) SUBMISSION OF POLICIES.—

11 (1) CURRENT POLICY.—Not later than 180
12 days after the date of the enactment of this Act, the
13 Director of National Intelligence shall submit to the
14 congressional intelligence committees using the elec-
15 tronic repository all nonpublicly available policies
16 issued by the Director of National Intelligence for
17 the intelligence community that are in effect as of
18 the date of the submission.

19 (2) CONTINUOUS UPDATES.—Not later than 15
20 days after the date on which the Director of Na-
21 tional Intelligence issues, modifies, or rescinds a pol-
22 icy of the intelligence community, the Director
23 shall—

1 (A) notify the congressional intelligence
2 committees of such addition, modification, or
3 removal; and

4 (B) update the electronic repository with
5 respect to such addition, modification, or re-
6 moval.

7 **SEC. 6316. EXPANSION OF INTELLIGENCE COMMUNITY RE-**
8 **CRUITMENT EFFORTS.**

9 In order to further increase the diversity of the intel-
10 ligence community workforce, not later than 90 days after
11 the date of the enactment of this Act, the Director of Na-
12 tional Intelligence, in consultation with heads of elements
13 of the Intelligence Community, shall create, implement,
14 and submit to the congressional intelligence committees a
15 written plan to ensure that rural and underrepresented re-
16 gions are more fully and consistently represented in such
17 elements' employment recruitment efforts. Upon receipt of
18 the plan, the congressional committees shall have 60 days
19 to submit comments to the Director of National Intel-
20 ligence before such plan shall be implemented.

1 **TITLE LXIV—MATTERS RELAT-**
2 **ING TO ELEMENTS OF THE IN-**
3 **TELLIGENCE COMMUNITY**

4 **Subtitle A—Office of the Director**
5 **of National Intelligence**

6 **SEC. 6401. AUTHORITY FOR PROTECTION OF CURRENT AND**
7 **FORMER EMPLOYEES OF THE OFFICE OF THE**
8 **DIRECTOR OF NATIONAL INTELLIGENCE.**

9 Section 5(a)(4) of the Central Intelligence Agency
10 Act of 1949 (50 U.S.C. 3506(a)(4)) is amended by strik-
11 ing “such personnel of the Office of the Director of Na-
12 tional Intelligence as the Director of National Intelligence
13 may designate;” and inserting “current and former per-
14 sonnel of the Office of the Director of National Intel-
15 ligence and their immediate families as the Director of Na-
16 tional Intelligence may designate;”.

17 **SEC. 6402. DESIGNATION OF THE PROGRAM MANAGER-IN-**
18 **FORMATION-SHARING ENVIRONMENT.**

19 (a) INFORMATION-SHARING ENVIRONMENT.—Section
20 1016(b) of the Intelligence Reform and Terrorism Preven-
21 tion Act of 2004 (6 U.S.C. 485(b)) is amended—

22 (1) in paragraph (1), by striking “President”
23 and inserting “Director of National Intelligence”;
24 and

1 (2) in paragraph (2), by striking “President”
2 both places that term appears and inserting “Direc-
3 tor of National Intelligence”.

4 (b) PROGRAM MANAGER.—Section 1016(f)(1) of the
5 Intelligence Reform and Terrorism Prevention Act of
6 2004 (6 U.S.C. 485(f)(1)) is amended by striking “The
7 individual designated as the program manager shall serve
8 as program manager until removed from service or re-
9 placed by the President (at the President’s sole discre-
10 tion).” and inserting “Beginning on the date of the enact-
11 ment of the Damon Paul Nelson and Matthew Young Pol-
12 lard Intelligence Authorization Act for Fiscal Years 2018,
13 2019 and 2020, each individual designated as the program
14 manager shall be appointed by the Director of National
15 Intelligence.”.

16 **SEC. 6403. TECHNICAL MODIFICATION TO THE EXECUTIVE**
17 **SCHEDULE.**

18 Section 5315 of title 5, United States Code, is
19 amended by adding at the end the following:

20 “Director of the National Counterintelligence and Se-
21 curity Center.”.

22 **SEC. 6404. CHIEF FINANCIAL OFFICER OF THE INTEL-**
23 **LIGENCE COMMUNITY.**

24 Section 103I(a) of the National Security Act of 1947
25 (50 U.S.C. 3034(a)) is amended by adding at the end the

1 following new sentence: “The Chief Financial Officer shall
2 report directly to the Director of National Intelligence.”.

3 **SEC. 6405. CHIEF INFORMATION OFFICER OF THE INTEL-**
4 **LIGENCE COMMUNITY.**

5 Section 103G(a) of the National Security Act of 1947
6 (50 U.S.C. 3032(a)) is amended by adding at the end the
7 following new sentence: “The Chief Information Officer
8 shall report directly to the Director of National Intel-
9 ligence.”.

10 **Subtitle B—Central Intelligence**
11 **Agency**

12 **SEC. 6411. CENTRAL INTELLIGENCE AGENCY SUBSISTENCE**
13 **FOR PERSONNEL ASSIGNED TO AUSTERE LO-**
14 **CATIONS.**

15 Subsection (a) of section 5 of the Central Intelligence
16 Agency Act of 1949 (50 U.S.C. 3506) is amended—

17 (1) in paragraph (1), by striking “(50 U.S.C.
18 403–4a).,” and inserting “(50 U.S.C. 403–4a),”;

19 (2) in paragraph (6), by striking “and” at the
20 end;

21 (3) in paragraph (7), by striking the period at
22 the end and inserting “; and”; and

23 (4) by adding at the end the following new
24 paragraph:

1 “(8) Upon the approval of the Director, pro-
2 vide, during any fiscal year, with or without reim-
3 bursement, subsistence to any personnel assigned to
4 an overseas location designated by the Agency as an
5 austere location.”.

6 **SEC. 6412. SPECIAL RULES FOR CERTAIN MONTHLY WORK-**
7 **ERS’ COMPENSATION PAYMENTS AND OTHER**
8 **PAYMENTS FOR CENTRAL INTELLIGENCE**
9 **AGENCY PERSONNEL.**

10 (a) IN GENERAL.—The Central Intelligence Agency
11 Act of 1949 (50 U.S.C. 3501 et seq.) is amended by in-
12 serting after section 19 the following new section:

13 **“SEC. 19A. SPECIAL RULES FOR CERTAIN INDIVIDUALS IN-**
14 **JURED BY REASON OF WAR, INSURGENCY,**
15 **HOSTILE ACT, TERRORIST ACTIVITIES, OR IN-**
16 **CIDENTS DESIGNATED BY THE DIRECTOR.**

17 “(a) DEFINITIONS.—In this section:

18 “(1) COVERED DEPENDENT.—The term ‘cov-
19 ered dependent’ means a family member (as defined
20 by the Director) of a covered employee who, on or
21 after September 11, 2001—

22 “(A) accompanies the covered employee to
23 an assigned duty station in a foreign country;
24 and

1 “(B) becomes injured by reason of a quali-
2 fying injury.

3 “(2) COVERED EMPLOYEE.—The term ‘covered
4 employee’ means an officer or employee of the Cen-
5 tral Intelligence Agency who, on or after September
6 11, 2001, becomes injured by reason of a qualifying
7 injury.

8 “(3) COVERED INDIVIDUAL.—The term ‘cov-
9 ered individual’ means an individual who—

10 “(A)(i) is detailed to the Central Intel-
11 ligence Agency from other agencies of the
12 United States Government or from the Armed
13 Forces; or

14 “(ii) is affiliated with the Central Intel-
15 ligence Agency, as determined by the Director;
16 and

17 “(B) who, on or after September 11, 2001,
18 becomes injured by reason of a qualifying in-
19 jury.

20 “(4) QUALIFYING INJURY.—The term ‘quali-
21 fying injury’ means the following:

22 “(A) With respect to a covered dependent,
23 an injury incurred—

24 “(i) during a period in which the cov-
25 ered dependent is accompanying the cov-

1 ered employee to an assigned duty station
2 in a foreign country;

3 “(ii) in connection with war, insur-
4 gency, hostile act, terrorist activity, or an
5 incident designated for purposes of this
6 section by the Director; and

7 “(iii) that was not the result of the
8 willful misconduct of the covered depend-
9 ent.

10 “(B) With respect to a covered employee
11 or a covered individual—

12 “(i) an injury incurred—

13 “(I) during a period of assign-
14 ment to a duty station in a foreign
15 country;

16 “(II) in connection with war, in-
17 surgency, hostile act, or terrorist ac-
18 tivity; and

19 “(III) that was not the result of
20 the willful misconduct of the covered
21 employee or the covered individual; or

22 “(ii) an injury incurred—

23 “(I) in connection with an inci-
24 dent designated for purposes of this
25 section by the Director; and

1 “(II) that was not the result of
2 the willful misconduct of the covered
3 employee or the covered individual.

4 “(b) ADJUSTMENT OF COMPENSATION FOR CERTAIN
5 INJURIES.—

6 “(1) INCREASE.—The Director may increase
7 the amount of monthly compensation paid to a cov-
8 ered employee under section 8105 of title 5, United
9 States Code. Subject to paragraph (2), the Director
10 may determine the amount of each such increase by
11 taking into account—

12 “(A) the severity of the qualifying injury;

13 “(B) the circumstances by which the cov-
14 ered employee became injured; and

15 “(C) the seniority of the covered employee.

16 “(2) MAXIMUM.—Notwithstanding chapter 81
17 of title 5, United States Code, the total amount of
18 monthly compensation increased under paragraph
19 (1) may not exceed the monthly pay of the max-
20 imum rate of basic pay for GS-15 of the General
21 Schedule under section 5332 of such title.

22 “(c) COSTS FOR TREATING QUALIFYING INJURIES.—
23 The Director may pay the costs of treating a qualifying
24 injury of a covered employee, a covered individual, or a
25 covered dependent, or may reimburse a covered employee,

1 a covered individual, or a covered dependent for such
2 costs, that are not otherwise covered by chapter 81 of title
3 5, United States Code, or other provision of Federal law.”.

4 (b) REGULATIONS.—Not later than 120 days after
5 the date of the enactment of this Act, the Director of the
6 Central Intelligence Agency shall—

7 (1) prescribe regulations ensuring the fair and
8 equitable implementation of section 19A of the Cen-
9 tral Intelligence Agency Act of 1949, as added by
10 subsection (a); and

11 (2) submit to the congressional intelligence
12 committees such regulations.

13 (c) APPLICATION.—Section 19A of the Central Intel-
14 ligence Agency Act of 1949, as added by subsection (a),
15 shall apply with respect to—

16 (1) payments made to covered employees (as
17 defined in such section) under section 8105 of title
18 5, United States Code, beginning on or after the
19 date of the enactment of this Act; and

20 (2) treatment described in subsection (b) of
21 such section 19A occurring on or after the date of
22 the enactment of this Act.

1 **SEC. 6413. EXPANSION OF SECURITY PROTECTIVE SERVICE**
2 **JURISDICTION OF THE CENTRAL INTEL-**
3 **LIGENCE AGENCY.**

4 Subsection (a)(1) of section 15 of the Central Intel-
5 ligence Agency Act of 1949 (50 U.S.C. 3515(a)(1)) is
6 amended—

7 (1) in subparagraph (B), by striking “500
8 feet;” and inserting “500 yards;”; and

9 (2) in subparagraph (D), by striking “500
10 feet.” and inserting “500 yards.”.

11 **SEC. 6414. REPEAL OF FOREIGN LANGUAGE PROFICIENCY**
12 **REQUIREMENT FOR CERTAIN SENIOR LEVEL**
13 **POSITIONS IN THE CENTRAL INTELLIGENCE**
14 **AGENCY.**

15 (a) **REPEAL OF FOREIGN LANGUAGE PROFICIENCY**
16 **REQUIREMENT.**—Section 104A of the National Security
17 Act of 1947 (50 U.S.C. 3036) is amended by striking sub-
18 section (g).

19 (b) **CONFORMING REPEAL OF REPORT REQUIRE-**
20 **MENT.**—Section 611 of the Intelligence Authorization Act
21 for Fiscal Year 2005 (Public Law 108–487) is amended
22 by striking subsection (c).

1 **Subtitle C—Office of Intelligence**
2 **and Counterintelligence of De-**
3 **partment of Energy**

4 **SEC. 6421. CONSOLIDATION OF DEPARTMENT OF ENERGY**
5 **OFFICES OF INTELLIGENCE AND COUNTER-**
6 **INTELLIGENCE.**

7 (a) IN GENERAL.—Section 215 of the Department of
8 Energy Organization Act (42 U.S.C. 7144b) is amended
9 to read as follows:

10 “OFFICE OF INTELLIGENCE AND COUNTERINTELLIGENCE

11 “SEC. 215. (a) DEFINITIONS.—In this section, the
12 terms ‘intelligence community’ and ‘National Intelligence
13 Program’ have the meanings given such terms in section
14 3 of the National Security Act of 1947 (50 U.S.C. 3003).

15 “(b) IN GENERAL.—There is in the Department an
16 Office of Intelligence and Counterintelligence. Such office
17 shall be under the National Intelligence Program.

18 “(c) DIRECTOR.—(1) The head of the Office shall be
19 the Director of the Office of Intelligence and Counterintel-
20 ligence, who shall be an employee in the Senior Executive
21 Service, the Senior Intelligence Service, the Senior Na-
22 tional Intelligence Service, or any other Service that the
23 Secretary, in coordination with the Director of National
24 Intelligence, considers appropriate. The Director of the
25 Office shall report directly to the Secretary.

1 “(2) The Secretary shall select an individual to serve
2 as the Director from among individuals who have substan-
3 tial expertise in matters relating to the intelligence com-
4 munity, including foreign intelligence and counterintel-
5 ligence.

6 “(d) DUTIES.—(1) Subject to the authority, direc-
7 tion, and control of the Secretary, the Director shall per-
8 form such duties and exercise such powers as the Sec-
9 retary may prescribe.

10 “(2) The Director shall be responsible for estab-
11 lishing policy for intelligence and counterintelligence pro-
12 grams and activities at the Department.”.

13 (b) CONFORMING REPEAL.—Section 216 of the De-
14 partment of Energy Organization Act (42 U.S.C. 7144e)
15 is hereby repealed.

16 (c) CLERICAL AMENDMENT.—The table of contents
17 at the beginning of the Department of Energy Organiza-
18 tion Act is amended by striking the items relating to sec-
19 tions 215 and 216 and inserting the following new item:
“Sec. 215. Office of Intelligence and Counterintelligence.”.

20 **SEC. 6422. REPEAL OF DEPARTMENT OF ENERGY INTEL-**
21 **LIGENCE EXECUTIVE COMMITTEE AND BUDG-**
22 **ET REPORTING REQUIREMENT.**

23 Section 214 of the Department of Energy Organiza-
24 tion Act (42 U.S.C. 7144a) is amended—

25 (1) by striking “(a)”; and

1 (2) by striking subsections (b) and (c).

2 **Subtitle D—Other Elements**

3 **SEC. 6431. PLAN FOR DESIGNATION OF COUNTERINTEL-** 4 **LIGENCE COMPONENT OF DEFENSE SECU-** 5 **RITY SERVICE AS AN ELEMENT OF INTEL-** 6 **LIGENCE COMMUNITY.**

7 Not later than 90 days after the date of the enact-
8 ment of this Act, the Director of National Intelligence and
9 Under Secretary of Defense for Intelligence, in coordina-
10 tion with the Director of the National Counterintelligence
11 and Security Center, shall submit to the congressional in-
12 telligence committees, the Committee on Armed Services
13 of the Senate, and the Committee on Armed Services of
14 the House of Representatives a plan to designate the coun-
15 terintelligence component of the Defense Security Service
16 of the Department of Defense as an element of the intel-
17 ligence community by not later than January 1, 2021.
18 Such plan shall—

19 (1) address the implications of such designation
20 on the authorities, governance, personnel, resources,
21 information technology, collection, analytic products,
22 information sharing, and business processes of the
23 Defense Security Service and the intelligence com-
24 munity; and

1 (2) not address the personnel security functions
2 of the Defense Security Service.

3 **SEC. 6432. NOTICE NOT REQUIRED FOR PRIVATE ENTITIES.**

4 Section 3553 of title 44, United States Code, is
5 amended—

6 (1) by redesignating subsection (j) as sub-
7 section (k); and

8 (2) by inserting after subsection (i) the fol-
9 lowing:

10 “(j) **RULE OF CONSTRUCTION.**—Nothing in this sec-
11 tion shall be construed to require the Secretary to provide
12 notice to any private entity before the Secretary issues a
13 binding operational directive under subsection (b)(2).”.

14 **SEC. 6433. ESTABLISHMENT OF ADVISORY BOARD FOR NA-**
15 **TIONAL RECONNAISSANCE OFFICE.**

16 (a) **ESTABLISHMENT.**—Section 106A of the National
17 Security Act of 1947 (50 U.S.C. 3041a) is amended by
18 adding at the end the following new subsection:

19 “(d) **ADVISORY BOARD.**—

20 “(1) **ESTABLISHMENT.**—There is established in
21 the National Reconnaissance Office an advisory
22 board (in this section referred to as the ‘Board’).

23 “(2) **DUTIES.**—The Board shall—

24 “(A) study matters relating to the mission
25 of the National Reconnaissance Office, includ-

1 ing with respect to promoting innovation, com-
2 petition, and resilience in space, overhead re-
3 connaissance, acquisition, and other matters;
4 and

5 “(B) advise and report directly to the Di-
6 rector with respect to such matters.

7 “(3) MEMBERS.—

8 “(A) NUMBER AND APPOINTMENT.—

9 “(i) IN GENERAL.—The Board shall
10 be composed of five members appointed by
11 the Director from among individuals with
12 demonstrated academic, government, busi-
13 ness, or other expertise relevant to the mis-
14 sion and functions of the National Recon-
15 naissance Office.

16 “(ii) NOTIFICATION.—Not later than
17 30 days after the date on which the Direc-
18 tor appoints a member to the Board, the
19 Director shall notify the congressional in-
20 telligence committees and the congressional
21 defense committees (as defined in section
22 101(a) of title 10, United States Code) of
23 such appointment.

24 “(B) TERMS.—Each member shall be ap-
25 pointed for a term of 2 years. Except as pro-

1 vided by subparagraph (C), a member may not
2 serve more than three terms.

3 “(C) VACANCY.—Any member appointed to
4 fill a vacancy occurring before the expiration of
5 the term for which the member’s predecessor
6 was appointed shall be appointed only for the
7 remainder of that term. A member may serve
8 after the expiration of that member’s term until
9 a successor has taken office.

10 “(D) CHAIR.—The Board shall have a
11 Chair, who shall be appointed by the Director
12 from among the members.

13 “(E) TRAVEL EXPENSES.—Each member
14 shall receive travel expenses, including per diem
15 in lieu of subsistence, in accordance with appli-
16 cable provisions under subchapter I of chapter
17 57 of title 5, United States Code.

18 “(F) EXECUTIVE SECRETARY.—The Direc-
19 tor may appoint an executive secretary, who
20 shall be an employee of the National Reconnaissance
21 Office, to support the Board.

22 “(4) MEETINGS.—The Board shall meet not
23 less than quarterly, but may meet more frequently
24 at the call of the Director.

1 “(5) REPORTS.—Not later than March 31 of
2 each year, the Board shall submit to the Director
3 and to the congressional intelligence committees a
4 report on the activities and significant findings of
5 the Board during the preceding year.

6 “(6) NONAPPLICABILITY OF CERTAIN REQUIRE-
7 MENTS.—The Federal Advisory Committee Act (5
8 U.S.C. App.) shall not apply to the Board.

9 “(7) TERMINATION.—The Board shall termi-
10 nate on the date that is 3 years after the date of the
11 first meeting of the Board.”.

12 (b) INITIAL APPOINTMENTS.—Not later than 180
13 days after the date of the enactment of this Act, the Direc-
14 tor of the National Reconnaissance Office shall appoint
15 the initial five members to the advisory board under sub-
16 section (d) of section 106A of the National Security Act
17 of 1947 (50 U.S.C. 3041a), as added by subsection (a).

18 **SEC. 6434. COLLOCATION OF CERTAIN DEPARTMENT OF**
19 **HOMELAND SECURITY PERSONNEL AT FIELD**
20 **LOCATIONS.**

21 (a) IDENTIFICATION OF OPPORTUNITIES FOR COL-
22 LOCATION.—Not later than 60 days after the date of the
23 enactment of this Act, the Under Secretary of Homeland
24 Security for Intelligence and Analysis shall identify, in
25 consultation with the Commissioner of U.S. Customs and

1 Border Protection, the Administrator of the Transpor-
2 tation Security Administration, the Director of U.S. Immi-
3 gration and Customs Enforcement, and the heads of such
4 other elements of the Department of Homeland Security
5 as the Under Secretary considers appropriate, opportuni-
6 ties for collocation of officers of the Office of Intelligence
7 and Analysis in the field outside of the greater Wash-
8 ington, District of Columbia, area in order to support
9 operational units from U.S. Customs and Border Protec-
10 tion, the Transportation Security Administration, U.S.
11 Immigration and Customs Enforcement, and other ele-
12 ments of the Department of Homeland Security.

13 (b) PLAN FOR COLLOCATION.—Not later than 120
14 days after the date of the enactment of this Act, the Under
15 Secretary shall submit to the congressional intelligence
16 committees a report that includes a plan for collocation
17 as described in subsection (a).

18 **TITLE LXV—ELECTION MATTERS**

19 **SEC. 6501. REPORT ON CYBER ATTACKS BY FOREIGN GOV- 20 **ERNMENTS AGAINST UNITED STATES ELEC- 21 **TION INFRASTRUCTURE.******

22 (a) DEFINITIONS.—In this section:

23 (1) APPROPRIATE CONGRESSIONAL COMMIT-
24 TEES.—The term “appropriate congressional com-
25 mittees” means—

1 (A) the congressional intelligence commit-
2 tees;

3 (B) the Committee on Homeland Security
4 and Governmental Affairs of the Senate;

5 (C) the Committee on Homeland Security
6 of the House of Representatives;

7 (D) the Committee on Foreign Relations of
8 the Senate; and

9 (E) the Committee on Foreign Affairs of
10 the House of Representatives.

11 (2) CONGRESSIONAL LEADERSHIP.—The term
12 “congressional leadership” includes the following:

13 (A) The majority leader of the Senate.

14 (B) The minority leader of the Senate.

15 (C) The Speaker of the House of Rep-
16 resentatives.

17 (D) The minority leader of the House of
18 Representatives.

19 (3) STATE.—The term “State” means any
20 State of the United States, the District of Columbia,
21 the Commonwealth of Puerto Rico, and any territory
22 or possession of the United States.

23 (b) REPORT REQUIRED.—Not later than 60 days
24 after the date of the enactment of this Act, the Under
25 Secretary of Homeland Security for Intelligence and Anal-

1 ysis shall submit to congressional leadership and the ap-
2 propriate congressional committees a report on cyber at-
3 tacks and attempted cyber attacks by foreign governments
4 on United States election infrastructure in States and lo-
5 calities in connection with the 2016 Presidential election
6 in the United States and such cyber attacks or attempted
7 cyber attacks as the Under Secretary anticipates against
8 such infrastructure. Such report shall identify the States
9 and localities affected and shall include cyber attacks and
10 attempted cyber attacks against voter registration data-
11 bases, voting machines, voting-related computer networks,
12 and the networks of Secretaries of State and other election
13 officials of the various States.

14 (c) FORM.—The report submitted under subsection
15 (b) shall be submitted in unclassified form, but may in-
16 clude a classified annex.

17 **SEC. 6502. REVIEW OF INTELLIGENCE COMMUNITY'S POS-**
18 **TURE TO COLLECT AGAINST AND ANALYZE**
19 **RUSSIAN EFFORTS TO INFLUENCE THE PRES-**
20 **IDENTIAL ELECTION.**

21 (a) REVIEW REQUIRED.—Not later than 1 year after
22 the date of the enactment of this Act, the Director of Na-
23 tional Intelligence shall—

24 (1) complete an after action review of the pos-
25 ture of the intelligence community to collect against

1 and analyze efforts of the Government of Russia to
2 interfere in the 2016 Presidential election in the
3 United States; and

4 (2) submit to the congressional intelligence
5 committees a report on the findings of the Director
6 with respect to such review.

7 (b) ELEMENTS.—The review required by subsection
8 (a) shall include, with respect to the posture and efforts
9 described in paragraph (1) of such subsection, the fol-
10 lowing:

11 (1) An assessment of whether the resources of
12 the intelligence community were properly aligned to
13 detect and respond to the efforts described in sub-
14 section (a)(1).

15 (2) An assessment of the information sharing
16 that occurred within elements of the intelligence
17 community.

18 (3) An assessment of the information sharing
19 that occurred between elements of the intelligence
20 community.

21 (4) An assessment of applicable authorities nec-
22 essary to collect on any such efforts and any defi-
23 ciencies in those authorities.

24 (5) A review of the use of open source material
25 to inform analysis and warning of such efforts.

1 (6) A review of the use of alternative and pre-
2 dictive analysis.

3 (c) FORM OF REPORT.—The report required by sub-
4 section (a)(2) shall be submitted to the congressional intel-
5 ligence committees in a classified form.

6 **SEC. 6503. ASSESSMENT OF FOREIGN INTELLIGENCE**
7 **THREATS TO FEDERAL ELECTIONS.**

8 (a) DEFINITIONS.—In this section:

9 (1) APPROPRIATE CONGRESSIONAL COMMIT-
10 TEES.—The term “appropriate congressional com-
11 mittees” means—

12 (A) the congressional intelligence commit-
13 tees;

14 (B) the Committee on Homeland Security
15 and Governmental Affairs of the Senate; and

16 (C) the Committee on Homeland Security
17 of the House of Representatives.

18 (2) CONGRESSIONAL LEADERSHIP.—The term
19 “congressional leadership” includes the following:

20 (A) The majority leader of the Senate.

21 (B) The minority leader of the Senate.

22 (C) The Speaker of the House of Rep-
23 resentatives.

24 (D) The minority leader of the House of
25 Representatives.

1 (3) SECURITY VULNERABILITY.—The term “se-
2 curity vulnerability” has the meaning given such
3 term in section 102 of the Cybersecurity Information
4 Sharing Act of 2015 (6 U.S.C. 1501).

5 (b) IN GENERAL.—The Director of National Intel-
6 ligence, in coordination with the Director of the Central
7 Intelligence Agency, the Director of the National Security
8 Agency, the Director of the Federal Bureau of Investiga-
9 tion, the Secretary of Homeland Security, and the heads
10 of other relevant elements of the intelligence community,
11 shall—

12 (1) commence not later than 1 year before any
13 regularly scheduled Federal election occurring after
14 December 31, 2018, and complete not later than
15 180 days before such election, an assessment of se-
16 curity vulnerabilities of State election systems; and

17 (2) not later than 180 days before any regularly
18 scheduled Federal election occurring after December
19 31, 2018, submit a report on such security
20 vulnerabilities and an assessment of foreign intel-
21 ligence threats to the election to—

22 (A) congressional leadership; and

23 (B) the appropriate congressional commit-
24 tees.

1 (c) UPDATE.—Not later than 90 days before any reg-
2 ularly scheduled Federal election occurring after Decem-
3 ber 31, 2018, the Director of National Intelligence shall—

4 (1) update the assessment of foreign intel-
5 ligence threats to that election; and

6 (2) submit the updated assessment to—

7 (A) congressional leadership; and

8 (B) the appropriate congressional commit-
9 tees.

10 **SEC. 6504. STRATEGY FOR COUNTERING RUSSIAN CYBER**
11 **THREATS TO UNITED STATES ELECTIONS.**

12 (a) APPROPRIATE CONGRESSIONAL COMMITTEES
13 DEFINED.—In this section, the term “appropriate con-
14 gressional committees” means the following:

15 (1) The congressional intelligence committees.

16 (2) The Committee on Armed Services and the
17 Committee on Homeland Security and Governmental
18 Affairs of the Senate.

19 (3) The Committee on Armed Services and the
20 Committee on Homeland Security of the House of
21 Representatives.

22 (4) The Committee on Foreign Relations of the
23 Senate.

24 (5) The Committee on Foreign Affairs of the
25 House of Representatives.

1 (b) REQUIREMENT FOR A STRATEGY.—Not later
2 than 90 days after the date of the enactment of this Act,
3 the Director of National Intelligence, in coordination with
4 the Secretary of Homeland Security, the Director of the
5 Federal Bureau of Investigation, the Director of the Cen-
6 tral Intelligence Agency, the Secretary of State, the Sec-
7 retary of Defense, and the Secretary of the Treasury, shall
8 develop a whole-of-government strategy for countering the
9 threat of Russian cyber attacks and attempted cyber at-
10 tacks against electoral systems and processes in the
11 United States, including Federal, State, and local election
12 systems, voter registration databases, voting tabulation
13 equipment, and equipment and processes for the secure
14 transmission of election results.

15 (c) ELEMENTS OF THE STRATEGY.—The strategy re-
16 quired by subsection (b) shall include the following ele-
17 ments:

18 (1) A whole-of-government approach to pro-
19 tecting United States electoral systems and proc-
20 esses that includes the agencies and departments in-
21 dicated in subsection (b) as well as any other agen-
22 cies and departments of the United States, as deter-
23 mined appropriate by the Director of National Intel-
24 ligence and the Secretary of Homeland Security.

1 (2) Input solicited from Secretaries of State of
2 the various States and the chief election officials of
3 the States.

4 (3) Technical security measures, including
5 auditable paper trails for voting machines, securing
6 wireless and internet connections, and other tech-
7 nical safeguards.

8 (4) Detection of cyber threats, including attacks
9 and attempted attacks by Russian government or
10 nongovernment cyber threat actors.

11 (5) Improvements in the identification and at-
12 tribution of Russian government or nongovernment
13 cyber threat actors.

14 (6) Deterrence, including actions and measures
15 that could or should be undertaken against or com-
16 municated to the Government of Russia or other en-
17 tities to deter attacks against, or interference with,
18 United States election systems and processes.

19 (7) Improvements in Federal Government com-
20 munications with State and local election officials.

21 (8) Public education and communication ef-
22 forts.

23 (9) Benchmarks and milestones to enable the
24 measurement of concrete steps taken and progress
25 made in the implementation of the strategy.

1 (d) CONGRESSIONAL BRIEFING.—Not later than 90
2 days after the date of the enactment of this Act, the Direc-
3 tor of National Intelligence and the Secretary of Home-
4 land Security shall jointly brief the appropriate congres-
5 sional committees on the strategy developed under sub-
6 section (b).

7 **SEC. 6505. ASSESSMENT OF SIGNIFICANT RUSSIAN INFLU-**
8 **ENCE CAMPAIGNS DIRECTED AT FOREIGN**
9 **ELECTIONS AND REFERENDA.**

10 (a) RUSSIAN INFLUENCE CAMPAIGN DEFINED.—In
11 this section, the term “Russian influence campaign”
12 means any effort, covert or overt, and by any means, at-
13 tributable to the Russian Federation directed at an elec-
14 tion, referendum, or similar process in a country other
15 than the Russian Federation or the United States.

16 (b) ASSESSMENT REQUIRED.—Not later than 60
17 days after the date of the enactment of this Act, the Direc-
18 tor of National Intelligence shall submit to the congres-
19 sional intelligence committees, the Committee on Foreign
20 Affairs of the House of Representatives, and the Com-
21 mittee on Foreign Relations of the Senate a report con-
22 taining an analytical assessment of the most significant
23 Russian influence campaigns, if any, conducted during the
24 3-year period preceding the date of the enactment of this
25 Act, as well as the most significant current or planned

1 such Russian influence campaigns, if any. Such assess-
2 ment shall include—

3 (1) a summary of such significant Russian in-
4 fluence campaigns, including, at a minimum, the
5 specific means by which such campaigns were con-
6 ducted, are being conducted, or likely will be con-
7 ducted, as appropriate, and the specific goal of each
8 such campaign;

9 (2) a summary of any defenses against or re-
10 sponses to such Russian influence campaigns by the
11 foreign state holding the elections or referenda;

12 (3) a summary of any relevant activities by ele-
13 ments of the intelligence community undertaken for
14 the purpose of assisting the government of such for-
15 eign state in defending against or responding to
16 such Russian influence campaigns; and

17 (4) an assessment of the effectiveness of such
18 defenses and responses described in paragraphs (2)
19 and (3).

20 (c) FORM.—The report required by subsection (b)
21 may be submitted in classified form, but if so submitted,
22 shall contain an unclassified summary.

1 **SEC. 6506. INFORMATION SHARING WITH STATE ELECTION**
2 **OFFICIALS.**

3 (a) STATE DEFINED.—In this section, the term
4 “State” means any State of the United States, the Dis-
5 trict of Columbia, the Commonwealth of Puerto Rico, and
6 any territory or possession of the United States.

7 (b) SECURITY CLEARANCES.—

8 (1) IN GENERAL.—Not later than 30 days after
9 the date of the enactment of this Act, the Director
10 of National Intelligence shall support the Under Sec-
11 retary of Homeland Security for Intelligence and
12 Analysis, and any other official of the Department
13 of Homeland Security designated by the Secretary of
14 Homeland Security, in sponsoring a security clear-
15 ance up to the top secret level for each eligible chief
16 election official of a State or the District of Colum-
17 bia, and additional eligible designees of such election
18 official as appropriate, at the time that such election
19 official assumes such position.

20 (2) INTERIM CLEARANCES.—Consistent with
21 applicable policies and directives, the Director of Na-
22 tional Intelligence may issue interim clearances, for
23 a period to be determined by the Director, to a chief
24 election official as described in paragraph (1) and up
25 to one designee of such official under such para-
26 graph.

1 (c) INFORMATION SHARING.—

2 (1) IN GENERAL.—The Director of National In-
3 telligence shall assist the Under Secretary of Home-
4 land Security for Intelligence and Analysis and the
5 Under Secretary responsible for overseeing critical
6 infrastructure protection, cybersecurity, and other
7 related programs of the Department (as specified in
8 section 103(a)(1)(H) of the Homeland Security Act
9 of 2002 (6 U.S.C. 113(a)(1)(H))) with sharing any
10 appropriate classified information related to threats
11 to election systems and to the integrity of the elec-
12 tion process with chief election officials and such
13 designees who have received a security clearance
14 under subsection (b).

15 (2) COORDINATION.—The Under Secretary of
16 Homeland Security for Intelligence and Analysis
17 shall coordinate with the Director of National Intel-
18 ligence and the Under Secretary responsible for
19 overseeing critical infrastructure protection, cyberse-
20 curity, and other related programs of the Depart-
21 ment (as specified in section 103(a)(1)(H) of the
22 Homeland Security Act of 2002 (6 U.S.C.
23 113(a)(1)(H))) to facilitate the sharing of informa-
24 tion to the affected Secretaries of State or States.

1 **SEC. 6507. NOTIFICATION OF SIGNIFICANT FOREIGN CYBER**
2 **INTRUSIONS AND ACTIVE MEASURES CAM-**
3 **PAIGNS DIRECTED AT ELECTIONS FOR FED-**
4 **ERAL OFFICES.**

5 (a) DEFINITIONS.—In this section:

6 (1) ACTIVE MEASURES CAMPAIGN.—The term
7 “active measures campaign” means a foreign semi-
8 covert or covert intelligence operation.

9 (2) CANDIDATE, ELECTION, AND POLITICAL
10 PARTY.—The terms “candidate”, “election”, and
11 “political party” have the meanings given those
12 terms in section 301 of the Federal Election Cam-
13 paign Act of 1971 (52 U.S.C. 30101).

14 (3) CONGRESSIONAL LEADERSHIP.—The term
15 “congressional leadership” includes the following:

16 (A) The majority leader of the Senate.

17 (B) The minority leader of the Senate.

18 (C) The Speaker of the House of Rep-
19 resentatives.

20 (D) The minority leader of the House of
21 Representatives.

22 (4) CYBER INTRUSION.—The term “cyber in-
23 trusion” means an electronic occurrence that actu-
24 ally or imminently jeopardizes, without lawful au-
25 thority, electronic election infrastructure, or the in-

1 tegrity, confidentiality, or availability of information
2 within such infrastructure.

3 (5) ELECTRONIC ELECTION INFRASTRUC-
4 TURE.—The term “electronic election infrastruc-
5 ture” means an electronic information system of any
6 of the following that is related to an election for
7 Federal office:

8 (A) The Federal Government.

9 (B) A State or local government.

10 (C) A political party.

11 (D) The election campaign of a candidate.

12 (6) FEDERAL OFFICE.—The term “Federal of-
13 fice” has the meaning given that term in section 301
14 of the Federal Election Campaign Act of 1971 (52
15 U.S.C. 30101).

16 (7) HIGH CONFIDENCE.—The term “high con-
17 fidence”, with respect to a determination, means
18 that the determination is based on high-quality in-
19 formation from multiple sources.

20 (8) MODERATE CONFIDENCE.—The term “mod-
21 erate confidence”, with respect to a determination,
22 means that a determination is credibly sourced and
23 plausible but not of sufficient quality or corrobo-
24 rated sufficiently to warrant a higher level of con-
25 fidence.

1 (9) OTHER APPROPRIATE CONGRESSIONAL COM-
2 MITTEES.—The term “other appropriate congres-
3 sional committees” means—

4 (A) the Committee on Armed Services, the
5 Committee on Foreign Relations, the Com-
6 mittee on Homeland Security and Govern-
7 mental Affairs, and the Committee on Appro-
8 priations of the Senate; and

9 (B) the Committee on Armed Services, the
10 Committee on Foreign Affairs, the Committee
11 on Homeland Security, and the Committee on
12 Appropriations of the House of Representatives.

13 (b) DETERMINATIONS OF SIGNIFICANT FOREIGN
14 CYBER INTRUSIONS AND ACTIVE MEASURES CAM-
15 PAIGNS.—The Director of National Intelligence, the Di-
16 rector of the Federal Bureau of Investigation, and the
17 Secretary of Homeland Security shall jointly carry out
18 subsection (c) if such Directors and the Secretary jointly
19 determine—

20 (1) that on or after the date of the enactment
21 of this Act, a significant foreign cyber intrusion or
22 active measures campaign intended to influence an
23 upcoming election for any Federal office has oc-
24 curred or is occurring; and

1 (2) with moderate or high confidence, that such
2 intrusion or campaign can be attributed to a foreign
3 state or to a foreign nonstate person, group, or other
4 entity.

5 (c) BRIEFING.—

6 (1) IN GENERAL.—Not later than 14 days after
7 making a determination under subsection (b), the
8 Director of National Intelligence, the Director of the
9 Federal Bureau of Investigation, and the Secretary
10 of Homeland Security shall jointly provide a briefing
11 to the congressional leadership, the congressional in-
12 telligence committees and, consistent with the pro-
13 tection of sources and methods, the other appro-
14 priate congressional committees. The briefing shall
15 be classified and address, at a minimum, the fol-
16 lowing:

17 (A) A description of the significant foreign
18 cyber intrusion or active measures campaign, as
19 the case may be, covered by the determination.

20 (B) An identification of the foreign state
21 or foreign nonstate person, group, or other enti-
22 ty, to which such intrusion or campaign has
23 been attributed.

1 (C) The desirability and feasibility of the
2 public release of information about the cyber in-
3 trusion or active measures campaign.

4 (D) Any other information such Directors
5 and the Secretary jointly determine appropriate.

6 (2) ELECTRONIC ELECTION INFRASTRUCTURE
7 BRIEFINGS.—With respect to a significant foreign
8 cyber intrusion covered by a determination under
9 subsection (b), the Secretary of Homeland Security,
10 in consultation with the Director of National Intel-
11 ligence and the Director of the Federal Bureau of
12 Investigation, shall offer to the owner or operator of
13 any electronic election infrastructure directly af-
14 fected by such intrusion, a briefing on such intru-
15 sion, including steps that may be taken to mitigate
16 such intrusion. Such briefing may be classified and
17 made available only to individuals with appropriate
18 security clearances.

19 (3) PROTECTION OF SOURCES AND METH-
20 ODS.—This subsection shall be carried out in a man-
21 ner that is consistent with the protection of sources
22 and methods.

1 **SEC. 6508. DESIGNATION OF COUNTERINTELLIGENCE OFFI-**
2 **CER TO LEAD ELECTION SECURITY MATTERS.**

3 (a) IN GENERAL.—The Director of National Intel-
4 ligence shall designate a national counterintelligence offi-
5 cer within the National Counterintelligence and Security
6 Center to lead, manage, and coordinate counterintelligence
7 matters relating to election security.

8 (b) ADDITIONAL RESPONSIBILITIES.—The person
9 designated under subsection (a) shall also lead, manage,
10 and coordinate counterintelligence matters relating to
11 risks posed by interference from foreign powers (as de-
12 fined in section 101 of the Foreign Intelligence Surveil-
13 lance Act of 1978 (50 U.S.C. 1801)) to the following:

14 (1) The Federal Government election security
15 supply chain.

16 (2) Election voting systems and software.

17 (3) Voter registration databases.

18 (4) Critical infrastructure related to elections.

19 (5) Such other Government goods and services
20 as the Director of National Intelligence considers ap-
21 propriate.

22 **TITLE LXVI—SECURITY**
23 **CLEARANCES**

24 **SEC. 6601. DEFINITIONS.**

25 In this title:

1 (1) APPROPRIATE CONGRESSIONAL COMMIT-
2 TEES.—The term “appropriate congressional com-
3 mittees” means—

4 (A) the congressional intelligence commit-
5 tees;

6 (B) the Committee on Armed Services of
7 the Senate;

8 (C) the Committee on Appropriations of
9 the Senate;

10 (D) the Committee on Homeland Security
11 and Governmental Affairs of the Senate;

12 (E) the Committee on Armed Services of
13 the House of Representatives;

14 (F) the Committee on Appropriations of
15 the House of Representatives;

16 (G) the Committee on Homeland Security
17 of the House of Representatives; and

18 (H) the Committee on Oversight and Re-
19 form of the House of Representatives.

20 (2) APPROPRIATE INDUSTRY PARTNER.—The
21 term “appropriate industry partner” means a con-
22 tractor, licensee, or grantee (as defined in section
23 101(a) of Executive Order No. 12829 (50 U.S.C.
24 3161 note; relating to National Industrial Security
25 Program)) that is participating in the National In-

1 industrial Security Program established by such Exec-
2 utive order.

3 (3) CONTINUOUS VETTING.—The term “contin-
4 uous vetting” has the meaning given such term in
5 Executive Order No. 13467 (50 U.S.C. 3161 note;
6 relating to reforming processes for determining suit-
7 ability for government employment, fitness for con-
8 tractor employees, and eligibility for access to classi-
9 fied national security information).

10 (4) COUNCIL.—The term “Council” means the
11 Security, Suitability, and Credentialing Performance
12 Accountability Council established pursuant to such
13 Executive order, or any successor entity.

14 (5) RECIPROCITY.—The term “reciprocity”
15 means reciprocal recognition by Federal departments
16 and agencies of eligibility for access to classified in-
17 formation.

18 (6) SECURITY EXECUTIVE AGENT.—The term
19 “Security Executive Agent” means the officer serv-
20 ing as the Security Executive Agent pursuant to sec-
21 tion 803 of the National Security Act of 1947, as
22 added by section 6605.

23 (7) SUITABILITY AND CREDENTIALING EXECU-
24 TIVE AGENT.—The term “Suitability and
25 Credentialing Executive Agent” means the Director

1 of the Office of Personnel Management acting as the
2 Suitability and Credentialing Executive Agent in ac-
3 cordance with Executive Order No. 13467 (50
4 U.S.C. 3161 note; relating to reforming processes
5 related to suitability for Government employment,
6 fitness for contractor employees, and eligibility for
7 access to classified national security information), or
8 any successor entity.

9 **SEC. 6602. REPORTS AND PLANS RELATING TO SECURITY**
10 **CLEARANCES AND BACKGROUND INVESTIGA-**
11 **TIONS.**

12 (a) SENSE OF CONGRESS.—It is the sense of Con-
13 gress that—

14 (1) ensuring the trustworthiness and security of
15 the workforce, facilities, and information of the Fed-
16 eral Government is of the highest priority to na-
17 tional security and public safety;

18 (2) the President and Congress should
19 prioritize the modernization of the personnel security
20 framework to improve its efficiency, effectiveness,
21 and accountability;

22 (3) the current system for background inves-
23 tigations for security clearances, suitability and fit-
24 ness for employment, and credentialing lacks effi-
25 ciencies and capabilities to meet the current threat

1 environment, recruit and retain a trusted workforce,
2 and capitalize on modern technologies; and

3 (4) changes to policies or processes to improve
4 this system should be vetted through the Council to
5 ensure standardization, portability, and reciprocity
6 in security clearances across the Federal Govern-
7 ment.

8 (b) ACCOUNTABILITY PLANS AND REPORTS.—

9 (1) PLANS.—Not later than 90 days after the
10 date of the enactment of this Act, the Council shall
11 submit to the appropriate congressional committees
12 and make available to appropriate industry partners
13 the following:

14 (A) A plan, with milestones, to reduce the
15 background investigation inventory to 200,000,
16 or an otherwise sustainable steady-level, by the
17 end of year 2020. Such plan shall include notes
18 of any required changes in investigative and ad-
19 judicative standards or resources.

20 (B) A plan to consolidate the conduct of
21 background investigations associated with the
22 processing for security clearances in the most
23 effective and efficient manner in the Defense
24 Counterintelligence and Security Agency. Such
25 plan shall address required funding, personnel,

1 contracts, information technology, field office
2 structure, policy, governance, schedule, transi-
3 tion costs, and effects on stakeholders.

4 (2) REPORT ON THE FUTURE OF PERSONNEL
5 SECURITY.—

6 (A) IN GENERAL.—Not later than 180
7 days after the date of the enactment of this
8 Act, the Chairman of the Council, in coordina-
9 tion with the members of the Council, shall sub-
10 mit to the appropriate congressional committees
11 and make available to appropriate industry
12 partners a report on the future of personnel se-
13 curity to reflect changes in threats, the work-
14 force, and technology.

15 (B) CONTENTS.—The report submitted
16 under subparagraph (A) shall include the fol-
17 lowing:

18 (i) A risk framework for granting and
19 renewing access to classified information.

20 (ii) A discussion of the use of tech-
21 nologies to prevent, detect, and monitor
22 threats.

23 (iii) A discussion of efforts to address
24 reciprocity and portability.

1 (iv) A discussion of the characteristics
2 of effective insider threat programs.

3 (v) An analysis of how to integrate
4 data from continuous vetting, insider
5 threat programs, and human resources
6 data.

7 (vi) Recommendations on interagency
8 governance.

9 (3) PLAN FOR IMPLEMENTATION.—Not later
10 than 180 days after the date of the enactment of
11 this Act, the Chairman of the Council, in coordina-
12 tion with the members of the Council, shall submit
13 to the appropriate congressional committees and
14 make available to appropriate industry partners a
15 plan to implement the report's framework and rec-
16 ommendations submitted under paragraph (2)(A).

17 (4) CONGRESSIONAL NOTIFICATIONS.—Not less
18 frequently than quarterly, the Security Executive
19 Agent shall make available to the public a report re-
20 garding the status of the disposition of requests re-
21 ceived from departments and agencies of the Federal
22 Government for a change to, or approval under, the
23 Federal investigative standards, the national adju-
24 dicative guidelines, continuous vetting, or other na-
25 tional policy regarding personnel security.

1 **SEC. 6603. IMPROVING THE PROCESS FOR SECURITY**
2 **CLEARANCES.**

3 (a) **REVIEWS.**—Not later than 180 days after the
4 date of the enactment of this Act, the Security Executive
5 Agent, in coordination with the members of the Council,
6 shall submit to the appropriate congressional committees
7 and make available to appropriate industry partners a re-
8 port that includes the following:

9 (1) A review of whether the information re-
10 quested on the Questionnaire for National Security
11 Positions (Standard Form 86) and by the Federal
12 Investigative Standards prescribed by the Suitability
13 and Credentialing Executive Agent and the Security
14 Executive Agent appropriately supports the adju-
15 dicative guidelines under Security Executive Agent
16 Directive 4 (known as the “National Security Adju-
17 dicative Guidelines”). Such review shall include iden-
18 tification of whether any such information currently
19 collected is unnecessary to support the adjudicative
20 guidelines.

21 (2) An assessment of whether such Question-
22 naire, Standards, and guidelines should be revised to
23 account for the prospect of a holder of a security
24 clearance becoming an insider threat.

25 (3) Recommendations to improve the back-
26 ground investigation process by—

1 (A) simplifying the Questionnaire for Na-
2 tional Security Positions (Standard Form 86)
3 and increasing customer support to applicants
4 completing such Questionnaire;

5 (B) using remote techniques and central-
6 ized locations to support or replace field inves-
7 tigation work;

8 (C) using secure and reliable digitization of
9 information obtained during the clearance proc-
10 ess;

11 (D) building the capacity of the back-
12 ground investigation workforce; and

13 (E) replacing periodic reinvestigations with
14 continuous vetting techniques in all appropriate
15 circumstances.

16 (b) POLICY, STRATEGY, AND IMPLEMENTATION.—
17 Not later than 180 days after the date of the enactment
18 of this Act, the Security Executive Agent shall, in coordi-
19 nation with the members of the Council, establish the fol-
20 lowing:

21 (1) A policy and implementation plan for the
22 issuance of interim security clearances.

23 (2) A policy and implementation plan to ensure
24 contractors are treated consistently in the security
25 clearance process across agencies and departments

1 of the United States as compared to employees of
2 such agencies and departments. Such policy shall
3 address—

4 (A) prioritization of processing security
5 clearances based on the mission the contractors
6 will be performing;

7 (B) standardization in the forms that
8 agencies issue to initiate the process for a secu-
9 rity clearance;

10 (C) digitization of background investiga-
11 tion-related forms;

12 (D) use of the polygraph;

13 (E) the application of the adjudicative
14 guidelines under Security Executive Agent Di-
15 rective 4 (known as the “National Security Ad-
16 judicative Guidelines”);

17 (F) reciprocal recognition of clearances
18 across agencies and departments of the United
19 States, regardless of status of periodic reinves-
20 tigation;

21 (G) tracking of clearance files as individ-
22 uals move from employment with an agency or
23 department of the United States to employment
24 in the private sector;

1 (H) collection of timelines for movement of
2 contractors across agencies and departments;

3 (I) reporting on security incidents and job
4 performance, consistent with section 552a of
5 title 5, United States Code (commonly known
6 as the “Privacy Act of 1974”), that may affect
7 the ability to hold a security clearance;

8 (J) any recommended changes to the Fed-
9 eral Acquisition Regulations (FAR) necessary
10 to ensure that information affecting contractor
11 clearances or suitability is appropriately and ex-
12 peditiously shared between and among agencies
13 and contractors; and

14 (K) portability of contractor security clear-
15 ances between or among contracts at the same
16 agency and between or among contracts at dif-
17 ferent agencies that require the same level of
18 clearance.

19 (3) A strategy and implementation plan that—

20 (A) provides for periodic reinvestigations
21 as part of a security clearance determination
22 only on an as-needed, risk-based basis;

23 (B) includes actions to assess the extent to
24 which automated records checks and other con-

1 tinuous vetting methods may be used to expe-
2 dite or focus reinvestigations; and

3 (C) provides an exception to the require-
4 ment under subparagraph (A) for certain popu-
5 lations if the Security Executive Agent—

6 (i) determines such populations re-
7 quire reinvestigations at regular intervals;
8 and

9 (ii) provides written justification to
10 the appropriate congressional committees
11 for any such determination.

12 (4) A policy and implementation plan for agen-
13 cies and departments of the United States, as a part
14 of the security clearance process, to accept auto-
15 mated records checks generated pursuant to a secu-
16 rity clearance applicant's employment with a prior
17 employer.

18 (5) A policy for the use of certain background
19 information on individuals collected by the private
20 sector for background investigation purposes.

21 (6) Uniform standards for agency continuous
22 vetting programs to ensure quality and reciprocity in
23 accepting enrollment in a continuous vetting pro-
24 gram as a substitute for a periodic investigation for
25 continued access to classified information.

1 **SEC. 6604. GOALS FOR PROMPTNESS OF DETERMINATIONS**
2 **REGARDING SECURITY CLEARANCES.**

3 (a) **IN GENERAL.**—The Council shall reform the se-
4 curity clearance process with the objective that, by Decem-
5 ber 31, 2021, 90 percent of all determinations, other than
6 determinations regarding populations identified under sec-
7 tion 6603(b)(3)(C), regarding—

8 (1) security clearances—

9 (A) at the secret level are issued in 30
10 days or fewer; and

11 (B) at the top secret level are issued in 90
12 days or fewer; and

13 (2) reciprocity of security clearances at the
14 same level are recognized in 2 weeks or fewer.

15 (b) **CERTAIN REINVESTIGATIONS.**—The Council shall
16 reform the security clearance process with the goal that
17 by December 31, 2021, reinvestigation on a set periodicity
18 is not required for more than 10 percent of the population
19 that holds a security clearance.

20 (c) **EQUIVALENT METRICS.**—

21 (1) **IN GENERAL.**—If the Council develops a set
22 of performance metrics that it certifies to the appro-
23 priate congressional committees should achieve sub-
24 stantially equivalent outcomes as those outlined in
25 subsections (b) and (c), the Council may use those

1 metrics for purposes of compliance within this provi-
2 sion.

3 (2) NOTICE.—If the Council uses the authority
4 provided by paragraph (1) to use metrics as de-
5 scribed in such paragraph, the Council shall, not
6 later than 30 days after communicating such metrics
7 to departments and agencies, notify the appropriate
8 congressional committees that it is using such au-
9 thority.

10 (d) PLAN.—Not later than 180 days after the date
11 of the enactment of this Act, the Council shall submit to
12 the appropriate congressional committees and make avail-
13 able to appropriate industry partners a plan to carry out
14 this section. Such plan shall include recommended interim
15 milestones for the goals set forth in subsections (b) and
16 (c) for 2019, 2020, and 2021.

17 **SEC. 6605. SECURITY EXECUTIVE AGENT.**

18 (a) IN GENERAL.—Title VIII of the National Secu-
19 rity Act of 1947 (50 U.S.C. 3161 et seq.) is amended—

20 (1) by redesignating sections 803 and 804 as
21 sections 804 and 805, respectively; and

22 (2) by inserting after section 802 the following:

23 **“SEC. 803. SECURITY EXECUTIVE AGENT.**

24 “(a) IN GENERAL.—The Director of National Intel-
25 ligence, or such other officer of the United States as the

1 President may designate, shall serve as the Security Exec-
2 utive Agent for all departments and agencies of the United
3 States.

4 “(b) DUTIES.—The duties of the Security Executive
5 Agent are as follows:

6 “(1) To direct the oversight of investigations,
7 reinvestigations, adjudications, and, as applicable,
8 polygraphs for eligibility for access to classified in-
9 formation or eligibility to hold a sensitive position
10 made by any Federal agency.

11 “(2) To review the national security back-
12 ground investigation and adjudication programs of
13 Federal agencies to determine whether such pro-
14 grams are being implemented in accordance with
15 this section.

16 “(3) To develop and issue uniform and con-
17 sistent policies and procedures to ensure the effec-
18 tive, efficient, timely, and secure completion of inves-
19 tigation, polygraphs, and adjudications relating to
20 determinations of eligibility for access to classified
21 information or eligibility to hold a sensitive position.

22 “(4) Unless otherwise designated by law, to
23 serve as the final authority to designate a Federal
24 agency or agencies to conduct investigations of per-
25 sons who are proposed for access to classified infor-

1 mation or for eligibility to hold a sensitive position
2 to ascertain whether such persons satisfy the criteria
3 for obtaining and retaining access to classified infor-
4 mation or eligibility to hold a sensitive position, as
5 applicable.

6 “(5) Unless otherwise designated by law, to
7 serve as the final authority to designate a Federal
8 agency or agencies to determine eligibility for access
9 to classified information or eligibility to hold a sen-
10 sitive position in accordance with Executive Order
11 No. 12968 (50 U.S.C. 3161 note; relating to access
12 to classified information).

13 “(6) To review and approve the policies of the
14 Federal agencies that ensure reciprocal recognition
15 of eligibility for access to classified information or
16 eligibility to hold a sensitive position among Federal
17 agencies, and to act as the final authority to arbi-
18 trate and resolve disputes among such agencies in-
19 volving the reciprocity of investigations and adju-
20 dications of eligibility.

21 “(7) To execute all other duties assigned to the
22 Security Executive Agent by law.

23 “(c) AUTHORITIES.—The Security Executive Agent
24 shall—

1 “(1) issue guidelines and instructions to the
2 heads of Federal agencies to ensure appropriate uni-
3 formity, centralization, efficiency, effectiveness, time-
4 liness, and security in processes relating to deter-
5 minations by such agencies of eligibility for access to
6 classified information or eligibility to hold a sensitive
7 position, including such matters as investigations,
8 polygraphs, adjudications, and reciprocity;

9 “(2) have the authority to grant exceptions to,
10 or waivers of, national security investigative require-
11 ments, including issuing implementing or clarifying
12 guidance, as necessary;

13 “(3) have the authority to assign, in whole or
14 in part, to the head of any Federal agency (solely or
15 jointly) any of the duties of the Security Executive
16 Agent described in subsection (b) or the authorities
17 described in paragraphs (1) and (2), provided that
18 the exercise of such assigned duties or authorities is
19 subject to the oversight of the Security Executive
20 Agent, including such terms and conditions (includ-
21 ing approval by the Security Executive Agent) as the
22 Security Executive Agent determines appropriate;
23 and

1 “(4) define and set standards for continuous
2 vetting for continued access to classified information
3 and for eligibility to hold a sensitive position.”.

4 (b) **REPORT ON RECOMMENDATIONS FOR REVISING**
5 **AUTHORITIES.**—Not later than 30 days after the date on
6 which the Chairman of the Council submits to the appro-
7 priate congressional committees the report required by
8 section 6602(b)(2)(A), the Chairman shall submit to the
9 appropriate congressional committees such recommenda-
10 tions as the Chairman may have for revising the authori-
11 ties of the Security Executive Agent.

12 (c) **CONFORMING AMENDMENT.**—Section
13 103H(j)(4)(A) of such Act (50 U.S.C. 3033(j)(4)(A)) is
14 amended by striking “in section 804” and inserting “in
15 section 805”.

16 (d) **CLERICAL AMENDMENT.**—The table of contents
17 in the matter preceding section 2 of such Act (50 U.S.C.
18 3002) is amended by striking the items relating to sections
19 803 and 804 and inserting the following:

“Sec. 803. Security Executive Agent.

“Sec. 804. Exceptions.

“Sec. 805. Definitions.”.

20 **SEC. 6606. REPORT ON UNIFIED, SIMPLIFIED, GOVERN-**
21 **MENTWIDE STANDARDS FOR POSITIONS OF**
22 **TRUST AND SECURITY CLEARANCES.**

23 Not later than 90 days after the date of the enact-
24 ment of this Act, the Security Executive Agent and the

1 Suitability and Credentialing Executive Agent, in coordi-
2 nation with the other members of the Council, shall jointly
3 submit to the appropriate congressional committees and
4 make available to appropriate industry partners a report
5 regarding the advisability and the risks, benefits, and
6 costs to the Government and to industry of consolidating
7 to not more than three tiers for positions of trust and se-
8 curity clearances.

9 **SEC. 6607. REPORT ON CLEARANCE IN PERSON CONCEPT.**

10 (a) SENSE OF CONGRESS.—It is the sense of Con-
11 gress that to reflect the greater mobility of the modern
12 workforce, alternative methodologies merit analysis to
13 allow greater flexibility for individuals moving in and out
14 of positions that require access to classified information,
15 while still preserving security.

16 (b) REPORT REQUIRED.—Not later than 90 days
17 after the date of the enactment of this Act, the Security
18 Executive Agent shall submit to the appropriate congres-
19 sional committees and make available to appropriate in-
20 dustry partners a report that describes the requirements,
21 feasibility, and advisability of implementing a clearance in
22 person concept described in subsection (c).

23 (c) CLEARANCE IN PERSON CONCEPT.—The clear-
24 ance in person concept—

1 (1) permits an individual who once held a secu-
2 rity clearance to maintain his or her eligibility for
3 access to classified information, networks, and facili-
4 ties for up to 3 years after the individual's eligibility
5 for access to classified information would otherwise
6 lapse; and

7 (2) recognizes, unless otherwise directed by the
8 Security Executive Agent, an individual's security
9 clearance and background investigation as current,
10 regardless of employment status, contingent on en-
11 rollment in a continuous vetting program.

12 (d) CONTENTS.—The report required under sub-
13 section (b) shall address—

14 (1) requirements for an individual to voluntarily
15 remain in a continuous vetting program validated by
16 the Security Executive Agent even if the individual
17 is not in a position requiring access to classified in-
18 formation;

19 (2) appropriate safeguards for privacy;

20 (3) advantages to government and industry;

21 (4) the costs and savings associated with imple-
22 mentation;

23 (5) the risks of such implementation, including
24 security and counterintelligence risks;

25 (6) an appropriate funding model; and

1 (7) fairness to small companies and inde-
2 pendent contractors.

3 **SEC. 6608. REPORTS ON RECIPROCITY FOR SECURITY**
4 **CLEARANCES INSIDE OF DEPARTMENTS AND**
5 **AGENCIES.**

6 (a) **REPORTS TO SECURITY EXECUTIVE AGENT.**—
7 The head of each Federal department or agency shall sub-
8 mit an annual report to the Security Executive Agent that,
9 with respect to the period covered by the report—

10 (1) identifies the number of individuals whose
11 security clearances took more than 2 weeks for reci-
12 procity recognition after such individuals move to
13 another part of such department or agency; and

14 (2) breaks out the information described in
15 paragraph (1) by type of clearance and the reasons
16 for any delays.

17 (b) **ANNUAL REPORT.**—Not less frequently than once
18 each year, the Security Executive Agent shall submit to
19 the appropriate congressional committees and make avail-
20 able to industry partners a report that summarizes the
21 information received pursuant to subsection (b) during the
22 period covered by such report.

1 **SEC. 6609. INTELLIGENCE COMMUNITY REPORTS ON SECU-**
2 **RITY CLEARANCES.**

3 (a) SENSE OF CONGRESS.—It is the sense of Con-
4 gress that—

5 (1) despite sustained efforts by Congress and
6 the executive branch, an unacceptable backlog in
7 processing and adjudicating security clearances per-
8 sists, both within elements of the intelligence com-
9 munity and in other departments of the Federal
10 Government, with some processing times exceeding a
11 year or even more;

12 (2) the protracted clearance timetable threatens
13 the ability of elements of the intelligence community
14 to hire and retain highly qualified individuals, and
15 thus to fulfill the missions of such elements;

16 (3) the prospect of a lengthy clearance process
17 deters some such individuals from seeking employ-
18 ment with the intelligence community in the first
19 place, and, when faced with a long wait time, those
20 with conditional offers of employment may opt to
21 discontinue the security clearance process and pur-
22 sue different opportunities;

23 (4) now more than ever, therefore, the broken
24 security clearance process badly needs fundamental
25 reform; and

1 (5) in the meantime, to ensure the ability of
2 elements of the intelligence community to hire and
3 retain highly qualified personnel, elements should
4 consider, to the extent possible and consistent with
5 national security, permitting new employees to enter
6 on duty immediately or nearly so, and to perform,
7 on a temporary basis pending final adjudication of
8 their security clearances, work that either does not
9 require a security clearance or requires only a low-
10 level interim clearance.

11 (b) **REPORTS REQUIRED.**—Section 506H of the Na-
12 tional Security Act of 1947 (50 U.S.C. 3104) is amend-
13 ed—

14 (1) in subsection (a)(1)—

15 (A) in subparagraph (A)(ii), by adding
16 “and” at the end;

17 (B) in subparagraph (B)(ii), by striking “;
18 and” and inserting a period; and

19 (C) by striking subparagraph (C);

20 (2) by redesignating subsection (b) as sub-
21 section (c);

22 (3) by inserting after subsection (a) the fol-
23 lowing:

24 “(b) **INTELLIGENCE COMMUNITY REPORTS.**—(1)(A)

25 Not later than March 1 of each year, the Director of Na-

1 tional Intelligence shall submit a report to the congres-
2 sional intelligence committees, the Committee on Home-
3 land Security and Governmental Affairs of the Senate, the
4 Committee on Homeland Security of the House of Rep-
5 resentatives, and the Committee on Oversight and Reform
6 of the House of Representatives regarding the security
7 clearances processed by each element of the intelligence
8 community during the preceding fiscal year.

9 “(B) The Director shall submit to the Committee on
10 Armed Services of the Senate and the Committee on
11 Armed Services of the House of Representatives such por-
12 tions of the report submitted under subparagraph (A) as
13 the Director determines address elements of the intel-
14 ligence community that are within the Department of De-
15 fense.

16 “(C) Each report submitted under this paragraph
17 shall separately identify security clearances processed for
18 Federal employees and contractor employees sponsored by
19 each such element.

20 “(2) Each report submitted under paragraph (1)(A)
21 shall include, for each element of the intelligence commu-
22 nity for the fiscal year covered by the report, the following:

23 “(A) The total number of initial security clear-
24 ance background investigations sponsored for new
25 applicants.

1 “(B) The total number of security clearance
2 periodic reinvestigations sponsored for existing em-
3 ployees.

4 “(C) The total number of initial security clear-
5 ance background investigations for new applicants
6 that were adjudicated with notice of a determination
7 provided to the prospective applicant, including—

8 “(i) the total number of such adjudications
9 that were adjudicated favorably and granted ac-
10 cess to classified information; and

11 “(ii) the total number of such adjudica-
12 tions that were adjudicated unfavorably and re-
13 sulted in a denial or revocation of a security
14 clearance.

15 “(D) The total number of security clearance
16 periodic background investigations that were adju-
17 dicated with notice of a determination provided to
18 the existing employee, including—

19 “(i) the total number of such adjudications
20 that were adjudicated favorably; and

21 “(ii) the total number of such adjudica-
22 tions that were adjudicated unfavorably and re-
23 sulted in a denial or revocation of a security
24 clearance.

1 “(E) The total number of pending security
2 clearance background investigations, including initial
3 applicant investigations and periodic reinvestiga-
4 tions, that were not adjudicated as of the last day
5 of such year and that remained pending, categorized
6 as follows:

7 “(i) For 180 days or shorter.

8 “(ii) For longer than 180 days, but shorter
9 than 12 months.

10 “(iii) For 12 months or longer, but shorter
11 than 18 months.

12 “(iv) For 18 months or longer, but shorter
13 than 24 months.

14 “(v) For 24 months or longer.

15 “(F) For any security clearance determinations
16 completed or pending during the year preceding the
17 year for which the report is submitted that have
18 taken longer than 12 months to complete—

19 “(i) an explanation of the causes for the
20 delays incurred during the period covered by
21 the report; and

22 “(ii) the number of such delays involving a
23 polygraph requirement.

24 “(G) The percentage of security clearance in-
25 vestigations, including initial and periodic reinves-

1 tigitations, that resulted in a denial or revocation of
2 a security clearance.

3 “(H) The percentage of security clearance in-
4 vestigations that resulted in incomplete information.

5 “(I) The percentage of security clearance inves-
6 tigations that did not result in enough information
7 to make a decision on potentially adverse informa-
8 tion.

9 “(3) The report required under this subsection shall
10 be submitted in unclassified form, but may include a clas-
11 sified annex.”; and

12 (4) in subsection (c), as redesignated, by strik-
13 ing “subsection (a)(1)” and inserting “subsections
14 (a)(1) and (b)”.

15 **SEC. 6610. PERIODIC REPORT ON POSITIONS IN THE INTEL-**
16 **LIGENCE COMMUNITY THAT CAN BE CON-**
17 **DUCTED WITHOUT ACCESS TO CLASSIFIED**
18 **INFORMATION, NETWORKS, OR FACILITIES.**

19 Not later than 180 days after the date of the enact-
20 ment of this Act and not less frequently than once every
21 5 years thereafter, the Director of National Intelligence
22 shall submit to the congressional intelligence committees
23 a report that reviews the intelligence community for which
24 positions can be conducted without access to classified in-

1 formation, networks, or facilities, or may only require a
2 security clearance at the secret level.

3 **SEC. 6611. INFORMATION-SHARING PROGRAM FOR POSI-**
4 **TIONS OF TRUST AND SECURITY CLEAR-**
5 **ANCES.**

6 (a) PROGRAM REQUIRED.—

7 (1) IN GENERAL.—Not later than 90 days after
8 the date of the enactment of this Act, the Security
9 Executive Agent and the Suitability and
10 Credentialing Executive Agent shall establish and
11 implement a program to share between and among
12 agencies of the Federal Government and industry
13 partners of the Federal Government relevant back-
14 ground information regarding individuals applying
15 for and currently occupying national security posi-
16 tions and positions of trust, in order to ensure the
17 Federal Government maintains a trusted workforce.

18 (2) DESIGNATION.—The program established
19 under paragraph (1) shall be known as the “Trusted
20 Information Provider Program” (in this section re-
21 ferred to as the “Program”).

22 (b) PRIVACY SAFEGUARDS.—The Security Executive
23 Agent and the Suitability and Credentialing Executive
24 Agent shall ensure that the Program includes such safe-
25 guards for privacy as the Security Executive Agent and

1 the Suitability and Credentialing Executive Agent consider
2 appropriate.

3 (c) PROVISION OF INFORMATION TO THE FEDERAL
4 GOVERNMENT.—The Program shall include requirements
5 that enable investigative service providers and agencies of
6 the Federal Government to leverage certain pre-employ-
7 ment information gathered through private-sector means
8 during the employment or military recruiting process, and
9 other relevant security or human resources information
10 obtained during employment with or for the Federal Gov-
11 ernment, that satisfy Federal investigative standards,
12 while safeguarding personnel privacy.

13 (d) INFORMATION AND RECORDS.—The information
14 and records considered under the Program shall include
15 the following:

- 16 (1) Date and place of birth.
- 17 (2) Citizenship or immigration and naturaliza-
18 tion information.
- 19 (3) Education records.
- 20 (4) Employment records.
- 21 (5) Employment or social references.
- 22 (6) Military service records.
- 23 (7) State and local law enforcement checks.
- 24 (8) Criminal history checks.
- 25 (9) Financial records or information.

1 (10) Foreign travel, relatives, or associations.

2 (11) Social media checks.

3 (12) Such other information or records as may
4 be relevant to obtaining or maintaining national se-
5 curity, suitability, fitness, or credentialing eligibility.

6 (e) IMPLEMENTATION PLAN.—

7 (1) IN GENERAL.—Not later than 90 days after
8 the date of the enactment of this Act, the Security
9 Executive Agent and the Suitability and
10 Credentialing Executive Agent shall jointly submit to
11 the appropriate congressional committees and make
12 available to appropriate industry partners a plan for
13 the implementation of the Program.

14 (2) ELEMENTS.—The plan required by para-
15 graph (1) shall include the following:

16 (A) Mechanisms that address privacy, na-
17 tional security, suitability or fitness,
18 credentialing, and human resources or military
19 recruitment processes.

20 (B) Such recommendations for legislative
21 or administrative action as the Security Execu-
22 tive Agent and the Suitability and Credentialing
23 Executive Agent consider appropriate to carry
24 out or improve the Program.

1 (f) PLAN FOR PILOT PROGRAM ON TWO-WAY INFOR-
2 MATION SHARING.—

3 (1) IN GENERAL.—Not later than 180 days
4 after the date of the enactment of this Act, the Se-
5 curity Executive Agent and the Suitability and
6 Credentialing Executive Agent shall jointly submit to
7 the appropriate congressional committees and make
8 available to appropriate industry partners a plan for
9 the implementation of a pilot program to assess the
10 feasibility and advisability of expanding the Program
11 to include the sharing of information held by the
12 Federal Government related to contract personnel
13 with the security office of the employers of those
14 contractor personnel.

15 (2) ELEMENTS.—The plan required by para-
16 graph (1) shall include the following:

17 (A) Mechanisms that address privacy, na-
18 tional security, suitability or fitness,
19 credentialing, and human resources or military
20 recruitment processes.

21 (B) Such recommendations for legislative
22 or administrative action as the Security Execu-
23 tive Agent and the Suitability and Credentialing
24 Executive Agent consider appropriate to carry
25 out or improve the pilot program.

1 (g) REVIEW.—Not later than 1 year after the date
2 of the enactment of this Act, the Security Executive Agent
3 and the Suitability and Credentialing Executive Agent
4 shall jointly submit to the appropriate congressional com-
5 mittees and make available to appropriate industry part-
6 ners a review of the plans submitted under subsections
7 (e)(1) and (f)(1) and utility and effectiveness of the pro-
8 grams described in such plans.

9 **SEC. 6612. REPORT ON PROTECTIONS FOR CONFIDEN-**
10 **TIALITY OF WHISTLEBLOWER-RELATED COM-**
11 **MUNICATIONS.**

12 Not later than 180 days after the date of the enact-
13 ment of this Act, the Security Executive Agent shall, in
14 coordination with the Inspector General of the Intelligence
15 Community, submit to the appropriate congressional com-
16 mittees a report detailing the controls employed by the in-
17 telligence community to ensure that continuous vetting
18 programs, including those involving user activity moni-
19 toring, protect the confidentiality of whistleblower-related
20 communications.

21 **SEC. 6613. REPORTS ON COSTS OF SECURITY CLEARANCE**
22 **BACKGROUND INVESTIGATIONS.**

23 (a) REPORTS.—Not later than March 1, 2020, and
24 each year thereafter through 2022, the Security Executive
25 Agent, in coordination with the Council, shall submit to

1 the appropriate congressional committees a report on the
2 resources expended by each agency of the Federal Govern-
3 ment during the fiscal year prior to the date of the report
4 for processing security clearance background investiga-
5 tions and continuous vetting programs, disaggregated by
6 tier and whether the individual was a Government em-
7 ployee or contractor.

8 (b) CONTENTS.—Each report submitted under sub-
9 section (a) shall include, for the period covered by the re-
10 port—

11 (1) the costs of background investigations;

12 (2) the costs of reinvestigations;

13 (3) the costs associated with background inves-
14 tigation and reinvestigations for Government per-
15 sonnel;

16 (4) the costs associated with background inves-
17 tigation and reinvestigations for contract personnel;

18 (5) costs associated with continuous evaluation
19 initiatives monitoring for personnel for whom a
20 background investigation or reinvestigation was con-
21 ducted, other than costs associated with adjudica-
22 tion;

23 (6) the average cost per person for each type of
24 background investigation; and

1 (7) a summary of transfers and
2 reprogrammings that were executed to support the
3 processing of security clearances.

4 **TITLE LXVII—REPORTS AND**
5 **OTHER MATTERS**

6 **Subtitle A—Matters Relating to**
7 **Russia and Other Foreign Powers**

8 **SEC. 6701. LIMITATION RELATING TO ESTABLISHMENT OR**
9 **SUPPORT OF CYBERSECURITY UNIT WITH**
10 **THE RUSSIAN FEDERATION.**

11 (a) APPROPRIATE CONGRESSIONAL COMMITTEES
12 DEFINED.—In this section, the term “appropriate con-
13 gressional committees” means—

14 (1) the congressional intelligence committees;
15 (2) the Committee on Armed Services of the
16 Senate and the Committee on Armed Services of the
17 House of Representatives; and

18 (3) the Committee on Foreign Relations of the
19 Senate and the Committee on Foreign Affairs of the
20 House of Representatives.

21 (b) LIMITATION.—

22 (1) IN GENERAL.—No amount may be ex-
23 pended by the Federal Government, other than the
24 Department of Defense, to enter into or implement
25 any bilateral agreement between the United States

1 and the Russian Federation regarding cybersecurity,
2 including the establishment or support of any cyber-
3 security unit, unless, at least 30 days prior to the
4 conclusion of any such agreement, the Director of
5 National Intelligence submits to the appropriate con-
6 gressional committees a report on such agreement
7 that includes the elements required by subsection
8 (c).

9 (2) DEPARTMENT OF DEFENSE AGREE-
10 MENTS.—Any agreement between the Department of
11 Defense and the Russian Federation regarding cy-
12 bersecurity shall be conducted in accordance with
13 section 1232 of the National Defense Authorization
14 Act for Fiscal Year 2017 (Public Law 114–328), as
15 amended by section 1231 of the National Defense
16 Authorization Act for Fiscal Year 2018 (Public Law
17 115–91).

18 (c) ELEMENTS.—If the Director submits a report
19 under subsection (b) with respect to an agreement, such
20 report shall include a discussion of each of the following:

21 (1) The purpose of the agreement.

22 (2) The nature of any intelligence to be shared
23 pursuant to the agreement.

24 (3) The expected value to national security re-
25 sulting from the implementation of the agreement.

1 (4) Such counterintelligence concerns associated
2 with the agreement as the Director may have and
3 such measures as the Director expects to be taken
4 to mitigate such concerns.

5 (d) **RULE OF CONSTRUCTION.**—This section shall not
6 be construed to affect any existing authority of the Direc-
7 tor of National Intelligence, the Director of the Central
8 Intelligence Agency, or another head of an element of the
9 intelligence community, to share or receive foreign intel-
10 ligence on a case-by-case basis.

11 **SEC. 6702. ASSESSMENT OF THREAT FINANCE RELATING**
12 **TO RUSSIA.**

13 (a) **THREAT FINANCE DEFINED.**—In this section,
14 the term “threat finance” means—

15 (1) the financing of cyber operations, global in-
16 fluence campaigns, intelligence service activities, pro-
17 liferation, terrorism, or transnational crime and
18 drug organizations;

19 (2) the methods and entities used to spend,
20 store, move, raise, conceal, or launder money or
21 value, on behalf of threat actors;

22 (3) sanctions evasion; and

23 (4) other forms of threat finance activity do-
24 mestically or internationally, as defined by the Presi-
25 dent.

1 (b) REPORT REQUIRED.—Not later than 60 days
2 after the date of the enactment of this Act, the Director
3 of National Intelligence, in coordination with the Assistant
4 Secretary of the Treasury for Intelligence and Analysis,
5 shall submit to the congressional intelligence committees,
6 the Committee on Foreign Affairs of the House of Rep-
7 resentatives, and the Committee on Foreign Relations of
8 the Senate a report containing an assessment of Russian
9 threat finance. The assessment shall be based on intel-
10 ligence from all sources, including from the Office of Ter-
11 rorism and Financial Intelligence of the Department of
12 the Treasury.

13 (c) ELEMENTS.—The report required by subsection
14 (b) shall include each of the following:

15 (1) A summary of leading examples from the 3-
16 year period preceding the date of the submittal of
17 the report of threat finance activities conducted by,
18 for the benefit of, or at the behest of—

19 (A) officials of the Government of Russia;

20 (B) persons subject to sanctions under any
21 provision of law imposing sanctions with respect
22 to Russia;

23 (C) Russian nationals subject to sanctions
24 under any other provision of law; or

1 (D) Russian oligarchs or organized crimi-
2 nals.

3 (2) An assessment with respect to any trends or
4 patterns in threat finance activities relating to Rus-
5 sia, including common methods of conducting such
6 activities and global nodes of money laundering used
7 by Russian threat actors described in paragraph (1)
8 and associated entities.

9 (3) An assessment of any connections between
10 Russian individuals involved in money laundering
11 and the Government of Russia.

12 (4) A summary of engagement and coordination
13 with international partners on threat finance relat-
14 ing to Russia, especially in Europe, including exam-
15 ples of such engagement and coordination.

16 (5) An identification of any resource and collec-
17 tion gaps.

18 (6) An identification of—

19 (A) entry points of money laundering by
20 Russian and associated entities into the United
21 States;

22 (B) any vulnerabilities within the United
23 States legal and financial system, including spe-
24 cific sectors, which have been or could be ex-

1 exploited in connection with Russian threat fi-
2 nance activities; and

3 (C) the counterintelligence threat posed by
4 Russian money laundering and other forms of
5 threat finance, as well as the threat to the
6 United States financial system and United
7 States efforts to enforce sanctions and combat
8 organized crime.

9 (7) Any other matters the Director determines
10 appropriate.

11 (d) FORM OF REPORT.—The report required under
12 subsection (b) may be submitted in classified form.

13 **SEC. 6703. NOTIFICATION OF AN ACTIVE MEASURES CAM-**
14 **PAIGN.**

15 (a) DEFINITIONS.—In this section:

16 (1) APPROPRIATE CONGRESSIONAL COMMIT-
17 TEES.—The term “appropriate congressional com-
18 mittees” means—

19 (A) the congressional intelligence commit-
20 tees;

21 (B) the Committee on Armed Services of
22 the Senate and the Committee on Armed Serv-
23 ices of the House of Representatives; and

1 (C) the Committee on Foreign Relations of
2 the Senate and the Committee on Foreign Af-
3 fairs of the House of Representatives.

4 (2) CONGRESSIONAL LEADERSHIP.—The term
5 “congressional leadership” includes the following:

6 (A) The majority leader of the Senate.

7 (B) The minority leader of the Senate.

8 (C) The Speaker of the House of Rep-
9 resentatives.

10 (D) The minority leader of the House of
11 Representatives.

12 (b) REQUIREMENT FOR NOTIFICATION.—The Direc-
13 tor of National Intelligence, in cooperation with the Direc-
14 tor of the Federal Bureau of Investigation and the head
15 of any other relevant agency, shall notify the congressional
16 leadership and the chairman and vice chairman or ranking
17 member of each of the appropriate congressional commit-
18 tees, and of other relevant committees of jurisdiction, each
19 time the Director of National Intelligence determines
20 there is credible information that a foreign power has, is,
21 or will attempt to employ a covert influence or active
22 measures campaign with regard to the modernization, em-
23 ployment, doctrine, or force posture of the nuclear deter-
24 rent or missile defense.

1 (c) CONTENT OF NOTIFICATION.—Each notification
2 required by subsection (b) shall include information con-
3 cerning actions taken by the United States to expose or
4 halt an attempt referred to in subsection (b).

5 **SEC. 6704. NOTIFICATION OF TRAVEL BY ACCREDITED DIP-**
6 **LOMATIC AND CONSULAR PERSONNEL OF**
7 **THE RUSSIAN FEDERATION IN THE UNITED**
8 **STATES.**

9 In carrying out the advance notification requirements
10 set out in section 502 of the Intelligence Authorization
11 Act for Fiscal Year 2017 (division N of Public Law 115–
12 31; 131 Stat. 825; 22 U.S.C. 254a note), the Secretary
13 of State shall—

14 (1) ensure that the Russian Federation provides
15 notification to the Secretary of State at least 2 busi-
16 ness days in advance of all travel that is subject to
17 such requirements by accredited diplomatic and con-
18 sular personnel of the Russian Federation in the
19 United States, and take necessary action to secure
20 full compliance by Russian personnel and address
21 any noncompliance; and

22 (2) provide notice of travel described in para-
23 graph (1) to the Director of National Intelligence
24 and the Director of the Federal Bureau of Investiga-
25 tion within 1 hour of receiving notice of such travel.

1 **SEC. 6705. REPORT AND ANNUAL BRIEFING ON IRANIAN EX-**
2 **PENDITURES SUPPORTING FOREIGN MILI-**
3 **TARY AND TERRORIST ACTIVITIES.**

4 (a) REPORT.—

5 (1) REPORT REQUIRED.—Not later than 90
6 days after the date of the enactment of this Act, the
7 Director of National Intelligence shall submit to the
8 congressional intelligence committees a report, and
9 not less frequently than once each year thereafter
10 provide a briefing to Congress, describing Iranian
11 expenditures in the previous calendar year on mili-
12 tary and terrorist activities outside the country, in-
13 cluding each of the following:

14 (A) The amount spent in such calendar
15 year on activities by the Islamic Revolutionary
16 Guard Corps, including activities providing sup-
17 port for—

- 18 (i) Hizballah;
19 (ii) Houthi rebels in Yemen;
20 (iii) Hamas;
21 (iv) proxy forces in Iraq and Syria; or
22 (v) any other entity or country the Di-
23 rector determines to be relevant.

24 (B) The amount spent in such calendar
25 year for ballistic missile research and testing or

1 other activities that the Director determines are
2 destabilizing to the Middle East region.

3 (2) FORM.—The report required under sub-
4 section (a) shall be submitted in unclassified form,
5 but may include a classified annex.

6 (b) ANNUAL BRIEFING.—Following the submission
7 of the report under subsection (a), the Director shall an-
8 nually provide a briefing to the congressional intelligence
9 committees on the information described in such sub-
10 section.

11 **SEC. 6706. EXPANSION OF SCOPE OF COMMITTEE TO**
12 **COUNTER ACTIVE MEASURES.**

13 (a) SCOPE OF COMMITTEE TO COUNTER ACTIVE
14 MEASURES.—Section 501 of the Intelligence Authoriza-
15 tion Act for Fiscal Year 2017 (Public Law 115–31; 50
16 U.S.C. 3001 note) is amended—

17 (1) in subsections (a) through (h)—

18 (A) by inserting “, the People’s Republic of
19 China, the Islamic Republic of Iran, the Demo-
20 cratic People’s Republic of Korea, or other na-
21 tion state” after “Russian Federation” each
22 place it appears; and

23 (B) by inserting “, China, Iran, North
24 Korea, or other nation state” after “Russia”
25 each place it appears; and

1 (2) in the section heading, by inserting “, **THE**
2 **PEOPLE’S REPUBLIC OF CHINA, THE ISLAMIC**
3 **REPUBLIC OF IRAN, THE DEMOCRATIC PEOP-**
4 **PLE’S REPUBLIC OF KOREA, OR OTHER NA-**
5 **TION STATE”** after “**RUSSIAN FEDERATION”**’.

6 (b) **CLERICAL AMENDMENT.**—The table of contents
7 in section 1(b) of such Act is amended by striking the
8 item relating to section 501 and inserting the following
9 new item:

“Sec. 501. Committee to counter active measures by the Russian Federation,
the People’s Republic of China, the Islamic Republic of Iran,
the Democratic People’s Republic of Korea, and other nation
states to exert covert influence over peoples and governments.”.

10 **Subtitle B—Reports**

11 **SEC. 6711. TECHNICAL CORRECTION TO INSPECTOR GEN-** 12 **ERAL STUDY.**

13 Section 11001(d) of title 5, United States Code, is
14 amended—

15 (1) in the subsection heading, by striking
16 “**AUDIT**” and inserting “**REVIEW**”;

17 (2) in paragraph (1), by striking “audit” and
18 inserting “review”; and

19 (3) in paragraph (2), by striking “audit” and
20 inserting “review”.

1 **SEC. 6712. REPORTS ON AUTHORITIES OF THE CHIEF IN-**
2 **TELLIGENCE OFFICER OF THE DEPARTMENT**
3 **OF HOMELAND SECURITY.**

4 (a) DEFINITIONS.—In this section:

5 (1) APPROPRIATE COMMITTEES OF CON-
6 GRESS.—The term “appropriate committees of Con-
7 gress” means—

8 (A) the congressional intelligence commit-
9 tees;

10 (B) the Committee on Homeland Security
11 and Governmental Affairs of the Senate; and

12 (C) the Committee on Homeland Security
13 of the House of Representatives.

14 (2) HOMELAND SECURITY INTELLIGENCE EN-
15 TERPRISE.—The term “Homeland Security Intel-
16 ligence Enterprise” has the meaning given such
17 term in Department of Homeland Security Instruc-
18 tion Number 264–01–001, or successor authority.

19 (b) REPORT REQUIRED.—Not later than 120 days
20 after the date of the enactment of this Act, the Secretary
21 of Homeland Security, in consultation with the Under Sec-
22 retary of Homeland Security for Intelligence and Analysis,
23 shall submit to the appropriate committees of Congress
24 a report on the authorities of the Under Secretary.

25 (c) ELEMENTS.—The report required by subsection
26 (b) shall include each of the following:

1 (1) An analysis of whether the Under Secretary
2 has the legal and policy authority necessary to orga-
3 nize and lead the Homeland Security Intelligence
4 Enterprise, with respect to intelligence, and, if not,
5 a description of—

6 (A) the obstacles to exercising the authori-
7 ties of the Chief Intelligence Officer of the De-
8 partment and the Homeland Security Intel-
9 ligence Council, of which the Chief Intelligence
10 Officer is the chair; and

11 (B) the legal and policy changes necessary
12 to effectively coordinate, organize, and lead in-
13 telligence activities of the Department of Home-
14 land Security.

15 (2) A description of the actions that the Sec-
16 retary has taken to address the inability of the
17 Under Secretary to require components of the De-
18 partment, other than the Office of Intelligence and
19 Analysis of the Department to—

20 (A) coordinate intelligence programs; and

21 (B) integrate and standardize intelligence
22 products produced by such other components.

1 **SEC. 6713. REVIEW OF INTELLIGENCE COMMUNITY WHIS-**
2 **TLBLOWER MATTERS.**

3 (a) REVIEW OF WHISTLEBLOWER MATTERS.—The
4 Inspector General of the Intelligence Community, in con-
5 sultation with the inspectors general for the Central Intel-
6 ligence Agency, the National Security Agency, the Na-
7 tional Geospatial-Intelligence Agency, the Defense Intel-
8 ligence Agency, and the National Reconnaissance Office,
9 shall conduct a review of the authorities, policies, inves-
10 tigatory standards, and other practices and procedures re-
11 lating to intelligence community whistleblower matters,
12 with respect to such inspectors general.

13 (b) OBJECTIVE OF REVIEW.—The objective of the re-
14 view required under subsection (a) is to identify any dis-
15 crepancies, inconsistencies, or other issues, which frustrate
16 the timely and effective reporting of intelligence commu-
17 nity whistleblower matters to appropriate inspectors gen-
18 eral and to the congressional intelligence committees, and
19 the fair and expeditious investigation and resolution of
20 such matters.

21 (c) CONDUCT OF REVIEW.—The Inspector General of
22 the Intelligence Community shall take such measures as
23 the Inspector General determines necessary in order to en-
24 sure that the review required by subsection (a) is con-
25 ducted in an independent and objective fashion.

1 (d) REPORT.—Not later than 270 days after the date
2 of the enactment of this Act, the Inspector General of the
3 Intelligence Community shall submit to the congressional
4 intelligence committees a written report containing the re-
5 sults of the review required under subsection (a), along
6 with recommendations to improve the timely and effective
7 reporting of intelligence community whistleblower matters
8 to inspectors general and to the congressional intelligence
9 committees and the fair and expeditious investigation and
10 resolution of such matters.

11 **SEC. 6714. REPORT ON ROLE OF DIRECTOR OF NATIONAL**
12 **INTELLIGENCE WITH RESPECT TO CERTAIN**
13 **FOREIGN INVESTMENTS.**

14 (a) REPORT.—Not later than 180 days after the date
15 of the enactment of this Act, the Director of National In-
16 telligence, in consultation with the heads of the elements
17 of the intelligence community determined appropriate by
18 the Director, shall submit to the congressional intelligence
19 committees a report on the role of the Director in pre-
20 paring analytic materials in connection with the evaluation
21 by the Federal Government of national security risks asso-
22 ciated with potential foreign investments into the United
23 States.

24 (b) ELEMENTS.—The report under subsection (a)
25 shall include—

1 (1) a description of the current process for the
2 provision of the analytic materials described in sub-
3 section (a);

4 (2) an identification of the most significant ben-
5 efits and drawbacks of such process with respect to
6 the role of the Director, including the sufficiency of
7 resources and personnel to prepare such materials;
8 and

9 (3) recommendations to improve such process.

10 **SEC. 6715. REPORT ON SURVEILLANCE BY FOREIGN GOV-**
11 **ERNMENTS AGAINST UNITED STATES TELE-**
12 **COMMUNICATIONS NETWORKS.**

13 (a) APPROPRIATE CONGRESSIONAL COMMITTEES
14 DEFINED.—In this section, the term “appropriate con-
15 gressional committees” means the following:

16 (1) The congressional intelligence committees.

17 (2) The Committee on the Judiciary and the
18 Committee on Homeland Security and Governmental
19 Affairs of the Senate.

20 (3) The Committee on the Judiciary and the
21 Committee on Homeland Security of the House of
22 Representatives.

23 (b) REPORT.—Not later than 180 days after the date
24 of the enactment of this Act, the Director of National In-
25 telligence shall, in coordination with the Director of the

1 Central Intelligence Agency, the Director of the National
2 Security Agency, the Director of the Federal Bureau of
3 Investigation, and the Secretary of Homeland Security,
4 submit to the appropriate congressional committees a re-
5 port describing—

6 (1) any attempts known to the intelligence com-
7 munity by foreign governments to exploit cybersecu-
8 rity vulnerabilities in United States telecommuni-
9 cations networks (including Signaling System No. 7)
10 to target for surveillance United States persons, in-
11 cluding employees of the Federal Government; and

12 (2) any actions, as of the date of the enactment
13 of this Act, taken by the intelligence community to
14 protect agencies and personnel of the United States
15 Government from surveillance conducted by foreign
16 governments.

17 **SEC. 6716. BIENNIAL REPORT ON FOREIGN INVESTMENT**
18 **RISKS.**

19 (a) INTELLIGENCE COMMUNITY INTERAGENCY
20 WORKING GROUP.—

21 (1) REQUIREMENT TO ESTABLISH.—The Direc-
22 tor of National Intelligence shall establish an intel-
23 ligence community interagency working group to
24 prepare the biennial reports required by subsection

25 (b).

1 (2) CHAIRPERSON.—The Director of National
2 Intelligence shall serve as the chairperson of such
3 interagency working group.

4 (3) MEMBERSHIP.—Such interagency working
5 group shall be composed of representatives of each
6 element of the intelligence community that the Di-
7 rector of National Intelligence determines appro-
8 priate.

9 (b) BIENNIAL REPORT ON FOREIGN INVESTMENT
10 RISKS.—

11 (1) REPORT REQUIRED.—Not later than 180
12 days after the date of the enactment of this Act and
13 not less frequently than once every 2 years there-
14 after, the Director of National Intelligence shall sub-
15 mit to the appropriate congressional committees a
16 report on foreign investment risks prepared by the
17 interagency working group established under sub-
18 section (a).

19 (2) ELEMENTS.—Each report required by para-
20 graph (1) shall include identification, analysis, and
21 explanation of the following:

22 (A) Any current or projected major threats
23 to the national security of the United States
24 with respect to foreign investment.

1 (B) Any strategy used by a foreign country
2 that such interagency working group has identi-
3 fied to be a country of special concern to use
4 foreign investment to target the acquisition of
5 critical technologies, critical materials, or crit-
6 ical infrastructure.

7 (C) Any economic espionage efforts di-
8 rected at the United States by a foreign coun-
9 try, particularly such a country of special con-
10 cern.

11 (c) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
12 FINED.—In this section, the term “appropriate congres-
13 sional committees” means—

- 14 (1) the congressional intelligence committees;
15 (2) the Committee on Homeland Security and
16 Governmental Affairs and the Committee on Foreign
17 Relations of the Senate; and
18 (3) the Committee on Homeland Security and
19 the Committee on Foreign Affairs of the House of
20 Representatives.

1 **SEC. 6717. MODIFICATION OF CERTAIN REPORTING RE-**
2 **QUIREMENT ON TRAVEL OF FOREIGN DIP-**
3 **LOMATS.**

4 Section 502(d)(2) of the Intelligence Authorization
5 Act for Fiscal Year 2017 (Public Law 115–31) is amended
6 by striking “the number” and inserting “a best estimate”.

7 **SEC. 6718. SEMIANNUAL REPORTS ON INVESTIGATIONS OF**
8 **UNAUTHORIZED DISCLOSURES OF CLASSI-**
9 **FIED INFORMATION.**

10 (a) IN GENERAL.—Title XI of the National Security
11 Act of 1947 (50 U.S.C. 3231 et seq.) is amended by add-
12 ing at the end the following new section:

13 **“SEC. 1105. SEMIANNUAL REPORTS ON INVESTIGATIONS OF**
14 **UNAUTHORIZED DISCLOSURES OF CLASSI-**
15 **FIED INFORMATION.**

16 “(a) DEFINITIONS.—In this section:

17 “(1) COVERED OFFICIAL.—The term ‘covered
18 official’ means—

19 “(A) the heads of each element of the in-
20 telligence community; and

21 “(B) the inspectors general with oversight
22 responsibility for an element of the intelligence
23 community.

24 “(2) INVESTIGATION.—The term ‘investigation’
25 means any inquiry, whether formal or informal, into

1 the existence of an unauthorized public disclosure of
2 classified information.

3 “(3) UNAUTHORIZED DISCLOSURE OF CLASSI-
4 FIED INFORMATION.—The term ‘unauthorized dis-
5 closure of classified information’ means any unau-
6 thorized disclosure of classified information to any
7 recipient.

8 “(4) UNAUTHORIZED PUBLIC DISCLOSURE OF
9 CLASSIFIED INFORMATION.—The term ‘unauthorized
10 public disclosure of classified information’ means the
11 unauthorized disclosure of classified information to a
12 journalist or media organization.

13 “(b) INTELLIGENCE COMMUNITY REPORTING.—

14 “(1) IN GENERAL.—Not less frequently than
15 once every 6 months, each covered official shall sub-
16 mit to the congressional intelligence committees a
17 report on investigations of unauthorized public dis-
18 closures of classified information.

19 “(2) ELEMENTS.—Each report submitted under
20 paragraph (1) shall include, with respect to the pre-
21 ceding 6-month period, the following:

22 “(A) The number of investigations opened
23 by the covered official regarding an unauthor-
24 ized public disclosure of classified information.

1 “(B) The number of investigations com-
2 pleted by the covered official regarding an un-
3 authorized public disclosure of classified infor-
4 mation.

5 “(C) Of the number of such completed in-
6 vestigations identified under subparagraph (B),
7 the number referred to the Attorney General
8 for criminal investigation.

9 “(c) DEPARTMENT OF JUSTICE REPORTING.—

10 “(1) IN GENERAL.—Not less frequently than
11 once every 6 months, the Assistant Attorney General
12 for National Security of the Department of Justice,
13 in consultation with the Director of the Federal Bu-
14 reau of Investigation, shall submit to the congres-
15 sional intelligence committees, the Committee on the
16 Judiciary of the Senate, and the Committee on the
17 Judiciary of the House of Representatives a report
18 on the status of each referral made to the Depart-
19 ment of Justice from any element of the intelligence
20 community regarding an unauthorized disclosure of
21 classified information made during the most recent
22 365-day period or any referral that has not yet been
23 closed, regardless of the date the referral was made.

1 “(2) CONTENTS.—Each report submitted under
2 paragraph (1) shall include, for each referral covered
3 by the report, at a minimum, the following:

4 “(A) The date the referral was received.

5 “(B) A statement indicating whether the
6 alleged unauthorized disclosure described in the
7 referral was substantiated by the Department
8 of Justice.

9 “(C) A statement indicating the highest
10 level of classification of the information that
11 was revealed in the unauthorized disclosure.

12 “(D) A statement indicating whether an
13 open criminal investigation related to the refer-
14 ral is active.

15 “(E) A statement indicating whether any
16 criminal charges have been filed related to the
17 referral.

18 “(F) A statement indicating whether the
19 Department of Justice has been able to at-
20 tribute the unauthorized disclosure to a par-
21 ticular entity or individual.

22 “(d) FORM OF REPORTS.—Each report submitted
23 under this section shall be submitted in unclassified form,
24 but may have a classified annex.”.

1 (b) CLERICAL AMENDMENT.—The table of contents
2 in the first section of the National Security Act of 1947
3 is amended by inserting after the item relating to section
4 1104 the following new item:

“Sec. 1105. Semiannual reports on investigations of unauthorized disclosures of
classified information.”.

5 **SEC. 6719. CONGRESSIONAL NOTIFICATION OF DESIGNA-**
6 **TION OF COVERED INTELLIGENCE OFFICER**
7 **AS PERSONA NON GRATA.**

8 (a) COVERED INTELLIGENCE OFFICER DEFINED.—
9 In this section, the term “covered intelligence officer”
10 means—

11 (1) a United States intelligence officer serving
12 in a post in a foreign country; or

13 (2) a known or suspected foreign intelligence of-
14 ficer serving in a United States post.

15 (b) REQUIREMENT FOR REPORTS.—Not later than
16 72 hours after a covered intelligence officer is designated
17 as a persona non grata, the Director of National Intel-
18 ligence, in consultation with the Secretary of State, shall
19 submit to the congressional intelligence committees, the
20 Committee on Foreign Relations of the Senate, and the
21 Committee on Foreign Affairs of the House of Representa-
22 tives a notification of that designation. Each such notifica-
23 tion shall include—

24 (1) the date of the designation;

1 (2) the basis for the designation; and

2 (3) a justification for the expulsion.

3 **SEC. 6720. REPORTS ON INTELLIGENCE COMMUNITY PAR-**
4 **TICIPATION IN VULNERABILITIES EQUITIES**
5 **PROCESS OF FEDERAL GOVERNMENT.**

6 (a) DEFINITIONS.—In this section:

7 (1) VULNERABILITIES EQUITIES POLICY AND
8 PROCESS DOCUMENT.—The term “Vulnerabilities
9 Equities Policy and Process document” means the
10 executive branch document entitled “Vulnerabilities
11 Equities Policy and Process” dated November 15,
12 2017.

13 (2) VULNERABILITIES EQUITIES PROCESS.—
14 The term “Vulnerabilities Equities Process” means
15 the interagency review of vulnerabilities, pursuant to
16 the Vulnerabilities Equities Policy and Process docu-
17 ment or any successor document.

18 (3) VULNERABILITY.—The term “vulnerability”
19 means a weakness in an information system or its
20 components (for example, system security proce-
21 dures, hardware design, and internal controls) that
22 could be exploited or could affect confidentiality, in-
23 tegrity, or availability of information.

24 (b) REPORTS ON PROCESS AND CRITERIA UNDER
25 VULNERABILITIES EQUITIES POLICY AND PROCESS.—

1 (1) IN GENERAL.—Not later than 90 days after
2 the date of the enactment of this Act, the Director
3 of National Intelligence shall submit to the congress-
4 sional intelligence committees a written report de-
5 scribing—

6 (A) with respect to each element of the in-
7 telligence community—

8 (i) the title of the official or officials
9 responsible for determining whether, pur-
10 suant to criteria contained in the
11 Vulnerabilities Equities Policy and Process
12 document or any successor document, a
13 vulnerability must be submitted for review
14 under the Vulnerabilities Equities Process;
15 and

16 (ii) the process used by such element
17 to make such determination; and

18 (B) the roles or responsibilities of that ele-
19 ment during a review of a vulnerability sub-
20 mitted to the Vulnerabilities Equities Process.

21 (2) CHANGES TO PROCESS OR CRITERIA.—Not
22 later than 30 days after any significant change is
23 made to the process and criteria used by any ele-
24 ment of the intelligence community for determining
25 whether to submit a vulnerability for review under

1 the Vulnerabilities Equities Process, such element
2 shall submit to the congressional intelligence com-
3 mittees a report describing such change.

4 (3) FORM OF REPORTS.—Each report sub-
5 mitted under this subsection shall be submitted in
6 unclassified form, but may include a classified
7 annex.

8 (c) ANNUAL REPORTS.—

9 (1) IN GENERAL.—Not less frequently than
10 once each calendar year, the Director of National In-
11 telligence shall submit to the congressional intel-
12 ligence committees a classified report containing,
13 with respect to the previous year—

14 (A) the number of vulnerabilities submitted
15 for review under the Vulnerabilities Equities
16 Process;

17 (B) the number of vulnerabilities described
18 in subparagraph (A) disclosed to each vendor
19 responsible for correcting the vulnerability, or
20 to the public, pursuant to the Vulnerabilities
21 Equities Process; and

22 (C) the aggregate number, by category, of
23 the vulnerabilities excluded from review under
24 the Vulnerabilities Equities Process, as de-

1 scribed in paragraph 5.4 of the Vulnerabilities
2 Equities Policy and Process document.

3 (2) UNCLASSIFIED INFORMATION.—Each report
4 submitted under paragraph (1) shall include an un-
5 classified appendix that contains—

6 (A) the aggregate number of vulnerabilities
7 disclosed to vendors or the public pursuant to
8 the Vulnerabilities Equities Process; and

9 (B) the aggregate number of vulnerabilities
10 disclosed to vendors or the public pursuant to
11 the Vulnerabilities Equities Process known to
12 have been patched.

13 (3) NONDUPLICATION.—The Director of Na-
14 tional Intelligence may forgo submission of an an-
15 nual report required under this subsection for a cal-
16 endar year, if the Director notifies the intelligence
17 committees in writing that, with respect to the same
18 calendar year, an annual report required by para-
19 graph 4.3 of the Vulnerabilities Equities Policy and
20 Process document already has been submitted to
21 Congress, and such annual report contains the infor-
22 mation that would otherwise be required to be in-
23 cluded in an annual report under this subsection.

1 **SEC. 6721. INSPECTORS GENERAL REPORTS ON CLASSI-**
2 **FICATION.**

3 (a) **REPORTS REQUIRED.**—Not less than once per
4 year in each of the three fiscal years immediately following
5 the date of the enactment of this Act, each Inspector Gen-
6 eral listed in subsection (b) shall submit to the congres-
7 sional intelligence committees a report that includes, with
8 respect to the department or agency of the Inspector Gen-
9 eral, analyses of the following with respect to the prior
10 fiscal year:

11 (1) The accuracy of the application of classi-
12 fication and handling markers on a representative
13 sample of finished reports, including such reports
14 that are compartmented.

15 (2) Compliance with declassification procedures.

16 (3) The effectiveness of processes for identi-
17 fying topics of public or historical importance that
18 merit prioritization for a declassification review.

19 (b) **INSPECTORS GENERAL LISTED.**—The Inspectors
20 General listed in this subsection are as follows:

21 (1) The Inspector General of the Intelligence
22 Community.

23 (2) The Inspector General of the Central Intel-
24 ligence Agency.

25 (3) The Inspector General of the National Se-
26 curity Agency.

1 (4) The Inspector General of the Defense Intel-
2 ligence Agency.

3 (5) The Inspector General of the National Re-
4 connaissance Office.

5 (6) The Inspector General of the National
6 Geospatial-Intelligence Agency.

7 **SEC. 6722. REPORTS AND BRIEFINGS ON NATIONAL SECU-**
8 **RITY EFFECTS OF GLOBAL WATER INSECU-**
9 **RITY AND EMERGING INFECTIOUS DISEASE**
10 **AND PANDEMICS.**

11 (a) GLOBAL WATER INSECURITY.—

12 (1) REPORT.—

13 (A) IN GENERAL.—Not later than 180
14 days after the date of the enactment of this
15 Act, the Director of National Intelligence shall
16 submit to the congressional intelligence commit-
17 tees, the Committee on Foreign Affairs of the
18 House of Representatives, and the Committee
19 on Foreign Relations of the Senate a report on
20 the implications of water insecurity on the na-
21 tional security interests of the United States,
22 including consideration of social, economic, ag-
23 ricultural, and environmental factors.

24 (B) ASSESSMENT SCOPE AND FOCUS.—

25 The report submitted under subparagraph (A)

1 shall include an assessment of water insecurity
2 described in such subsection with a global
3 scope, but focus on areas of the world—

4 (i) of strategic, economic, or humani-
5 tarian interest to the United States—

6 (I) that are, as of the date of the
7 report, at the greatest risk of insta-
8 bility, conflict, human insecurity, or
9 mass displacement; or

10 (II) where challenges relating to
11 water insecurity are likely to emerge
12 and become significant during the 5-
13 year or the 20-year period beginning
14 on the date of the report; and

15 (ii) where challenges relating to water
16 insecurity are likely to imperil the national
17 security interests of the United States or
18 allies of the United States.

19 (C) CONSULTATION.—In researching the
20 report required by subparagraph (A), the Direc-
21 tor shall consult with—

22 (i) such stakeholders within the intel-
23 ligence community, the Department of De-
24 fense, and the Department of State as the
25 Director considers appropriate; and

1 (ii) such additional Federal agencies
2 and persons in the private sector as the
3 Director considers appropriate.

4 (D) FORM.—The report submitted under
5 subparagraph (A) shall be submitted in unclas-
6 sified form, but may include a classified annex.

7 (2) QUINQUENNIAL BRIEFINGS.—Beginning on
8 the date that is 5 years after the date on which the
9 Director submits the report under paragraph (1),
10 and every 5 years thereafter, the Director shall pro-
11 vide to the committees specified in such paragraph
12 a briefing that updates the matters contained in the
13 report.

14 (b) EMERGING INFECTIOUS DISEASE AND
15 PANDEMICS.—

16 (1) REPORT.—

17 (A) IN GENERAL.—Not later than 120
18 days after the date of the enactment of this
19 Act, the Director of National Intelligence shall
20 submit to the appropriate congressional com-
21 mittees a report on the anticipated geopolitical
22 effects of emerging infectious disease (including
23 deliberate, accidental, and naturally occurring
24 infectious disease threats) and pandemics, and

1 their implications on the national security of
2 the United States.

3 (B) CONTENTS.—The report under sub-
4 paragraph (A) shall include an assessment of—

5 (i) the economic, social, political, and
6 security risks, costs, and impacts of emerg-
7 ing infectious diseases on the United
8 States and the international political and
9 economic system;

10 (ii) the economic, social, political, and
11 security risks, costs, and impacts of a
12 major transnational pandemic on the
13 United States and the international polit-
14 ical and economic system; and

15 (iii) contributing trends and factors to
16 the matters assessed under clauses (i) and
17 (ii).

18 (C) EXAMINATION OF RESPONSE CAPAC-
19 ITY.—In examining the risks, costs, and im-
20 pacts of emerging infectious disease and a pos-
21 sible transnational pandemic under subpara-
22 graph (B), the Director of National Intelligence
23 shall also examine in the report under subpara-
24 graph (A) the response capacity within affected
25 countries and the international system. In con-

1 sidering response capacity, the Director shall
2 include—

3 (i) the ability of affected nations to ef-
4 fectively detect and manage emerging in-
5 fectious diseases and a possible
6 transnational pandemic;

7 (ii) the role and capacity of inter-
8 national organizations and nongovern-
9 mental organizations to respond to emerg-
10 ing infectious disease and a possible pan-
11 demic, and their ability to coordinate with
12 affected and donor nations; and

13 (iii) the effectiveness of current inter-
14 national frameworks, agreements, and
15 health systems to respond to emerging in-
16 fectious diseases and a possible
17 transnational pandemic.

18 (2) **QUINQUENNIAL BRIEFINGS.**—Beginning on
19 the date that is 5 years after the date on which the
20 Director submits the report under paragraph (1),
21 and every 5 years thereafter, the Director shall pro-
22 vide to the congressional intelligence committees a
23 briefing that updates the matters contained in the
24 report.

1 (3) FORM.—The report under paragraph (1)
2 and the briefings under paragraph (2) may be classi-
3 fied.

4 (4) APPROPRIATE CONGRESSIONAL COMMIT-
5 TEES DEFINED.—In this subsection, the term “ap-
6 propriate congressional committees” means—

7 (A) the congressional intelligence commit-
8 tees;

9 (B) the Committee on Foreign Affairs, the
10 Committee on Armed Services, the Committee
11 on Energy and Commerce, and the Committee
12 on Appropriations of the House of Representa-
13 tives; and

14 (C) the Committee on Foreign Relations,
15 the Committee on Armed Services, the Com-
16 mittee on Health, Education, Labor, and Pen-
17 sions, and the Committee on Appropriations of
18 the Senate.

1 **SEC. 6723. ANNUAL REPORT ON MEMORANDA OF UNDER-**
2 **STANDING BETWEEN ELEMENTS OF INTEL-**
3 **LIGENCE COMMUNITY AND OTHER ENTITIES**
4 **OF THE UNITED STATES GOVERNMENT RE-**
5 **GARDING SIGNIFICANT OPERATIONAL AC-**
6 **TIVITIES OR POLICY.**

7 Section 311 of the Intelligence Authorization Act for
8 Fiscal Year 2017 (50 U.S.C. 3313) is amended—

9 (1) by redesignating subsection (b) as sub-
10 section (c); and

11 (2) by striking subsection (a) and inserting the
12 following:

13 “(a) IN GENERAL.—Each year, concurrent with the
14 annual budget request submitted by the President to Con-
15 gress under section 1105 of title 31, United States Code,
16 each head of an element of the intelligence community
17 shall submit to the congressional intelligence committees
18 a report that lists each memorandum of understanding or
19 other agreement regarding significant operational activi-
20 ties or policy entered into during the most recently com-
21 pleted fiscal year between or among such element and any
22 other entity of the United States Government.

23 “(b) PROVISION OF DOCUMENTS.—Each head of an
24 element of an intelligence community who receives a re-
25 quest from the Select Committee on Intelligence of the
26 Senate or the Permanent Select Committee on Intelligence

1 of the House of Representatives for a copy of a memo-
2 randum of understanding or other document listed in a
3 report submitted by the head under subsection (a) shall
4 submit to such committee the requested copy as soon as
5 practicable after receiving such request.”.

6 **SEC. 6724. STUDY ON THE FEASIBILITY OF ENCRYPTING**
7 **UNCLASSIFIED WIRELINE AND WIRELESS**
8 **TELEPHONE CALLS.**

9 (a) **STUDY REQUIRED.**—Not later than 180 days
10 after the date of the enactment of this Act, the Director
11 of National Intelligence shall complete and submit to the
12 congressional intelligence committees a study on the feasi-
13 bility of encrypting unclassified wireline and wireless tele-
14 phone calls between personnel in the intelligence commu-
15 nity.

16 (b) **BRIEFING.**—Not later than 90 days after the date
17 on which the Director submits the study required by sub-
18 section (a), the Director shall provide to the congressional
19 intelligence committees a briefing on the Director’s find-
20 ings with respect to such study.

21 **SEC. 6725. REPORTS ON INTELLIGENCE COMMUNITY LOAN**
22 **REPAYMENT AND RELATED PROGRAMS.**

23 (a) **SENSE OF CONGRESS.**—It is the sense of Con-
24 gress that—

1 (1) there should be established, through the
2 issuing of an Intelligence Community Directive or
3 otherwise, an intelligence-community-wide program
4 for student loan repayment, student loan forgive-
5 ness, financial counseling, and related matters, for
6 employees of the intelligence community;

7 (2) creating such a program would enhance the
8 ability of the elements of the intelligence community
9 to recruit, hire, and retain highly qualified per-
10 sonnel, including with respect to mission-critical and
11 hard-to-fill positions;

12 (3) such a program, including with respect to
13 eligibility requirements, should be designed so as to
14 maximize the ability of the elements of the intel-
15 ligence community to recruit, hire, and retain highly
16 qualified personnel, including with respect to mis-
17 sion-critical and hard-to-fill positions; and

18 (4) to the extent possible, such a program
19 should be uniform throughout the intelligence com-
20 munity and publicly promoted by each element of
21 the intelligence community to both current employ-
22 ees of the element as well as to prospective employ-
23 ees of the element.

24 (b) REPORT ON POTENTIAL INTELLIGENCE COMMU-
25 NITY-WIDE PROGRAM.—

1 (1) IN GENERAL.—Not later than 180 days
2 after the date of the enactment of this Act, the Di-
3 rector of National Intelligence, in cooperation with
4 the heads of the elements of the intelligence commu-
5 nity and the heads of any other appropriate depart-
6 ment or agency of the Federal Government, shall
7 submit to the congressional intelligence committees a
8 report on potentially establishing and carrying out
9 an intelligence-community-wide program for student
10 loan repayment, student loan forgiveness, financial
11 counseling, and related matters, as described in sub-
12 section (a).

13 (2) MATTERS INCLUDED.—The report under
14 paragraph (1) shall include, at a minimum, the fol-
15 lowing:

16 (A) A description of the financial resources
17 that the elements of the intelligence community
18 would require to establish and initially carry
19 out the program specified in paragraph (1).

20 (B) A description of the practical steps to
21 establish and carry out such a program.

22 (C) The identification of any legislative ac-
23 tion the Director determines necessary to estab-
24 lish and carry out such a program.

1 (c) ANNUAL REPORTS ON ESTABLISHED PRO-
2 GRAMS.—

3 (1) COVERED PROGRAMS DEFINED.—In this
4 subsection, the term “covered programs” means any
5 loan repayment program, loan forgiveness program,
6 financial counseling program, or similar program,
7 established pursuant to title X of the National Secu-
8 rity Act of 1947 (50 U.S.C. 3191 et seq.) or any
9 other provision of law that may be administered or
10 used by an element of the intelligence community.

11 (2) ANNUAL REPORTS REQUIRED.—Not less
12 frequently than once each year, the Director of Na-
13 tional Intelligence shall submit to the congressional
14 intelligence committees a report on the covered pro-
15 grams. Each such report shall include, with respect
16 to the period covered by the report, the following:

17 (A) The number of personnel from each
18 element of the intelligence community who used
19 each covered program.

20 (B) The total amount of funds each ele-
21 ment expended for each such program.

22 (C) A description of the efforts made by
23 each element to promote each covered program
24 pursuant to both the personnel of the element

1 of the intelligence community and to prospec-
2 tive personnel.

3 **SEC. 6726. REPEAL OF CERTAIN REPORTING REQUIRE-**
4 **MENTS.**

5 (a) CORRECTING LONG-STANDING MATERIAL WEAK-
6 NESSES.—Section 368 of the Intelligence Authorization
7 Act for Fiscal Year 2010 (Public Law 110–259; 50 U.S.C.
8 3051 note) is hereby repealed.

9 (b) INTERAGENCY THREAT ASSESSMENT AND CO-
10 ORDINATION GROUP.—Section 210D of the Homeland Se-
11 curity Act of 2002 (6 U.S.C. 124k) is amended—

12 (1) by striking subsection (e); and

13 (2) by redesignating subsections (d) through (i)
14 as subsections (c) through (h), respectively; and

15 (3) in subsection (c), as so redesignated—

16 (A) in paragraph (8), by striking “; and”
17 and inserting a period; and

18 (B) by striking paragraph (9).

19 (c) INSPECTOR GENERAL REPORT.—Section 8H of
20 the Inspector General Act of 1978 (5 U.S.C. App.) is
21 amended—

22 (1) by striking subsection (g); and

23 (2) by redesignating subsections (h) and (i) as
24 subsections (g) and (h), respectively.

1 **SEC. 6727. INSPECTOR GENERAL OF THE INTELLIGENCE**
2 **COMMUNITY REPORT ON SENIOR EXECU-**
3 **TIVES OF THE OFFICE OF THE DIRECTOR OF**
4 **NATIONAL INTELLIGENCE.**

5 (a) SENIOR EXECUTIVE SERVICE POSITION DE-
6 FINED.—In this section, the term “Senior Executive Serv-
7 ice position” has the meaning given that term in section
8 3132(a)(2) of title 5, United States Code, and includes
9 any position above the GS–15, step 10, level of the Gen-
10 eral Schedule under section 5332 of such title.

11 (b) REPORT.—Not later than 90 days after the date
12 of the enactment of this Act, the Inspector General of the
13 Intelligence Community shall submit to the congressional
14 intelligence committees a report on the number of Senior
15 Executive Service positions in the Office of the Director
16 of National Intelligence.

17 (c) MATTERS INCLUDED.—The report under sub-
18 section (b) shall include the following:

19 (1) The number of required Senior Executive
20 Service positions for the Office of the Director of
21 National Intelligence.

22 (2) Whether such requirements are reasonably
23 based on the mission of the Office.

24 (3) A discussion of how the number of the Sen-
25 ior Executive Service positions in the Office compare

1 to the number of senior positions at comparable or-
2 ganizations.

3 (d) COOPERATION.—The Director of National Intel-
4 ligence shall provide to the Inspector General of the Intel-
5 ligence Community any information requested by the In-
6 spector General of the Intelligence Community that is nec-
7 essary to carry out this section by not later than 14 cal-
8 endar days after the date on which the Inspector General
9 of the Intelligence Community makes such request.

10 **SEC. 6728. BRIEFING ON FEDERAL BUREAU OF INVESTIGA-**
11 **TION OFFERING PERMANENT RESIDENCE TO**
12 **SOURCES AND COOPERATORS.**

13 Not later than 30 days after the date of the enact-
14 ment of this Act, the Director of the Federal Bureau of
15 Investigation shall provide to the congressional intelligence
16 committees a briefing on the ability of the Federal Bureau
17 of Investigation to offer, as an inducement to assisting the
18 Bureau, permanent residence within the United States to
19 foreign individuals who are sources or cooperators in coun-
20 terintelligence or other national-security-related investiga-
21 tions. The briefing shall address the following:

22 (1) The extent to which the Bureau may make
23 such offers, whether independently or in conjunction
24 with other agencies and departments of the United
25 States Government, including a discussion of the au-

1 thorities provided by section 101(a)(15)(S) of the
2 Immigration and Nationality Act (8 U.S.C.
3 1101(a)(15)(S)), section 7 of the Central Intel-
4 ligence Agency Act (50 U.S.C. 3508), and any other
5 provision of law under which the Bureau may make
6 such offers.

7 (2) An overview of the policies and operational
8 practices of the Bureau with respect to making such
9 offers.

10 (3) The sufficiency of such policies and prac-
11 tices with respect to inducing individuals to cooper-
12 ate with, serve as sources for such investigations, or
13 both.

14 (4) Whether the Director recommends any leg-
15 islative actions to improve such policies and prac-
16 tices, particularly with respect to the counterintel-
17 ligence efforts of the Bureau.

18 **SEC. 6729. INTELLIGENCE ASSESSMENT OF NORTH KOREA**

19 **REVENUE SOURCES.**

20 (a) ASSESSMENT REQUIRED.—Not later than 180
21 days after the date of the enactment of this Act, the Direc-
22 tor of National Intelligence, in coordination with the As-
23 sistant Secretary of State for Intelligence and Research
24 and the Assistant Secretary of the Treasury for Intel-
25 ligence and Analysis, shall produce an intelligence assess-

1 ment of the revenue sources of the North Korean regime.

2 Such assessment shall include revenue from the following

3 sources:

4 (1) Trade in coal, iron, and iron ore.

5 (2) The provision of fishing rights to North Ko-
6 rean territorial waters.

7 (3) Trade in gold, titanium ore, vanadium ore,
8 copper, silver, nickel, zinc, or rare earth minerals,
9 and other stores of value.

10 (4) Trade in textiles.

11 (5) Sales of conventional defense articles and
12 services.

13 (6) Sales of controlled goods, ballistic missiles,
14 and other associated items.

15 (7) Other types of manufacturing for export, as
16 the Director of National Intelligence considers ap-
17 propriate.

18 (8) The exportation of workers from North
19 Korea in a manner intended to generate significant
20 revenue, directly or indirectly, for use by the govern-
21 ment of North Korea.

22 (9) The provision of nonhumanitarian goods
23 (such as food, medicine, and medical devices) and
24 services by other countries.

1 (10) The provision of services, including bank-
2 ing and other support, including by entities located
3 in the Russian Federation, China, and Iran.

4 (11) Online commercial activities of the Govern-
5 ment of North Korea, including online gambling.

6 (12) Criminal activities, including cyber-enabled
7 crime and counterfeit goods.

8 (b) ELEMENTS.—The assessment required under
9 subsection (a) shall include an identification of each of the
10 following:

11 (1) The sources of North Korea's funding.

12 (2) Financial and nonfinancial networks, in-
13 cluding supply chain management, transportation,
14 and facilitation, through which North Korea accesses
15 the United States and international financial sys-
16 tems and repatriates and exports capital, goods, and
17 services; and

18 (3) the global financial institutions, money serv-
19 ices business, and payment systems that assist
20 North Korea with financial transactions.

21 (c) SUBMITTAL TO CONGRESS.—Upon completion of
22 the assessment required under subsection (a), the Director
23 of National Intelligence shall submit to the congressional
24 intelligence committees, the Committee on Foreign Affairs
25 of the House of Representatives, and the Committee on

1 Foreign Relations of the Senate a copy of such assess-
2 ment.

3 **SEC. 6730. REPORT ON POSSIBLE EXPLOITATION OF VIR-**
4 **TUAL CURRENCIES BY TERRORIST ACTORS.**

5 (a) SHORT TITLE.—This section may be cited as the
6 “Stop Terrorist Use of Virtual Currencies Act”.

7 (b) REPORT.—Not later than 1 year after the date
8 of the enactment of this Act, the Director of National In-
9 telligence, in consultation with the Secretary of the Treas-
10 ury and the Under Secretary of Homeland Security for
11 Intelligence and Analysis, shall submit to Congress a re-
12 port on the possible exploitation of virtual currencies by
13 terrorist actors. Such report shall include the following
14 elements:

15 (1) An assessment of the means and methods
16 by which international terrorist organizations and
17 State sponsors of terrorism use virtual currencies.

18 (2) An assessment of the use by terrorist orga-
19 nizations and state sponsors of terrorism of virtual
20 currencies compared to the use by such organiza-
21 tions and states of other forms of financing to sup-
22 port operations, including an assessment of the col-
23 lection posture of the intelligence community on the
24 use of virtual currencies by such organizations and
25 states.

1 (3) A description of any existing legal impedi-
2 ments that inhibit or prevent the intelligence com-
3 munity from collecting information on or helping
4 prevent the use of virtual currencies by international
5 terrorist organizations and state sponsors of ter-
6 rorism and an identification of any gaps in existing
7 law that could be exploited for illicit funding by such
8 organizations and States.

9 (c) FORM OF REPORT.—The report required by sub-
10 section (b) shall be submitted in unclassified form, but
11 may include a classified annex.

12 (d) DISSEMINATION TO STATE AND LOCAL PART-
13 NERS.—Consistent with the protection of classified and
14 confidential unclassified information, the Under Secretary
15 shall share the report required by subsection (b) with
16 State, local, and regional officials who operate within
17 State, local, and regional fusion centers through the De-
18 partment of Homeland Security State, Local, and Re-
19 gional Fusion Center Initiative established in section 210A
20 of the Homeland Security Act of 2002 (6 U.S.C. 124h).

21 **Subtitle C—Other Matters**

22 **SEC. 6741. PUBLIC INTEREST DECLASSIFICATION BOARD.**

23 (a) MEETINGS.—Section 703(e) of the Public Inter-
24 est Declassification Act of 2000 (Public Law 106–567; 50
25 U.S.C. 3161 note) is amended by striking “funds.” and

1 inserting “funds, but shall meet in person not less fre-
2 quently than on a quarterly basis.”.

3 (b) REMOVAL OF SUNSET.—Section 710 of the Pub-
4 lic Interest Declassification Act of 2000 (Public Law 106–
5 567; 50 U.S.C. 3161 note) is amended—

6 (1) by striking subsection (b);

7 (2) in the section heading, by striking “; **SUN-**
8 **SET**”; and

9 (3) by striking “(a) EFFECTIVE DATE.—”.

10 (c) STATUS OF BOARD.—Notwithstanding section
11 710(b) of the Public Interest Declassification Act of 2000
12 (Public Law 106–567; 50 U.S.C. 3161 note) as in effect
13 on the day before the date of the enactment of this Act—

14 (1) the Public Interest Declassification Board
15 shall be deemed to not have terminated for purposes
16 of the appointment of members to the Board;

17 (2) section 703(h) of such Act shall not apply
18 with respect to the period beginning on December
19 31, 2018, and ending on the day before the date of
20 the enactment of this Act; and

21 (3) the length of the terms of the members
22 serving on the Board as of December 30, 2018, shall
23 be calculated by not counting the period specified in
24 paragraph (2).

1 **SEC. 6742. TECHNICAL AND CLERICAL AMENDMENTS TO**
2 **THE NATIONAL SECURITY ACT OF 1947.**

3 (a) TABLE OF CONTENTS.—The table of contents at
4 the beginning of the National Security Act of 1947 (50
5 U.S.C. 3001 et seq.) is amended—

6 (1) by inserting after the item relating to sec-
7 tion 2 the following new item:

“Sec. 3. Definitions.”;

8 (2) by striking the item relating to section 107;

9 (3) by striking the item relating to section
10 113B and inserting the following new item:

“Sec. 113B. Special pay authority for science, technology, engineering, or
mathematics positions.”;

11 (4) by striking the items relating to sections
12 202, 203, 204, 208, 209, 210, 211, 212, 213, and
13 214; and

14 (5) by inserting after the item relating to sec-
15 tion 311 the following new item:

“Sec. 312. Repealing and saving provisions.”.

16 (b) OTHER TECHNICAL CORRECTIONS.—Such Act is
17 further amended—

18 (1) in section 102A—

19 (A) in subparagraph (G) of paragraph (1)
20 of subsection (g), by moving the margins of
21 such subparagraph 2 ems to the left; and

1 (B) in paragraph (3) of subsection (v), by
2 moving the margins of such paragraph 2 ems to
3 the left;

4 (2) in section 106—

5 (A) by inserting “Sec. 106.” before “(a)”
6 and conforming the typeface and typestyle ac-
7 cordingly; and

8 (B) in subparagraph (I) of paragraph (2)
9 of subsection (b), by moving the margins of
10 such subparagraph 2 ems to the left;

11 (3) by striking section 107;

12 (4) in section 108(c), by striking “in both a
13 classified and an unclassified form” and inserting
14 “to Congress in classified form, but may include an
15 unclassified summary”;

16 (5) in section 112(c)(1), by striking “section
17 103(c)(7)” and inserting “section 102A(i)”;

18 (6) by amending section 201 to read as follows:

19 **“SEC. 201. DEPARTMENT OF DEFENSE.**

20 “Except to the extent inconsistent with the provisions
21 of this Act or other provisions of law, the provisions of
22 title 5, United States Code, shall be applicable to the De-
23 partment of Defense.”;

24 (7) in section 205, by redesignating subsections
25 (b) and (c) as subsections (a) and (b), respectively;

1 (8) in section 206, by striking “(a)”;

2 (9) in section 207, by striking “(c)”;

3 (10) in section 308(a), by striking “this Act”
4 and inserting “sections 2, 101, 102, 103, and 303
5 of this Act”;

6 (11) by redesignating section 411 as section
7 312;

8 (12) in section 503—

9 (A) in paragraph (5) of subsection (c)—

10 (i) by moving the margins of such
11 paragraph 4 ems to the left; and

12 (ii) by moving the margins of sub-
13 paragraph (B) of such paragraph 2 ems to
14 the left; and

15 (B) in paragraph (2) of subsection (d), by
16 moving the margins of such paragraph 2 ems to
17 the left; and

18 (13) in subparagraph (B) of paragraph (3) of
19 subsection (a) of section 504, by moving the margins
20 of such subparagraph 2 ems to the right.

21 **SEC. 6743. BUG BOUNTY PROGRAMS.**

22 (a) DEFINITIONS.—In this section:

23 (1) APPROPRIATE COMMITTEES OF CON-
24 GRESS.—The term “appropriate committees of Con-
25 gress” means—

1 (A) the congressional intelligence commit-
2 tees;

3 (B) the Committee on Armed Services and
4 the Committee on Homeland Security and Gov-
5 ernmental Affairs of the Senate; and

6 (C) the Committee on Armed Services and
7 the Committee on Homeland Security of the
8 House of Representatives.

9 (2) BUG BOUNTY PROGRAM.—The term “bug
10 bounty program” means a program under which an
11 approved computer security specialist or security re-
12 searcher is temporarily authorized to identify and re-
13 port vulnerabilities within the information system of
14 an agency or department of the United States in ex-
15 change for compensation.

16 (3) INFORMATION SYSTEM.—The term “infor-
17 mation system” has the meaning given that term in
18 section 3502 of title 44, United States Code.

19 (b) BUG BOUNTY PROGRAM PLAN.—

20 (1) REQUIREMENT.—Not later than 180 days
21 after the date of the enactment of this Act, the Sec-
22 retary of Homeland Security, in consultation with
23 the Secretary of Defense, shall submit to appro-
24 priate committees of Congress a strategic plan for

1 appropriate agencies and departments of the United
2 States to implement bug bounty programs.

3 (2) CONTENTS.—The plan required by para-
4 graph (1) shall include—

5 (A) an assessment of—

6 (i) the “Hack the Pentagon” pilot
7 program carried out by the Department of
8 Defense in 2016 and subsequent bug boun-
9 ty programs in identifying and reporting
10 vulnerabilities within the information sys-
11 tems of the Department of Defense; and

12 (ii) private sector bug bounty pro-
13 grams, including such programs imple-
14 mented by leading technology companies in
15 the United States; and

16 (B) recommendations on the feasibility of
17 initiating bug bounty programs at appropriate
18 agencies and departments of the United States.

19 **SEC. 6744. TECHNICAL AMENDMENTS RELATED TO THE DE-**
20 **PARTMENT OF ENERGY.**

21 (a) NATIONAL NUCLEAR SECURITY ADMINISTRATION
22 ACT.—Section 3233(b) of the National Nuclear Security
23 Administration Act (50 U.S.C. 2423(b)) is amended—

24 (1) by striking “Administration” and inserting
25 “Department”; and

1 (2) by inserting “Intelligence and” after “the
2 Office of”.

3 (b) ATOMIC ENERGY DEFENSE ACT.—Section
4 4524(b)(2) of the Atomic Energy Defense Act (50 U.S.C.
5 2674(b)(2)) is amended by inserting “Intelligence and”
6 after “The Director of”.

7 (c) NATIONAL SECURITY ACT OF 1947.—Paragraph
8 (2) of section 106(b) of the National Security Act of 1947
9 (50 U.S.C. 3041(b)(2)) is amended—

10 (1) in subparagraph (E), by inserting “and
11 Counterintelligence” after “Office of Intelligence”;

12 (2) by striking subparagraph (F); and

13 (3) by redesignating subparagraphs (G), (H),
14 and (I) as subparagraphs (F), (G), and (H), respec-
15 tively.

16 **SEC. 6745. SENSE OF CONGRESS ON NOTIFICATION OF CER-**
17 **TAIN DISCLOSURES OF CLASSIFIED INFOR-**
18 **MATION.**

19 (a) DEFINITIONS.—In this section:

20 (1) ADVERSARY FOREIGN GOVERNMENT.—The
21 term “adversary foreign government” means the
22 government of any of the following foreign countries:

23 (A) North Korea.

24 (B) Iran.

25 (C) China.

1 (D) Russia.

2 (E) Cuba.

3 (2) COVERED CLASSIFIED INFORMATION.—The
4 term “covered classified information” means classi-
5 fied information that was—

6 (A) collected by an element of the intel-
7 ligence community; or

8 (B) provided by the intelligence service or
9 military of a foreign country to an element of
10 the intelligence community.

11 (3) ESTABLISHED INTELLIGENCE CHANNELS.—
12 The term “established intelligence channels” means
13 methods to exchange intelligence to coordinate for-
14 eign intelligence relationships, as established pursu-
15 ant to law by the Director of National Intelligence,
16 the Director of the Central Intelligence Agency, the
17 Director of the National Security Agency, or other
18 head of an element of the intelligence community.

19 (4) INDIVIDUAL IN THE EXECUTIVE BRANCH.—
20 The term “individual in the executive branch”
21 means any officer or employee of the executive
22 branch, including individuals—

23 (A) occupying a position specified in article
24 II of the Constitution;

1 (B) appointed to a position by an indi-
2 vidual described in subparagraph (A); or

3 (C) serving in the civil service or the Sen-
4 ior Executive Service (or similar service for sen-
5 ior executives of particular departments or
6 agencies).

7 (b) FINDINGS.—Congress finds that section 502 of
8 the National Security Act of 1947 (50 U.S.C. 3092) re-
9 quires elements of the intelligence community to keep the
10 congressional intelligence committees “fully and currently
11 informed” about all “intelligence activities” of the United
12 States, and to “furnish to the congressional intelligence
13 committees any information or material concerning intel-
14 ligence activities * * * which is requested by either of the
15 congressional intelligence committees in order to carry out
16 its authorized responsibilities.”.

17 (c) SENSE OF CONGRESS.—It is the sense of Con-
18 gress that—

19 (1) section 502 of the National Security Act of
20 1947 (50 U.S.C. 3092), together with other intel-
21 ligence community authorities, obligates an element
22 of the intelligence community to submit to the con-
23 gressional intelligence committees written notifica-
24 tion, by not later than 7 days after becoming aware,
25 that an individual in the executive branch has dis-

1 closed covered classified information to an official of
2 an adversary foreign government using methods
3 other than established intelligence channels; and

4 (2) each such notification should include—

5 (A) the date and place of the disclosure of
6 classified information covered by the notifica-
7 tion;

8 (B) a description of such classified infor-
9 mation;

10 (C) identification of the individual who
11 made such disclosure and the individual to
12 whom such disclosure was made; and

13 (D) a summary of the circumstances of
14 such disclosure.

15 **SEC. 6746. SENSE OF CONGRESS ON CONSIDERATION OF**
16 **ESPIONAGE ACTIVITIES WHEN CONSIDERING**
17 **WHETHER OR NOT TO PROVIDE VISAS TO**
18 **FOREIGN INDIVIDUALS TO BE ACCREDITED**
19 **TO A UNITED NATIONS MISSION IN THE**
20 **UNITED STATES.**

21 It is the sense of the Congress that the Secretary of
22 State, in considering whether or not to provide a visa to
23 a foreign individual to be accredited to a United Nations
24 mission in the United States, should consider—

1 (1) known and suspected intelligence activities,
2 espionage activities, including activities constituting
3 precursors to espionage, carried out by the indi-
4 vidual against the United States, foreign allies of the
5 United States, or foreign partners of the United
6 States; and

7 (2) the status of an individual as a known or
8 suspected intelligence officer for a foreign adversary.

9 **SEC. 6747. SENSE OF CONGRESS ON WIKILEAKS.**

10 It is the sense of Congress that WikiLeaks and the
11 senior leadership of WikiLeaks resemble a nonstate hostile
12 intelligence service often abetted by state actors and
13 should be treated as such a service by the United States.

14 **DIVISION F—OTHER MATTERS**
15 **TITLE LXXI—SANCTIONS WITH**
16 **RESPECT TO NORTH KOREA**

Sec. 7101. Short title.

Subtitle A—Sanctions With Respect to North Korea

Sec. 7111. Sense of Congress.

Sec. 7112. Definitions.

PART I—EXPANSION OF SANCTIONS AND RELATED MATTERS

Sec. 7121. Sanctions with respect to foreign financial institutions that provide financial services to certain sanctioned persons.

Sec. 7122. Mandatory designations under North Korea Sanctions and Policy Enhancement Act of 2016.

Sec. 7123. Extension of applicability period of proliferation prevention sanctions.

Sec. 7124. Opposition to assistance by the international financial institutions.

Sec. 7125. Support for capacity of the International Monetary Fund to prevent money laundering and financing of terrorism.

Sec. 7126. Report and briefings on compliance, penalties, and technical assistance.

- Sec. 7127. Sense of Congress on identification and blocking of property of North Korean officials.
- Sec. 7128. Modification of report on implementation of United Nations Security Council resolutions by other governments.
- Sec. 7129. Report on use by the Government of North Korea of beneficial ownership rules to access the international financial system.

PART II—CONGRESSIONAL REVIEW AND OVERSIGHT

- Sec. 7131. Notification of termination or suspension of sanctions.
- Sec. 7132. Reports on certain licensing actions.
- Sec. 7133. Report and briefings on financial networks and financial methods of the Government of North Korea.
- Sec. 7134. Report on countries of concern with respect to transshipment, re-exportation, or diversion of certain items to North Korea.

PART III—GENERAL MATTERS

- Sec. 7141. Rulemaking.
- Sec. 7142. Authority to consolidate reports.
- Sec. 7143. Waivers, exemptions, and termination.
- Sec. 7144. Procedures for review of classified and certain other information.
- Sec. 7145. Briefing on resourcing of sanctions programs.
- Sec. 7146. Briefing on proliferation financing.
- Sec. 7147. Exception relating to importation of goods.

Subtitle B—Financial Industry Guidance to Halt Trafficking

- Sec. 7151. Short title.
- Sec. 7152. Sense of Congress.
- Sec. 7153. Coordination of human trafficking issues by the Office of Terrorism and Financial Intelligence.
- Sec. 7154. Strengthening the role of anti-money laundering and other financial tools in combating human trafficking.
- Sec. 7155. Sense of Congress on resources to combat human trafficking.

1 **SEC. 7101. SHORT TITLE.**

2 This title may be cited as the “Otto Warmbier North
3 Korea Nuclear Sanctions and Enforcement Act of 2019”.

4 **Subtitle A—Sanctions With Respect**
5 **to North Korea**

6 **SEC. 7111. SENSE OF CONGRESS.**

7 It is the sense of Congress that—

- 8 (1) the United States is committed to working
- 9 with its allies and partners to halt the nuclear and
- 10 ballistic missile programs of North Korea through a

1 policy of maximum pressure and diplomatic engage-
2 ment;

3 (2) the imposition of sanctions, including those
4 under this title, should not be construed to limit the
5 authority of the President to fully engage in diplo-
6 matic negotiations to further the policy objective de-
7 scribed in paragraph (1);

8 (3) the successful use of sanctions to halt the
9 nuclear and ballistic missile programs of North
10 Korea is part of a broader diplomatic and economic
11 strategy that relies on effective coordination among
12 relevant Federal agencies and officials, as well as
13 with international partners of the United States; and

14 (4) the coordination described in paragraph (3)
15 should include proper vetting of external messaging
16 and communications from all parts of the Executive
17 branch to ensure that those communications are an
18 intentional component of and aligned with the strat-
19 egy of the United States with respect to North
20 Korea.

21 **SEC. 7112. DEFINITIONS.**

22 In this subtitle, the terms “applicable Executive
23 order”, “applicable United Nations Security Council reso-
24 lution”, “appropriate congressional committees”, “Gov-
25 ernment of North Korea”, “North Korea”, “North Ko-

1 rean financial institution”, and “North Korean person”
2 have the meanings given those terms in section 3 of the
3 North Korea Sanctions and Policy Enhancement Act of
4 2016 (22 U.S.C. 9202).

5 **PART I—EXPANSION OF SANCTIONS AND**
6 **RELATED MATTERS**

7 **SEC. 7121. SANCTIONS WITH RESPECT TO FOREIGN FINAN-**
8 **CIAL INSTITUTIONS THAT PROVIDE FINAN-**
9 **CIAL SERVICES TO CERTAIN SANCTIONED**
10 **PERSONS.**

11 (a) IN GENERAL.—Title II of the North Korea Sanc-
12 tions and Policy Enhancement Act of 2016 (22 U.S.C.
13 9221 et seq.) is amended by inserting after section 201A
14 the following:

15 **“SEC. 201B. SANCTIONS WITH RESPECT TO FOREIGN FINAN-**
16 **CIAL INSTITUTIONS THAT PROVIDE FINAN-**
17 **CIAL SERVICES TO CERTAIN SANCTIONED**
18 **PERSONS.**

19 “(a) IN GENERAL.—The Secretary of the Treasury
20 shall impose one or more of the sanctions described in sub-
21 section (b) with respect to a foreign financial institution
22 that the Secretary determines, in consultation with the
23 Secretary of State, knowingly, on or after the date that
24 is 120 days after the date of the enactment of the Otto
25 Warmbier North Korea Nuclear Sanctions and Enforce-

1 ment Act of 2019, provides significant financial services
2 to any person designated for the imposition of sanctions
3 with respect to North Korea under—

4 “(1) subsection (a), (b), or (g) of section 104;

5 “(2) an applicable Executive order; or

6 “(3) an applicable United Nations Security
7 Council resolution.

8 “(b) SANCTIONS DESCRIBED.—The sanctions that
9 may be imposed with respect to a foreign financial institu-
10 tion subject to subsection (a) are the following:

11 “(1) ASSET BLOCKING.—The Secretary may
12 block and prohibit, pursuant to the International
13 Emergency Economic Powers Act (50 U.S.C. 1701
14 et seq.), all transactions in all property and interests
15 in property of the foreign financial institution if
16 such property and interests in property are in the
17 United States, come within the United States, or are
18 or come within the possession or control of a United
19 States person.

20 “(2) RESTRICTIONS ON CORRESPONDENT AND
21 PAYABLE-THROUGH ACCOUNTS.—The Secretary may
22 prohibit, or impose strict conditions on, the opening
23 or maintaining in the United States of a cor-
24 respondent account or a payable-through account by
25 the foreign financial institution.

1 “(c) IMPLEMENTATION; PENALTIES.—

2 “(1) IMPLEMENTATION.—The President may
3 exercise all authorities provided under sections 203
4 and 205 of the International Emergency Economic
5 Powers Act (50 U.S.C. 1702 and 1704) to carry out
6 this section.

7 “(2) PENALTIES.—A person that violates, at-
8 tempts to violate, conspires to violate, or causes a
9 violation of this section or any regulation, license, or
10 order issued to carry out this section shall be subject
11 to the penalties set forth in subsections (b) and (c)
12 of section 206 of the International Emergency Eco-
13 nomic Powers Act (50 U.S.C. 1705) to the same ex-
14 tent as a person that commits an unlawful act de-
15 scribed in subsection (a) of that section.

16 “(d) REGULATIONS.—Not later than 120 days after
17 the date of the enactment of the Otto Warmbier North
18 Korea Nuclear Sanctions and Enforcement Act of 2019,
19 the President shall, as appropriate, prescribe regulations
20 to carry out this section.

21 “(e) EXCEPTION RELATING TO IMPORTATION OF
22 GOODS.—

23 “(1) IN GENERAL.—Notwithstanding section
24 404(b) or any provision of this section, the authori-
25 ties and requirements to impose sanctions under this

1 section shall not include the authority or a require-
2 ment to impose sanctions on the importation of
3 goods.

4 “(2) GOOD DEFINED.—In this subsection, the
5 term ‘good’ means any article, natural or manmade
6 substance, material, supply or manufactured prod-
7 uct, including inspection and test equipment, and ex-
8 cluding technical data.

9 “(f) DEFINITIONS.—In this section:

10 “(1) ACCOUNT; CORRESPONDENT ACCOUNT;
11 PAYABLE-THROUGH ACCOUNT.—The terms ‘ac-
12 count’, ‘correspondent account’, and ‘payable-
13 through account’ have the meanings given those
14 terms in section 5318A of title 31, United States
15 Code.

16 “(2) FOREIGN FINANCIAL INSTITUTION.—The
17 term ‘foreign financial institution’ has the meaning
18 given that term in section 510.309 of title 31, Code
19 of Federal Regulations (or any corresponding similar
20 regulation or ruling).

21 “(3) KNOWINGLY.—The term ‘knowingly’, with
22 respect to conduct, a circumstance, or a result,
23 means that a person has actual knowledge, or should
24 have known, of the conduct, the circumstance, or the
25 result.

1 **“SEC. 201C. PROHIBITION ON TRANSACTIONS WITH CER-**
2 **TAIN SANCTIONED PERSONS BY PERSONS**
3 **OWNED OR CONTROLLED BY UNITED STATES**
4 **FINANCIAL INSTITUTIONS.**

5 “(a) IN GENERAL.—Not later than 180 days after
6 the date of the enactment of the Otto Warmbier North
7 Korea Nuclear Sanctions and Enforcement Act of 2019,
8 the Secretary of the Treasury, in consultation with the
9 Secretary of State, shall prohibit an entity owned or con-
10 trolled by a United States financial institution and estab-
11 lished or maintained outside the United States from know-
12 ingly engaging in any transaction described in subsection
13 (b) directly or indirectly with the Government of North
14 Korea or any person designated for the imposition of sanc-
15 tions with respect to North Korea under—

16 “(1) subsection (a), (b), or (g) of section 104;

17 “(2) an applicable Executive order; or

18 “(3) an applicable United Nations Security
19 Council resolution.

20 “(b) TRANSACTIONS DESCRIBED.—A transaction de-
21 scribed in this subsection is a transaction that would be
22 prohibited by an order or regulation issued pursuant to
23 the International Emergency Economic Powers Act (50
24 U.S.C. 1701 et seq.) if the transaction were engaged in
25 in the United States or by a United States person.

1 “(c) CIVIL PENALTIES.—The civil penalty provided
2 for in section 206(b) of the International Emergency Eco-
3 nomic Powers Act (50 U.S.C. 1705(b)) shall apply to a
4 United States financial institution to the same extent that
5 such penalty applies to a person that commits an unlawful
6 act described in section 206(a) of that Act if an entity
7 owned or controlled by the United States financial institu-
8 tion and established or maintained outside the United
9 States violates, attempts to violate, conspires to violate,
10 or causes a violation of any order or regulation issued to
11 implement subsection (a).

12 “(d) UNITED STATES FINANCIAL INSTITUTION DE-
13 FINED.—In this section, the term ‘United States financial
14 institution’ has the meaning given the term ‘U.S. financial
15 institution’ in section 510.328 of title 31, Code of Federal
16 Regulations (or any corresponding similar regulation or
17 ruling).”.

18 (b) CLERICAL AMENDMENT.—The table of contents
19 for the North Korea Sanctions and Policy Enhancement
20 Act of 2016 is amended by inserting after the item relat-
21 ing to section 201A the following:

“Sec. 201B. Sanctions with respect to foreign financial institutions that provide
financial services to certain sanctioned persons.

“Sec. 201C. Prohibition on transactions with certain sanctioned persons by per-
sons owned or controlled by United States financial institu-
tions.”.

1 **SEC. 7122. MANDATORY DESIGNATIONS UNDER NORTH**
2 **KOREA SANCTIONS AND POLICY ENHANCE-**
3 **MENT ACT OF 2016.**

4 (a) IN GENERAL.—Section 104 of the North Korea
5 Sanctions and Policy Enhancement Act of 2016 (22
6 U.S.C. 9214) is amended—

7 (1) by adding at the end the following:

8 “(g) ADDITIONAL MANDATORY DESIGNATIONS.—

9 “(1) IN GENERAL.—Except as provided in sec-
10 tion 208, the President shall designate under this
11 subsection any person that the President deter-
12 mines—

13 “(A) knowingly, directly or indirectly, en-
14 gages in the importation from or exportation to
15 North Korea of significant quantities of—

16 “(i)(I) coal, textiles, seafood, iron, or
17 iron ore; or

18 “(II) refined petroleum products or
19 crude oil above limits set by the United
20 Nations Security Council and with which
21 the United States concurs; or

22 “(ii) services or technology related to
23 goods specified in clause (i);

24 “(B) knowingly facilitates a significant
25 transfer of funds or property of the Govern-
26 ment of North Korea that materially contrib-

1 utes to any violation of an applicable United
2 Nations Security Council resolution;

3 “(C) knowingly, directly or indirectly, en-
4 gages in, facilitates, or is responsible for the ex-
5 portation of workers from North Korea, or the
6 employment of such workers, in a manner that
7 generates significant revenue, directly or indi-
8 rectly, for use by the Government of North
9 Korea or by the Workers’ Party of Korea;

10 “(D) knowingly, directly or indirectly, sells
11 or transfers a significant number of vessels to
12 North Korea, except as specifically approved by
13 the United Nations Security Council;

14 “(E) knowingly engages in a significant ac-
15 tivity to charter, insure, register, facilitate the
16 registration of, or maintain insurance or a reg-
17 istration for, a vessel owned, controlled, com-
18 manded, or crewed by a North Korean person;
19 or

20 “(F) knowingly contributes to and partici-
21 pates in—

22 “(i) a significant act of bribery of an
23 official of the Government of North Korea
24 or any person acting for or on behalf of
25 that official;

1 “(ii) the misappropriation, theft, or
2 embezzlement of a significant amount of
3 public funds by, or for the benefit of, an
4 official of the Government of North Korea
5 or any person acting for or on behalf of
6 that official; or

7 “(iii) the use of any proceeds of any
8 activity described in subparagraph (A) or
9 (B).”;

10 (2) in subsection (c), by inserting “or (g)” after
11 “subsection (a)”;

12 (3) in subsection (d)—

13 (A) by striking “or” the first place it ap-
14 pears and inserting a comma; and

15 (B) by inserting “, or (g)” after “(b)”;

16 (4) in subsection (e)—

17 (A) by striking “or” the last place it ap-
18 pears and inserting a comma; and

19 (B) by inserting “, or (g)” after “(b)”.

20 (b) CONFORMING AMENDMENTS.—The North Korea
21 Sanctions and Policy Enhancement Act of 2016 is amend-
22 ed—

23 (1) in section 3(4) (22 U.S.C. 9202(4))—

24 (A) by striking “or” the first place it ap-
25 pears and inserting a comma; and

1 (B) by inserting “, or (g)” after “(b)”; and
2 (2) in section 102 (22 U.S.C. 9212)—

3 (A) in subsection (a), by inserting “or (g)”
4 after “section 104(a)” each place it appears;
5 and

6 (B) in subsection (b)(1)—

7 (i) by striking “and” the first place it
8 appears and inserting a comma; and

9 (ii) by inserting “, and (g)” after
10 “(b)”; and

11 (3) in section 204 (22 U.S.C. 9224), by insert-
12 ing “or (g)” after “section 104(a)” each place it ap-
13 pears; and

14 (4) in section 302(b)(3) (22 U.S.C. 9241(b)(3))
15 is amended by striking “section 104(b)(1)(M)” and
16 inserting “section 104(g)(1)(C)”.

17 **SEC. 7123. EXTENSION OF APPLICABILITY PERIOD OF PRO-**
18 **LIFERATION PREVENTION SANCTIONS.**

19 Section 203(b)(2) of the North Korea Sanctions and
20 Policy Enhancement Act of 2016 (22 U.S.C. 9223(b)(2))
21 is amended by striking “2 years” and inserting “5 years”.

1 **SEC. 7124. OPPOSITION TO ASSISTANCE BY THE INTER-**
2 **NATIONAL FINANCIAL INSTITUTIONS.**

3 (a) IN GENERAL.—The Bretton Woods Agreements
4 Act (22 U.S.C. 286 et seq.) is amended by adding at the
5 end the following:

6 **“SEC. 73. OPPOSITION TO ASSISTANCE FOR ANY GOVERN-**
7 **MENT THAT FAILS TO IMPLEMENT SANC-**
8 **TIONS ON NORTH KOREA.**

9 “(a) IN GENERAL.—The Secretary of the Treasury
10 shall instruct the United States Executive Director at each
11 international financial institution (as defined in section
12 1701(c) of the International Financial Institutions Act
13 (22 U.S.C. 262r(c))) that it is the policy of the United
14 States to oppose the provision by that institution of finan-
15 cial assistance to a foreign government, other than assist-
16 ance to support basic human needs, if the President deter-
17 mines that, in the year preceding consideration of approval
18 of such assistance, the government has knowingly failed
19 to adequately enforce sanctions under an applicable
20 United Nations Security Council resolution (as defined in
21 section 3 of the North Korea Sanctions and Policy En-
22 hancement Act of 2016 (22 U.S.C. 9202)).

23 “(b) WAIVER.—The President may waive subsection
24 (a) for up to 180 days at a time with respect to a foreign
25 government if the President—

26 “(1) determines that—

1 “(A) the failure of the foreign government
2 described in subsection (a) is due exclusively to
3 a lack of capacity on the part of the foreign
4 government;

5 “(B) the foreign government is taking ef-
6 fective steps to prevent recurrence of such fail-
7 ure; or

8 “(C) the waiver is in the national security
9 interests of the United States; and

10 “(2) submits to Congress a report on the rea-
11 sons for the determination under paragraph (1).”.

12 (b) **TERMINATION.**—Effective on the date that is 10
13 years after the date of the enactment of this Act, section
14 73 of the Bretton Woods Agreements Act, as added by
15 subsection (a), is repealed.

16 **SEC. 7125. SUPPORT FOR CAPACITY OF THE INTER-**
17 **NATIONAL MONETARY FUND TO PREVENT**
18 **MONEY LAUNDERING AND FINANCING OF**
19 **TERRORISM.**

20 (a) **IN GENERAL.**—Title XVI of the International Fi-
21 nancial Institutions Act (22 U.S.C. 262p et seq.) is
22 amended by adding at the end the following:

1 **“SEC. 1629. SUPPORT FOR CAPACITY OF THE INTER-**
2 **NATIONAL MONETARY FUND TO PREVENT**
3 **MONEY LAUNDERING AND FINANCING OF**
4 **TERRORISM.**

5 “The Secretary of the Treasury shall instruct the
6 United States Executive Director at the International
7 Monetary Fund to use the voice and vote of the United
8 States to support the increased use of the administrative
9 budget of the Fund for technical assistance that strength-
10 ens the capacity of members of the Fund to prevent money
11 laundering and the financing of terrorism.”.

12 (b) **TERMINATION.**—Effective on the date that is 5
13 years after the date of the enactment of this Act, section
14 1629 of the International Financial Institutions Act, as
15 added by subsection (a), is repealed.

16 (c) **NATIONAL ADVISORY COUNCIL REPORT TO CON-**
17 **GRESS.**—The Chairman of the National Advisory Council
18 on International Monetary and Financial Policies shall in-
19 clude in each report required by section 1701 of the Inter-
20 national Financial Institutions Act (22 U.S.C. 262r) after
21 the date of the enactment of this Act and before December
22 31, 2023, a description of—

23 (1) the activities of the International Monetary
24 Fund in the fiscal year covered by the report to pro-
25 vide technical assistance that strengthens the capac-
26 ity of members of the Fund to prevent money laun-

1 dering and the financing of terrorism, and the effec-
2 tiveness of the assistance; and

3 (2) the efficacy of efforts by the United States
4 to support such technical assistance through the use
5 of the Fund's administrative budget, and the level of
6 such support.

7 **SEC. 7126. REPORT AND BRIEFINGS ON COMPLIANCE, PEN-**
8 **ALTIES, AND TECHNICAL ASSISTANCE.**

9 (a) **REPORT REQUIRED.**—Not later than 180 days
10 after the date of the enactment of this Act, the Secretary
11 of the Treasury shall submit to the committees specified
12 in subsection (d) a report that includes—

13 (1) a list of financial institutions that, during
14 the period beginning on the date that is one year be-
15 fore the date of the enactment of this Act and end-
16 ing on the date of the report, knowingly facilitated
17 a significant transaction or transactions or provided
18 significant financial services for—

19 (A) any North Korean person designated
20 under an applicable Executive order;

21 (B) any North Korean person that know-
22 ingly facilitates the transfer of bulk cash or cov-
23 ered goods (as defined under section 1027.100
24 of title 31, Code of Federal Regulations (or any
25 corresponding similar regulation or ruling));

1 (C) any person that knowingly invests in,
2 or participates in a joint venture with, an entity
3 in which the Government of North Korea par-
4 ticipates or an entity that is created or orga-
5 nized under the laws of North Korea;

6 (D) any person that knowingly provides fi-
7 nancial services, including through a subsidiary
8 or joint venture, in North Korea;

9 (E) any person that knowingly provides
10 specialized teaching, training, or information or
11 provides material or technological support to a
12 North Korean person that—

13 (i) may contribute to North Korea's
14 development and proliferation of weapons
15 of mass destruction, including systems de-
16 signed in whole or in part for the delivery
17 of such weapons; or

18 (ii) may contribute to significant ac-
19 tivities undermining cybersecurity; and

20 (2) a description of efforts by the Department
21 of the Treasury during the period described in para-
22 graph (1), through outreach, consultations, technical
23 assistance, or other appropriate activities, to
24 strengthen the capacity of financial institutions and
25 foreign governments to prevent the provision of fi-

1 nancial services benefitting any person subject to
2 sanctions under—

3 (A) this Act or an amendment made by
4 this Act;

5 (B) an applicable Executive order; or

6 (C) an applicable United Nations Security
7 Council resolution.

8 (b) ANNUAL BRIEFINGS.—Not later than one year
9 after the submission of the report required by subsection
10 (a), and annually thereafter until the date that is 5 years
11 after the date of the enactment of this Act, the Secretary
12 of the Treasury shall brief the committees specified in sub-
13 section (d) on the matters covered by the report for the
14 one-year period preceding the briefing.

15 (c) TESTIMONY REQUIRED.—Upon request of either
16 of the committees specified in subsection (d), the Under
17 Secretary of the Treasury for Terrorism and Financial
18 Crimes shall testify to explain the effects of this Act and
19 the amendments made by this Act on North Korea's ac-
20 cess to illicit finance channels.

21 (d) COMMITTEES SPECIFIED.—The committees spec-
22 ified in this subsection are—

23 (1) the Committee on Financial Services of the
24 House of Representatives; and

1 (2) the Committee on Banking, Housing, and
2 Urban Affairs of the Senate.

3 **SEC. 7127. SENSE OF CONGRESS ON IDENTIFICATION AND**
4 **BLOCKING OF PROPERTY OF NORTH KOREAN**
5 **OFFICIALS.**

6 It is the sense of Congress that the President
7 should—

8 (1) encourage international collaboration to
9 counter the money laundering, terrorist financing,
10 and proliferation financing threats emanating from
11 North Korea; and

12 (2) prioritize multilateral efforts to identify and
13 block—

14 (A) any property owned or controlled by a
15 North Korean official; and

16 (B) any significant proceeds of kleptocracy
17 by the Government of North Korea or a North
18 Korean official.

19 **SEC. 7128. MODIFICATION OF REPORT ON IMPLEMENTA-**
20 **TION OF UNITED NATIONS SECURITY COUN-**
21 **CIL RESOLUTIONS BY OTHER GOVERNMENTS.**

22 Section 317 of the Korean Interdiction and Mod-
23 ernization of Sanctions Act (title III of Public Law 115-
24 44; 131 Stat. 950) is amended—

25 (1) in subsection (a)—

1 (A) in the matter preceding paragraph (1),
2 by striking “Not later than 180 days after the
3 date of the enactment of this Act, and annually
4 thereafter for 5 years,” and inserting “Not
5 later than 180 days after the date of the enact-
6 ment of the Otto Warmbier North Korea Nu-
7 clear Sanctions and Enforcement Act of 2019,
8 and annually thereafter for 5 years,”;

9 (B) in paragraph (3), by striking “; or”
10 and inserting a semicolon;

11 (C) by redesignating paragraph (4) as
12 paragraph (8); and

13 (D) by inserting after paragraph (3) the
14 following:

15 “(4) prohibit, in the territories of such coun-
16 tries or by persons subject to the jurisdiction of such
17 governments, the opening of new joint ventures or
18 cooperative entities with North Korean persons or
19 the expansion of existing joint ventures through ad-
20 ditional investments, whether or not for or on behalf
21 of the Government of North Korea, unless such joint
22 ventures or cooperative entities have been approved
23 by the committee of the United Nations Security
24 Council established by United Nations Security
25 Council Resolution 1718 (2006);

1 “(5) prohibit the unauthorized clearing of funds
2 by North Korean financial institutions through fi-
3 nancial institutions subject to the jurisdiction of
4 such governments;

5 “(6) prohibit the unauthorized conduct of com-
6 mercial trade with North Korea that is prohibited
7 under applicable United Nations Security Council
8 resolutions;

9 “(7) prevent the provision of significant finan-
10 cial services to North Korean persons or the transfer
11 of such services to North Korean persons to,
12 through, or from the territories of such countries or
13 by persons subject to the jurisdiction of such govern-
14 ments; or”;

15 (2) by amending subsection (c) to read as fol-
16 lows:

17 “(c) DEFINITIONS.—In this section:

18 “(1) APPROPRIATE CONGRESSIONAL COMMIT-
19 TEES AND LEADERSHIP.—The term ‘appropriate
20 congressional committees and leadership’ means—

21 “(A) the Committee on Foreign Relations,
22 the Committee on Banking, Housing, and
23 Urban Affairs, and the majority and minority
24 leaders of the Senate; and

1 “(B) the Committee on Foreign Affairs,
2 the Committee on Financial Services, the Com-
3 mittee on Ways and Means, and the Speaker,
4 the majority leader, and the minority leader of
5 the House of Representatives.

6 “(2) APPLICABLE UNITED NATIONS SECURITY
7 COUNCIL RESOLUTION; NORTH KOREAN FINANCIAL
8 INSTITUTION; NORTH KOREAN PERSON.—The terms
9 ‘applicable United Nations Security Council resolu-
10 tion’, ‘North Korean financial institution’, and
11 ‘North Korean person’ have the meanings given
12 those terms in section 3 of the North Korea Sanc-
13 tions and Policy Enhancement Act of 2016 (22
14 U.S.C. 9202).”.

15 **SEC. 7129. REPORT ON USE BY THE GOVERNMENT OF**
16 **NORTH KOREA OF BENEFICIAL OWNERSHIP**
17 **RULES TO ACCESS THE INTERNATIONAL FI-**
18 **NANCIAL SYSTEM.**

19 (a) IN GENERAL.—Not later than 180 days after the
20 date of the enactment of this Act, the Secretary of the
21 Treasury, in consultation with the Secretary of State, shall
22 submit to the appropriate congressional committees a re-
23 port setting forth the findings of the Secretary regarding
24 how the Government of North Korea is exploiting the laws
25 of countries other than the United States with respect to

1 the beneficial owner of an entity in order to access the
2 international financial system.

3 (b) ELEMENTS.—The Secretary shall include in the
4 report required under subsection (a) proposals for such
5 legislative and administrative action as the Secretary con-
6 siderers appropriate to combat the abuse by the Government
7 of North Korea of shell companies and other similar enti-
8 ties subject to the jurisdiction of governments other than
9 the United States Government to avoid or evade sanctions.

10 (c) FORM.—The report required by subsection (a)
11 shall be submitted in unclassified form but may include
12 a classified annex.

13 **PART II—CONGRESSIONAL REVIEW AND**
14 **OVERSIGHT**

15 **SEC. 7131. NOTIFICATION OF TERMINATION OR SUSPEN-**
16 **SION OF SANCTIONS.**

17 Before taking any action to terminate or suspend the
18 application of sanctions under this subtitle or an amend-
19 ment made by this subtitle, the President shall notify the
20 appropriate congressional committees of the President's
21 intent to take the action and the reasons for the action.

22 **SEC. 7132. REPORTS ON CERTAIN LICENSING ACTIONS.**

23 (a) REPORT REQUIRED.—

24 (1) IN GENERAL.—Not later than 180 days
25 after the date of the enactment of this Act, and

1 every 180 days thereafter, the President shall sub-
2 mit to the committees specified in paragraph (2) a
3 report on the operation of the system for issuing li-
4 censes for transactions under covered regulatory
5 provisions during the preceding 180-day period that
6 includes—

7 (A) the number and types of such licenses
8 applied for during that period; and

9 (B) the number of such licenses issued
10 during that period and information identifying
11 the person receiving each such license.

12 (2) COMMITTEES SPECIFIED.—The committees
13 specified in this paragraph are the following:

14 (A) The Committee on Financial Services
15 and the Committee on Foreign Affairs of the
16 House of Representatives.

17 (B) The Committee on Banking, Housing,
18 and Urban Affairs and the Committee on For-
19 eign Relations of the Senate.

20 (b) SUBMISSION OF COPIES OF LICENSES ON RE-
21 QUEST.—The Secretary of the Treasury shall expedi-
22 tiously provide a copy of any license identified in a report
23 required by subsection (a)(1) to the Committee on Finan-
24 cial Services of the House of Representatives and the
25 Committee on Banking, Housing, and Urban Affairs of

1 the Senate if an appropriate Member of Congress requests
2 a copy of that license not later than 30 days after submis-
3 sion of the report.

4 (c) FORM.—Each report required by subsection (a),
5 and each copy of a license submitted under subsection (b),
6 shall be submitted in unclassified form but may include
7 a classified annex.

8 (d) DEFINITIONS.—In this section:

9 (1) APPROPRIATE MEMBER OF CONGRESS.—

10 The term “appropriate Member of Congress”
11 means—

12 (A) the chairman or ranking member of
13 the Committee on Financial Services of the
14 House of Representatives; or

15 (B) the chairman or ranking member of
16 the Committee on Banking, Housing, and
17 Urban Affairs of the Senate.

18 (2) COVERED REGULATORY PROVISION.—The
19 term “covered regulatory provision” means any of
20 the following provisions, as in effect on the day be-
21 fore the date of the enactment of this Act and as
22 such provisions relate to North Korea:

23 (A) Part 743, 744, or 746 of title 15, Code
24 of Federal Regulations.

1 (B) Part 510 of title 31, Code of Federal
2 Regulations.

3 (C) Any other provision of title 31, Code of
4 Federal Regulations.

5 **SEC. 7133. REPORT AND BRIEFINGS ON FINANCIAL NET-**
6 **WORKS AND FINANCIAL METHODS OF THE**
7 **GOVERNMENT OF NORTH KOREA.**

8 (a) REPORT REQUIRED.—

9 (1) IN GENERAL.—Not later than 180 days
10 after the date of the enactment of this Act, the
11 President shall submit to the appropriate congres-
12 sional committees a report on sources of external
13 support for the Government of North Korea that in-
14 cludes—

15 (A) a description of the methods used by
16 the Government of North Korea to deal in,
17 transact in, or conceal the ownership, control,
18 or origin of, goods and services exported by
19 North Korea;

20 (B) an assessment of the relationship be-
21 tween the proliferation of weapons of mass de-
22 struction by the Government of North Korea
23 and the financial industry or financial institu-
24 tions;

1 (C) an assessment of the relationship be-
2 tween the acquisition by the Government of
3 North Korea of military expertise, equipment,
4 and technology and the financial industry or fi-
5 nancial institutions;

6 (D) a description of the export by any per-
7 son to the United States of goods, services, or
8 technology that are made with significant
9 amounts of North Korean labor, material, or
10 goods, including minerals, manufacturing, sea-
11 food, overseas labor, or other exports from
12 North Korea;

13 (E) an assessment of the involvement of
14 any person in human trafficking involving citi-
15 zens or nationals of North Korea;

16 (F) a description of how the President
17 plans to address the flow of funds generated by
18 activities described in subparagraphs (A)
19 through (E), including through the use of sanc-
20 tions or other means;

21 (G) an assessment of the extent to which
22 the Government of North Korea engages in
23 criminal activities, including money laundering,
24 to support that Government;

1 (H) information relating to the identifica-
2 tion, blocking, and release of property described
3 in section 201B(b)(1) of the North Korea Sanc-
4 tions and Policy Enhancement Act of 2016, as
5 added by section 7121;

6 (I) a description of the metrics used to
7 measure the effectiveness of law enforcement
8 and diplomatic initiatives of Federal, State, and
9 foreign governments to comply with the provi-
10 sions of applicable United Nations Security
11 Council resolutions; and

12 (J) an assessment of the effectiveness of
13 programs within the financial industry to en-
14 sure compliance with United States sanctions,
15 applicable United Nations Security Council res-
16 olutions, and applicable Executive orders.

17 (2) FORM.—The report required by paragraph
18 (1) shall be submitted in unclassified form but may
19 include a classified annex.

20 (b) BRIEFINGS.—Not later than one year after the
21 submission of the report required by subsection (a), and
22 annually thereafter until the date that is 5 years after the
23 date of the enactment of this Act, the President shall brief
24 the appropriate congressional committees on the matters

1 covered by the report for the one-year period preceding
2 the briefing.

3 (c) INTERAGENCY COORDINATION.—The President
4 shall ensure that any information collected pursuant to
5 subsection (a) is shared among the Federal departments
6 and agencies involved in investigations described in section
7 102(b) of the North Korea Sanctions and Policy Enhance-
8 ment Act of 2016 (22 U.S.C. 9212(b)).

9 **SEC. 7134. REPORT ON COUNTRIES OF CONCERN WITH RE-**
10 **SPECT TO TRANSSHIPMENT, REEXPOR-**
11 **TATION, OR DIVERSION OF CERTAIN ITEMS**
12 **TO NORTH KOREA.**

13 (a) IN GENERAL.—Not later than 180 days after the
14 date of the enactment of this Act, and annually thereafter
15 through 2023, the Director of National Intelligence shall
16 submit to the President, the Secretary of Defense, the Sec-
17 retary of Commerce, the Secretary of State, the Secretary
18 of the Treasury, and the appropriate congressional com-
19 mittees a report that identifies all countries that the Di-
20 rector determines are of concern with respect to trans-
21 shipment, reexportation, or diversion of items subject to
22 the provisions of the Export Administration Regulations
23 under subchapter C of chapter VII of title 15, Code of
24 Federal Regulations, to an entity owned or controlled by
25 the Government of North Korea.

1 (b) FORM.—Each report required by subsection (a)
2 shall be submitted in unclassified form but may include
3 a classified annex.

4 **PART III—GENERAL MATTERS**

5 **SEC. 7141. RULEMAKING.**

6 The President shall prescribe such rules and regula-
7 tions as may be necessary to carry out this subtitle and
8 amendments made by this subtitle.

9 **SEC. 7142. AUTHORITY TO CONSOLIDATE REPORTS.**

10 (a) IN GENERAL.—Any and all reports required to
11 be submitted to the appropriate congressional committees
12 under this subtitle or an amendment made by this subtitle
13 that are subject to a deadline for submission consisting
14 of the same unit of time may be consolidated into a single
15 report that is submitted pursuant to that deadline.

16 (b) CONTENTS.—Any reports consolidated under sub-
17 section (a) shall contain all information required under
18 this subtitle or an amendment made by this subtitle and
19 any other elements that may be required by existing law.

20 **SEC. 7143. WAIVERS, EXEMPTIONS, AND TERMINATION.**

21 (a) APPLICATION AND MODIFICATION OF EXEMP-
22 TIONS FROM AND WAIVERS OF NORTH KOREA SANC-
23 TIONS AND POLICY ENHANCEMENT ACT OF 2016.—Sec-
24 tion 208 of the North Korea Sanctions and Policy En-
25 hancement Act of 2016 (22 U.S.C. 9228) is amended by

1 inserting “201B, 201C,” after “201A,” each place it ap-
2 pears.

3 (b) SUSPENSION.—

4 (1) IN GENERAL.—Subject to section 7131, the
5 President may suspend the application of any provi-
6 sion of or amendment made by this subtitle (other
7 than section 7147 of this title or section 201B(e) of
8 the North Korea Sanctions and Policy Enhancement
9 Act of 2016, as added by section 7121 of this title)
10 with respect to an entity, individual, or transaction,
11 for renewable periods of not more than 180 days
12 each if, before such a suspension or renewal of such
13 a suspension takes effect, the President submits to
14 the appropriate congressional committees—

15 (A) a certification that—

16 (i) the Government of North Korea
17 has—

18 (I) committed to the verifiable
19 suspension of North Korea’s prolifera-
20 tion and testing of weapons of mass
21 destruction, including systems de-
22 signed in whole or in part for the de-
23 livery of such weapons; and

24 (II) has agreed to multilateral
25 talks including the Government of the

1 United States, with the goal of perma-
2 nently and verifiably limiting North
3 Korea's weapons of mass destruction
4 and ballistic missile programs; or

5 (ii) the suspension is vital to the na-
6 tional security interests of the United
7 States; and

8 (B) if the President submits a certification
9 under subparagraph (A)(ii), an explanation of
10 the reasons the suspension is vital to the na-
11 tional security interests of the United States.

12 (2) CONFORMING AMENDMENT.—Section
13 401(a) of the North Korea Sanctions and Policy En-
14 hancement Act of 2016 (22 U.S.C. 9251(a)) is
15 amended by inserting “(other than section 104(g),
16 201B, or 201C)” after “such titles”).

17 (c) TERMINATION.—Subject to section 7131, any re-
18 quirement to impose sanctions under this subtitle or the
19 amendments made by this subtitle, and any sanctions im-
20 posed pursuant to this subtitle or any such amendment,
21 shall terminate on the date on which the President makes
22 the certification described in section 402 of the North
23 Korea Sanctions and Policy Enhancement Act of 2016 (22
24 U.S.C. 9252).

1 **SEC. 7144. PROCEDURES FOR REVIEW OF CLASSIFIED AND**
2 **CERTAIN OTHER INFORMATION.**

3 (a) **IN GENERAL.**—If a finding under this subtitle or
4 an amendment made by this subtitle, a prohibition, condi-
5 tion, or penalty imposed as a result of any such finding,
6 or a penalty imposed under this subtitle or an amendment
7 made by this subtitle, is based on classified information
8 (as defined in section 1(a) of the Classified Information
9 Procedures Act (18 U.S.C. App.)), law enforcement infor-
10 mation, or any other information protected from disclo-
11 sure by statute, and a court reviews the finding or the
12 imposition of the prohibition, condition, or penalty, the
13 Secretary of the Treasury may submit such information
14 to the court *ex parte* and *in camera*.

15 (b) **RULE OF CONSTRUCTION.**—Nothing in this sec-
16 tion shall be construed to confer or imply any right to judi-
17 cial review of any finding under this subtitle or an amend-
18 ment made by this subtitle, any prohibition, condition, or
19 penalty imposed as a result of any such finding, or any
20 penalty imposed under this subtitle or an amendment
21 made by this subtitle.

22 **SEC. 7145. BRIEFING ON RESOURCING OF SANCTIONS PRO-**
23 **GRAMS.**

24 Not later than 30 days after the date of the enact-
25 ment of this Act, the Secretary of the Treasury shall pro-

1 vide to the appropriate congressional committees a brief-
2 ing on—

3 (1) the resources allocated by the Department
4 of the Treasury to support each sanctions program
5 administered by the Department; and

6 (2) recommendations for additional authorities
7 or resources necessary to expand the capacity or ca-
8 pability of the Department related to implementation
9 and enforcement of such programs.

10 **SEC. 7146. BRIEFING ON PROLIFERATION FINANCING.**

11 (a) IN GENERAL.—Not later than 60 days after the
12 date of the enactment of this Act, the Secretary of the
13 Treasury, in consultation with the Secretary of State, shall
14 provide to the appropriate congressional committees a
15 briefing on addressing proliferation finance.

16 (b) ELEMENTS.—The briefing required by subsection
17 (a) shall include the following:

18 (1) The Department of the Treasury’s descrip-
19 tion of the principles underlying appropriate meth-
20 ods for combating the financing of the proliferation
21 of weapons of mass destruction.

22 (2) An assessment of—

23 (A) Federal financial regulatory agency
24 oversight, including by the Financial Crimes
25 Enforcement Network, of United States finan-

1 cial institutions and the adoption by their for-
2 eign subsidiaries, branches, and correspondent
3 institutions of the principles described under
4 paragraph (1); and

5 (B) whether financial institutions in for-
6 eign jurisdictions known by the United States
7 intelligence and law enforcement communities
8 to be jurisdictions through which North Korea
9 moves substantial sums of licit and illicit fi-
10 nance are applying a risk-based approach to
11 proliferation financing, and if that approach is
12 comparable to the approach required by United
13 States financial institution supervisors.

14 (3) A survey of the technical assistance the Of-
15 fice of Technical Assistance of the Department of
16 the Treasury and other appropriate Executive
17 branch offices currently provide foreign governments
18 on implementing counter-proliferation financing best
19 practices.

20 (4) An assessment of the ability of foreign sub-
21 sidiaries, branches, and correspondent institutions of
22 United States financial institutions to implement a
23 risk-based approach to proliferation financing.

1 **SEC. 7147. EXCEPTION RELATING TO IMPORTATION OF**
2 **GOODS.**

3 (a) **IN GENERAL.**—The authorities and requirements
4 to impose sanctions authorized under this subtitle or any
5 amendment made by this subtitle shall not include the au-
6 thority or requirement to impose sanctions on the importa-
7 tion of goods.

8 (b) **GOOD DEFINED.**—In this section, the term
9 “good” means any article, natural or manmade substance,
10 material, supply or manufactured product, including in-
11 spection and test equipment, and excluding technical data.

12 **Subtitle B—Financial Industry**
13 **Guidance to Halt Trafficking**

14 **SEC. 7151. SHORT TITLE.**

15 This subtitle may be cited as the “Financial Industry
16 Guidance to Halt Trafficking Act” or the “FIGHT Act”.

17 **SEC. 7152. SENSE OF CONGRESS.**

18 It is the sense of Congress that—

19 (1) the President should aggressively apply, as
20 appropriate, existing sanctions for human trafficking
21 authorized under section 111 of the Trafficking Vic-
22 tims Protection Act of 2000 (22 U.S.C. 7108);

23 (2) the Financial Crimes Enforcement Network
24 of the Department of the Treasury should con-
25 tinue—

1 (A) to monitor reporting required under
2 subchapter II of chapter 53 of title 31, United
3 States Code (commonly known as the “Bank
4 Secrecy Act”) and to update advisories, as war-
5 ranted;

6 (B) to periodically review its advisories to
7 provide covered financial institutions, as appro-
8 priate, with a list of new “red flags” for identi-
9 fying activities of concern, particularly human
10 trafficking;

11 (C) to encourage entities covered by the
12 advisories described in subparagraph (B) to in-
13 corporate relevant elements provided in the
14 advisories into their current transaction and ac-
15 count monitoring systems or in policies, proce-
16 dures, and training on human trafficking to en-
17 able financial institutions to maintain ongoing
18 efforts to examine transactions and accounts;

19 (D) to use geographic targeting orders, as
20 appropriate, to impose additional reporting and
21 recordkeeping requirements under section
22 5326(a) of title 31, United States Code, to
23 carry out the purposes of, and prevent evasions
24 of, the Bank Secrecy Act; and

1 (E) to utilize the Bank Secrecy Act Advi-
2 sory Group and other relevant entities to iden-
3 tify opportunities for nongovernmental organi-
4 zations to share relevant actionable information
5 on human traffickers' use of the financial sector
6 for nefarious purposes;

7 (3) Federal banking regulators, the Department
8 of the Treasury, relevant law enforcement agencies,
9 and the Human Smuggling and Trafficking Center,
10 in partnership with representatives from the United
11 States financial community, should adopt regular
12 forms of sharing information to disrupt human traf-
13 ficking, including developing protocols and proce-
14 dures to share actionable information between and
15 among covered institutions, law enforcement, and
16 the United States intelligence community;

17 (4) training frontline bank and money service
18 business employees, school teachers, law enforcement
19 officers, foreign service officers, counselors, and the
20 general public is an important factor in identifying
21 trafficking victims;

22 (5) the Department of Homeland Security's
23 Blue Campaign, training by the BEST Employers
24 Alliance, and similar efforts by industry, human
25 rights, and nongovernmental organizations focused

1 on human trafficking provide good examples of cur-
2 rent efforts to educate employees of critical sectors
3 with respect to how to save victims and disrupt traf-
4 ficking networks;

5 (6) the President should intensify diplomatic ef-
6 forts, bilaterally and in appropriate international
7 fora such as the United Nations, to develop and im-
8 plement a coordinated, consistent, multilateral strat-
9 egy for addressing the international financial net-
10 works supporting human trafficking; and

11 (7) in deliberations between the United States
12 Government and any foreign country, including
13 through participation in the Egmont Group of Fi-
14 nancial Intelligence Units, regarding money laun-
15 dering, corruption, and transnational crimes, the
16 United States Government should—

17 (A) encourage cooperation by foreign gov-
18 ernments and relevant international fora in
19 identifying the extent to which the proceeds
20 from human trafficking are being used to facili-
21 tate terrorist financing, corruption, or other il-
22 licit financial crimes;

23 (B) encourage cooperation by foreign gov-
24 ernments and relevant international fora in

1 identifying the nexus between human traf-
2 ficking and money laundering;

3 (C) advance policies that promote the co-
4 operation of foreign governments, through in-
5 formation sharing, training, or other measures,
6 in the enforcement of this subtitle;

7 (D) encourage other countries to assess
8 their human trafficking and money laundering
9 risks in light of updated guidance provided by
10 the Financial Action Task Force in 2018; and

11 (E) encourage the Egmont Group of Fi-
12 nancial Intelligence Units to study the extent to
13 which human trafficking operations are being
14 used for money laundering, terrorist financing,
15 or other illicit financial purposes.

16 **SEC. 7153. COORDINATION OF HUMAN TRAFFICKING**
17 **ISSUES BY THE OFFICE OF TERRORISM AND**
18 **FINANCIAL INTELLIGENCE.**

19 (a) FUNCTIONS.—Section 312(a)(4) of title 31,
20 United States Code, is amended—

21 (1) by redesignating subparagraphs (E), (F),
22 and (G) as subparagraphs (F), (G), and (H), respec-
23 tively; and

24 (2) by inserting after subparagraph (D) the fol-
25 lowing:

1 “(E) combating illicit financing relating to
2 human trafficking;”.

3 (b) INTERAGENCY COORDINATION.—Section 312(a)
4 of such title is amended by adding at the end the fol-
5 lowing:

6 “(8) INTERAGENCY COORDINATION.—The Sec-
7 retary of the Treasury, after consultation with the
8 Undersecretary for Terrorism and Financial Crimes,
9 shall designate an office within the OTFI that shall
10 coordinate efforts to combat the illicit financing of
11 human trafficking with—

12 “(A) other offices of the Department of the
13 Treasury;

14 “(B) other Federal agencies, including—

15 “(i) the Office to Monitor and Combat
16 Trafficking in Persons of the Department
17 of State; and

18 “(ii) the Interagency Task Force to
19 Monitor and Combat Trafficking;

20 “(C) State and local law enforcement agen-
21 cies; and

22 “(D) foreign governments.”.

1 **SEC. 7154. STRENGTHENING THE ROLE OF ANTI-MONEY**
2 **LAUNDERING AND OTHER FINANCIAL TOOLS**
3 **IN COMBATING HUMAN TRAFFICKING.**

4 (a) INTERAGENCY TASK FORCE RECOMMENDATIONS
5 TARGETING MONEY LAUNDERING RELATED TO HUMAN
6 TRAFFICKING.—

7 (1) IN GENERAL.—Not later than 270 days
8 after the date of the enactment of this Act, the
9 Interagency Task Force to Monitor and Combat
10 Trafficking, with the concurrence of the Secretary of
11 State and the Secretary of the Treasury, shall sub-
12 mit to the Committee on Banking, Housing, and
13 Urban Affairs, the Committee on Foreign Relations,
14 and the Committee on the Judiciary of the Senate,
15 the Committee on Financial Services, the Committee
16 on Foreign Affairs, and the Committee on the Judi-
17 ciary of the House of Representatives, and each ap-
18 propriate Federal banking agency—

19 (A) an analysis of anti-money laundering
20 efforts of the United States Government,
21 United States financial institutions, and inter-
22 national financial institutions (as defined in sec-
23 tion 1701(c) of the International Financial In-
24 stitutions Act (22 U.S.C. 262r(c))) related to
25 human trafficking; and

1 (B) appropriate legislative, administrative,
2 and other recommendations to strengthen ef-
3 forts against money laundering related to
4 human trafficking.

5 (2) REQUIRED RECOMMENDATIONS.—The rec-
6 ommendations under paragraph (1) shall include—

7 (A) best practices based on successful anti-
8 human trafficking programs currently in place
9 at domestic and international financial institu-
10 tions that are suitable for broader adoption;

11 (B) feedback from stakeholders, including
12 victims of severe forms of trafficking in per-
13 sons, advocates of persons at risk of becoming
14 victims of severe forms of trafficking in per-
15 sons, the United States Advisory Council on
16 Human Trafficking, civil society organizations,
17 and financial institutions on policy proposals
18 derived from the analysis conducted by the task
19 force referred to in paragraph (1) that would
20 enhance the efforts and programs of financial
21 institutions to detect and deter money laun-
22 dering related to human trafficking, including
23 any recommended changes to internal policies,
24 procedures, and controls related to human traf-
25 ficking;

1 (C) any recommended changes to training
2 programs at financial institutions to better
3 equip employees to deter and detect money
4 laundering related to human trafficking; and

5 (D) any recommended changes to expand
6 human trafficking-related information sharing
7 among financial institutions and between such
8 financial institutions, appropriate law enforce-
9 ment agencies, and appropriate Federal agen-
10 cies.

11 (b) ADDITIONAL REPORTING REQUIREMENT.—Sec-
12 tion 105(d)(7) of the Trafficking Victims Protection Act
13 of 2000 (22 U.S.C. 7103(d)(7)) is amended—

14 (1) in the matter preceding subparagraph (A)—

15 (A) by inserting “the Committee on Finan-
16 cial Services,” after “the Committee on Foreign
17 Affairs”; and

18 (B) by inserting “the Committee on Bank-
19 ing, Housing, and Urban Affairs,” after “the
20 Committee on Foreign Relations,”;

21 (2) in subparagraph (Q)(vii), by striking “;
22 and” and inserting a semicolon;

23 (3) in subparagraph (R), by striking the period
24 at the end and inserting “; and”; and

25 (4) by adding at the end the following:

1 “(S) the efforts of the United States to
2 eliminate money laundering related to human
3 trafficking and the number of investigations,
4 arrests, indictments, and convictions in money
5 laundering cases with a nexus to human traf-
6 ficking.”.

7 (c) REQUIRED REVIEW OF PROCEDURES.—Not later
8 than 180 days after the date of the enactment of this Act,
9 the Federal Financial Institutions Examination Council,
10 in consultation with the Secretary of the Treasury, victims
11 of severe forms of trafficking in persons, advocates of per-
12 sons at risk of becoming victims of severe forms of traf-
13 ficking in persons, the United States Advisory Council on
14 Trafficking, civil society organizations, the private sector,
15 and appropriate law enforcement agencies, shall—

16 (1) review and enhance training and examina-
17 tion procedures to improve the surveillance capabili-
18 ties of anti-money laundering programs and pro-
19 grams countering the financing of terrorism to de-
20 tect human trafficking-related financial transactions;

21 (2) review and enhance procedures for referring
22 potential human trafficking cases to the appropriate
23 law enforcement agency; and

24 (3) determine, as appropriate, whether require-
25 ments for financial institutions and covered financial

1 institutions are sufficient to detect and deter money
2 laundering related to human trafficking.

3 (d) LIMITATIONS.—Nothing in this section shall be
4 construed to—

5 (1) grant rulemaking authority to the Inter-
6 agency Task Force to Monitor and Combat Traf-
7 ficking; or

8 (2) authorize financial institutions to deny serv-
9 ices to or violate the privacy of victims of trafficking,
10 victims of severe forms of trafficking, or individuals
11 not responsible for promoting severe forms of traf-
12 ficking in persons.

13 **SEC. 7155. SENSE OF CONGRESS ON RESOURCES TO COM-**
14 **BAT HUMAN TRAFFICKING.**

15 It is the sense of Congress that—

16 (1) adequate funding should be provided for
17 critical Federal efforts to combat human trafficking;

18 (2) the Department of the Treasury should
19 have the appropriate resources to vigorously inves-
20 tigate human trafficking networks under section 111
21 of the Trafficking Victims Protection Act of 2000
22 (22 U.S.C. 7108) and other relevant statutes and
23 Executive orders;

24 (3) the Department of the Treasury and the
25 Department of Justice should each have the capacity

1 and appropriate resources to support technical as-
2 sistance to develop foreign partners' ability to com-
3 bat human trafficking through strong national anti-
4 money laundering programs and programs coun-
5 tering the financing of terrorism;

6 (4) each United States Attorney's Office should
7 be provided appropriate funding to increase the
8 number of personnel for community education and
9 outreach and investigative support and forensic anal-
10 ysis related to human trafficking; and

11 (5) the Department of State should be provided
12 additional resources, as necessary, to carry out the
13 Survivors of Human Trafficking Empowerment Act
14 (section 115 of Public Law 114–22; 129 Stat. 243).

15 **TITLE LXXII—SANCTIONS WITH**
16 **RESPECT TO FOREIGN TRAF-**
17 **FICKERS OF ILLICIT SYN-**
18 **THETIC OPIOIDS**

Sec. 7201. Short title.

Sec. 7202. Sense of Congress.

Sec. 7203. Definitions.

Subtitle A—Sanctions With Respect to Foreign Opioid Traffickers

Sec. 7211. Identification of foreign opioid traffickers.

Sec. 7212. Imposition of sanctions.

Sec. 7213. Description of sanctions.

Sec. 7214. Waivers.

Sec. 7215. Procedures for judicial review of classified information.

Sec. 7216. Briefings on implementation.

Sec. 7217. Inclusion of additional material in International Narcotics Control
Strategy Report.

Subtitle B—Commission on Combating Synthetic Opioid Trafficking

Sec. 7221. Commission on combating synthetic opioid trafficking.

Subtitle C—Other Matters

Sec. 7231. Director of National Intelligence program on use of intelligence resources in efforts to sanction foreign opioid traffickers.

Sec. 7232. Authorization of appropriations.

Sec. 7233. Regulatory authority.

Sec. 7234. Termination.

Sec. 7235. Exception relating to importation of goods.

1 **SEC. 7201. SHORT TITLE.**

2 This title may be cited as the “Fentanyl Sanctions
3 Act”.

4 **SEC. 7202. SENSE OF CONGRESS.**

5 It is the sense of Congress that—

6 (1) the United States should apply economic
7 and other financial sanctions to foreign traffickers of
8 illicit opioids to protect the national security, foreign
9 policy, and economy of the United States and the
10 health of the people of the United States;

11 (2) it is imperative that the People’s Republic
12 of China follow through on full implementation of
13 the new regulations, adopted May 1, 2019, to treat
14 all fentanyl analogues as controlled substances under
15 the laws of the People’s Republic of China, including
16 by devoting sufficient resources for implementation
17 and strict enforcement of the new regulations; and

18 (3) the effective enforcement of the new regula-
19 tions should result in diminished trafficking of illicit
20 fentanyl originating from the People’s Republic of
21 China into the United States.

1 **SEC. 7203. DEFINITIONS.**

2 In this title:

3 (1) ALIEN; NATIONAL; NATIONAL OF THE
4 UNITED STATES.—The terms “alien”, “national”,
5 and “national of the United States” have the mean-
6 ings given those terms in section 101 of the Immi-
7 gration and Nationality Act (8 U.S.C. 1101).

8 (2) APPROPRIATE CONGRESSIONAL COMMIT-
9 TEES AND LEADERSHIP.—The term “appropriate
10 congressional committees and leadership” means—

11 (A) the Committee on Appropriations, the
12 Committee on Armed Services, the Committee
13 on Banking, Housing, and Urban Affairs, the
14 Committee on Foreign Relations, the Com-
15 mittee on Homeland Security and Govern-
16 mental Affairs, the Committee on the Judiciary,
17 the Select Committee on Intelligence, and the
18 majority leader and the minority leader of the
19 Senate; and

20 (B) the Committee on Appropriations, the
21 Committee on Armed Services, the Committee
22 on Financial Services, the Committee on For-
23 eign Affairs, the Committee on Homeland Secu-
24 rity, the Committee on the Judiciary, the Com-
25 mittee on Oversight and Reform, the Perma-
26 nent Select Committee on Intelligence, and the

1 Speaker and the minority leader of the House
2 of Representatives.

3 (3) CONTROLLED SUBSTANCE; LISTED CHEM-
4 ICAL.—The terms “controlled substance”, “listed
5 chemical”, “narcotic drug”, and “opioid” have the
6 meanings given those terms in section 102 of the
7 Controlled Substances Act (21 U.S.C. 802).

8 (4) ENTITY.—The term “entity” means a part-
9 nership, joint venture, association, corporation, orga-
10 nization, network, group, or subgroup, or any form
11 of business collaboration.

12 (5) FOREIGN OPIOID TRAFFICKER.—The term
13 “foreign opioid trafficker” means any foreign person
14 that the President determines plays a significant
15 role in opioid trafficking.

16 (6) FOREIGN PERSON.—The term “foreign per-
17 son”—

18 (A) means—

19 (i) any citizen or national of a foreign
20 country; or

21 (ii) any entity not organized under the
22 laws of the United States or a jurisdiction
23 within the United States; and

24 (B) does not include the government of a
25 foreign country.

1 (7) KNOWINGLY.—The term “knowingly”, with
2 respect to conduct, a circumstance, or a result,
3 means that a person has actual knowledge, or should
4 have known, of the conduct, the circumstance, or the
5 result.

6 (8) OPIOID TRAFFICKING.—The term “opioid
7 trafficking” means any illicit activity—

8 (A) to produce, manufacture, distribute,
9 sell, or knowingly finance or transport—

10 (i) synthetic opioids, including con-
11 trolled substances that are synthetic
12 opioids and listed chemicals that are syn-
13 thetic opioids; or

14 (ii) active pharmaceutical ingredients
15 or chemicals that are used in the produc-
16 tion of controlled substances that are syn-
17 thetic opioids;

18 (B) to attempt to carry out an activity de-
19 scribed in subparagraph (A); or

20 (C) to assist, abet, conspire, or collude
21 with other persons to carry out such an activity.

22 (9) PERSON.—The term “person” means an in-
23 dividual or entity.

24 (10) UNITED STATES PERSON.—The term
25 “United States person” means—

1 (A) any citizen or national of the United
2 States;

3 (B) any alien lawfully admitted for perma-
4 nent residence in the United States;

5 (C) any entity organized under the laws of
6 the United States or any jurisdiction within the
7 United States (including a foreign branch of
8 such an entity); or

9 (D) any person located in the United
10 States.

11 **Subtitle A—Sanctions With Respect**
12 **to Foreign Opioid Traffickers**

13 **SEC. 7211. IDENTIFICATION OF FOREIGN OPIOID TRAF-**
14 **FICKERS.**

15 (a) PUBLIC REPORT.—

16 (1) IN GENERAL.—The President shall submit
17 to the appropriate congressional committees and
18 leadership, in accordance with subsection (c), a re-
19 port—

20 (A) identifying the foreign persons that the
21 President determines are foreign opioid traf-
22 fickers;

23 (B) detailing progress the President has
24 made in implementing this subtitle; and

1 (C) providing an update on cooperative ef-
2 forts with the governments of Mexico, the Peo-
3 ple's Republic of China, and other countries of
4 concern with respect to combating foreign
5 opioid traffickers.

6 (2) IDENTIFICATION OF ADDITIONAL PER-
7 SONS.—If, at any time after submitting a report re-
8 quired by paragraph (1) and before the submission
9 of the next such report, the President determines
10 that a foreign person not identified in the report is
11 a foreign opioid trafficker, the President shall sub-
12 mit to the appropriate congressional committees and
13 leadership an additional report containing the infor-
14 mation required by paragraph (1) with respect to
15 the foreign person.

16 (3) EXCLUSION.—The President shall not be
17 required to include in a report under paragraph (1)
18 or (2) any persons with respect to which the United
19 States has imposed sanctions before the date of the
20 report under this subtitle or any other provision of
21 law with respect to opioid trafficking.

22 (4) FORM OF REPORT.—

23 (A) IN GENERAL.—Each report required
24 by paragraph (1) or (2) shall be submitted in

1 unclassified form but may include a classified
2 annex.

3 (B) AVAILABILITY TO PUBLIC.—The un-
4 classified portion of a report required by para-
5 graph (1) or (2) shall be made available to the
6 public.

7 (b) CLASSIFIED REPORT.—

8 (1) IN GENERAL.—The President shall submit
9 to the appropriate congressional committees and
10 leadership, in accordance with subsection (c), a re-
11 port, in classified form—

12 (A) describing in detail the status of sanc-
13 tions imposed under this subtitle, including the
14 personnel and resources directed toward the im-
15 position of such sanctions during the preceding
16 fiscal year;

17 (B) providing background information with
18 respect to persons newly identified as foreign
19 opioid traffickers and their illicit activities;

20 (C) describing actions the President in-
21 tends to undertake or has undertaken to imple-
22 ment this subtitle; and

23 (D) providing a strategy for identifying ad-
24 ditional foreign opioid traffickers.

1 (2) EFFECT ON OTHER REPORTING REQUIRE-
2 MENTS.—The report required by paragraph (1) is in
3 addition to, and in no way delimits or restricts, the
4 obligations of the President to keep Congress fully
5 and currently informed pursuant to the provisions of
6 the National Security Act of 1947 (50 U.S.C. 3001
7 et seq.).

8 (c) SUBMISSION OF REPORTS.—Not later than 180
9 days after the date of the enactment of this Act, and annu-
10 ally thereafter until the date that is 5 years after such
11 date of enactment, the President shall submit the reports
12 required by subsections (a) and (b) to the appropriate con-
13 gressional committees and leadership.

14 (d) EXCLUSION OF CERTAIN INFORMATION.—

15 (1) INTELLIGENCE.—Notwithstanding any
16 other provision of this section, a report required by
17 subsection (a) or (b) shall not disclose the identity
18 of any person if the Director of National Intelligence
19 determines that such disclosure could compromise an
20 intelligence operation, activity, source, or method of
21 the United States.

22 (2) LAW ENFORCEMENT.—Notwithstanding any
23 other provision of this section, a report required by
24 subsection (a) or (b) shall not disclose the identity
25 of any person if the Attorney General, in coordina-

1 tion, as appropriate, with the Director of the Fed-
2 eral Bureau of Investigation, the Administrator of
3 the Drug Enforcement Administration, the Secretary
4 of the Treasury, the Secretary of State, and the
5 head of any other appropriate Federal law enforce-
6 ment agency, determines that such disclosure could
7 reasonably be expected—

8 (A) to compromise the identity of a con-
9 fidential source, including a State, local, or for-
10 eign agency or authority or any private institu-
11 tion that furnished information on a confiden-
12 tial basis;

13 (B) to jeopardize the integrity or success
14 of an ongoing criminal investigation or prosecu-
15 tion;

16 (C) to endanger the life or physical safety
17 of any person; or

18 (D) to cause substantial harm to physical
19 property.

20 (3) NOTIFICATION REQUIRED.—If the Director
21 of National Intelligence makes a determination
22 under paragraph (1) or the Attorney General makes
23 a determination under paragraph (2), the Director
24 or the Attorney General, as the case may be, shall
25 notify the appropriate congressional committees and

1 leadership of the determination and the reasons for
2 the determination.

3 (4) **RULE OF CONSTRUCTION.**—Nothing in this
4 section may be construed to authorize or compel the
5 disclosure of information determined by the Presi-
6 dent to be law enforcement information, classified
7 information, national security information, or other
8 information the disclosure of which is prohibited by
9 any other provision of law.

10 (e) **PROVISION OF INFORMATION REQUIRED FOR RE-**
11 **PORTS.**—The Secretary of the Treasury, the Attorney
12 General, the Secretary of Defense, the Secretary of State,
13 the Secretary of Homeland Security, and the Director of
14 National Intelligence shall consult among themselves and
15 provide to the President and the Director of the Office
16 of National Drug Control Policy the appropriate and nec-
17 essary information to enable the President to submit the
18 reports required by subsection (a).

19 **SEC. 7212. IMPOSITION OF SANCTIONS.**

20 The President shall impose five or more of the sanc-
21 tions described in section 7213 with respect to each for-
22 eign person that is an entity, and four or more of such
23 sanctions with respect to each foreign person that is an
24 individual, that—

1 (1) is identified as a foreign opioid trafficker in
2 a report submitted under section 7211(a); or

3 (2) the President determines is owned, con-
4 trolled, directed by, knowingly supplying or sourcing
5 precursors for, or knowingly acting for or on behalf
6 of, such a foreign opioid trafficker.

7 **SEC. 7213. DESCRIPTION OF SANCTIONS.**

8 (a) IN GENERAL.—The sanctions that may be im-
9 posed with respect to a foreign person under section 7212
10 are the following:

11 (1) LOANS FROM UNITED STATES FINANCIAL
12 INSTITUTIONS.—The United States Government
13 may prohibit any United States financial institution
14 from making loans or providing credits to the for-
15 eign person.

16 (2) PROHIBITIONS ON FINANCIAL INSTITU-
17 TIONS.—The following prohibitions may be imposed
18 with respect to a foreign person that is a financial
19 institution:

20 (A) PROHIBITION ON DESIGNATION AS
21 PRIMARY DEALER.—Neither the Board of Gov-
22 ernors of the Federal Reserve System nor the
23 Federal Reserve Bank of New York may des-
24 ignate, or permit the continuation of any prior
25 designation of, the financial institution as a pri-

1 mary dealer in United States Government debt
2 instruments.

3 (B) PROHIBITION ON SERVICE AS A RE-
4 POSITORY OF GOVERNMENT FUNDS.—The fi-
5 nancial institution may not serve as agent of
6 the United States Government or serve as re-
7 pository for United States Government funds.

8 The imposition of either sanction under subpara-
9 graph (A) or (B) shall be treated as one sanction for
10 purposes of section 7212, and the imposition of both
11 such sanctions shall be treated as 2 sanctions for
12 purposes of that section.

13 (3) PROCUREMENT BAN.—The United States
14 Government may not procure, or enter into any con-
15 tract for the procurement of, any goods or services
16 from the foreign person.

17 (4) FOREIGN EXCHANGE.—The President may,
18 pursuant to such regulations as the President may
19 prescribe, prohibit any transactions in foreign ex-
20 change that are subject to the jurisdiction of the
21 United States and in which the foreign person has
22 any interest.

23 (5) BANKING TRANSACTIONS.—The President
24 may, pursuant to such regulations as the President
25 may prescribe, prohibit any transfers of credit or

1 payments between financial institutions or by,
2 through, or to any financial institution, to the extent
3 that such transfers or payments are subject to the
4 jurisdiction of the United States and involve any in-
5 terest of the foreign person.

6 (6) PROPERTY TRANSACTIONS.—The President
7 may, pursuant to such regulations as the President
8 may prescribe, prohibit any person from—

9 (A) acquiring, holding, withholding, using,
10 transferring, withdrawing, or transporting any
11 property that is subject to the jurisdiction of
12 the United States and with respect to which the
13 foreign person has any interest;

14 (B) dealing in or exercising any right,
15 power, or privilege with respect to such prop-
16 erty; or

17 (C) conducting any transaction involving
18 such property.

19 (7) BAN ON INVESTMENT IN EQUITY OR DEBT
20 OF SANCTIONED PERSON.—The President may, pur-
21 suant to such regulations or guidelines as the Presi-
22 dent may prescribe, prohibit any United States per-
23 son from investing in or purchasing significant
24 amounts of equity or debt instruments of the foreign
25 person.

1 (8) EXCLUSION OF CORPORATE OFFICERS.—

2 The President may direct the Secretary of State to
3 deny a visa to, and the Secretary of Homeland Secu-
4 rity to exclude from the United States, any alien
5 that the President determines is a corporate officer
6 or principal of, or a shareholder with a controlling
7 interest in, the foreign person.

8 (9) SANCTIONS ON PRINCIPAL EXECUTIVE OF-

9 FICERS.—The President may impose on the prin-
10 cipal executive officer or officers of the foreign per-
11 son, or on individuals performing similar functions
12 and with similar authorities as such officer or offi-
13 cers, any of the sanctions described in paragraphs
14 (1) through (8) that are applicable.

15 (b) PENALTIES.—A person that violates, attempts to
16 violate, conspires to violate, or causes a violation of any
17 regulation, license, or order issued to carry out subsection
18 (a) shall be subject to the penalties set forth in subsections
19 (b) and (c) of section 206 of the International Emergency
20 Economic Powers Act (50 U.S.C. 1705) to the same ex-
21 tent as a person that commits an unlawful act described
22 in subsection (a) of that section.

23 (c) EXCEPTIONS.—

1 (1) INTELLIGENCE AND LAW ENFORCEMENT
2 ACTIVITIES.—Sanctions under this section shall not
3 apply with respect to—

4 (A) any activity subject to the reporting
5 requirements under title V of the National Se-
6 curity Act of 1947 (50 U.S.C. 3091 et seq.); or

7 (B) any authorized intelligence or law en-
8 forcement activities of the United States.

9 (2) EXCEPTION TO COMPLY WITH UNITED NA-
10 TIONS HEADQUARTERS AGREEMENT.—Sanctions
11 under subsection (a)(8) shall not apply to an alien
12 if admitting the alien into the United States is nec-
13 essary to permit the United States to comply with
14 the Agreement regarding the Headquarters of the
15 United Nations, signed at Lake Success June 26,
16 1947, and entered into force November 21, 1947,
17 between the United Nations and the United States,
18 the Convention on Consular Relations, done at Vi-
19 enna April 24, 1963, and entered into force March
20 19, 1967, or other applicable international obliga-
21 tions.

22 (d) IMPLEMENTATION.—The President may exercise
23 all authorities provided under sections 203 and 205 of the
24 International Emergency Economic Powers Act (50
25 U.S.C. 1702 and 1704) to carry out this section.

1 **SEC. 7214. WAIVERS.**

2 (a) WAIVER FOR STATE-OWNED ENTITIES IN COUN-
3 TRIES THAT COOPERATE IN MULTILATERAL ANTI-TRAF-
4 FICKING EFFORTS.—

5 (1) IN GENERAL.—The President may waive for
6 a period of not more than 12 months the application
7 of sanctions under this subtitle with respect to an
8 entity that is owned or controlled, directly or indi-
9 rectly, by a foreign government or any political sub-
10 division, agency, or instrumentality of a foreign gov-
11 ernment, if, not less than 15 days before the waiver
12 is to take effect, the President certifies to the appro-
13 priate congressional committees and leadership that
14 the foreign government is closely cooperating with
15 the United States in efforts to prevent opioid traf-
16 ficking.

17 (2) CERTIFICATION.—The President may cer-
18 tify under paragraph (1) that a foreign government
19 is closely cooperating with the United States in ef-
20 forts to prevent opioid trafficking if that government
21 is—

22 (A) implementing domestic laws to sched-
23 ule all fentanyl analogues as controlled sub-
24 stances; and

25 (B) doing two or more of the following:

1 (i) Implementing substantial improve-
2 ments in regulations involving the chemical
3 and pharmaceutical production and export
4 of illicit opioids.

5 (ii) Implementing substantial improve-
6 ments in judicial regulations to combat
7 transnational criminal organizations that
8 traffic opioids.

9 (iii) Increasing efforts to prosecute
10 foreign opioid traffickers.

11 (iv) Increasing intelligence sharing
12 and law enforcement cooperation with the
13 United States with respect to opioid traf-
14 ficking.

15 (3) SUBSEQUENT RENEWAL OF WAIVER.—The
16 President may renew a waiver under paragraph (1)
17 for subsequent periods of not more than 12 months
18 each if, not less than 15 days before the renewal is
19 to take effect, the Secretary of State certifies to the
20 appropriate congressional committees and leadership
21 that the government of the country to which the
22 waiver applies has effectively implemented and is ef-
23 fectively enforcing the measures that formed the
24 basis for the certification under paragraph (2).

1 (b) WAIVERS FOR NATIONAL SECURITY AND ACCESS
2 TO PRESCRIPTION MEDICATIONS.—

3 (1) IN GENERAL.—The President may waive
4 the application of sanctions under this subtitle if the
5 President determines that the application of such
6 sanctions would harm—

7 (A) the national security interests of the
8 United States; or

9 (B) subject to paragraph (2), the access of
10 United States persons to prescription medica-
11 tions.

12 (2) MONITORING.—The President shall estab-
13 lish a monitoring program to verify that a person
14 that receives a waiver under paragraph (1)(B) is not
15 trafficking illicit opioids.

16 (3) NOTIFICATION.—Not later than 15 days
17 after making a determination under paragraph (1),
18 the President shall notify the appropriate congres-
19 sional committees and leadership of the determina-
20 tion and the reasons for the determination.

21 (c) HUMANITARIAN WAIVER.—The President may
22 waive, for renewable periods of 180 days, the application
23 of the sanctions under this subtitle if the President cer-
24 tifies to the appropriate congressional committees and

1 leadership that the waiver is necessary for the provision
2 of humanitarian assistance.

3 **SEC. 7215. PROCEDURES FOR JUDICIAL REVIEW OF CLASSI-**
4 **FIED INFORMATION.**

5 (a) IN GENERAL.—If a finding under this subtitle,
6 or a prohibition, condition, or penalty imposed as a result
7 of any such finding, is based on classified information (as
8 defined in section 1(a) of the Classified Information Pro-
9 cedures Act (18 U.S.C. App.)) and a court reviews the
10 finding or the imposition of the prohibition, condition, or
11 penalty, the President may submit such information to the
12 court ex parte and in camera.

13 (b) RULE OF CONSTRUCTION.—Nothing in this sec-
14 tion shall be construed—

15 (1) to confer or imply any right to judicial re-
16 view of any finding under this subtitle, or any prohi-
17 bition, condition, or penalty imposed as a result of
18 any such finding; or

19 (2) to limit or restrict any other practice, proce-
20 dure, right, remedy, or safeguard that—

21 (A) relates to the protection of classified
22 information; and

23 (B) is available to the United States in
24 connection with any type of administrative
25 hearing, litigation, or other proceeding.

1 **SEC. 7216. BRIEFINGS ON IMPLEMENTATION.**

2 Not later than 90 days after the date of the enact-
3 ment of this Act, and every 180 days thereafter until the
4 date that is 5 years after such date of enactment, the
5 President, acting through the Secretary of State and the
6 Director of National Intelligence, in coordination with the
7 Secretary of the Treasury, shall provide to the appropriate
8 congressional committees and leadership a comprehensive
9 briefing on efforts to implement this subtitle.

10 **SEC. 7217. INCLUSION OF ADDITIONAL MATERIAL IN**
11 **INTERNATIONAL NARCOTICS CONTROL**
12 **STRATEGY REPORT.**

13 (a) SENSE OF CONGRESS.—It is the sense of Con-
14 gress that, in order to apply economic and other financial
15 sanctions to foreign traffickers of illicit opioids to protect
16 the national security, foreign policy, and economy of the
17 United States—

18 (1) the President should instruct the Secretary
19 of State to intensify diplomatic efforts, both in ap-
20 propriate international fora such as the United Na-
21 tions, the Group of Seven, the Group of Twenty, and
22 trilaterally and bilaterally with partners of the
23 United States, to combat foreign opioid trafficking,
24 including by working to establish a multilateral
25 sanctions regime with respect to foreign opioid traf-
26 ficking; and

1 (2) the Secretary of State, in consultation with
2 the Secretary of the Treasury, should intensify ef-
3 forts to maintain and strengthen the coalition of
4 countries formed to combat foreign opioid traf-
5 ficking.

6 (b) AMENDMENT TO FOREIGN ASSISTANCE ACT OF
7 1961.—Section 489(a) of the Foreign Assistance Act of
8 1961 (22 U.S.C. 2291(a)) is amended by adding at the
9 end the following:

10 “(9)(A) An assessment conducted by the Sec-
11 retary of State, in consultation with the Secretary of
12 the Treasury and the Director of National Intel-
13 ligence, of the extent to which any diplomatic efforts
14 described in section 7217(a) of the Fentanyl Sanc-
15 tions Act have been successful.

16 “(B) Each assessment required by subpara-
17 graph (A) shall include an identification of—

18 “(i) the countries the governments of
19 which have agreed to undertake measures to
20 apply economic or other financial sanctions to
21 foreign traffickers of illicit opioids and a de-
22 scription of those measures; and

23 “(ii) the countries the governments of
24 which have not agreed to measures described in
25 clause (i), and, with respect to those countries,

1 other measures the Secretary of State rec-
2 ommends that the United States take to apply
3 economic and other financial sanctions to for-
4 eign traffickers of illicit opioids.”.

5 **Subtitle B—Commission on Com-**
6 **bating Synthetic Opioid Traf-**
7 **ficking**

8 **SEC. 7221. COMMISSION ON COMBATING SYNTHETIC**
9 **OPIOID TRAFFICKING.**

10 (a) ESTABLISHMENT.—

11 (1) IN GENERAL.—There is established a com-
12 mission to develop a consensus on a strategic ap-
13 proach to combating the flow of synthetic opioids
14 into the United States.

15 (2) DESIGNATION.—The commission estab-
16 lished under paragraph (1) shall be known as the
17 “Commission on Combating Synthetic Opioid Traf-
18 ficking” (in this section referred to as the “Commis-
19 sion”).

20 (b) MEMBERSHIP.—

21 (1) COMPOSITION.—

22 (A) IN GENERAL.—Subject to subpara-
23 graph (B), the Commission shall be composed
24 of the following members:

1 (i) The Director of the Office of Na-
2 tional Drug Control Policy.

3 (ii) The Administrator of the Drug
4 Enforcement Administration.

5 (iii) The Secretary of Homeland Secu-
6 rity.

7 (iv) The Secretary of Defense.

8 (v) The Secretary of the Treasury.

9 (vi) The Secretary of State.

10 (vii) The Director of National Intel-
11 ligence.

12 (viii) Two members appointed by the
13 majority leader of the Senate, one of whom
14 shall be a Member of the Senate and one
15 of whom shall not be.

16 (ix) Two members appointed by the
17 minority leader of the Senate, one of whom
18 shall be a Member of the Senate and one
19 of whom shall not be.

20 (x) Two members appointed by the
21 Speaker of the House of Representatives,
22 one of whom shall be a Member of the
23 House of Representatives and one of whom
24 shall not be.

1 (xi) Two members appointed by the
2 minority leader of the House of Represent-
3 atives, one of whom shall be a Member of
4 the House of Representatives and one of
5 whom shall not be.

6 (B)(i) The members of the Commission
7 who are not Members of Congress and who are
8 appointed under clauses (viii) through (xi) of
9 subparagraph (A) shall be individuals who are
10 nationally recognized for expertise, knowledge,
11 or experience in—

12 (I) transnational criminal organiza-
13 tions conducting synthetic opioid traf-
14 ficking;

15 (II) the production, manufacturing,
16 distribution, sale, or transportation of syn-
17 thetic opioids; or

18 (III) relations between—

19 (aa) the United States; and

20 (bb) the People's Republic of
21 China, Mexico, or any other country
22 of concern with respect to trafficking
23 in synthetic opioids.

24 (ii) An official who appoints members of
25 the Commission may not appoint an individual

1 as a member of the Commission if the indi-
2 vidual possesses any personal or financial inter-
3 est in the discharge of any of the duties of the
4 Commission.

5 (iii)(I) All members of the Commission de-
6 scribed in clause (i) shall possess an appro-
7 priate security clearance in accordance with ap-
8 plicable provisions of law concerning the han-
9 dling of classified information.

10 (II) For the purpose of facilitating the ac-
11 tivities of the Commission, the Director of Na-
12 tional Intelligence shall expedite to the fullest
13 degree possible the processing of security clear-
14 ances that are necessary for members of the
15 Commission.

16 (2) CO-CHAIRS.—

17 (A) IN GENERAL.—The Commission shall
18 have 2 co-chairs, selected from among the mem-
19 bers of the Commission, one of whom shall be
20 a member of the majority party and one of
21 whom shall be a member of the minority party.

22 (B) SELECTION.—The individuals who
23 serve as the co-chairs of the Commission shall
24 be jointly agreed upon by the President, the
25 majority leader of the Senate, the minority

1 leader of the Senate, the Speaker of the House
2 of Representatives, and the minority leader of
3 the House of Representatives.

4 (c) DUTIES.—The duties of the Commission are as
5 follows:

6 (1) To define the core objectives and priorities
7 of the strategic approach described in subsection
8 (a)(1).

9 (2) To weigh the costs and benefits of various
10 strategic options to combat the flow of synthetic
11 opioids from the People’s Republic of China, Mexico,
12 and other countries of concern with respect to traf-
13 ficking in synthetic opioids.

14 (3) To evaluate whether the options described
15 in paragraph (2) are exclusive or complementary,
16 the best means for executing such options, and how
17 the United States should incorporate and implement
18 such options within the strategic approach described
19 in subsection (a)(1).

20 (4) To review and make determinations on the
21 difficult choices present within such options, among
22 them what norms-based regimes the United States
23 should seek to establish to encourage the effective
24 regulation of dangerous synthetic opioids.

1 (5) To report on efforts by actors in the Peo-
2 ple's Republic of China to subvert United States
3 laws and to supply illicit synthetic opioids to persons
4 in the United States, including up-to-date estimates
5 of the scale of illicit synthetic opioids flows from the
6 People's Republic of China.

7 (6) To report on the deficiencies in the regula-
8 tion of pharmaceutical and chemical production of
9 controlled substances and export controls with re-
10 spect to such substances in the People's Republic of
11 China and other countries that allow opioid traf-
12 fickers to subvert such regulations and controls to
13 traffic illicit opioids into the United States.

14 (7) To report on the scale of contaminated or
15 counterfeit drugs originating from Mexico, the Peo-
16 ple's Republic of China, India, and other countries
17 of concern with respect to the exportation of con-
18 taminated or counterfeit drugs.

19 (8) To report on how the United States could
20 work more effectively with subnational and local offi-
21 cials in the People's Republic of China and other
22 countries to combat the illicit production of synthetic
23 opioids.

24 (9) In weighing the options for defending the
25 United States against the dangers of trafficking in

1 synthetic opioids, to consider possible structures and
2 authorities that need to be established, revised, or
3 augmented within the Federal Government.

4 (d) FUNCTIONING OF COMMISSION.—The provisions
5 of subsections (c), (d), (e), (g), (h), (i), and (m) of section
6 1652 of the John S. McCain National Defense Authoriza-
7 tion Act for Fiscal Year 2019 (Public Law 115–232) shall
8 apply to the Commission to the same extent and in the
9 same manner as such provisions apply to the commission
10 established under that section, except that—

11 (1) subsection (c)(1) of that section shall be ap-
12 plied and administered by substituting “30 days” for
13 “45 days”;

14 (2) subsection (g)(4)(A) of that section shall be
15 applied and administered by inserting “and the At-
16 torney General” after “Secretary of Defense”; and

17 (3) subsections (h)(2)(A) and (i)(1)(A) of that
18 section shall be applied and administered by sub-
19 stituting “level V of the Executive Schedule under
20 section 5316” for “level IV of the Executive Sched-
21 ule under section 5315”.

22 (e) TREATMENT OF INFORMATION PROVIDED TO
23 COMMISSION.—

24 (1) INFORMATION RELATING TO NATIONAL SE-
25 CURITY.—

1 (A) RESPONSIBILITY OF DIRECTOR OF NA-
2 TIONAL INTELLIGENCE.—The Director of Na-
3 tional Intelligence shall assume responsibility
4 for the handling and disposition of any informa-
5 tion related to the national security of the
6 United States that is received, considered, or
7 used by the Commission under this section.

8 (B) ACCESS AFTER TERMINATION OF COM-
9 MISSION.—Notwithstanding any other provision
10 of law, after the termination of the Commission
11 under subsection (h), only the members and
12 designated staff of the appropriate congres-
13 sional committees and leadership, the Director
14 of National Intelligence (and the designees of
15 the Director), and such other officials of the ex-
16 ecutive branch as the President may designate
17 shall have access to information related to the
18 national security of the United States that is
19 received, considered, or used by the Commis-
20 sion.

21 (2) INFORMATION PROVIDED BY CONGRESS.—
22 The Commission may obtain information from any
23 Member, committee, or office of Congress, including
24 information related to the national security of the
25 United States, only with the consent of the Member,

1 committee, or office involved and only in accordance
2 with any applicable rules and procedures of the
3 House of Representatives or Senate (as the case
4 may be) governing the provision of such information
5 by Members, committees, and offices of Congress to
6 entities in the executive branch.

7 (f) REPORTS.—The Commission shall submit to the
8 appropriate congressional committees and leadership—

9 (1) not later than 270 days after the date of
10 the enactment of this Act, an initial report on the
11 activities and recommendations of the Commission
12 under this section; and

13 (2) not later than 270 days after the submis-
14 sion of the initial report under paragraph (1), a final
15 report on the activities and recommendations of the
16 Commission under this section.

17 (g) TERMINATION.—

18 (1) IN GENERAL.—The Commission, and all the
19 authorities of this section, shall terminate at the end
20 of the 120-day period beginning on the date on
21 which the final report required by subsection (f)(2)
22 is submitted to the appropriate congressional com-
23 mittees and leadership.

24 (2) WINDING UP OF AFFAIRS.—The Commis-
25 sion may use the 120-day period described in para-

1 graph (1) for the purposes of concluding its activi-
2 ties, including providing testimony to Congress con-
3 cerning the final report required by subsection (f)(2)
4 and disseminating the report.

5 **Subtitle C—Other Matters**

6 **SEC. 7231. DIRECTOR OF NATIONAL INTELLIGENCE PRO-** 7 **GRAM ON USE OF INTELLIGENCE RE-** 8 **SOURCES IN EFFORTS TO SANCTION FOR-** 9 **EIGN OPIOID TRAFFICKERS.**

10 (a) PROGRAM REQUIRED.—

11 (1) IN GENERAL.—The Director of National In-
12 telligence shall, in consultation with the Director of
13 the Office of National Drug Control Policy, carry
14 out a program to allocate and enhance use of re-
15 sources of the intelligence community, including in-
16 telligence collection and analysis, to assist the Sec-
17 retary of the Treasury, the Secretary of State, and
18 the Administrator of the Drug Enforcement Admin-
19 istration in efforts to identify and impose sanctions
20 with respect to foreign opioid traffickers under sub-
21 title A.

22 (2) FOCUS ON ILLICIT FINANCE.—To the ex-
23 tent practicable, efforts described in paragraph (1)
24 shall—

1 (A) take into account specific illicit finance
2 risks related to narcotics trafficking; and

3 (B) be developed in consultation with the
4 Undersecretary of the Treasury for Terrorism
5 and Financial Crimes, appropriate officials of
6 the Office of Intelligence and Analysis of the
7 Department of the Treasury, the Director of
8 the Financial Crimes Enforcement Network,
9 and appropriate Federal law enforcement agen-
10 cies.

11 (b) REVIEW OF COUNTERNARCOTICS EFFORTS OF
12 THE INTELLIGENCE COMMUNITY.—The Director of Na-
13 tional Intelligence shall, in coordination with the Director
14 of the Office of National Drug Control Policy, carry out
15 a comprehensive review of the current intelligence collec-
16 tion priorities of the intelligence community for counter-
17 narcotics purposes in order to identify whether such prior-
18 ities are appropriate and sufficient in light of the number
19 of lives lost in the United States each year due to use
20 of illegal drugs.

21 (c) REPORTS.—

22 (1) QUARTERLY REPORTS ON PROGRAM.—Not
23 later than 90 days after the date of the enactment
24 of this Act, and every 90 days thereafter, the Direc-
25 tor of National Intelligence and the Director of the

1 Office of National Drug Control Policy shall jointly
2 submit to the appropriate congressional committees
3 and leadership a report on the status and accom-
4 plishments of the program required by subsection
5 (a) during the 90-day period ending on the date of
6 the report. The first report under this paragraph
7 shall also include a description of the amount of
8 funds devoted by the intelligence community to the
9 efforts described in subsection (a) during each of fis-
10 cal years 2017 and 2018.

11 (2) REPORT ON REVIEW.—Not later than 120
12 days after the date of the enactment of this Act, the
13 Director of National Intelligence, in consultation
14 with the Director of the Office of National Drug
15 Control Policy and other relevant agencies, shall
16 submit to the appropriate congressional committees
17 and leadership—

18 (A) a comprehensive description of the re-
19 sults of the review required by subsection (b);
20 and

21 (B) an assessment of whether—

22 (i) the priorities described in that sub-
23 section are appropriate and sufficient in
24 light of the number of lives lost in the

1 United States each year due to use of ille-
2 gal drugs; and

3 (ii) any changes to such priorities are
4 necessary.

5 (d) INTELLIGENCE COMMUNITY DEFINED.—In this
6 section, the term “intelligence community” has the mean-
7 ing given that term in section 3(4) of the National Secu-
8 rity Act of 1947 (50 U.S.C. 3003(4)).

9 **SEC. 7232. AUTHORIZATION OF APPROPRIATIONS.**

10 (a) DEPARTMENT OF THE TREASURY.—There are
11 authorized to be appropriated to the Secretary of the
12 Treasury such sums as may be necessary for fiscal year
13 2020 to carry out operations and activities of the Depart-
14 ment of the Treasury solely for purposes of carrying out
15 this title.

16 (b) COMMISSION ON COMBATING SYNTHETIC OPIOID
17 TRAFFICKING.—Of the amount authorized to be appro-
18 priated by section 1403 for fiscal year 2020 and available
19 for Drug Interdiction and Counter-Drug Activities, De-
20 fense-wide, as specified in the funding table in section
21 4501, the Secretary of Defense may, notwithstanding sec-
22 tion 2215 of title 10, United States Code, transfer
23 \$5,000,000 to the Commission on Combating Synthetic
24 Opioid Trafficking established under section 7221 in order
25 to carry out the duties of the Commission.

1 (c) SUPPLEMENT NOT SUPPLANT.—Amounts au-
2 thORIZED to be appropriated by subsection (a) shall supple-
3 ment and not supplant other amounts available to carry
4 out operations and activities described in such subsections.

5 (d) NOTIFICATION REQUIREMENT.—Amounts au-
6 thORIZED to be appropriated by subsection (a) may not be
7 obligated until 15 days after the date on which the Presi-
8 dent notifies the appropriate committees of Congress of
9 the President’s intention to obligate such funds.

10 (e) APPROPRIATE COMMITTEES OF CONGRESS DE-
11 FINED.—In this section, the term “appropriate commit-
12 tees of Congress” means—

13 (1) the Committee on Armed Services, the
14 Committee on Banking, Housing, and Urban Af-
15 fairs, the Committee on Foreign Relations, the Se-
16 lect Committee on Intelligence, the Committee on
17 the Judiciary, and the Committee on Appropriations
18 of the Senate; and

19 (2) the Committee on Armed Services, the
20 Committee on Financial Services, the Committee on
21 Foreign Affairs, the Permanent Select Committee on
22 Intelligence, the Committee on Oversight and Re-
23 form, and the Committee on Appropriations of the
24 House of Representatives.

1 **SEC. 7233. REGULATORY AUTHORITY.**

2 Not later than 90 days after the date of the enact-
3 ment of this Act, the President shall issue such regulations
4 as are necessary to carry out this title, including guidance
5 with respect to what activities are included under the defi-
6 nition of “opioid trafficking” under section 7203(8).

7 **SEC. 7234. TERMINATION.**

8 The provisions of this title, and any sanctions im-
9 posed pursuant to this title, shall terminate on the date
10 that is 7 years after the date of the enactment of this
11 Act.

12 **SEC. 7235. EXCEPTION RELATING TO IMPORTATION OF**
13 **GOODS.**

14 (a) IN GENERAL.—The authorities and requirements
15 to impose sanctions under this title shall not include the
16 authority or a requirement to impose sanctions on the im-
17 portation of goods.

18 (b) GOOD DEFINED.—In this section, the term
19 “good” means any article, natural or manmade substance,
20 material, supply, or manufactured product, including in-
21 spection and test equipment, and excluding technical data.

22 **TITLE LXXIII—PFAS**

Sec. 7301. Short title.

Sec. 7302. Definition of Administrator.

Subtitle A—Drinking Water

Sec. 7311. Monitoring and detection.

Sec. 7312. Drinking water state revolving funds.

Subtitle B—PFAS Release Disclosure

Sec. 7321. Additions to toxics release inventory.

Subtitle C—USGS Performance Standard

Sec. 7331. Definitions.

Sec. 7332. Performance standard for the detection of highly fluorinated compounds.

Sec. 7333. Nationwide sampling.

Sec. 7334. Data usage.

Sec. 7335. Collaboration.

Subtitle D—Emerging Contaminants

Sec. 7341. Definitions.

Sec. 7342. Research and coordination plan for enhanced response on emerging contaminants.

Subtitle E—Toxic Substances Control Act

Sec. 7351. PFAS data call.

Sec. 7352. Significant new use rule for long-chain PFAS.

Subtitle F—Other Matters

Sec. 7361. PFAS destruction and disposal guidance.

Sec. 7362. PFAS research and development.

1 **SEC. 7301. SHORT TITLE.**

2 This title may be cited as the “PFAS Act of 2019”.

3 **SEC. 7302. DEFINITION OF ADMINISTRATOR.**

4 In this title, the term “Administrator” means the Ad-
5 ministrator of the Environmental Protection Agency.

6 **Subtitle A—Drinking Water**

7 **SEC. 7311. MONITORING AND DETECTION.**

8 (a) MONITORING PROGRAM FOR UNREGULATED
9 CONTAMINANTS.—

10 (1) IN GENERAL.—The Administrator shall in-
11 clude each substance described in paragraph (2) in
12 the fifth publication of the list of unregulated con-
13 taminants to be monitored under section

1 1445(a)(2)(B)(i) of the Safe Drinking Water Act
2 (42 U.S.C. 300j-4(a)(2)(B)(i)).

3 (2) SUBSTANCES DESCRIBED.—The substances
4 referred to in paragraph (1) are perfluoroalkyl and
5 polyfluoroalkyl substances and classes of
6 perfluoroalkyl and polyfluoroalkyl substances—

7 (A) for which a method to measure the
8 level in drinking water has been validated by
9 the Administrator; and

10 (B) that are not subject to a national pri-
11 mary drinking water regulation.

12 (3) EXCEPTION.—The perfluoroalkyl and
13 polyfluoroalkyl substances and classes of
14 perfluoroalkyl and polyfluoroalkyl substances in-
15 cluded in the list of unregulated contaminants to be
16 monitored under section 1445(a)(2)(B)(i) of the
17 Safe Drinking Water Act (42 U.S.C. 300j-
18 4(a)(2)(B)(i)) under paragraph (1) shall not count
19 towards the limit of 30 unregulated contaminants to
20 be monitored by public water systems under that
21 section.

22 (b) APPLICABILITY.—

23 (1) IN GENERAL.—The Administrator shall—

1 (A) require public water systems serving
2 more than 10,000 persons to monitor for the
3 substances described in subsection (a)(2);

4 (B) subject to paragraph (2) and the avail-
5 ability of appropriations, require public water
6 systems serving not fewer than 3,300 and not
7 more than 10,000 persons to monitor for the
8 substances described in subsection (a)(2); and

9 (C) subject to paragraph (2) and the avail-
10 ability of appropriations, ensure that only a
11 representative sample of public water systems
12 serving fewer than 3,300 persons are required
13 to monitor for the substances described in sub-
14 section (a)(2).

15 (2) REQUIREMENT.—If the Administrator de-
16 termines that there is not sufficient laboratory ca-
17 pacity to carry out the monitoring required under
18 subparagraphs (B) and (C) of paragraph (1), the
19 Administrator may waive the monitoring require-
20 ments in those subparagraphs.

21 (3) FUNDS.—The Administrator shall pay the
22 reasonable cost of such testing and laboratory anal-
23 ysis as is necessary to carry out the monitoring re-
24 quired under subparagraphs (B) and (C) of para-
25 graph (1) using—

1 (A) funds made available pursuant to sub-
2 section (a)(2)(H) or subsection (j)(5) of section
3 1445 of the Safe Drinking Water Act (42
4 U.S.C. 300j-4); or

5 (B) any other funds made available for
6 that purpose.

7 **SEC. 7312. DRINKING WATER STATE REVOLVING FUNDS.**

8 Section 1452 of the Safe Drinking Water Act (42
9 U.S.C. 300j-12) is amended—

10 (1) in subsection (a)(2), by adding at the end
11 the following:

12 “(G) EMERGING CONTAMINANTS.—

13 “(i) IN GENERAL.—Notwithstanding
14 any other provision of law and subject to
15 clause (ii), amounts deposited under sub-
16 section (t) in a State loan fund established
17 under this section may only be used to pro-
18 vide grants for the purpose of addressing
19 emerging contaminants, with a focus on
20 perfluoroalkyl and polyfluoroalkyl sub-
21 stances.

22 “(ii) REQUIREMENTS.—

23 “(I) SMALL AND DISADVAN-
24 TAGED COMMUNITIES.—Not less than
25 25 percent of the amounts described

1 in clause (i) shall be used to provide
2 grants to—

3 “(aa) disadvantaged commu-
4 nities (as defined in subsection
5 (d)(3)); or

6 “(bb) public water systems
7 serving fewer than 25,000 per-
8 sons.

9 “(II) PRIORITIES.—In selecting
10 the recipient of a grant using amounts
11 described in clause (i), a State shall
12 use the priorities described in sub-
13 section (b)(3)(A).

14 “(iii) NO INCREASED BONDING AU-
15 THORITY.—The amounts deposited in the
16 State loan fund of a State under sub-
17 section (t) may not be used as a source of
18 payment of, or security for (directly or in-
19 directly), in whole or in part, any obliga-
20 tion the interest on which is exempt from
21 the tax imposed under chapter 1 of the In-
22 ternal Revenue Code of 1986.”;

23 (2) in subsection (m)(1), in the matter pre-
24 ceding subparagraph (A), by striking “this section”

1 and inserting “this section, except for subsections
2 (a)(2)(G) and (t)”;

3 (3) by adding at the end the following:

4 “(t) EMERGING CONTAMINANTS.—

5 “(1) IN GENERAL.—Amounts made available
6 under this subsection shall be allotted to a State as
7 if allotted under subsection (a)(1)(D) as a capital-
8 ization grant, for deposit into the State loan fund of
9 the State, for the purposes described in subsection
10 (a)(2)(G).

11 “(2) AUTHORIZATION OF APPROPRIATIONS.—

12 There is authorized to be appropriated to carry out
13 this subsection \$100,000,000 for each of fiscal years
14 2020 through 2024, to remain available until ex-
15 pended.”.

16 **Subtitle B—PFAS Release**
17 **Disclosure**

18 **SEC. 7321. ADDITIONS TO TOXICS RELEASE INVENTORY.**

19 (a) DEFINITION OF TOXICS RELEASE INVENTORY.—

20 In this section, the term “toxics release inventory” means
21 the list of toxic chemicals subject to the requirements of
22 section 313(c) of the Emergency Planning and Commu-
23 nity Right-To-Know Act of 1986 (42 U.S.C. 11023(c)).

24 (b) IMMEDIATE INCLUSION.—

1 (1) IN GENERAL.—Subject to subsection (e),
2 beginning January 1 of the calendar year following
3 the date of enactment of this Act, the following
4 chemicals shall be deemed to be included in the
5 toxics release inventory:

6 (A) Perfluorooctanoic acid (commonly re-
7 ferred to as “PFOA”) (Chemical Abstracts
8 Service No. 335–67–1).

9 (B) The salts associated with the chemical
10 described in subparagraph (A) (Chemical Ab-
11 stracts Service Nos. 3825–26–1, 335–95–5, and
12 68141–02–6).

13 (C) Perfluorooctane sulfonic acid (com-
14 monly referred to as “PFOS”) (Chemical Ab-
15 stracts Service No. 1763–23–1).

16 (D) The salts associated with the chemical
17 described in subparagraph (C) (Chemical Ab-
18 stracts Service Nos. 2795–39–3, 29457–72–5,
19 56773–42–3, 29081–56–9, and 70225–14–8).

20 (E) A perfluoroalkyl or polyfluoroalkyl sub-
21 stance or class of perfluoroalkyl or
22 polyfluoroalkyl substances that is—

23 (i) listed as an active chemical sub-
24 stance in the February 2019 update to the
25 inventory under section 8(b)(1) of the

1 Toxic Substances Control Act (15 U.S.C.
2 2607(b)(1)); and

3 (ii) on the date of enactment of this
4 Act, subject to the provisions of—

5 (I) section 721.9582 of title 40,
6 Code of Federal Regulations; or

7 (II) section 721.10536 of title
8 40, Code of Federal Regulations.

9 (F) Hexafluoropropylene oxide dimer acid
10 (commonly referred to as “GenX”) (Chemical
11 Abstracts Service No. 13252–13–6).

12 (G) The compound associated with the
13 chemical described in subparagraph (F) identi-
14 fied by Chemical Abstracts Service No. 62037–
15 80–3.

16 (H) Perfluorononanoic acid (commonly re-
17 ferred to as “PFNA”) (Chemical Abstracts
18 Service No. 375–95–1).

19 (I) Perfluorohexanesulfonic acid (com-
20 monly referred to as “PFHxS”) (Chemical Ab-
21 stracts Service No. 355–46–4).

22 (2) THRESHOLD FOR REPORTING.—

23 (A) IN GENERAL.—Subject to subpara-
24 graph (B), the threshold for reporting the
25 chemicals described in paragraph (1) under sec-

1 tion 313 of the Emergency Planning and Com-
2 munity Right-To-Know Act of 1986 (42 U.S.C.
3 11023) is 100 pounds.

4 (B) REVISIONS.—Not later than 5 years
5 after the date of enactment of this Act, the Ad-
6 ministrator shall—

7 (i) determine whether revision of the
8 threshold under subparagraph (A) is war-
9 ranted for any chemical described in para-
10 graph (1); and

11 (ii) if the Administrator determines a
12 revision to be warranted under clause (i),
13 initiate a revision under section 313(f)(2)
14 of the Emergency Planning and Commu-
15 nity Right-To-Know Act of 1986 (42
16 U.S.C. 11023(f)(2)).

17 (c) INCLUSION FOLLOWING ASSESSMENT.—

18 (1) IN GENERAL.—

19 (A) DATE OF INCLUSION.—Subject to sub-
20 section (e), notwithstanding section 313 of the
21 Emergency Planning and Community Right-To-
22 Know Act of 1986, a perfluoroalkyl or
23 polyfluoroalkyl substance or class of
24 perfluoroalkyl or polyfluoroalkyl substances not
25 described in subsection (b)(1) shall be deemed

1 to be included in the toxics release inventory be-
2 ginning January 1 of the calendar year after
3 any of the following dates:

4 (i) FINAL TOXICITY VALUE.—The
5 date on which the Administrator finalizes a
6 toxicity value for the perfluoroalkyl or
7 polyfluoroalkyl substance or class of
8 perfluoroalkyl or polyfluoroalkyl sub-
9 stances.

10 (ii) SIGNIFICANT NEW USE RULE.—
11 The date on which the Administrator
12 makes a covered determination for the
13 perfluoroalkyl or polyfluoroalkyl substance
14 or class of perfluoroalkyl or polyfluoroalkyl
15 substances.

16 (iii) ADDITION TO EXISTING SIGNIFI-
17 CANT NEW USE RULE.—The date on which
18 the perfluoroalkyl or polyfluoroalkyl sub-
19 stance or class of perfluoroalkyl or
20 polyfluoroalkyl substances is added to a
21 list of substances covered by a covered de-
22 termination.

23 (iv) ADDITION AS ACTIVE CHEMICAL
24 SUBSTANCE.—The date on which the
25 perfluoroalkyl or polyfluoroalkyl substance

1 or class of perfluoroalkyl or polyfluoroalkyl
2 substances to which a covered determina-
3 tion applies is—

4 (I) added to the list published
5 under paragraph (1) of section 8(b) of
6 the Toxic Substances Control Act and
7 designated as an active chemical sub-
8 stance under paragraph (5)(A) of
9 such section; or

10 (II) designated as an active
11 chemical substance on such list under
12 paragraph (5)(B) of such section.

13 (B) COVERED DETERMINATION.—For pur-
14 poses of this paragraph, a covered determina-
15 tion is a determination made, by rule, under
16 section 5(a)(2) of the Toxic Substances Control
17 Act that a use of a perfluoroalkyl or
18 polyfluoroalkyl substance or class of
19 perfluoroalkyl or polyfluoroalkyl substances is a
20 significant new use (except such a determina-
21 tion made in connection with a determination
22 described in section 5(a)(3)(B) or section
23 5(a)(3)(C) of such Act).

24 (2) THRESHOLD FOR REPORTING.—

1 (A) IN GENERAL.—Subject to subpara-
2 graph (B), notwithstanding subsection (f)(1) of
3 section 313 of the Emergency Planning and
4 Community Right-To-Know Act of 1986 (42
5 U.S.C. 11023), the threshold for reporting
6 under such section 313 the substances and
7 classes of substances included in the toxics re-
8 lease inventory under paragraph (1) is 100
9 pounds.

10 (B) REVISIONS.—Not later than 5 years
11 after the date on which a perfluoroalkyl or
12 polyfluoroalkyl substance or class of
13 perfluoroalkyl or polyfluoroalkyl substances is
14 included in the toxics release inventory under
15 paragraph (1), the Administrator shall—

16 (i) determine whether revision of the
17 threshold under subparagraph (A) is war-
18 ranted for the substance or class of sub-
19 stances; and

20 (ii) if the Administrator determines a
21 revision to be warranted under clause (i),
22 initiate a revision under section 313(f)(2)
23 of the Emergency Planning and Commu-
24 nity Right-To-Know Act of 1986 (42
25 U.S.C. 11023(f)(2)).

1 (d) INCLUSION FOLLOWING DETERMINATION.—

2 (1) IN GENERAL.—Not later than 2 years after
3 the date of enactment of this Act, the Administrator
4 shall determine whether the substances and classes
5 of substances described in paragraph (2) meet any
6 one of the criteria described in section 313(d)(2) of
7 the Emergency Planning and Community Right-To-
8 Know Act of 1986 (42 U.S.C. 11023(d)(2)) for in-
9 clusion in the toxics release inventory.

10 (2) SUBSTANCES DESCRIBED.—The substances
11 and classes of substances referred to in paragraph
12 (1) are perfluoroalkyl and polyfluoroalkyl substances
13 and classes of perfluoroalkyl and polyfluoroalkyl sub-
14 stances not described in subsection (b)(1), includ-
15 ing—

16 (A) perfluoro[(2-pentafluoroethoxy-
17 ethoxy)acetic acid] ammonium salt (Chemical
18 Abstracts Service No. 908020–52–0);

19 (B) 2,3,3,3-tetrafluoro 2–(1,1,2,3,3,3-
20 hexafluoro)–2–(trifluoromethoxy) propanoyl flu-
21 oride (Chemical Abstracts Service No. 2479–
22 75–6);

23 (C) 2,3,3,3-tetrafluoro 2–(1,1,2,3,3,3-
24 hexafluoro)–2–(trifluoromethoxy) propionic acid
25 (Chemical Abstracts Service No. 2479–73–4);

1 (D) 3H-perfluoro-3-[(3-methoxy-propoxy)
2 propanoic acid] (Chemical Abstracts Service
3 No. 919005-14-4);

4 (E) the salts associated with the chemical
5 described in subparagraph (D) (Chemical Ab-
6 stracts Service Nos. 958445-44-8, 1087271-
7 46-2, and NOCAS 892452);

8 (F) 1-octanesulfonic acid
9 3,3,4,4,5,5,6,6,7,7,8,8-tridecafluoro-potassium
10 salt (Chemical Abstracts Service No. 59587-
11 38-1);

12 (G) perfluorobutanesulfonic acid (Chemical
13 Abstracts Service No. 375-73-5);

14 (H) 1-Butanesulfonic acid,
15 1,1,2,2,3,3,4,4,4-nonafluoro-potassium salt
16 (Chemical Abstracts Service No. 29420-49-3);

17 (I) the component associated with the
18 chemical described in subparagraph (H) (Chem-
19 ical Abstracts Service No. 45187-15-3);

20 (J) heptafluorobutyric acid (Chemical Ab-
21 stracts Service No. 375-22-4);

22 (K) perfluorohexanoic acid (Chemical Ab-
23 stracts Service No. 307-24-4);

24 (L) the compound associated with the
25 chemical described in subsection (b)(1)(F) iden-

1 tified by Chemical Abstracts Service No. 2062–
2 98–8;

3 (M) perfluoroheptanoic acid (commonly re-
4 ferred to as “PFHpA”) (Chemical Abstracts
5 Service No. 375–85–9);

6 (N) each perfluoroalkyl or polyfluoroalkyl
7 substance or class of perfluoroalkyl or
8 polyfluoroalkyl substances for which a method
9 to measure levels in drinking water has been
10 validated by the Administrator; and

11 (O) a perfluoroalkyl and polyfluoroalkyl
12 substance or class of perfluoroalkyl or
13 polyfluoroalkyl substances other than the
14 chemicals described in subparagraphs (A)
15 through (N) that is used to manufacture
16 fluorinated polymers, as determined by the Ad-
17 ministrator.

18 (3) ADDITION TO TOXICS RELEASE INVEN-
19 TORY.—Subject to subsection (e), if the Adminis-
20 trator determines under paragraph (1) that a sub-
21 stance or a class of substances described in para-
22 graph (2) meets any one of the criteria described in
23 section 313(d)(2) of the Emergency Planning and
24 Community Right-To-Know Act of 1986 (42 U.S.C.
25 11023(d)(2)), the Administrator shall revise the

1 toxics release inventory in accordance with such sec-
2 tion 313(d) to include that substance or class of sub-
3 stances not later than 2 years after the date on
4 which the Administrator makes the determination.

5 (e) CONFIDENTIAL BUSINESS INFORMATION.—

6 (1) IN GENERAL.—Prior to including on the
7 toxics release inventory pursuant to subsection
8 (b)(1), (c)(1), or (d)(3) any perfluoroalkyl or
9 polyfluoroalkyl substance or class of perfluoroalkyl
10 or polyfluoroalkyl substances the chemical identity of
11 which is subject to a claim of a person of protection
12 from disclosure under subsection (a) of section 552
13 of title 5, United States Code, pursuant to sub-
14 section (b)(4) of that section, the Administrator
15 shall—

16 (A) review any such claim of protection
17 from disclosure; and

18 (B) require that person to reassert and
19 substantiate or resubstantiate that claim in ac-
20 cordance with section 14(f) of the Toxic Sub-
21 stances Control Act (15 U.S.C. 2613(f)).

22 (2) NONDISCLOSURE OF PROTECTION INFORMA-
23 TION.—If the Administrator determines that the
24 chemical identity of a perfluoroalkyl or
25 polyfluoroalkyl substance or class of perfluoroalkyl

1 or polyfluoroalkyl substances qualifies for protection
2 from disclosure pursuant to paragraph (1), the Ad-
3 ministrators shall include the substance or class of
4 substances, as applicable, on the toxics release inven-
5 tory in a manner that does not disclose the protected
6 information.

7 (f) EMERGENCY PLANNING AND COMMUNITY RIGHT-
8 TO-KNOW ACT OF 1986.—Section 313(c) of the Emer-
9 gency Planning and Community Right-To-Know Act of
10 1986 (42 U.S.C. 11023(c)) is amended—

11 (1) by striking the period at the end and insert-
12 ing “; and”;

13 (2) by striking “are those chemicals” and in-
14 serting the following: “are—

15 “(1) the chemicals”; and

16 (3) by adding at the end the following:

17 “(2) the chemicals included on such list under
18 subsections (b)(1), (c)(1), and (d)(3) of section 7321
19 of the PFAS Act of 2019.”.

20 **Subtitle C—USGS Performance** 21 **Standard**

22 **SEC. 7331. DEFINITIONS.**

23 In this subtitle:

24 (1) DIRECTOR.—The term “Director” means
25 the Director of the United States Geological Survey.

1 (2) HIGHLY FLUORINATED COMPOUND.—

2 (A) IN GENERAL.—The term “highly
3 fluorinated compound” means a perfluoroalkyl
4 substance or a polyfluoroalkyl substance with at
5 least one fully fluorinated carbon atom.

6 (B) DEFINITIONS.—In this paragraph:

7 (i) FULLY FLUORINATED CARBON
8 ATOM.—The term “fully fluorinated carbon
9 atom” means a carbon atom on which all
10 the hydrogen substituents have been re-
11 placed by fluorine.

12 (ii) PERFLUOROALKYL SUBSTANCE.—
13 The term “perfluoroalkyl substance”
14 means a chemical of which all of the car-
15 bon atoms are fully fluorinated carbon
16 atoms.

17 (iii) POLYFLUOROALKYL SUB-
18 STANCE.—The term “polyfluoroalkyl sub-
19 stance” means a chemical containing at
20 least one fully fluorinated carbon atom and
21 at least one carbon atom that is not a fully
22 fluorinated carbon atom.

1 **SEC. 7332. PERFORMANCE STANDARD FOR THE DETECTION**
2 **OF HIGHLY FLUORINATED COMPOUNDS.**

3 (a) IN GENERAL.—The Director, in consultation with
4 the Administrator, shall establish a performance standard
5 for the detection of highly fluorinated compounds.

6 (b) EMPHASIS.—

7 (1) IN GENERAL.—In developing the perform-
8 ance standard under subsection (a), the Director
9 shall emphasize the ability to detect as many highly
10 fluorinated compounds present in the environment
11 as possible using validated analytical methods that—

12 (A) achieve limits of quantitation (as de-
13 fined in the document of the United States Ge-
14 ological Survey entitled “Analytical Methods for
15 Chemical Analysis of Geologic and Other Mate-
16 rials, U.S. Geological Survey” and dated 2002);
17 and

18 (B) are as sensitive as is feasible and prac-
19 ticable.

20 (2) REQUIREMENT.—In developing the per-
21 formance standard under subsection (a), the Direc-
22 tor may—

23 (A) develop quality assurance and quality
24 control measures to ensure accurate sampling
25 and testing;

1 (B) develop a training program with re-
2 spect to the appropriate method of sample col-
3 lection and analysis of highly fluorinated com-
4 pounds; and

5 (C) coordinate as necessary with the Ad-
6 ministrator, including, if appropriate, to develop
7 methods to detect individual and different high-
8 ly fluorinated compounds simultaneously.

9 **SEC. 7333. NATIONWIDE SAMPLING.**

10 (a) IN GENERAL.—The Director shall carry out a na-
11 tionwide sampling to determine the concentration of highly
12 fluorinated compounds in estuaries, lakes, streams,
13 springs, wells, wetlands, rivers, aquifers, and soil using the
14 performance standard developed under section 7332(a).

15 (b) REQUIREMENTS.—In carrying out the sampling
16 under subsection (a), the Director shall—

17 (1) first carry out the sampling at sources of
18 drinking water near locations with known or sus-
19 pected releases of highly fluorinated compounds;

20 (2) when carrying out sampling of sources of
21 drinking water under paragraph (1), carry out the
22 sampling prior to and, at the request of the Admin-
23 istrator, after any treatment of the water;

24 (3) survey for ecological exposure to highly
25 fluorinated compounds, with a priority in deter-

1 mining direct human exposure through drinking
2 water; and

3 (4) consult with—

4 (A) States to determine areas that are a
5 priority for sampling; and

6 (B) the Administrator—

7 (i) to enhance coverage of the sam-
8 pling; and

9 (ii) to avoid unnecessary duplication.

10 (c) REPORT.—Not later than 120 days after the com-
11 pletion of the sampling under subsection (a), the Director
12 shall prepare a report describing the results of the sam-
13 pling and submit the report to—

14 (1) the Committee on Environment and Public
15 Works and the Committee on Energy and Natural
16 Resources of the Senate;

17 (2) the Committee on Energy and Commerce
18 and the Committee on Natural Resources of the
19 House of Representatives;

20 (3) the Senators of each State in which the Di-
21 rector carried out the sampling; and

22 (4) each Member of the House of Representa-
23 tives who represents a district in which the Director
24 carried out the sampling.

1 **SEC. 7334. DATA USAGE.**

2 (a) IN GENERAL.—The Director shall provide the
3 sampling data collected under section 7333 to—

4 (1) the Administrator; and

5 (2) other Federal and State regulatory agencies
6 on request.

7 (b) USAGE.—The sampling data provided under sub-
8 section (a) shall be used to inform and enhance assess-
9 ments of exposure, likely health and environmental im-
10 pacts, and remediation priorities.

11 **SEC. 7335. COLLABORATION.**

12 In carrying out this subtitle, the Director shall col-
13 laborate with—

14 (1) appropriate Federal and State regulators;

15 (2) institutions of higher education;

16 (3) research institutions; and

17 (4) other expert stakeholders.

18 **Subtitle D—Emerging**
19 **Contaminants**

20 **SEC. 7341. DEFINITIONS.**

21 In this subtitle:

22 (1) CONTAMINANT.—The term “contaminant”
23 means any physical, chemical, biological, or radio-
24 logical substance or matter in water.

25 (2) CONTAMINANT OF EMERGING CONCERN;
26 EMERGING CONTAMINANT.—The terms “contami-

1 nant of emerging concern” and “emerging contami-
2 nant” mean a contaminant—

3 (A) for which the Administrator has not
4 promulgated a national primary drinking water
5 regulation; and

6 (B) that may have an adverse effect on the
7 health of individuals.

8 (3) FEDERAL RESEARCH STRATEGY.—The term
9 “Federal research strategy” means the coordinated
10 cross-agency plan for addressing critical research
11 gaps related to detecting, assessing exposure to, and
12 identifying the adverse health effects of emerging
13 contaminants in drinking water developed by the Of-
14 fice of Science and Technology Policy in response to
15 the report of the Committee on Appropriations of
16 the Senate accompanying S. 1662 of the 115th Con-
17 gress (S. Rept. 115–139).

18 (4) TECHNICAL ASSISTANCE AND SUPPORT.—
19 The term “technical assistance and support” in-
20 cludes—

21 (A) assistance with—

22 (i) identifying appropriate analytical
23 methods for the detection of contaminants;

1 (ii) understanding the strengths and
2 limitations of the analytical methods de-
3 scribed in clause (i);

4 (iii) troubleshooting the analytical
5 methods described in clause (i);

6 (B) providing advice on laboratory certifi-
7 cation program elements;

8 (C) interpreting sample analysis results;

9 (D) providing training with respect to
10 proper analytical techniques;

11 (E) identifying appropriate technology for
12 the treatment of contaminants; and

13 (F) analyzing samples, if—

14 (i) the analysis cannot be otherwise
15 obtained in a practicable manner other-
16 wise; and

17 (ii) the capability and capacity to per-
18 form the analysis is available at a Federal
19 facility.

20 (5) WORKING GROUP.—The term “Working
21 Group” means the Working Group established under
22 section 7342(b)(1).

1 **SEC. 7342. RESEARCH AND COORDINATION PLAN FOR EN-**
2 **HANCED RESPONSE ON EMERGING CONTAMI-**
3 **NANTS.**

4 (a) IN GENERAL.—The Administrator shall—

5 (1) review Federal efforts—

6 (A) to identify, monitor, and assist in the
7 development of treatment methods for emerging
8 contaminants; and

9 (B) to assist States in responding to the
10 human health risks posed by contaminants of
11 emerging concern; and

12 (2) in collaboration with owners and operators
13 of public water systems, States, and other interested
14 stakeholders, establish a strategic plan for improving
15 the Federal efforts referred to in paragraph (1).

16 (b) INTERAGENCY WORKING GROUP ON EMERGING
17 CONTAMINANTS.—

18 (1) IN GENERAL.—Not later than 180 days
19 after the date of enactment of this Act, the Adminis-
20 trator and the Secretary of Health and Human
21 Services shall jointly establish a Working Group to
22 coordinate the activities of the Federal Government
23 to identify and analyze the public health effects of
24 drinking water contaminants of emerging concern.

25 (2) MEMBERSHIP.—The Working Group shall
26 include representatives of the following:

1 (A) The Environmental Protection Agency,
2 appointed by the Administrator.

3 (B) The following agencies, appointed by
4 the Secretary of Health and Human Services:

5 (i) The National Institutes of Health.

6 (ii) The Centers for Disease Control
7 and Prevention.

8 (iii) The Agency for Toxic Substances
9 and Disease Registry.

10 (C) The United States Geological Survey,
11 appointed by the Secretary of the Interior.

12 (D) Any other Federal agency the assist-
13 ance of which the Administrator determines to
14 be necessary to carry out this subsection, ap-
15 pointed by the head of the respective agency.

16 (3) EXISTING WORKING GROUP.—The Adminis-
17 trator may expand or modify the duties of an exist-
18 ing working group to perform the duties of the
19 Working Group under this subsection.

20 (c) NATIONAL EMERGING CONTAMINANT RESEARCH
21 INITIATIVE.—

22 (1) FEDERAL RESEARCH STRATEGY.—

23 (A) IN GENERAL.—Not later than 180
24 days after the date of enactment of this Act,
25 the Director of the Office of Science and Tech-

1 nology Policy (referred to in this subsection as
2 the “Director”) shall coordinate with the heads
3 of the agencies described in subparagraph (C)
4 to establish a research initiative, to be known as
5 the “National Emerging Contaminant Research
6 Initiative”, that shall—

7 (i) use the Federal research strategy
8 to improve the identification, analysis,
9 monitoring, and treatment methods of con-
10 taminants of emerging concern; and

11 (ii) develop any necessary program,
12 policy, or budget to support the implemen-
13 tation of the Federal research strategy, in-
14 cluding mechanisms for joint agency review
15 of research proposals, for interagency co-
16 funding of research activities, and for in-
17 formation sharing across agencies.

18 (B) RESEARCH ON EMERGING CONTAMI-
19 NANTS.—In carrying out subparagraph (A), the
20 Director shall—

21 (i) take into consideration consensus
22 conclusions from peer-reviewed, pertinent
23 research on emerging contaminants; and

1 (ii) in consultation with the Adminis-
2 trator, identify priority emerging contami-
3 nants for research emphasis.

4 (C) FEDERAL PARTICIPATION.—The agen-
5 cies referred to in subparagraph (A) include—

6 (i) the National Science Foundation;

7 (ii) the National Institutes of Health;

8 (iii) the Environmental Protection
9 Agency;

10 (iv) the National Institute of Stand-
11 ards and Technology;

12 (v) the United States Geological Sur-
13 vey; and

14 (vi) any other Federal agency that
15 contributes to research in water quality,
16 environmental exposures, and public
17 health, as determined by the Director.

18 (D) PARTICIPATION FROM ADDITIONAL
19 ENTITIES.—In carrying out subparagraph (A),
20 the Director shall consult with nongovernmental
21 organizations, State and local governments, and
22 science and research institutions determined by
23 the Director to have scientific or material inter-
24 est in the National Emerging Contaminant Re-
25 search Initiative.

1 (2) IMPLEMENTATION OF RESEARCH REC-
2 COMMENDATIONS.—

3 (A) IN GENERAL.—Not later than 1 year
4 after the date on which the Director and heads
5 of the agencies described in paragraph (1)(C)
6 establish the National Emerging Contaminant
7 Research Initiative under paragraph (1)(A), the
8 head of each agency described in paragraph
9 (1)(C) shall—

10 (i) issue a solicitation for research
11 proposals consistent with the Federal re-
12 search strategy and that agency's mission;
13 and

14 (ii) make grants to applicants that
15 submit research proposals consistent with
16 the Federal research strategy and in ac-
17 cordance with subparagraph (B).

18 (B) SELECTION OF RESEARCH PRO-
19 POSALS.—The head of each agency described in
20 paragraph (1)(C) shall select research proposals
21 to receive grants under this paragraph on the
22 basis of merit, using criteria identified by the
23 head of each such agency, including the likeli-
24 hood that the proposed research will result in

1 significant progress toward achieving the objec-
2 tives identified in the Federal research strategy.

3 (C) ELIGIBLE ENTITIES.—Any entity or
4 group of 2 or more entities may submit to the
5 head of each agency described in paragraph
6 (1)(C) a research proposal in response to the
7 solicitation for research proposals described in
8 subparagraph (A)(i), including, consistent with
9 that agency’s grant policies—

- 10 (i) State and local agencies;
11 (ii) public institutions, including pub-
12 lic institutions of higher education;
13 (iii) private corporations; and
14 (iv) nonprofit organizations.

15 (d) FEDERAL TECHNICAL ASSISTANCE AND SUP-
16 PORT FOR STATES.—

17 (1) STUDY.—

18 (A) IN GENERAL.—Not later than 1 year
19 after the date of enactment of this Act, the Ad-
20 ministrator shall conduct a study on actions the
21 Administrator can take to increase technical as-
22 sistance and support for States with respect to
23 emerging contaminants in drinking water sam-
24 ples.

1 (B) CONTENTS OF STUDY.—In carrying
2 out the study described in subparagraph (A),
3 the Administrator shall identify—

4 (i) methods and effective treatment
5 options to increase technical assistance and
6 support with respect to emerging contami-
7 nants to States, including identifying op-
8 portunities for States to improve commu-
9 nication with various audiences about the
10 risks associated with emerging contami-
11 nants;

12 (ii) means to facilitate access to quali-
13 fied contract testing laboratory facilities
14 that conduct analyses for emerging con-
15 taminants; and

16 (iii) actions to be carried out at exist-
17 ing Federal laboratory facilities, including
18 the research facilities of the Administrator,
19 to provide technical assistance and support
20 for States that require testing facilities for
21 emerging contaminants.

22 (C) AVAILABILITY OF ANALYTICAL RE-
23 SOURCES.—In carrying out the study described
24 in subparagraph (A), the Administrator shall
25 consider—

1 (i) the availability of—

2 (I) Federal and non-Federal lab-
3 oratory capacity; and

4 (II) validated methods to detect
5 and analyze contaminants; and

6 (ii) other factors determined to be ap-
7 propriate by the Administrator.

8 (2) REPORT.—Not later than 18 months after
9 the date of enactment of this Act, the Administrator
10 shall submit to Congress a report describing the re-
11 sults of the study described in paragraph (1).

12 (3) PROGRAM TO PROVIDE FEDERAL ASSIST-
13 ANCE TO STATES.—

14 (A) IN GENERAL.—Not later than 3 years
15 after the date of enactment of this Act, based
16 on the findings in the report described in para-
17 graph (2), the Administrator shall develop a
18 program to provide technical assistance and
19 support to eligible States for the testing and
20 analysis of emerging contaminants.

21 (B) APPLICATION.—

22 (i) IN GENERAL.—To be eligible for
23 technical assistance and support under this
24 paragraph, a State shall submit to the Ad-
25 ministrator an application at such time, in

1 such manner, and containing such infor-
2 mation as the Administrator may require.

3 (ii) CRITERIA.—The Administrator
4 shall evaluate an application for technical
5 assistance and support under this para-
6 graph on the basis of merit using criteria
7 identified by the Administrator, includ-
8 ing—

9 (I) the laboratory facilities avail-
10 able to the State;

11 (II) the availability and applica-
12 bility of existing analytical methodolo-
13 gies;

14 (III) the potency and severity of
15 the emerging contaminant, if known;
16 and

17 (IV) the prevalence and mag-
18 nitude of the emerging contaminant.

19 (iii) PRIORITIZATION.—In selecting
20 States to receive technical assistance and
21 support under this paragraph, the Admin-
22 istrator—

23 (I) shall give priority to States
24 with affected areas primarily in finan-
25 cially distressed communities;

2605

1 (II) may—

2 (aa) waive the application
3 process in an emergency situa-
4 tion; and

5 (bb) require an abbreviated
6 application process for the con-
7 tinuation of work specified in a
8 previously approved application
9 that continues to meet the cri-
10 teria described in clause (ii); and

11 (III) shall consider the relative
12 expertise and availability of—

13 (aa) Federal and non-Fed-
14 eral laboratory capacity available
15 to the State;

16 (bb) analytical resources
17 available to the State; and

18 (cc) other types of technical
19 assistance available to the State.

20 (C) DATABASE OF AVAILABLE RE-
21 SOURCES.—The Administrator shall establish
22 and maintain a database of resources available
23 through the program developed under subpara-
24 graph (A) to assist States with testing for
25 emerging contaminants that—

- 1 (i) is—
- 2 (I) available to States and stake-
- 3 holder groups determined by the Ad-
- 4 ministrator to have scientific or mate-
- 5 rial interest in emerging contami-
- 6 nants, including—
- 7 (aa) drinking water and
- 8 wastewater utilities;
- 9 (bb) laboratories;
- 10 (cc) Federal and State emer-
- 11 gency responders;
- 12 (dd) State primacy agencies;
- 13 (ee) public health agencies;
- 14 and
- 15 (ff) water associations;
- 16 (II) searchable; and
- 17 (III) accessible through the
- 18 website of the Administrator; and
- 19 (ii) includes a description of—
- 20 (I) qualified contract testing lab-
- 21 oratory facilities that conduct analyses
- 22 for emerging contaminants; and
- 23 (II) the resources available in
- 24 Federal laboratory facilities to test for
- 25 emerging contaminants.

1 (D) WATER CONTAMINANT INFORMATION
2 TOOL.—The Administrator shall integrate the
3 database established under subparagraph (C)
4 into the Water Contaminant Information Tool
5 of the Environmental Protection Agency.

6 (4) FUNDING.—Of the amounts available to the
7 Administrator, the Administrator may use not more
8 than \$15,000,000 in a fiscal year to carry out this
9 subsection.

10 (e) REPORT.—Not less frequently than once every 2
11 years until 2029, the Administrator shall submit to Con-
12 gress a report that describes the progress made in car-
13 rying out this subtitle.

14 (f) EFFECT.—Nothing in this section modifies any
15 obligation of a State, local government, or Indian Tribe
16 with respect to treatment methods for, or testing or moni-
17 toring of, drinking water.

18 **Subtitle E—Toxic Substances**
19 **Control Act**

20 **SEC. 7351. PFAS DATA CALL.**

21 Section 8(a) of the Toxic Substances Control Act (15
22 U.S.C. 2607(a)) is amended by adding at the end the fol-
23 lowing:

24 “(7) PFAS DATA.—Not later than January 1,
25 2023, the Administrator shall promulgate a rule in

1 accordance with this subsection requiring each per-
2 son who has manufactured a chemical substance
3 that is a perfluoroalkyl or polyfluoroalkyl substance
4 in any year since January 1, 2011, to submit to the
5 Administrator a report that includes, for each year
6 since January 1, 2011, the information described in
7 subparagraphs (A) through (G) of paragraph (2).”.

8 **SEC. 7352. SIGNIFICANT NEW USE RULE FOR LONG-CHAIN**
9 **PFAS.**

10 Not later than June 22, 2020, the Administrator
11 shall take final action on the proposed rule entitled “Long-
12 Chain Perfluoroalkyl Carboxylate and Perfluoroalkyl
13 Sulfonate Chemical Substances; Significant New Use
14 Rule” (80 Fed. Reg. 2885 (January 21, 2015)).

15 **Subtitle F—Other Matters**

16 **SEC. 7361. PFAS DESTRUCTION AND DISPOSAL GUIDANCE.**

17 (a) IN GENERAL.—Not later than 1 year after the
18 date of enactment of this Act, the Administrator shall
19 publish interim guidance on the destruction and disposal
20 of perfluoroalkyl and polyfluoroalkyl substances and mate-
21 rials containing perfluoroalkyl and polyfluoroalkyl sub-
22 stances, including—

- 23 (1) aqueous film-forming foam;
24 (2) soil and biosolids;

1 (3) textiles, other than consumer goods, treated
2 with perfluoroalkyl and polyfluoroalkyl substances;

3 (4) spent filters, membranes, resins, granular
4 carbon, and other waste from water treatment;

5 (5) landfill leachate containing perfluoroalkyl
6 and polyfluoroalkyl substances; and

7 (6) solid, liquid, or gas waste streams con-
8 taining perfluoroalkyl and polyfluoroalkyl substances
9 from facilities manufacturing or using perfluoroalkyl
10 and polyfluoroalkyl substances.

11 (b) CONSIDERATIONS; INCLUSIONS.—The interim
12 guidance under subsection (a) shall—

13 (1) take into consideration—

14 (A) the potential for releases of
15 perfluoroalkyl and polyfluoroalkyl substances
16 during destruction or disposal, including
17 through volatilization, air dispersion, or leach-
18 ate; and

19 (B) potentially vulnerable populations liv-
20 ing near likely destruction or disposal sites; and

21 (2) provide guidance on testing and monitoring
22 air, effluent, and soil near potential destruction or
23 disposal sites for releases described in paragraph
24 (1)(A).

1 (c) REVISIONS.—The Administrator shall publish re-
2 visions to the interim guidance under subsection (a) as
3 the Administrator determines to be appropriate, but not
4 less frequently than once every 3 years.

5 **SEC. 7362. PFAS RESEARCH AND DEVELOPMENT.**

6 (a) IN GENERAL.—The Administrator, acting
7 through the Assistant Administrator for the Office of Re-
8 search and Development, shall—

9 (1)(A) further examine the effects of
10 perfluoroalkyl and polyfluoroalkyl substances on
11 human health and the environment; and

12 (B) make publicly available information relating
13 to the findings under subparagraph (A);

14 (2) develop a process for prioritizing which
15 perfluoroalkyl and polyfluoroalkyl substances, or
16 classes of perfluoroalkyl and polyfluoroalkyl sub-
17 stances, should be subject to additional research ef-
18 forts that is based on—

19 (A) the potential for human exposure to
20 the substances or classes of substances;

21 (B) the potential toxicity of the substances
22 or classes of substances; and

23 (C) information available about the sub-
24 stances or classes of substances;

1 (3) develop new tools to characterize and iden-
2 tify perfluoroalkyl and polyfluoroalkyl substances in
3 the environment, including in drinking water, waste-
4 water, surface water, groundwater, solids, and the
5 air;

6 (4) evaluate approaches for the remediation of
7 contamination by perfluoroalkyl and polyfluoroalkyl
8 substances in the environment; and

9 (5) develop and implement new tools and mate-
10 rials to communicate with the public about
11 perfluoroalkyl and polyfluoroalkyl substances.

12 (b) FUNDING.—There is authorized to be appro-
13 priated to the Administrator to carry out this section
14 \$15,000,000 for each of fiscal years 2020 through 2024.

15 **TITLE LXXIV—CAESAR SYRIA CI-**
16 **VILIAN PROTECTION ACT OF**
17 **2019**

Sec. 7401. Short title.

Sec. 7402. Statement of policy.

Subtitle A—Additional Actions in Connection With the National Emergency
With Respect to Syria

Sec. 7411. Measures with respect to Central Bank of Syria.

Sec. 7412. Sanctions with respect to foreign persons that engage in certain
transactions.

Sec. 7413. Strategy relating to areas of Syria in which civilians are subject to
forced displacement.

Subtitle B—Assistance for the People of Syria

Sec. 7421. Sense of Congress.

Sec. 7422. Briefing on monitoring and evaluating of ongoing assistance pro-
grams in Syria and to the Syrian people.

Sec. 7423. Assessment of potential methods to enhance the protection of civil-
ians.

Sec. 7424. Assistance to support entities taking actions relating to gathering evidence for investigations into war crimes or crimes against humanity in Syria since March 2011.

Sec. 7425. Codification of certain services in support of nongovernmental organizations' activities authorized.

Sec. 7426. Briefing on strategy to facilitate humanitarian assistance.

Subtitle C—General Provisions

Sec. 7431. Suspension of sanctions.

Sec. 7432. Waivers and exemptions.

Sec. 7433. Implementation and regulatory authorities.

Sec. 7434. Exception relating to importation of goods.

Sec. 7435. Cost limitation.

Sec. 7436. Rule of construction.

Sec. 7437. Prohibition on construction of provisions of this title as an authorization for use of military force.

Sec. 7438. Sunset.

1 SEC. 7401. SHORT TITLE.

2 This title may be cited as the “Caesar Syria Civilian
3 Protection Act of 2019”.

4 SEC. 7402. STATEMENT OF POLICY.

5 It is the policy of the United States that diplomatic
6 and coercive economic means should be utilized to compel
7 the government of Bashar al-Assad to halt its murderous
8 attacks on the Syrian people and to support a transition
9 to a government in Syria that respects the rule of law,
10 human rights, and peaceful co-existence with its neigh-
11 bors.

1 **Subtitle A—Additional Actions in**
2 **Connection With the National**
3 **Emergency With Respect to**
4 **Syria**

5 **SEC. 7411. MEASURES WITH RESPECT TO CENTRAL BANK**
6 **OF SYRIA.**

7 (a) DETERMINATION REGARDING CENTRAL BANK OF
8 SYRIA.—Not later than 180 days after the date of the en-
9 actment of this Act, the Secretary of the Treasury shall
10 determine, under section 5318A of title 31, United States
11 Code, whether reasonable grounds exist for concluding
12 that the Central Bank of Syria is a financial institution
13 of primary money laundering concern.

14 (b) ENHANCED DUE DILIGENCE AND REPORTING
15 REQUIREMENTS.—If the Secretary of the Treasury deter-
16 mines under subsection (a) that reasonable grounds exist
17 for concluding that the Central Bank of Syria is a finan-
18 cial institution of primary money laundering concern, the
19 Secretary, in consultation with the Federal functional reg-
20 ulators (as defined in section 509 of the Gramm-Leach-
21 Bliley Act (15 U.S.C. 6809)), shall impose one or more
22 of the special measures described in section 5318A(b) of
23 title 31, United States Code, with respect to the Central
24 Bank of Syria.

25 (c) REPORT REQUIRED.—

1 (1) IN GENERAL.—Not later than 90 days after
2 making a determination under subsection (a) with
3 respect to whether the Central Bank of Syria is a
4 financial institution of primary money laundering
5 concern, the Secretary of the Treasury shall submit
6 to the appropriate congressional committees a report
7 that includes the reasons for the determination.

8 (2) FORM.—A report required by paragraph (1)
9 shall be submitted in unclassified form but may in-
10 clude a classified annex.

11 (3) APPROPRIATE CONGRESSIONAL COMMIT-
12 TEES DEFINED.—In this subsection, the term “ap-
13 propriate congressional committees” means—

14 (A) the Committee on Foreign Affairs and
15 the Committee on Financial Services of the
16 House of Representatives; and

17 (B) the Committee on Foreign Relations
18 and the Committee on Banking, Housing, and
19 Urban Affairs of the Senate.

20 **SEC. 7412. SANCTIONS WITH RESPECT TO FOREIGN PER-**
21 **SONS THAT ENGAGE IN CERTAIN TRANS-**
22 **ACTIONS.**

23 (a) IMPOSITION OF SANCTIONS.—

24 (1) IN GENERAL.—On and after the date that
25 is 180 days after the date of the enactment of this

1 Act, the President shall impose the sanctions de-
2 scribed in subsection (b) with respect to a foreign
3 person if the President determines that the foreign
4 person, on or after such date of enactment, know-
5 ingly engages in an activity described in paragraph
6 (2).

7 (2) ACTIVITIES DESCRIBED.—A foreign person
8 engages in an activity described in this paragraph if
9 the foreign person—

10 (A) knowingly provides significant finan-
11 cial, material, or technological support to, or
12 knowingly engages in a significant transaction
13 with—

14 (i) the Government of Syria (including
15 any entity owned or controlled by the Gov-
16 ernment of Syria) or a senior political fig-
17 ure of the Government of Syria;

18 (ii) a foreign person that is a military
19 contractor, mercenary, or a paramilitary
20 force knowingly operating in a military ca-
21 pacity inside Syria for or on behalf of the
22 Government of Syria, the Government of
23 the Russian Federation, or the Govern-
24 ment of Iran; or

1 (iii) a foreign person subject to sanc-
2 tions pursuant to the International Emer-
3 gency Economic Powers Act (50 U.S.C.
4 1701 et seq.) with respect to Syria or any
5 other provision of law that imposes sanc-
6 tions with respect to Syria;

7 (B) knowingly sells or provides significant
8 goods, services, technology, information, or
9 other support that significantly facilitates the
10 maintenance or expansion of the Government of
11 Syria's domestic production of natural gas, pe-
12 troleum, or petroleum products;

13 (C) knowingly sells or provides aircraft or
14 spare aircraft parts that are used for military
15 purposes in Syria for or on behalf of the Gov-
16 ernment of Syria to any foreign person oper-
17 ating in an area directly or indirectly controlled
18 by the Government of Syria or foreign forces
19 associated with the Government of Syria;

20 (D) knowingly provides significant goods
21 or services associated with the operation of air-
22 craft that are used for military purposes in
23 Syria for or on behalf of the Government of
24 Syria to any foreign person operating in an
25 area described in subparagraph (C); or

1 (E) knowingly, directly or indirectly, pro-
2 vides significant construction or engineering
3 services to the Government of Syria.

4 (3) SENSE OF CONGRESS.—It is the sense of
5 Congress that, in implementing this section, the
6 President should consider financial support under
7 paragraph (2)(A) to include the provision of loans,
8 credits, or export credits.

9 (b) SANCTIONS DESCRIBED.—

10 (1) IN GENERAL.—The sanctions to be imposed
11 with respect to a foreign person described in sub-
12 section (a) are the following:

13 (A) BLOCKING OF PROPERTY.—The Presi-
14 dent shall exercise all of the powers granted to
15 the President under the International Emer-
16 gency Economic Powers Act (50 U.S.C. 1701 et
17 seq.) to the extent necessary to block and pro-
18 hibit all transactions in property and interests
19 in property of the foreign person if such prop-
20 erty and interests in property are in the United
21 States, come within the United States, or are or
22 come within the possession or control of a
23 United States person.

24 (B) INELIGIBILITY FOR VISAS, ADMISSION,
25 OR PAROLE.—

1 (i) VISAS, ADMISSION, OR PAROLE.—

2 An alien described in subsection (a) is—

3 (I) inadmissible to the United
4 States;

5 (II) ineligible to receive a visa or
6 other documentation to enter the
7 United States; and

8 (III) otherwise ineligible to be
9 admitted or paroled into the United
10 States or to receive any other benefit
11 under the Immigration and Nation-
12 ality Act (8 U.S.C. 1101 et seq.).

13 (ii) CURRENT VISAS REVOKED.—

14 (I) IN GENERAL.—An alien de-
15 scribed in subsection (a) is subject to
16 revocation of any visa or other entry
17 documentation regardless of when the
18 visa or other entry documentation is
19 or was issued.

20 (II) IMMEDIATE EFFECT.—A rev-
21 ocation under subclause (I) shall—

22 (aa) take effect immediately;

23 and

24 (bb) automatically cancel
25 any other valid visa or entry doc-

1 umentation that is in the alien's
2 possession.

3 (2) PENALTIES.—The penalties provided for in
4 subsections (b) and (c) of section 206 of the Inter-
5 national Emergency Economic Powers Act (50
6 U.S.C. 1705) shall apply to a person that violates,
7 attempts to violate, conspires to violate, or causes a
8 violation of regulations promulgated under section
9 7433(b) to carry out paragraph (1)(A) to the same
10 extent that such penalties apply to a person that
11 commits an unlawful act described in section 206(a)
12 of that Act.

13 (3) EXCEPTIONS.—Sanctions under paragraph
14 (1)(B) shall not apply with respect to an alien if ad-
15 mitting or paroling the alien into the United States
16 is necessary—

17 (A) to permit the United States to comply
18 with the Agreement regarding the Head-
19 quarters of the United Nations, signed at Lake
20 Success June 26, 1947, and entered into force
21 November 21, 1947, between the United Na-
22 tions and the United States, or other applicable
23 international obligations; or

24 (B) to carry out or assist law enforcement
25 activity in the United States.

1 **SEC. 7413. STRATEGY RELATING TO AREAS OF SYRIA IN**
2 **WHICH CIVILIANS ARE SUBJECT TO FORCED**
3 **DISPLACEMENT.**

4 (a) IN GENERAL.—Not later than 180 days after the
5 date of the enactment of this Act, the President shall—

6 (1) identify the areas described in subsection

7 (b); and

8 (2) submit to the appropriate congressional
9 committees the strategy described in subsection (c).

10 (b) AREAS DESCRIBED.—The areas described in this
11 subsection are areas in Syria that the President deter-
12 mines—

13 (1) are under the control of—

14 (A) the Government of Syria;

15 (B) the Government of the Russian Fed-
16 eration;

17 (C) the Government of Iran; or

18 (D) a foreign person described in section
19 7412(a)(2)(A)(ii); and

20 (2) are areas in which civilians have been sub-
21 ject to forced displacement by—

22 (A) a government specified in subpara-
23 graph (A), (B), or (C) of paragraph (1); or

24 (B) a foreign person described in section
25 7412(a)(2)(A)(ii).

1 (c) STRATEGY DESCRIBED.—The strategy described
2 in this subsection is a strategy to deter foreign persons
3 from entering into contracts related to reconstruction in
4 the areas described in subsection (b) for or on behalf of—

5 (1) a government specified in subparagraph
6 (A), (B), or (C) of subsection (b)(1); or

7 (2) a foreign person described in section
8 7412(a)(2)(A)(ii).

9 (d) FORM.—The strategy required by subsection
10 (a)(2) shall be submitted in unclassified form but may in-
11 clude a classified annex.

12 (e) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
13 FINED.—In this section, the term “appropriate congres-
14 sional committees” means—

15 (1) the Committee on Foreign Affairs of the
16 House of Representatives; and

17 (2) the Committee on Foreign Relations of the
18 Senate.

19 **Subtitle B—Assistance for the** 20 **People of Syria**

21 **SEC. 7421. SENSE OF CONGRESS.**

22 It is the sense of Congress that it is in the interests
23 of the United States to continue to provide assistance to
24 the people of Syria in order to promote peace, stability,

1 and development, including through multilateral organiza-
2 tions.

3 **SEC. 7422. BRIEFING ON MONITORING AND EVALUATING**
4 **OF ONGOING ASSISTANCE PROGRAMS IN**
5 **SYRIA AND TO THE SYRIAN PEOPLE.**

6 (a) IN GENERAL.—Not later than 180 days after the
7 date of the enactment of this Act, the Secretary of State
8 and the Administrator of the United States Agency for
9 International Development shall brief the Committee on
10 Foreign Affairs of the House of Representatives and the
11 Committee on Foreign Relations of the Senate on the
12 monitoring and evaluation of ongoing assistance programs
13 in Syria and for the Syrian people, including assistance
14 provided through multilateral organizations.

15 (b) MATTERS TO BE INCLUDED.—The briefing re-
16 quired by subsection (a) shall include a description of—

17 (1) the specific project monitoring and evalua-
18 tion efforts, including measurable goals and per-
19 formance metrics for assistance in Syria;

20 (2) the memoranda of understanding entered
21 into by the Department of State, the United States
22 Agency for International Development, and their re-
23 spective Inspectors General, and the multilateral or-
24 ganizations through which United States assistance
25 will be delivered that formalize requirements for the

1 sharing of information between such entities for the
2 conduct of audits, investigations, and evaluations;
3 and

4 (3) the major challenges to monitoring and
5 evaluating programs described in subsection (a).

6 **SEC. 7423. ASSESSMENT OF POTENTIAL METHODS TO EN-**
7 **HANCE THE PROTECTION OF CIVILIANS.**

8 (a) IN GENERAL.—Not later than 90 days after the
9 date of the enactment of this Act, the President shall brief
10 the appropriate congressional committees on the potential
11 effectiveness, risks, and operational requirements of mili-
12 tary and non-military means to enhance the protection of
13 civilians inside Syria, especially civilians who are in be-
14 sieged areas, trapped at borders, or internally displaced.

15 (b) CONSULTATION.—The briefing required by sub-
16 section (a) shall be informed by consultations with the De-
17 partment of State, the United States Agency for Inter-
18 national Development, the Department of Defense, and
19 international and local humanitarian aid organizations op-
20 erating in Syria.

21 (c) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
22 FINED.—In this section, the term “appropriate congres-
23 sional committees” means—

1 (1) the Committee on Foreign Affairs and the
2 Committee on Armed Services of the House of Rep-
3 resentatives; and

4 (2) the Committee on Foreign Relations and
5 the Committee on Armed Services of the Senate.

6 **SEC. 7424. ASSISTANCE TO SUPPORT ENTITIES TAKING AC-**
7 **TIONS RELATING TO GATHERING EVIDENCE**
8 **FOR INVESTIGATIONS INTO WAR CRIMES OR**
9 **CRIMES AGAINST HUMANITY IN SYRIA SINCE**
10 **MARCH 2011.**

11 (a) IN GENERAL.—Except as provided in subsection
12 (b), the Secretary of State, after consultation with the At-
13 torney General and the heads of other appropriate Federal
14 agencies, is authorized, consistent with the national inter-
15 est, to provide assistance to support entities that are con-
16 ducting criminal investigations, supporting prosecutions,
17 or collecting evidence and preserving the chain of custody
18 for such evidence for eventual prosecution, against those
19 who have committed war crimes or crimes against human-
20 ity in Syria, including the aiding and abetting of such
21 crimes by foreign governments and organizations sup-
22 porting the Government of Syria, since March 2011.

23 (b) LIMITATION.—No assistance may be provided
24 under subsection (a) while President Bashar al-Assad re-
25 mains in power—

1 (1) to build the investigative or judicial capac-
2 ities of the Government of Syria; or

3 (2) to support prosecutions in the domestic
4 courts in Syria.

5 (c) BRIEFING.—Not later than one year after the
6 date of the enactment of this Act, the Secretary of State
7 shall brief the Committee on Foreign Affairs of the House
8 of Representatives and the Committee on Foreign Rela-
9 tions of the Senate on assistance provided under sub-
10 section (a).

11 **SEC. 7425. CODIFICATION OF CERTAIN SERVICES IN SUP-**
12 **PORT OF NONGOVERNMENTAL ORGANIZA-**
13 **TIONS' ACTIVITIES AUTHORIZED.**

14 (a) IN GENERAL.—Except as provided in subsection
15 (b), section 542.516 of title 31, Code of Federal Regula-
16 tions (relating to certain services in support of nongovern-
17 mental organizations' activities authorized), as in effect on
18 the day before the date of the enactment of this Act,
19 shall—

20 (1) remain in effect on and after such date of
21 enactment; and

22 (2) in the case of a nongovernmental organiza-
23 tion that is authorized to export or reexport services
24 to Syria under such section on the day before such
25 date of enactment, apply to such organization on

1 and after such date of enactment to the same extent
2 and in the same manner as such section applied to
3 such organization on the day before such date of en-
4 actment.

5 (b) EXCEPTION.—

6 (1) IN GENERAL.—Section 542.516 of title 31,
7 Code of Federal Regulations, as codified under sub-
8 section (a), shall not apply with respect to a foreign
9 person that has been designated as a foreign ter-
10 rorist organization under section 219 of the Immi-
11 gration and Nationality Act (8 U.S.C. 1189), or oth-
12 erwise designated as a terrorist organization, by the
13 Secretary of State, in consultation with or upon the
14 request of the Attorney General or the Secretary of
15 Homeland Security.

16 (2) EFFECTIVE DATE.—Paragraph (1) shall
17 apply with respect to a foreign person on and after
18 the date on which the designation of that person as
19 a terrorist organization is published in the Federal
20 Register.

21 **SEC. 7426. BRIEFING ON STRATEGY TO FACILITATE HU-**
22 **MANITARIAN ASSISTANCE.**

23 (a) IN GENERAL.—Not later than 180 days after the
24 date of the enactment of this Act, the President shall brief
25 the appropriate congressional committees on the strategy

1 of the President to help facilitate the ability of humani-
2 tarian organizations to access financial services to help fa-
3 cilitate the safe and timely delivery of assistance to com-
4 munities in need in Syria.

5 (b) CONSIDERATION OF DATA FROM OTHER COUN-
6 TRIES AND NONGOVERNMENTAL ORGANIZATIONS.—In
7 preparing the strategy required by subsection (a), the
8 President shall consider credible data already obtained by
9 other countries and nongovernmental organizations, in-
10 cluding organizations operating in Syria.

11 (c) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
12 FINED.—In this section, the term “appropriate congres-
13 sional committees” means—

14 (1) the Committee on Foreign Affairs and the
15 Committee on Financial Services of the House of
16 Representatives; and

17 (2) the Committee on Foreign Relations and
18 the Committee on Banking, Housing, and Urban Af-
19 fairs of the Senate.

20 **Subtitle C—General Provisions**

21 **SEC. 7431. SUSPENSION OF SANCTIONS.**

22 (a) IN GENERAL.—The President may suspend in
23 whole or in part the imposition of sanctions otherwise re-
24 quired under this Act or the imposition of sanctions re-
25 quired by any amendment made by this title for renewable

1 periods not to exceed 180 days if the President determines
2 that the following criteria have been met in Syria:

3 (1) The air space over Syria is no longer being
4 utilized by the Government of Syria or the Govern-
5 ment of the Russian Federation to target civilian
6 populations through the use of incendiary devices,
7 including barrel bombs, chemical weapons, and con-
8 ventional arms (including air-delivered missiles and
9 explosives).

10 (2) Areas besieged by the Government of Syria,
11 the Government of the Russian Federation, the Gov-
12 ernment of Iran, or a foreign person described in
13 section 7412(a)(2)(A)(ii) are no longer cut off from
14 international aid and have regular access to humani-
15 tarian assistance, freedom of travel, and medical
16 care.

17 (3) The Government of Syria is releasing all po-
18 litical prisoners forcibly held within the prison sys-
19 tem of the regime of Bashar al-Assad and the Gov-
20 ernment of Syria is allowing full access to prison
21 system facilities for investigations by appropriate
22 international human rights organizations.

23 (4) The forces of the Government of Syria, the
24 Government of the Russian Federation, the Govern-
25 ment of Iran, and any foreign person described in

1 section 7412(a)(2)(A)(ii) are no longer engaged in
2 deliberate targeting of medical facilities, schools, res-
3 idential areas, and community gathering places, in-
4 cluding markets, in violation of international norms.

5 (5) The Government of Syria is—

6 (A) taking steps to verifiably fulfill its
7 commitments under the Convention on the Pro-
8 hibition of the Development, Production, Stock-
9 piling and Use of Chemical Weapons and on
10 their Destruction, done at Geneva September 3,
11 1992, and entered into force April 29, 1997
12 (commonly known as the “Chemical Weapons
13 Convention”), and the Treaty on the Non-Pro-
14 liferation of Nuclear Weapons, done at Wash-
15 ington, London, and Moscow July 1, 1968, and
16 entered into force March 5, 1970 (21 UST
17 483); and

18 (B) making tangible progress toward be-
19 coming a signatory to the Convention on the
20 Prohibition of the Development, Production and
21 Stockpiling of Bacteriological (Biological) and
22 Toxin Weapons and on their Destruction, done
23 at Washington, London, and Moscow April 10,
24 1972, and entered into force March 26, 1975
25 (26 UST 583).

1 (6) The Government of Syria is permitting the
2 safe, voluntary, and dignified return of Syrians dis-
3 placed by the conflict.

4 (7) The Government of Syria is taking
5 verifiable steps to establish meaningful account-
6 ability for perpetrators of war crimes in Syria and
7 justice for victims of war crimes committed by the
8 Assad regime, including through participation in a
9 credible and independent truth and reconciliation
10 process.

11 (b) BRIEFING REQUIRED.—Not later than 30 days
12 after the President makes a determination described in
13 subsection (a), the President shall provide a briefing to
14 the appropriate congressional committees on the deter-
15 mination and the suspension of sanctions pursuant to the
16 determination.

17 (c) REIMPOSITION OF SANCTIONS.—Any sanctions
18 suspended under subsection (a) shall be reimposed if the
19 President determines that the criteria described in that
20 subsection are no longer being met.

21 (d) RULE OF CONSTRUCTION.—Nothing in this sec-
22 tion shall be construed to limit the authority of the Presi-
23 dent to terminate the application of sanctions under sec-
24 tion 7412 with respect to a person that no longer engages
25 in activities described in subsection (a)(2) of that section.

1 (e) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
2 FINED.—In this section, the term “appropriate congres-
3 sional committees” means—

4 (1) the Committee on Foreign Affairs, the
5 Committee on Financial Services, the Committee on
6 Ways and Means, and the Committee on the Judici-
7 ary of the House of Representatives; and

8 (2) the Committee on Foreign Relations, the
9 Committee on Banking, Housing, and Urban Af-
10 fairs, and the Committee on the Judiciary of the
11 Senate.

12 **SEC. 7432. WAIVERS AND EXEMPTIONS.**

13 (a) EXEMPTIONS.—The following activities and
14 transactions shall be exempt from sanctions authorized
15 under this title or any amendment made by this title:

16 (1) Any activity subject to the reporting re-
17 quirements under title V of the National Security
18 Act of 1947 (50 U.S.C. 3091 et seq.), or to any au-
19 thorized intelligence activities of the United States.

20 (2) Any transaction necessary to comply with
21 United States obligations under—

22 (A) the Agreement regarding the Head-
23 quarters of the United Nations, signed at Lake
24 Success June 26, 1947, and entered into force

1 November 21, 1947, between the United Na-
2 tions and the United States;

3 (B) the Convention on Consular Relations,
4 done at Vienna April 24, 1963, and entered
5 into force March 19, 1967; or

6 (C) any other international agreement to
7 which the United States is a party.

8 (b) WAIVER.—

9 (1) IN GENERAL.—The President may, for re-
10 newable periods not to exceed 180 days, waive the
11 application of any provision of this title (other than
12 section 7434) with respect to a foreign person if the
13 President certifies to the appropriate congressional
14 committees that such a waiver is in the national se-
15 curity interests of the United States.

16 (2) BRIEFING.—Not later than 90 days after
17 the issuance of a waiver under paragraph (1), and
18 every 180 days thereafter while the waiver remains
19 in effect, the President shall brief the appropriate
20 congressional committees on the reasons for the
21 waiver.

22 (c) HUMANITARIAN WAIVER.—

23 (1) IN GENERAL.—The President may waive,
24 for renewable periods not to exceed 2 years, the ap-
25 plication of any provision of this title (other than

1 section 7434) with respect to a nongovernmental or-
2 ganization providing humanitarian assistance not
3 covered by the authorization described in section
4 7425 if the President certifies to the appropriate
5 congressional committees that such a waiver is im-
6 portant to address a humanitarian need and is con-
7 sistent with the national security interests of the
8 United States.

9 (2) BRIEFING.—Not later than 90 days after
10 the issuance of a waiver under paragraph (1), and
11 every 180 days thereafter while the waiver remains
12 in effect, the President shall brief the appropriate
13 congressional committees on the reasons for the
14 waiver.

15 (d) APPROPRIATE CONGRESSIONAL COMMITTEES
16 DEFINED.—In this section, the term “appropriate con-
17 gressional committees” means—

18 (1) the Committee on Foreign Affairs, the
19 Committee on Financial Services, the Committee on
20 Ways and Means, and the Committee on the Judici-
21 ary of the House of Representatives; and

22 (2) the Committee on Foreign Relations, the
23 Committee on Banking, Housing, and Urban Af-
24 fairs, and the Committee on the Judiciary of the
25 Senate.

1 **SEC. 7433. IMPLEMENTATION AND REGULATORY AUTHORI-**
2 **TIES.**

3 (a) IMPLEMENTATION AUTHORITY.—The President
4 may exercise all authorities provided to the President
5 under sections 203 and 205 of the International Emer-
6 gency Economic Powers Act (50 U.S.C. 1702 and 1704)
7 for purposes of carrying out this title and the amendments
8 made by this title.

9 (b) REGULATORY AUTHORITY.—The President shall,
10 not later than 180 days after the date of the enactment
11 of this Act, promulgate regulations as necessary for the
12 implementation of this title and the amendments made by
13 this title.

14 **SEC. 7434. EXCEPTION RELATING TO IMPORTATION OF**
15 **GOODS.**

16 (a) IN GENERAL.—The authorities and requirements
17 to impose sanctions authorized under this title or the
18 amendments made by this title shall not include the au-
19 thority or a requirement to impose sanctions on the impor-
20 tation of goods.

21 (b) GOOD DEFINED.—In this section, the term
22 “good” means any article, natural or manmade substance,
23 material, supply or manufactured product, including in-
24 spection and test equipment, and excluding technical data.

1 **SEC. 7435. COST LIMITATION.**

2 No additional funds are authorized to be appro-
3 priated to carry out the requirements of this title and the
4 amendments made by this title. Such requirements shall
5 be carried out using amounts otherwise authorized to be
6 appropriated.

7 **SEC. 7436. RULE OF CONSTRUCTION.**

8 Except for section 7434 with respect to the importa-
9 tion of goods, nothing in this title shall be construed to
10 limit the authority of the President pursuant to the Inter-
11 national Emergency Economic Powers Act (50 U.S.C.
12 1701 et seq.) or any other provision of law.

13 **SEC. 7437. PROHIBITION ON CONSTRUCTION OF PROVI-**
14 **SIONS OF THIS TITLE AS AN AUTHORIZATION**
15 **FOR USE OF MILITARY FORCE.**

16 Nothing in this title may be construed as an author-
17 ization for use of military force.

18 **SEC. 7438. SUNSET.**

19 This title shall cease to be effective on the date that
20 is 5 years after the date of the enactment of this Act.

21 **TITLE LXXV—PROTECTING**
22 **EUROPE’S ENERGY SECURITY**

Sec. 7501. Short title.

Sec. 7502. Sense of Congress.

Sec. 7503. Imposition of sanctions with respect to provision of certain vessels
for the construction of certain Russian energy export pipelines.

1 **SEC. 7501. SHORT TITLE.**

2 This title may be cited as the “Protecting Europe’s
3 Energy Security Act of 2019”.

4 **SEC. 7502. SENSE OF CONGRESS.**

5 It is the sense of Congress that—

6 (1) the United States and Europe share a com-
7 mon history, a common identity, and common values
8 built upon the principles of democracy, rule of law,
9 and individual freedoms;

10 (2) the United States has encouraged and ad-
11 mired the European project, which has resulted in a
12 common market and common policies, has achieved
13 unprecedented prosperity and stability on the con-
14 tinent, and serves as a model for other countries to
15 reform their institutions and prioritize
16 anticorruption measures;

17 (3) the relationships between the United States
18 and Europe and the United States and Germany are
19 critical to the national security interests of the
20 United States as well as to global prosperity and
21 peace, and Germany in particular is a crucial part-
22 ner for the United States in multilateral efforts
23 aimed at promoting global prosperity and peace;

24 (4) the United States should stand against any
25 effort designed to weaken those relationships; and

1 (5) Germany has demonstrated leadership with-
2 in the European Union and in international fora to
3 ensure that sanctions imposed with respect to the
4 Russian Federation for its malign activities are
5 maintained.

6 **SEC. 7503. IMPOSITION OF SANCTIONS WITH RESPECT TO**
7 **PROVISION OF CERTAIN VESSELS FOR THE**
8 **CONSTRUCTION OF CERTAIN RUSSIAN EN-**
9 **ERGY EXPORT PIPELINES.**

10 (a) REPORT REQUIRED.—

11 (1) IN GENERAL.—Not later than 60 days after
12 the date of the enactment of this Act, and every 90
13 days thereafter, the Secretary of State, in consulta-
14 tion with the Secretary of the Treasury, shall submit
15 to the appropriate congressional committees a report
16 that identifies, for the period specified in paragraph

17 (2)—

18 (A) vessels that engaged in pipe-laying at
19 depths of 100 feet or more below sea level for
20 the construction of the Nord Stream 2 pipeline
21 project, the TurkStream pipeline project, or any
22 project that is a successor to either such
23 project; and

1 (B) foreign persons that the Secretary of
2 State, in consultation with the Secretary of the
3 Treasury, determines have knowingly—

4 (i) sold, leased, or provided those ves-
5 sels for the construction of such a project;

6 or

7 (ii) facilitated deceptive or structured
8 transactions to provide those vessels for
9 the construction of such a project.

10 (2) PERIOD SPECIFIED.—The period specified
11 in this paragraph is—

12 (A) in the case of the first report required
13 to be submitted by paragraph (1), the period
14 beginning on the date of the enactment of this
15 Act and ending on the date on which the report
16 is submitted; and

17 (B) in the case of any subsequent such re-
18 port, the 90-day period preceding submission of
19 the report.

20 (b) INELIGIBILITY FOR VISAS, ADMISSION, OR PA-
21 ROLE OF IDENTIFIED PERSONS AND CORPORATE OFFI-
22 CERS.—

23 (1) IN GENERAL.—

24 (A) VISAS, ADMISSION, OR PAROLE.—An
25 alien described in paragraph (2) is—

1 (i) inadmissible to the United States;

2 (ii) ineligible to receive a visa or other

3 documentation to enter the United States;

4 and

5 (iii) otherwise ineligible to be admitted

6 or paroled into the United States or to re-

7 ceive any other benefit under the Immigra-

8 tion and Nationality Act (8 U.S.C. 1101 et

9 seq.).

10 (B) CURRENT VISAS REVOKED.—

11 (i) IN GENERAL.—The visa or other

12 entry documentation of an alien described

13 in paragraph (2) shall be revoked, regard-

14 less of when such visa or other entry docu-

15 mentation is or was issued.

16 (ii) IMMEDIATE EFFECT.—A revoca-

17 tion under clause (i) shall—

18 (I) take effect immediately; and

19 (II) automatically cancel any

20 other valid visa or entry documenta-

21 tion that is in the alien's possession.

22 (2) ALIENS DESCRIBED.—An alien is described

23 in this paragraph if the alien is—

24 (A) a foreign person identified under sub-

25 section (a)(1)(B);

1 (B) a corporate officer of a person de-
2 scribed in subparagraph (A); or

3 (C) a principal shareholder with a control-
4 ling interest in a person described in subpara-
5 graph (A).

6 (c) BLOCKING OF PROPERTY OF IDENTIFIED PER-
7 SONS.—The President shall exercise all powers granted to
8 the President by the International Emergency Economic
9 Powers Act (50 U.S.C. 1701 et seq.) to the extent nec-
10 essary to block and prohibit all transactions in all property
11 and interests in property of any person identified under
12 subsection (a)(1)(B) if such property and interests in
13 property are in the United States, come within the United
14 States, or are or come within the possession or control
15 of a United States person.

16 (d) WIND-DOWN PERIOD.—The President may not
17 impose sanctions under this section with respect to a per-
18 son identified in the first report submitted under sub-
19 section (a) if the President certifies in that report that
20 the person has, not later than 30 days after the date of
21 the enactment of this Act, engaged in good faith efforts
22 to wind down operations that would otherwise subject the
23 person to the imposition of sanctions under this section.

24 (e) EXCEPTIONS.—

1 (1) EXCEPTION FOR INTELLIGENCE, LAW EN-
2 FORCEMENT, AND NATIONAL SECURITY ACTIVI-
3 TIES.—Sanctions under this section shall not apply
4 to any authorized intelligence, law enforcement, or
5 national security activities of the United States.

6 (2) EXCEPTION TO COMPLY WITH UNITED NA-
7 TIONS HEADQUARTERS AGREEMENT.—Sanctions
8 under this section shall not apply with respect to the
9 admission of an alien to the United States if the ad-
10 mission of the alien is necessary to permit the
11 United States to comply with the Agreement regard-
12 ing the Headquarters of the United Nations, signed
13 at Lake Success June 26, 1947, and entered into
14 force November 21, 1947, between the United Na-
15 tions and the United States, the Convention on Con-
16 sular Relations, done at Vienna April 24, 1963, and
17 entered into force March 19, 1967, or other applica-
18 ble international obligations.

19 (3) EXCEPTION FOR SAFETY OF VESSELS AND
20 CREW.—Sanctions under this section shall not apply
21 with respect to a person providing provisions to a
22 vessel identified under subsection (a)(1)(A) if such
23 provisions are intended for the safety and care of
24 the crew aboard the vessel, the protection of human
25 life aboard the vessel, or the maintenance of the ves-

1 sel to avoid any environmental or other significant
2 damage.

3 (4) EXCEPTION FOR REPAIR OR MAINTENANCE
4 OF PIPELINES.—Sanctions under this section shall
5 not apply with respect to a person for engaging in
6 activities necessary for or related to the repair or
7 maintenance of, or environmental remediation with
8 respect to, a pipeline project described in subsection
9 (a)(1)(A).

10 (5) EXCEPTION RELATING TO IMPORTATION OF
11 GOODS.—

12 (A) IN GENERAL.—Notwithstanding any
13 other provision of this section, the authorities
14 and requirements to impose sanctions author-
15 ized under this section shall not include the au-
16 thority or a requirement to impose sanctions on
17 the importation of goods.

18 (B) GOOD DEFINED.—In this paragraph,
19 the term “good” means any article, natural or
20 man-made substance, material, supply or manu-
21 factured product, including inspection and test
22 equipment, and excluding technical data.

23 (f) WAIVERS.—

24 (1) NATIONAL INTEREST WAIVER FOR VISA
25 BAN.—The President may waive the application of

1 sanctions under subsection (b) with respect to an
2 alien if the President—

3 (A) determines that the waiver is in the
4 national interests of the United States; and

5 (B) submits to the appropriate congress-
6 sional committees a report on the waiver and
7 the reasons for the waiver.

8 (2) NATIONAL SECURITY WAIVER FOR ECO-
9 NOMIC AND OTHER SANCTIONS.—The President may
10 waive the application of sanctions under subsection
11 (c) with respect to a person if the President—

12 (A) determines that the waiver is in the
13 national security interests of the United States;
14 and

15 (B) submits to the appropriate congress-
16 sional committees a report on the waiver and
17 the reasons for the waiver.

18 (g) IMPLEMENTATION; PENALTIES.—

19 (1) IMPLEMENTATION.—The President may ex-
20 ercise all authorities provided to the President under
21 sections 203 and 205 of the International Emer-
22 gency Economic Powers Act (50 U.S.C. 1702 and
23 1704) to carry out this section.

24 (2) PENALTIES.—A person that violates, at-
25 tempts to violate, conspires to violate, or causes a

1 violation of this section or any regulation, license, or
2 order issued to carry out this section shall be subject
3 to the penalties set forth in subsections (b) and (c)
4 of section 206 of the International Emergency Eco-
5 nomic Powers Act (50 U.S.C. 1705) to the same ex-
6 tent as a person that commits an unlawful act de-
7 scribed in subsection (a) of that section.

8 (h) TERMINATION AND SUNSET.—The authority to
9 impose sanctions under this section with respect to a per-
10 son involved in the construction of a pipeline project de-
11 scribed in subsection (a)(1)(A), and any sanctions imposed
12 under this section with respect to that project, shall termi-
13 nate on the date that is the earlier of—

14 (1) the date on which the President certifies to
15 the appropriate congressional committees that ap-
16 propriate safeguards have been put in place—

17 (A) to minimize the ability of the Govern-
18 ment of the Russian Federation to use that
19 project as a tool of coercion and political lever-
20 age, including by achieving the unbundling of
21 energy production and transmission so that en-
22 tities owned or controlled by that Government
23 do not control the transmission network for the
24 pipeline; and

1 (B) to ensure, barring unforeseen cir-
2 cumstances, that the project would not result in
3 a decrease of more than 25 percent in the vol-
4 ume of Russian energy exports transiting
5 through existing pipelines in other countries,
6 particularly Ukraine, relative to the average
7 monthly volume of Russian energy exports
8 transiting through such pipelines in 2018; or

9 (2) the date that is 5 years after the date of the
10 enactment of this Act.

11 (i) DEFINITIONS.—In this section:

12 (1) ADMISSION; ADMITTED; ALIEN.—The terms
13 “admission”, “admitted”, and “alien” have the
14 meanings given those terms in section 101 of the
15 Immigration and Nationality Act (8 U.S.C. 1101).

16 (2) APPROPRIATE CONGRESSIONAL COMMIT-
17 TEES.—The term “appropriate congressional com-
18 mittees” means—

19 (A) the Committee on Foreign Relations
20 and the Committee on Banking, Housing, and
21 Urban Affairs of the Senate; and

22 (B) the Committee on Foreign Affairs and
23 the Committee on Financial Services of the
24 House of Representatives.

1 (3) FOREIGN PERSON.—The term “foreign per-
2 son” means an individual or entity that is not a
3 United States person.

4 (4) KNOWINGLY.—The term “knowingly”, with
5 respect to conduct, a circumstance, or a result,
6 means that a person has actual knowledge, or should
7 have known, of the conduct, the circumstance, or the
8 result.

9 (5) UNITED STATES PERSON.—The term
10 “United States person” means—

11 (A) a United States citizen or an alien law-
12 fully admitted for permanent residence to the
13 United States;

14 (B) an entity organized under the laws of
15 the United States or any jurisdiction within the
16 United States, including a foreign branch of
17 such an entity; or

18 (C) any person within the United States.

19 **TITLE LXXVI—OTHER MATTERS**

Subtitle A—Federal Employee Paid Leave Act

- Sec. 7601. Short title.
- Sec. 7602. Paid parental leave under title 5.
- Sec. 7603. Paid parental leave for congressional employees.

 and Library of Congress employees.
- Sec. 7605. Clarification for members of the National Guard and Reserves.
- Sec. 7606. Conforming amendment for certain TSA employees.

Subtitle B—Other Matters

- Sec. 7611. Liberian refugee immigration fairness.
- Sec. 7612. Pensacola Dam and Reservoir, Grand River, Oklahoma.

Sec. 7613. Limitation on certain rolling stock procurements; cybersecurity certification for rail rolling stock and operations.

1 **Subtitle A—Federal Employee Paid**
2 **Leave Act**

3 **SEC. 7601. SHORT TITLE.**

4 This subtitle may be cited as the “Federal Employee
5 Paid Leave Act”.

6 **SEC. 7602. PAID PARENTAL LEAVE UNDER TITLE 5.**

7 (a) IN GENERAL.—Subsection (d) of section 6382 of
8 title 5, United States Code, is amended—

9 (1) by striking “An employee” and inserting
10 “(1) An employee”;

11 (2) by striking “subparagraph (A), (B), (C),”
12 and inserting “subparagraph (C),”; and

13 (3) by adding at the end the following:

14 “(2)(A) An employee may elect to substitute for
15 any leave without pay under subparagraph (A) or
16 (B) of subsection (a)(1) any paid leave which is
17 available to such employee for that purpose.

18 “(B) The paid leave that is available to an em-
19 ployee for purposes of subparagraph (A) is—

20 “(i) 12 administrative workweeks of paid
21 parental leave under this subparagraph in con-
22 nection with the birth or placement involved;
23 and

1 “(ii) during the 12-month period referred
2 to in subsection (a)(1), and in addition to the
3 12 administrative workweeks under clause (i),
4 any annual or sick leave accrued or accumu-
5 lated by such employee under subchapter I.

6 “(C) Nothing in this subsection shall be consid-
7 ered to require that an employee first use all or any
8 portion of the leave described in subparagraph
9 (B)(ii) before being allowed to use the paid parental
10 leave described in subparagraph (B)(i).

11 “(D) Paid parental leave under subparagraph
12 (B)(i)—

13 “(i) shall be payable from any appropria-
14 tion or fund available for salaries or expenses
15 for positions within the employing agency;

16 “(ii) shall not be considered to be annual
17 or vacation leave for purposes of section 5551
18 or 5552 or for any other purpose; and

19 “(iii) if not used by the employee before
20 the end of the 12-month period (as referred to
21 in subsection (a)(1)) to which it relates, shall
22 not accumulate for any subsequent use.

23 “(E) Nothing in this paragraph shall be con-
24 strued to modify the requirement to complete at
25 least 12 months of service as an employee (within

1 the meaning of section 6381(1)(A)) before the date
2 of the applicable birth or placement involved to be
3 eligible for paid parental leave under subparagraph
4 (B)(i) of this paragraph.

5 “(F)(i) An employee may not take leave under
6 this paragraph unless the employee agrees (in writ-
7 ing), before the commencement of such leave, to
8 work for the applicable employing agency for not
9 less than a period of 12 weeks beginning on the date
10 such leave concludes.

11 “(ii) The head of the agency shall waive the re-
12 quirement in clause (i) in any instance where the
13 employee is unable to return to work because of the
14 continuation, recurrence, or onset of a serious health
15 condition (including mental health), related to the
16 applicable birth or placement of a child, of the em-
17 ployee or the child.

18 “(iii) The head of the employing agency may re-
19 quire that an employee who claims to be unable to
20 return to work because of a health condition de-
21 scribed under clause (ii) provide certification sup-
22 porting such claim by the health care provider of the
23 employee or the child (as the case may be). The em-
24 ployee shall provide such certification to the head in
25 a timely manner.

1 “(G)(i) If an employee fails to return from paid
2 leave provided under this paragraph after the date
3 such leave concludes, the employing agency may re-
4 cover, from such employee, an amount equal to the
5 total amount of Government contributions paid by
6 the agency under section 8906 on behalf of the em-
7 ployee for maintaining such employee’s health cov-
8 erage under chapter 89 during the period of such
9 leave.

10 “(ii) Clause (i) shall not apply to any employee
11 who fails to return from such leave due to—

12 “(I) the continuation, recurrence, or onset
13 of a serious health condition as described under,
14 and consistent with the requirements of, sub-
15 paragraph (F); or

16 “(II) any other circumstance beyond the
17 control of the employee.”.

18 (b) CONFORMING AMENDMENTS.—Section 6382(a) is
19 amended—

20 (1) in paragraph (1), in the matter preceding
21 subparagraph (A) by inserting “and subsection
22 (d)(2) of this section” after “section 6383”; and

23 (2) in paragraph (4), by striking “During” and
24 inserting “Subject to subsection (d)(2), during”.

1 (c) EFFECTIVE DATE.—The amendments made by
2 this section shall not be effective with respect to any birth
3 or placement occurring before October 1, 2020.

4 **SEC. 7603. PAID PARENTAL LEAVE FOR CONGRESSIONAL**
5 **EMPLOYEES.**

6 (a) AMENDMENTS TO CONGRESSIONAL ACCOUNT-
7 ABILITY ACT.—Section 202 of the Congressional Account-
8 ability Act of 1995 (2 U.S.C. 1312) is amended—

9 (1) in subsection (a)(1), by adding at the end
10 the following: “In applying section 102 of such Act
11 with respect to leave for an event described in sub-
12 section (a)(1)(A) or (B) of such section to covered
13 employees, subsection (d) of this section shall apply.
14 Paragraphs (1) and (4) of section 102(a) of such
15 Act shall be subject to subsection (d) of this sec-
16 tion.”;

17 (2) by redesignating subsections (d) and (e) as
18 subsections (e) and (f), respectively; and

19 (3) by inserting after subsection (c) the fol-
20 lowing:

21 “(d) SPECIAL RULE FOR PAID PARENTAL LEAVE.—

22 “(1) SUBSTITUTION OF PAID LEAVE.—A cov-
23 ered employee may elect to substitute for any leave
24 without pay under subparagraph (A) or (B) of sec-
25 tion 102(a)(1) of the Family and Medical Leave Act

1 of 1993 (29 U.S.C. 2612(a)(1)) any paid leave
2 which is available to such employee for that purpose.

3 “(2) AMOUNT OF PAID LEAVE.—The paid leave
4 that is available to a covered employee for purposes
5 of paragraph (1) is—

6 “(A) the number of weeks of paid parental
7 leave in connection with the birth or placement
8 involved that corresponds to the number of ad-
9 ministrative workweeks of paid parental leave
10 available to employees under section
11 6382(d)(2)(B)(i) of title 5, United States Code;
12 and

13 “(B) during the 12-month period referred
14 to in section 102(a)(1) of the Family and Med-
15 ical Leave Act of 1993 (29 U.S.C. 2612(a)(1))
16 and in addition to the administrative workweeks
17 described in subparagraph (A), any additional
18 paid vacation, personal, family, medical, or sick
19 leave provided by the employing office to such
20 employee.

21 “(3) LIMITATION.—Nothing in this section or
22 section 102(d)(2)(A) of the Family and Medical
23 Leave Act of 1993 (29 U.S.C. 2612(d)(2)(A)) shall
24 be considered to require or permit an employing of-
25 fice to require that an employee first use all or any

1 portion of the leave described in paragraph (2)(B)
2 before being allowed to use the paid parental leave
3 described in paragraph (2)(A).

4 “(4) ADDITIONAL RULES.—Paid parental leave
5 under paragraph (2)(A)—

6 “(A) shall be payable from any appropria-
7 tion or fund available for salaries or expenses
8 for positions within the employing office;

9 “(B) if not used by the covered employee
10 before the end of the 12-month period (as re-
11 ferred to in section 102(a)(1) of the Family and
12 Medical Leave Act of 1993 (29 U.S.C.
13 2612(a)(1))) to which it relates, shall not accu-
14 mulate for any subsequent use; and

15 “(C) shall apply without regard to the limi-
16 tations in subparagraph (E), (F), or (G) of sec-
17 tion 6382(d)(2) of title 5, United States Code,
18 or section 104(c)(2) of the Family and Medical
19 Leave Act of 1993 (29 U.S.C. 2614(c)(2)).”.

20 (b) CONFORMING AMENDMENT.—Section 202(a)(2)
21 of the Congressional Accountability Act of 1995 (2 U.S.C.
22 1312(a)(2)) is amended by adding at the end the fol-
23 lowing: “The requirements of subparagraph (B) shall not
24 apply with respect to leave under subparagraph (A) or (B)

1 of section 102(a)(1) of the Family and Medical Leave Act
2 of 1993 (29 U.S.C. 2612(a)(1)).”.

3 (c) EFFECTIVE DATE.—The amendments made by
4 this section shall not be effective with respect to any birth
5 or placement occurring before October 1, 2020.

6 **SEC. 7604. CONFORMING AMENDMENT TO FAMILY AND**
7 **MEDICAL LEAVE ACT FOR GAO AND LIBRARY**
8 **OF CONGRESS EMPLOYEES.**

9 (a) AMENDMENT TO FAMILY AND MEDICAL LEAVE
10 ACT OF 1993.—Section 102 of the Family and Medical
11 Leave Act of 1993 (29 U.S.C. 2612) is amended—

12 (1) in subsection (a)—

13 (A) in paragraph (1), by inserting “and
14 subsection (d)(3)” after “section 103”; and

15 (B) in paragraph (4), by striking “Dur-
16 ing” and inserting “Subject to subsection
17 (d)(3), during”; and

18 (2) in subsection (d), by adding at the end the
19 following:

20 “(3) SPECIAL RULE FOR GAO EMPLOYEES.—

21 “(A) SUBSTITUTION OF PAID LEAVE.—An
22 employee of the Government Accountability Of-
23 fice may elect to substitute for any leave with-
24 out pay under subparagraph (A) or (B) of sub-

1 section (a)(1) any paid leave which is available
2 to such employee for that purpose.

3 “(B) AMOUNT OF PAID LEAVE.—The paid
4 leave that is available to an employee of the
5 Government Accountability Office for purposes
6 of subparagraph (A) is—

7 “(i) the number of weeks of paid pa-
8 rental leave in connection with the birth or
9 placement involved that corresponds to the
10 number of administrative workweeks of
11 paid parental leave available to employees
12 under section 6382(d)(2)(B)(i) of title 5,
13 United States Code; and

14 “(ii) during the 12-month period re-
15 ferred to in section 102(a)(1) and in addi-
16 tion to the administrative workweeks de-
17 scribed in clause (i), any additional paid
18 vacation, personal, family, medical, or sick
19 leave provided by such employer.

20 “(C) LIMITATION.—Nothing in this section
21 shall be considered to require or permit an em-
22 ployer to require that an employee first use all
23 or any portion of the leave described in sub-
24 paragraph (B)(ii) before being allowed to use

1 the paid parental leave described in clause (i) of
2 subparagraph (B).

3 “(D) ADDITIONAL RULES.—Paid parental
4 leave under subparagraph (B)(i)—

5 “(i) shall be payable from any appro-
6 priation or fund available for salaries or
7 expenses for positions with the Government
8 Accountability Office;

9 “(ii) if not used by the employee of
10 such employer before the end of the 12-
11 month period (as referred to in subsection
12 (a)(1)) to which it relates, shall not accu-
13 mulate for any subsequent use; and

14 “(iii) shall apply without regard to the
15 limitations in subparagraph (E), (F), or
16 (G) of section 6382(d)(2) of title 5, United
17 States Code or section 104(c)(2) of this
18 Act.

19 “(4) SPECIAL RULE FOR LIBRARY OF CON-
20 GRESS EMPLOYEES.—Consistent with section
21 101(a)(3)(J) of the Congressional Accountability Act
22 of 1995 (2 U.S.C. 1301(a)(3)(J)), the rights and
23 protections established by sections 101 through 105,
24 including section 102(d)(3), shall apply to employees

1 of the Library of Congress under section 202 of that
2 Act (2 U.S.C. 1312).”.

3 (b) CONFORMING AMENDMENT.—Section 101(2) of
4 the Family and Medical Leave Act of 1993 (29 U.S.C.
5 2611(2)) is amended by adding at the end the following:

6 “(E) GAO EMPLOYEES.—In the case of an
7 employee of the Government Accountability Of-
8 fice, the requirements of subparagraph (A) shall
9 not apply with respect to leave under section
10 102(a)(1)(A) or (B).”.

11 (c) EFFECTIVE DATE.—The amendments made by
12 this section shall not be effective with respect to any birth
13 or placement occurring before October 1, 2020.

14 **SEC. 7605. CLARIFICATION FOR MEMBERS OF THE NA-**
15 **TIONAL GUARD AND RESERVES.**

16 (a) EXECUTIVE BRANCH EMPLOYEES.—For pur-
17 poses of determining the eligibility of an employee who is
18 a member of the National Guard or Reserves to take leave
19 under section 6382(a) of title 5, United States Code, or
20 to substitute such leave pursuant to subsection (d)(2)(A)
21 of section 6382 of such title (as added by section 1102),
22 any service by such employee on active duty (as defined
23 in section 6381(7) of such title) shall be counted as service
24 as an employee for purposes of section 6381(1)(B) of such
25 title.

1 (b) CONGRESSIONAL EMPLOYEES.—For purposes of
2 determining the eligibility of a covered employee (as such
3 term is defined in section 101(3) of the Congressional Ac-
4 countability Act) who is a member of the National Guard
5 or Reserves to take leave under section 102(a) of the Fam-
6 ily and Medical Leave Act of 1993 (pursuant to section
7 202(a)(1) of the Congressional Accountability Act), any
8 service by such employee on active duty (as defined in sec-
9 tion 101(14) of the Family and Medical Leave Act of
10 1993) shall be counted as time during which such em-
11 ployee has been employed in an employing office for pur-
12 poses of section 202(a)(2)(B) of the Congressional Ac-
13 countability Act.

14 (c) GAO AND LIBRARY OF CONGRESS EMPLOYEES.—
15 For purposes of determining the eligibility of an employee
16 of the Government Accountability Office or Library of
17 Congress who is a member of the National Guard or Re-
18 serves to take leave under section 102(a) of the Family
19 and Medical Leave Act of 1993, any service by such em-
20 ployee on active duty (as defined in section 101(14) of
21 such Act) shall be counted as time during which such em-
22 ployee has been employed for purposes of section
23 101(2)(A) of such Act.

1 **SEC. 7606. CONFORMING AMENDMENT FOR CERTAIN TSA**
2 **EMPLOYEES.**

3 Section 111(d)(2) of the Aviation and Transportation
4 Security Act (49 U.S.C. 44935 note) is amended to read
5 as follows:

6 “(2) EXCEPTIONS.—

7 “(A) REEMPLOYMENT.—In carrying out
8 the functions authorized under paragraph (1),
9 the Under Secretary shall be subject to the pro-
10 visions set forth in chapter 43 of title 38,
11 United States Code.

12 “(B) LEAVE.—The provisions of sub-
13 chapter V of chapter 63 of title 5, United
14 States Code, shall apply to any individual ap-
15 pointed under paragraph (1) as if such indi-
16 vidual were an employee (within the meaning of
17 subparagraph (A) of section 6381(1) of such
18 title).”.

19 **Subtitle B—Other Matters**

20 **SEC. 7611. LIBERIAN REFUGEE IMMIGRATION FAIRNESS.**

21 (a) DEFINITIONS.—In this section:

22 (1) IN GENERAL.—Except as otherwise specifi-
23 cally provided, any term used in this Act that is
24 used in the immigration laws shall have the meaning
25 given the term in the immigration laws.

1 (2) IMMIGRATION LAWS.—The term “immigra-
2 tion laws” has the meaning given the term in section
3 101(a)(17) of the Immigration and Nationality Act
4 (8 U.S.C. 1101(a)(17)).

5 (3) SECRETARY.—The term “Secretary” means
6 the Secretary of Homeland Security.

7 (b) ADJUSTMENT OF STATUS.—

8 (1) IN GENERAL.—Except as provided in para-
9 graph (3), the Secretary shall adjust the status of
10 an alien described in subsection (c) to that of an
11 alien lawfully admitted for permanent residence if
12 the alien—

13 (A) applies for adjustment not later than
14 1 year after the date of the enactment of this
15 Act;

16 (B) is otherwise eligible to receive an im-
17 migrant visa; and

18 (C) subject to paragraph (2), is admissible
19 to the United States for permanent residence.

20 (2) APPLICABILITY OF GROUNDS OF INADMIS-
21 SIBILITY.—In determining the admissibility of an
22 alien under paragraph (1)(C), the grounds of inad-
23 missibility specified in paragraphs (4), (5), (6)(A),
24 and (7)(A) of section 212(a) of the Immigration and
25 Nationality Act (8 U.S.C. 1182(a)) shall not apply.

1 (3) EXCEPTIONS.—An alien shall not be eligible
2 for adjustment of status under this subsection if the
3 Secretary determines that the alien—

4 (A) has been convicted of any aggravated
5 felony;

6 (B) has been convicted of two or more
7 crimes involving moral turpitude (other than a
8 purely political offense); or

9 (C) has ordered, incited, assisted, or other-
10 wise participated in the persecution of any per-
11 son on account of race, religion, nationality,
12 membership in a particular social group, or po-
13 litical opinion.

14 (4) RELATIONSHIP OF APPLICATION TO CER-
15 TAIN ORDERS.—

16 (A) IN GENERAL.—An alien present in the
17 United States who has been subject to an order
18 of exclusion, deportation, removal, or voluntary
19 departure under any provision of the Immigra-
20 tion and Nationality Act (8 U.S.C. 1101 et
21 seq.) may, notwithstanding such order, submit
22 an application for adjustment of status under
23 this subsection if the alien is otherwise eligible
24 for adjustment of status under paragraph (1).

1 (B) SEPARATE MOTION NOT REQUIRED.—
2 An alien described in subparagraph (A) shall
3 not be required, as a condition of submitting or
4 granting an application under this subsection,
5 to file a separate motion to reopen, reconsider,
6 or vacate an order described in subparagraph
7 (A).

8 (C) EFFECT OF DECISION BY SEC-
9 RETARY.—

10 (i) GRANT.—If the Secretary adjusts
11 the status of an alien pursuant to an appli-
12 cation under this subsection, the Secretary
13 shall cancel any order described in sub-
14 paragraph (A) to which the alien has been
15 subject.

16 (ii) DENIAL.—If the Secretary makes
17 a final decision to deny such application,
18 any such order shall be effective and en-
19 forceable to the same extent that such
20 order would be effective and enforceable if
21 the application had not been made.

22 (c) ALIENS ELIGIBLE FOR ADJUSTMENT OF STA-
23 TUS.—

24 (1) IN GENERAL.—The benefits provided under
25 subsection (b) shall apply to any alien who—

1 (A)(i) is a national of Liberia; and
2 (ii) has been continuously present in the
3 United States during the period beginning on
4 November 20, 2014, and ending on the date on
5 which the alien submits an application under
6 subsection (b); or

7 (B) is the spouse, child, or unmarried son
8 or daughter of an alien described in subpara-
9 graph (A).

10 (2) DETERMINATION OF CONTINUOUS PHYS-
11 ICAL PRESENCE.—For purposes of establishing the
12 period of continuous physical presence referred to in
13 paragraph (1)(A)(ii), an alien shall not be consid-
14 ered to have failed to maintain continuous physical
15 presence based on one or more absences from the
16 United States for one or more periods amounting, in
17 the aggregate, of not more than 180 days.

18 (d) STAY OF REMOVAL.—

19 (1) IN GENERAL.—The Secretary shall promul-
20 gate regulations establishing procedures by which an
21 alien who is subject to a final order of deportation,
22 removal, or exclusion, may seek a stay of such order
23 based on the filing of an application under sub-
24 section (b).

25 (2) DURING CERTAIN PROCEEDINGS.—

1 (A) IN GENERAL.—Except as provided in
2 subparagraph (B), notwithstanding any provi-
3 sion of the Immigration and Nationality Act (8
4 U.S.C. 1101 et seq.), the Secretary may not
5 order an alien to be removed from the United
6 States if the alien—

7 (i) is in exclusion, deportation, or re-
8 moval proceedings under any provision of
9 such Act; and

10 (ii) has submitted an application for
11 adjustment of status under subsection (b).

12 (B) EXCEPTION.—The Secretary may
13 order an alien described in subparagraph (A) to
14 be removed from the United States if the Sec-
15 retary has made a final determination to deny
16 the application for adjustment of status under
17 subsection (b) of the alien.

18 (3) WORK AUTHORIZATION.—

19 (A) IN GENERAL.—The Secretary may—

20 (i) authorize an alien who has applied
21 for adjustment of status under subsection
22 (b) to engage in employment in the United
23 States during the period in which a deter-
24 mination on such application is pending;
25 and

1 (ii) provide such alien with an “em-
2 ployment authorized” endorsement or
3 other appropriate document signifying au-
4 thorization of employment.

5 (B) PENDING APPLICATIONS.—If an appli-
6 cation for adjustment of status under sub-
7 section (b) is pending for a period exceeding
8 180 days and has not been denied, the Sec-
9 retary shall authorize employment for the appli-
10 cable alien.

11 (e) RECORD OF PERMANENT RESIDENCE.—On the
12 approval of an application for adjustment of status under
13 subsection (b) of an alien, the Secretary shall establish
14 a record of admission for permanent residence for the
15 alien as of the date of the arrival of the alien in the United
16 States.

17 (f) AVAILABILITY OF ADMINISTRATIVE REVIEW.—
18 The Secretary shall provide applicants for adjustment of
19 status under subsection (b) with the same right to, and
20 procedures for, administrative review as are provided to—

21 (1) applicants for adjustment of status under
22 section 245 of the Immigration and Nationality Act
23 (8 U.S.C. 1255); and

24 (2) aliens subject to removal proceedings under
25 section 240 of such Act (8 U.S.C. 1229a).

1 (g) LIMITATION ON JUDICIAL REVIEW.—

2 (1) IN GENERAL.—A determination by the Sec-
3 retary with respect to the adjustment of status of
4 any alien under this section is final and shall not be
5 subject to review by any court.

6 (2) RULE OF CONSTRUCTION.—Nothing in
7 paragraph (1) shall be construed to preclude the re-
8 view of a constitutional claim or a question of law
9 under section 704 of title 5, United States Code,
10 with respect to a denial of adjustment of status
11 under this section.

12 (h) NO OFFSET IN NUMBER OF VISAS AVAILABLE.—
13 The Secretary of State shall not be required to reduce the
14 number of immigrant visas authorized to be issued under
15 any provision of the Immigration and Nationality Act (8
16 U.S.C. 1101 et seq.) to offset the adjustment of status
17 of an alien who has been lawfully admitted for permanent
18 residence pursuant to this section.

19 (i) APPLICATION OF IMMIGRATION AND NATION-
20 ALITY ACT PROVISIONS.—

21 (1) SAVINGS PROVISION.—Nothing in this Act
22 may be construed to repeal, amend, alter, modify, ef-
23 fect, or restrict the powers, duties, function, or au-
24 thority of the Secretary in the administration and
25 enforcement of the Immigration and Nationality Act

1 (8 U.S.C. 1101 et seq.) or any other law relating to
2 immigration, nationality, or naturalization.

3 (2) EFFECT OF ELIGIBILITY FOR ADJUSTMENT
4 OF STATUS.—The eligibility of an alien to be law-
5 fully admitted for permanent residence under this
6 section shall not preclude the alien from seeking any
7 status under any other provision of law for which
8 the alien may otherwise be eligible.

9 **SEC. 7612. PENSACOLA DAM AND RESERVOIR, GRAND**
10 **RIVER, OKLAHOMA.**

11 (a) DEFINITIONS.—In this section:

12 (1) COMMISSION.—The term “Commission”
13 means the Federal Energy Regulatory Commission.

14 (2) CONSERVATION POOL.—The term “con-
15 servation pool” means all land and water of Grand
16 Lake O’ the Cherokees, Oklahoma, below the flood
17 pool.

18 (3) FLOOD POOL.—The term “flood pool”
19 means all land and water of Grand Lake O’ the
20 Cherokees, Oklahoma, allocated for flood control or
21 navigation by the Secretary pursuant to section 7 of
22 the Flood Control Act of 1944 (33 U.S.C. 709).

23 (4) PROJECT.—The term “project” means the
24 Pensacola Hydroelectric Project (FERC No. 1494).

1 (5) SECRETARY.—The term “Secretary” means
2 the Secretary of the Army.

3 (b) CONSERVATION POOL MANAGEMENT.—

4 (1) FEDERAL LAND.—Notwithstanding section
5 3(2) of the Federal Power Act (16 U.S.C. 796(2)),
6 any Federal land within the project boundary, in-
7 cluding any right, title, or interest in or to land held
8 by the United States for any purpose, shall not—

9 (A) be subject to the first proviso in sec-
10 tion 4(e) of the Federal Power Act (16 U.S.C.
11 797(e)); or

12 (B) be considered to be—

13 (i) land or other property of the
14 United States for purposes of
15 recompensing the United States for the
16 use, occupancy, or enjoyment of the land
17 under section 10(e)(1) of that Act (16
18 U.S.C. 803(e)(1)); or

19 (ii) land of the United States for pur-
20 poses of section 24 of that Act (16 U.S.C.
21 818).

22 (2) LICENSE CONDITIONS.—

23 (A) IN GENERAL.—Except as may be re-
24 quired by the Secretary to carry out responsibil-
25 ities under section 7 of the Flood Control Act

1 of 1944 (33 U.S.C. 709), the Commission or
2 any other Federal or State agency shall not in-
3 clude in any license for the project any condi-
4 tion or other requirement relating to—

5 (i) surface elevations of the conserva-
6 tion pool; or

7 (ii) the flood pool (except to the ex-
8 tent it references flood control require-
9 ments prescribed by the Secretary).

10 (B) EXCEPTION.—Notwithstanding sub-
11 paragraph (A), the project shall remain subject
12 to the Commission’s rules and regulations for
13 project safety and protection of human health.

14 (3) PROJECT SCOPE.—

15 (A) LICENSING JURISDICTION.—The li-
16 censing jurisdiction of the Commission for the
17 project shall not extend to any land or water
18 outside the project boundary.

19 (B) OUTSIDE INFRASTRUCTURE.—Any
20 land, water, or physical infrastructure or other
21 improvement outside the project boundary shall
22 not be considered to be part of the project.

23 (C) BOUNDARY JURISDICTION AMEND-
24 MENTS.—The Commission may, consistent with
25 the requirements of the Federal Power Act,

1 amend the project boundary, only with the ex-
2 pressed written agreement of the project li-
3 censee. If the licensee does not agree to a
4 project boundary change proposed by the Com-
5 mission, the purposes and requirements of part
6 I of the Federal Power Act (16 U.S.C. 791a et
7 seq.) shall be deemed to be satisfied without the
8 Commission's proposed boundary or jurisdiction
9 change.

10 (c) EXCLUSIVE JURISDICTION OF FLOOD POOL MAN-
11 AGEMENT.—The Secretary shall have exclusive jurisdic-
12 tion and responsibility for management of the flood pool
13 for flood control operations at Grand Lake O' the Chero-
14 kees.

15 (d) STUDY OF UPSTREAM INFRASTRUCTURE.—Not
16 later than 90 days after the date of the enactment of this
17 Act, the Secretary shall initiate a study of infrastructure
18 and lands upstream from the project to evaluate resiliency
19 to flooding. Not later than one year after initiating the
20 study, the Secretary shall issue a report advising local
21 communities and State departments of transportation of
22 any identified deficiencies and potential mitigation op-
23 tions.

24 (e) SAVINGS PROVISION.—Nothing in this section af-
25 fects, with respect to the project—

1 (1) any authority or obligation of the Secretary
2 or the Chief of Engineers pursuant to section 2 of
3 the Act of June 28, 1938 (commonly known as the
4 “Flood Control Act of 1938”) (33 U.S.C. 701c–1);

5 (2) any authority of the Secretary or the Chief
6 of Engineers pursuant to section 7 of the Act of De-
7 cember 22, 1944 (commonly known as the “Flood
8 Control Act of 1944”) (33 U.S.C. 709);

9 (3) any obligation of the United States to ob-
10 tain flowage or other property rights pursuant to the
11 Act of July 31, 1946 (60 Stat. 743, chapter 710);

12 (4) any obligation of the United States to ac-
13 quire flowage or other property rights for additional
14 reservoir storage pursuant to Executive Order 9839
15 (12 Fed. Reg. 2447; relating to the Grand River
16 Dam Project);

17 (5) any authority of the Secretary to acquire
18 real property interest pursuant to section 560 of the
19 Water Resources Development Act of 1996 (Public
20 Law 104–303; 110 Stat. 3783);

21 (6) any obligation of the Secretary to conduct
22 and pay the cost of a feasibility study pursuant to
23 section 449 of the Water Resources Development
24 Act of 2000 (Public Law 106–541; 114 Stat. 2641);

1 (7) the National Flood Insurance Program es-
2 tablished under the National Flood Insurance Act of
3 1968 (42 U.S.C. 4001 et seq.), including any policy
4 issued under that Act; or

5 (8) any disaster assistance made available
6 under the Robert T. Stafford Disaster Relief and
7 Emergency Assistance Act (42 U.S.C. 5121 et seq.)
8 or other Federal disaster assistance program.

9 **SEC. 7613. LIMITATION ON CERTAIN ROLLING STOCK PRO-**
10 **CUREMENTS; CYBERSECURITY CERTIFI-**
11 **CATION FOR RAIL ROLLING STOCK AND OP-**
12 **ERATIONS.**

13 Section 5323 of title 49, United States Code, is
14 amended by adding at the end the following:

15 “(u) LIMITATION ON CERTAIN ROLLING STOCK PRO-
16 CUREMENTS.—

17 “(1) IN GENERAL.—Except as provided in para-
18 graph (5), financial assistance made available under
19 this chapter shall not be used in awarding a contract
20 or subcontract to an entity on or after the date of
21 enactment of this subsection for the procurement of
22 rolling stock for use in public transportation if the
23 manufacturer of the rolling stock—

24 “(A) is incorporated in or has manufac-
25 turing facilities in the United States; and

1 “(B) is owned or controlled by, is a sub-
2 sidiary of, or is otherwise related legally or fi-
3 nancially to a corporation based in a country
4 that—

5 “(i) is identified as a nonmarket econ-
6 omy country (as defined in section 771(18)
7 of the Tariff Act of 1930 (19 U.S.C.
8 1677(18))) as of the date of enactment of
9 this subsection;

10 “(ii) was identified by the United
11 States Trade Representative in the most
12 recent report required by section 182 of
13 the Trade Act of 1974 (19 U.S.C. 2242)
14 as a foreign country included on the pri-
15 ority watch list defined in subsection (g)(3)
16 of that section; and

17 “(iii) is subject to monitoring by the
18 Trade Representative under section 306 of
19 the Trade Act of 1974 (19 U.S.C. 2416).

20 “(2) EXCEPTION.—For purposes of paragraph
21 (1), the term ‘otherwise related legally or financially’
22 does not include a minority relationship or invest-
23 ment.

24 “(3) INTERNATIONAL AGREEMENTS.—This sub-
25 section shall be applied in a manner consistent with

1 the obligations of the United States under inter-
2 national agreements.

3 “(4) CERTIFICATION FOR RAIL ROLLING
4 STOCK.—

5 “(A) IN GENERAL.—Except as provided in
6 paragraph (5), as a condition of financial as-
7 sistance made available in a fiscal year under
8 section 5337, a recipient that operates rail fixed
9 guideway service shall certify in that fiscal year
10 that the recipient will not award any contract
11 or subcontract for the procurement of rail roll-
12 ing stock for use in public transportation with
13 a rail rolling stock manufacturer described in
14 paragraph (1).

15 “(B) SEPARATE CERTIFICATION.—The cer-
16 tification required under this paragraph shall be
17 in addition to any certification the Secretary es-
18 tablishes to ensure compliance with the require-
19 ments of paragraph (1).

20 “(5) SPECIAL RULES.—

21 “(A) PARTIES TO EXECUTED CON-
22 TRACTS.—This subsection, including the certifi-
23 cation requirement under paragraph (4), shall
24 not apply to the award of any contract or sub-
25 contract made by a public transportation agen-

1 cy with a rail rolling stock manufacturer de-
2 scribed in paragraph (1) if the manufacturer
3 and the public transportation agency have exe-
4 cuted a contract for rail rolling stock before the
5 date of enactment of this subsection.

6 “(B) ROLLING STOCK.—Except as pro-
7 vided in subparagraph (C) and for a contract or
8 subcontract that is not described in subpara-
9 graph (A), this subsection, including the certifi-
10 cation requirement under paragraph (4), shall
11 not apply to the award of a contract or sub-
12 contract made by a public transportation agen-
13 cy with any rolling stock manufacturer for the
14 2-year period beginning on or after the date of
15 enactment of this subsection.

16 “(C) EXCEPTION.—Subparagraph (B)
17 shall not apply to the award of a contract or
18 subcontract made by the Washington Metropoli-
19 tan Area Transit Authority.

20 “(v) CYBERSECURITY CERTIFICATION FOR RAIL
21 ROLLING STOCK AND OPERATIONS.—

22 “(1) CERTIFICATION.—As a condition of finan-
23 cial assistance made available under this chapter, a
24 recipient that operates a rail fixed guideway public
25 transportation system shall certify that the recipient

1 has established a process to develop, maintain, and
2 execute a written plan for identifying and reducing
3 cybersecurity risks.

4 “(2) COMPLIANCE.—For the process required
5 under paragraph (1), a recipient of assistance under
6 this chapter shall—

7 “(A) utilize the approach described by the
8 voluntary standards and best practices devel-
9 oped under section 2(c)(15) of the National In-
10 stitute of Standards and Technology Act (15
11 U.S.C. 272(c)(15)), as applicable;

12 “(B) identify hardware and software that
13 the recipient determines should undergo third-
14 party testing and analysis to mitigate cyberse-
15 curity risks, such as hardware or software for
16 rail rolling stock under proposed procurements;
17 and

18 “(C) utilize the approach described in any
19 voluntary standards and best practices for rail
20 fixed guideway public transportation systems
21 developed under the authority of the Secretary
22 of Homeland Security, as applicable.

23 “(3) LIMITATIONS ON STATUTORY CONSTRUC-
24 TION.—Nothing in this subsection shall be construed
25 to interfere with the authority of—

1 “(A) the Secretary of Homeland Security
2 to publish or ensure compliance with require-
3 ments or standards concerning cybersecurity for
4 rail fixed guideway public transportation sys-
5 tems; or

6 “(B) the Secretary of Transportation
7 under section 5329 to address cybersecurity
8 issues as those issues relate to the safety of rail
9 fixed guideway public transportation systems.”.

And the House agree to the same.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the House to the bill (S. 1790), to authorize appropriations for fiscal year 2020 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The House amendment struck all of the Senate bill after the enacting clause and inserted a substitute text.

The Senate recedes from its disagreement to the amendment of the House with an amendment that is a substitute for the Senate bill and the House amendment. The differences between the Senate bill, the House amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clarifying changes.

Compliance with rules of the House of Representatives and Senate regarding earmarks and congressionally directed spending items

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and Rule XLIV(3) of the Standing Rules of the Senate, neither this conference report nor the accompanying joint statement of managers contains any congressional earmarks, congressionally directed spending items, limited tax benefits, or limited tariff benefits, as defined in such rules.

Summary of discretionary authorizations and budget authority implication

The budget request for national defense discretionary programs within the jurisdiction of the Committees on Armed Services of the Senate and the House of Representatives for fiscal year 2020 was \$741.9 billion. Of this amount, \$642.5 billion was requested for base Department of Defense programs, \$75.9 billion was requested for overseas contingency operations, \$23.2 billion was requested for national security programs in the Department of Energy and the Defense Nuclear Facilities Safety Board, and \$300.0 million for defense-related activities.

The conference agreement would authorize \$729.9 billion in fiscal year 2020, including \$635.0 billion for base Department of Defense programs, \$71.5 billion for overseas contingency operations, \$23.1 billion for national security programs in the Department of Energy and the Defense Nuclear Facilities Safety Board, and \$300.0 million for defense-related activities.

The two tables preceding the detailed program adjustments in Division D of the accompanying joint statement of managers summarize the discretionary authorizations in the agreement and the equivalent budget authority levels for fiscal year 2020 defense programs.

Budgetary effects of this Act (sec. 4)

The Senate bill contained a provision (sec. 4) that would require that the budgetary effects of this Act be determined in accordance with the procedures established in the Statutory Pay-As-You-Go Act of 2010 (title I of Public Law 111-139).

The House amendment contained a similar provision (sec. 1006).

The House recesses.

DIVISION A—DEPARTMENT OF DEFENSE AUTHORIZATIONS

TITLE I—PROCUREMENT

BUDGET ITEMS

Columbia-class submarine advance procurement

The budget request included \$1.7 billion in line item 1 of Shipbuilding and Conversion, Navy for *Columbia*-class submarine advance procurement.

The House amendment would authorize an increase of \$125.0 million above the request.

The Senate bill would authorize an increase of \$125.0 million above the request.

The agreement authorizes an increase of \$123.0 million above the request.

The conferees' intent in authorizing additional funds for submarine industrial base expansion is to ensure second- and third-tier contractors are able to meet increased production requirements.

The conferees direct the Secretary of the Navy to notify the congressional defense committees within 30 days of obligating funds provided for submarine industrial base expansion of the: obligation date, contractor name or names, location, description of the shortfall to be addressed, actions to be undertaken, desired end state, usable end items to be procured, period of performance, dollar amount, projected associated savings including business case analysis if applicable, contract name, and contract number.

The conferees believe that expanding the capabilities of the second- and third-tier contractors in the submarine industrial base should lead to greater cost savings and improved efficiency as production increases to meet the *Columbia*-class schedule and higher requirement for *Virginia*-class attack submarines in the Navy's latest Force Structure Assessment.

Virginia-class submarine procurement and advance procurement

The budget request included \$7.2 billion in line number 3 of Shipbuilding and Conversion, Navy (SCN) for *Virginia*-class submarine procurement and \$2.8 billion in line number 4 of SCN for *Virginia*-class submarine advance procurement.

The House amendment would authorize a decrease of \$550.0 million below the request in line number 3 of SCN and the funding level of the request in line number 4 of SCN.

The Senate bill would authorize a decrease of \$2.5 billion below the request in line number 3 of SCN and an increase of \$1.5 billion above the request in line number 4 of SCN.

The agreement authorizes a decrease of \$1.7 billion below the request in line number 3 of SCN and an increase of \$200.0 million above the request in line number 4 of SCN.

The conferees note that the budget request included a plan to procure 11 *Virginia*-class attack submarines across the future years defense program (FYDP). The conferees supported that plan in both the House of Representatives and Senate National Defense Authorization Acts for Fiscal Year 2020. Unfortunately, the conferees have learned from the Navy that the original request was not financially or technically executable. For example, the Navy's request included procuring one boat in each of fiscal years 2020 and 2021 without the *Virginia* Payload Module (VPM). The conferees only recently learned that shifting the configuration to a non-VPM design would have resulted in considerable delay and disruption in building attack submarines, and could have harmed the *Columbia*-class program as well.

The conferees expect budget requests and associated materials to be complete and accurate, with rigorous supporting justification and analysis that demonstrates such requests are fully executable. The conferees further expect that when the Navy finds discrepancies, the Navy will provide timely, full, and open disclosure of such issues. The conferees are concerned that the *Virginia*-class fiscal year 2020 request lacked both accuracy and timely reporting of discrepancies.

The Navy has recently proposed a revised acquisition strategy with 9 *Virginia*-class submarines procured in fiscal years 2019 through 2023, with options to procure additional ships over that period. The conferees priority is to ensure the Navy fully preserves a plan to procure 10 *Virginia*-class attack submarines, nine of which include the VPM, and expects the Navy to budget accordingly in their fiscal year 2021 budget submission. Therefore, the conferees are providing the necessary additional *Virginia*-class advance procurement (AP) and procurement funds, including the AP funds needed to procure two submarines in fiscal year 2021, as submitted in the fiscal year 2020 budget as well as the 30-year shipbuilding plan.

The conferees recognize that due to recent negotiations the required multi-year certification of a ten submarine contract may not be possible, because it is not fully funded across the FYDP. The conferees note that section 2306b of title 10, United States Code, allows the Secretary of Defense to

certify the contract even if all of the requirements are not met. The conferees encourage the Secretary to consider utilizing this authority in order to expeditiously secure a contract for ten submarines.

The conferees regret that they presently lack sufficient budgetary information to support an eleventh *Virginia*-class submarine in the fiscal year 2019 through 2023 timeframe. The conferees would thoroughly consider an opportunity to increase submarine procurement in the future if it were technically and financially executable.

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 101)

The Senate bill contained a provision (sec. 101) that would authorize appropriations for procurement at the levels identified in section 4101 of division D of this Act.

The House amendment contained an identical provision (sec. 101).

The conference agreement includes this provision.

SUBTITLE B—ARMY PROGRAMS

Authority of the Secretary of the Army to waive certain limitations related to the Distributed Common Ground System-Army Increment 1 (sec. 111)

The Senate bill contained a provision (sec. 112) that would amend Section 113(d) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-38; 130 Stat. 2028) by striking "Secretary of Defense" and inserting "Secretary of the Army".

The House amendment contained no similar provision.

The House recedes.

SUBTITLE C—NAVY PROGRAMS

Ford-class aircraft carrier cost limitation baselines (sec. 121)

The House amendment contained a provision (sec. 112) that would repeal section 122 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364).

The Senate bill contained a similar provision (sec. 123) that would establish *Ford*-class aircraft carrier cost limitation

baselines in title 10, United States Code, and repeal section 122 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364).

The House recedes with an amendment that would provide the Secretary of the Navy with the authority to adjust *Ford*-class aircraft carrier cost limitation baselines if advance notice is given to the congressional defense committees.

Modification of annual report on cost targets for certain aircraft carriers (sec. 122)

The House amendment contained a provision (sec. 111) that would amend section 126(c) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328), that requires an annual report on cost reduction efforts for CVN-79 and CVN-80.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require annual reports through fiscal year 2032.

Refueling and complex overhauls of the U.S.S. John C. Stennis and U.S.S. Harry S. Truman (sec. 123)

The Senate bill contained a provision (sec. 128) that would require the Secretary of the Navy to carry out the nuclear refueling and complex overhaul of the USS *John C. Stennis* (CVN-74) and USS *Harry S. Truman* (CVN-75). The provision would also authorize the use of incremental funding for a period not to exceed 6 years after advance procurement funds for each nuclear refueling and complex overhaul effort are first obligated.

The House amendment contained no similar provision.

The House recedes.

Ford class aircraft carrier support for F-35C aircraft (sec. 124)

The House amendment contained a provision (sec. 113) that would require the Secretary of the Navy to ensure that the aircraft carrier to be designated CVN-79 is capable of deploying with the F-35 prior to accepting delivery.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require CVN-79 be capable of deploying with the F-35 prior to the completion of the ship's post shakedown availability.

Prohibition on use of funds for reduction of aircraft carrier force structure (sec. 125)

The House amendment contained a provision (sec. 114) that would limit the Secretary of Defense from reducing aircraft carrier force structure below the level required by section 5062 of title 10, United States Code.

The Senate bill contained no similar provision.

The Senate recesses.

Modification of prohibition on availability of funds for Navy waterborne security barriers (sec. 126)

The Senate bill contained a provision (sec. 121) that would amend section 130 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to extend the prohibition on availability of funds for Navy port waterborne security barriers through fiscal year 2020 and would require the Secretary of the Navy to notify the congressional defense committees if exigent circumstances, under which an exception is granted, are deemed to exist.

The House amendment contained no similar provision.

The House recesses with an amendment that would limit the sustainment, refurbishment, and replacement to not more than 30 percent of portions of existing waterborne security barriers.

LHA Replacement Amphibious Assault Ship Program (sec. 127)

The Senate bill contained a provision (sec. 125) that would authorize the Secretary of the Navy to enter into and incrementally fund a contract for design and construction of the LHA replacement ship designated LHA-9. The provision would also repeal section 125 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364).

The House amendment contained no similar provision.

The House recesses.

Strategic sealift fleet vessel (sec. 128)

The House amendment contained a provision (sec. 118) that would direct the Secretary of the Navy to enter into a contract for one sealift vessel, subject to certain requirements.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would make entering into a contract or other agreement with a private-sector entity under which the entity would serve as the executive agent permissive.

Design and construction of amphibious transport dock designated LPD-31 (sec. 129)

The House amendment contained a provision (sec. 115) that would authorize the Secretary of the Navy to enter into a contract for the amphibious transport dock ship designated LPD-31. Additionally, the Secretary would be authorized to use incremental funding authority to complete the construction.

The Senate bill contained a similar provision (sec. 124).

The Senate recesses.

The conferees' intent is for the Secretary of the Navy to use the \$350.0 million appropriated in Shipbuilding and Conversion, Navy (SCN) line number 13 in fiscal year 2019 and additional fiscal year 2020 funds in SCN line number 12 to procure LPD-31 long-lead material and start construction as efficiently as possible. Consistent with the budget request, the conferees expect the Navy to request the balance of costs for LPD-31 in fiscal year 2021.

Limitation on availability of funds for the Littoral Combat Ship (sec. 130)

The Senate bill contained provisions (sec. 126 and sec. 5126) that would prohibit funds from being used to exceed the total procurement quantity listed in revision five of the Littoral Combat Ship acquisition strategy unless the Under Secretary of Defense for Acquisition and Sustainment submits to the congressional defense committees a certification.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Limitation on the next new class of Navy large surface combatants (sec. 131)

The Senate bill contained a provision (sec. 127) that would require design changes identified during the full duration of the combat system ship qualification trials and operational test periods of the first *Arleigh Burke*-class destroyer in the Flight III configuration be incorporated prior to Milestone B approval for the next new class of Navy large surface combatants.

The House amendment contained no similar provision.

The House recesses with an amendment that would require a land-based engineering site for the propulsion system.

The conferees note that over the last 10 years, the Comptroller General of the United States has issued at least 26 reports that identified shipbuilding best practices and made 67 recommendations to help the Navy improve shipbuilding outcomes. In a June 2018 report, the Government Accountability Office

found that the Navy, in many cases, has not taken steps based upon these shipbuilding best practices.

In order to better understand the key aspects of ship design necessary to provide confidence in a program's cost, schedule, and reliability targets, the conferees direct the Comptroller General to conduct a review of shipbuilding design practices. This review shall include an examination of the Navy's design practices for shipbuilding major defense acquisition programs to assess measures of the lead ship or lead ship of a major ship modification's design maturity and stability sufficient to inform an understanding of the construction costs and the effort needed to execute the design, and any other related matters. The Comptroller General shall provide a briefing and report to the congressional defense committees not later than April 1, 2020 and January 1, 2021, respectively, that describe the findings of the review.

Limitation on availability of funds pending quarterly updates on the CH-53K King Stallion helicopter program (sec. 132)

The House amendment contained a provision (sec. 116) that would require the Secretary of the Navy to provide quarterly briefings to the Committee on Armed Services of the House of Representatives on the progress of the CH-53K King Stallion program.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Limitation on availability of funds for VH-92A helicopter (sec. 133)

The House amendment contained a provision (sec. 117) that would require the Secretary of the Navy to submit a report to Committee on Armed Services of the House of Representatives on the VH-92A helicopter program.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Report on carrier wing and aviation combat element composition (sec. 134)

The Senate bill contained a provision (sec. 129) that would direct the Secretary of the Navy to submit a report to the congressional defense committees, no later than May 1, 2020, on the optimal composition of the carrier air wing (CVW) in 2030 and 2040, as well as alternative force design concepts. The provision would also require the Secretary to provide a briefing

on the report no later than March 1, 2020, to the congressional defense committees.

The House amendment contained no similar provision.

The House recedes with an amendment that would direct the Secretary of the Navy to submit a report on the optimal composition of the CVW on aircraft carriers and aviation combat element (ACE) embarked on amphibious ships in 2030 and 2040, including alternative force design concepts. Of specific concern that should be highlighted is the logistics impact based on the aircraft carriers ability to support the specified air wing.

SUBTITLE D—AIR FORCE PROGRAMS

Modification of requirement to preserve certain C-5 aircraft (sec. 141)

The House amendment contained a provision (sec. 121) that would amend section 141(d) of the National Defense Authorization Act for Fiscal Year 2013 (Public Law 112-239) to reinstate the requirement for the Secretary of the Air Force to continue to preserve certain C-5 aircraft in a storage condition that would allow a recall of retired aircraft to future service in the Air Force Reserve, Air National Guard, or Active Force structure.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require storage of C-5 aircraft until a new mobility requirement study is accomplished.

OC-135B aircraft recapitalization program (sec. 142)

The House amendment contained a provision (sec. 130A) that would ensure that any Request for Proposals for the procurement of an OC-135B aircraft under the Open Skies Treaty aircraft recapitalization program meets the requirements for full and open competition as set forth in section 2304 of title 10, United States Code, and incorporates a full competitive bidding process, to include both new production aircraft and recently manufactured low-hour, low-cycle aircraft.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require a full competitive bidding process, including new and recently manufactured aircraft.

Requirement to align Air Force aviation force structure with National Defense Strategy (sec. 143)

The Senate bill contained a provision (sec. 141) that would require the Secretary of the Air Force to align the fighter force structure acquisition strategy with the results of the independent studies required by section 1064 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) and to transmit the new strategy in a report to the congressional defense committees no later than March 1, 2020.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary of the Air Force to submit a report to the congressional defense committees, no later than March 1, 2020, on the aviation force structure acquisition strategy that aligns with the stated capability and capacity requirements of the Air Force to meet the National Defense Strategy. Additionally, the amendment would require a waiver from the Secretary of Defense if the Secretary of the Air Force deviates from the strategy

Prohibition on availability of funds for reduction in KC-10 primary mission aircraft inventory (sec. 144)

The House amendment contained a provision (sec. 124) that would prohibit the retirement of any primary inventory KC-10 aircraft in fiscal year 2020.

The Senate bill contained no similar provision.

The Senate recedes.

Limitation on availability of funds for F-15EX aircraft program (sec. 145)

The House amendment contained a provision (sec. 123) that would require the Secretary of Defense to designate the F-15EX program as a major subprogram and subject it to relevant reporting requirements and criteria pertinent to a major subprogram.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the same information pertinent to a major subprogram in the form of a comprehensive report, which the conferees understand would be less burdensome on the Secretary to generate instead of formal acquisition documents that could delay execution of the program using middle-tier rapid-acquisition authorities for the first two procurement lots of aircraft. The amendment would also authorize procurement of long-lead aircraft materials to be procured for all aircraft authorized.

The conferees expect the Secretary of the Air Force to maintain information transparency with the congressional defense committees, and to sufficiently and promptly keep the

congressional defense committees apprised of issues particularly associated with the planning, cost, schedule, execution, fielding, or risk related to the F-15EX program.

Limitation on availability of funds for VC-25B aircraft (sec. 146)

The House amendment contained a provision (sec. 125) that would prohibit the Secretary of the Air Force from obligating or expending any funds to exercise the over-and-above clause of the VC-25B contract until the Secretary submits a certification to the congressional defense committees.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the notification of congressional committees if the over-and-above clause in the VC-25B contract is used.

Limitation on availability of funds for RC-26B aircraft (sec. 147)

The House amendment contained a provision (sec. 129) that would limit funds for the retiring of the RC-26B aircraft until the Secretary of Air Force certifies to the congressional defense committees that other platforms or technologies provide equivalent capabilities to the RC-26B aircraft.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would limit funds until the report regarding the efficacy of the RC-26 mission is delivered; the Secretary of the Air Force certifies whether there are missions that the RC-26B is required to complete; and whether there is a more cost effective way to complete those missions should the RC-26B be divested or retired.

Limitation on availability of funds for retirement of RC-135 aircraft (sec. 148)

The House amendment contained a provision (sec. 126) that would prohibit any use of funds authorized to be appropriated in fiscal year 2020 for the Air Force to retire, or prepare to retire, any RC-135 aircraft until 60 days after the date on which the Secretary of Defense certifies to the congressional defense committees that equivalent RC-135 capacity and capability exists to meet combatant commander requirements for indications and warning, intelligence preparation of the

operational environment, and direct support to kinetic and non-kinetic operations.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Air Force aggressor squadron modernization (sec. 149)

The Senate bill contained a provision (sec. 144) that would require the Secretary of the Air Force to submit a report to the congressional defense committees on Air Force aggressor squadron modernization.

The House amendment contained a similar provision (sec. 130) that would require the Chief of Staff of the Air Force to submit to the congressional defense committees a plan and report on the strategy for modernizing the organic aggressor fleet.

The House recedes.

Air Force plan for Combat Rescue Helicopter fielding (sec. 150)

The Senate bill contained a provision (sec. 145) that expressed the Sense of Congress that the Air National Guard should retain additional HH-60G helicopters given the delays of the Operational Loss Replacement program and the fielding schedule of the Combat Rescue Helicopter program. Furthermore, it directed a report on the fielding and training plan for the Air National Guard.

The House amendment contained no similar provision.

The House recedes.

Report on feasibility of multiyear contract for procurement of JASSM-ER missiles (sec. 151)

The Senate bill contained a provision (sec. 143) that would require the Air Force to submit a report assessing the feasibility of entering into a multi-year contract for the procurement of the JASSM-ER. The report requires the Air Force to examine multi-year contract scenarios, including one that is an annual quantity of 550 missiles for five years. The conferees note that the Air Force quantity requirement for the JASSM-ER has recently increased and that procurement utilizing multi-year contracts versus annual contracts could provide significant cost savings to the Air Force.

The House amendment contained no similar provision.

The House recedes.

Report on aircraft fleet of the Civil Air Patrol (sec. 152)

The House amendment contained a provision (sec. 127) that would require the Secretary of the Air Force to submit a report to the congressional defense committees not later than 90 days after the date of the enactment of this Act on the Civil Air Patrol (CAP) that identifies and assesses the suitability of the current CAP aircraft fleet size, types of aircraft, and operating locations to meet mission requirements.

The Senate bill contained no similar provision.

The Senate recesses.

Sense of Congress on the light attack aircraft initiative of the Air Force (sec. 153)

The House amendment contained a provision (sec. 135) that would authorize the Commander of the U.S. Special Operations Command (USSOCOM) to procure light attack aircraft for Combat Air Advisor mission support if a validated special operations unique procurement requirement exists for USSOCOM.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that expresses a sense of the Congress on the importance of USSOCOM and the Secretary of the Air Force fully coordinating and collaborating on the experimental activities associated with the Air Force light attack aircraft initiative to inform future activities for USSOCOM and the Department of the Air Force regarding procurement of the light attack aircraft platform.

The conferees understand USSOCOM has an operational need and requirement for light attack aircraft for combat mission advisor support and as such expect the Secretary of the Air Force in coordination with the Commander of USSOCOM to consider options to synchronize and leverage Light Attack Aircraft experiments efforts to accelerate the procurement or development of aircraft for supporting the Combat Air Advisor mission requirements.

SUBTITLE E—DEFENSE-WIDE, JOINT, AND MULTISERVICE MATTERS

Economic order quantity contracting and buy-to-budget acquisition for F-35 aircraft program (sec. 161)

The House amendment contained a provision (sec. 131) that would authorize the Secretary of Defense to procure economic order quantities of material and equipment for the F-35 program. This section would also authorize the Secretary to procure F-35 aircraft exceeding the quantity otherwise authorized by this Act

if procurement of additional aircraft would not require additional funds to be authorized or appropriated.

The Senate bill contained a similar provision (sec. 153) that would authorize the Secretary of Defense to enter into multiyear procurement contracts for F-35 aircraft in economic order quantities for fiscal year 2021 (Lot 15) through fiscal year 2023 (Lot 17).

The Senate recedes with an amendment that would remove the requirement for the Secretary to provide the congressional defense committees a separate business-case analysis performed by the Office of the Director, Cost Assessment and Program Evaluation.

The conferees also support procurement, by the Secretary of Defense, of additional F-35A aircraft beyond the quantity of F-35A aircraft authorized in this Bill, if such procurement of additional aircraft would mitigate any negative cost and schedule impacts for current F-35 program participants resulting from the actions or decisions of foreign partners or customers currently involved in the F-35 program.

Relief from contractors for failure to deliver ready-for-issue spare parts for the F-35 aircraft program (sec. 162)

The House amendment contained a provision (sec. 134) that would require the Secretary of Defense to seek compensation from the contractor for costs related to the failure to deliver ready-for-issue spare parts for the F-35 aircraft program.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would ensure adequate relief from the prime contractors that delivered noncompliant ready-for-issue spare parts.

Limitation on availability of funds for reallocation of Turkish F-35A aircraft to the United States (sec. 163)

The conferees support the removal of the Government of Turkey from the F-35 program due to its purchase of the S-400 Russian air defense system. As such, the conferees would support procurement by the Department of Defense of all F-35A aircraft procured by the Government of Turkey. The conferees also encourage the Secretary of Defense to maximize the procurement quantity of Turkish F-35A aircraft associated with Lots 12, 13, or 14 during fiscal year 2020 using the additional funds authorized in section 4101 of this Act.

Additionally, given the significant impact of the sustainment and spare parts deficit currently within the F-35 program, the conferees emphasize the importance of fully funding

spare parts, ancillary mission equipment, publications, and technical data required to sustain F-35 aircraft. Therefore, the conferees recommend a provision that would require the Secretary of Defense to certify that these necessary support equipment items will be procured prior to taking possession of the Turkish F-35A aircraft, and that any Turkish F-35A aircraft will be delivered to the U.S. Air Force in a configuration that allows for integration into the existing Air Force F-35A fleet.

Finally, the conferees direct the Secretary of the Air Force, in consultation with the Undersecretary of Defense for Acquisition and Sustainment and the F-35 Program Executive Officer, to submit a report to the congressional defense committees not later than March 1, 2020, that describes the strategy and implementation plan associated with the necessary funding and actions required during each phase to produce, modernize, deliver, field, operate and sustain the Turkish F-35A aircraft authorized to be procured by the Department of Defense elsewhere in this Act.

Requirement to establish the use of an Agile DevOps software development solution as an alternative for Joint Strike Fighter Autonomic Logistics Information System (sec. 164)

The Senate bill contained a provision (sec. 142) that would require the Secretary of Defense to establish an agile software development activity as an alternative for the F-35 Autonomic Logistics Information System (ALIS) and would direct the Secretary of the Defense, in coordination with the Secretary of the Air Force, to brief the congressional defense committees on the findings of the competitive analysis no later than September 30, 2020.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to conduct a competitive analysis of the performance and design architecture enhancement efforts between the currently fielded ALIS, ALIS-Next, and the Department of the Air Force agile development operations Madhatter initiative efforts, including system technology transition opportunities and timelines.

F-35 sustainment cost (sec. 165)

The Senate bill contained a provision (sec. 152) that would require the F-35 Joint Program Office (JPO) to provide sustainment cost data, as part of the quarterly briefings to the congressional defense committees as required by section 155 of

the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House amendment contained no similar provision.

The House recedes with clarifying amendments associated with the specific timeline that achievable actions will be implemented by the F-35 program to address sustainment-related issues and that will reduce sustainment costs at a more expedient pace.

Reports on the progress and performance of the F-35 aircraft program (sec. 166)

The House amendment contained a provision (sec. 132) that would require the Secretary of Defense to designate the F-35 Block 4 and Continuous Capability Development and Delivery (C2D2) program as a major subprogram of the F-35 program in accordance with Title 10, United States Code, section 2430a. The amendment would also require the Comptroller General to submit annually to the congressional defense committees a report on various aspects of the F-35 Block 4 and C2D2 program.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would remove the requirement to designate the F-35 Block 4 and C2D2 program as a major subprogram, but require the Secretary of Defense to submit annually to the congressional defense committees an integrated master schedule and past performance assessment for each planned phase of Block 4 and C2D2 upgrades.

The conferees expect the Secretary of Defense to keep the congressional defense committees fully and promptly informed on the planning, cost, schedule, execution, fielding, and programmatic risk associated with the Block 4 and C2D2 program.

Other reports on F-35 aircraft program (sec. 167)

The House amendment contained a provision (sec. 133) that would require the Secretary of Defense to provide reports to the congressional defense committees on F-35 reliability and maintainability metrics, Block 4 capability development and fielding activities, and modernization and upgrade plans for the F-35 Autonomic Logistics Information System (ALIS).

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment that would modify the information provided by the Undersecretary of Defense for Research and Engineering, and by the Director, Operational Test and Evaluation for the F-35 Block 4 Upgrade and Continuous Capability Development and Delivery program.

Limitation on availability of funds for communications systems lacking certain resiliency features (sec. 168)

The Senate bill contained a provision (sec. 151, as amended by sec. 5151) that would prohibit funding of any current or future Department of Defense (DOD) communications programs of record that do not meet certain resiliency requirements.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment.

Repeal of tactical unmanned vehicle common data link requirement (sec. 169)

The Senate bill contained a provision (sec. 154) that would strike section 141 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109-163).

The House amendment contained no similar provision.

The House recedes with a technical amendment.

The conferees understand that Department of Defense policy will continue to prioritize commonality, open architecture, and non-proprietary systems for current and emerging platform, sensor, and weapons requirements. Repeal of this provision should not be construed as tacit permission to procure proprietary, unique data links for intelligence, surveillance, and reconnaissance (ISR) systems. The conferees expect the Under Secretary of Defense for Acquisition and Sustainment to update the DoD CDL policy dated May 3, 2018, as necessary to emphasize that program priorities, such as the congressionally-mandated migration off the common data link-To Be Sunset (TBS) waveforms, will proceed as previously planned. Further, the conferees expect a detailed accounting from USD A&S on plans to address data link requirements for emerging ISR systems and concepts.

LEGISLATIVE PROVISIONS NOT ADOPTED

Sense of Senate on Army's approach to capability drops 1 and 2 of the Distributed Common Ground System-Army program

The Senate bill contained a provision (sec. 111) that expressed the Sense of the Senate on the Army's approach to Capability Drops 1 and 2 of the Distributed Common Ground System-Army program.

The House amendment contained no similar provision.

The Senate recedes.

The conferees note the significant progress that the Army has made in deploying the Distributed Common Ground System-Army. The transition to using capability drops and the increased use

of readily available technology integration have improved program outcomes and accelerated deployment timelines.

The conferees encourage program managers in other military services and agencies of the Department of Defense to review the Army's approach to determine whether that approach would improve outcomes for their own Distributed Common Ground System programs in accordance with the requirements of 10 U.S.C. 2377.

Report on plans to support and maintain aircraft at Marine Corps air stations

The House amendment contained a provision (sec. 119) that would require the Secretary of the Navy to submit a report on the plans to support and maintain aircraft assigned to Marine Corps air stations that are transitioning from F-18 Hornet aircraft to the F-35 Lightning aircraft.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of the Navy to submit a report to the congressional defense committees, not later than 90 days after enactment of this Act, which details the plans to support and maintain the F-35 aircraft at Marine Corps air stations. The report shall include the number and composition of squadrons assigned to each air station, the required support and maintenance workforce including uniformed military, civilian, and contract personnel needed at each location, and the required construction and support facilities associated with F-35 stationing at each air station.

Capabilities based assessment for naval vessels that carry fixed-wing aircraft

The Senate bill contained a provision (sec. 122) that would require a capabilities based assessment for naval vessels that carry fixed-wing aircraft.

The House amendment contained no similar provision.

The Senate recesses.

Modification of limitation on use of funds for KC-46A aircraft

The House amendment contained a provision (sec. 122) that would amend section 146 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), to limit the use of funds for KC-46A aircraft pending submittal of certification, to include a military flight release.

The Senate bill contained no similar provision.

The House recesses.

Increase in funding for RC-135 aircraft mission training systems

The House amendment contained a provision (sec. 128) that would increase funding for the RC-135 aircraft mission training systems by \$200.0 million.

The Senate bill contained no similar provision.

The House recesses.

The outcome is reflected in section 4103 of the Act.

**TITLE II—RESEARCH, DEVELOPMENT, TEST, AND
EVALUATION**

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 201)

The Senate bill contained a provision (sec. 201) that would authorize appropriations for research, development, test, and evaluation at the levels identified in section 4201 of division D of this Act.

The House amendment contained an identical provision (sec. 201).

The conference agreement includes this provision.

**SUBTITLE B—PROGRAM REQUIREMENTS,
RESTRICTIONS, AND LIMITATIONS**

Program on enhancement of preparation of dependents of members of Armed Forces for careers in science, technology, engineering, and mathematics (sec. 211)

The House amendment contained a provision (sec. 211) that would make section 233 of the Carl Levin and Howard P. ``Buck'' McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) permanent.

The Senate bill contained no similar provision.

The Senate recesses.

Updates to the Department of Defense personnel management authority to attract experts in science and engineering (sec. 212)

The House amendment contained a provision (sec. 212) that would provide personnel management authorities through December

31, 2024, to the Director of the Joint Artificial Intelligence Center to facilitate the recruitment of eminent experts in science or engineering.

The Senate bill contained no similar provision.

The Senate recedes with a technical/clarifying amendment.

Establishment of joint reserve detachment of the Defense Innovation Unit (sec. 213)

The House amendment contained a provision (sec. 878F) that would require the Secretary of Defense, in consultation with the Secretaries of the military departments, to establish not fewer than three joint reserve detachments at the Defense Innovation Unit.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would allow the Secretary of Defense, in consultation with the Secretaries of the military departments, to establish joint reserve detachments at Defense Innovation Unit locations. The provision would also stipulate that assignment to a joint reserve detachment shall not qualify as a joint duty assignment.

The conferees encourage the Secretary of Defense to establish joint reserve detachments at Defense Innovation Unit locations and leverage the expertise, analysis, and alternatives for innovation that members of the reserve can provide, while simultaneously creating opportunities for greater engagement and collaboration between the defense innovation ecosystem, industry, and academia. The conferees also encourage the Secretaries of the military departments to provide additional opportunities for members of the reserve to serve in joint reserve detachments at the Defense Innovation Unit in order to utilize their relevant private sector experience to advance the technology requirements of the Department of Defense.

Research and educational programs and activities for Historically Black Colleges and Universities and Minority-Serving Institutions of Higher Education (sec. 214)

The House amendment contained a provision (sec. 871) that would amend chapter 141 of title 10, United States Code, to require the Department of Defense to ensure that the system used by the Federal Government to monitor or record contractor past performance for a grant or contract awarded to an institution of higher education includes incentives for the award of a sub-grant or subcontract to minority institutions.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify section 2362 of title 10, United States Code, to allow the Secretary of Defense to establish incentives to encourage higher education institutions to collaborate with minority institutions in support of defense-related research and education.

The conferees note that another provision in this bill directs the Secretary of Defense to commission an independent study of defense research at historically black colleges and universities and other minority institutions, which will include recommendations on the development of incentives to encourage research and educational collaborations.

Modification of authority for prizes for advanced technology achievements (sec. 215)

The Senate bill contained a provision (sec. 239) that would authorize the office of the Under Secretary of Defense for Acquisition and Sustainment to award prizes as part of competitions to develop or demonstrate technologies relevant to defense missions.

The House amendment contained no similar provision.

The House recedes.

The conferees note the Defense Advanced Research Projects Agency's and the Services' successful use of these types of prize competitions, which have spurred the advancement of robotics, driverless cars, and cybersecurity technologies.

Joint hypersonics transition office (sec. 216)

The House amendment contained a provision (sec. 213) that would amend section 218 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364) by directing the Department of Defense to establish a coordinating office that standardizes the technical priorities across the Department and provides discretionary authorization of funding of new technologies for expeditious transition to the service weapons systems.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Modification of proof of concept commercialization program (sec. 217)

The Senate bill contained a provision (sec. 216) that would make the commercialization pilot program authorized in section 1603 of the National Defense Authorization Act for

Fiscal Year 2014 (Public Law 113-66; 10 U.S.C. 2359 note) permanent.

The House amendment contained a similar provision (sec. 214).

The Senate recedes.

Modification of authority and addition of technology areas for expedited access to technical talent (sec. 218)

The Senate bill contained a provision (sec. 235) that would add rapid prototyping and infrastructure resilience to the technical areas eligible for the rapid contracting processes authorized under section 217 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The House amendment contained no similar provision.

The House recedes with an amendment that would amend the same section of law to require the Secretary of Defense to direct the Secretaries of the military departments to establish not fewer than three multi-institution task order contracts, consortia, cooperative agreements, or other arrangements to facilitate expedited access to university technical expertise, including faculty, staff, and students, within 180 days of the enactment of this Act. The amendment would also add hypersonics to the technical areas eligible for the rapid contracting process.

Expansion of coordination in support of national security innovation and entrepreneurial education (sec. 219)

The House amendment contained a provision (sec. 249) that would require the Under Secretary of Defense for Research and Engineering, in consultation with the Director of the Advanced Manufacturing Office of the Department of Energy, to conduct a study on the feasibility and potential benefits of establishing a lab-embedded entrepreneurial fellowship program.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would add the Department of Energy's lab-embedded entrepreneurship programs to the list of national security innovation and entrepreneurial education programs that the Secretary of Defense may support.

Modification of defense quantum information science and technology research and development program (sec. 220)

The Senate bill contained a provision (sec. 217) that would amend section 234 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by

specifying a list of organizations to be consulted in developing the research and investment plan required in that section and by requiring the Department of Defense to develop, in coordination with appropriate Federal entities, a taxonomy for quantum science activities and requirements for relevant technology and standards.

The House amendment contained a similar provision (sec. 230B).

The House recedes with an amendment that would: (1) Add a list of organizations to be consulted with; (2) Require the development of a taxonomy of quantum science activities; (3) Add a section on quantum science research centers; and (4) Add elements to the reporting requirement.

Understanding of investments in artificial intelligence and development of capabilities by adversaries (sec. 221)

The Senate bill contained a provision (sec. 5203) that would amend section 238 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to require the official designated to coordinate the Department of Defense's artificial intelligence activities to examine relevant open source publications germane to artificial intelligence research and development. The provision would also require the Secretary of Defense to provide to the congressional defense committees an analysis on the comparative capabilities of the United States and China in artificial intelligence.

The House amendment contained no similar provision.

The House recedes with an amendment that would remove the analysis from the provision.

The conferees direct the Secretary of Defense to provide to the congressional defense committees an analysis and briefing of comparative capabilities of China in artificial intelligence by March 1, 2020. The analysis and briefing shall consist of a comprehensive and national-level: (1) Comparison of public and private investment differentiated by sector and industry; (2) Review of current trends in ability to set and determine global standards and norms for artificial intelligence technology in national security, including efforts in international standard setting bodies; (3) Assessment of access to artificial intelligence technology in national security; and (4) Assessment of areas and activities in which the United States should invest in order to provide the United States with technical superiority over China in relevant areas of artificial intelligence. The analysis and briefing should also include: (1) A comprehensive assessment of the relative technical quality of activities in the United States and China; (2) A comprehensive assessment of

the likelihood that developments in artificial intelligence will successfully transition into military systems of China; (3) Predicted effects on United States national security if current trends in China and the United States continue; (4) Predicted effects of current trends in the digital and technology export relationships of both countries with existing and new trading partners; and (5) An assessment of the relationships that are critical and in need of development in the private and public sectors to ensure that investment in artificial intelligence keeps pace with that of global investment.

Advisory role of JASON scientific advisory group (sec. 222)

The House amendment contained a provision (sec. 215) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Acquisition and Sustainment, to seek to enter into a contract to support the JASON scientific advisory group.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the requirement for the Department of Defense's arrangement with the JASON scientific advisory group to conduct national security studies and analyses. The conferees expect the arrangement or contract to be structured to allow for the efficient management of multiple national security research studies under one agreement with the Department and to be available for use by other Federal agencies, similar to previous contracts for JASON research studies.

Direct Air Capture and Blue Carbon Removal Technology Program (sec. 223)

The Senate bill contained a provision (sec. 219) that would require the Secretary of Defense, in coordination with the Secretary of Homeland Security, the Secretary of Energy, and the heads of other Federal agencies as deemed appropriate by the Secretary of Defense, to carry out a program on the research, development, testing, evaluation, study, and demonstration of technologies related to blue carbon capture and direct air capture.

The House amendment contained a similar provision (sec. 217).

The House recedes with a technical amendment.

Requiring defense microelectronics products and services meet trusted supply chain and operational security standards (sec. 224)

The Senate bill contained a provision (sec. 233) that would require the Secretary of Defense to establish, by January 1, 2021, supply chain and operational security standards and requirements for microelectronics and require the Department of Defense to purchase microelectronics and related services to the maximum practicable extent from providers that meet these standards.

The House amendment contained a similar provision (sec. 230C).

The House recedes with an amendment that would: (1) Modify the required purchase implementation date; (2) Clarify the purchase requirement definition and specification; (3) Refine the applicability statement; (4) Clarify that suppliers should maintain the ability to sell commercially; and (5) Clarify that the standards be comprised of best practices.

The conferees intend that by incorporating and standardizing best practices the Department will improve its acquisition of securely manufactured, commercially-available products and ensure that a growing industrial base is more resilient to a variety of risks in the supply chain. Relevant best practices include those relating to: manufacturing location; company ownership; workforce composition and access during manufacturing; suppliers' design, sourcing, manufacturing, packaging, and distribution processes; and reliability of the supply chain. Rather than MIL-SPEC style standards that would inhibit the Department's flexibility, the standardization of best practices is intended to strike a balance between security and the cost-effectiveness of commercial solutions.

Development and acquisition strategy to procure secure, low probability of detection data link network capability (sec. 225)

The Senate bill contained a provision (sec. 211, as amended by sec. 5211) that would require the Chief of Staff of the Air Force (CSAF) and Chief of Naval Operations (CNO) to develop a joint development and acquisition strategy to procure a resilient, low latency, and low probability of detection data link network capability that would enable effective operation in the contested environments highlighted in the National Defense Strategy.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment that includes the Chief of Staff of the Army as part of the requirement.

The conferees are concerned about an absence of coordinated effort by the Department and the military services

on resilient, anti-jam, low probability of intercept/low probability of detection (LPI/LPD) communications. The conferees note that Congress previously directed a similar strategy on LPI/LPD data links in the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115- 91). The Department's response was incomplete and inadequate, recommending no change to current Department policy that designates the F-35's Multifunction Advanced Data Link (MADL) as the solution for 5th to 4th generation air platform networked communications. Both the Navy and Air Force acknowledge that the aircraft modifications needed to install MADL are unaffordable at scale. A January 2019 memorandum signed by all three service secretaries commits the military services to common data standards to ensure interoperability across the joint force. While this is a positive step, the conferees believe progress on the specific LPI/LPD communications issue requires additional leadership and attention from both the Department and the military services. The conferees expect a more comprehensive and executable response to this legislative provision and subsequent investment in the Fiscal Year 2021 budget submission.

Establishment of secure next-generation wireless network (5G) infrastructure for the Nevada Test and Training Range and base infrastructure (sec. 226)

The Senate bill contained a provision (sec. 212) that would require the Secretary of Defense to establish a secure fifth generation (5G) wireless network at the Nevada Test and Training Range as part of the Department of Defense (DOD) test infrastructure in order to provide an advanced cellular range for the Department.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Administration of manufacturing innovation institutes funded by the Department of Defense (sec. 227)

The Senate bill contained a provision (sec. 5206) that would direct the Secretary of Defense to make changes to the administration of centers for manufacturing innovation funded by the Department of Defense and coordinate with other activities.

The House amendment contained no similar provision.

The House recedes with technical amendments.

Research program on foreign malign influence operations (sec. 228)

The House amendment contained a provision (sec. 218) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Research and Engineering, to carry out a research program on foreign malign influence operations as part of the university and other basic research programs of the Department of Defense.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Defense, acting through the Under Secretary of Defense for Research and Engineering, to carry out a research program on foreign malign influence operations as part of the university research programs of the Department of Defense. Further, the provision would require the Secretary to submit to the congressional defense committees a notification not less than 30 days prior to initiating such a program.

Diversification of the research and engineering workforce of the Department of Defense (sec. 229)

The House amendment contained a provision (sec. 222) that would require the Secretary of Defense: (1) To assess critical skillsets required in the Department of Defense's science, technology, research, and engineering workforce to support emerging and future warfighter technologies, including an analysis of the recruitment, retention, and representation of minorities and women in the current workforce and geographic diversity; and (2) To develop and implement a plan to diversify and strengthen the Department's science, technology, research, and engineering workforce using existing programs and authorities.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would: (1) Include support from the Under Secretary of Personnel and Readiness for the assessment; (2) Specify the scope of the assessment as the research and engineering workforce of the Department of Defense; (3) Modify the elements required in the assessment; and (4) Require consultation with the Secretaries of the military departments in the development of the plan.

Policy on the talent management of digital expertise and software professionals (sec. 230)

The House amendment contained a provision (sec. 223) that would create a Chief Digital Engineering Recruitment and Management Officer at the Department of Defense responsible for promoting and maintaining digital expertise and software

development as core competencies for civilian and military employees at the Department of Defense.

The Senate bill contained a similar provision (sec. 517).

The Senate recedes with an amendment that would authorize the Secretary of Defense to appoint a Chief Digital Engineering Recruitment and Management Officer. The amendment would also require an implementation plan describing how the Department of Defense will execute its policy to promote and maintain digital expertise and software development as core competencies of the civilian and military workforce.

The conferees encourage the Secretary of Defense to include in the implementation plan required by this section the following: (1) An assessment of progress made in recruiting an individual to serve as the Chief Digital Engineering Recruitment and Management Officer; (2) A timeline for implementation of the policy required by this section; and (3) Recommendations for any legislative or administrative action needed to meet the requirements of this section.

Digital engineering capability to automate testing and evaluation (sec. 231)

The House amendment contained a provision (sec. 224) that would direct the Under Secretary of Defense for Research and Engineering and the Director of Operational Test and Evaluation to establish a digital engineering capability to serve as the foundation for automated approaches to software testing and evaluation and to establish a pilot to demonstrate whether such testing could satisfy developmental and operational test requirements; that would direct associated changes to policies and guidance for both efforts; and that would require an initial report regarding these activities to be submitted to the congressional defense committees not later than 90 days after enactment.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would further elaborate the governance process and that would further define the scope of the demonstration and selection of programs to participate, as well as clarifying amendments to the roles and responsibilities of officials and organizations and technical amendments to the reporting requirements.

The conferees believe that establishing a digital engineering capability is critical to accelerating the adoption of best practices in the use of software to model and simulate complex system behavior to assess potential effects of proposed hardware or software engineering changes on system performance. Further, the conferees note the significant potential value of

digital engineering capability for automating developmental and operational test and evaluation, and especially where a weapon or business system is software-defined and is developed using agile or secure continuous development/continuous delivery methods.

Process to align policy formulation and emerging technology development (sec. 232)

The House amendment contained a provision (sec. 225) that would require the Secretary of Defense to establish a process, not later than 180 days after the date of the enactment of this Act, to ensure that the policies of the Department of Defense relating to emerging technology are formulated and updated continuously as such technology is developed by the Department.

The Senate bill contained no similar amendment.

The Senate recedes with an amendment that would: (1) Modify the elements required for the process; (2) Modify the required report to a briefing; and (3) Modify definitions.

Improvement of the Strategic Capabilities Office of the Department of Defense (sec. 233)

The House amendment contained a provision (sec. 226) that would limit the ability of the Secretary of Defense to transfer the functions of the Strategic Capabilities Office (SCO) to another organization or element of the Department unless certain conditions are met.

The Senate bill contained a similar provision (sec. 905) that would prohibit any reorganization to the Department of Defense (DOD) that would impact SCO until the Chief Management Officer provides to the congressional defense committees a report assessing the impacts of such an organizational change.

The Senate recedes with a clarifying amendment.

Pilot program on enhanced civics education (sec. 234)

The House amendment contained a provision (sec. 238) that would require that the Secretary of Defense carry out a program under which the Secretary makes grants to eligible entities, on a competitive basis, to support the development and evaluation of civics education programs.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to carry out a pilot program to provide enhanced educational support and funding to Department of Defense Education Activity schools and schools with a Junior

Reserve Officers' Training Corps unit for the improvement of civics education programs.

Technology and national security fellowship (sec. 235)

The Senate bill contained a provision (sec. 218) that would require the Secretary of Defense to establish a technology and national security fellowship for individuals who possess an undergraduate or graduate degree that focuses on science, technology, engineering, or mathematics coursework.

The House amendment contained a provision (sec. 239) that would authorize the establishment of a similar fellowship.

The House recedes with an amendment that would: (1) Add individuals with an associate's degree; (2) Include an experience requirement for fellows who will be assigned to a congressional office; (3) Modify the entities specified for coordination; and (4) Give the Department of Defense discretion in establishing the fellowship program.

Documentation relating to the Advanced Battle Management System (sec. 236)

The House amendment contained a provision (sec. 220) that would require the Secretary of the Air Force to provide program documentation for the Advanced Battle Management System (ABMS) family of systems.

The Senate bill contained a similar provision (sec. 215) that would express the sense of the Senate on the Air Force's approach to the ABMS.

The Senate recedes with an amendment that would require the Secretary of the Air Force to provide a report on the ABMS family of systems that includes a list of activities, programs, and projects related to ABMS, the final analysis of alternatives for ABMS, and an analysis of the requirements and development schedule for the networked architecture necessary for multidomain command and control and battle management as part of the ABMS family of systems.

The conferees understand this concept, the Advanced Battle Management System family of systems, envisions several existing airborne and ground intelligence, surveillance, and reconnaissance (ISR) and command and control systems connected by resilient, protected communications and data links. Given the intended capability of ABMS, the conferees believes the Air Force should consider prototyping and demonstrating the utility of artificial intelligence and automated sensor fusion as part of the ABMS concept.

Sensor data integration for fifth generation aircraft (sec. 237)

The House amendment contained a provision (sec. 219) that would require the Secretary of Defense to ensure fifth generation aircraft such as the F-35, F-22, and B-21 can share and disseminate data collected by on-board sensors with other joint service users and platforms.

The Senate bill contained no similar provision.

The Senate recesses.

Sense of Congress on future vertical lift technologies (sec. 238)

The House amendment contained a provision (sec. 230A) that expressed the Sense of Congress that the Army should continue to invest in research, development, test, and evaluation programs to mature future vertical lift technologies.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Use of funds for Strategic Environmental Research Program, Environmental Security Technical Certification Program, and Operational Energy Capability Improvement (sec. 239)

The Senate bill contained a provision (sec. 240) that would require the Secretary of Defense to expend specific amounts appropriated for fiscal year 2020 for the Strategic Environmental Research Program, Operational Energy Capability Improvement Fund, and Security Technical Certification Program.

The House amendment contained no similar provision.

The House recesses with an amendment that would modify the use of funds for fiscal year 2020 and clarify that the account be executed through the Under Secretary of Defense for Acquisition and Sustainment.

Limitation and report on Indirect Fire Protection Capability Increment 2 capability (sec. 240)

The Senate bill contained a provision (sec. 213, as amended by sec. 5213) that would prohibit the obligation or expenditure of any funds for fiscal year 2020 for the Army's Indirect Fire Protection Capability Increment 2 (IFPC Inc 2) enduring capability program until the Secretary of the Army submits a report to the congressional defense committees addressing several issues related to the program. The provision would also require the Secretary of the Army to identify a

program of record in the President's budget request for fiscal year 2021 that addresses the Army's responsibility to provide the capability to defend against supersonic cruise missiles.

The House amendment contained no similar provision.

The House recesses with an amendment that would limit the obligation or expenditure of not more than 50 percent of funds for the IFPC Inc 2 program, including both enduring and interim capability, subject to submission of the report, including an assessment of the results of the performance, test, evaluation, integration, and interoperability of the first two batteries procured for the interim capability. The amendment would also require that the Secretary of Defense submit to the congressional defense committees a notification identifying the military services or agencies that will be responsible for the conduct of air and missile defense in support of joint campaigns as it applies to defense against current and emerging missile threats, including against each class of cruise missile.

SUBTITLE C—PLANS, REPORTS, AND OTHER MATTERS

Master plan for implementation of authorities relating to science and technology reinvention laboratories (sec. 251)

The House amendment contained a provision (sec. 231) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Research and Engineering, to provide a master plan to the congressional defense committees by October 30, 2020, as to how the Department of Defense will use its current authorities and responsibilities established in previous National Defense Authorization Acts to modernize the workforce and capabilities of its science and technology reinvention laboratories.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would: (1) Require the Secretary of Defense and each of the Secretaries of the military departments to develop the master plan; (2) Modify the elements required in the plan; and (3) Modify the reporting requirements.

Infrastructure to support research, development, test, and evaluation missions (sec. 252)

The House amendment contained a provision (sec. 232) that would require the Secretary of Defense, in consultation with the Secretaries of the military departments, to develop and

implement a master plan that addresses the research, development, test, and evaluation infrastructure and modernization requirements of the Department of Defense, to include the science and technology reinvention laboratories and the Major Range and Test Facility Bases.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would: (1) Require consultation with the Secretaries of the military departments; (2) Modify the elements of the plan; and (3) Require prioritization of unfunded requirements for laboratory military construction projects.

Energetics plan (sec. 253)

The Senate bill contained a provision(sec. 5201) that would require the Under Secretary of Defense for Research and Engineering to develop an energetics research and development plan to ensure a long-term, multi-domain research, development, prototyping, and experimentation effort.

The House amendment contained no similar provision.

The House recesses.

Strategy and implementation plan for fifth generation information and communications technologies (sec. 254)

The Senate bill contained a provision (sec. 236) that would express the sense of the Senate on the importance of secure fifth-generation (5G) wireless networks for the Department of Defense and would require the Secretary of Defense to provide quarterly briefings to the congressional defense committees on Department of Defense activities to develop and utilize secure 5G wireless networking technology.

The House amendment contained a provision (sec. 233) that would require the Secretary of Defense to develop and implement a strategy for 5G information and communications technologies not later than 270 days after the date of the enactment of this Act and to provide a briefing to the congressional defense committees not later than 180 days after the date of the enactment of this Act on the progress made in developing the strategy.

The Senate recesses with an amendment that would: (1) Modify elements of the required strategy; and (2) Add periodic briefings on the development and implementation of the strategy.

Department-wide software science and technology strategy (sec. 255)

The House amendment contained a provision (sec. 234) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Research and Engineering, to designate a senior official or existing entity within the Department of Defense with the principal responsibility for guiding the direction of research and development for next generation software and software intensive systems for the Department. This provision would also require that the designated senior official or entity develop a strategy for research and development of the next generation software and software intensive systems and submit the strategy to the congressional defense committees not later than 1 year after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would expand the scope of the activities assigned under a senior official and associated scope of the strategy, to include foundational research, technical workforce and infrastructure, software acquisition, and software dependent missions; and further an amendment that would expand the strategy to incorporate activities in certain organizations to include universities, federally funded research and development centers and other entities.

Artificial intelligence education strategy (sec. 256)

The House amendment contained a provision (sec. 235) that would require the Secretary of Defense to develop a strategy which identifies the key aspects, applications, and challenges associated with artificial intelligence that can be developed into an educational curriculum for military servicemembers who utilize the technology in the execution of their responsibilities. This provision would also require the development of an implementation plan for the educational curriculum and would mandate that the Department of Defense provide the Artificial Intelligence (AI) Education Strategy and the associated implementation plan to the congressional defense committees not later than 270 days after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to develop a strategy and implementation plan for educating servicemembers in relevant occupational fields on matters relating to artificial intelligence.

The conferees note that the implementation plan required by this provision should identify the following, as applicable:
(1) The military occupational specialties that are most likely

to involve interaction with AI technology; (2) The specific occupational specialties that will receive training in accordance with the planned curriculum; (3) The planned duration of AI training; (4) The context in which the training will be provided; (5) Metrics for evaluating the effectiveness of the training and curriculum; and (6) Any other issues the Secretary of Defense determines to be relevant.

Cyber science and technology activities roadmap and reports (sec. 257)

The Senate bill contained a provision (sec. 232) that would require the Under Secretary of Defense for Research and Engineering to develop a roadmap for the science and technology activities of the Department of Defense in support of the Department's cyber needs and missions.

The House amendment contained no similar provision.

The House recedes with an amendment that would add the rest of the Federal government to the list of entities to be consulted.

Report on B-52 commercial engine replacement program (sec. 258)

The House amendment contained a provision (sec. 221) that would limit funds for the B-52 commercial engine replacement program until the Secretary of the Air Force submits a capability development document and a signed test and evaluation master plan.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Commercial edge computing technologies and best practices for Department of Defense warfighting systems (sec. 259)

The Senate bill contained a provision (sec. 5207) that would require the Under Secretary of Defense for Acquisition and Sustainment to report to the congressional defense committees on commercial edge computing technologies and best practices for Department of Defense warfighting systems.

The House amendment contained no similar provision.

The House recedes.

Biannual report on the Joint Artificial Intelligence Center (sec. 260)

The House amendment contained a provision (sec. 236) that would require the Secretary of Defense to submit biannually a

report on the Joint Artificial Intelligence Center and its efforts to harmonize the Department's work on artificial intelligence issues.

The House amendment contained another provision (sec. 1078) that would require the Secretary of Defense, in consultation with head of the Joint Artificial Intelligence Center, to submit to the appropriate congressional committees a report on the artificial intelligence strategy of the Department of Defense.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would combine the reports into a single report and modify the required elements therein.

Quarterly updates on the Optionally Manned Fighting Vehicle program (sec. 261)

The House amendment contained a provision (sec. 237) that would require the Assistant Secretary of the Army for Acquisition, Logistics, and Technology in consultation with the Commander of the Army Futures Command to provide quarterly reports to the Committee on Armed Services of the House of Representatives on the progress of the Optionally Manned Fighting Vehicle program.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

National Study on Defense Research at Historically Black Colleges and Universities and Other Minority Institutions (sec. 262)

The House amendment contained a provision (sec. 240) that would establish an independent Federal commission to advance the research capability of Historically Black Colleges and Universities and other Minority Institutions.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the provision to require the Secretary of Defense to commission an independent National Academies of Sciences, Engineering, and Medicine study to review the state of defense research at covered institutions. The provision would also require the Department of Defense to develop an implementation plan in response to the recommendations of the study.

Study on national security emerging biotechnologies for the Department of Defense (sec. 263)

The Senate bill contained a provision (sec. 231) that would require the Secretary of Defense to develop a coordinated research program in emerging biotechnologies.

The House amendment contained no similar provision.

The House recedes with an amendment that would change the provision into a requirement for the Secretary of Defense to direct the Defense Science Board to study the national security aspects of emerging biotechnologies. The provision would also require a briefing on emerging biotechnology-based threats.

Independent study on optimizing resources allocated to Combating Terrorism Technical Support Office (sec. 264)

The Senate bill contained a provision (sec.237) that would require, not later than March 1, 2020, the transfer of responsibilities for the authority, direction, and control of the Combating Terrorism Technical Support Office (CTTSO) from the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict to the Under Secretary of Defense for Research and Engineering.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to seek to enter into a contract with a federally funded research and development center to conduct a study on the optimal use of resources allocated to the CTTSO.

Independent assessment of electronic warfare plans and programs (sec. 265)

The House amendment contained a provision (sec. 216) that would require the Secretary of Defense to seek to engage the members of the private scientific advisory group known as JASON as advisory personnel to provide advice, on an ongoing basis, on matters involving science, technology, and national security.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to engage the scientific advisory group known as JASON in order to carry out an independent assessment of electronic warfare plans and programs.

Technical correction to Global Research Watch Program (sec. 266)

The Senate bill contained a provision (sec. 234) that would make a technical correction to section 2365 of title 10, United States Code, related to the Global Research Watch Program.

The House amendment contained no similar provision.

The House recesses.

LEGISLATIVE PROVISIONS NOT ADOPTED

Electromagnetic spectrum sharing research and development program

The Senate bill contained a provision (sec. 214) that would require the Secretary of Defense, in consultation with the Administrator of the National Telecommunications and Information Administration and the Federal Communications Commission, to establish an electromagnetic spectrum sharing research and development program for fifth-generation wireless network technologies, Federal systems, and non-Federal incumbent systems that would focus on expanding sharing of electromagnetic spectrum.

The House amendment contained no similar provision.

The Senate recesses.

Sense of Congress on the importance of continued coordination of studies and analysis research of the Department of Defense

The House amendment contained a provision (sec. 227) that would express the sense of Congress on the importance of the continued coordination of studies and analysis research of the Department of Defense.

The Senate bill contained no similar provision.

The House recesses.

The conferees note the responsibilities of the Under Secretary of Defense for Research and Engineering in supervising all defense research and engineering, technology development, transition, prototyping, experimentation, and development testing activities, including unifying these efforts across the Department and the Services. The conferees understand the importance of coordinating these activities to prevent duplication of effort while also preserving the service-specific applications of research and engineering activities.

Musculoskeletal injury prevention research

The House amendment contained a provision (sec. 229) that would require the Secretary of Defense to conduct a musculoskeletal research program to identify risk factors for musculoskeletal injuries among servicemembers.

The Senate bill contained no similar provision.

The House recesses.

STEM jobs action plan

The House amendment contained a provision (sec. 230) that would require the Secretary of Defense to develop a plan of action to ensure the Department of Defense has access to personnel with necessary qualifications and experience in science, technology, engineering, and mathematics.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that jobs in science, technology, engineering, and math (STEM) make up a significant portion of the workforce of the Department of Defense. These jobs exist with the organic industrial base, research, development, and engineering centers, life-cycle management commands, and logistics centers of the Department. The conferees urge the Secretary of Defense to take decisive action to replace STEM personnel as they retire to ensure that the military does not suffer a skills and knowledge gap.

Briefing on cooperative defense technology programs and risks of technology transfer to China or Russia

The Senate bill contained a provision (sec. 238) that would require a briefing relates to cooperative defense technology programs the risks of technology transfer.

The House amendment contained no similar provision.

The Senate recesses.

Not later than March 1, 2020, the conferees direct the Secretary of Defense, in consultation with the Director of National Intelligence, to provide the congressional defense committees a briefing, and documents as appropriate, on current cooperative defense technology programs of the Department of Defense with any country the Secretary assess to be engage in significant defense or other advanced technology cooperation with the People's Republic of China or the Russian Federation. The briefing shall address: whether any current cooperative defense technology programs of the Department of Defense increase the risk of technology transfer to the People's Republic of China or the Russian Federation; what actions the Department of Defense has taken to mitigate the risk of technology transfer to the People's Republic of China or the Russian Federation with respect to current cooperative defense technology programs; and such recommendations as the Secretary may have for legislative or administrative action to prevent technology transfer to the People's Republic of China or the Russian Federation with respect to current or prospective cooperative defense technology programs, especially as it

relates to capabilities the Secretary assesses to be critical to maintain or restore the comparative military advantage of the United States.

Increase in funding for basic operational medical research science

The House amendment contained a provision (sec. 241) that would authorize an increase in funding for basic operational medical research in the Department of Defense.

The Senate bill contained no similar provision.

The House recesses.

Funding for the Sea-Launched Cruise Missile-Nuclear analysis of alternatives

The Senate bill contained a provision (sec. 241) that would increase the amount authorized for the nuclear sea-launched cruise missile analysis of alternatives by \$5.0 million, and would establish a program of record for this system.

The House amendment contained no similar provision.

The Senate recesses.

Increase in funding for university research initiatives

The House amendment contained a provision (sec. 242) that would increase the funding table authorization for research, development, test, and evaluation, Army, basic research, university research initiatives, line 003 (PE 0601103A), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Defense-wide, operating forces, Special Operations Command management/operational headquarters, line 080, by \$5.0 million.

The Senate bill contained no similar provision.

The House recesses.

Review and assessment pertaining to transition of Department of Defense-originated dual-use technology

The Senate bill contained a provision (sec. 242) that would require the Under Secretary of Defense for Research and Engineering to assess the Department of Defense (DOD) science and technology enterprise's policies and programs regarding intellectual property and commercialization and the potential for alternative contracting policies and strategies to facilitate innovation.

The House amendment contained no similar provision.
The Senate recedes.

The conferees direct the Under Secretary of Defense for Research and Engineering to enter into an arrangement with a university business school or law school with resident economics and intellectual property expertise to conduct an independent assessment of the Defense Advanced Research Projects Agency's and defense laboratories' contracting and intellectual property management policies and their effects on the commercialization of and innovation in dual-use technology. The assessment shall evaluate: (1) Whether current DOD policies and practices concerning intellectual property and government-purpose rights and licenses, in conjunction with current intellectual property law and its practice, limit commercialization and innovation in dual use-technology; and (2) Alternative policy options to accelerate commercialization and innovation in dual-use technology. The policy options to be evaluated should include at a minimum: (1) The DOD's retention, via contractual mechanisms, of intellectual property currently retained by contractors; (2) The DOD's use of prize-based competitions, research-as-a-service contracts, and government-funded grants to fund science and technology activities while retaining the intellectual property developed through those activities; (3) The incorporation of price ceilings for commercial products and licenses and commercial sale mandates in DOD contracts to discourage selective commercial hoarding; (4) Expansions or modifications to government purpose rights; and (5) Programs and policy to make DOD intellectual property, including that originating from research and development conducted in Department laboratories, more discoverable or available to the private sector.

No later than January 1, 2021, the university business school or law school should submit a report on the assessment to the Secretary of Defense with any recommendations for changes to statute, regulations, or policy. No later than February 1, 2021, the Secretary of Defense shall deliver the report to the Committees on Armed Services of the Senate and House of Representatives along with any relevant Department of Defense comments or recommendations.

Quantum Information Science Innovation Center

The House amendment contained a provision (sec. 243) that would require the Secretary of Defense to establish a Quantum Information Science Innovation Center to accelerate the Air Force's research and development in quantum information science. The provision would also increase the funding table authorization for research, development, test, and evaluation,

Air Force, applied research, dominant information sciences and methods, line 014, by \$10.0 million and decrease the funding table authorization for operation and maintenance, Defense-wide, operating forces, Special Operations Command Operational Support, line 090, by \$10.0 million.

The Senate bill contained no similar provision.

The House recedes.

The conferees note the modification of the existing authorization of a Defense Quantum Information Science and Technology Research and Development Program elsewhere in this bill. The conferees note that the Defense Quantum Information Science and Technology Research and Development Program includes the authority for each of the Secretaries of the military departments to establish or designate a Quantum Science Research Center.

Increase in funding for Naval University Research Initiatives

The House amendment contained a provision (sec. 244) that would increase the funding table authorization for research, development, test, and evaluation, Navy, basic research, University Research Initiatives, line 001 (PE 0601103N), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Defense-wide, operating forces, Special Operations Command Theater Forces, line 100, by \$5.0 million.

The Senate bill contained no similar provision.

The House recedes.

Increase in funding for university and industry research centers

The House amendment contained a provision (sec. 245) that would increase the funding table authorization for research, development, test, and evaluation, Army, basic research for university and industry research centers, line 004 (PE 0601104A), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Air Force, operational systems development, AF integrated personnel and pay system (AF-IPPS), line 158 (PE 0605018F), by \$5.0 million.

The Senate bill contained no similar provision.

The House recedes.

Increase in funding for national security innovation capital

The House amendment contained a provision (sec. 246) that would increase the funding table authorization for research, development, test, and evaluation, Defense-wide, for Defense

Innovation Unit Prototyping by \$75.0 million and decrease the funding table authorization for research, development, test, and evaluation, Defense-wide, advanced component development and prototypes, advanced innovative technologies, line 096 (PE 0604250D8Z), by \$75.0 million.

The Senate bill contained no similar provision.

The House recesses.

Increase in funding for Air Force University Research Initiatives

The House amendment contained a provision (sec. 247) that would increase the funding table authorization for research, development, test, and evaluation, Air Force, basic research, University Research Initiatives, line 002 (PE 0601103F), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Defense-wide, operating forces, Special Operations Command Theater Forces, line 100, by \$5.0 million.

The Senate bill contained no similar provision.

The House recesses.

Increase in funding for Naval University Research Initiatives

The House amendment contained a provision (sec. 248) that would increase the funding table authorization for Navy basic research, University Research Initiatives, line 001 (PE 0601103N), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Defense-wide, operating forces, Special Operations Command Theater Forces, line 100, by \$5.0 million.

The Senate bill contained no similar provision.

The House recesses.

Independent study on threats to United States national security from development of hypersonic weapons by foreign nations

The House amendment contained a provision (sec. 250) that would require the Secretary of Defense to enter into a contract with a federally funded research and development center in order to conduct a study on the development of hypersonic weapons capabilities by foreign nations.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the development of hypersonic weapons is a critical national interest as highlighted in the John S. McCain National Defense Authorization Act for Fiscal

Year 2019 (sec. 247) and encourages the Department of Defense to accelerate testing and development of hypersonic capabilities and technology.

Report on innovation investments and management

The House amendment contained a provision (sec. 251) that would require the Under Secretary of Defense for Research and Engineering to submit, not later than December 31, 2019, to the congressional defense committees a report on the efforts of the Department of Defense to improve innovation investments and management.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Under Secretary of Defense for Research and Engineering, not later than December 31, 2019, to provide to the Committees on Armed Services of the Senate and House of Representatives a report on the efforts of the Department of Defense to improve innovation investments and management.

The report shall include an explanation of the following: (1) How incremental and disruptive innovation investments for each military department are defined; (2) How such investments are assessed; and (3) Whether the Under Secretary has defined a science and technology management framework that emphasizes the greater use of existing flexible approaches to more quickly initiate and discontinue projects to respond to the rapid pace of innovation, incorporates acquisition stakeholders into technology development programs to ensure that they are relevant to customers, and promotes advanced prototyping of disruptive technologies within the defense labs so that the science and technology community can evaluate the effectiveness of these technologies and applications in future acquisition programs.

Increase in funding for Army University Research Initiatives

The House amendment contained a provision (sec. 253) that would increase the funding table authorization for Army basic research, University Research Initiatives, Line 003 (PE 0601103A), by \$5.0 million and decrease the funding table authorization for research, development, test, and evaluation, Army, system development and demonstration, integrated personnel and pay system-Army (IPPS-A), Line 143 (PE 0605018A), by \$5.0 million.

The Senate bill contained no similar provision.

The House recesses.

Funding for anti-tamper heterogenous integrated microelectronics

The House amendment contained a provision (sec. 254) that would increase the funding table authorization for research, development, test, and evaluation, Defense-wide, advanced technology development, defense-wide manufacturing science and technology program, line 047 (PE 0603680D8Z), by \$5.0 million and decrease the funding table authorization for other procurement, Army, elect equip-automation, general fund enterprise business systems fam, line 114, by \$5.0 million.

The Senate bill contained no similar provision.

The House recesses.

Briefing on use of blockchain technology for defense purposes

The House amendment contained a provision (sec. 255) that would require the Under Secretary of Defense for Research and Engineering to provide, no later than 180 days after the enactment of this Act, to the congressional defense committees a briefing on the potential use of distributed ledger technology for defense purposes.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Under Secretary of Defense for Research and Engineering to provide, not later than 180 days after the date of the enactment of this Act, to the congressional defense committees a briefing on the potential use of distributed ledger technology for defense purposes. This briefing shall include an explanation of how distributed ledger technology may be used by the Department of Defense to: (1) Improve cybersecurity, beginning at the hardware level, of vulnerable assets such as energy, water, and transport grids through distributed versus centralized computing; (2) Reduce single points of failure in emergency and catastrophe decision-making by subjecting decisions to consensus validation through distributed ledger technologies; (3) Improve the efficiency of defense logistics and supply chain operations; (4) Enhance the transparency of procurement auditing; and (5) Allow innovations to be adapted by the private sector for ancillary uses. The briefing shall also include any other information that the Under Secretary of Defense for Research and Engineering determines to be appropriate.

Efforts to counter manipulated media content

The House amendment contained a provision (sec. 256) that would direct the Secretary of Defense not later than 180 days

after the date of the enactment of this Act to provide a briefing to the congressional defense committees on Department of Defense (DoD) initiatives to identify and address manipulated media content, specifically "deepfakes."

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense not later than 180 days after the date of the enactment of this Act to provide a briefing to the congressional defense committees on initiatives of the DoD to identify and address, as appropriate and as authorized in support of DoD operations, manipulated media content, specifically "deepfakes." The briefing shall include, at a minimum:

1)A description of the status of efforts to develop technology to identify manipulated content impacting the national security of the United States;

2)A description of any challenges to detecting, labeling, and preventing foreign actors' manipulation of images and video impacting national security;

3)A description of any plans to make "deepfake"detection technology available to the public and other Federal agencies for use in identifying manipulated media;

4)A description of any efforts by DoD to engage academia and industry stakeholders to combat deliberately manipulated or deceptive information from state and non-state actors on social media platforms impacting operations overseas;

5)An assessment of the ability of adversaries to generate "deepfakes";

6)Recommendations for a long-term transition partner organization for ongoing research programs; and

7)Any other matters the Secretary deems relevant.

Additional amounts for research, development, test, and evaluation

The Senate bill contained a provision (sec. 5204) that would increase the funding table authorization for research, development, test, and evaluation, Defense-wide, Information Systems Security Program (PE 0303140D8Z), by \$25.0 million. The provision would also increase the funding table authorization for research, development, test, and evaluation, Navy, University Research Initiatives (PE 0601103N), by \$5.0 million. Finally, the provision would decrease the funding table authorization for the Defense Health Program's procurement program, the Department of Defense Healthcare Management System Modernization, by \$30.0 million.

The House amendment contained no similar provision.

The Senate recesses.

Briefing on explainable artificial intelligence

The Senate bill contained a provision (sec. 5205) that would require the Secretary of Defense to brief the congressional defense committees on the development and applications of explainable artificial intelligence, defined as artificial intelligence that has the ability to demonstrate the rationale behind its decisions in order for its human user to comprehend and characterize the strengths and weaknesses of its decision-making process as well as to understand how it will behave in the future in the contexts in which it is used.

The House amendment contained no similar provision.

The Senate recesses.

The committees direct the Secretary of Defense to brief, no later than 180 days after the date of the enactment of this Act, the congressional defense committees on the development and applications of explainable artificial intelligence. The briefing shall address or include: (1) The extent to which the Department of Defense currently uses and prioritizes explainable artificial intelligence; (2) The limitations of explainable artificial intelligence and the plans of the Department to address those limitations; (3) The future plans of the Department to require explainable artificial intelligence, particularly in technologies that have warfighting applications; (4) Any potential roadblocks to the effective deployment of explainable artificial intelligence across the Department; (5) Identification and descriptions of programs and activities, including funding and schedule, to develop or procure explainable artificial intelligence to meet defense requirements and technology development goals; and (6) Such other matters that the Secretary considers appropriate. The briefing shall be unclassified but may include a classified supplement.

TITLE III—OPERATION AND MAINTENANCE

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 301)

The Senate bill contained a provision (sec. 301) that would authorize appropriations for operation and maintenance activities at the levels identified in section 4301 of division D of this Act.

The House amendment contained an identical provision (sec. 301).

The conference agreement includes this provision.

SUBTITLE B—ENERGY AND ENVIRONMENT

Timeline for Clearinghouse review of applications for energy projects that may have an adverse impact on military operations and readiness (sec. 311)

The House amendment contained a provision (sec. 311) that would amend section 183a of title 10, United States Code, to allow the Military Aviation and Installation Assurance Clearinghouse 90 days to conduct its preliminary review of applications for an energy project.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would allow the Military Aviation and Installation Clearinghouse 75 days to conduct its preliminary review.

Authority to accept contributions of funds from applicants for energy projects for mitigation of impacts on military operations and readiness (sec. 312)

The House amendment contained a provision (sec. 313) that would amend section 183a of title 10, United States Code, to allow the Secretary of Defense to accept voluntary contribution of funds from an applicant for an energy project.

The Senate bill contained no similar provision.

The Senate recedes.

Use of proceeds from sale of recyclable materials (sec. 313)

The House amendment contained a provision (sec. 326) that would amend section 2577(c) of title 10, United States Code, by striking ``\$2,000,000'' and inserting ``\$10,000,000''.

The Senate bill contained no similar provision.

The Senate recedes.

Disposal of recyclable materials (sec. 314)

The House amendment contained a provision (sec. 327) that would amend section 2577(a) of title 10, United States Code, by defining the term 'recyclable materials' to include any quality recyclable material provided to the Department by a State or local government entity.''

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Office of the Secretary of Defense to authorize the recyclable material provided to the Department by a State or local government entity.

Department of Defense improvement of previously conveyed utility systems serving military installations (sec. 315)

The House amendment contained a provision (sec. 314) that would amend section 2688 of title 10, United States Code, by authorizing the use of military construction funding to support improvements to the reliability, resiliency, efficiency, physical security, or cybersecurity of a conveyed utility system.

The Senate bill contained no similar provision.

The Senate recesses.

Modification of Department of Defense environmental restoration authorities to include Federal Government facilities used by National Guard (sec. 316)

The Senate bill contained a provision (sec. 319) that would establish environmental restoration accounts for the Army National Guard and the Air National Guard.

The House amendment contained a similar provision (sec. 315) that would amend section 2707 of title 10, United States Code, to allow the Chief of the National Guard Bureau to access Defense Environmental Remediation Account funds for the limited purpose of addressing perfluorooctanoic acid and perfluorooctane sulfonate exposure and contamination resulting from National Guard activities in and around National Guard bases. This authority would sunset 5 years after the date of the enactment of this Act.

The Senate recesses with an amendment that would eliminate the 5 year sunset.

Use of operational energy cost savings of Department of Defense (sec. 317)

The Senate bill contained a provision (sec. 311) that would amend section 2912 of title 10, United States Code, to require that operational energy cost savings realized by the Department of Defense be used for the implementation of additional operational energy cost saving methods.

The House amendment contained a similar provision (sec. 899).

The House recesses.

Sale of electricity from alternate energy and cogeneration production facilities (sec. 318)

The Senate bill contained a provision (sec. 312) that would amend section 2916(b) of title 10, United States Code, to provide the Department of Defense more flexibility when using geothermal revenue.

The House amendment contained a similar provision (sec. 316).

The Senate recesses.

Energy resilience programs and activities (sec. 319)

The Senate bill contained a provision (sec. 313) that would make technical corrections to the Annual Energy Management and Resilience Report, require a report on funding levels for certain energy program offices, and establish targets for reduction in water use.

The House amendment contained a similar provision (sec. 330K).

The House recesses.

Technical and grammatical corrections and repeal of obsolete provisions relating to energy (sec. 320)

The Senate bill contained a provision (sec. 323) that would provide technical corrections to title 10, United States Code.

The House amendment contained no similar provision.

The House recesses.

Transfer authority for funding of study and assessment on health implications of per- and polyfluoroalkyl substances contamination in drinking water by Agency for Toxic Substances and Disease Registry (sec. 321)

The Senate bill contained a provision (sec. 317) that would amend section 316(a)(2)(B)(ii) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), as amended by section 315(a) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to extend through 2021, the transfer authority for funding of the study and assessment on health implications of per- and polyfluoroalkyl substances contamination in drinking water by the Agency for Toxic Substances and Disease Registry.

The House amendment contained an identical provision (sec. 317).

The conference agreement includes this provision.

Replacement of fluorinated aqueous film-forming foam with fluorine-free fire-fighting agent (sec. 322)

The Senate bill contained a provision (sec. 316) that would prohibit the Department of Defense from procuring firefighting foam that contains perfluoroalkyl and polyfluoroalkyl substances after October 1, 2022.

The House amendment contained a similar provision (sec. 318) that would require the Secretary of the Navy to complete a military specification for a fluorine-free fire fighting agent to be used at all Department of Defense installations not later than January 2025. This provision would ban use of fluorinated foams on military installations by September 2029 or before such date, if possible.

The Senate recedes with an amendment that would require the Secretary of the Navy to complete a military specification for a fluorine-free firefighting agent by January 2023 and prohibits Department of Defense procurement of fire-fighting foam containing perfluoroalkyl and polyfluoroalkyl substances after October 2023. Additionally, the amendment would prohibit the use of fluorinated foam by October 2024 with the option for the Secretary of Defense to extend the date for up to one year using a waiver authority.

Prohibition of uncontrolled release of fluorinated aqueous film-forming foam at military installations (sec. 323)

The House amendment contained a provision (sec. 319) that would require the Secretary of Defense to prohibit uncontrolled release of fluorinated Aqueous Film Forming Foam (AFFF) at military installations except in cases of emergency response and limited non-emergency use for training or testing of equipment where complete containment, capture, and proper disposal mechanisms are in place to ensure no AFFF is released into the environment.

The Senate bill contained no similar provision.

The Senate recedes.

Prohibition on use of fluorinated aqueous film forming foam for training exercises (sec. 324)

The House amendment contained a provision (sec. 320) that would prohibit the use of fluorinated aqueous film forming foam for training exercises at military installations.

The Senate bill contained no similar provision.

The Senate recesses.

Real-time sound-monitoring at Navy installations where tactical fighter aircraft operate (sec. 325)

The House amendment contained a provision (sec. 321) that would require the Secretary of the Navy and Secretary of the Air Force to conduct real-time noise monitoring at no fewer than three installations per military department where tactical fighter aircraft operate regularly and noise contours have been developed through noise modeling.

The Senate bill contained a similar provision (sec. 5305) that would require the Secretary of Defense to submit to the Committees on Armed Services of the Senate and the House of Representatives a report on monitoring of noise from flights and training of EA-18G Growlers associated with Naval Air Station Whidbey Island.

The Senate recesses with an amendment that would require noise monitoring at two West Coast Naval Air Stations. The conferees intent is that the use of real-time noise monitoring will assist in validating or modifying current noise modeling profiles and may advance the understanding of noise impacts.

Development of extreme weather vulnerability and risk assessment tool (sec. 326)

The House amendment contained a provision (sec. 322) that would direct the Secretary of Defense to develop a climate vulnerability and risk assessment tool to assist in providing standardized risk calculations of climate-related impacts to military facilities and capabilities.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to determine whether an existing climate vulnerability and risk assessment tool is available or can be adapted to be used quantify the risks associated with extreme weather events.

Removal of barriers that discourage investments to increase military installation resilience (sec. 327)

The House amendment contained a provision (sec. 324) that would require the Secretary of Defense to remove barriers and

reform policies that discourage investments to increase military installation resilience.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Budgeting of Department of Defense relating to extreme weather (sec. 328)

The Senate bill contained a provision (sec. 320) that would require the Secretary of Defense to include a dedicated budget line item for adaptation to and mitigation of effects of extreme weather on military networks, systems, installations, facilities, and other assets and capabilities of the Department of Defense in the annual budget submission of the President.

The House amendment contained a similar provision (sec. 328).

The House recesses.

Prohibition on Perfluoroalkyl Substances and Polyfluoroalkyl Substances in Meals Ready-to-Eat Food Packaging (sec. 329)

The House amendment contained a provision (sec. 330B) that would require, not later than October 1, 2020, the Director of the Defense Logistics Agency (DLA) to ensure that any food contact substances used to assemble and package meals ready-to-eat procured by the DLA do not contain any perfluoroalkyl substances or polyfluoroalkyl substances.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would change the date of prohibition from October 1, 2020 to October 1, 2021.

Disposal of materials containing per- and polyfluoroalkyl substances or aqueous film-forming foam (sec. 330)

The House amendment contained a provision (sec. 330D) that would provide the Department with guidance on the disposal of per- and polyfluoroalkyl substances (PFAS) by incineration, and the storage of PFAS containing materials.

The Senate bill contained no similar provision.

The Senate recesses with an amendment to clarify that all incineration is to achieve the maximum degree of reduction in PFAS emissions and that the provision only pertains to certain materials within the Department of Defense.

Agreements to share monitoring data relating to perfluoroalkyl and polyfluoroalkyl substances and other contaminants of concern (sec. 331)

The House amendment contained a provision (sec. 330F) that would require the Secretary of Defense to seek to enter into agreements with municipalities or municipal drinking water utilities located adjacent to military installations under which both the Secretary and the municipalities and utilities would share monitoring data relating to perfluoroalkyl substances, polyfluoroalkyl substances, and other emerging contaminants of concern collected at the military installation.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to maintain a publicly available website to provide information on exposure, testing, cleanup and treatment.

Cooperative agreements with States to address contamination by perfluoroalkyl and polyfluoroalkyl substances (sec. 332)

The Senate bill contained provisions (secs. 318 and 5318) that would encourage the Secretary of Defense to work expeditiously to finalize a cooperative agreement upon request from the governor of a State if there is suspected contamination from perfluoroalkyl and polyfluoroalkyl substances. If an agreement is not finalized or amended within 1 year, the Secretary would be required to submit a report to the appropriate committees and Members of Congress.

The House amendment contained an identical provision (sec. 330H).

The conference agreement includes this provision.

Plan to phase out use of burn pits (sec. 333)

The House amendment contained a provision (sec. 330L) that would require the Secretary of Defense to submit an implementation plan to phase out the use of the burn pits identified in the "Department of Defense Open Burn Pit Report to Congress" published in April 2019.

The Senate bill contained no similar provision.

The Senate recesses.

Information relating to locations of burn pit use (sec. 334)

The House amendment contained a provision (sec. 330M) that would require the Secretary of Defense to submit to the Secretary of Veterans Affairs and Congress a list of all locations at which open-air burn pits have been used by Secretary of Defense.

The Senate bill contained no similar provision.

The Senate recesses.

Data quality review of radium testing conducted at certain locations of the Department of the Navy (sec. 335)

The House amendment contained a provision (sec. 330N) that would require the Secretary of the Navy to provide an independent third-party data quality review of all radium testing completed by contractors of the Department of the Navy at locations where the Secretary is undertaking a project or activity funded through the following Department of Defense accounts: (1) Operation and Maintenance, Environmental Restoration, Navy; and (2) Operation and Maintenance, Environmental Restoration, Formerly Used Defense Sites.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would limit the requirement for an independent third-party quality review to certain locations.

Reimbursement of Environmental Protection Agency for certain costs in connection with the Twin Cities Army Ammunition Plant, Minnesota (sec. 336)

The Senate bill contained a provision (sec. 315) that would allow the Secretary of Defense to reimburse the Environmental Protection Agency for remedial actions performed at the Twin Cities Army Ammunition Plant.

The House amendment contained no similar provision.

The House recesses.

Pilot program for availability of working-capital funds for increased combat capability through energy optimization (sec. 337)

The Senate bill contained a provision (sec. 321) that would allow the Secretary of Defense and the military departments to use the working capital fund established pursuant to section 2208 of title 10, United States Code, to conduct a pilot program for energy optimization initiatives. Further, this provision would require the Secretary of Defense to submit an annual report to the congressional defense committees on the use of the authority during the preceding fiscal year. The annual report would be required to be submitted not later than 60 days after the President's budget is submitted to the Congress.

The House amendment contained no similar provision.

The House recesses.

Report on efforts to reduce high energy intensity at military installations (sec. 338)

The Senate bill contained a provision (sec. 322) that would require the Under Secretary of Defense for Acquisition and Sustainment to submit a report on efforts to achieve cost savings at military installations with high energy intensity to the congressional defense committees not later than September 1, 2020.

The House amendment contained no similar provision.
The House recesses.

SUBTITLE C—TREATMENT OF CONTAMINATED WATER NEAR MILITARY INSTALLATIONS

*Treatment of contaminated water near military installations
(secs. 341-345)*

The Senate bill contained a series of provisions (secs. 1071-1075) that would allow the Secretaries of the military departments to provide uncontaminated water sources or to treat water contaminated with perfluoroalkyl and polyfluoroalkyl substances if the water is used for agricultural purposes leading to products destined for human consumption. Additionally, these provisions would authorize the Secretary of the Air Force to acquire real property that has shown signs of contamination from perfluorooctanoic and perfluorooctane sulfonate.

The House amendment contained a similar provision (sec. 323).

The House recesses.

SUBTITLE D—LOGISTICS AND SUSTAINMENT

Materiel readiness metrics and objectives (sec. 351)

The Senate bill contained a provision (sec. 5301) that would require the Secretary of Defense to provide the congressional defense committees with a report for the life cycle sustainment of each major weapon system not later than February 1 of each year.

The House amendment contained a similar provision (sec. 331).

The Senate recesses with an amendment that would require the Secretary of Defense to conduct a comprehensive assessment

of the Department of Defense's materiel readiness and weapons system sustainment and to provide a report to the congressional defense committees not later than April 1, 2020.

Clarification of authority regarding use of working capital funds for unspecified minor military construction projects related to revitalization and recapitalization of defense industrial base facilities (sec. 352)

The House amendment contained a provision (sec. 332) that would amend section 2208(u)(2) of title 10, United States Code, to clarify the authority on the use of working capital funds for unspecified minor military construction projects related to defense industrial base facilities.

The Senate bill contained no similar provision.

The Senate recesses.

Modification to limitation on length of overseas forward deployment of naval vessels (sec. 353)

The Senate bill contained a provision (sec. 332) that would amend section 323 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) relating to the limitation on length of overseas forward deployment of naval vessels.

The House amendment contained no similar provision.

The House recesses.

Extension of temporary installation reutilization authority for arsenals, depots, and plants (sec. 354)

The Senate bill contained a provision (sec. 357) that would amend section 345(d) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91; 10 U.S.C. 2667 note) by striking ``September 30, 2020'' and inserting ``September 30, 2025."

The House amendment contained a similar provision (sec. 337).

The House recesses with a technical amendment.

F-35 Joint Strike Fighter sustainment (sec. 355)

The House amendment contained a provision (sec. 333) that would require the Under Secretary of Defense for Acquisition and Sustainment to submit a report on the steps being taken to improve the availability and accountability of F-35 parts within the supply chain. In addition, this provision would limit funds

available to the Under Secretary until such time as the report is delivered.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Report on strategic policy for prepositioned materiel and equipment (sec. 356)

The House amendment contained a provision (sec. 334) that would require the Assistant Secretary of Defense for Sustainment, in coordination with the Joint Staff, to submit a report to the congressional defense committees, not later than March 1, 2020, on the implementation plan for prepositioned materiel and equipment as required by section 321 of the National Defense Authorization Act for Fiscal Year 2014 (Public Law 113-66).

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would strike the funding prohibition.

Pilot program to train skilled technicians in critical shipbuilding skills (sec. 357)

The House amendment contained a provision (sec. 338) that would allow the Secretary of Defense to carry out a pilot program to train individuals to become skilled technicians in critical shipbuilding skills in partnership with existing Federal or State projects relating to investment and infrastructure in training and education or workforce development.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Requirement for military department inter-service depot maintenance (sec. 358)

The Senate bill contained a provision (sec. 331) that would require a joint memorandum of understanding in such cases where one military service would provide depot maintenance for an air platform of another military service.

The House amendment contained no similar provision.

The House recesses with a clarifying amendment.

Strategy to improve infrastructure of certain depots of the Department of Defense (sec. 359)

The Senate bill contained a provision (sec. 351) that would require the Secretary of Defense to deliver a comprehensive strategy to the congressional defense committees, not later than October 1, 2020, for improving the depot infrastructure of the military departments with the objective of ensuring that the depots have the capacity and capability to support the readiness and materiel availability goals of current and future weapon systems of the Department of Defense.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

SUBTITLE E—REPORTS

Readiness reporting (sec. 361)

The House amendment contained a provision (sec. 341) that would amend sections 117 and 482 of title 10, United States Code, to modify the delivery method, timeline, and required elements of the Quarterly Readiness Report to Congress and the Joint Forces Readiness Review.

The Senate bill contained no similar provision.

The Senate recedes.

Technical correction to deadline for transition to Defense Readiness Reporting System Strategic (sec. 362)

The Senate bill contained a provision (sec. 359) that would amend section 358(c) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by striking ``October 1, 2019'' and replacing it with ``October 1, 2020.''

The House amendment contained an identical provision (sec. 342).

The conference agreement includes this provision.

Report on Navy ship depot maintenance budget (sec. 363)

The House amendment contained a provision (sec. 343) that would require the Secretary of the Navy to submit reports for fiscal years 2021, 2022, and 2023 that provide additional information related to ship and submarine depot maintenance funding.

The Senate bill contained no similar provision.

The Senate recedes.

Report on Runit Dome (sec. 364)

The House amendment contained a provision (sec. 344) that would require the Secretary of Energy to submit a report on the status of the Runit Dome in the Marshall Islands.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would modify the reporting requirements.

Prohibition on subjective upgrades by commanders of unit ratings in monthly readiness reporting on military units (sec. 365)

The Senate bill contained a provision (sec. 356) that would prohibit the commander of a military unit who is responsible for monthly reporting of readiness from making any subjective upgrade of the overall rating of the unit. This provision would include a waiver authority if the first flag or general officer above the reporting unit in the chain of command approves of the upgrade. Additionally, this provision would require that any such waiver, and subsequent upgrades, be included in the Quarterly Readiness Report to Congress.

The House amendment contained no similar provision.

The House recesses.

Requirement to include foreign language proficiency in readiness reporting systems of Department of Defense (sec. 366)

The Senate bill contained a provision (sec. 5304) that would require the Secretary of Defense and the Secretaries of the military departments to include measures of foreign language proficiency as a mandatory element of unit readiness reporting in the Global Readiness and Force Management Enterprise not later than 90 days after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE F—OTHER MATTERS

Prevention of encroachment on military training routes and military operation areas (sec. 371)

The Senate bill contained a provision (sec. 353) that would require projects to file 1 year before construction if they are proposed within wide area surveillance over-the-horizon radar. Additionally, the provision allows the governor of a State to recommend geographical areas of concern to the Secretary of Defense.

The House amendment contained a similar provision (sec. 351) that would amend section 183a(c)(6) of title 10, United States Code, to include over-the-horizon radar in the coverage of early outreach procedures issues by the Military Aviation and Installation Assurance Siting Clearinghouse.

The House recesses.

Expansion and enhancement of authorities on transfer and adoption of military animals (sec. 372)

The Senate bill contained a provision (sec. 354) that would amend section 2583 of title 10, United States Code, to require veterinary screening and care for military working dogs prior to retirement or transfer to law enforcement agencies. The provision would also, as requested by the Department of Defense, extend transfer and adoption authorities to Department-owned mules and donkeys, in order to provide consistency for use of the word ``transfer`` throughout this section of law.

The House amendment contained a similar provision (sec. 353).

The House recesses.

Extension of authority for Secretary of Defense to use Department of Defense reimbursement rate for transportation services provided to certain non-Department of Defense entities (sec. 373)

The House amendment contained a provision (sec. 352) that would amend section 2642 of title 10, United States Code, to extend the date that the Secretary of Defense may use the Department of Defense reimbursement rate for military transportation services provided to certain non-Department of Defense entities until October 1, 2024.

The Senate bill contained no similar provision.

The Senate recesses.

Extension of authority of Secretary of Transportation to issue non-premium aviation insurance (sec. 374)

The House amendment contained a provision (sec. 354) that would amend section 44310 of title 49, United States Code, to extend the authority of the Secretary of Transportation to issue non-premium aviation insurance until September 30, 2023.

The Senate bill contained no similar provision.

The Senate recesses.

Defense personal property program (sec. 375)

The Senate bill contained a provision (sec. 355) that would prohibit the Secretary of Defense from entering into or awarding a contract to a commercial provider for the management of the Defense Personal Property Program (DP3) until 60 days after the Comptroller General of the United States submits to the congressional defense committees a report on the administration of the DP3.

The House amendment contained a similar provision (sec. 355) that, in addition to requiring a similar report from the Comptroller General, would establish a Global Household Relocation Services Advisory Group; require the Commander of the United States Transportation Command (USTRANSCOM) to prepare a business case analysis for the proposed award of a global household goods contract (GHC) for the DP3; and prohibit the Secretary of Defense from entering into a global household goods contract until the Commander of USTRANSCOM briefs the defense committees on its business case analysis and on the proposed structure and meeting schedule for the advisory group.

The Senate recedes with amendments that would prohibit the award of a GHC contract until April 1, 2020, and require the Under Secretary of Defense for Acquisition and Sustainment and the Assistant Secretary of Defense for Personnel and Readiness to submit to the congressional defense committees a report on implementation of the Personal Property Program Improvement Action Plan that was developed by the Personnel Relocation/Household Goods Movement Cross-Functional Team.

In addition, the conferees direct the Secretary of Defense to establish a Military Relocation Advisory Committee consisting of members representing USTRANSCOM; the military services; transportation services providers, including two small business concerns; and consumer representatives who are members of the Armed Forces or spouses of members of the Armed Forces. The Secretary of Defense should ensure that the advisory committee convenes regularly to provide the Secretary feedback on the DP3, military relocation services, and other issues relating to permanent change of station moves. Additionally, the Secretary should ensure that the advisory committee provides quarterly reports of its activities to the congressional defense committees.

Public events about Red Hill Bulk Fuel Storage Facility (sec. 376)

The House amendment contained a provision (sec. 356) that would require the Department of the Navy to hold quarterly events open to the public that provide information and updates on the Red Hill Bulk Fuel Storage Facility.

The Senate bill contained no similar provision.
The Senate recesses.

*Sense of Congress regarding Innovative Readiness Training
program (sec. 377)*

The House amendment contained a provision (sec. 357) that would express the sense of Congress on the importance of Innovative Readiness Training, particularly to non-contiguous States and territories.

The Senate bill contained no similar provision.
The Senate recesses.

Detonation chambers for explosive ordnance disposal (sec. 378)

The House amendment contained a provision (sec. 329) that would require the Secretary of the Navy to purchase and operate a closed detonation chamber.

The Senate bill contained no similar provision.
The Senate recesses with a clarifying amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Funding for Army Community Services

The House amendment contained a provision (sec. 302) that would increase the funding for Operation and Maintenance, Army for Base Operations Support for Army Community Services by \$30.0 million.

The Senate bill contained no similar provision.
The House recesses.

The conferees note that Army Community Services provides critical services, such as victim advocacy, financial counseling, employment readiness, among others. The conferees encourage the Department to increase the resources allocated to the account so Army Community Services can continue to provide imperative resources to servicemembers.

Increase in funding for civil military programs

The House amendment contained a provision (sec. 303) that would increase the funding for Operation and Maintenance, Defense-Wide for Civil Military Programs by \$50.0 million to support the National Guard Youth Challenge Program.

The Senate bill contained no similar provision.
The House recesses.

Authority to make final finding on designation of geographic areas of concern for purposes of energy projects with adverse impacts on military operations and readiness

The House amendment contained a provision (sec. 312) that would amend section 183a of title 10, United States Code, by changing the list of Department of Defense personnel who can make a final finding on the designation of a geographic area of concern.

The Senate bill contained no similar provision.
The House recesses.

Native American Indian lands environmental mitigation program

The Senate bill contained a provision (sec. 314) that would amend chapter 160 of title 10, United States Code, to allow the Secretary of Defense to establish a program to mitigate the environmental impacts of Department of Defense activities on Native American Indian lands.

The House amendment contained no similar provision.
The Senate recesses.

Offshore energy development

The House amendment contained a provision (sec. 325) that would prohibit the Secretary of Defense from issuing an offshore wind assessment that proposes wind exclusion areas and from objecting to an offshore energy project filed for review by the Military Aviation and Installation Assurance Clearinghouse (Clearinghouse) until 180 days after submitting a report to the congressional defense committees.

The Senate bill contained no similar provision.
The House recesses.

Comptroller General report on environmental cleanup of Vieques and Culebra, Puerto Rico

The House amendment contained a provision (sec. 330) that would require the Comptroller General of the United States to complete a study on the status of the Federal cleanup and decontamination process in the island-municipalities of Vieques and Culebra, Puerto Rico, and submit a report on the findings to the congressional defense committees not later than 180 days after the date of enactment of this Act.

The Senate bill contained no similar provision.
The House recesses.

The conferees believe that the Secretary of Defense should explore all alternatives to expedite the ongoing cleanup and environmental restoration process at the former military training sites located on Vieques and Culebra. The Department of Defense should also work with the U.S. Environmental Protection Agency, the Fish and Wildlife Service, and the Government of Puerto Rico to ensure the decontamination process is conducted in a manner that causes the least possible intrusion on the lives of island residents and minimizes public health risks. Lastly, the conferees note that the Federal Government should collaborate with local and private stakeholders to effectively address economic challenges and opportunities in Vieques, Culebra, and the adjacent communities of the former United States Naval Station Roosevelt Roads.

As such, the conferees direct the Comptroller General of the United States to complete a study and submit a report to the congressional defense committees on the status of the Federal cleanup and decontamination process in the island-municipalities of Vieques and Culebra, Puerto Rico, not later than 180 days after the date of enactment of this Act. The study should include a comprehensive analysis of the following:

(1) The pace of ongoing cleanup and environmental restoration efforts in the former military training sites in Vieques and Culebra; and

(2) Potential challenges and alternatives to accelerate the completion of such efforts, including their associated costs and any impact they might have on the public health and safety of island residents.

Comptroller General study on PFAS contamination

The House amendment contained a provision (sec. 330C) that would require the Comptroller General of the United States to conduct a review on the Department of Defense's efforts to clean up per- and polyfluoroalkyl substances contamination in and around military bases.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Comptroller General of the United States to conduct a review of the efforts of the Department of Defense to clean up Perfluorooctanoic acid (PFOA) and Perfluorooctane sulfonate (PFOS) contamination in and around military bases as well as the Department's efforts to mitigate the public health impact of the contamination. The study shall include an assessment of:

(1) When the Department discovered that drinking water sources used by members of the Armed Forces and residents of

communities surrounding military bases were contaminated with PFOS and/or PFOA;

(2) After learning that the drinking water was contaminated, when the Department notified members of the Armed Forces and residents of communities surrounding military bases that their drinking water is contaminated with per- and polyfluoroalkyl substances (PFAS);

(3) After providing such notification, how much time lapsed before those affected were given alternative sources of drinking water;

(4) The number of installations and surrounding communities currently drinking water that is contaminated with PFOS and/or PFOA above the Environmental Protection Agency's advisory limit;

(5) The amount of money the Department has spent on cleaning up PFOS and PFOA contamination through the date of enactment of this Act;

(6) The number of sites where the Department has taken action to remediate PFAS contamination or other materials as a result of the use of firefighting foam on military bases;

(7) Factors that might limit or prevent the Department from remediating PFAS contamination or other materials as a result of the use of firefighting foam on military bases;

(8) The estimated total cost of clean-up of PFOS and PFOA;

(9) The cost to the Department to discontinue the use of PFAS in firefighting foam and to develop and procure viable replacements that meet military specifications;

(10) The number of members of the Armed Forces who have been exposed to PFOS or PFOA in their drinking water above the EPA's Health Advisory levels during their military service.

(11) An evaluation of what the Department could have done better to mitigate the release of PFOS or PFOA contamination into the environment and expose servicemembers; and

(12) Any other elements the Comptroller General may deem necessary.

The Comptroller General shall provide, to the congressional defense committees, the Committee on Energy and Commerce of the House of Representatives, and the Committee on the Environment and Public Works of the Senate, a briefing on the preliminary findings not later than 1 year after the date of the enactment of this Act. The final results of the study shall be provided by a time mutually agreed upon by the committees and the Comptroller General.

Prohibition on use of perfluoroalkyl substances and polyfluoroalkyl substances for land-based applications of firefighting foam

The House amendment contained a provision (sec. 330E) that would prohibit the Secretary of Defense from using firefighting foam containing perfluoroalkyl and polyfluoroalkyl substances for land-based applications not later than October 1, 2023.

The Senate bill contained no similar provision.

The House recesses.

Study on energy savings performance contracts

The House amendment contained a provision (sec. 330J) that would require the Secretary of Defense to conduct a study on energy saving performance contracts (ESPCs).

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to conduct a study identifying any legislative or regulatory barriers to entering into more ESPCs. The study should include policy proposals for how the Department of Defense could evaluate the cost savings caused by increasing energy resiliency when evaluating whether to enter into ESPCs. The conferees further direct the Secretary to submit a report on the findings of the study the congressional defense committees not later than 180 days after the date of the enactment of this Act.

Findings, purpose, and apology

The House amendment contained a provision (sec. 330I) that would amend section 2(a)(1) of the Radiation Exposure Compensation Act (Public Law 101-426; 42 U.S.C. 2210 note) by inserting `` , including individuals in New Mexico, Idaho, Colorado, Arizona, Utah, Texas, Wyoming, Oregon, Washington, South Dakota, North Dakota, Nevada, Guam, and the Northern Mariana Islands, '' after ``tests exposed individuals''.

The Senate bill contained no similar provision.

The House recesses.

The conferees encourage the congressional judicial committees to take up the issue raised in the House provision given it is in their jurisdiction.

Limitation on use of funds for implementation of elements of master plan for redevelopment of Former Ship Repair Facility in Guam

The House amendment contained a provision (sec. 335) that would continue the limitations established by section 325 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) on expending Department of the

Navy funds to modify the former Ship Repair Facility in Guam except in certain circumstances through fiscal year 2020.

The Senate bill contained no similar provision.

The House recesses.

Report on effects of increased automation of defense industrial base on manufacturing workforce

The House amendment contained a provision (sec. 336) that would require the Secretary of Defense to submit a report on the effects of increased automation of the defense industrial base not later than 180 days after enactment.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Department of Defense Industrial Capabilities Annual Report for Fiscal Year 2018 highlights the manufacturing and defense industrial base provides opportunities for employment growth. The report goes on to say although the number of workers engaged in many traditional production occupations is projected to continue to decline over the coming decade, several other occupations that enable and support the modern, automated manufacturing facility are expected to surge. The Under Secretary of Defense for Acquisition and Sustainment is directed to brief the congressional defense committees by March 15, 2020 on the estimated number of jobs in the industrial base workforce expected to be gained due to the automation in the defense sector, an analysis describing the jobs expected to be gained, and a strategy to assist in attracting, training, and developing a workforce for these jobs.

Report on modernization of Joint Pacific Alaska Range Complex

The Senate bill contained a provision (sec. 341) that would require the Secretary of the Air Force to submit to the congressional defense committees a report on the long-term modernization of the Joint Pacific Alaska Range Complex.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct, not later than May 1, 2020, the Secretary of the Air Force submit to the congressional defense committees a report on the long-term modernization of the Joint Pacific Alaska Range Complex, the Nevada Test and Training Range, and other major training ranges. The report shall include the following: (1) An assessment of the requirement for providing realistic training against modern adversaries, including 5th generation adversary aircraft and ground threats,

and any current limitations compared to those requirements; (2) An assessment of the requirement to provide a realistic anti-access area denial training environment and any current limitations compared to those requirements; (3) An assessment of the requirement to modernize to provide realistic threats in a large-scale, combined-arms near-peer environment and any current limitations in meeting that requirement; and (4) A plan for balancing coalition training against training only for members of the Armed Forces of the United States.

Comptroller General study of out-of-pocket costs for service dress uniforms

The House amendment contained a provision (sec. 345) that would require the Comptroller General of the United States to conduct a study of the out-of-pocket costs to members of the Armed Forces for service dress uniforms.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Comptroller General of the United States to conduct a study of the out-of-pocket costs to members of the Armed Forces for service dress uniforms. The study should include the following:

(1) A description and comparison of the out-of-pocket cost to members of the Armed Forces for the purchase of service dress uniforms and service dress uniform items, broken down by—

- (A) gender;
- (B) Armed Force;
- (C) enlisted; and
- (D) officer.

(2) Stipends, in-kind provision of items, or other assistance provided by each service to personnel to offset cost of service dress uniforms.

(3) A comparison of the out-of-pocket cost for purchase and maintenance of service and service dress uniforms over 1, 5, 10, and 20-year periods.

(4) A description of service dress uniform changes directed by any of the Armed Forces over the past 10 years that have affected the out-of-pocket costs to members of the Armed Forces and the costs associated with such change, by gender.

(5) Any other information that the Comptroller General determines appropriate.

The conferees further direct the Comptroller General to provide a briefing to the congressional defense committees on the preliminary findings of the study not later than April 15, 2020, with a final report on the findings of the study to be

submitted to the congressional defense committees not later than September 30, 2020.

Inspector General audit of certain commercial depot maintenance contracts

The House amendment contained a provision (sec. 346) that would require the Inspector General of the Department of Defense to audit sole-source commercial depot maintenance contracts to determine if there has been any excess profit or cost escalation.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Inspector General of the Department of Defense to audit each military department and Defense Agency, as applicable, to determine if there has been any excess profit or cost escalation with respect to sole-source contracts relating to commercial depot maintenance, to include contracts for parts, supplies, equipment, and maintenance services.

Report on plan to decontaminate sites formerly used by the Department of the Army that have since been transferred to units of local government and are affected by pollutants that are, in whole or in part, a result of activity by the Department of Defense

The House amendment contained a provision (sec. 347) that would require the Secretary of the Army to submit to the appropriate congressional committees a report specifying properties that were under the jurisdiction of the Department of the Army and transferred to units of local government that may remain polluted because of activity by the Department of Defense as well as the Secretary's plan to decontaminate each covered property.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that there are numerous properties formerly under the jurisdiction of the Department of the Army, such as former Nike missile sites, that have been transferred to units of local governments and may remain polluted due to Department of Defense activity. This pollution may prevent these properties from being used for commercial or residential purposes.

As such, the conferees direct the Secretary of the Army to submit a report, not later than 90 days after the enactment of this Act, specifying the covered properties that may remain

polluted because of Department of Defense activities and a plan for how the Secretary plans to decontaminate each covered property. The report should be submitted to the Committee on Armed Services and the Committee on Energy and Natural Resources of the Senate as well as to the Committees on Armed Services, the Committee on Energy and Commerce, and the Committee Natural Resources of the House of Representatives.

The term "covered property" means property that was under the jurisdiction of the Department of the Army and was transferred to a unit of local government before the date of the enactment of section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, but that would have triggered Federal Government notice or action under that section had the transfer occurred on or after that date.

Limitation on use of funds regarding the basing of KC-46A aircraft outside the continental United States

The Senate bill contained a provision (sec. 352, as amended by sec. 5352) that would limit Air Force funds until the Secretary of the Air Force submits to the Congress a report on the projected plan and timeline for strategic basing of the KC-46A aircraft outside the continental United States.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Secretary of the Air Force to submit to Congress, not later than 180 days after the date of the enactment of this Act, a report on the projected plan for strategic basing of the KC-46A aircraft outside the continental United States.

Pilot program on reduction of effects of military aviation noise on private residences

The House amendment contained a provision (sec. 358) that would authorize a five-year pilot program for the purpose of mitigating the effects of military aviation noise on private residences in the vicinity of the military installations from which they operate.

The Senate bill contained no similar provision.

The House recesses.

The conferees remain concerned about the impact of military aviation noise on the communities surrounding military installations. The conferees note that community support is an important enabler of readiness. The conferees encourage the military services to find innovative ways to address the

community concerns about military aviation noise, maximize transparency, and increase dialog with concerned community members.

Clarification of food ingredient requirements for food or beverages provided by the Department of Defense

The Senate bill contained a provision (sec. 358) that would require the Secretary of Defense to publish a notice of proposed action before making any final rule, statement, or determination on the limitation or prohibition of a food or beverage ingredient provided by the Department of Defense.

The House amendment contained no similar provision.

The Senate recesses.

The conferees note that in 2017 the Department issued a notice that prohibited commonly used ingredients without considering the implications to manufacturers, farmers, and suppliers. The conferees direct the Secretary of Defense to engage with the private industry prior to making a new determination on food ingredients that may impact food supply chains, as well as, establish a point of contact within the department for engagement. Transparency when changing policy guidance on food ingredients will ensure the food and agriculture supply chain can meet new requirements.

Completion of Department of Defense Directive 2310.07E regarding missing persons

The House amendment contained a provision (sec. 359) that would require the Secretary of Defense to prioritize completion of Department of Defense Directive 2310.07E to improve the efficiency of locating missing persons.

The Senate bill contained no similar provision.

The House recesses.

Briefing on plans to increase readiness of B-1 bomber aircraft

The Senate bill contained a provision (sec. 5101) that would require the Secretary of the Air Force to provide the congressional defense committees a briefing on the Air Force's plans to increase the readiness of the B-1 bomber aircraft.

The House amendment contained no similar provision.

The Senate recesses.

The conferees are concerned with the readiness rates of the B-1 bomber and, therefore, direct the Secretary of the Air Force to provide, no later than February 29, 2020, the

congressional defense committees a briefing on the Air Force's plans to increase the readiness of the B-1 bomber aircraft.

The briefing should include the following elements: 1) A description of aircraft structural issues; 2) A plan for continued structural deficiency data analysis and training; 3) Projected repair timelines; 4) Future mitigation strategies; 5) An aircrew and maintainer training plan, including a plan to ensure that the training pipeline remains steady, for any degradation period; 6) A recovery timeline to meet future deployment tasking; and 7) A plan for continued upgrades and improvements.

Sense of Senate on prioritizing survivable logistics for the Department of Defense

The Senate bill contained a provision (sec. 5302) that would express the sense of the Senate on the importance of prioritizing survivable logistics.

The House amendment contained no similar provision.

The Senate recesses.

The conferees note that the joint logistics enterprise of the Armed Forces faces high-end threats from strategic competitors - China, Russia, and Iran - all of which have invested in anti-access area denial capabilities and gray zone tactics. As such, the conferees believe that resilient and agile logistics are necessary to implement the 2018 National Defense Strategy because it enables the United States to project power and sustain the fight against its strategic competitors in peacetime and during war.

Additionally, there are significant logistics shortfalls, as outlined in the November 2018 final report of the Defense Science Board Task Force on Survivable Logistics, which, if left unaddressed, would hamper the readiness and ability of the Armed Forces to conduct operations globally. The conferees believe that since the military departments have not shown a strong commitment to funding logistics, the Secretaries of the military departments should review the full list of recommendations in the report and address the chronic underfunding of logistics relative to other priorities.

Plan on sustainment of Rough Terrain Container Handler fleets

The Senate bill contained a provision (sec. 5303) that would require the Secretary of the Army and the Secretary of the Navy to develop plans for sustainment of the RT240 fleet, assess available modernization capabilities, and provide a joint

briefing to the defense committees on the readiness of both fleets.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Secretary of the Army and Secretary of the Navy to provide a briefing to the congressional defense committees, not later than 90 days after enactment of this Act. The briefing shall include the plans for sustainment of the RT-240 Rough Terrain Cargo Handler fleets to ensure operational capabilities into the 2030s, an assessment of available modernization capabilities to enhance joint deployment of such fleets, and current readiness of such fleets.

TITLE IV—MILITARY PERSONNEL AUTHORIZATIONS

SUBTITLE A—ACTIVE FORCES

End strengths for active forces (sec. 401)

The Senate bill contained a provision (sec. 401) that would authorize active-duty end strength as of September 30, 2019 as follows: Army, 480,000; Navy, 355,400; Marine Corps, 186,200; Air Force, 332,800.

The House amendment contained an identical provision.

The conference agreement includes this provision.

Revisions in permanent active duty end strength minimum levels (sec. 402)

The House amendment contained a provision (sec. 402) that would establish new minimum Active Duty end strengths for the Army, Navy, Marine Corps, and Air Force as of September 30, 2020. The committee recommends 480,000 as the minimum Active Duty end strength for the Army, 340,500 as the minimum Active Duty end strength for the Navy, 186,200 as the minimum Active Duty end strength for the Marine Corps, and 332,800 as the minimum Active Duty end strength for the Air Force.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE B—RESERVE FORCES

End strengths for Selected Reserve (sec. 411)

The Senate bill contained a provision (sec. 411) that would authorize the following end strengths for Selected Reserve personnel of the Armed Forces as of September 30, 2020; the Army National Guard of the United States, 336,000; the Army Reserve, 189,500; the Navy Reserve, 59,000; the Marine Corps Reserve, 38,500; the Air National Guard of the United States, 107,700; the Air Force Reserve, 70,100; and the Coast Guard Reserve, 7,000.

The House amendment contained an identical provision (sec. 411).

The conference agreement contains this provision.

End strengths for Reserves on active duty in support of the reserves (sec. 412)

The Senate bill contained a provision (sec. 412) that would authorize the following end strengths for Reserves on Active Duty in support of the reserve components as of September 30, 2020; the Army National Guard of the United States, 30,595; the Army reserve, 16,511; the Navy Reserve, 10,155; the Marine Corps Reserve, 2,386; the Air National Guard of the United States, 22,637; the Air Force Reserve, 4,431.

The House amendment contained an identical provision (sec. 412).

The conference agreement include this provision.

End strengths for military technicians (dual status) (sec. 413)

The Senate bill contained a provision (sec. 413) that would authorize the following end strengths for military technicians (dual status) as of September 30, 2020; the Army National Guard of the United States, 22,294; the Army Reserve, 6,492; the Air National Guard of the United States, 13,569; and the Air Force Reserve, 8,938.

The provision would also prohibit under any circumstances the coercion of a military technician (dual status) by a State into accepting an offer of realignment or conversion to any other military status, including as a member of the Active, Guard, and Reserve program of a reserve component. The provision would further specify that if a technician declines to participate in such a realignment or conversion, no further action may be taken against the individual or the individual's position. The provision would require the Chief of the National Guard Bureau to certify by January 1, 2020, to the Committees on Armed Services of the Senate and House of Representatives the number of positions realigned from military technician (dual

status) to a position in the Active, Guard, and Reserve (AGR) program of the Air National Guard during fiscal year 2019.

Finally, the provision would specify that if the number so certified is less than 3,190, that the authorized strength for Air National Guard military technicians be increased by the difference between the number certified and 3,190 (with a maximum increase of 2,292) and that authorized AGR strength for the Air National Guard be decreased by that same amount.

The House amendment contained a similar provision (sec. 413).

The House recedes with an amendment that would authorize the minimum number of military technicians (dual status) on the last day of fiscal year 2020 for the reserve components of the Army and the Air Force.

Maximum number of reserve personnel authorized to be on active duty for operational support (sec. 414)

The Senate bill contained a provision (sec. 414) that would authorize the maximum number of reserve component personnel who may be on Active Duty or full-time National Guard duty under section 115(b) of title 10, United States Code, during fiscal year 2020 to provide operational support.

The House amendment contained an identical provision (sec. 414).

The conference agreement includes this provision.

Authorized strengths for Marine Corps Reserves on active duty (sec. 415)

The Senate bill contained a provision (sec. 415) that would amend section 12011(a)(1) and section 12012(a) of title 10, United States Code, by adjusting the controlled grade caps for field grade officers and senior enlisted marines to account for increased end strength in the Marine Corps Active Reserve Program. The provision would also expand the field grade officer and senior enlisted strength tables to allow for future end strength increases.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Modification of authorized strength of Air Force Reserve serving on full-time reserve component duty for administration of the reserves or the National Guard (sec. 416)

The Senate bill contained a provision (sec. 5401) that would amend section 12011 of title 10, United States Code, to

increase the number of officers of the Air Force Reserve who are authorized to serve in the grade of major, lieutenant colonel, or colonel.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE C—AUTHORIZATION OF APPROPRIATIONS

Military personnel (sec. 421)

The Senate bill contained a provision (sec. 421) that would authorize appropriations for military personnel activities at the levels identified in section 4401 of division D of this Act.

The House amendment contained an identical provision (sec. 421).

The conference agreement includes this provision.

TITLE V—MILITARY PERSONNEL POLICY

SUBTITLE A—OFFICER PERSONNEL POLICY

Maker of original appointments in a regular or reserve component of commissioned officers previously subject to original appointment in other type of component (sec. 501)

The Senate bill contained a provision (sec. 502) that would amend section 531 of title 10, United States Code, to require the Secretary of Defense to make regular officer transfer appointments onto the Active-Duty list for reserve officers currently included on the reserve active-status list. The provision would also amend section 12203 of title 10, United States Code, to require the Secretary of Defense to make reserve officer transfer appointments onto the reserve active-status list for regular officers currently included on the Active-Duty list.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representative on the transfer of officer appointments from the regular to the reserve component.

Furnishing of adverse information on officers to promotion selection boards (sec. 502)

The Senate bill contained a provision (sec. 503) that would modify section 615 of title 10, United States Code, to expand the grades of officers for which credible information of an adverse nature must be furnished to a promotion selection board. In addition, the provision would require that credible information of an adverse nature be furnished to a promotion selection board and its members at each stage or phase of the board, concurrent with the screening, rating, assessment, evaluation, discussion, or other consideration of the officer or of the officer's official military personnel file.

The House amendment contained no similar provision.

The House recesses.

Limitation on number of officers recommendable for promotion by promotion selection boards (sec. 503)

The Senate bill contained a provision (sec. 504) that would amend section 616 of title 10, United States Code, to limit the number of officers who may be recommended for promotion by a promotion selection board to no more than 95 percent of officers who are in a given promotion zone.

The House amendment contained no similar provision.

The House recesses.

Expansion of authority for continuation on active duty of officers in certain military specialties and career tracks (sec. 504)

The Senate bill contained a provision (sec. 505) that would correct a technical oversight in section 506 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by amending section 637a of title 10, United States Code, to authorize each of the Secretaries of the military departments to continue certain officers serving in the pay grades of O-3 and O-4 in an occupational specialty, rating, or specialty code, as designated by the relevant secretary, who are not yet retirement eligible but would otherwise be subject to statutory separation to complete up to 40 years of active service.

The House amendment contained no similar provision.

The House recesses.

Management policies for joint qualified officers (sec. 505)

The House amendment contained a provision (sec. 501) that would amend section 661 of title 10, United States Code, to allow the Chairman of the Joint Chiefs of Staff to delegate the

approval authority for non-Joint Qualified Officers to fill critical joint duty assignments, thus allowing the Chairman's designee to approve or disapprove waivers.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would allow the Chairman of the Joint Chiefs of Staff to delegate the approval authority for non-Joint Qualified Officers to fill critical joint duty assignment to a general or flag officer who is an officer of the armed forces in the grade of O-9 or higher.

Modification of authorities on management of deployments of members of the Armed Forces and related unit operating and personnel tempo matters (sec. 506)

The Senate bill contained a provision (sec. 515) that would amend section 991 of title 10, United States Code, to limit the ability of the Secretary of Defense to delegate deployment threshold exceptions to Senate-confirmed civilian officials within the Department of Defense. The provision would also require the Secretary of Defense to prescribe a separate policy to track dwell time for reserve members of the Armed Forces.

The House amendment contained no similar provision.

The House recesses with an amendment that would strike language repealing the authority of the Secretary of Defense to prescribe alternative definitions of "deployment."

Personnel tempo of the Armed Forces and the United States Special Operations Command during periods of inapplicability of high-deployment limitations (sec. 507)

The Senate bill contained a provision (sec. 5506) that would amend section 991 of title 10, United States Code, to require the Secretary of the military department concerned to create and maintain specific, measurable, deployment thresholds whenever a waiver to otherwise required personnel tempo limitations is in effect.

The House amendment contained no similar provision.

The House recesses with a clarifying amendment.

Permanent authority to defer past age 64 the retirement of chaplains in general and flag officer grades (sec. 508)

The Senate bill contained a provision (sec. 5510) that would amend section 1253 of title 10, United States Code, to permanently authorize the Secretary of the military department concerned to defer the retirement of an officer serving in a

general or flag officer grade who is the Chief of Chaplains or Deputy Chief of Chaplains of that officer's armed force.

The House amendment contained no similar provision.

The House recesses.

Higher grade in retirement for officers following reopening of determination or certification of retired grade (sec. 509)

The Senate bill contained a provision (sec. 506) that would modify section 1370 of title 10, United States Code, to require that any increase in the retired grade of an officer resulting from the reopening of the determination or certification of that officer's retired grade be made by the Secretary of Defense, by and with the advice and consent of the Senate. Any associated modification of the officer's retired pay would go into effect on the effective date of the increase in the officer's retired grade and would not be retroactive to the date of the officer's retirement. The provision would apply to any increase in retired grade that occurs after the date of the enactment of this Act, regardless of when the officer retired.

The House amendment contained no similar provision.

The House recesses.

Authority of promotion boards to recommend that officers of particular merit be placed higher on promotion list (sec. 510)

The House amendment contained a provision (sec. 503) that would amend sections 14108, 14109, and 14308 of title 10, United States Code, to allow for Reserve Component promotion selection boards to recommend placing an officer on the reserve active-status list higher on a promotion list based on particular merit, if at least a majority of the promotion selection board members so recommend.

The Senate bill contained no similar provision.

The Senate recesses.

Availability on the internet of certain information about officers serving in general or flag officer grades (sec. 510A)

The Senate bill contained a provision (sec. 507) that would require each of the Secretaries of the military departments to make available on a public website certain biographical, assignment-related information about the department's general and flag officers, including public notice when a general or flag officer has been reassigned to a new duty position. A secretary may decline to publish such information

only for reasons of risk to the individual officer or to national security, and only after informing the Committees on Armed Services of the Senate and the House of Representatives in writing.

The House amendment contained an identical provision (sec. 504).

The conference agreement includes this provision.

Functional badge or insignia upon commission for chaplains (sec. 510B)

The House amendment contained a provision (sec. 506) that would require military chaplains to receive a functional badge or insignia upon commission.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE B—RESERVE COMPONENT MANAGEMENT

Modification of grade level threshold for Junior Reserve Officers' Training Corps (sec. 511)

The House amendment contained a provision (sec. 520A) that would amend section 2031 of title 10, United States Code, to authorize the Secretary to consider the number of physically fit students above the 7th grade when establishing a Junior Reserve Officers' Training Corps (JROTC).

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require eligible JROTC students above the 7th grade to be co-located with the 9th grade participating unit.

Inclusion of STEM in courses of instruction for the Junior Reserve Officers' Training Corps (sec. 512)

The House amendment contained a provision (sec. 515) that would amend section 2031 of title 10, United States Code, to add science, technology, engineering, and mathematics to Junior Reserve Officers' Training Corps curriculum.

The Senate bill contained no similar provision.

The Senate recesses.

Inclusion of homeschooled students in Junior Reserve Officers' Training Corps units (sec. 513)

The Senate bill contained a provision (sec. 592) that would amend section 2031 of title 10, United States Code, to require public secondary educational institutions that maintain a Junior Reserve Officers' Training Corps unit to permit membership in the unit of home-schooled students residing in the area served by the institution and who would otherwise be qualified for membership in the unit if they were enrolled in the institution.

The House amendment contained a similar provision (sec. 520B).

The House recesses.

Clarification of eligibility to serve as Commander, Marine Forces Reserve (sec. 514)

The House amendment contained a provision (sec. 511) that would amend section 7038, 8083, 8084, and 9038 of title 10, United States Code, to require all officers selected to serve as the chief or commander of their respective service's reserve command be reserve officers who hold the rank of lieutenant general, or vice admiral in the case of the Navy.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would amend section 8084 of title 10, United States Code, to require officers selected to serve as the Commander of the Marine Forces Reserve be a general officer of the Marine Corps Reserve.

Extension and periodic evaluation of suicide prevention and resilience program for the reserve components (sec. 515)

The House amendment contained a provision (sec. 520G) that would strike subsection (g) of section 10219 of title 10, United States Code, to extend permanently the suicide prevention and resilience program for the reserve components and their families.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would extend such program for 5 years and require the Secretary of Defense to conduct a program evaluation every third year beginning in 2022, until the program terminates, to determine the effectiveness of the program.

Authority to defer mandatory separation at age 68 of officers in medical specialties in the reserve components (sec. 516)

The House amendment contained a provision (sec. 512) that would amend section 14703 of title 10, United States Code, to

authorize the Secretary concerned to retain Reserve Component medical specialty officers beyond the age of 68.

The Senate bill contained no similar provision.

The Senate recesses.

Modernization of inspection authorities applicable to the National Guard (sec. 517)

The Senate bill contained a provision (sec. 1036) that would amend section 105 of title 32, United States Code, to authorize the Chief of the National Guard Bureau to conduct inspections to determine whether units and members of the Army National Guard and Air Force National Guard comply with Federal law and policy applicable to the National Guard.

The House amendment contained no similar provision.

The House recesses with an amendment that would amend section 105 of title 32, United States Code, to authorize the Chief of the National Guard Bureau to have inspections made by commissioned officers of the National Guard on behalf of the Secretary of the Army or the Secretary of the Air Force. Any inspections made under this authority may be made only with the approval of the Secretary of the Army or the Secretary of the Air Force.

Consultation with Chief of the National Guard Bureau in the appointment or designation of National Guard property and fiscal officers (sec. 518)

The Senate bill contained a provision (sec. 1038) that would amend section 708 of title 32, United States Code, to require the Chief of the National Guard Bureau, subject to the approval of the secretary of the military department concerned, to assign, designate, or detail property and fiscal officers for each State, each territory, and the District of Columbia.

The House amendment contained no similar provision.

The House recesses with an amendment that would amend section 708 of title 32, United States Code, to require the Governor of each State, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands, and the commanding general of the National Guard of the District of Columbia to consult the Chief of the National Guard Bureau in appointing a qualified commissioned officer to be the property and fiscal officer of that jurisdiction.

Coast Guard Junior Reserve Officers' Training Corps (sec. 519)

The House amendment contained a provision (sec. 520) that would authorize the Secretary of the department in which the Coast Guard is operating to establish a Junior Reserve Officers' Training Corps unit in co-operation with Lucy Garrett Beckham High School, Charleston County, South Carolina.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would amend chapter 3 of title 14, United States Code, to authorize the Secretary of the department in which the Coast Guard is operating to establish and maintain a Junior Reserve Officers' Training Corp at public and private secondary educational institutions.

Repeal of requirement for review of certain Army Reserve officer unit vacancy promotions by commanders of associated active duty units (sec. 520)

The Senate bill contained a provision (sec. 511) that would repeal section 1113 of the Army National Guard Combat Readiness Reform Act of 1992, which was included in the National Defense Authorization Act for Fiscal Year 1993 (Public Law 102-484). This section required the review of a recommended unit vacancy promotion of an officer in the Selected Reserve by the commander of the Active-Duty unit associated with the Selected Reserve unit of that officer.

The House amendment contained an identical provision (sec. 513).

The conference agreement includes this provision.

Report on methods to enhance domestic response to large scale, complex and catastrophic disasters (sec. 520A)

The House amendment contained a provision (sec. 520E) that, not later than 180 days after the enactment of this Act, would require the Secretary of Defense, in consultation with the Federal Emergency Management Agency, the National Security Council, the Council of Governors, and the National Governors Association, to submit a report on their plan to establish policy and processes to implement the authority provided by the amendments made by section 520.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Report and briefing on the Senior Reserve Officers' Training Corps (sec. 520B)

The Senate bill contained a provision (sec. 5507) that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the feasibility and advisability of expanding the Senior Reserve Officers' Training Corps (ROTC) to include distance learning programs and community colleges. The provision would also require a briefing on the effect of prohibitions on closing certain ROTC detachments.

The House amendment contained no similar provision.

The House recesses.

Sense of Congress on increase in number of Junior Reserve Officers' Training Corps units (sec. 520C)

The House amendment contained a provision (sec. 518) that would express the sense of Congress regarding support for 3,700 Junior Reserve Officers' Training Corps units nationwide.

The Senate bill contained a similar provision.

The Senate recesses with an amendment that would remove all findings from the provision.

SUBTITLE C—GENERAL SERVICE AUTHORITIES AND CORRECTION OF MILITARY RECORDS

Advice and counsel of trauma experts in review by boards for correction of military records and discharge review boards of certain claims (sec. 521)

The Senate bill contained a provision (sec. 548) that would include social workers in the category of health care professionals whose diagnosis that a current or former servicemember is experiencing or has experienced post-traumatic stress disorder, traumatic brain injury, or another mental health disorder, must be accorded consideration by a board for the correction of military records or discharge review board in the matter of that member.

Further, the provision would include social workers in the category of health care professionals authorized to render a medical advisory opinion to a board for the correction of military records, or to be a member of a discharge review board considering the application of such a servicemember.

The Senate bill also included a provision (sec. 549) that would expand the types of cases in which boards for the correction of military records and discharge review boards must accord liberal consideration to the evidence presented by a servicemember or former servicemember, to include cases in which

post-traumatic stress disorder or traumatic brain injury related to sexual trauma, intimate partner violence, spousal abuse, or combat serves as all or part of the justification for the member or former member's application to the board for relief.

Further, the Senate bill included a provision (sec. 550) that would require a board for the correction of military records or a discharge review board reviewing a case in which a current or former servicemember's request for relief is based on post-traumatic stress disorder or traumatic brain injury, to seek advice and counsel from a psychiatrist, psychologist, or social worker with training on like mental health issues. The provision would further require that, if an applicant asserts sexual trauma, intimate partner violence, or spousal abuse, the board must seek advice and counsel from an expert in trauma specific to those adverse experiences.

The House amendment included a provision (sec. 530D) that would require a board for the correction of military records or a discharge review board considering a servicemember's request for relief that is grounded in post-traumatic stress disorder or traumatic brain injury, to seek advice and counsel from a psychiatrist, psychologist, or social worker with training on mental health issues associated with those diagnoses. If any such board is reviewing a claim in which sexual trauma, intimate partner violence, or spousal abuse is claimed, the board is mandated to seek advice from an expert in trauma specific to such adverse experiences.

The Senate recesses with a technical amendment.

Reduction in required number of members of discharge review boards (sec. 522)

The Senate bill contained a provision (sec. 547) that would amend section 1553 of title 10, United States Code, to reduce the minimum number of members comprising a Discharge Review Board from five to three.

The House amendment contained no similar provision.

The House recesses.

Establishment of process to review a request for upgrade of discharge or dismissal (sec. 523)

The House amendment contained a provision (sec. 521) that would require the Secretary of Defense to establish a board of discharge appeals to hear appeals of requests for upgraded discharges and dismissals that had been denied by the service review agencies. The provision also would require the Secretary to submit a report not later than April 1, 2021, on data based

on the appeals heard by the board, and to publish the information online annually beginning on October 1, 2022.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to establish a process by which to conduct a final review of a request for an upgrade in the characterization of a discharge or dismissal, after the petitioner had exhausted all remedies available at a military department board for the correction of military or naval records or discharge review board. The amended provision would direct the Secretary to make use of existing organizations, boards, processes, and personnel of the Department of Defense, to the greatest extent practicable, in establishing and implementing the review process, and would provide that subsequent to final review, the Secretary of Defense may recommend, as appropriate, that the secretary of the military department concerned upgrade the characterization of the petitioner's discharge or dismissal. Finally, the amended provision would delay until January 1, 2022, the requirement that the Secretary of Defense submit to the committees on armed services of the Senate and the House of Representatives, a report detailing the outcomes of the review process to that date, and echoes the requirement for annual online reporting of outcomes beginning on October 1, 2022.

Prohibition on reduction in the number of personnel assigned to duty with a service review agency (sec. 524)

The House amendment contained a provision (sec. 522) that would amend section 1559(a) of title 10, United States Code, to extend the prohibition on reducing the number of military and civilian personnel assigned to duty with the service review agency of a military department until December 31, 2025. This provision would also require the Secretary of each military department to submit a report that details that department's plan to reduce the backlog of applications before the service review agency and, not later than October 1, 2021, to maintain the resources required to meet timeliness standards for disposition of applications before the Corrections Boards under section 1557 of title 10, United States Code. The report would be required to be submitted to the Committees on Armed Services of the Senate and House of Representatives not later than 180 days after the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes.

Training of members of boards for correction of military records and discharge review boards on sexual trauma, intimate partner violence, spousal abuse, and related matters (sec. 525)

The Senate bill contained a provision (sec. 551) that would expand the types of cases in which boards for the correction of military records and discharge review boards must accord liberal consideration to the evidence presented by the servicemember or former servicemember in support of an application to the board and/or grant expedited consideration of such an application to include cases in which post-traumatic stress disorder or traumatic brain injury related to sexual trauma, intimate partner violence, spousal abuse, or combat serves as all or part of the justification for the member or former member's request for relief.

The House amendment contained a provision (sec. 530E) that would require that the curriculum of training for members of boards for the correction of military or naval records and discharge review boards include training on sexual trauma, intimate partner violence, spousal abuse, and the various responses of individuals to trauma.

Further, the provision would require the Secretary of Defense and the Secretary of Homeland Security to ensure that, to the extent practicable, the training developed and provided in this regard is uniform across the Armed Forces.

The Senate recesses.

Time requirements for certification of honorable service (sec. 526)

The House amendment contained a provision (sec. 524) that would require the secretary of a military department or a designated commissioned officer serving in the pay grade of O-6 or higher to, upon submission of a completed United States Citizenship and Immigration Services Form N-426 in the case of a member of the Armed Forces who has served honorably on Active Duty, provide certification not later than 5 days thereafter, and in the case of a member of the Armed Forces who has served honorably in the reserve component provide certification not later than 3 weeks thereafter.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to publish regulations governing the submission and processing of a completed United States Citizenship and Immigration Services Form N-426. Such regulations shall designate the appropriate grade of an officer authorized to certify the form, and establish timeliness

requirements, within which the form must be returned to the submitting servicemember.

Correction of certain discharge characterizations (sec. 527)

The House amendment contained a provision (sec. 530H) that would require that, on request of a former servicemember who was discharged from the Armed Forces because of his or her sexual orientation, the boards for the correction of military or naval records and discharge review boards of the applicable military department would change the discharge characterization of that member to honorable, if the board's review determined such change to be appropriate. The provision would require consistency across the Department of Defense in the manner of considering such requests, and that the former member be authorized to use regular processes to appeal a decision by such a board not to change the characterization of the member's discharge. Finally, as to each former member whose discharge characterization is changed, the provision would require the Secretary of Defense to reissue a revised DD Form 214 that does not reflect the sexual orientation of the member or the reason for the member's initial discharge.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would clarify that a former member covered by this provision may seek review pursuant to section 1552 of title 10, United States Code, section 1553 of such title, or any other process established by the Secretary of Defense for such purpose, of a decision by the appropriate board not to change the discharge characterization of that member.

Development of guidelines for use of unofficial sources of information to determine eligibility of members and former members of the Armed Forces for decorations when the service records are incomplete because of damage to the official record (sec. 528)

The House amendment contained a provision (sec. 530A) that would require the Secretary of Defense, in consultation with the Secretary of Veterans Affairs, to develop guidelines for the use of unofficial sources of information to determine the eligibility of a servicemember for benefits and decorations when the service records are incomplete because of damage to the records.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to develop guidelines for the use of

unofficial sources of information to determine the eligibility of a member or former member of the Armed Forces for decorations when the service records are incomplete because of damage.

Strategic plan for diversity and inclusion (sec. 529)

The House amendment contained a provision (sec. 526) that would require the Secretary of Defense to update and implement a Department of Defense Diversity and Inclusion Strategic Plan. The plan would cover a 5-year period beginning January 1, 2020.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to design and implement a 5-year strategic plan for diversity and inclusion in the Department of Defense that incorporates existing efforts to promote diversity and inclusion and is consistent with the objectives of the 2018 National Military Strategy. The amended provision would require the Secretary to implement the strategic plan for diversity and inclusion not later than 1 year from the date of the enactment of this Act.

Study regarding screening individuals who seek to enlist in the Armed Forces (sec. 530)

The House amendment contained a provision (sec. 530C) that would require the Secretary of Defense to study the feasibility of using the Federal Bureau of Investigation Tattoo and Graffiti Identification Program and National Gang Intelligence Center, to screen for white nationalists and individuals with ties to white nationalist organizations as part of background investigations and security screenings of individuals who seek to enlist in the Armed Forces.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to study the feasibility of using the Federal Bureau of Investigation Tattoo and Graffiti Identification Program and National Gang Intelligence Center to screen for a variety of extremist and gang-related activity.

Feasibility study regarding notification to Secretary of Homeland Security of honorable discharges of non-citizens (sec. 530A)

The House amendment contained a provision (sec. 530F) that would require the Secretary of Defense to provide the Secretary of Homeland Security with a copy of the Certificate of Release or Discharge from Active Duty (DD Form 214) issued to each

servicemember who is not a citizen of the United States and who is honorably discharged from the Armed Forces, not later than 30 days after the date of such discharge.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to study the feasibility of providing the Secretary of Homeland Security with a copy of the DD Form 214 of each non-citizen servicemember who is discharged from a period of Active Duty in the Armed Forces with an honorable characterization of service, within 30 days of the date of such member's discharge.

The conferees note that the purpose of the assessment is to consider whether the proactive transmission of a former servicemember's DD Form 214 to the Secretary of Homeland Security within 30 days of discharge promotes accurate and up-to-date record keeping regarding the immigration status of that former member. The conferees direct the Secretary of Defense to provide a report on the results of the assessment to the Committees on Armed Services of the Senate and the House of Representatives not later than 180 days after the date of the enactment of this Act.

Sense of Congress regarding accession physicals (sec. 530B)

The Senate bill contained a provision (sec. 5509) that would express a sense of Congress that permitting military accession physicals in local communities would allow military recruiters to focus on their core recruiting mission and also reduce cost and increase efficiency at military entrance processing stations (MEPS).

The House amendment contained a similar provision (sec. 529).

The Senate recedes with an amendment that would express a sense of Congress that the Secretary of Defense should explore alternatives to centralized accession physicals at MEPS, including by conducting such physicals through local community health care providers.

SUBTITLE D—MILITARY JUSTICE

Expansion of pre-referral matters reviewable by military judges and military magistrates in the interest of efficiency in military justice (sec. 531)

The Senate bill contained a provision (sec. 555) that would amend Article 30a of the Uniform Code of Military Justice

(10 U.S.C. 830a) to require the President to prescribe regulations governing proceedings related to an expanded set of matters that would be authorized to be conducted by military judges and military magistrates prior to the referral of court-martial charges. In addition to matters related to investigative subpoenas, warrants for electronic communications, and matters referred by an appellate court, this expanded set of pre-referral matters would include matters related to the pre-trial confinement of an accused, the mental capacity responsibility of an accused, and an accused's request for individual military counsel.

The House amendment contained a similar provision (sec. 540B).

The House recesses with a clarifying amendment.

Command influence (sec. 532)

The House amendment contained a provision (sec. 531) that would amend section 837 of title 10, United States Code (article 37 of the Uniform Code of Military Justice), to prohibit convening authorities and commanding officers from censuring or admonishing a military court, or any of its members, the military judge, or counsel, with respect to the findings or sentence adjudged by the court; from deterring or attempting to deter a potential witness from participating in the investigative process or testifying at a court-martial; or from attempting to coerce or influence the action of a court-martial or member thereof, in reaching the findings or sentence in any case, or the actions of the convening, approving, or reviewing authority. The provision would expressly permit convening authorities and commanding officers to engage in general communications with subordinates or to seek advice from a superior officer on the disposition of alleged violations of the Uniform Code of Military Justice. The provision would clarify that no findings of a sentence of a court-martial may be held incorrect on the grounds of a violation of this provision unless the violation materially prejudices the substantial rights of the accused.

The Senate bill contained no similar provision.

The Senate recesses with technical amendments.

Statute of limitations for certain offenses (sec. 533)

The House amendment contained a provision (sec. 532) that would amend Article 43 of the Uniform Code of Military Justice (10 U.S.C. 843) to include the offenses of maiming or kidnapping of a child among those that may be tried and punished at any

time, without limitation. This amendment would take effect on the date of enactment of this Act and would apply with respect to the prosecution of such offenses committed before, on, or after the date of the enactment of this Act, provided the applicable limitation period has not yet expired.

The Senate bill contained no similar provision.

The Senate recesses.

Public access to dockets, filings, and court records of courts-martial or other records of trial of the military justice system (sec. 534)

The Senate bill contained a provision (sec. 559) that would amend Article 140a of the Uniform Code of Military Justice (10 U.S.C. 940a) to clarify that the Secretary of Defense must act in coordination with the Secretary of Homeland Security to apply to the United States Coast Guard the uniform standards and criteria governing administration of the military justice system, including those associated with: (1) The collection and analysis of data; (2) Case processing and management; (3) Timely, efficient, and accurate production and distribution of records of trial; and (4) Facilitating public access to docket information, filings, and records of court-martial proceedings. Further, the provision also would clarify that the Privacy Act (5 U.S.C. 552a) would not apply to courts-martial information made publicly available in accordance with Article 140a. Finally, the provision would affirm that the public access requirement would not apply to court-martial docket information, filings, or records that are classified, subject to a judicial protective order, or ordered sealed.

The House amendment contained no similar provision.

The House recesses with an amendment that would maintain applicability of the Privacy Act to records of trial produced or distributed within the military justice system, as well as to docket information, filings, and records made accessible to the public.

Extension of Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces (sec. 535)

The Senate bill contained a provision (sec. 533) that would amend section 546(f)(1) of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) to extend the term of the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces (DAC-IPAD) by 5 years.

The House amendment contained a similar provision (sec. 548).

The House recesses.

The conferees request the DAC-IPAD review, as appropriate, whether other justice programs (e.g., restorative justice programs, mediation) could be employed or modified to assist the victim of an alleged sexual assault or the alleged offender, particularly in cases in which the evidence in the victim's case has been determined not to be sufficient to take judicial, non-judicial, or administrative action against the perpetrator of the alleged offense.

Further, the conferees recognize the importance of providing survivors of sexual assault an opportunity to provide a full and complete description of the impact of the assault on the survivor during court-martial sentencing hearings related to the offense. The conferees are concerned by reports that some military judges have interpreted Rule for Courts-Martial (RCM) 1001(c) too narrowly, limiting what survivors are permitted to say during sentencing hearings in ways that do not fully inform the court of the impact of the crime on the survivor.

Therefore, the conferees request that, on a one-time basis, or more frequently, as appropriate, and adjunct to its review of court-martial cases completed in any particular year, the DAC-IPAD assess whether military judges are according appropriate deference to victims of crimes who exercise their right to be heard under RCM 1001(c) at sentencing hearings, and appropriately permitting other witnesses to testify about the impact of the crime under RCM 1001.

Authority for return of personal property to victims of sexual assault who file a Restricted Report before conclusion of related proceedings (sec. 536)

The Senate bill contained a provision (sec. 532) that would amend section 586 of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81) to require the Secretary of Defense to prescribe procedures under which a victim of sexual assault who files a restricted report may, at any time and on a confidential basis, request the return of the victim's personal property obtained as part of the sexual assault forensic examination. Any such request on the part of the victim would not affect the restricted nature of the victim's report of sexual assault. The provision also would require a Sexual Assault Response Coordinator or Sexual Assault Prevention and Response Victim Advocate to inform the victim of his or her right to request the return of personal property under these procedures, but that any such return might

negatively affect a subsequent adjudication of the case, should the victim later decide to convert the restricted report to an unrestricted report. The provision would not affect the requirement to retain a sexual assault forensic examination kit for the period required in law.

The House amendment contained no similar provision.

The House recesses.

Guidelines on sentences for offenses committed under the Uniform Code of Military Justice (sec. 537)

The House amendment contained a provision (sec. 533) that would require the Secretary of Defense to establish non-binding sentencing guidelines for offenses under the Uniform Code of Military Justice, taking into account sentencing data collected by the Military Justice Review Panel.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to develop non-binding guidelines on sentences for offenses under chapter 47 of title 10, United States Code (the Uniform Code of Military Justice), including suggested ranges of confinement. The provision would require the Secretary of Defense to submit the sentencing guidelines developed, together with an assessment of the feasibility and advisability of implementing such guidelines in panel sentencing cases, to the Committees on Armed Services of the Senate and the House of Representatives, not later than 1 year after the date on which the first report of the Military Justice Review Panel is submitted, to ensure that development of the guidelines is informed by sentencing data collected by the Panel.

Notification of significant events and documentation of preference for prosecution jurisdiction for victims of sexual assault (sec. 538)

The Senate bill contained a provision (sec. 524) that would require a commander of a member of the Armed Forces who is the victim of an alleged sexual assault committed by another member of the Armed Forces to provide notification to the victim of every key or other significant event in the military justice process in connection with the investigation, prosecution, and confinement of such other member. In cases in which the member of the Armed Forces alleged to have committed the sexual assault is subject to prosecution by both court-martial and by a civilian court under Federal or State law, the commander of the victim would be required to create and maintain appropriate documentation of the victim's expressed preference, if any, of

forum for prosecution of the offense. The Secretary of Defense would be required to prescribe regulations applicable to the notifications, elections, and documentation required by the provision.

The House amendment contained a similar provision (sec. 534).

The Senate recedes with an amendment that would require notification to a victim of each significant event in the military justice process, and documentation of that notification, as well as documentation of the victim's preference for prosecution jurisdiction, in an appropriate system of records of the military department concerned. The Secretary of Defense would be required to prescribe regulations implementing this provision not later than 180 days after the date of the enactment of this Act, with a view to permitting the Secretary to determine by whom each such notifications should be made, the manner of each notification, whether a victim may elect not to receive such notifications, and how decisions on the part of the victim should be memorialized, among other matters.

Increase in number of digital forensic examiners for certain military criminal investigative organizations (sec. 539)

The Senate bill contained a provision (sec. 557) that would require each of the secretaries of the military departments to increase the number of digital forensic examiners in each military criminal investigative organization (MCIO) under that secretary's jurisdiction by not fewer than 10 examiners above the baseline number of digital forensic examiners in each MCIO as of September 30, 2019.

The House amendment contained a similar provision (sec. 536).

The House recedes with a clarifying amendment.

Increase in investigative personnel and Victim Witness Assistance Program liaisons (sec. 540)

The House amendment contained a provision (sec. 535) that would require the secretaries of the military departments to ensure the number of personnel authorizations for criminal investigators allow for the completion of investigations of sex-related offenses in no more than 6 months, to the extent practicable. The provision would require each Secretary to issue guidance requiring criminal investigators to submit a status report to their direct supervisor in the event an investigation exceeds 90 days. The provision also would require

the secretaries of the military departments to increase the number of personnel serving as Victim Witness Assistance Program liaisons to address personnel shortages.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the secretaries of the military departments, within 1 year from the date of enactment of this Act, to increase the number of personnel assigned to the military criminal investigative organization of that department, with the goal of ensuring that, to the extent practicable, the investigation of any sex-related offense is completed not later than 6 months after the date on which the investigation is initiated. An investigation would be deemed complete when the active phase of the investigation is sufficiently complete to enable the appropriate authority to reach a decision with respect to the disposition of charges for the sex-related offense. The provision would further require each secretary to increase the number of personnel serving as Victim Witness Assistance liaisons to address personnel shortages in the program, also within a period of one year. Finally, the provision would specify that neither the statement of an aspirational timeline for the completion of investigations of sex-related offenses, nor the directive to increase the number of criminal investigators and Victim Witness Assistance liaisons creates a cause of action enforceable at law or in equity against the United States, the Department of Defense, or any person.

Training for sexual assault initial disposition authorities on exercise of disposition authority for sexual assault and collateral offenses (sec. 540A)

The Senate bill contained a provision (sec. 523) that would require comprehensive training for sexual assault initial disposition authorities, as defined by the April 20, 2012, Secretary of Defense memorandum, "Withholding Initial Disposition Authority Under the Uniform Code of Military Justice in Certain Sexual Assault Cases," on the exercise of their authorities in such cases, with a view to enhancing the capabilities of such authorities and promoting trust and confidence in the military justice system.

The House amendment contained a similar provision (sec. 540).

The Senate recesses with a technical amendment.

Training for commanders in the Armed Forces on their role in all stages of military justice in connection with sexual assault (sec. 540B)

The Senate bill contained a provision (sec. 525) that would require training provided to all military commanders to include comprehensive training on the role of a commander: (1) In all stages of the military justice process in connection with sexual assault committed by a member of the Armed Forces, including investigation and prosecution; (2) In ensuring that a victim of sexual assault is informed of, and has the opportunity to obtain, the assistance available by law; (3) In ensuring that the victim is afforded all rights and protections authorized under law; (4) In preventing retaliation; (5) In establishing and maintaining a healthy command climate; and (6) In any other matters in connection with sexual assault deemed appropriate by the Secretary of Defense.

The provision would further require that the training provided to commanders incorporate best practices in all matters covered. These best practices should be identified and brought current through periodic surveys and reviews.

The House amendment contained a similar provision (sec. 540C).

The House recesses with a technical amendment.

Timely disposition of nonprosecutable sex-related offenses (sec. 540C)

The House amendment contained a provision (sec. 539) that would require the Secretary of Defense to develop and implement a policy to ensure the timely disposition of non-prosecutable sex-related offenses.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to develop a policy to ensure the timely disposition of alleged sex-related offenses that a court-martial convening authority has declined to refer for trial by a general or special court-martial, due to a determination that there is insufficient evidence to support prosecution of the offense. The Secretary would be required to implement the policy within 180 days of the enactment of this Act.

Department of Defense-wide policy and military department-specific programs on reinvigoration of the prevention of sexual assault involving members of the Armed Forces (sec. 540D)

The Senate bill contained a provision (sec. 521) that would require the Secretary of Defense to promulgate a comprehensive policy to reinvigorate the prevention of sexual assault among members of the Armed Forces, within 180 days after enactment of this Act.

The provision would require inclusion in the comprehensive policy of programs that: (1) Provide education and training on the prevention of sexual assault; (2) Promote healthy relationships; (3) Are designed to empower and enhance the role of non-commissioned officers in the prevention of sexual assault; (4) Foster social courage to promote interventions to prevent sexual assault; (5) Address behaviors across the continuum of harm; (6) Counter alcohol abuse, including binge drinking; and (7) Encompass such other matters as the Secretary of Defense deems appropriate.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Recommendations on separate punitive article in the Uniform Code of Military Justice on sexual harassment (sec. 540E)

The Senate bill contained a provision (sec. 529) that would require the Joint Service Committee on Military Justice to submit to the Committees on Armed Services of the Senate and the House of Representatives, a report setting forth legislative and administrative actions required to establish a punitive article on sexual harassment in the Uniform Code of Military Justice. The report would be required to be submitted within 180 days of the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, not later than 180 days after the date of enactment of this Act, which report must set forth such recommendations as the Secretary considers appropriate with respect to the establishment of a separate punitive article on sexual harassment in chapter 47 of title 10, United States Code (the Uniform Code of Military Justice).

Report on military justice system involving alternative authority for determining whether to prefer or refer charges for felony offenses under the Uniform Code of Military Justice (sec. 540F)

The Senate bill contained a provision (sec. 561) that would require the Secretary of Defense to submit to the Committees on Armed Services of the Senate and the House of Representatives a report setting forth the results of a study on the feasibility and advisability of an alternative military justice system in which determinations to prefer or refer charges for trial by court-martial, for offenses for which the

maximum punishment includes confinement for more than 1 year under the Uniform Code of Military Justice (Chapter 47 of title 10, United States Code), would be made by a judge advocate officer in a grade of 0-6 or higher, who has significant experience in criminal litigation and is outside of the chain of command of the member of the Armed Forces who is the subject of the charges, rather than by a commanding officer in the subject's chain of command. The report would further assess the feasibility and advisability of conducting a pilot program to assess any such alternative military justice system, and would be required to be submitted not later than 300 days after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

Report on standardization among the military departments in collection and presentation of information on matters within the military justice system (sec. 540G)

The Senate bill contained a provision (sec. 562) that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, describing plans to standardize across the military departments, to the extent practicable, the collection and presentation of matters within their military justice systems, including information collected and maintained to facilitate public access to court-martial docket information, filings, and records, and for other purposes set forth in article 140 of the Uniform Code of Military Justice (10 U.S.C. 940a). In particular, the provision would require the Secretary to assess the feasibility and advisability of establishing and maintaining a single, Department of Defense-wide military justice data management system. The report would be submitted not later than 180 days after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

Report on expansion of Air Force safe to report policy across the Armed Forces (sec. 540H)

The Senate bill contained a provision (sec. 528) that would require the Secretary of Defense, in consultation with the secretaries of the military departments and the Secretary of Homeland Security, to submit a report to the Committees on Armed Services of the Senate and House of Representatives, assessing the feasibility and advisability of applying across the Armed

Forces, the Safe to Report policy currently applicable only in the Air Force. The report would be required to be submitted within 180 days of the date of the enactment of this Act.

The Safe to Report policy currently in effect in the Air Force provides that a member of the Armed Forces who is a victim of a sexual assault committed by another member of the Armed Forces, but who may have committed minor collateral misconduct at or about the time of the sexual assault or whose minor collateral misconduct is discovered only as a result of the investigation of the sexual assault, may report the assault to authorities without fear or receipt of discipline in connection with that minor collateral misconduct.

The House amendment contained no similar provision.

The House recesses.

Assessment of racial, ethnic, and gender disparities in the military justice system (sec. 540I)

The Senate bill contained a provision (sec. 535) that would require the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces to conduct a review and assessment of the race and ethnicity of servicemembers accused, charged, or convicted of certain sexual offenses.

The House amendment contained a similar provision (sec. 540A) that would require the Secretary of Defense to require that, as to each court-martial conducted after the date of the enactment of this Act, the race, ethnicity, gender, and other such demographic information about the victim and the accused are recorded, and that data based on this information is included in the annual military justice reports of the Armed Forces. Further, in consultation with the secretaries of the military departments and the Secretary of Homeland Security, the Secretary of Defense would conduct an evaluation to identify the causes of any racial, ethnic, or gender disparities in the military justice system and take appropriate steps to address them.

The Senate recesses with an amendment that would require the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces (or DAC-IPAD) to conduct certain reviews and assessments regarding the race and ethnicity of members of the Armed Forces accused, charged with, and convicted of certain sexual assault offenses, for each fiscal year in which the Committee assesses completed court-martial cases. A report on the results of all such reviews and assessment would be submitted to the Committees on Armed

Services of the Senate and the House of Representatives not later than one year after the date of the enactment of this Act.

Pilot programs on defense investigators in the military justice system (sec. 540J)

The Senate bill contained a provision (sec. 560) that would require each of the Secretaries of the military departments to execute a pilot program to determine whether the presence and utilization of defense investigators makes the military justice system more fair and efficient and more effective in determining the truth. Defense investigators engaged in each secretary's pilot would participate in the military justice system in a manner similar to that in which defense investigators participate in civilian criminal justice systems, and the personnel and activities of pilot program defense investigators would be uniform across all military departments, to the extent practicable.

The provision would specify that a defense investigator participating in the pilot may question a victim only upon a request made through a Special Victims' Counsel or other counsel of the victim or the trial counsel.

Further, the provision would require that, not later than 3 years after the date of the enactment of this Act, the Secretary of Defense submit to the Committees on Armed Services of the Senate and the House of Representatives a consolidated report on the defense investigator pilot program with an assessment of the feasibility and advisability of establishing and maintaining defense investigators as a permanent element of the military justice system.

The House amendment contained a similar provision (sec. 537).

The Senate recesses.

Report on preservation of recourse to restricted report on sexual assault for victims of sexual assault following certain victim or third-party communications (sec. 540K)

The Senate bill contained a provision (sec. 531) that would require the Secretary of Defense to submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the feasibility and advisability of a Department of Defense policy that would permit the victim of a sexual assault, when the victim is a member of the Armed Forces or an adult dependent of such a member, to have a report of the assault made by the victim to a member of the Armed Forces in the victim's or victim's sponsor's chain of command, or to

military law enforcement, treated as a restricted report. A report of the assault made by any individual other than the victim would be similarly treated. In preparing the report, which would be due not later than 180 days after the date of the enactment of this Act, the Secretary would be required to consult with the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces.

The House amendment contained a similar provision (sec. 550P).

The House recesses.

Report on establishment of guardian ad litem program for certain military dependents who are a victim or witness of an offense under the Uniform Code of Military Justice involving abuse or exploitation (sec. 540L)

The Senate bill contained a provision (sec. 563) that would require the Secretary of Defense to submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the feasibility and advisability of establishing a guardian ad litem program for military dependents, under 12 years of age or who lack mental or other capacity, who are victims or witnesses to an offense under the Uniform Code of Military Justice (Chapter 47 of title 10, United States Code) that involves an element of abuse or exploitation. Should the Secretary determine that establishment of such a program is feasible and advisable, the report must include a description of: (1) The administrative requirements, including resources, required for the program; (2) Best practices, determined in consultation with civilian experts on child advocacy; and (3) Recommendations for legislative and administrative action required to implement the program. The report would be required to be submitted not later than 1 year after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Comptroller General of the United States report on implementation by the Armed Forces of recent statutory requirements on sexual assault prevention and response in the military (sec. 540M)

The Senate bill contained a provision (sec. 537) that would require the Comptroller General of the United States to conduct a study of the Armed Forces' implementation of statutory requirements on sexual assault prevention and response enacted by the National Defense Authorization Act for Fiscal Year 2004

(Public Law 108-136) and each succeeding National Defense Authorization Act through the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232). The provision also would require the Comptroller General to submit a report on this study to the Committees on Armed Services of the Senate and the House of Representatives. For each statutory requirement the report would include an assessment of: (1) Whether the requirement has been or is being implemented; (2) The actions taken by the Armed Forces to determine whether the actions taken pursuant to each requirement have proven effective in meeting the intended objective; and (3) Any other matters deemed appropriate. Finally, the provision would require the Comptroller General to provide to the Committees on Armed Services of the Senate and the House of Representatives, not later than May 1, 2020, one or more briefings on the status of the study, including any findings and recommendations generated by the study to date.

The House amendment contained no similar provision.
The House recesses.

Sense of Congress on the Port Chicago 50 (sec. 540N)

The House amendment contained a provision (sec. 1099) that would express the sense of Congress that: (1) The American people should recognize the role of racial bias in the prosecution and convictions of the Port Chicago 50 following the deadliest home front disaster in World War II; (2) The military records of each of the Port Chicago 50 should reflect such exoneration of any and all charges brought against them in the aftermath of the explosion; and (3) The Secretary of the Navy should upgrade the general and summary discharges of each of the Port Chicago 50 sailors to honorable discharges.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would convey the sense of Congress that the American people should recognize the role of racial bias during the era in which the prosecution and conviction of the Port Chicago 50 took place, and that the Secretary of the Navy should, as appropriate, recommend executive action in favor of the 49 remaining Sailors with a general court-martial conviction and the 207 remaining Sailors with a summary court-martial conviction.

SUBTITLE E - OTHER LEGAL MATTERS

*Improvement of certain Special Victims' Counsel authorities
(sec. 541)*

The Senate bill contained a provision (sec. 542) that would expand the legal assistance authorized to be provided by Special Victims' Counsel to include legal consultation and assistance in connection with an incident of retaliation, whether occurring before, during, or after the conclusion of any criminal proceedings.

The provision would also codify the Special Victims' Counsel's duty to solicit the preference of a victim of an alleged sex-related offense as to whether the offense should be prosecuted by court-martial or in a civilian court with jurisdiction over the offense and to advise appropriate military prosecutors of the victim's preference.

Finally, within 120 days of enactment of this Act, the provision would require the Secretary of Defense to provide a report to the Committees on Armed Services of the Senate and the House of Representatives, detailing the manner—including the additional personnel, resources, and training required—in which the Department of Defense would extend eligibility for Special Victims' Counsel services to certain military and military-affiliated civilian victims of alleged domestic violence offenses and to certain other civilian victims of an alleged sex-related or domestic violence offenses, were expansion of the program to be authorized in law.

The House amendment contained no similar provision.

The House recedes with an amendment that would require that not later than 4 years after the date of the enactment this Act, the secretary of each military department shall ensure that the number of Special Victims' Counsel serving in that department is sufficient to ensure that the average caseload of a Special Victims' Counsel does not exceed, to the extent practicable, 25 cases any given time. The amendment would further remove from this provision the assignment to Special Victims' Counsel of the responsibility to solicit the preference of the victim of an alleged sex-related offense with regard to the forum of prosecution, and would eliminate from this provision the reporting requirement pertaining to the extension of Special Victims' Counsel services.

Availability of Special Victims' Counsel at military installations (sec. 542)

The Senate bill contained a provision (sec. 543) that would require that, in circumstances in which a Special Victims' Counsel is not available at a military installation to provide services to a member of the Armed Forces who requests such a counsel, such a counsel be made available not later than 72 hours after the member's request.

Further, the provision would require each of the secretaries of the military departments to submit to the Committees on Armed Services of the Senate and the House of Representatives a report assessing the feasibility and advisability of establishing for each Special Victims' Counsel, one or more civilian positions to support the counsel and to ensure continuity and the preservation of institutional knowledge related to the provision of Special Victims' Counsel services. The report would be submitted not later than 180 days after enactment of this Act.

The House amendment contained a similar provision (sec. 550A).

The House recedes with an amendment that would require that a Special Victims' Counsel be made available for access by a servicemember who requests such counsel, not later than 72 hours after such a request, and that if the Secretary concerned determines that exigent circumstances related to military activities preclude the availability of a Special Victims' Counsel within the prescribed period, the Secretary shall ensure that such counsel is made available to the requesting servicemember as soon as practicable.

Notification of issuance of military protective order to civilian law enforcement (sec. 543)

The House amendment contained a provision (sec. 543) that would amend section 1567a of title 10, United States Code, to require unit commanders to notify civilian authorities of the issuance of a military protective order against a member of the Armed Forces, and in the case of the member's transfer to another unit, to notify the receiving unit of the issuance of a military protective order.

The provision also would require the Secretary of Defense, not later than March 1, 2020, and each year thereafter through 2024, to submit a report to the congressional defense committees identifying the number of military protective orders issued and the number of military protective orders reported to civilian authorities in the prior calendar year.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would delay until March 1, 2021, and extend through 2025, submission by the Secretary of Defense to the congressional defense committees of an annual report on military protective orders, which report would further detail the extent to which the Department is complying with the requirement to report such orders to civilian authorities.

Copyright protection for civilian faculty of certain accredited institutions (sec. 544)

The House amendment contained a provision (sec. 550D) that would add a section to title 10, United States Code, providing that for purposes of copyright, a work produced by a civilian member of the faculty of 12 "covered institutions" is only a work of the United States Government if created in direct support of a lecture, instruction, curriculum development, or special duty assigned to that civilian faculty member. The provision would further allow that the Secretary concerned may require a civilian member of a covered institution who becomes the owner of a copyright under these conditions to provide the Federal Government with an irrevocable, royalty-free, world-wide, nonexclusive license to use, modify, reproduce, release, perform, display, or disclose such work for United States Government purposes. The provision would enumerate the 12 "covered institutions": (1) National Defense University; (2) United States Military Academy; (3) Army War College; (4) United States Army Command and General Staff College; (5) United States Naval Academy; (6) Naval War College; (7) Naval Post Graduate School; (8) Marine Corps University; (9) United States Air Force Academy; (10) Air University; (11) Defense Language Institute; and (12) United States Coast Guard Academy.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify section 105 of title 17, United States Code, to provide that a civilian faculty member of one of the 12 covered institutions owns the copyright to a literary work produced by the faculty member for publication by a scholarly press or journal. The amendment would further provide that the Secretary of Defense may direct the faculty member to provide the Federal Government with an irrevocable, royalty-free, world-wide nonexclusive license to reproduce, distribute, perform, or display such literary work for United States Government purposes.

The conferees echo the significant concerns expressed in the 2018 National Defense Strategy (NDS) about the degraded state of Department of Defense Professional Military Education (PME). The NDS acknowledged, "PME has stagnated, focused more on the accomplishment of mandatory credit at the expense of lethality and ingenuity." The conferees view the instant provision as a small step toward overarching PME reform. The conferees encourage the Secretary of Defense to publish policy guidance to ensure the consistent implementation of this provision across all covered institutions. Further, with a view to measuring the effects of this provision, the conferees request that not later than January 31, 2022, the Department of

Defense provide a report to the Committees on Armed Services of the Senate and House of Representatives detailing: (1) Since enactment of this provision, how many copyrights vested in civilian faculty members at each of the 12 covered institutions; (2) How many civilian faculty members in whom such a copyright vested published a literary work in a scholarly press or journal, by covered institution; and (3) Real world examples of the ways in which this provision has improved the recruitment and retention of civilian faculty members at each covered institution.

Termination of leases of premises and motor vehicles of servicemembers who incur catastrophic injury or illness or die while in military service (sec. 545)

The Senate bill contained a provision (sec. 6007) that would amend section 3955 of title 50, United States Code, allowing a spouse of a servicemember who incurs a catastrophic injury or illness during a period of military service while performing full-time National Guard duty, active Guard and Reserve duty, or inactive-duty training to terminate the lease of a premises or motor vehicle.

The House amendment contained an identical provision (sec. 550G).

The conference agreement includes this provision.

Military orders required for termination of leases pursuant to the Servicemembers Civil Relief Act (sec. 546)

The House amendment contained a provision (sec. 546) that would amend section 3955 of title 50, United States Code, to clarify that, in the context of terminating residential or motor vehicle leases, military orders for a permanent change of station include separation or retirement orders.

The Senate bill contained no similar provision.

The Senate recedes.

Preservation of right to bring class action under Servicemembers Civil Relief Act (sec. 547)

The House amendment contained a provision (sec. 550J) that would amend section 802(a) of the Servicemembers Civil Relief Act (Public Law 109-189) to clarify that individuals covered by the Servicemembers Civil Relief Act are entitled to be a representative party on behalf of members of a class or be a member of a class, in accordance with the Federal Rules of Civil Procedure.

The Senate bill contained no similar provision.
The Senate recesses.

*Legal counsel for victims of alleged domestic violence offenses
(sec. 548)*

The Senate bill contained a provision (sec. 541) that would authorize the secretaries of the military departments to provide Special Victims' Counsel services to certain military and military-affiliated civilian personnel who are the victims of an alleged domestic violence offense, if a given secretary determines that resources are available for this purpose without impairing capacity to provide such services to the victims of alleged sex-related offenses already authorized by law to receive them. The provision also would authorize a given secretary to extend the provision of Special Victims' Counsel services, under the same terms and conditions, to certain civilian persons who are the victims of an alleged sex-related offense or alleged domestic violence offense, but who are not currently authorized to receive such services.

The House amendment contained a similar provision (sec. 542) that would expand the Special Victims' Counsel program to cover domestic violence victims and to include designated Special Victims' Counsel paralegals. This provision would also require expansion of the Special Victim's Counsel program not later than two years after the date of enactment of this Act, and would mandate a report, due to Congress not later than December 1, 2022, assessing military service compliance with Special Victims' Counsel program requirements.

The House recesses with an amendment that would require the Secretary of Defense to carry out a program to provide legal counsel to victims of alleged domestic violence offenses who are otherwise eligible for military legal assistance, not later than December 1, 2020. The program may be part of another program or established separately. The Secretary of Defense would be required to ensure that program counsel receive specialized training in the legal issues commonly associated with alleged domestic violence offenses and, to the extent practicable, serve in the program for a period of no less than two years. Further, the Secretary would ensure that counsel are supported by sufficient trained paralegal support. In a report due to the Committees on Armed Services of the Senate and the House of Representatives not later than 120 days after the date of the enactment of this Act, the Secretary of Defense would provide: (1) A description of the manner in which the Department will implement the required program; (2) Describe any additional personnel, resources, and training needed; and (3) Make

recommendations for any modifications to law that may be necessary to carry out the program effectively.

Notice to victims of alleged sexual assault of pendency of further administrative action following a determination not to refer to trial by court-martial (sec. 549)

The Senate bill contained a provision (sec. 526) that would require the Secretary of Defense to promulgate regulations to require a commander who determines not to refer a case of alleged sexual assault for trial by court-martial to provide the victim with notification, no less frequently than monthly, of the status of any further action in the case, including non-judicial punishment, administrative action, or no action, until a final determination of such further action is made.

The House amendment contained an identical provision (sec. 550B).

The conference agreement includes this provision.

Treatment of information in Catch a Serial Offender Program for certain purposes (sec. 550)

The Senate bill contained a provision (sec. 530) that would exclude reports filed with the Catch a Serial Offender Program from application of the Freedom of Information Act (5 U.S.C. 552). Further, the provision would make plain that transmittal or receipt of a restricted report of sexual assault to or by the Catch a Serial Offender Program would not terminate the report's treatment or status as restricted.

The House amendment contained a similar provision (sec. 5500).

The House recedes with an amendment that would specify that victim disclosures under the Catch a Serial Offender Program shall be withheld from public disclosure under paragraph (b)(3) of the Freedom of Information Act (5 U.S.C. 552).

Policies and procedures on registration at military installations of civilian protective orders applicable to members of the Armed Forces assigned to such installations and certain other individuals (sec. 550A)

The Senate bill contained a provision (sec. 556) that would require the Secretary of Defense to establish policies and procedures for the registration at military installations of any civilian protective order issued against: (1) A member of the Armed Forces assigned to the installation; (2) A civilian employee employed at the installation; or (3) A spouse or

intimate partner of a member of the Armed Forces on Active Duty assigned to the installation or of a civilian employee employed at the installation.

The provision would specify that the policies and procedures established by the Secretary must include a requirement for notice between and among the commander, installation military law enforcement elements, and military criminal investigative elements, whenever such a civilian protective order is registered. The provision would require that a failure to register a civilian protective order may not be offered as justification for a lack of enforcement of the order by military law enforcement and other personnel who have knowledge of it.

Further, the provision would require that, as soon as practicable after establishing the requisite policies and procedures, the Secretary of Defense submit to the Committees on Armed Services of the Senate and the House of Representatives a letter describing the policies and procedures established and certifying that they have been implemented on each military installation.

The House amendment contained an identical provision (sec. 544).

The conference agreement includes this provision.

Defense Advisory Committee for the Prevention of Sexual Misconduct (sec. 550B)

The Senate bill contained a provision (sec. 534) that would require the Secretary of Defense to establish and maintain within the Department of Defense a Defense Advisory Committee on the Prevention of Sexual Misconduct. The Advisory Committee would be established not later than 180 days after the enactment of this Act and would be comprised of not fewer than 20 members, including persons with expertise in the prevention of sexual assault and behaviors on the sexual assault continuum of harm, the prevention of suicide, and the change in culture of large organizations. The Advisory Committee would coordinate with the Defense Advisory Committee on Investigation, Prosecution, and Defense of Sexual Assault in the Armed Forces on matters of joint interest and, not later than March 30 of each year, would submit an annual report on its activities to the Committees on Armed Services of the Senate and the House of Representatives.

The House amendment contained a similar provision (sec. 549).

The Senate recedes with an amendment to extend the period for establishment of the Advisory Committee to one year after the date of enactment of this Act, and to require that the

Committee include at least one member with expertise in the prevention of adverse behaviors, including suicide and substance abuse.

Training for Special Victims' Counsel on civilian criminal justice matters in the States of the military installations to which assigned (sec. 550C)

The Senate bill contained a provision (sec. 544) that would require that, on the assignment of a Special Victims' Counsel (including a Victim Legal Counsel of the Navy) to a military installation in the United States, such counsel will be provided appropriate training on the law and policies governing criminal justice matters in the State or States in which the military installation is located. Such training would include: (1) Victim rights; (2) Protective orders; (3) Prosecution of criminal offenses; and (4) Sentencing for conviction of a criminal offense.

The House amendment contained a similar provision (sec. 550C) that would clarify that the purpose of the training is to assist such counsel in providing victims of alleged sex-related offenses with information necessary to make an informed decision regarding preference as to the jurisdiction in which such offenses will be prosecuted. Further, the House provision would not apply to a Special Victims' Counsel of the Coast Guard.

The Senate recedes with an amendment that would add "protective orders" to the list of State criminal justice matters about which a Special Victims' Counsel or Victim Legal Counsel should be provided appropriate training.

Enhancing the capability of military criminal investigative organizations to prevent and combat child sexual exploitation (sec. 550D)

The House amendment contained a provision (sec. 550N) that would require the Secretary of Defense to establish an initiative, not later than 180 days from the date of enactment of this Act, to improve the capacity of military criminal investigative organizations to prevent child sexual exploitation.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to establish and execute an initiative to enhance the capability of military criminal investigative organizations to prevent and combat child sexual exploitation. In the context of this initiative, the Secretary of Defense may work with internal and external functional experts to train

military criminal investigative agents on technologies, tools, and techniques--like digital forensics--to enhance investigations of child sexual exploitation, and on evidence-based forensic interviewing of child victims. Further, to the extent authorized by law, the Secretary may, as part of this initiative, collaborate with Federal, State, local, and other civilian law enforcement agencies on issues relating to child sexual exploitation; assist in educating the military community on the prevention and response to child sexual exploitation; and carry out such other activities as the Secretary deems relevant.

Feasibility study on establishment of database of military protective orders (sec. 550E)

The House amendment contained a provision (sec. 550F) that would amend section 101(b) of the National Instant Criminal Background Check System Improvement Amendments Act of 2007 (34 U.S.C. 40911(b)) to require that not later than three business days after the final disposition of a judicial proceeding conducted within the Department of Defense, the Secretary of Defense make available to the Attorney General those records that are relevant to a determination of whether a member of the Armed Forces involved in such proceeding is disqualified from possessing or receiving a firearm under subsection (g) or (n) of section 922 of title 18, United States Code (the Gun Control Act of 1968, as amended, 18 U.S.C. 921-938), for use in background checks performed by the National Instant Criminal Background Check System. The provision would further require the Secretary of Defense to conduct a study and submit a report on the feasibility of establishing a database of military protective orders issued by military commanders against individuals suspected of having committed an offense of domestic violence under the Uniform Code of Military Justice (Chapter 47 of Title 10, U.S.C.), and the feasibility of establishing a process by which a military judge or magistrate may issue a protective order against an individual suspected of having committed such an offense. Such report must be submitted to the congressional defense committees no later than 180 days after the date of enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would eliminate that part of the provision that would amend the National Instant Criminal Background Check System Improvement Amendments Act of 2007. Further, the amendment would add to the matters to be examined by the study and included in the resultant report, a requirement to assess how any military protective order database and process for the issuance of a military protective order by a

military judge deemed feasible, would differ from analogous civilian databases and processes, including with regard to due process and other procedural protections.

The conferees direct the Department of Defense and its components to take immediate and deliberate action to ensure strict compliance with standards established in Department of Defense Instruction 5501.11, Fingerprint Card and Final Disposition Report Submission Requirements, last updated on March 30, 2017, and other issuances and policy guidance applicable to the Defense Department and the military departments and services, for submission to the Federal Bureau of Investigation of criminal history information, fingerprints, case disposition information, and other data pertaining to certain members of the Armed Forces.

GAO review of USERRA and SCRA (sec. 550F)

The House amendment contained a provision (sec. 545) that would amend section 4303 of title 38, United States Code, to render unenforceable any part of a contract or agreement that would mandate the use of arbitration to resolve a claim under the Uniformed Services Employment and Reemployment Rights Act (USERRA), unless all parties consent to arbitration after a complaint on the specific claim has been filed in court or with the Merit Systems Protection Board.

The House amendment also contained a provision (sec. 550H) that would provide that any contract with a servicemember, or a servicemember and the servicemember's spouse jointly, that provides for the use of arbitration to resolve a controversy under the contract and the Servicemembers Civil Relief Act (50 U.S.C. App. 512) (SCRA), arbitration may be used only if all parties to the matter consent after such controversy arises.

The Senate bill contained no similar provisions.

The Senate recedes with an amendment that would require the Comptroller General of the United States to conduct a review and, not later than January 31, 2021, submit a report to the Committees on Armed Services of the Senate and House of Representatives regarding the effects of the common commercial and governmental practices of including a mandatory arbitration clause in employment and consumer agreements, on the ability of servicemembers to assert claims under USERRA and SCRA. The report will: (1) Identify each process by which a servicemember may assert a claim under, and secure redress for violations of USERRA and SCRA; (2) Assess each process identified under prescribed criteria; (3) Determine the extent to which each process identified achieved a final disposition favorable to the servicemember; (4) Assess general societal trends in the use

of mandatory arbitration clauses in employment and consumer agreements; and (5) Assess the effects of mandatory arbitration clauses in employment or consumer agreements on military readiness and deployability, as well as on the willingness of employers to employ, and consumer service businesses to provide services to servicemembers and their families.

SUBTITLE F—MEMBER EDUCATION

Authority for detail of certain enlisted members of the Armed Forces as students at law schools (sec. 551)

The Senate bill contained a provision (sec. 567) that would modify section 2004 of title 10, United States Code, to permit the detail of certain enlisted members, in addition to officers as authorized by current law, as students at law schools for a period of training leading to a juris doctor degree. The provision would limit the number of enlisted persons and officers so detailed to 25 per year and would retain the requirement for the competitive selection of detailees. To qualify for such detail, an enlisted person must: (1) Have served on Active Duty for not less than 4 and nor more than 8 years; (2) Be in the pay grade E-5, E-6, or E-7 as of the time law school training begins; (3) Meet all requirements for acceptance of a commission as a commissioned officer in the Armed Forces; (4) Agree to accept transfer to be a judge advocate, upon completion of law school; and (5) Agree to serve on Active Duty for a period of 2 years for each year or partial year of legal training received.

The House amendment contained a similar provision (sec. 551).

The House recesses.

Inclusion of Coast Guard in Department of Defense STARBASE Program (sec. 552)

The House amendment contained a provision (sec. 555) that would amend section 2193b of title 10, United States Code, to include the Coast Guard in the Department of Defense's Starbase program.

The Senate bill contained no similar provision.

The Senate recesses.

Degree granting authority for United State Army Armament Graduate School; limitation on establishment of certain educational institutions (sec. 553)

The House amendment contained a provision (sec. 556) that would amend chapter 751 of title 10, United States Code, to authorize the United States Army Armament Graduate School to confer appropriate degrees upon graduates who meet the degree requirements.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would add a new section to chapter 101 of title 10, United States Code, requiring the Secretary of Defense to notify the congressional defense committees at least one year before establishing a new post-secondary educational institution.

Prohibition on off-duty employment for cadets and midshipmen completing obligated service after graduation (sec. 554)

The House amendment contained a provision (sec. 560C) that would amend section 7453, 8467, and 9453 of title 10, United States Code, to require graduates of military service academies to be appointed as a Regular second lieutenant or ensign in the Navy.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would amend section 7448, 8459, and 9448 of title 10, United States Code, to prohibit service academy graduates from seeking or accepting approval for off-duty employment as a professional athlete before completing at least two consecutive years of commissioned service.

Consideration of request for transfer of a cadet or midshipman at a military service academy who is the victim of a sexual assault or related offense (sec. 555)

The House amendment contained a provision (sec. 558) that would amend sections 7461, 8480, and 9461 of title 10, United States Code, and would direct the secretaries of the military departments to establish regulations, based on guidelines provided by the Secretary of Defense, for the timely consideration of an application for transfer of a military service academy cadet or midshipman who is the victim of an alleged sexual assault or related offense, to another military service academy.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would expand the options available to a military service academy cadet or midshipman who is the victim an alleged sexual assault or related offense, to include requesting transfer to enroll in a

Senior Reserve Officers' Training Corps program affiliated with another institution of higher education.

Redesignation of the Commandant of the United States Air Force Institute of Technology as the Director and Chancellor of such Institute (sec. 556)

The House amendment contained a provision (sec. 559) that would amend section 9414b of title 10, United States Code, to redesignate the Commandant of the United States Air Force Institute of Technology (AFIT) as the Director and Chancellor of AFIT.

The Senate bill contained no similar provision.
The Senate recedes.

Eligibility of additional enlisted members for associate degree programs of the Community College of the Air Force (sec. 557)

The House amendment contained a provision (sec. 560) that would amend section 9415 of title 10, United States Code, to authorize the Community College of the Air Force (CCAF) to award associate degrees to enlisted members of services other than the Air Force who are participating in CCAF affiliated joint service training and education courses.

The Senate bill contained no similar provision.
The Senate recedes.

Speech disorders of cadets and midshipmen (sec. 558)

The House amendment contained a provision (sec. 560H) that would require a military academy superintendent to provide testing for speech disorders to incoming cadets and midshipmen under the jurisdiction of that superintendent.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the service secretaries to submit a joint report to the Committees on Armed Services of the Senate and the House of Representatives, within 180 days of the date of the enactment of this Act, that provides: (1) The number of cadets and midshipmen with an identified speech disorder at each academy; (2) A list of health care and administrative resources available to such cadets and midshipmen; and (3) A list of the military positions and specialties pursued by such cadets and midshipmen.

Requirement to continue provision of tuition assistance for members of the Armed Forces (sec. 559)

The House amendment contained a provision (sec. 560E) that would require service secretaries, in fiscal year 2020, to spend on servicemember tuition assistance at least the amount appropriated for tuition assistance in fiscal year 2020.

The Senate bill contained no similar provision.

The Senate recesses.

Information on institutions of higher education participating in the Department of Defense Tuition Assistance Program (sec. 560)

The House amendment contained a provision (sec. 560F) that would require the Secretary of Defense to make available, on a publicly accessible Department of Defense website, a list of higher education institutions that receive funds under the Department of Defense Tuition Assistance Program and the amount of funds received by each institution. The provision would also require the Secretary of Defense to perform audits of certain higher education institutions that do not meet certain standards under section 1099c of title 20, United States Code.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to make public a list of higher education institutions that receive Department of Defense tuition assistance funding and the amount of funds received.

Inclusion of information on free credit monitoring in annual financial literacy briefing (sec. 560A)

The House amendment contained a provision (sec. 560G) that would require the Secretary of each military department to ensure the annual financial literacy education briefing provided to servicemembers includes information on the availability of free credit monitoring services.

The Senate bill contained no similar provision.

The Senate recesses.

Programs to facilitate the award of private pilot's certificates (sec. 560B)

The House amendment contained a provision (sec. 517) that would authorize the Department of Defense to create a program to award scholarships to qualified members of Junior Reserve Officers' Training Corps units to pursue a private pilot's certification.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would authorize the Department of Defense to create a program to award

scholarships for the purpose of pursuing a private pilot's certification.

SUBTITLE G-MEMBER TRAINING AND TRANSITION

Requirement to provide information regarding benefits claims to members during TAP counseling (sec. 561)

The House amendment contained a provision (sec. 567) that would amend section 1142(b) of title 10, United States Code, to require that servicemembers receive information during Transition Assistance Program counseling regarding how to file claims for benefits under laws administered by the Secretaries of Defense and Veterans Affairs.

The Senate bill contained no similar provision.

The Senate recesses.

Participation of other Federal agencies in the SkillBridge apprenticeship and internship program for members of the Armed Forces (sec. 562)

The Senate bill contained a provision (sec. 5505) that would amend section 1143(e) of title 10, United States Code, to authorize Federal agencies to participate in the SkillBridge program.

The House amendment contained no similar provision.

The House recesses.

First modification of elements of report on the improved Transition Assistance Program (sec. 563)

The House amendment contained a provision (sec. 570D) that would amend section 552(b)(4) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to include an element on the effectiveness of the Transition Assistance Program for female servicemembers in the report required under such section.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Second modification of element of report on the improved Transition Assistance Program (sec. 564)

The House amendment contained a provision (sec. 593) that would amend section 552(b)(4) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-

232) to modify the elements of reports of the Transition Assistance Program required under such section.

The Senate bill contained no similar provision.

The Senate recesses.

Prohibition on gender-segregated training at Marine Corps Recruit Depots (sec. 565)

The House amendment contained a provision (sec. 561) that would prohibit the Commandant of the Marine Corps from segregating training at the Marine Corps Recruit Depot, Parris Island, South Carolina, not later than 5 years after the date of the enactment of this Act and at Marine Corps Recruit Depot, San Diego, California, not later than 8 years after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recesses.

Assessment of deaths of recruits under the jurisdiction of the Secretaries of the military departments (sec. 566)

The House amendment contained a provision (sec. 563) that would require the Inspector General of the Department of Defense to conduct an assessment of the deaths of recruits at facilities under the jurisdiction of the Secretary of the Navy and to assess the effectiveness of the current medical protocols on training bases. The provision would require the Inspector General to submit a report to the Committees on Armed Services of the Senate and the House of Representatives not later than September 30, 2020, containing the results of the assessments.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Inspector General to conduct an assessment of the deaths of recruits at facilities under the jurisdiction of the service secretaries and to assess the effectiveness of the current medical protocols on training bases.

Review of Department of Defense training programs regarding disinformation campaigns (sec. 567)

The House amendment contained a provision (sec. 570) that would require the Secretary of Defense to establish, not later than September 30, 2020, a program for training members of the Armed Forces and employees of the Department of Defense regarding the threat of disinformation campaigns specifically targeted at such individuals and the families of such individuals.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would direct the Secretary of Defense not later than 120 days after the date of enactment of this Act to conduct a review of existing programs, tools, and resources of the Department of Defense for training members of the Armed Forces and employees of the Department regarding the threat of disinformation campaigns and to submit the finds of such review not later than 270 days after the enactment of this Act.

Command matters in connection with transition assistance programs (sec. 568)

The House amendment contained a provision (sec. 595) that would require each command climate assessment for the commander of a military installation to include an assessment of the extent the commander and other command personnel encourage and support participation in transition assistance programs of servicemembers. The provision would also require an installation commander to undergo training on such programs available to servicemembers.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the training provided to an installation commander, upon assignment to the installation, to include a module on covered transition assistance programs available for servicemembers assigned to the installation.

Machine readability and electronic transferability of Certificate of Release or Discharge from Active Duty (DD Form 214) (sec. 569)

The House amendment contained a provision (sec. 565) that would require the Secretary of Defense to modify the DD Form 214 to make it machine readable and electronically transferable.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, in the course of modifying the DD Form 214 to make it machine readable, to also include a specific block where a servicemember may provide one or more email addresses.

Records of service for Reserves (sec. 570)

The House amendment contained a provision (sec. 566) that would require the Secretary of Defense to establish and implement a standard record of service for members of the

Reserve Component that summarizes the record of service of the servicemember including dates of Active Duty service.

The Senate bill contained no similar provision.

The Senate recesses.

Limitations and requirements in connection with separations for members of the Armed Forces who suffer from mental health conditions in connection with a sex-related, intimate partner violence-related, or spousal abuse offense (sec. 570A)

The Senate bill contained a provision (sec. 552) that would require that, before a member of the Armed Forces—who was the victim of a sex-related, intimate partner violence-related, or spousal abuse-related offense during the period of the member's military service, and who has a mental health condition not amounting to a disability—is separated, discharged, or released from military service based on that condition, the diagnosis of the condition must be both corroborated by a competent mental health care professional at or above the level of the healthcare professional rendering the diagnosis and endorsed by the Surgeon General of the military department concerned. This provision would apply to all separations, discharges, and releases from the Armed Forces that occur on or after the date that is 180 days after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

Prohibition on involuntary separation of certain members of the Armed Forces; consideration of military service in removal determinations (sec. 570B)

The House amendment contained a provision (sec. 530G) that would provide that neither a member of the Armed Forces, nor a former member who was discharged under honorable conditions, who has received deferred action under the Deferred Action for Childhood Arrivals program of the Department of Homeland Security, or who has "Temporary Protected Status" in accordance with section 244 of the Immigration and Nationality Act, may be involuntarily separated from the Armed Forces, placed into removal proceedings, or removed from the United States, solely on the basis of such status.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would provide that no member of the Armed Forces who possesses a current, valid Employment Authorization Document issued pursuant to the June 15, 2012, U.S. Department of Homeland Security Memorandum,

"Exercising Prosecutorial Discretion with Respect to Individuals who Came to the United States as Children", or who is currently in a temporary protected status under section 244 of the Immigration and Nationality Act (8 U.S.C. 1254a) may be involuntarily separated from the Armed Forces, solely on the basis of their deferred or protected status.

The amendment would further provide that in evaluating whether to issue a notice to appear in removal proceedings, administrative order of removal, or reinstatement of a final removal order, and in evaluating whether to execute a final order of removal, evidence that an individual served as a member of the Armed Forces and the characterizations associated with of each period of the individual's service shall be considered by the immigration officer.

Inclusion of question regarding immigration status on preseparation counseling checklist (DD Form 2648) (sec. 570C)

The House amendment contained a provision (sec. 570G) that would require the Secretary of Defense to modify the preseparation counseling checklist for active component, active Guard Reserve, active Reserve, full time support, and Reserve program administrator servicemembers (DD Form 2648) to include a specific block wherein a member of the Armed Forces may indicate a desire to receive information regarding that member's immigration status and expedited naturalization.

The Senate bill contained no similar provision.

The Senate recesses.

Counseling for members of the Armed Forces who are not citizens of the United States on naturalization in the United States (sec. 570D)

The House amendment contained a provision (sec. 570H) that would require the Secretary concerned to furnish counseling with regard to how to apply for naturalization to a member of the Armed Forces under the jurisdiction of that Secretary, which member is not a citizen of the United States.

The Senate bill contained no similar provision.

The Senate recesses.

Pilot program on information sharing between Department of Defense and designated relatives and friends of members of the Armed Forces regarding the experiences and challenges of military service (sec. 570E)

The Senate bill contained a provision (sec. 580) that would require the Secretary of Defense, within 1 year of the date of the enactment of this Act, to enter into an agreement with the American Red Cross to conduct a pilot program to encourage members of the Armed Forces to designate up to 10 persons to whom certain information regarding the military service of each such member would be shared. The provision would require the Secretary, within 2 years after the pilot program begins, to administer a survey to persons who elected to receive information under the program to receive feedback on the quality of the information they received. Finally, the provision would require the Secretary to submit a final report on the pilot program to the congressional defense committees within 3 years after the program begins.

The House amendment contained a similar provision (sec. 570C).

The House recesses.

Connections of members retiring or separating from the Armed Forces with community-based organizations and related entities (sec. 570F)

The Senate bill contained a provision (sec. 568) that would require the Secretaries of Defense and Veterans Affairs to enter jointly into a memorandum of understanding or other agreements with State veterans agencies to transmit information from Department of Defense form DD-2648 on individuals undergoing retirement, discharge, or release from the Armed Forces, if elected by such individuals, to provide or connect veterans to benefits or services.

The House amendment contained no similar provision.

The House recesses.

Pilot program regarding online application for the Transition Assistance Program (sec. 570G)

The House amendment contained a provision (sec. 570F) that would authorize the Secretary of Defense, the Secretary of Veterans Affairs, and the Secretary of Labor jointly to conduct a pilot program, which would create a one-stop source for online applications to assist servicemembers and veterans participating in the Transition Assistance Program.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

SUBTITLE H—MILITARY FAMILY READINESS AND DEPENDENTS' EDUCATION

Authorizing members to take leave for a birth or adoption in more than one increment (sec. 571)

The Senate bill contained a provision (sec. 516) that would amend section 701 of title 10, United States Code, to remove the requirement that military leave taken in connection with the birth or adoption of a child be taken only in one increment.

The House amendment contained a similar provision (sec. 571).

The House recedes with a clarifying amendment.

Deferred deployment for members who give birth (sec. 572)

The House amendment contained a provision (sec. 572) that would amend section 701 of title 10, United States Code, to standardize new mother deployment deferral policy across the military services, to include the Coast Guard.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Defense to deploy a servicemember who has given birth within the previous 12 month if such deployment is determined to be in the interest of national security.

Authority of the Secretary concerned to transport remains of a covered decedent to no more than two places selected by the person designated to direct disposition of the remains (sec. 573)

The House amendment contained a provision (sec. 573) that would amend section 1482(a)(8) of title 10, United States Code, to authorize transportation of remains of a covered decedent, and travel and transportation allowances for a single escort to the place selected by the person designated (designee) to direct disposition of the remains, or to a national or other cemetery, which is selected by the Secretary of the Military Department concerned. Additionally, the provision would authorize the Secretary concerned to transport the remains to no more than two places selected by the designee. Finally, the provision would authorize the Secretary concerned to provide delivery of remains by air, to the maximum extent practicable, to an airport nearest to the place selected by the designee.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Military funeral honors matters (sec. 574)

The Senate bill contained a provision (sec. 591) that would amend section 1491(b) of title 10, United States Code, to require the Secretaries of the military departments to provide full military honors for the funeral of a veteran who: (1) Is first interred or inurned in Arlington National Cemetery after the date of the enactment of this Act; (2) Was awarded the medal of honor or the prisoner-of-war medal; and (3) Is not entitled to full military honors by the grade of that veteran. Additionally, the provision would require each commander of a relevant military installation to maintain and carry out a plan for the provision, upon request, of full military funeral honors at funerals for veterans for whom funeral honors details are authorized under section 1491 of title 10, United States Code. The provision would prescribe elements of the required plans, including the provision of a gun salute by either appropriate personnel of the installation, reserve component members, or members of veterans' organizations or other organizations referred to in section 1491(b)(2) of such title.

The House amendment contained a provision (sec. 580E) that would amend section 1491(b) of the same title to require the Secretaries of the military departments to provide full military honors for the funeral of a veteran under the same criteria as section 591 of the Senate bill.

The House recesses with technical amendments.

Improvement of occupational license portability for relocated spouses of members of the uniformed services (sec. 575)

The Senate bill contained a provision (sec. 577) that would amend section 1784 of title 10, United States Code, to require the Secretary of Defense to enter into a cooperative agreement with the Council of State Governments to assist with the funding and development of interstate compacts on licensed occupations.

The House amendment contained a similar provision (sec. 624) that would also guarantee residency for spouses of servicemembers for the purposes of registering a business.

The Senate recesses with an amendment that would require the Secretary of Defense to enter into a cooperative agreement with the Council of State Governments to assist with the funding and development of interstate compacts on licensed occupations. The conferees note that the guarantee of residency for spouses of servicemembers is included in another provision in this Act.

Continued eligibility for education and training opportunities for spouses of promoted members (sec. 576)

The House amendment contained a provision (sec. 623) that would amend section 1784a(b) of title 10, United States Code, to allow a military spouse eligible for a program under this section to finish his or her course of education or training for a degree, license, or credential, regardless of whether the servicemember to whom the spouse is married is promoted to a higher grade.

The Senate bill contained no similar provision.

The Senate recedes.

The conferees encourage the Department of Defense to improve the data collection for military spouse education and employment programs, to establish a better understanding of utilization and completion of the programs.

Modification to authority to reimburse for State licensure and certification costs of a spouse of a servicemember arising from relocation (sec. 577)

The Senate bill contained a provision (sec. 576) that would amend section 476(p)(4) of title 37, United States Code, to extend the authority for reimbursement of state licensure and certification costs of military spouses arising from relocation to another State to December 31, 2024.

The House amendment contained a provision (sec. 628) that would amend section 476(p) of title 37, United States Code, to authorize the Secretary concerned to reimburse a member of the uniformed services for qualified relicensing costs of the spouse of the member, not to exceed \$1,000, until December 31, 2024. Additionally, the provision requires an analysis of whether the maximum reimbursement amount is sufficient to cover the average costs of relicensing.

The Senate recedes.

Clarification regarding eligibility to transfer entitlement under Post-9/11 Educational Assistance Program (sec. 578)

The House amendment contained a provision (sec. 574) that would amend section 3319 of title 38, United States Code, to prevent the Secretary of Defense from imposing a limit on transferability of Post-9/11 GI Bill benefits based on maximum number of years of service.

The Senate bill contained no similar provision.

The Senate recesses. The conferees note the provision authorizing some servicemembers to transfer their education benefit was originally included as part of the Post-9/11 Veterans' Educational Assistance Act of 2008 (Public Law 110-252) to serve as a retention incentive. Section 3319 of title 38, United States Code, is explicit in stating the purpose of the transferability provision is to "promote recruitment and retention in the uniformed services." Therefore, the conferees fully expect the Department of Defense to require that any servicemember who requests, and is authorized, to transfer their education benefits serve the mandated four additional years as a member of the uniformed services. This payback period should be applied in all cases, regardless of when a servicemember actually elects to transfer their benefits.

While this provision prohibits the Department of Defense from imposing a general limit on transferability based on the number of years served, the overall authority on whether to grant an individual servicemember's request to transfer benefits remains entirely at the service secretary's discretion. The conferees encourage service secretaries to develop policies that properly treat transferability as one of many possible recruiting and retention tools to attract and keep high-quality servicemembers.

Annual State report card (sec. 579)

The Senate bill contained a provision (sec. 5501) that would amend section 1111(h)(1)(C)(ii) of the Elementary and Secondary Education Act of 1965.

The House amendment contained an identical provision (sec. 576).

The conference agreement includes this provision.

Improvements to child care for members of the Armed Forces (sec. 580)

The Senate bill contained a provision (sec. 579) that would clarify section 559(e) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) by including family childcare coordinator services and school age childcare coordinator services in the direct hire authority.

The House amendment contained a provision (sec. 629) that would: (1) Expand the authority to provide financial assistance to civilian providers of child care services or youth program services that provide services to survivors of members of the Armed Forces who die in the line of duty; (2) Expand the direct hire authority for childcare service providers; (3) Require the

Secretary of Defense to conduct an assessment of financial assistance provided to civilian childcare providers; (4) Require the Secretary of Defense to conduct an assessment of childcare capacity on military installations and require remedial action to alleviate the waiting lists for childcare if necessary; (5) Require the Secretary of Defense to conduct an assessment of the accessibility of websites of the Department of Defense related to childcare and spousal employment; and (6) Ensure the portability of background investigations and training certifications for childcare providers employed by the Department of Defense when such providers are transferred to another Department facility.

The Senate recesses with an amendment that would clarify the direct hire authority for Department of Defense childcare development centers to include family childcare coordinator services and school age childcare coordinator services. Additionally, the provision would require the Secretary of Defense to take remedial action if necessary to reduce waiting lists for childcare at military installations and to provide a report to the Committees on Armed Services of the Senate and the House of Representatives on any action taken or any additional resources necessary to increase access to childcare. The provision would also require a review of the assessments conducted by the Secretary under this provision by the Comptroller General of the United States.

Transportation of remains of casualties; travel expenses for next of kin (sec. 580A)

The House amendment contained a provision (sec. 577) that would amend section 562 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364) to require the Secretary of Defense to extend travel privileges via international travel authorization to family members of servicemembers who die outside of the United States and whose remains are returned to the mortuary facility at Dover Air Force Base, Delaware.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Meetings of officials of the Department of Defense with representative groups of survivors of deceased members of the Armed Forces (sec. 580B)

The House amendment contained a provision (sec. 578) that would require the Secretary of Defense to direct the service chiefs and the Chief of the National Guard Bureau to meet

periodically with survivors of deceased members of the Armed Forces to receive feedback regarding issues affecting survivors.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to direct the service chiefs and the Chief of the National Guard Bureau to meet periodically with representative groups of survivors to receive feedback regarding issues affecting survivors.

Information and opportunities for registration for voting and absentee ballot requests for members of the Armed Forces undergoing deployment overseas (sec. 580C)

The Senate bill contained a provision (sec. 5502) that would require that not later than 45 days prior to a general election for Federal office, a Voting Assistance Officer or other person designated by the secretary of the military department concerned, shall provide a member of the Armed Forces with a Federal write-in absentee ballot and instructions on the use of that ballot in the State in which the member is registered to vote. The provision also would require that in the case of a member intending to vote in a State that does not accept the Federal write-in absentee ballot as a simultaneous application and ballot for Federal elections, the member would be provided a briefing on, and an opportunity to fill out the official post-card form for absentee voter registration application and absentee ballot application prescribed in law. The provision concludes with a Sense of Congress relating to the use of the Federal write-in absentee ballot.

The House amendment contained a provision (sec. 575) that would amend section 102(h) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. 20302(h)) to require a chief State election official, in coordination with local election jurisdictions, to establish and operate an absentee ballot tracking program for absentee uniformed voters and overseas citizen voters.

The House recesses with an amendment that would require a Voting Assistance Officer or other person designated by the secretary of the military department concerned, to provide a Federal write-in ballot to a member of the Armed Forces, upon the request of that member. Further, in the case of a member intending to vote in a State that does not accept the Federal write-in absentee ballot as a simultaneous application and ballot, the member would be provided instructions on, and an opportunity to fill out, the official post-card form.

The conferees urge the Federal government and State governments to remove all obstacles that would inhibit deployed

servicemembers from voting. Further, the conferees strongly advocate that States that do not allow servicemembers to use the Federal write-in absentee ballot as a simultaneous application and acceptable ballot for Federal elections modify their laws to permit such use.

Study on two-way military ballot barcode tracking (sec. 580D)

The Senate bill contained a provision (sec. 5503) that would require the Director of the Federal Voting Assistance Program of the Department of Defense to conduct a study on the feasibility of a pilot program providing full ballot tracking of overseas military absentee ballots through the mail stream in a manner similar to the 2016 Military Ballot Tracking Pilot Program. The provision would further require the Director to submit a report to Congress, not later than 1 year after the date of the enactment of this Act, detailing the results of the feasibility study, together with an estimate of the costs of conducting a pilot, the organizations that would support the pilot, and the timeline for the phased implementation of the pilot program to all military personnel serving overseas.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Director of the Federal Voting Assistance Program to include in the feasibility study report, a method to determine under the pilot program if a ballot was counted, and to provide that information to the servicemember casting the vote, and a description of the efforts being undertaken to ensure a reliable and secure military ballot tracking system.

Assistance to schools with military dependent students (sec. 580E)

The Senate bill contained a provision (sec. 571) that would authorize \$40.0 million in Operation and Maintenance, Defense-wide, for continuation of the Department of Defense (DOD) assistance program to local educational agencies impacted by enrollment of dependent children of military members and DOD civilian employees.

The Senate bill contained another provision (sec. 572) that would authorize \$10.0 million in Operation and Maintenance, Defense-wide, for impact aid payments for children with severe disabilities (as enacted by Public Law 106-398; 114 Stat. 1654A-77; 20 U.S.C. 7703a) using the formula set forth in section 363 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398), for continuation of DOD assistance to local educational agencies that benefit eligible

dependents with severe disabilities. Subsection (b) of the provision would allow the Secretary of Defense to use \$5.0 million of the total amount authorized for payments to local educational agencies with higher concentrations of military children with severe disabilities at the Secretary's discretion and without regard to the formula set forth in section 363 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398).

The House amendment contained a provision (sec. 580) that would authorize \$40.0 million for the purpose of providing assistance to local educational agencies with military dependent students and \$10.0 million for local educational agencies eligible to receive a payment for children with severe disabilities.

The Senate recedes with an amendment that would allow the Secretary of Defense to use \$5.0 million of the total amount authorized for payments to local educational agencies with higher concentrations of military children with severe disabilities at the Secretary's discretion.

First expansion of the My Career Advancement Account program for military spouses (sec. 580F)

The House amendment contained a provision (Sec. 580B) that would expand the My Career Advancement Account (MyCAA) program to allow military spouses participating in the program to receive financial assistance to pursue a license, certification, or associate's degree in any career field or occupation, including both portable and non-portable career fields.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would allow military spouses participating in the MyCAA program the ability to receive financial assistance for the pursuit of a license, certification, or associate's degree in any career field or occupation.

Second expansion of the My Career Advancement Account program for military spouses (sec. 580G)

The House amendment contained a provision (sec. 580C) that would expand the Department of Defense My Career Advancement Account program (MyCAA) to all spouses of enlisted members of the U.S. Coast Guard.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would authorize eligible spouses of members of the U.S. Coast Guard to

participate in the MyCAA program if the U.S. Coast Guard reimburses the Department of Defense.

Report on training and support available to military spouses (sec. 580H)

The House amendment contained a provision (Sec. 580D) that would require a report from the Under Secretary of Defense for Personnel and Readiness on training and support available to military spouses.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Under Secretary of Defense for Personnel and Readiness to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the Department of Defense's financial literacy programs designed for military spouses and their efficacy.

Ri'katak Guest Student Program at United States Army Garrison - Kwajalein Atoll (sec. 580I)

The Senate bill contained a provision (sec. 573) that would authorize the Secretary of the Army to conduct an assistance program to educate up to five local national students per grade, per academic year, on a space-available basis at the contractor-operated schools on United States Army Garrison-Kwajalein Atoll. Under this provision, the Secretary would be authorized to provide: (1) Classroom instruction; (2) Extracurricular activities; (3) Student meals; and (4) Transportation.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE I—DECORATIONS AND AWARDS

Modification of authorities on eligibility for and replacement of gold star lapel buttons (sec. 581)

The Senate bill contained a provision (sec. 632) that would amend section 1126 of title 10, United States Code, to authorize the Secretary of Defense to determine the eligible recipients of the gold star lapel button. Additionally, the provision would authorize the Secretary to replace a lapel button upon application and without cost.

The House amendment contained a similar provision (sec. 581).

The House recesses.

Standardization of honorable service requirement for award of military decorations (sec. 582)

The Senate bill contained a provision (sec. 586) that would amend Chapter 57 of title 10, United States Code, to standardize the requirement for honorable service for awards of medals, crosses, bars, and associated emblems.

The House amendment contained no similar provision.

The House recesses.

Authorization for award of the Medal of Honor to John J. Duffy for acts of valor in Vietnam (sec. 583)

The Senate bill contained a provision (sec. 585) that would authorize the President, notwithstanding the time limitations specified in section 3744 of title 10, United States Code, or any other time limitation with respect to awarding certain medals to members of the Armed Forces, to award the Medal of Honor under section 3741 of such title to John J. Duffy for acts of valor during the Vietnam War.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Review of World War I Valor Medals (sec. 584)

The House amendment contained a provision (sec. 583) that would require each Secretary concerned to review certain service records of World War I veterans as recommended for review by the Valor Medals Review Task Force or another veterans service organization, to determine whether such veteran should be awarded the Medal of Honor for valor in World War I.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require each Secretary concerned to review certain service records of World War I veterans to determine whether such veteran should be awarded the Medal of Honor for valor in World War I. The review will last no longer than 5 years.

The conferees note that the Valor Medals Review Task Force, jointly established by the United States Foundation for the Commemoration of the World Wars and the George S. Robb Centre for the Study of the Great War, has identified World War I veteran service records for potential review by the Secretaries concerned. The conferees encourage the Secretaries of the military departments to consult with the Valor Medals

Review Task Force to identify those service records that warrant further review to determine whether such veteran should be recommended for an upgrade to the Medal of Honor for valor.

SUBTITLE J-MISCELLANEOUS REPORTS AND OTHER MATTERS

Clarification of the term "assault" for purposes of Workplace and Gender Relations Surveys (sec. 591)

The House amendment contained a provision (sec. 592) that would amend section 481 of title 10, United States Code, to update the Armed Forces Workplace and Gender Relations surveys and the Department of Defense Civilian Employee Workplace and Gender Relations Survey to require solicitation of information about the types and frequency of unwanted sexual contact that have occurred during the preceding year.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would amend sections 481 and 481a of title 10, United States Code, to clarify that the term "assault", for purposes of questions posed on Armed Forces Workplace and Gender Relations Surveys and the Department of Defense Civilian Employee Workplace and Gender Relations Survey, respectively, should be defined to include "unwanted sexual contact."

Inclusion of certain veterans on temporary disability or permanent disabled retirement lists in military adaptive sports programs (sec. 592)

The Senate bill contained a provision (sec. 5601) that would amend subsection (a)(1) of section 2564a of title 10, United States Code, to authorize inclusion of servicemembers, who are eligible to participate in military adaptive sports programs, and certain veterans on temporary disability or permanent disabled retirement lists in such programs.

The House amendment contained an identical provision (sec. 599B).

The conference agreement includes this provision.

Questions in surveys regarding extremist activity in the workplace (sec. 593)

The House amendment contained a provision (sec. 594) that would require the Secretary of Defense to include in the workplace and equal opportunity, command climate, and workplace

and gender relations surveys whether respondents had ever experienced supremacist activity, extremist activity, or racism in the workplace.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to include in appropriate surveys questions about whether a respondent had experienced or witnessed extremist activity in the workplace, and whether the respondent had reported such activity to appropriate authorities.

Study on best practices for providing financial literacy education for separating members of the Armed Forces (sec. 594)

The House amendment contained a provision (sec. 598) that would require the Secretary of Defense and the Secretary of Veterans Affairs to conduct a study on the best practices to provide financial literacy education for separating members of the Armed Forces and veterans.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense and the Secretary of the Department in which the Coast Guard is operating to conduct a study on the best practices to provide financial literacy education for separating members of the Armed Forces. The results of the study shall be reported to the Committees on Armed Services of the Senate and the House of Representatives.

Report on oversight of authorized strengths of certain grades of commissioned regular and reserve officers of the Armed Forces (sec. 595)

The Senate bill contained a provision (sec. 501) that would amend section 523 of title 10, United States Code, to require the Congress to authorize annually the number of officers serving on Active Duty in the grades of major, lieutenant colonel, and colonel in the Army, Air Force, and Marine Corps or lieutenant commander, commander, and captain in the Navy.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on alternative methods to improve the oversight of authorized strengths of commissioned regular and reserve officers of the Armed Forces.

The conferees note the officer strength table was included as a fundamental feature of the Defense Officer Personnel Management Act (DOPMA) (Public Law 96-513). The table was designed to serve as an effective limitation on the number of mid-grade officers within each service. The House report to accompany the legislation (H. Rept. 96-1462) explained that the table would be adjusted over time to align with emerging officer manpower requirements. However, in practice, the authorized strength table is rarely updated and it is no longer linked to strategy or actual officer requirements.

Report on certain waivers (sec. 596)

The House amendment contained a provision (sec. 597) that would require the Department of Defense to submit an initial report (within 120 days of the enactment of this Act) and an annual report for 2 years thereafter, to the Committees on Armed Services of the Senate and the House of Representatives, setting forth detailed information about the number of transgender applicants and serving transgender servicemembers who, in the prior calendar year, sought and received a waiver or exception to current Defense Department policy to permit their enlistment/accession or retention in the military. The reporting would require the Department to distinguish between waivers requested by "exempt" persons—applicants or servicemembers "grandfathered" under the policies for military service by transgender persons enacted in June 2016, and "non-exempt" persons—who are subject to the policy on transgender service that that took effect on April 12, 2019.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the data elements required to be included in the report and would clarify that any report submitted will not include Personally Identifiable Information or Protected Health Information.

The conferees note that the new Department of Defense policy with regard to military service by transgender persons expressly asserts that "[t]ransgender persons may seek waivers or exceptions [to the standards established by DTM-19-004], or any other standards, requirements, or policies, on the same terms as any other person." As regards a transgender person's request for a waiver or exception to policy to permit that individual to serve in the military in other than his or her biological sex, the Secretaries of the Military Departments may delegate waiver authority no lower than a Military Service Personnel Chief. The conferees note that all other waiver authority vests in the regular Service-designated waiver authority, affording transgender persons consideration at the

same level of decision-making as persons who are not transgender.

In determining whether an applicant with a disqualifying diagnosis of gender dysphoria or history of gender transition treatment or surgery merits a waiver to permit his or her service in the military, the conferees encourage Service-designated waiver authorities to consider such a waiver under the same circumstances as they would for an applicant who is not transgender, but has been diagnosed with analogous conditions or received analogous treatments, presuming the individual meets all other standards for accession.

Notifications on manning of afloat naval forces (sec. 597)

The Senate bill contained a provision (sec. 518) that would amend section 525 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to make technical changes to congressional notifications germane to the manning of afloat naval forces.

The House amendment contained no similar provision.

The House recedes with an amendment that would sunset such notifications in fiscal year 2025.

Report regarding use of aerial systems of the Department of Defense to support agencies of States, Territories, and the Federal Government (sec. 598)

The House amendment contained a provision (sec. 514) that would direct the Secretary of Defense, within 90 days of enactment, to issue new guidance that treats the use of unmanned aircraft systems by the National Guard for covered activities in a manner no more restrictive than the use of other aircraft.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would direct the Secretary of Defense, not later than 180 days after enactment of this Act, to provide a report on the requirements for, and policies and procedures governing the use of Department of Defense manned and unmanned aerial systems to support States, territories, and other Federal agencies.

The conferees note that the Department of Defense provides resources, including unmanned and manned aerial systems, at the request of States, territories, and other Federal agencies for emergency operations, search and rescue operations, and Defense support to civil authorities. However, the conferees note that there is a lack of understanding on the policy, procedures, and overall availability of these resources to provide such requested support.

Information for members of the Armed Forces on availability of services of the Department of Veterans Affairs relating to sexual trauma (sec. 599)

The House amendment contained a provision (sec. 745) that would require the Secretary of Defense to use available mechanisms to inform members of the Armed Forces of their eligibility for services provided by the Department of Veterans Affairs. In particular, the Secretary would be required to ensure that Sexual Assault Response Coordinators and uniformed victim advocates of the Department of Defense advise members of the Armed Forces experiencing psychological trauma resulting from a physical assault of a sexual nature, battery of a sexual nature, or sexual harassment that occurred while serving on Active Duty, Active Duty for training, or inactive duty training, regarding their eligibility for Department of Veterans Affairs counseling, care, and services.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Authority to issue an honorary promotion to Colonel Charles E. McGee, United States Air Force (ret.), to the grade of brigadier general (sec. 599A)

The House amendment contained a provision (sec. 599) that would authorize the President to issue an honorary commission promoting, to brigadier general in the Air Force, Colonel Charles E. McGee, United States Air Force (retired), a distinguished Tuskegee Airman.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Authority to issue an honorary and posthumous promotion to Lieutenant Colonel Richard Cole, United States Air Force (ret.), to the grade of colonel (sec. 599B)

The House amendment contained a provision (sec. 599A) that would authorize the honorary and posthumous promotion of Lieutenant Colonel Richard E. Cole, United States Air Force (retired), to the grade of colonel.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Sense of Congress on the honorable and distinguished service of General Joseph F. Dunford, United States Marine Corps, to the United States (sec. 599C)

The Senate bill contained a provision (sec. 5504) that would express the sense of Congress as to the honorable and distinguished career of service to the United States of General Joseph F. Dunford, United States Marine Corps.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

The conferees find that: (1) General Joseph F. Dunford was commissioned as a second lieutenant in the United States Marine Corps in 1977; (2) Since 1977, General Dunford has served as an infantry officer at all levels and has held numerous leadership roles, including Commander of the 5th Marine Regiment during Operation IRAQI FREEDOM, Commander of the International Security Assistance Force and United States Forces-Afghanistan, and Commander, Marine Forces United States Central Command; (3) General Dunford served as the 32nd Assistant Commandant of the Marine Corps from October 23, 2010, to December 15, 2012; (4) General Dunford subsequently served as the 36th Commandant of the Marine Corps from October 17, 2014, to September 24, 2015; (5) General Dunford became the highest-ranking military officer in the United States when he was appointed as the 19th Chairman of the Joint Chiefs of Staff on October 1, 2015; (6) General Dunford is only the second United States Marine to hold the position of Chairman of the Joint Chiefs of Staff; (7) During his nearly 4 years as Chairman of the Joint Chiefs of Staff, General Dunford effectively and honorably executed the duties of the office to the highest levels of honor and integrity; and (8) General Dunford has an extensive record of impeccable service to the United States.

LEGISLATIVE PROVISIONS NOT ADOPTED

Grade of Chief of Veterinary Corps of the Army

The House amendment contained a provision (sec. 502) that would require that the grade of the Chief of the Veterinary Corps of the Army be a brigadier general.

The Senate bill contained no similar provision.

The House recesses.

Report on rate of maternal mortality among members of the Armed Forces

The House amendment contained a provision (sec. 505) that would require the Secretary of Defense and the Secretary of the Department in which the Coast Guard is operating, when not operating under the Navy, to submit a report to Congress, within 180 days of the date of the enactment of this Act, on the rate

of maternal mortality among members of the Armed Forces and their dependents.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Senate Report accompanying S. 1790 (S. Rept. 116-48) of the National Defense Authorization Act for Fiscal Year 2020 requires the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives by February 1, 2020, reporting the rate and incidence of pregnancy-associated deaths, defined as the death of a woman while pregnant or during the 1-year period following the date of the end of pregnancy, and severe maternal morbidities, defined as unintended outcomes of pregnancy, labor, or delivery that result in significant short- or long-term consequences to a woman's health.

JROTC Computer Science and Cybersecurity Program

The House amendment contained a provision (sec. 516) that would direct the Secretary of Defense to carry out a program to enhance the preparation of students in Junior Reserve Officers' Training Corps for careers in computer science and cybersecurity.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the United States in general, and the military in particular, currently struggle to find and produce sufficient numbers of Americans trained to succeed in computer science and cybersecurity careers. The Junior Reserve Officers' Training Corp, and programs like it, can serve as catalysts to overcoming these systemic shortages by providing an extra-curricular experience to young Americans who demonstrate a penchant for computer science and related subjects. The conferees encourage the Secretary of Defense to partner with other Federal, State, and local organizations in developing new programs to better prepare the nation's youth for the workforce of the future.

Sense of Congress regarding the National Guard Youth Challenge Program

The House amendment contained a provision (sec. 519) that would express the sense of Congress that the National Guard Youth Challenge Program provides a vital service to at-risk youth and would encourage the Secretary of Defense to use the authority provided in section 519 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-

232) to use equipment and facilities of the Department of Defense in this program.

The Senate bill contained no similar provision.

The House recedes.

The conferees reiterate the importance of the National Guard Youth Challenge Program and good work the program accomplishes. Additionally, the conferees continue to encourage the Secretary of Defense to utilize authority provided by the John S. McCain National Defense Authorization Act for Fiscal Year 2019 to use Department of Defense equipment for the purpose of supporting the National Guard Youth Challenge.

Report on expansion of the Close Airman Support team approach of the Air Force to the other Armed Forces

The Senate bill contained a provision (sec. 519) that would require a report on the expansion of the Close Airman Support team approach of the Air Force to the other Armed Forces.

The House amendment contained no similar provision.

The Senate recedes.

The conferees direct the Secretaries of the military departments to submit to the Committees on Armed Services of the Senate and the House of Representatives a joint report on the feasibility and advisability of expanding the Close Airman Support team approach employed by the Air Force for use by the other Military Services.

National guard support to major disasters

The House amendment contained a provision (sec. 520D) that would amend section 502 of title 32, United States Code, to authorize the Secretary concerned to order a member of the National Guard to perform duties related to operations or missions authorized by the President or the Secretary of Defense to respond to large scale, complex, and catastrophic disasters. The provision would also establish a permanent authorization of appropriations for sums necessary to carry out National Guard disaster response if a state of emergency has been declared by the respective Governor and the President of the United States.

The Senate bill contained no similar provision.

The House recedes.

Report regarding National Guard Youth Challenge Program

The House amendment contained a provision (sec. 520F) that would require the Secretary of Defense to submit a report to the congressional defense committees regarding the resources and authorities the Secretary determines necessary to identify the effects on graduates of the National Guard Youth Challenge Program.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that section 509 of title 32, United States Code, already requires the Secretary of Defense to submit an annual report on the design, conduct, and effectiveness of the National Guard Youth Challenge Program.

Temporary authority to use Air Force reserve component personnel to provide training and instruction regarding pilot training

The House amendment contained a provision (sec. 520H) that would authorize the Secretary of the Air Force to utilize certain reserve component full time support personnel to provide pilot training to Active Duty servicemembers and foreign military personnel who are in the United States.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that reserve component full time support personnel are expressly provided by law to organize, administer, recruit, instruct, or train reserve component units and personnel. To provide an exception to this long-standing requirement would be to undermine the necessary distinction between the active and reserve components.

Enactment and expansion of policy on withholding of initial disposition authority for certain offenses under the Uniform Code of Military Justice

The Senate bill contained a provision (sec. 522) that would vest only in a commissioned officer in a grade not below O-6, who is authorized to convene special courts-martial, the authority to determine the disposition of specified offenses under the Uniform Code of Military Justice (Chapter 47 of title 10, United States Code).

Generally, if such an officer's disposition determination differs from the recommendation made by the officer's legal advisor, the matter would be referred to a Special Victim Prosecutor, Senior Trial Counsel, or Regional Trial Counsel not in the chain of command of the officer making the initial disposition determination for review and recommendation to a staff judge advocate in the chain of command. That staff judge

advocate would advise the next superior commander, who would decide whether to endorse or supersede the initial disposition determination.

The provision would require the training provided to commissioned officers in the grades of O-6 and above on the exercise of such disposition determination authority to include specific training on sexual harassment, sexual assault, and family abuse and domestic violence.

The House amendment contained no similar provision.

The Senate recesses.

Advisory Committee on record and service review boards

The House amendment contained a provision (sec. 523) that would establish a Defense Advisory Committee on Record and Upgrade Review Boards to advise the Secretary of Defense on the best structure, practices, and procedures to ensure consistency of the boards for correction of military records and service review boards in carrying out their responsibilities under chapter 79 of title 10, United States Code, and in granting relief to claimants under that chapter.

The Senate bill contained no similar provision.

The House recesses.

Prohibition on implementation of military service suitability determinations for foreign nationals who are lawful permanent residents

The House amendment contained a provision (sec. 525) that would prohibit the Secretary of Defense from taking any action to implement the memorandum entitled ``Military Service Suitability Determinations for Foreign Nationals Who Are Lawful Permanent Residents'' until the Secretary submits a report on the justification for the policy changes made by that memorandum.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and House of Representatives, not later than 180 days after the enactment of this Act. The briefing shall include: (1) The number of lawful permanent residents (LPRs) who apply for military service; (2) The average length of the military service suitability determination process for LPRs, as detailed in the policy memorandum, measured in six month increments since the policy memorandum was implemented; (3) The number of LPRs who have not been deemed suitable for enlistment or accession into

the military based on a matter identified during the process established by the memorandum; (4) A summary of the most common reasons underlying past determinations that an LPR is not suitable for military service; and (5) The Department's plans to improve and expedite the military service suitability determination process as it relates to LPRs.

Independent Study on barriers to entry into the Armed Forces for English learners

The House amendment contained a provision (sec. 527) that would require the Secretary of Defense to seek to enter into a contract with a federally funded research and development center to study barriers to entry into the Armed Forces for English learners.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Senate report 114-48 directs the Secretary of Defense to review the effectiveness of current enlistment testing practices in identifying high-potential recruits for military service, specifically among the non-native English speaking population of the United States, in light of evolving standards and methods in civilian education of measuring mental ability and academic potential.

The conferees look forward to receiving the Department's report on this topic.

Reenlistment waivers for persons separated from the Armed Forces who commit one misdemeanor cannabis offense

The House amendment contained a provision (sec. 528) that would require the Secretary of Defense to prescribe regulations, within 90 days of the date of the enactment of this Act, that would permit any Secretary of a military department to grant a reenlistment waiver to an individual previously separated from the Armed Forces who has admitted to, or been convicted by a court of a single misdemeanor violation of a Federal or State law relating to the use or possession of cannabis, which violation occurred while that individual was not on Active Duty in the Armed Forces.

The Senate bill contained no similar provision.

The House recesses.

Recognition and honoring of service of individuals who served in United States Cadet Nurse Corps during World War II

The House amendment contained a provision (sec. 530) that would require the Secretary of Defense to determine that the service of the organization known as the United States Cadet Nurse Corps during the period beginning on July 1, 1943, and ending on December 31, 1948, constitutes active military service.

The Senate bill contained no similar provision.

The House recesses.

Nondiscrimination with respect to service in the Armed Forces

The House amendment contained a provision (sec. 530B) that would add section 651a to title 10, U.S. Code, to require the Department of Defense to consider only the ability of an individual to meet gender-neutral occupational standards for military service generally and the military occupational specialty concerned, in particular, in evaluating a candidate for enlistment/accession. The provision would further require that any personnel policy developed or implemented by the Department ensure equality of treatment and opportunity for all persons in the Armed Forces, without regard to race, color, national origin, religion, and sex (including gender identity and sexual orientation). Finally, the provision promulgates a definition of "gender identity."

The Senate bill contained no similar provision.

The House recesses.

Report on mechanisms to enhance the integration and synchronization of activities of Special Victim Investigation and Prosecution personnel with activities of military criminal investigative organizations

The Senate bill contained a provision (sec. 536) that would require the Secretary of Defense to submit a report on mechanisms to enhance the integration and synchronization of activities of Special Victim Investigation and Prosecution personnel with activities of military criminal investigative organizations.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Secretary of Defense to provide to the Committees on Armed Services of the Senate and the House of Representatives, within 180 days from the date of enactment of this Act, a briefing setting forth proposals to enhance the integration and synchronization of Special Victim Investigation and Prosecution personnel with the activities of military criminal investigative organizations in investigations in which

both may be involved, together with any legislative and administrative actions required to implement those proposals.

Pilot program on prosecution of special victim offenses committed by attendees of military service academies

The House amendment contained a provision (sec. 538) that would require the Secretary of Defense to create and carry out a pilot program establishing an independent authority outside of the chain of command to review certain special victim offenses alleged to have been committed by military service academy cadets and midshipmen to determine whether such offenses should be referred to trial by a court-martial convening authority. This provision would also require the Secretary of Defense to establish an Office of the Chief Prosecutor within the Office of the Secretary of Defense, as part of the pilot program.

The Senate bill contained no similar provision.
The House recesses.

Standard of evidence applicable to investigations and reviews related to protected communications of members of the Armed Forces and prohibited retaliatory actions

The House amendment contained a provision (sec. 541) that would amend section 1034 of title 10, United States Code, to allow a finding or other determination made under subsections (c), (d), (g), or (h), to be based on the standards of evidence specified in section 1221(e) of title 5, United States Code.

The Senate bill contained no similar provision.
The House recesses.

Repeal of 15-year statute of limitations on motions or requests for review of discharge or dismissal from the Armed Forces

The Senate bill contained a provision (sec. 546) that would eliminate the 15-year statute of limitations on requests by or on behalf of a former servicemember for review by a discharge review board of the member's discharge or dismissal from the Armed Forces.

The House amendment contained no similar provision.
The Senate recesses.

Consultation regarding victim's preference in prosecution jurisdiction

The House amendment contained a provision (sec. 547) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Personnel and Readiness, to issue guidance to ensure that a sexual assault victim's preference for prosecution jurisdiction is recorded.

The Senate bill contained no similar provision.

The House recesses.

Safe to Report policy applicable across the Armed Forces

The Senate bill contained a provision (sec. 527) that would require the Secretary of Defense, in consultation with the secretaries of the military departments and the Secretary of Homeland Security, to prescribe a Safe to Report policy applicable to all members of the Armed Forces, across both active and reserve components, and to cadets and midshipmen at the military service academies. A Safe to Report policy is one in which a victim of sexual assault who may have committed minor collateral misconduct at or about the time of the assault, or whose minor collateral misconduct is discovered only as the result of the investigation of the sexual assault, may report the assault to authorities without fear of discipline, except in cases in which aggravating circumstances increase the gravity of the minor collateral misconduct or its impact on military good order and discipline.

The provision would define minor collateral misconduct as including: (1) Improper use and possession of alcohol; (2) Consensual intimate behavior, including adultery or fraternization; (3) Presence in off-limits areas; and (4) Other misconduct specified in the regulations promulgated.

The provision would further require that the regulations promulgated by the Secretary specify the aggravating circumstances that would increase the gravity of minor collateral misconduct or its impact on good order and discipline.

The House amendment contained a similar provision (sec. 550).

The Senate and House recess.

Preliminary inquiry on Arlington National Cemetery burial

The House amendment contained a provision (sec. 550E) that would require the Department of the Army's General Counsel to conduct a preliminary inquiry to investigate the burial of Jack Edward Dunlap at Arlington National Cemetery due to accusations that Mr. Dunlap supplied the Soviet Union with intelligence during the Cold War.

The Senate bill contained no similar provision.

The House recesses.

The conferees encourage the Department of the Army to consider this case and, if necessary, to take appropriate action.

Limitation on waiver of rights and protections under Servicemembers Civil Relief Act

The House amendment contained a provision (sec. 550I) that would amend section 107(a) of the Servicemembers Civil Relief Act (Public Law 109-189) to restrict the ability of a servicemember or other covered individual to voluntarily waive their rights and protections provided by the Servicemembers Civil Relief Act.

The Senate contained no similar provision.

The House recesses.

Effective date of rule regarding payday lending protections

The House amendment contained a provision (sec. 550K) that would require section 1041.4 through 1041.6, 1041.10, and 1041.12(b)(1) through (3) of the final rule published on November 17, 2017 by the Bureau of Consumer Financial Protection related to Mandatory Underwriting Provisions to go into effect on August 19, 2019, with regards to servicemembers, veterans, and surviving spouses.

The Senate bill contained no similar provision.

The House recesses.

Strengthening civilian and military partnerships to respond to domestic and sexual violence

The House amendment contained a provision (sec. 550L) that would require the Comptroller General of the United States to submit to Congress a report on partnerships between military installations and civilian domestic and sexual violence response organizations.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that page 126 of the House Report 116-120, accompanying H.R. 2500, National Defense Authorization Act for Fiscal Year 2020, directs the Comptroller General of the United States to assess and report on the military services' domestic violence prevention and response programs. The conferees request that the Comptroller General expand this assessment to include a review of partnerships between military

installations and civilian domestic and sexual violence response organizations, the scope of services and support provided via such partnerships, and their role in a coordinated community response to domestic and sexual violence in military families.

Education of Members of the Armed Forces on Career Readiness and Professional Development

The House amendment contained a provision (sec. 552) that would require the Secretary of Defense to carry out a program to provide education on career readiness and professional development to members of the Armed Forces.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the military already provides numerous opportunities for servicemembers to receive information on career readiness and professional development. The Department of Defense should continue to ensure that all servicemembers are provided opportunities to translate their military experience into civilian education and certifications wherever possible.

Defense Language Institute Foreign Language Center

The House amendment contained a provision (sec. 553) that would amend section 2168 of title 10, United States Code, to permit the Defense Language Institute to confer Bachelor degrees, in addition to Associate degrees, to graduates that meet the appropriate requirements for that degree.

The Senate bill contained no similar provision.

The House recesses.

Liberal consideration of evidence in certain claims by boards for the correction of military records and discharge review boards

The Senate bill contained a provision (sec. 553) that would require military department boards for the correction of military records and discharge review boards to review all claims relating to a claimant's discharge or dismissal, or the characterization of that discharge or dismissal, with liberal consideration of all evidence and information presented by or on behalf of the former servicemember.

The House amendment contained no similar provision.

The Senate recesses.

The conferees encourage the military department boards for the correction of military or naval records to apply their powers of equity broadly to redress injustices in the military

records of a servicemember or former member, and in appropriate cases--as authorized by law or established in board precedent--to accord liberal consideration to the evidence and information presented by or on behalf of the member or former member. In the view of the conferees, such liberal consideration is particularly warranted in cases in which official military records pertinent to the member's application for relief have been destroyed or are otherwise unavailable, through no fault of the member.

Expansion of Department of Defense STARBASE Program

The House amendment contained a provision (sec. 554) that would amend section 2193b of title 10, United States Code, to expand the Starbase program by including art and design as technical fields for education of elementary and secondary children under the program.

The Senate bill contained no similar provision.

The House recesses.

Congressional nominations for Senior Reserve Officers' Training Corps scholarships

The House amendment contained a provision (sec. 557) that would allow the Secretary of the Army to consider any candidate nominated but not selected for appointment to the United States Military Academy by Members of Congress or officials from U.S. Territories to be considered for appointment as a Senior Reserve Officers' Training Corps cadet under section 2107 of title 10, United States Code.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Services already have the authority to ensure qualified military service academy applicants who do not receive an offer of admission are able to receive a scholarship through the Reserve Officers' Training Corps (ROTC). The Secretaries of the military departments are encouraged to develop creative policies to ensure that those young Americans who have demonstrated their propensity to serve in the military by applying to a service academy are able to qualify for and access ROTC scholarships.

Survey of members of the Armed Forces on their experiences with military investigations and military justice

The Senate bill contained a provision (sec. 558) that would require the Secretary of Defense to conduct a periodic

survey—at least once every 4 years but not more frequently than once every 2 years—to be known as the Military Investigation and Justice Experience Survey, on the experience of members of the Armed Forces with military investigations and military justice. Those surveyed would include members of the Armed Forces who are victims of an alleged sex-related offense and who made an unrestricted report of that offense. Participants would be surveyed on their experience with a Special Victims' Counsel/Victims' Legal Counsel and, if charges in the victim's case were referred to court-martial, with the prosecutor and the court-martial in general.

The House amendment contained no similar provision.

The Senate recesses.

The conferees note that the Department already has implemented a Military Investigation and Justice Experience Survey, and encourage the Department to continue to enhance this survey; to monitor trends revealed by survey responses and data over time; as appropriate, to take action to improve military investigations, the Special Victims' Counsel/Victims' Legal Counsel programs, and prosecution processes to address matters raised by survey responses and data; and to include information and insights derived from the survey, when salient, in future briefings and reports to the Congress.

Safe-to-Report policy applicable to military service academies

The House amendment contained a provision (sec. 560A) that would require the Secretary of Defense to publish regulations for the implementation of a Safe-to-Report policy, which would allow the victims of an alleged sexual assault at the United States Military Academy, United States Naval Academy, United States Air Force Academy, and the United States Coast Guard Academy, who may have committed minor collateral misconduct, an opportunity to report an occurrence of sexual assault without fear of discipline for that misconduct.

The Senate bill contained no similar provision.

The House recesses.

Recoupment of funds from cadets and midshipmen separated for criminal misconduct

The House amendment contained a provision (sec. 560B) that would direct the secretary of each military department to prescribe regulations to require the Superintendent of a military service academy to recoup the costs of advanced education received by a cadet or midshipman who is separated

from the Academy for reasons of criminal misconduct, at any time prior to graduation.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that in accordance with section 2005 of title 10, United States Code, and section 303a(e) of title 37 of the Code, the secretaries of the military departments already are vested with authority to recoup the costs of advanced education at a military service academy from a cadet who is separated from the academy prior to graduation. As appropriate, the conferees encourage the secretaries of the military departments to require cadets and midshipmen separated from a military service academy for criminal misconduct to repay the costs of their advanced education, even if the cadet or midshipman is separated prior to having completed 2 years of schooling.

Support of military service academy foundations

The House amendment contained a provision (sec. 560D) that would amend chapter 155 of title 10, United States Code, to authorize service secretaries to provide support to certain non-profit fundraising foundations that operate exclusively to support military service academies.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the primary funding source for military service academies remains appropriated Federal dollars. Each academy currently receives significant additional support from several dedicated non-profit organizations. While academy superintendents may be formally prohibited from engaging in fundraising on behalf of these private organizations, that restriction helps to maintain a healthy separation between the federally funded military institution and private organizations that are not subject to Federal oversight. The conferees are encouraged that the current arrangement between the academies and their non-profit fundraising foundations has resulted recently in each academy opening new, privately funded, facilities for cadet and midshipmen athletics, character development, and cyber education.

Medical personnel at Marine Corps recruit depots

The House amendment contained a provision (sec. 562) that would require the Secretary of the Navy, in coordination with the Navy Medical Department, to assign medical personnel to the

Marine Recruit Training Regiment at each Marine Corps Recruit Depot.

The Senate bill contained no similar provision.
The House recesses.

Inclusion of Specific Email Address Block on Certificate of Release or Discharge from Active Duty (DD Form 214)

The House amendment contained a provision (sec. 564) that would modify the certificate of release or discharge from Active Duty (DD Form 214) by adding an email address block.

The Senate bill contained no similar provision.
The House recesses.

Consecutive service of service obligation in connection with payment of tuition for off-duty training or education for commissioned officers of the Armed Forces with any other service obligations

The Senate bill contained a provision (sec. 566) that would amend section 2007 of title 10, United States Code, to require that an Active-Duty service obligation incurred by an officer for the acceptance of tuition assistance for off-duty training or education be served sequentially with any other service obligation already incurred by the officer.

The House amendment contained no similar provision.
The Senate recesses.

The conferees note that section 2007 of title 10, United States Code, requires officers who accept tuition assistance to remain on Active Duty for a period of at least two years after the completion of the education for which tuition assistance was used. In fiscal year 2018, the Department of Defense provided tuition assistance to approximately 15,000 Active Duty commissioned officers at a cost of almost \$31 million. According to the Government Accountability Office, around 10 percent of Army and Navy officers who last used tuition in 2017 are now separated from the military. The median number of years served after these officer's last use of tuition assistance was 1.6 years for Army officers and only 1.2 years for Navy officers. These statistics suggest that tuition assistance may not be serving one of its intended purposes, which is to provide a valuable benefit in exchange for continued military service.

Therefore, the conferees direct the Secretary of Defense in consultation with the secretaries of the military departments to conduct an analysis of the officer voluntary tuition assistance program. The analysis should include: (1) An evaluation of whether the tuition assistance program is serving

as a retention tool; (2) A discussion of the merits of lengthening or requiring active duty service obligations incurred as a result of accepting tuition assistance be served consecutively with other service commitments; and (3) An assessment of whether those officers who receive a fully funded bachelor's degree through their commissioning source should be eligible to receive voluntary tuition assistance funding prior to the completion of their initial Active Duty service obligation.

The results of this analysis shall be submitted to the Committees on Armed Services of the Senate and House of Representatives by April 1, 2020.

Expansion and renaming of the Troops-to-Teachers Program

The House amendment contained a provision (sec. 568) that would amend section 1154 of title 10, United States Code, to expand and rename the Troops-to-Teachers Program.

The Senate bill contained no similar provision.

The House recedes.

Transition outreach pilot program

The House amendment contained a provision (sec. 569) that would require the Secretary of Defense, in coordination with the Secretaries of Veterans Affairs, Labor, Education, and Homeland Security, and the Administrator of the Small Business Administration, to establish a pilot program through the Transition to Veterans Program office, within 90 days of the date of the enactment of this Act, to foster contact between veterans and the Department of Defense. The pilot program would terminate by September 30, 2020, and the Secretary would then submit a report to Congress regarding such program within 90 days of the termination of the program.

The Senate bill contained no similar provision.

The House recedes.

Assessment and study of Transition Assistance Program

The House amendment contained a provision (sec. 570A) that would require the Secretary of Veterans Affairs to enter into an agreement with an appropriate entity with experience in adult education to conduct a 1-year independent assessment of the Transition Assistance Program (TAP). Additionally, the provision would require the Secretary, in consultation with the Secretaries of Defense and Labor and the Administrator of the Small Business Administration, to conduct a 5-year longitudinal

study regarding TAP on three separate cohorts of discharged servicemembers.

The Senate bill contained no similar provision.

The House recesses.

Information regarding county veterans service officers

The House amendment contained a provision (sec. 570B) that would require the Secretary of Defense to ensure that a separating or retiring member of the Armed Forces may elect to have Department of Defense form DD-214 sent to the appropriate county veterans service officer based on the mailing address provided by the member. The provision would require the Secretaries of Defense and Veterans Affairs to maintain a database of all county veterans services officers.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that section 570F of this bill would require the Secretaries of Defense and Veterans Affairs to enter jointly into a memorandum of understanding or other agreements with State veterans agencies to transmit information from Department of Defense form DD-2648 on individuals undergoing retirement, discharge, or release from the Armed Forces, if elected by such individuals, to provide or connect veterans to benefits or services.

Notice to separating servicemembers of rights under the Servicemembers Civil Relief Act

The House amendment contained a provision (sec. 570E) that would amend section 105 of the Servicemembers Civil Relief Act (Public Law 109-189) to require service secretaries to provide notice to individuals who are no longer eligible for protections provided by the Servicemembers Civil Relief Act not sooner than 150 days and not later than 180 days after the date of termination of a period of military service of that individual.

The Senate bill contained no similar provision.

The House recesses.

The conferees encourage the Department of Defense to ensure that those servicemembers leaving the military are provided notice of lost benefits and protections under the Servicemembers Civil Relief Act.

Modification of responsibility of the Office of Special Needs for individualized service plans for members of military families with special needs

The Senate bill contained a provision (sec. 578) that would amend subparagraph (F) of section 1781(c)(d)(4) of title 10, United States Code, to require the Department of Defense (DOD) to develop an individualized service plan for military family members with special needs when requested in connection to the completion of a family needs assessment.

The House amendment contained no similar provision.

The Senate recesses.

The conferees remain concerned that military family members with special needs are not receiving individualized services plans when necessary or requested, and direct the Secretary of Defense to brief the Committees on Armed Services of the Senate and House of Representatives no later than March 1, 2020, on the implementation of the Family Needs Assessment and any other reviews involving individualized service plans, to include: (1) Data on the utilization of the Family Needs Assessment; (2) How the Department is ensuring military families are aware of the services and programs available to them as the Office of Special Needs updates policies and implements the Family Needs Assessment; and (3) How the Department intends to ensure individualized services plans are being completed and followed correctly.

Direct employment pilot program for members of the National Guard and Reserve, veterans, their spouses and dependents, and members of gold star families

The House amendment contained a provision (sec. 579) that would enable the Secretary of Defense to create a pilot program that would allow States to establish or expand job placement programs, and related employment services, for unemployed guardsmen, reservists, military spouses, and veterans.

The Senate bill contained no similar provision.

The House recesses.

Pilot program to fund non-profit organizations that support military families

The House amendment contained a provision (sec. 580A) that would require the Secretary of Defense to establish a pilot program to provide grants to eligible nonprofit organizations that support military families.

The Senate bill contained no similar provision.

The House recesses.

Increase in assistance to certain local educational agencies

The House amendment contained a provision (sec. 580F) that would authorize an additional appropriation of \$10.0 million for support to local educational activities that serve military communities and families. The additional funding would be offset by a reduction in funding of \$10.0 million for Navy shipbuilding and conversion.

The Senate bill contained no similar provision.

The House recesses.

Assistance for deployment-related support of members of the Armed Forces undergoing deployment and their families beyond the Yellow Ribbon Reintegration Program

The House amendment contained a provision (Sec. 580G) that would require the Secretary of Defense to provide funds to states, territories, and government entities to carry out programs that provide deployment information to servicemembers and their families throughout the deployment cycle.

The Senate bill contained no similar provision.

The House recesses.

Briefing on use of Family Advocacy Programs to address domestic violence

The Senate bill contained a provision (sec. 581) that would require a briefing on the use of Family Advocacy Programs to address domestic violence.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Secretary of Defense to provide the Committees on Armed Services of the Senate and the House of Representatives with a briefing on the various ways in which the Family Advocacy Programs of the military departments could be used and enhanced to end domestic violence among members of the Armed Forces, and to support survivors of such violence and their dependents. The briefing should be provided not later than 180 days after the date of enactment of this Act.

Establishment of the Atomic Veterans Service Medal

The House amendment contained a provision (sec. 582) that would authorize the creation of the Atomic Veterans Service Medal, to be awarded to radiation-exposed veterans.

The Senate bill contained no similar provision.

The House recesses.

Authorization for award of the Medal of Honor to Alwyn Cashe for acts of valor during Operation Iraqi Freedom

The House amendment contained a provision (sec. 584) that would waive the time limitations specified in section 7271 of title 10, United States Code, to authorize the President to award the Medal of Honor to Alwyn C. Cashe for the acts of valor during Operation Iraqi Freedom.

The Senate bill contained no similar provision.

The House recesses.

Eligibility of veterans of Operation End Sweep for Vietnam Service Medal

The House amendment contained a provision (sec. 585) that would authorize the Secretary of the military department concerned to award the Vietnam Service Medal to a veteran who participated in Operation End Sweep, upon the application of that individual.

The Senate bill contained no similar provision.

The House recesses.

The conferees recognize the outstanding service of veterans who participated in Operation End Sweep, from February 6, 1973, to July 18, 1973, undertaking the harrowing work of clearing sea mines laid in Vietnamese waters. The conferees value the meritorious performance of Operation End Sweep veterans following the cessation of military combat operations in Vietnam.

Authority to award or present a decoration not previously recommended in a timely fashion following a review requested by Congress

The Senate bill contained a provision (sec. 587) that would amend section 1130 of title 10, United States Code, authorizing the Secretary of Defense to present an award or decoration following the favorable review of a proposal upon request of a Member of Congress.

The House amendment contained no similar provision.

The Senate recesses.

The Senate bill contained an additional provision (sec. 5587) that would amend section 587 such that section 587 would have no force or effect.

The House amendment contained no similar provision.

The Senate recesses.

Authority to make posthumous and honorary promotions and appointments following a review requested by Congress

The Senate bill contained a provision (sec. 588) that would amend section 1563 of title 10, United States Code, to authorize the Secretary of Defense to prescribe regulations to make a posthumous or honorary promotion following the submission to the requesting Member of Congress and to the Committees on Armed Services of the Senate and the House of Representatives of a determination as to the merits of approving the posthumous or honorary promotion or appointment. The promotion or appointment would not affect retired pay or other benefits based upon the individual's military service.

The House amendment contained no similar provision.
The Senate recedes.

Repeal of quarterly report on end strengths

The House amendment contained a provision (sec. 591) that would repeal paragraph (3) of section 115(e) of title 10, United States Code, to remove the requirement for the Secretary of Defense to notify the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives whenever the Secretary establishes an end-of-quarter strength level pursuant to section 115(e)(2)(A) or modifies a strength level pursuant to section 115(e)(2)(B).

The Senate bill contained no similar provision.
The House recedes.

Expressing support for the designation of a "Gold Star Families Remembrance Day"

The House amendment contained a provision (sec. 596) that would express the sense of Congress to support the designation of a "Gold Star Families Remembrance Day."

The Senate bill contained no similar provision.
The House recedes.

The conferees support the designation of a "Gold Star Families Remembrance Day" to honor and recognize the sacrifices made by the families of servicemembers who gave their lives to defend freedom, and encourage the observation of "Gold Star Families Remembrance Day" by performing acts of service and good will in each community and by celebrating the lives of those who have made the ultimate sacrifice so that others could continue to enjoy life, liberty, and the pursuit of happiness.

Sense of Congress regarding the High-Altitude Army National Guard Aviation Training Site

The House amendment contained a provision (sec. 599C) that would express the sense of Congress that military aviation training in Colorado is critical to the national security of the United States and the readiness of the Armed Forces.

The Senate bill contained no similar provision.

The House recesses.

The conferees express their strong support for military aviation training in Colorado and, in particular, the High-Altitude Army National Guard Aviation Training Site (HAATS). The conferees further note that HAATS is the only Department of Defense school where rotary-wing aviators in the Armed Forces, and the militaries of foreign allies, learn how to safely fly rotary-wing aircraft in mountainous, high-altitude environments.

TITLE VI—COMPENSATION AND OTHER PERSONNEL BENEFITS

SUBTITLE A—PAY AND ALLOWANCES

Clarification of continuation of pays during hospitalization and rehabilitation resulting from wounds, injury, or illness incurred while on duty in a hostile fire area or exposed to an event of hostile fire or other hostile action (sec. 601)

The House amendment contained a provision (sec. 601) that would amend section 372 of title 37, United States Code, to authorize, in the case of a member under the jurisdiction of a Secretary of a military department, the continuation of special pays until the date on which the member is determined fit for duty.

The Senate bill contained no similar provision.

The Senate recesses.

Continued entitlements while a member of the Armed Forces participates in a career intermission program (sec. 602)

The House amendment contained a provision (sec. 610) that would amend section 710(h) of title 10, United States Code, to authorize servicemembers participating in a career intermission program to be eligible for death benefits while part of the program.

The Senate bill contained no similar provision.

The Senate recesses.

Exemption from repayment of voluntary separation pay (sec. 603)

The House amendment contained a provision (sec. 610B) that would amend section 1175a of title 10, United States Code, to exempt servicemembers who are involuntarily recalled to active duty or full-time National Guard duty and who also incur a total service-connected disability from the requirement to repay voluntary separation pay.

The Senate bill contained no similar provision.

The Senate recesses.

Consideration of service on active duty to reduce age of eligibility for retired pay for non-regular service (sec. 604)

The House amendment contained a provision (sec. 627) that would amend section 12731(f)(2)(B)(i) of title 10, United States Code, to authorize retirement credit for a servicemember who as a member of the Ready Reserve serves on Active Duty or performs Active service under section 12304(b) of title 10, United States Code. The eligibility age will be reduced below 60 years of age by 3 months for each aggregate of 90 days on which such person serves on such Active Duty or performs such Active service in any fiscal year after January 28, 2008, or in any two consecutive fiscal years after September 30, 2014.

The Senate bill contained no similar provision.

The Senate recesses.

Temporary adjustment of rates of basic allowance for housing following determination that local civilian housing costs significantly differ from such rates (sec. 605)

The House amendment contained a provision (sec. 603) that would amend section 403(b) of title 37, United States Code, to authorize the Secretary of Defense to prescribe a temporary adjustment of the basic allowance for housing rates for a housing area where the actual costs of adequate housing differ from the calculated rates of housing for that area as determined by the Secretary.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would authorize the Secretary of Defense to prescribe a temporary upward or downward adjustment to Basic Allowance for Housing (BAH) if the Secretary concerned determines that the actual cost of civilian housing differs from current BAH rates by more than 20 percent.

*Reinvestment of travel refunds by the Department of Defense
(sec. 606)*

The Senate bill contained a provision (sec. 622) that would provide the Secretary of Defense with the authority to receive and effectively reinvest miscellaneous receipts obtained through a travel rebate or refund program, a repayment of inaccurate charges, or a collection of an unused travel segment.

The House amendment contained no similar provision.

The House recesses.

*Addition of partial dislocation allowance to allowable travel
and transportation expenses for servicemembers (sec. 607)*

The House amendment contained a provision (sec. 606) that would amend sections 452 and 477 of title 37, United States Code, to allow servicemembers to receive a partial dislocation allowance if they are ordered to vacate dormitories.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would amend section 477 of title 37, United States Code, to authorize Partial Dislocation Allowance to servicemembers ordered to vacate housing provided by the United States. The amendment would also amend section 452 of title 37, United States Code, to authorize a Partial Dislocation Allowance to be paid to servicemembers ordered to vacate housing provided by the United States after January 1st, 2022.

*Reductions on account of earnings from work performed while
entitled to an annuity supplement (sec. 608)*

The House amendment contained a provision (sec. 633) that would amend section 8421a of title 5, United States Code, to authorize supervisors of air traffic control instructors who are collecting a Federal retirement annuity to be exempt from reductions to their annuity supplement if re-employed under a contract with the Federal Aviation Administration.

The Senate bill contained no similar provision.

The Senate recesses.

Increase in basic pay (sec. 609)

The House amendment contained a provision (sec. 606) that would authorize a 3.1 percent increase in basic pay rates for members of the uniformed services.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE B—BONUSES AND SPECIAL INCENTIVE PAYS

One-year extension of certain expiring bonus and special pay authorities (sec. 611)

The Senate bill contained a provision (sec. 611) that would extend, through December 31, 2020, various expiring bonus and special pay authorities for military personnel. The provision would extend special pay and bonus authority for reserve personnel, military healthcare professionals, and nuclear officers and consolidated pay authorities for officer and enlisted personnel. The provision would also extend the authority to provide temporary increases in the rate of Basic Allowance for Housing in certain circumstances.

The House amendment contained an identical provision (sec. 611).

The conference agreement includes this provision.

SUBTITLE C—FAMILY AND SURVIVOR BENEFITS

Expansion of eligibility for exceptional transitional compensation for dependents to dependents of current members (sec. 621)

The Senate bill contained a provision (sec. 601) that would amend section 1059(m) of title 10, United States Code, to authorize the Secretaries of the military departments to provide transitional compensation, in exceptional circumstances, to certain dependents before an eligible servicemember is discharged from Active Duty.

The House amendment contained an identical provision (sec. 621).

The conference agreement includes this provision.

Phase-out of reduction of Survivor Benefit Plan survivor annuities by amount of dependency and indemnity compensation (sec. 622)

The House amendment contained a provision (sec. 630A) that would amend subchapter II of chapter 73 of title 10, United States Code, to repeal the requirement that Survivor Benefit Plan payments be offset by any payments received through dependency and indemnity compensation.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require a 3 year phase out of the requirement that Survivor Benefit Plan payments be offset by any payments received through dependency and indemnity compensation.

Death gratuity for ROTC graduates (sec. 623)

The House amendment contained a provision (sec. 622) that would amend section 1475 of title 10, United States Code, to authorize a death gratuity to the family of a graduate of the Reserve Officers' Training Corps who dies before receiving a first duty assignment.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require a graduate of Reserve Officers' Training Corps to also receive a commission before being eligible for a death gratuity.

Expansion of authority to provide financial assistance to civilian providers of child care services or youth program services who provide such services to survivors of members of the Armed Forces who die in combat in the line of duty (sec. 624)

The House amendment contained a provision (sec. 625) that would amend section 1798(a) of title 10, United States Code, to authorize the Department of Defense to provide financial assistance to civilian providers of childcare services or youth program services to survivors of members of the Armed Forces who die in the line of duty while on active duty, active duty for training, or inactive duty for training.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would amend section 1798(a) of title 10, United States Code, to authorize the Department of Defense to provide financial assistance to civilian providers of childcare services or youth program services to survivors of members of the Armed Forces who die in combat-related incidents in the line of duty.

Casualty assistance for survivors of deceased ROTC graduates (sec. 625)

The House amendment contained a provision (sec. 630) that would provide a casualty assistance officer to the family of Reserve Officers' Training Corps cadets who have taken the oath but have not yet reported to their first duty station, in the event of their death.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require Reserve Officers' Training Corps graduates to have received a commission for the graduate's family to be eligible for a casualty assistance officer.

SUBTITLE D—DEFENSE RESALE MATTERS

Defense resale system matters (sec. 631)

The Senate bill contained a provision (sec. 641) that would require the Under Secretary of Defense for Personnel and Readiness, in coordination with the Chief Management Officer of the Department of Defense, to maintain oversight of the business transformation efforts of the defense commissary system and the exchange stores system to ensure: (1) Development of an inter-component business strategy that maximizes efficiencies and results in a viable defense resale system in the future; (2) Preservation of patron savings and satisfaction from and in the defense commissary system and exchange stores system; and (3) Sustainment of financial support of the defense commissary and exchange systems for morale, welfare, and recreation services of the Armed Forces. The provision would require the Executive Resale Board of the Department to advise the Under Secretary on the implementation of sustainable, complementary operations of the defense commissary system and the exchange stores system. Additionally, the provision would require the Defense Commissary Agency and the Military Exchange Service to identify and implement best commercial business practices and shared-services systems while integrating certain services provided by the exchange stores system within commissary system facilities. The provision would also require the modernization of information technology and implementation of cutting-edge marketing in the defense resale system. Finally, the provision would amend section 2483(b) of title 10, United States Code, to authorize inclusion of advertising expenses in the operating expenses of commissary stores.

The House amendment contained no similar provision.

The House recedes with an amendment that would strike paragraph (c) of the Senate provision.

Procurement by commissary stores of certain locally sourced products (sec. 632)

The Senate bill contained a provision (sec. 631) that would require the Secretary of Defense to ensure that dairy products, fruits, and vegetables procured for defense commissary stores are, to the extent practicable, locally sourced.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary to maintain mandated patron savings when procuring locally sourced products for commissaries.

GAO review of defense resale optimization study (sec. 633)

The House amendment contained a provision (sec. 631) that would require the Comptroller General of the United States to conduct a review of the business case analysis performed as part of the defense resale optimization study conducted by the Reform Management Group, titled "Study to Determine the Feasibility of Consolidation of the Defense Resale Entities" and dated December 4, 2018. The Comptroller General would submit a report by April 1, 2020, to the Committees on Armed Services of the Senate and the House of Representatives. The provision would prohibit the Secretary of Defense from taking any action to consolidate military exchanges and commissaries until such committees notify the Secretary in writing of receipt and acceptance of the findings of the Comptroller General in the reports required under this provision.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the report requirement.

The conferees note that the Senate Report accompanying S. 1790 (S. Rept. 116-48) of the National Defense Authorization Act for Fiscal Year 2020 requires the Comptroller General to provide a similar assessment to the same committees not later than December 1, 2019.

SUBTITLE E—MORALE, WELFARE, AND RECREATION PRIVILEGES

Extension of certain morale, welfare, and recreation privileges to Foreign Service officers on mandatory home leave (sec. 641)

The House amendment contained a provision (sec. 634) that would amend section 1065 of title 10, United States Code, as added by section 621 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to extend certain morale, welfare, and recreation privileges to foreign service officers on mandatory home leave.

The Senate bill contained no similar provision.

The Senate recedes.

Extension of pilot program on a Government lodging program (sec. 642)

The Senate bill contained a provision (sec. 621) that would extend by 1 year the Secretary of Defense's authority to execute a Department of Defense lodging program.

The House amendment contained no similar provision.
The House recesses.

SUBTITLE F—REPORTS AND OTHER MATTERS

Annual reports on approval of employment or compensation of retired general or flag officers by foreign governments for emoluments clause purposes (sec. 651)

The Senate bill contained a provision (sec. 1057) that would modify section 908 of title 37, United States Code, to require the Secretaries of the military departments to submit annually to appropriate committees and Members of Congress, a joint report enumerating each approval issued during the preceding year for a retired general or flag officer to accept civil employment or compensation for which the consent of Congress is required by the last paragraph of Section 9 of Article I of the Constitution, related to acceptance of emoluments, offices, or titles from a foreign government. The provision would require the first report to cover the 5-year period preceding the year in which the report is submitted.

The House contained a similar provision (sec. 609), with an added requirement that the report be posted on a publicly available Internet website of the Department of Defense no later than 30 days after it has been submitted to Congress.

The Senate recesses with an amendment that would require that each report be generated in consultation with the Secretary of State, who takes final action on requests for waiver of the prohibition on the acceptance of emoluments, offices or titles from foreign governments, and removes the requirement for public posting of reports.

Report regarding transition from overseas housing allowance to basic allowance for housing for servicemembers in the territories (sec. 652)

The House amendment contained a provision (sec. 610A) that would require the Secretary of Defense to submit a report to the congressional defense committees evaluating whether members of the uniformed services located in the territories of the United

States should receive the Basic Allowance for Housing instead of the Overseas Housing Allowance.

The Senate bill contained no similar provision.

The Senate recesses.

Report on extension to members of the reserve components of the Armed Forces of special and incentive pays for members of the Armed Forces not currently payable to members of the reserve components (sec. 653)

The Senate bill contained a provision (sec. 5602) that would require the Secretary of Defense to submit a report to the congressional defense committees on the feasibility and advisability of paying eligible members of the reserve components any special or incentive pay for members of the Armed Forces that is not currently payable to members of the reserve components.

The House amendment contained no similar provision.

The House recesses.

Study regarding recoupment of separation pay, special separation benefits, and voluntary separation incentive payments from members of the Armed Forces and veterans who receive disability compensation under laws administered by the Secretary of Veterans Affairs (sec. 654)

The House amendment contained a provision (sec. 608) that would require the Secretaries of Defense and Veterans Affairs to conduct a joint study on recoupment of various separation pay.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Report on implementation of contributions to the Department of Defense Military Retirement Fund based on pay costs per Armed Force rather than on Armed Forces-wide basis (sec. 655)

The Senate bill contained a provision (sec. 631) that would amend section 1465 of title 10, United States Code, to require the Secretary of Defense to make contributions to the Military Retirement Fund based on an actuarial calculation of each service's planned pension obligations, beginning with fiscal year 2021.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the Secretary of Defense to deliver a report to the congressional defense committees detailing an implementation plan for the

Senate-passed provision that would require service-specific contributions to the Military Retirement Fund.

The conferees note that requiring service-specific contributions to the Military Retirement Fund will provide valuable insight into the true costs of each military department's manpower. The current system of Military Retirement Fund contributions produces a disparity between the services. Those services with fewer personnel who reach full retirement eligibility, like the Marine Corps, contribute more to the Military Retirement Fund than needed to pay for retired marines' pensions. Meanwhile, those services that have larger numbers of personnel who reach full retirement eligibility, like the Air Force, effectively receive a discount on their Military Retirement Fund contributions.

As each service updates its overall force profile to support the National Defense Strategy and implements other reforms, like those to the Blended Retirement System, the conferees believe it is critical that senior leaders in the DOD accurately account for the fully-burdened life-cycle cost of each service's manpower plans.

Report on food insecurity among members of the Armed Forces and their dependents (sec. 656)

The House amendment contained a provision (sec. 602) that would amend section 402 of title 37, United States Code, to authorize the Secretary of Defense to pay a basic needs allowance to a qualified servicemember.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representative on food insecurity among members of the Armed Forces and their dependents.

LEGISLATIVE PROVISIONS NOT ADOPTED

Basic allowance for housing for a member without dependents when relocation would financially disadvantage the member

The House amendment contained a provision (sec. 604) that would allow the Secretaries of the military departments discretionary authority to authorize a housing allowance based on the old homeport or permanent duty station for single members disadvantaged as a result of a unit's change of homeport or permanent duty station, as long as the member had orders returning to the previous homeport or duty station.

The Senate bill contained no similar provision.

The House recesses.

The conferees note, in general, the Navy plans ship homeport changes well in advance of the actual relocation occurring. In the same way, the Navy should also plan personnel movements related to homeport changes well in advance in order to minimize disruption to sailors. The conferees note that current law does not require Basic Allowance for Housing be based on a ship's homeport, and would encourage the Navy to work with the Department of Defense to develop a policy solution that provides the necessary authority.

Annual adjustment of basic pay

The House amendment contained a provision (sec. 607) that would require the adjustment in rates of monthly basic pay required by subsection (a) of section 1009 of title 37, United States Code, to take effect, notwithstanding any determination made by the President.

The Senate bill contained no similar provision.

The House recesses.

Space-available travel on military aircraft for children and surviving spouses of members who die of hostile action or training duty

The House amendment contained a provision (sec. 626) that would amend section 2641 of title 10, United States Code, to allow children meeting certain requirements and surviving spouses of members of the Armed Forces who die as a result of hostile action or training duty to use space-available travel.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that section 2641b of title 10, United States Code, authorizes the space-available travel program and provides the Secretary of Defense with the ability to extend eligibility for the program to any category of individual the Secretary considers appropriate. The conferees believe that space-available travel privileges should be extended to spouses and children of servicemembers who die in combat, if there is no impact on readiness or on the priority appropriately afforded to members of the armed forces on active duty and their families, in recognition of the demands of active military service and the need for respite from such demands. Accordingly, the conferees direct the Secretary to report to the Committees on Armed Services of the Senate and the House of Representatives by no later than March 1, 2020, on the scope of the population

described in section 626 of the House bill, the obstacles in providing this population with space-available privileges, and whether an extension of this benefit to such population would interfere with the use of space-available travel by active duty members and their families, particularly on the most traveled routes.

Report regarding management of military commissaries and exchanges

The House amendment contained a provision (sec. 632) that would require the Secretary of Defense to submit a report to the congressional defense committees, not later than 180 days after the date of the enactment of this Act, regarding management practices of military commissaries and exchanges.

The Senate bill contained no similar provision.

The House recesses.

Treatment of fees on services provided as supplemental funds for commissary operations

The Senate bill contained a provision (sec. 642) that would amend section 2483(c) of title 10, United States Code, to authorize retention of fees collected on services provided to secondary patron groups, such as Department of Defense contractors living overseas, by the Defense Commissary Agency to offset commissary operating costs.

The Senate bill contained a provision (sec. 5642) that would cause section 642, and the amendment made by that section, to have no cause or effect.

The House amendment contained no similar provisions.

The Senate recesses.

TITLE VII—HEALTH CARE PROVISIONS

SUBTITLE A—TRICARE AND OTHER HEALTH CARE BENEFITS

Modification of eligibility for TRICARE Reserve Select for certain members of the Selected Reserve (sec. 701)

The House amendment contained a provision (sec. 703) that would amend section 1076d(a)(2) of title 10, United States Code, to modify eligibility for TRICARE Reserve Select for certain members of the Selected Reserve after December 31, 2029.

The Senate bill contained no similar provision.
The Senate recesses.

TRICARE payment options for retirees and their dependents (sec. 702)

The Senate bill contained a provision (sec. 702) that would amend section 1099 of title 10, United States Code, to require that a premium owed by a member, former member, or dependent, eligible for medical and dental care under section 1074(b) or 1076 of such title, be withheld, to the maximum extent practicable, from the individual's retired, retainer, or equivalent pay. The provision would authorize the Secretary of Defense to determine the method and frequency of payment when circumstances prevent payment through an allotment from retired, retainer, or equivalent pay. The amendments in this provision would apply to health care coverage beginning on or after January 1, 2021.

The House amendment contained no similar provision.
The House recesses.

Lead level screening and testing for children (sec. 703)

The Senate bill contained a provision (sec. 703) that would require the Secretary of Defense to establish and disseminate clinical practice guidelines for health care providers in the military health system on screening, testing, and reporting of blood lead levels in children. The provision would require the Secretary to provide blood lead level test results to a child's parent or guardian, the State health department where the child resides, or the Centers for Disease Control and Prevention and the appropriate country if the child resides outside the United States. Finally, the provision would require the Secretary to submit a report to the congressional defense committees, not later than January 1, 2021, describing the number of children screened, tested, and treated for elevated blood lead levels during the period beginning on the date of the enactment of this Act and ending on the date of the report.

The House amendment contained a provision (sec. 704) that would amend section 1077 of title 10, United States Code, to prescribe certain times when a child should be screened and tested for elevated blood lead levels during well-baby care visits in military medical treatment facilities. The provision would require the Secretary to share test results similarly as prescribed in the Senate provision. In addition, the provision would require the Secretary to submit a similar report to the

same committees by the same date and to require the Comptroller General of the United States to submit a report to those committees, not later than January 1, 2022, on the effectiveness of screening, testing, and treating children for lead exposure and lead poisoning. Finally, the provision would require the Secretary to maintain records regarding military housing and lead-based paint.

The House recesses with a clarifying amendment.

Exposure to open burn pits and toxic airborne chemicals or other airborne contaminants as part of periodic health assessments and other physical examinations (sec. 704)

The House amendment contained a provision (sec. 705) that would amend sections 1145(a)(5) and 1074f(b)(2) of title 10, United States Code, to require the Secretary of Defense to ensure that periodic, separation, or deployment health assessments provided to servicemembers include an evaluation whether the member has been: (1) Based or stationed at a location where an open burn pit was used; and (2) Exposed to toxic airborne chemicals or contaminants, including any information recorded in the Airborne Hazards and Open Burn Pit Registry. The provision would require the Secretaries of Defense and Veterans Affairs to enter into a joint memorandum of understanding to share results of such assessments regarding a servicemember's exposure to toxic airborne chemicals or contaminants and to enroll such servicemember in the named registry unless the member elects not to enroll.

The Senate bill contained a similar provision (sec. 5702).

The Senate recesses.

Enhancement of recordkeeping with respect to exposure by members of the Armed Forces to certain occupational and environmental hazards while deployed overseas (sec. 705)

The Senate bill contained a provision (sec. 717) that would amend section 1074f of title 10, United States Code, to require the Department of Defense to include occupational or environmental health exposures during deployment in its medical tracking system. The provision would also require the Department to provide healthcare providers with questions to ask servicemembers about occupational or environmental health exposures during post-deployment health assessments and to ensure that the medical records of servicemembers include information on the external cause relating to a medical diagnosis of the member. Finally, the provision would require the Secretary of Defense to ensure that the Department's medical

personnel have access to information in the burn pit registry maintained by the Department of Veterans Affairs.

The House amendment contained a similar provision (sec. 706).

The House recesses.

Modifications to post-deployment mental health assessments for members of the Armed Forces deployed in support of a contingency operation (sec. 706)

The House amendment contained a provision (sec. 707) that would amend section 1074m(a)(1) of title 10, United States Code, to modify the requirement for post-deployment mental health assessments for servicemembers deployed in support of a contingency operation. The provision would provide certain exceptions to the timeline for the administration of mental health assessments. In addition, the provision would amend section 1074m(a)(1)(B) to eliminate the sunset for such assessments during deployment.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Provision of blood testing for firefighters of Department of Defense to determine exposure to perfluoroalkyl and polyfluoroalkyl substances (sec. 707)

The Senate bill contained a provision (sec. 704) that would require the Secretary of Defense, beginning on October 1, 2020, to provide blood testing to determine and document potential exposure to perfluoroalkyl and polyfluoroalkyl substances for firefighters of the Department of Defense during their annual physical exams.

The House bill contained a similar provision (sec. 708).

The House recesses.

SUBTITLE B—HEALTH CARE ADMINISTRATION

Modification of organization of military health system (sec. 711)

The Senate bill contained a provision (sec. 711) that would amend section 1073c of title 10, United States Code, to make clarifying and technical amendments on the administration of the Defense Health Agency and military medical treatment facilities.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment.

Over the past four years, Congress has enacted several provisions designed to guide the Department of Defense in implementing a major reform of the military health system to make it more effective, efficient, and less costly. These enactments require replacement of the semi-autonomous Service-run components of the system with a single accountable organization, the Defense Health Agency, responsible for managing an integrated health care system that includes all military medical treatment facilities in the direct care system, with a sharper focus on military medical readiness, and the purchased care system, with an emphasis on maximum value and the attainment of better health outcomes for beneficiaries and the Department. Under this construct, the responsibility of the military departments is to recruit, retain, organize, and develop the military medical force and to make it available to combatant commands when needed to support military operations or otherwise to the Defense Health Agency. The conferees are aware of a lack of consensus in the Department on implementing the reforms required by law but see no reason to change direction. The conferees expect the Secretary of Defense to fully implement the law and to accomplish these critically important reforms expeditiously.

Support by military health system of medical requirements of combatant commands (sec. 712)

The Senate bill contained a provision (sec. 712) that would amend section 712 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-332) to modify and clarify the military health system's support to the medical requirements of the combatant commands.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment.

Requirements for certain prescription drug labels (sec. 713)

The House amendment contained a provision (sec. 711) that would amend section 1074g of title 10, United States Code, to require the Secretary of Defense to ensure that drugs made available through facilities of the Armed Forces under the Secretary's jurisdiction shall include printed labels, on or within the drug package, which provide directions for the drug's use. The provision would require implementation within 90 days after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to ensure that such drugs include labels and other labeling in compliance with the requirements of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)

Officers authorized to command Army dental units (sec. 714)

The Senate bill contained a provision (sec. 723) that would amend section 7081(d) of title 10, United States Code, to authorize Army Medical Department officers to command Army dental units.

The House amendment contained a similar provision (sec. 712).

The Senate recesses.

Improvements to interagency program office of the Department of Defense and the Department of Veterans Affairs (sec. 715)

The House amendment contained a provision (sec. 713) that would amend section 1635(c) of the Wounded Warrior Act (title 16 of Public Law 110-181) to require improvements to the Interagency Program Office (IPO) of the Department of Defense and the Department of Veterans Affairs.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would amend the same statute to require certain improvements to the IPO. The provision would: (1) Describe the qualifications and authorities for the IPO's director and deputy director and outline the purposes of the IPO; (2) Require the Departments to enter into an agreement with an independent entity to evaluate certain implementation milestones of the Departments' electronic health record systems (EHRs); (3) Require the IPO to maintain a common configuration baseline for the Departments' EHRs; (4) Require the IPO to develop a comprehensive interoperability strategy; and (5) Require the IPO to consult annually with clinical staff and to conduct clinical and patient satisfaction surveys on the EHRs. Finally, the provision would require the IPO director to submit to the Secretaries an annual publicly available report from September 30, 2020, through 2024, on the activities of the office in the preceding year.

Expansion of strategy to improve acquisition of managed care support contracts under TRICARE program (sec. 716)

The Senate bill contained a provision (sec. 714) that would amend section 705(c)(1) of the National Defense

Authorization Act for Fiscal Year 2017 (Public Law 114-328) to include overseas medical support contracts in the strategy to improve the acquisition of managed care support contracts under the TRICARE program.

The House amendment contained no similar provision.

The House recesses.

Inclusion of blast exposure history in medical records of members of the Armed Forces (sec. 717)

The House amendment contained a provision (sec. 716) that would require the Secretary of Defense, in coordination with the service secretaries, to document blast exposure history in the medical records of servicemembers. The provision would prescribe the elements of a blast exposure history and would specify how the Secretary should collect blast exposure information.

Finally, the provision would require the Secretary to submit a report on the types of information in a blast exposure history to the Committees on Armed Services of the Senate and the House of Representatives not later than 1 year after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would strike paragraph (c) of section 716 and define the type of blast exposure incident that should be documented in a servicemember's medical record.

Comprehensive policy for provision of mental health care to members of the Armed Forces (sec. 718)

The House amendment contained a provision (sec. 717) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Personnel and Readiness, to develop and implement a comprehensive policy, within 180 days after the date of the enactment of this Act, for the provision of mental health care for servicemembers.

The Senate bill contained no similar provision.

The Senate recesses.

Limitation on the realignment or reduction of military medical Manning end strength (sec. 719)

The House amendment contained a provision (sec. 718) that would prohibit the Secretary of Defense and the service secretaries from realignment or reduction of military medical end strength authorizations until each secretary concerned conducts a review and analysis of the medical manpower

requirements of each military department under all national defense strategy scenarios. The provision would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, within 180 days of the date of the enactment of this Act, on such realignments or reductions. The provision would not apply to billets, which have remained unfilled since October 1, 2018, if such billets would not affect the provision of health care services to servicemembers or covered beneficiaries.

The Senate bill had no similar provision.

The Senate recedes with an amendment that would modify the exceptions on the limitation of the realignment or reduction of military medical end strength authorizations.

Strategy to recruit and retain mental health providers (sec. 720)

The House amendment contained a provision (sec. 719) that would require the Secretary of Defense to submit a report, within 180 days of the date of the enactment of this Act, to the congressional defense committees on the Department's strategy to recruit and retain mental health providers.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Development of partnerships to improve combat casualty care for personnel of the Armed Forces (sec. 721)

The House amendment contained a provision (sec. 720B) that would require the Secretary of Defense, through the Joint Trauma Education and Training Directorate, to develop partnerships by October 1, 2020, with civilian academic centers and large metropolitan teaching hospitals to improve combat casualty care for servicemembers. The provision would require the Department of Defense to establish such partnerships with level 1 civilian trauma centers to train military physicians, including trauma surgeons, to treat critically injured burn patients.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary to develop such partnerships.

Modification to referrals for mental health services (sec. 722)

The House amendment contained a provision (sec. 720C) that would authorize the Secretary of Defense to refer a servicemember for mental health services to a provider under the TRICARE program if the Secretary cannot provide mental health

services in a military medical treatment facility to the member within 15 days on which the member first requests the services.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE C—REPORTS AND OTHER MATTERS

Authorization of claims by members of the uniformed services against the United States for personal injury or death caused by medical malpractice (sec. 731)

The House amendment contained a provision (sec. 729) that would amend chapter 171 of title 28, United States Code, to authorize a claim against the United States for damages relating to personal injury or death of a servicemember arising out of a negligent or wrongful act or omission in the performance of medical, dental, or related health care functions provided at a military medical treatment facility by a person acting within the scope of the office or employment of that person by or at the direction of the United States government.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would amend chapter 163 of title 10, United States Code, to authorize the Secretary of Defense to allow, settle, and pay a claim against the United States for personal injury or death incident to the service of a member of the uniformed services that was the result of medical malpractice caused by a Department of Defense health care provider.

Extension and clarification of authority for Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund (sec. 732)

The Senate bill contained a provision (sec. 721) that would amend title XVII of the National Defense Authorization for Fiscal Year 2010 (Public Law 111-84) to make certain technical corrections to such title. Additionally, the provision would permit the James A. Lovell Federal Health Care Center to enter into personal services contracts to carry out healthcare responsibilities at the Center to the same extent and subject to the same conditions and limitations as in medical treatment facilities of the Department of Defense. Finally, the provision would extend the authority for the joint Department of Defense-Department of Veterans Affairs Demonstration Fund from September 30, 2020, to September 30, 2021.

The House amendment contained no similar provision.

The House recesses.

Appointment of non-ex officio members of the Henry M. Jackson Foundation for the Advancement of Military Medicine (sec. 733)

The Senate bill contained a provision (sec. 722) that would amend subparagraph (C) of paragraph (1) of section 178(c) of title 10, United States Code, to authorize the appointment of a member of the council of the Henry M. Jackson Foundation for the Advancement of Military Medicine by currently serving members upon the expiration of the term of a member. The provision would also amend paragraph (2) of such section to repeal an obsolete authority establishing staggered terms of members of the council. The provision would not terminate or otherwise alter the appointment or term of service of council members serving on the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

Establishment of Academic Health System in National Capital Region (sec. 734)

The Senate bill contained a provision (sec. 724) that would amend chapter 104 of title 10, United States Code, by inserting a new section to authorize the Secretary of Defense to establish an Academic Health System in the National Capital Region to integrate the healthcare, health professions education, and health research activities of the military health system in that region. The provision would authorize the Secretary to appoint employees of the Department of Defense to leadership positions in such system in addition to similar leadership positions for members of the Armed Forces. Moreover, the provision would authorize the Secretary to use the authorities under chapter 104 for the administration of the system.

The House amendment contained no similar provision.

The House recesses with a clarifying amendment.

Provision of veterinary services by veterinary professionals of the Department of Defense in emergencies (sec. 735)

The Senate bill contained a provision (sec. 725) that would amend chapter 53 of title 10, United States Code, to authorize a licensed veterinary professional of the Department of Defense (DOD) to provide veterinary services in any state, the District of Columbia, and any territory or possession of the United States, if the services provided fall within the scope of authorized duties of the veterinary professional for the DOD.

The House amendment contained no similar provision.

The House recesses.

Three-year extension of authority to continue the DOD-VA Health Care Sharing Incentive Fund (sec. 736)

The Senate bill contained a provision (sec. 726) that would amend section 8111(d)(3) of title 38, United States Code, to extend the authorization of the Department of Defense-Department of Veterans Affairs Health Care Sharing Incentive Fund to September 30, 2025.

The House amendment contained no similar provision.

The House recesses with an amendment that would authorize extension of the Fund to September 30, 2023.

Preservation of resources of the Army Medical Research and Materiel Command and continuation as Center of Excellence (sec. 737)

The Senate bill contained a provision (sec. 5703) that would preserve the resources of the Army Medical Research and Materiel Command (MRMC) as it realigns under the Defense Health Agency. The provision would require transfer to the Defense Health Program of all funding amounts available for such command upon the realignment. Additionally, the provision would require continuation of the Center of Excellence for Joint Biomedical Research, Development, and Acquisition Management for efforts undertaken under the Defense Health Program.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the Secretary of Defense to maintain the resources of MRMC, including manpower and funding, at not less than the level of resources as of the date of the enactment of this Act until September 30, 2022. Additionally, the provision would require transfer of funds available to MRMC for research, development, test, and evaluation for the Army to the Defense Health Program on October 1, 2022. Finally, the provision would require continuation of the center of excellence after September 30, 2022.

Encouragement of participation in Women's Health Transition Training pilot program (sec. 738)

The House amendment contained a provision (sec. 723) that would require the service secretaries to encourage female servicemembers, separating or retiring from the Armed Forces during fiscal year 2020, to participate in the Women's Health Transition Training Pilot Program administered by the Secretary

of Veterans Affairs. The provision would require the Secretary of Defense, in consultation with the service secretaries, to submit a report to the Committees on Armed Services and the Committees on Veterans Affairs of the Senate and the House of Representatives on the pilot program not later than September 30, 2020.

The Senate bill contained no similar provision.
The Senate recesses.

National Guard suicide prevention pilot program (sec. 739)

The House amendment contained a provision (sec. 724) that would authorize the Chief of the National Guard Bureau to conduct a pilot program to expand suicide prevention and intervention efforts at the community level through a mobile application, which would enable a National Guard member to receive prompt access to a behavioral health professional on a smartphone, tablet computer, or other handheld mobile device.

The Senate bill contained no similar provision.
The Senate recesses with a clarifying amendment.

Pilot program on civilian and military partnerships to enhance interoperability and medical surge capability and capacity of National Disaster Medical System (sec. 740)

The Senate bill contained a provision (sec. 727) that would authorize the Secretary of Defense to conduct a pilot program for no more than 5 years to establish partnerships with public, private, and non-profit health care organizations, institutions, and entities in collaboration with the Secretaries of Veterans Affairs, Health and Human Services, Homeland Security, and Transportation to enhance interoperability and medical surge capability and capacity of the National Disaster Medical System. Under this pilot, the Secretary of Defense would establish these partnerships at no fewer than five major aeromedical transport hub regions of the Department of Defense in the United States. The provision would require the Secretary of Defense to submit an initial report to the Committees on Armed Services of the Senate and the House of Representatives, not later than 180 days after commencement of the pilot program, and a final report to the same committees within 180 days of the completion of the program.

The House amendment contained no similar provision.
The House recesses with a clarifying amendment.

Reports on suicide among members of the Armed Forces and suicide prevention programs and activities of the Department of Defense (sec. 741)

The House amendment contained a provision (sec. 725) that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, within 90 days of the date of the enactment of this Act and annually thereafter through January 31, 2021, on suicide among servicemembers during the preceding year of the report. The provision would prescribe the matters included in such reports.

The Senate bill contained a provision (sec. 5508) that would require the Comptroller General of the United States to submit a report to the same committees, within 240 days of the date of the enactment of this Act, on the programs and activities of the Department of Defense and Armed Forces for the prevention of suicide among servicemembers and their families.

The Senate recedes with a clarifying amendment that would include both provisions.

Modification of requirements for longitudinal medical study on blast pressure exposure of members of the Armed Forces and collection of exposure information (sec. 742)

The Senate bill contained a provision (sec. 728) that would amend section 734 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) to modify the requirements of the Longitudinal Medical Study on Blast Pressure Exposure on Members of the Armed Forces. The provision would require the Secretary of Defense to submit annual status reports on the study to the Committees on Armed Services of the Senate and the House of Representatives not later than January 1 of each year until completion of the study.

The House amendment contained no similar provision.

The House recedes with an amendment that would ensure data gathered from the study is interoperable and can be uploaded into the Department's electronic health record, MHS Genesis, or a successor system. Additionally, the amendment would prescribe how the Secretary of Defense should collect blast exposure information on servicemembers.

Study and plan on the use of military-civilian integrated health delivery systems (sec. 743)

The House amendment contained a provision (sec. 726) that would require the Secretary of Defense to conduct a study on the

use of local military-civilian integrated health systems pursuant to section 706 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) and to submit a report on the results of the study to the Committees on Armed Services of the Senate and the House of Representatives within 180 days of the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary to submit a plan for further development of the use of local military-civilian integrated health systems by the Department.

Study on case management in the military health system (sec. 744)

The House amendment contained a provision (sec. 727) that would require the Secretary of Defense to conduct a study on the effectiveness of case management practices at military medical treatment facilities and to submit a report on the results of the study to the Committees on Armed Services of the Senate and the House of Representatives within 180 days of the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary to include in the study an evaluation of the case management and outreach provided by managed care support contractors supporting the Defense Health Agency.

Report on Global Health Security Strategy and the National Biodefense Security (sec. 745)

The House amendment contained a provision (sec. 731) that would require the Secretary of Defense to submit a report on the implementation of the Global Health Security Strategy and the National Biodefense Strategy.

The Senate bill contained no similar provision.

The Senate recedes with an amendment to clarify the appropriate congressional committees.

Study on establishment of wounded warrior service dog program (sec. 746)

The House amendment contained a provision (sec. 742) that would require the Secretary of Defense to award grants to nonprofit organizations to assist such organizations in implementing programs to provide assistance dogs to covered members of the military and veterans.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require a study on the feasibility of establishing a wounded warrior service dog program.

GAO report on Department of Defense quality assurance program and impacts of medical malpractice actions (sec. 747)

The House amendment contained a provision (sec. 744) that would require the Secretary of Defense to submit a report to the congressional defense committees identifying the number of medical providers employed by the Department of Defense who, before being employed by the Department, lost medical malpractice insurance coverage by reason of the insurer dropping the coverage.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Comptroller General of the United States to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, not later than January 1, 2021, which would provide: (1) An assessment of the effectiveness of the quality assurance program of the Department in querying and monitoring the National Practitioner Data Bank; (2) A comparison of outcomes for military health system patients who may bring an action against the Federal government for negligence or medical malpractice and the outcomes for such patients who may not bring such an action; and (3) A comparison of the elements and average amounts of death and disability compensation that apply regardless of the underlying cause of death or disability with those elements and average amounts of settlements that result from medical malpractice litigation against the Federal government.

Reports on Millennium Cohort Study relating to women members of the Armed Forces (sec. 748)

The House amendment contained a provision (sec. 750) that would require the Secretary of Defense to submit annual reports to the appropriate congressional committees on the findings of the Millennium Cohort Study relating to the gynecological and perinatal health of female servicemembers participating in the study.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the matters included in the reports and require the Secretary to submit such reports to the Committees on Armed Services of the Senate and the House of Representatives within 180 days of the

date of the enactment of this Act and annually through January 1, 2022.

Study on effects of sleep deprivation on readiness of members of the Armed Forces (sec. 749)

The conference agreement includes a provision that would require the Secretary of Defense to conduct a study on the effects of sleep deprivation on the readiness of servicemembers and to submit a report to the Committees on Armed Services of the Senate and the House of Representatives within 270 days of the date of the enactment of this Act.

Study and report on traumatic brain injury mitigation efforts (sec. 750)

The conference agreement includes a provision that would require the Secretary of Defense to conduct a meta-analysis of evidence-based traumatic brain injury (TBI) mitigation efforts by the Department of Defense, related Federal agency partners, and efforts discussed in academic literature, which demonstrate best clinical effectiveness in the treatment of TBI. The Secretary would submit a report on the results of the study to the Committees on Armed Services of the Senate and the House of Representatives within 270 days of the date of the enactment of this Act.

LEGISLATIVE PROVISIONS NOT ADOPTED

Contraception coverage parity under the TRICARE program

The Senate bill contained a provision (sec. 701) that would amend sections 1074d(b)(3), 1075(c), 1075a(b), and 1074g(a)(6) of title 10, United States Code, to require coverage of contraception services for covered beneficiaries under the TRICARE program. The provision would prohibit cost-sharing for any method of contraception provided by a network provider under TRICARE Select or a provider under TRICARE Prime. Additionally, a beneficiary would pay no cost-share for any prescription contraceptive on the uniform formulary that is provided by a network retail pharmacy provider or the mail-order pharmacy program. The effective date of this provision would be January 1, 2020.

The Senate bill contained a provision (sec. 5701) that would cause the amendments made by section 701 to take effect on January 1, 2030.

The House amendment contained a provision (sec. 701) similar to Senate section 701.

The House and Senate recede.

Medical services at military medical treatment facilities for sexual assault survivors

The House amendment contained a provision (sec. 702) that would amend Chapter 55 of title 10, United States Code, to require the Secretary of Defense to furnish certain information and assistance on pregnancy prevention to sexual assault survivors at each military medical treatment facility.

The Senate bill contained no similar provision.

The House recesses.

Inclusion of infertility treatments for members of the uniformed services

The House amendment contained a provision (sec. 709) that would authorize infertility treatments for uniformed services members and their spouses under section 1074(a) of title 10, United States Code.

The Senate bill contained no similar provision.

The House recesses.

Authorization of appropriations for TRICARE lead screening and testing for children

The House amendment contained a provision (sec. 710) that would authorize appropriations for TRICARE lead screening and testing for children.

The Senate bill contained no similar provision.

The House recesses.

Tours of duty of commanders or directors of military treatment facilities

The Senate bill contained a provision (sec. 713) that would require the Secretary of Defense, not later than January 1, 2021, to establish a minimum length of 4 years for tours of duty, with limited exceptions, for commanders or directors of military treatment facilities to ensure greater stability in health system executive management at each facility and throughout the military health system.

The House amendment contained no similar provision.

The Senate recesses.

Comprehensive enterprise interoperability strategy for the Armed Forces and the Department of Veterans Affairs

The House amendment contained a provision (sec. 714) that would require the Secretaries of Defense and Veterans Affairs jointly to develop and implement a comprehensive enterprise interoperability strategy and to submit such strategy to the appropriate congressional committees within 180 days after the date of the enactment of this Act. Subsequently, the Secretaries would provide an update to the strategy to the same committees not later than December 31, 2024.

The Senate bill contained no similar provision.

The House recesses.

The conferees included the intent of this provision in a separate provision that focuses on improvements to the Interagency Program Office of the Departments of Defense and Veterans Affairs.

Demonstration of interoperability milestones

The House amendment contained a provision (sec. 715) that would require the Interagency Program Office (IPO) of the Departments of Defense and Veterans Affairs to enter into an agreement with an independent entity to conduct an evaluation of interoperability, functionality, and seamless health care within the Departments' electronic health record systems by determining if the Departments have met certain prescribed milestone timelines. The IPO would then submit a report to the appropriate congressional committees detailing the evaluation, methodology for testing, and findings for each such milestone. The provision would also require the IPO to: (1) Maintain and continually evaluate a common system configuration baseline; (2) Obtain regular consultations from clinicians using the electronic health record systems; and (3) Conduct clinician and patient satisfaction surveys. Finally, the provision would require the IPO to submit annual reports on such matters to the same committees.

The Senate bill contained no similar provision.

The House recesses.

The conferees included the intent of this provision in a separate provision that focuses on improvements to the IPO of the Departments of Defense and Veterans Affairs.

Establishment of regional medical hubs to support combatant commands

The Senate bill contained a provision (sec. 715) that would require the Secretary of Defense, not later than October 1, 2022, to establish up to four regional medical hubs, consistent with section 712 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), to support the operational medical requirements of the combatant commands. Under this provision, each regional hub would include a major military medical center to provide complex, specialized medical services in that region. The regional medical center would be geographically located to maximize medical support to combatant commands. The provision would authorize the Secretary to establish or maintain additional medical centers in locations with large beneficiary populations or locations that serve as the primary readiness platforms of the Armed Forces.

The House amendment contained no similar provision.

The Senate recesses.

Monitoring of adverse event data on dietary supplement use by members of the Armed Forces

The Senate bill contained a provision (sec. 716) that would require the Secretary of Defense to modify the Department's electronic health record (EHR) system to include data regarding use of dietary supplements by members of the Armed Forces and any adverse events associated with such use. The provision would also require the Secretary to educate healthcare providers in the military health system on the importance of including adverse event data in the EHR and reporting those data to the Food and Drug Administration.

The House amendment contained no similar provision.

The Senate recesses.

Monitoring medication prescribing practices for the treatment of post-traumatic stress disorder

The House amendment contained a provision (sec. 720) that would require the Secretary of Defense to submit a report, within 180 days of the date of the enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives on the practices for prescribing medication for post-traumatic stress disorder (PTSD), which were inconsistent with Department of Defense (DOD)-Department of Veterans Affairs (VA) guidelines from the period January 1, 2012, through December 31, 2017.

The Senate bill contained no similar provision.

The House recesses.

The conferees recognize the importance of clinical practice guidelines for prescribing medications for PTSD and strongly encourage medical providers of the DOD and VA to adhere to such guidelines.

Maintenance of certain medical services at military medical treatment facilities at service academies

The House amendment contained a provision (sec. 720A) that would amend section 1073d of title 10, United States Code, to require the Secretary of Defense to ensure that each military medical treatment facility located at a military service academy provides certain covered medical services unless the Secretary determines that a civilian medical facility located within 5 miles from such academy provides that covered medical service.

The Senate bill contained no similar provision.

The House recesses.

Establishment of military dental research program

The House amendment contained a provision (sec. 721) that would amend chapter 104 of title 10, United States Code, to authorize the Secretary of Defense to establish a military dental research program at the Uniformed Services University of the Health Sciences.

The Senate bill contained no similar provision.

The House recesses.

Pilot program on cryopreservation and storage

The House amendment contained a provision (sec. 722) that would require the Secretary of Defense to establish a pilot program to provide not more than 1,000 Active-Duty servicemembers with the opportunity to cryopreserve and store their gametes prior to deployment to a combat zone.

The Senate bill contained no similar provision.

The House recesses.

Study on infertility among members of the Armed Forces

The House amendment contained a provision (sec. 728) that would require the Secretary of Defense to submit a study on the incidence of infertility among active and reserve component servicemembers to the Committees on Armed Services of the Senate and the House of Representatives not later than 180 days after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The House recesses.

The conferees note a requirement in the Senate Report accompanying S. 1790 (S. Rept. 116-48) of the National Defense Authorization Act for Fiscal Year 2020, that the Secretary of Defense provide a similar report to the Committees on Armed Services of the Senate and the House of Representatives by June 1, 2020.

Study on extending parent's level of TRICARE health coverage to newborn child

The House amendment contained a provision (sec. 730) that would require the Secretary of Defense to conduct a study on extending a parent's level of TRICARE coverage to the newborn child of the parent and to submit a report on the study to the congressional defense committees within 120 days of the date of the enactment of this Act.

The Senate bill contained no similar provision.

The House recesses.

Report on mental health assessments

The House amendment contained a provision (sec. 732) that would require the Comptroller General of the United States to submit to the Committees on Armed Services and Veterans Affairs of the Senate and the House of Representatives, within 1 year after the date of the enactment of this Act, a publicly available report on the Department of Defense's implementation of section 1074n of title 10, United States Code.

The Senate bill contained no similar provision.

The House recesses.

The conferees note the January 11, 2019, receipt of the Department of Defense's annual report on mental health assessments required by section 701 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291). In that report, the Department described the tools and processes used to provide annual mental health assessments and also provided certain recommendations to improve monitoring and reporting the number of servicemembers: (1) Who receive mental health assessments; (2) Who get referrals for mental health care; and (3) Who receive care from those referrals. The conferees anticipate receipt and review of the annual report in 2020 to understand how the Department has implemented its recommendations provided in the 2019 report.

Study and report on mental health assessments for members of the Armed Forces deployed in support of a contingency operation

The House amendment contained a provision (sec. 733) that would require the service secretaries to conduct a study on mental health assessments provided to servicemembers deployed in connection with a contingency operation and to submit a report containing the results of the study to the congressional defense committees within 180 days of the date of the enactment of this Act.

The Senate bill contained no similar provision.

The House recesses.

The conferees stress the importance of providing mental health assessments to servicemembers in accordance with section 1074m of title 10, United States Code, and direct the service secretaries to ensure accomplishment of those assessments for those servicemembers. Additionally, the conferees expect that all servicemembers demonstrating mental health signs or symptoms will receive rapid referral for evaluation and treatment by the appropriate mental health providers.

Education on family planning for members of the Armed Forces

The House amendment contained a provision (sec. 734) that would require the Secretary of Defense, in conjunction with the Secretary of the Department in which the Coast Guard is operating, to establish a uniform standard curriculum for servicemembers' family planning education programs within 1 year of the date of the enactment of this Act.

The Senate bill contained no similar provision.

The House recesses.

Funding for CDC ATSDR PFAS health study increment

The House amendment contained a provision (sec. 735) that would increase funding for the CDC ATSDR PFAS health study increment.

The Senate bill contained no similar provision.

The House recesses.

Sense of the House of Representatives on increasing research and development in bioprinting and fabrication in austere military environments

The House amendment contained a provision (sec. 736) that would express the sense of the House of Representatives that the Defense Health Agency should take appropriate actions to focus on research and development in bioprinting and fabrication in austere environments.

The Senate bill contained no similar provision.

The House recesses.

Increased collaboration with NIH to combat triple negative breast cancer

The House bill contained a provision (sec. 737) that would require the Department of Defense to work in collaboration with the National Institutes of Health to identify specific biomarkers and to provide information useful in drug discovery and clinical trials design to combat triple negative breast cancer.

The Senate bill contained no similar provision.

The House recesses.

Funding for post-traumatic stress disorder

The House amendment contained a provision (sec. 738) that would increase Defense Health Program funding for post-traumatic stress disorder.

The Senate bill contained no similar provision.

The House recesses.

Study on readiness contracts and the prevention of drug shortages

The House amendment contained a provision (sec. 739) that would require the Secretary of Defense to conduct a study on the effectiveness of readiness contracts managed by the Customer Pharmacy Operations Center of the Defense Logistics Agency in meeting the Department's drug requirements. The study would include an analysis to determine how the contractual approach to manage military health care drug shortages could serve as a model for responding to drug shortages in the civilian health care market.

The Senate bill contained no similar provision.

The House recesses.

Update of Department of Defense regulations, instructions, and other guidance to include gambling disorder

The House amendment contained a provision (sec. 740) that would require the Secretary of Defense, within 180 days of the date of the enactment of this Act, to consult with the service secretaries and update all regulations, instructions, and other guidance of the Department with respect to behavioral health to explicitly include gambling disorder.

The Senate bill contained no similar provision.

The House recesses.

The conferees note the requirement in section 733 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) for the Secretary of Defense to incorporate medical screening questions related to gambling disorder in periodic health assessments and surveys of military personnel. With this requirement, the Secretary must submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the findings of the assessments or surveys in connection with the prevalence of gambling disorder among servicemembers. Until the committees receive this report, the conferees believe it is premature to require updates to the Department's regulations, instructions, or other guidance on gambling disorder.

Findings on musculoskeletal injuries

The House amendment contained a provision (sec. 741) that would express certain findings on musculoskeletal injuries of Active-Duty servicemembers.

The Senate bill contained no similar provision.

The House recesses.

National Capital Consortium Psychiatry Residency Program

The House amendment contained a provision (sec. 743) that would express a sense of Congress on the National Capital Consortium Psychiatry Residency Program.

The Senate bill contained no similar provision.

The House recesses.

Pilot program on partnerships with civilian organizations for specialized surgical training

The House amendment contained a provision (sec. 746) that would require the Secretary of Defense to conduct a pilot program to establish one or more partnerships with public, private, and non-profit organizations and institutions to provide short-term specialized surgical training to advance the medical skills and capabilities of military medical providers.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Senate Report accompanying S. 1790 (S. Rept. 116-48) of the National Defense Authorization Act for Fiscal Year 2020 encourages the Secretary of Defense to conduct a pilot program to assess the feasibility and

advisability of partnerships to advance the skills and capabilities of such providers.

Report on research and studies regarding health effects of burn pits

The House amendment contained a provision (sec. 747) that would require the Secretary of Defense to submit a report to the congressional defense committees and the Committees on Veterans Affairs of the Senate and the House of Representatives on the status, methodology, and culmination timeline of all the research and studies being conducted to assess the health effects of burn pits.

The Senate bill contained no similar provision.

The House recesses.

The conferees note the numerous research studies on the health effects of burn pits and encourage the Departments of Defense and Veterans Affairs to continue their efforts to study the long-term health effects of exposure to harmful toxins in burn pits.

Training on health effects of burn pits and other airborne hazards

The House amendment contained a provision (sec. 748) that would require the Secretary of Defense to provide mandatory training to all medical providers in the Department on the potential health effects of burn pits and other airborne hazards and the early detection of those effects.

The Senate bill contained no similar provision.

The House recesses.

The conferees remain concerned regarding the negative health effects to servicemembers from exposure to burn pits and other airborne hazards. The conferees encourage the Departments of Defense and Veterans Affairs to develop jointly a clinical practice guideline on exposure to airborne environmental hazards, which would optimize patient care to servicemembers and veterans exposed to such hazards.

Report on operational medical and dental personnel requirements

The House amendment contained a provision (sec. 749) that would require the Secretary of Defense to submit a report to the congressional defense committees, not later than January 1, 2021, on the operational medical and dental personnel requirements of the Department.

The Senate bill contained no similar provision.

The House recesses.

Partnerships with academic health centers

The House amendment contained a provision (sec. 751) that would require the Assistant Secretary of Defense for Health Affairs to establish a University Affiliated Research Center and to partner with academic health centers to focus on research to address the unique challenges of wounded warriors.

The Senate bill contained no similar provision.

The House recesses.

Study on use of routine neuroimaging modalities in diagnosis, treatment, and prevention of brain injury due to blast pressure exposure during combat and training

The House amendment contained a provision (sec. 752) that would require the Secretary of Defense to conduct a study on the feasibility and effectiveness of the use of routine neuroimaging modalities in diagnosis, treatment, and prevention of brain injuries among servicemembers due to blast pressure exposures during combat and training.

The Senate bill contained no similar provision.

The House recesses.

**TITLE VIII—ACQUISITION POLICY, ACQUISITION
MANAGEMENT, AND RELATED MATTERS**

**SUBTITLE A—ACQUISITION POLICY AND
MANAGEMENT**

Authority for continuous integration and delivery of software applications and upgrades to embedded systems (sec. 800)

The Senate bill contained a provision (sec. 852) that would require the Secretary of Defense to establish initial guidance, not later than 180 days after the enactment of this Act, authorizing the use of special pathways for the rapid acquisition of software applications and upgrades that are intended to be fielded within 1 year. These new pathways would prioritize continuous integration and delivery of working software in a secure manner and prioritize continuous oversight from automated analytics.

The House amendment contained a similar provision (sec. 801).

The House recedes with amendments that would modify the timeline for developing the guidance; allow for the use of one or more pathways; clarify that first fielding of capability for operational use shall occur within one year of the date funds are first obligated for software development; and direct a report on use of the authority and recommendations for any changes to statute by October 15, 2020.

The conferees commend the Under Secretary of Defense for Acquisition and Sustainment's commitment to adopting the recommendations of the Defense Innovation Board. The conferees emphasize that the ability to deliver meaningful capability for operational use within one year is foundational to the establishment of this authority and associated procedures. The conferees remind the Department that delivery of increments of useful software capability no less frequently than every six months is not only a best practice for software-intensive systems but it has also been a standing government-wide requirement for years. Overcoming the Department's institutional and cultural resistance to delivering in a year or less requires ruthless prioritization of features, which hinges on more effective cooperation among stakeholders. The conferees also believe that cost estimation and assessment and program evaluation methods are critical to well-informed program oversight, and note that, for software initiatives, such approaches remain nascent. The conferees therefore direct the Director, Cost Assessment and Program Evaluation, in coordination with the Defense Digital Service and the directors of developmental test and operational test and evaluation, to incorporate lessons learned from the implementation of sections 873 and 874 of the National Defense Authorization Act for Fiscal Year 2018, and sections 215 and 869 of the National Defense Authorization Act for Fiscal Year 2019 in the development of guidance and oversight procedures for managing, estimating, and assessing software programs. First, the conferees remind the Department of flexibility already written into its directive and instruction that the milestone decision authority and program managers "shall tailor program strategies and oversight, including documentation of program information, acquisition phases, the timing and scope of decision reviews, and decision levels, to fit the particular conditions of that program, consistent with applicable laws and regulations and the time sensitivity of the capability need." Accordingly, the conferees also remind the Department that the use of source lines of code, or "SLOC", to estimate or to measure productivity, is inadequate, inappropriate, and can be detrimental in incentivizing bad code design. As such, the conferees encourage the Department to implement the recommendations on software

metrics in the Defense Innovation Board Software Acquisition and Practices Study. Finally, the conferees request a briefing no later than March 30, 2020 from the Joint Staff on how the JCIDS process can be updated to accommodate more flexibility given the iterative and ever-changing nature of present-day acquisition of software.

Pilot program on intellectual property evaluation for acquisition programs (sec. 801)

The Senate bill contained a provision (sec. 801) that would permit the Secretary of Defense and the Secretaries of the military departments to jointly carry out a pilot program to assess mechanisms to evaluate intellectual property in acquisition programs.

The House amendment contained a similar provision (sec. 861(b)).

The House recedes with an amendment which clarifies the selection of programs and activities to be carried out under the pilot.

Pilot program to use alpha contracting teams for complex requirements (sec. 802)

The Senate bill contained a provision (sec. 802) that would require the Secretary of Defense to establish a pilot program to use third-party industry, academia, or not-for-profit technical organizations as part of alpha contracting teams for complex technical requirements for services.

The House amendment contained no similar provision.

The House recedes.

The conferees note that this construct revives in a modern context the "alpha contracting" concept that is more than a decade old. Further, it brings together all government personnel involved in the functions that support acquisition actions, to include contracting staff as well as technical staff, operators, and cost personnel. This is intended to ensure that technical requirements are appropriately valued and that the most effective acquisition strategy to achieve these requirements is identified.

Failure to provide other than certified cost or pricing data upon request (sec. 803)

The House amendment contained a provision (sec. 803) that would modify section 2306a of title 10, United States Code, to revise the conditions under which the Department of Defense

requires offerors to provide certain data. Specifically, in a case where the head of contracting activity determines the Department is the only buyer of certain commercial items, it introduces a new requirement for those offerors to provide cost or pricing data. Further, in a case where the Department of Defense is determining whether a sole-source offeror's price is reasonable, the provision would direct the Secretary of Defense to require that offeror to provide other than certified cost or pricing data. The provision would further direct the Defense Contract Management Agency to propose which commercial products require should-cost analysis before award.

The House amendment contained a another provision (sec. 804) that would modify section 2306a(c) of title 10, United States Code, and section 3504 of title 41, United States Code, to give contracting officers, instead of the head of the procuring activity, the discretion to request certified cost or pricing data in cases where, although not required, the contracting officer deems it necessary to determine price reasonableness. The provision would further add commercial items to the list of products where contracting officers may request such data.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would combine the two provisions, to instead modify section 2306a(d) of title 10, United States Code, to specify that offerors who do not make a good faith effort to comply with a contracting officer's reasonable requests for data other than certified cost or pricing data are ineligible for award. The amendment would also direct contracting officers, when determining whether an offeror's price is fair and reasonable, to not base that assessment solely on the historical prices paid by the government. The amendment would further add a requirement for the Under Secretary of Defense for Acquisition and Sustainment to identify and report those offerors who denied multiple such requests and nonetheless received awards, as part of assessing whether to conduct should-cost analysis on such products in the future.

Comptroller General report on price reasonableness (sec. 804)

The House amendment contained a provision (sec. 805) that would require the Comptroller General of the United States to submit a report not later than March 31, 2021, to the congressional defense committees, the House Committee on Oversight and Reform, and the Senate Committee on Homeland Security and Governmental Affairs on the efforts of the

Department of Defense to obtain cost and pricing data for sole source contracts for spare parts.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Limitation on transfer of funds related to cost overruns and cost underruns (sec. 805)

The House amendment contained a provision (sec. 814) that would repeal an annual requirement for the Secretary of each military department to pay penalties for cost overruns on major defense acquisition programs, which were then credited to the Rapid Prototyping Fund.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would make the repeal effective beginning in fiscal year 2020.

Standardizing data collection and reporting on use of source selection procedures by Federal agencies (sec. 806)

The House amendment contained a provision (sec. 829) that would amend section 813 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) and section 880 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to repeal the requirements for the Comptroller General of the United States to provide annual reports on the government's use of lowest price technically acceptable (LPTA) source selection procedures. The provision would also require revising the Federal Procurement Data System (FPDS) to capture more data on the use of lowest price technically acceptable procedures.

The Senate bill contained no similar provision.

The Senate recedes.

Department of Defense use of fixed-price contracts (sec. 807)

The Senate bill contained a provision (sec. 806) that would require the Under Secretary of Defense for Acquisition and Sustainment to review how the Department of Defense uses fixed-price contracts, including fixed-price incentive contracts, to support acquisition objectives and brief the congressional defense committees not later than February 1, 2020. The provision would further require the Comptroller General of the United States to submit a report on the Department's use of fixed-price contracts over time no later than February 1, 2021. This provision would also delay the implementation of

regulations requiring the use of fixed-price contracts for foreign military sales until after 2020.

The House amendment contained no similar provision.
The House recesses.

Repeal of continuation of data rights during challenges (sec. 808)

The House amendment contained a provision (sec. 812) that would repeal section 866 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), pertaining to revisions of authority for the government to use non-commercial technical data during a period of challenge, in an agency Board of Contract Appeals, or the U.S. Court of Federal Claims under certain circumstances.

The Senate bill contained no similar provision.
The Senate recesses.

The conferees understand that the Under Secretary of Defense for Acquisition and Sustainment is working with industry to address possible policy modifications related to technical data rights and their disposition during challenges. The conferees encourage the Under Secretary of Defense for Acquisition and Sustainment to continue these engagements and keep the Congress informed of progress with respect to these matters.

Repeal of authority to waive acquisition laws to acquire vital national security capabilities (sec. 809)

The House amendment contained a provision (sec. 813) that would repeal section 806 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), which allowed the Secretary of Defense to waive any provision of acquisition law or regulation in certain circumstances.

The Senate bill contained no similar provision.
The Senate recesses.

The conferees note that the Department did not use the waiver.

Repeal of the Defense Cost Accounting Standards Board (sec. 810)

The House amendment contained a provision (sec. 834) that would repeal section 190 of title 10, United States Code.
The Senate bill contained no similar provision.
The Senate recesses.

SUBTITLE B—AMENDMENTS TO GENERAL CONTRACTING AUTHORITIES, PROCEDURES, AND LIMITATIONS

Modification of Director of Operational Test and Evaluation report (sec. 815)

The Senate bill contained a provision (sec. 805) that would amend section 139(h) of title 10, United States Code, to require the Director of Operational Test and Evaluation to solicit comments from the Secretaries of the military departments for inclusion in the Director's annual report to Congress, retaining the Director's discretion to issue the report without comments if they are not timely. This provision does not change or alter any Director of Operational Test and Evaluation authorities.

The House amendment contained a similar provision (sec. 252) that would amend section 139(h) of title 10, United States Code, to change the sunset date pertaining to the same annual report.

The House recedes with an amendment that would extend the sunset date through January 31, 2025.

Modification of written approval requirement for task and delivery order single contract awards (sec. 816)

The Senate bill contained a provision (sec. 803) that would amend section 2304a(d)(3) of title 10, United States Code, to eliminate the requirement that single award task or delivery order contracts over \$100.0 million receive additional approval when already authorized under one of the exceptions to full and open competition.

The House amendment contained no similar provision.

The House recedes.

Responsibility for data analysis and requirements validation for services contracts (sec. 817)

The House amendment contained a provision (sec. 825) that would amend section 2329 of title 10, United States Code, to specify that the Secretary of Defense act through the Under Secretary of Defense (Comptroller) and Director of Cost Assessment and Program Evaluation to annually collect data on the amount contracted for services procured by the Department of

Defense, which would be included in the Future Years Defense Program submitted to Congress.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

The conferees note that Senate Report 116-48 accompanying S. 1790 directs the Secretary of Defense, in consultation with the Chief Management Officer, the Under Secretary of Defense for Acquisition and Sustainment, and the Secretaries of the military departments, to identify updated approaches for overseeing service contracts and address how these will support the oversight, data analytics, and outcome measures specified in section 2329 of title 10, United States Code. The Senate Report further directs the Department to leverage the expertise of the Chief Data Officer, to ensure that the approaches identified align with and support the Department's analytic capabilities. The conferees direct the Under Secretary of Defense (Comptroller) and Director of Cost Assessment and Program Evaluation to coordinate with the parties identified as they carry out the efforts specified in Senate Report 116-48.

Documentation of market research related to commercial item determinations (sec. 818)

The Senate bill contained two provisions (sec. 809 and sec. 5802) that would amend section 2377(c) of title 10, United States Code, and section 3307(d) of title 41, United States Code, respectively, to require that market research for commercial products and services be documented in a manner appropriate to the size and complexity of the acquisition.

The House amendment contained no similar provision.

The House recesses.

Availability of data on the use of other transaction authority and report on the use of authority to carry out prototype projects (sec. 819)

The House amendment contained a provision (sec. 826) that would amend section 2371b of title 10, United States Code, to add a requirement for the Secretary of Defense to report annually to the congressional defense committees on the use of other transaction authority.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would revise section 873 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-323) to extend the requirement to 2023 and require data on the use of other

transactions are accessible to any official designated by the Secretary of Defense.

Notification of Navy procurement production disruptions (sec. 820)

The Senate bill contained a provision (sec. 861) that would require the Secretary of the Navy to require prime contractors of any Navy procurement program to report, within 15 calendar days of any contractor or subcontractor stop work order or within 15 days of a contractor or subcontractor manufacturing disruption that has lasted 15 calendar days, to the respective program manager and Navy technical authority.

The House amendment contained no similar provision.

The House recedes with an amendment that would limit such notifications to programs procured with funds from the Shipbuilding and Conversion, Navy and Other Procurement, Navy accounts.

The conferees direct the Secretary to submit a report to the congressional defense committees not later than 60 days after the date of enactment of this Act that details the plan to implement this provision as soon as possible.

Modification to acquisition authority of the Commander of the United States Cyber Command (sec. 821)

The Senate bill contained a provision (sec. 862) that would modify section 807 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), which established the acquisition authority of the Commander of U.S. Cyber Command, to change the applicability of the annual limit to new contract efforts.

The House amendment contained no similar provision.

The House recedes with a technical and clarifying amendment.

Extension of Never Contract With the Enemy (sec. 822)

The Senate bill contained a provision (sec. 834) that would extend the Never Contract With the Enemy program through 2023 and would provide for various expansions, including the contracts covered and the authorities of the combatant commands to mitigate threats posed by vendors supporting operations outside the United States.

The House amendment contained no similar provision.

The House recedes with an amendment that maintains only the program extension through 2023.

Modification of justification and approval requirement for certain Department of Defense contracts (sec. 823)

The Senate bill contained a provision (sec. 842) that would revise authorities relating to Department of Defense approval of certain sole source awards to 8(a) firms, which include tribes, Alaska Native, and Hawaiian firms. Specifically, the threshold for requiring justification and approval would be increased to \$100.0 million and the approving authority would be the head of procuring activity or a designee. The provision would also require the Department to collect data and the Comptroller General of the United States to report to the congressional defense committees on the impact of the provision.

The House amendment contained a similar provision (sec. 830).

The House recesses with an amendment that clarifies details of the Comptroller General review.

Extension of sunset relating to Federal Data Center Consolidation Initiative (sec. 824)

The House amendment contained a provision (sec. 895) that would extend the sunset date of the Federal Data Center Consolidation Initiative established in section 834 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) from October 1, 2020, to October 1, 2022.

The Senate bill contained no similar provision.
The Senate recesses.

Pilot program to accelerate contracting and pricing processes (sec. 825)

The Senate bill contained a provision (sec. 807) that would amend a pilot established in section 890 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232). That law authorized the Secretary of Defense to reform and accelerate the contracting and pricing processes for 10 programs on a pilot basis. The amendment would remove the 10-program limitation and would delay the program's sunset from January 2, 2021, to January 2, 2022.

The House amendment contained no similar provision.
The House recesses.

Uniformity in application of micro-purchase threshold to certain task or delivery orders (sec. 826)

The House amendment contained a provision (sec. 899I) that would amend section 4106(c) of title 41, United States Code, to replace \$2,500 with the micro-purchase threshold.

The Senate bill contained no similar provision.

The Senate recesses.

Requirement for cost estimates on models of commercial e-commerce portal program (sec. 827)

The House amendment contained a provision (sec. 891) that would direct the Administrator of General Services to establish a five-year program to test each of the three models of commercial e-commerce portals before awarding a final contract to a provider.

The Senate bill contained no similar provision.

The Senate recesses with amendments that replace the requirement for a five-year test program with a requirement for cost estimates, and directs that the estimates be submitted within a year after the first contracts are awarded under the program.

In implementing this section, the conferees do not intend to require the Administrator to provide independent government cost estimates, but rather a range of potential costs or a general order of magnitude for each model.

SUBTITLE C—PROVISIONS RELATING TO MAJOR DEFENSE ACQUISITION PROGRAMS

Modification of requirements for reporting to Congress on certain acquisition programs (sec. 830)

The House amendment contained a provision (sec. 893) that would exclude the selected acquisition reports required by section 2432 of title 10, United States Code, from the reports that will sunset under section 1080 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92). The provision would also require the Secretary of Defense to propose an alternative for reporting the status of major defense acquisition programs and other acquisition activities that would include information on cybersecurity tests, software development metrics, and quality metrics for software.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require selected acquisition reports for any defense program estimated to require a total expenditure of more than \$300.0 million for research, development, test and evaluation or a total

expenditure of more than \$1,800.0 million for procurement through fiscal year 2021 and that would clarify the requirement for the Secretary of Defense to report on alternatives models and thresholds for congressional reporting on acquisition programs.

Pilot program to streamline decision-making processes for weapon systems (sec. 831)

The Senate bill contained a provision (sec. 808) that would require the service acquisition executive for each military department to recommend at least one major defense acquisition program to participate in the pilot program to streamline decision-making processes not later than February 1, 2020.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

The conferees direct the Under Secretary of Defense for Acquisition and Sustainment to brief the congressional defense committees not later than May 1, 2020, on the acquisition programs selected for the pilot program, the associated action plans and timelines for each program, and the manner in which each program conforms to the required elements of the pilot program.

Analysis of alternatives pursuant to materiel development decisions (sec. 832)

The Senate bill contained a provision (sec. 5803) that would require updated guidance for analyses of alternatives conducted pursuant to a materiel development decision for a major defense acquisition program, to include requiring that studies are completed within nine months; establishing procedures to waive this requirement on a case-by-case basis; and reporting late studies or the use of the waiver to congressional defense committees.

The House amendment contained no similar provision.

The House recesses with an amendment that would direct the Under Secretary of Defense for Acquisition and Sustainment to assess how the Department conducts analyses of alternatives.

Naval vessel certification required before Milestone B approval (sec. 833)

The Senate bill contained a provision (sec. 821) that would require a certification of compliance with section 8669b

of title 10, United States Code, for naval vessel programs prior to Milestone B approval.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE D—PROVISIONS RELATING TO THE ACQUISITION SYSTEM

Extramural acquisition innovation and research activities (sec. 835)

The House amendment contained a provision (sec. 861(1)) that would amend chapter 97 of title 10, United States Code, to establish an academic center for acquisition innovation at the Naval Postgraduate School to provide decision-makers with academic analyses and policy alternatives for innovating the defense acquisition system.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would direct the Secretary of Defense to establish extramural acquisition innovation and research activities to include an acquisition research organization within a non-Federal civilian university or college, to provide and maintain essential research and development capabilities through a long-term, strategic relationship with the Department of Defense.

Report on realignment of the defense acquisition system to implement acquisition reforms (sec. 836)

The House amendment contained a provision (sec. 822) that would direct the Secretary of Defense to provide a briefing to the committee on lessons learned through the use of the authority provided under section 804 of the National Defense Authorization Act for Fiscal Year 2016 (10 U.S.C. 2302 note) commonly known as "Middle-Tier of Acquisition," to include certain risks and how the lessons are applicable to procedures for acquiring major defense acquisition programs.

The Senate bill contained no similar provision.

The Senate recesses with amendments that instead require the Secretary of Defense to report on ongoing efforts to realign the whole Defense Acquisition System in response to recent reforms - through changes to the 5000 series of directives, instructions, guidance and procedures and to address certain elements in the report.

The conferees appreciate the careful consideration the Department is giving to implementing the acquisition reforms

legislated through these Acts over the last five years. In doing so, the conferees note that the Department of Defense can no longer afford to use cost, schedule, and performance thresholds as simple proxies for risk when designating the path an acquisition program travels through the Defense Acquisition System, and in organizing how programs are managed and overseen. Exclusive attention to cost, schedule, and performance of major defense acquisition programs and other development programs obscures a myriad of other risks in programs large and small, any one of which could be single points of failure for successful acquisition. Such risks include: technical risks such as engineering, software, manufacturing and testing; integration and interoperability risks - complicated by the implications of systems working across multiple domains while using machine learning and artificial intelligence capabilities to continuously change and optimize system performance; operations and sustainment risks - mediated by access to technical data and intellectual property rights; workforce and training risks - to include consideration of the role of contractors as part of the total workforce; and supply chain risks - to include cybersecurity, foreign control and ownership of key elements of supply chains, and the consequences a fragile and weakening defense industrial base, combined with barriers to industrial cooperation with allies and partners pose for delivering systems and technologies in a trusted and assured manner. Finally, the Secretary's report under this section should look ahead to consider the implications of these changes for the acquisition of non-developmental items and the implications of the shift in acquisition of capabilities through development, to acquisition of capabilities "as-a-service".

Based on the Secretary's report under this section, and given the important role of the Comptroller General's annual weapons assessment in enabling the congressional defense committees' detailed oversight of the Defense Acquisition System, the conferees also direct the Comptroller General of the United States to brief the committees on how the Department's efforts are informing the refresh of that annual report as directed under section 803 of the National Defense Authorization Act for Fiscal Year 2019.

Report and limitation on the availability of funds relating to the 'middle tier' of acquisition programs (sec. 837)

The House amendment contained a provision (sec. 821) that would amend section 804 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) to direct the Secretary of Defense to ensure the Director of Operational Test

and Evaluation, the Director of Cost Assessment and Program Evaluation, and the Under Secretary of Defense for Research and Engineering have access to certain data on acquisitions carried out under the authority, and would limit use of the authority to programs below the major defense acquisition threshold unless the Secretary were to issue a waiver. The House amendment also contained a provision (sec. 861(f)) that would direct the Secretary to submit a report that would include the guidance required by section 804 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) and, would limit the Department's ability to obligate or expend funds on Middle Tier programs until that report is submitted.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would strike the provision amending section 804, and, relating to the report and guidance, would expand the limitation of funds beyond acquisition programs, to the organizations which are parties to the disagreements that are preventing the guidance from being finalized.

The conferees believe the difficulty the Department has faced in reaching agreement illustrates the tension of balancing empowered execution by the Services with appropriate oversight by the Director of Cost Assessment and Program Evaluation, the Director of Operational Test and Evaluation, and the Under Secretaries of Defense for Research and Engineering and for Acquisition and Sustainment, as well as Congressional oversight. To address the latter, the conferees direct the Defense Acquisition Executive and the Service Acquisition Executives to notify the congressional defense committees within 30 days of a decision to designate a program to use the authority provided for under section 804 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92). The conferees note the inability of the parties to reach agreement on the use of this authority threatens the momentum of the very initiatives that would most benefit from it. The conferees encourage the parties to focus immediately on the most critical issues, bring them to resolution, and publish the guidance required by section 804.

Report on intellectual property policy and the cadre of intellectual property experts (sec. 838)

The House amendment contained a provision (sec. 861(d)) that would amend section 802 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91; 131 Stat. 1450) by requiring the Secretary of Defense, acting through the Under Secretary of Defense for Acquisition and Sustainment, to submit a report on activities to implement

section 2322 of title 10, United States Code, to include the composition and plans for the cadre, and the policy on the acquisition or licensing of intellectual property required. The provision would also limit the funds the Department may obligate or expend until the report is submitted.

The Senate bill contained no similar provision.

The Senate recedes with a an amendment that would require that the report include a description of the specific activities performed, and the programs and efforts supported by, the cadre of intellectual property experts and would change the Department of Defense offices subject to limitation of funds.

Guidance and reports relating to covered defense business systems (sec. 839)

The House amendment contained a provision (sec. 861(a)) that would amend section 2222(d) of title 10, United States Code, to require that guidance developed by the Department of Defense for defense business systems includes policies to ensure compliance with auditability requirements and approvals. The provision would also establish due dates to provide guidance related to covered defense business systems, as well as due dates to provide the Department's information technology enterprise architecture and related integration plans and schedules. The provision would also limit the availability of funds until such guidance, architecture and plans are provided.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would remove the limitation on funds and combine the reporting requirements for the information technology enterprise architecture.

Implementation guidance for use of a modular open system approach (sec. 840)

The House amendment contained a provision (sec. 861(c)) that would require the Secretary of Defense, acting through the Director of Cost Assessment and Performance Evaluation, to submit to the congressional defense committees a report that includes the study guidance required under section 2446b(b) of title 10, United States Code, and would limit funding available if the report is not provided by the end of 2019. The provision would also modify section 2446c of title 10, United States Code, to require a policy on the support for the acquisition for modular open system approaches (MOSA).

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would instead modify section 2446b of title 10, United States Code, to direct

the Secretaries of the military departments to develop implementing guidance for the requirements to address MOSA, and as well would amend section 2446c of title 10, United States Code, to direct the Secretaries of the military departments to develop policies relating to the availability of major system interfaces and support for MOSA.

The conferees note the importance of policies in implementing MOSA to the fullest extent. Therefore, the conferees direct the Secretaries of the military departments to submit a report to the congressional defense committee by March 15, 2020, that includes the implementation guidance required under section 2446b of title 10 and section 2446c of title 10. Furthermore, the conferees note that MOSA should go beyond the ability to exchange information broadly through the adoption of standards. Therefore, the conferees direct the Secretaries of the military departments to include in their policy a description of the goals and anticipated benefits of MOSA, with respect to maintaining and enhancing competition across the life-cycle of systems and programs; enabling systems to be more easily upgraded over their lifetimes; more easily modifying or replacing components and modules without the risk of adversely affecting software or the functioning of other components and modules; achieving interoperability among a wide range of systems, and thereby enabling the creation of novel cross-domain and cross-service kill chains.

Limitation on availability of funds for the Office of the Chief Management Officer of the Department of Defense (sec. 841)

The House amendment contained a provision (sec. 861(e)) that would limit the fiscal year 2020 funds that may be obligated or expended for the Office of the Chief Management Officer of the Department of Defense until the date on which the Chief Management Officer submits either a certification of cost savings or the notice and justification described in Section 921(b)(5) of the National Defense Authorization Act for Fiscal Year 2019.

The Senate bill contained no similar provision.
The Senate recesses.

SUBTITLE E—INDUSTRIAL BASE MATTERS

Modernization of acquisition processes to ensure integrity of industrial base (sec. 845)

The Senate bill contained a provision (sec. 831) that would require the Secretary of Defense to modernize mitigation

of risks to the integrity of the supply chain, to include those cited in recent studies on the defense industrial base.

The House amendment contained similar provisions (secs. 853, 855, and 892).

The House recedes with amendments that would establish the requirement for the framework in statute under section 2506 of title 10, United States Code; add certain systems to a list of those being assessed; and provide further detail on phased implementation and reporting on the framework.

The conferees note that contracting is the mechanism by which the Department of Defense operationalizes its relationship with the defense industrial base/national security innovation base. The conferees further note that the Department's ability to maintain awareness of the sources of procured items or materials, including the degree to which the sources are foreign or domestic, are critical elements for understanding supply chain risks. This is particularly the case for items used in critical programs such as major defense acquisition programs. The conferees believe that certain risks to the defense industrial base are not being appropriately considered. These include but are not limited to risks associated with: insufficient insight into ownership structures, fragile sources of supply, and cybersecurity concerns, as well as contractors' violations of law pertaining to fraud, human trafficking, and worker health and safety. The conferees further note that, even where risks may be a high priority, the existing acquisition processes and procedures are not effective or timely in mitigating such risks. As such, the provision would require the Department to rigorously optimize the policy, processes, and procedures throughout the contracting life cycle, beginning with market research, responsibility determination, technical evaluation/award, mobilization, contract administration, contract management and oversight (to include contractor business systems reviews), and contract audit for closeout. It is critical that this optimization incorporate modern sources of data and methods to conduct appropriate and continuous risk assessment for contractors doing business with DOD. The provision would also require the Comptroller General of the United States to coordinate individual reviews in these risk areas, report on them collectively, and begin annual reviews of the Department's progress in this area.

Report requirements for the national technology and industrial base (sec. 846)

The House amendment contained a provision (sec. 861(k)) that would amend section 2501(a) of title 10, United States

Code, to establish a deadline for the Secretary of Defense to submit an already-required strategy to Congress after the submission of the national security strategy report required under section 108 of the National Security Act of 1947. The provision would also modify section 2504(3) of title 10, United States Code, to require that the Department's annual report to Congress on the national technology and industrial base include a prioritized list of gaps and vulnerabilities within the base.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that clarifies requirements for the annual report to Congress, and that adds a requirement to submit unfunded priorities for the national technology and industrial base, ten days after the annual budget is submitted to Congress.

The conferees note that the national security strategy developed by the United States for the national technology and industrial base should leverage an analytical framework that uses digital tools, technologies, and approaches to inform decision-makers.

Mitigating risks related to foreign ownership, control, or influence of Department of Defense contractors or subcontractors (sec. 847)

The Senate bill contained a provision (sec. 833) that would require the Secretary of Defense to amend policy and regulation to take steps to enhance the process for assessing and mitigating risks related to foreign ownership, control, or influence (FOCI).

The House amendment contained no similar provision.

The House recesses with technical and clarifying amendments.

The conferees are concerned by the growing threat to the integrity of the defense industrial base from strategic competitors, like the Russian Federation, the People's Republic of China, and their proxies, seeking to gain access to sensitive defense information or technology through contractors or subcontractors. The conferees recognize that there are existing efforts underway to understand and mitigate some of these risks as directed by several pilot programs including section 1048 of the National Defense Authorization Act for Fiscal Year 2019 and section 1969 of the National Defense Authorization Act for Fiscal Year 2018. The conferees also recognize that the Defense Counterintelligence and Security Agency (DCSA) has transitioned to a new mission and has taken on additional responsibilities despite resource constraints. However, the acquisition community must have greater visibility into all cleared and

uncleared potential contractors and subcontractors seeking to do business with the Department. The Department must ensure that contractors and subcontractors do not pose a risk to the security of sensitive data, systems, or processes such as personally identifiable information, cybersecurity, or national security systems.

Prohibition on operation or procurement of foreign-made unmanned aircraft systems (sec. 848)

The Senate bill contained a provision (sec. 863) that would prohibit the operation or procurement of foreign-made unmanned aircraft systems by the Department of Defense. The House amendment contained a similar provision (sec. 854, as amended by sec. 899D) that would prohibit the Secretary of Defense from operating or entering into a contract for the procurement of certain unmanned aircraft systems.

The House recedes.

Additionally, the conferees encourage the Secretary of Defense to take such action as necessary to strengthen the domestic production of small unmanned aircraft systems (as defined in section 331 of the FAA Modernization and Reform Act of 2012 (Public Law 112-95; 49 U.S.C. 44802 note)), as described under Presidential Determination No. 2019-13 of June 10, 2019.

Modification of prohibition on acquisition of sensitive materials from non-allied foreign nations (sec. 849)

The Senate bill contained a provision (sec. 1411) that would include tantalum in the definition of covered materials. Additionally, the provision would expand the National Defense Stockpile Manager's authority to not sell a material if it is determined to not be in the national interests of the United States.

The House amendment contained a similar provision (sec. 808).

The House recedes with a technical amendment.

Acquisition and disposal of certain rare earth materials (sec. 850)

The Senate bill contained a provision (sec. 6401) that would require the Secretary of Defense, acting through the Defense Logistics Agency, to submit a report assessing issues relating to the supply chain for rare earth materials.

The House amendment contained a similar provision (sec. 807) that would require the Department of Defense to promulgate

guidance on streamlined acquisition of items with rare earth materials and allows exceptions to the Joint Capabilities Integration and Development System Manual and Department of Defense Directive 5000.01. The provision would also provide authority for the disposal of tungsten ores and concentrates contained in the National Defense Stockpile and acquisition of other critical materials.

The Senate recedes with an amendment that would remove the requirement to establish guidance on streamlined acquisition of covered rare earth materials and would include an assessment of rare earth supply chain issues.

Pilot program for development of technology-enhanced capabilities with partnership intermediaries (sec. 851)

The House amendment contained a provision (sec. 879) that would authorize the Commander of U.S. Special Operations Command to use not more than 5 percent of funds required to be expended by the Department of Defense relating to small businesses for a pilot program to increase participation by small business concerns in the development of technology-enhanced capabilities for special operations forces. The authority would terminate on September 30, 2021.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would revise the authority of the Commander of the United States Special Operations Command to use the greater of \$2.0 million or 5 percent of funds required to be expended by the Department of Defense relating to small businesses for the pilot program and limits the scope to contracts and agreements to small business concerns.

Authorized official to carry out the procurement technical assistance cooperative agreement program (sec. 852)

The Senate bill contained a provision (sec. 902) that would move the management and oversight of the Procurement Technical Assistance Cooperative (PTAC) Agreement Program from the Defense Logistics Agency to the Office of the Under Secretary of Defense for Acquisition and Sustainment.

The House amendment contained a similar provision (sec. 880).

The Senate recedes with a clarifying amendment.

Requirement that certain ship components be manufactured in the national technology and industrial base (sec. 853)

The House amendment contained a provision (sec. 806) that would amend section 2534 of title 10, United States Code, and would require certain auxiliary ship components to be procured from a manufacturer in the national technology and industrial base.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require large medium speed diesel engines for certain auxiliary ships to be procured from a manufacturer in the national technology and industrial base.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees not later than 60 days after the date of enactment of this Act that details the plan to implement section 844 of the John S. McCain National Defense Authorization Act (Public Law 115-232) as soon as possible.

Addition of domestically produced stainless steel flatware and dinnerware to the Berry Amendment (sec. 854)

The House amendment contained a provision (sec. 815) that would amend section 2533a(b) of title 10, United States Code, to add dinnerware and stainless steel flatware as covered items, requiring that the Department of Defense procure them only from domestic sources.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would set the addition to expire at the end of fiscal year 2023, and meanwhile require the Secretary of Defense to assess the rationale and implications of limiting procurement of these items to domestic sources.

Application of miscellaneous technology base policies and programs to the Columbia-class submarine program (sec. 855)

The House amendment contained a provision (sec. 809) that would amend the application of miscellaneous technology base policies and programs to the *Columbia*-class submarine program.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Application of limitation on procurement of goods other than United States goods to the FFG-Frigate Program (sec. 856)

The House amendment contained a provision (sec. 810) that would allow funds authorized for the FFG-Frigate program to be

used to award a contract that does not domestically source propulsion or certain auxiliary equipment.

The Senate bill contained no similar provision.

The Senate recesses.

Sense of Congress regarding consideration of price in procurement of the FFG(X) frigate (sec. 857)

The House amendment contained a provision (sec. 811) that would require the Secretary of the Navy to ensure cost is a critical factor in the procurement of the FFG(X) Frigate.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would express the sense of Congress that in evaluating proposals for a contract to procure a FFG(X) frigate in fiscal year 2020, the Secretary of the Navy should ensure price is a critical factor.

SUBTITLE F—PROVISIONS RELATING TO ACQUISITION WORKFORCE

Establishment of Defense Civilian Training Corps (sec. 860)

The House amendment contained a provision (sec. 861) that would amend part III of subtitle A of title 10, United States Code, to establish a Defense Civilian Acquisition Training Corps.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to create a Defense Civilian Training Corps to prepare selected students for civilian service in the Department of Defense in occupations related to acquisition, science, engineering, or other occupations determined by the Secretary of Defense.

Defense acquisition workforce certification, education, and career fields (sec. 861)

The House amendment contained a provision (sec. 861) that would amend several sections of chapter 87, of title 10, United States Code, to modify how the defense acquisition workforce is managed, trained, and selected. The provision would also require the Defense Acquisition University to have at least 25 percent of its civilian instructors be visiting professors from civilian colleges or universities.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Defense Acquisition University to employ at least five visiting professors by September 1st, 2021.

Software development and software acquisition training and management programs (sec. 862)

The House amendment contained a provision (sec. 802) that would direct the Secretary of Defense to implement software development and acquisition training and management programs for all software acquisition professionals, developers, and associated functions to provide software practitioners access to modern engagement and collaboration platforms to connect, share their skills and knowledge, and develop solutions leveraging the full defense enterprise.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Modification of temporary assignments of Department of Defense employees to a private-sector organization (sec. 863)

The House amendment contained a provision (sec. 842) that would create a two-way exchange program between the Department of Defense acquisition workforce and private sector companies.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the existing public-private talent exchange program authorized by section 1599g of title 10, United States Code. The amendment would clarify that private-sector organizations shall not be considered to have an organizational conflict of interest with the Department of Defense solely based on participation in the talent exchange. The amendment would also authorize the use of the Defense Acquisition Workforce Development Fund in connection with the talent exchange program.

Incentives and consideration for qualified training programs (sec. 864)

The House amendment contained a provision (sec. 843) that would amend chapter 141 of title 10, United States Code, by adding a new section to incentivize contractors to invest in workforce development programs to address the workforce needs of the Department of Defense, as determined by the Secretary. This section would also require the Secretary of Defense to include an evaluation of contractor workforce development programs in the contract past performance system.

The Senate bill contained no similar provision.

The Senate recesses.

Use of qualified apprentices by military construction contractors (sec. 865)

The House amendment contained a provision (sec. 844) that would require the Secretary of Defense to revise the Defense Supplement to the Federal Acquisition Regulation to require a system be used to monitor or record contractor past performance of the contractor making a good faith effort to meet or exceed the apprenticeship employment goal of 20 percent. This section would also require the Secretary of Defense to develop an apprenticeship workforce incentive program to encourage contractors to meet the 20 percent goal of employing certified and skilled workers who have completed State-mandated, federally funded programs in the relative career fields and certify to good faith effort to achieve the goal. This section would also require the Secretary of Defense to include an evaluation of whether the contractor meets this goal in the contractor past performance rating system.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would allow the Secretary of Defense to also consider certain high-quality industry recognized apprenticeship programs when evaluating contractor performance.

The conferees note that the Department of Labor has issued a proposed rule that would establish a process for recognizing Standards Recognition Entities, which will in turn recognize Industry-Recognized Apprenticeship Programs. The conferees encourage the Secretary of Defense to work with the Department of Labor as the proposed rule takes effect to ensure any apprenticeship programs recognized by the Department of Defense are of sufficient quality.

SUBTITLE G—SMALL BUSINESS MATTERS

Requirements relating to credit for certain small business concern subcontractors (sec. 870)

The House amendment contained a provision (sec. 873) that would amend section 8(d) of the Small Business Act (15 U.S.C. 637) to clarify that large prime contractors have the ability to receive subcontracting credit for small businesses at lower tiers; strengthen the agency's ability to collect and review data regarding prime contractors' achievement of their subcontracting plans; require the prime contractor to keep and maintain records to demonstrate subcontracting credit claimed;

and implement a new dispute process allowing small subcontractors to bring nonpayment issues to the agency small business advocate.

The Senate bill contained no similar provision.

The Senate recesses with amendment that would remove the new dispute process for nonpayment issues.

Inclusion of best in class designations in annual report on small business goals (sec. 871)

The House amendment contained a provision (sec. 874) that would amend section 15(h) of the Small Business Act (15 U.S.C. 644(h)) to require the Small Business Administration (SBA) to report Federal spending made through designated "best in class" vehicles, and to report on the dollars awarded through these vehicles to small businesses. Additionally, this section would require the SBA to report the dollar amount of contracts awarded to HUBZone, women-owned, service-disabled veteran-owned, and socially and economically disadvantaged (also known as 8(a)) small businesses.

The Senate bill contained no similar provision.

The Senate recesses.

Reauthorization and improvement of Department of Defense Mentor-Protege Program (sec. 872)

The Senate bill contained a provision (sec. 841) that would amend Section 831 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101-510; 10 U.S.C. 2302 note) to make the Department of Defense's pilot Mentor-Protege Program permanent and to require that the Department's Office of Small Business Programs establish performance goals and outcome-based metrics for the program. The provision would also direct the Secretary of Defense to direct the Defense Business Board to study the effectiveness of the program and make recommendations for program improvements. Further, the provision would repeal the Department's half-size standard restriction for protege participants.

The House amendment contained a similar provision.

The Senate recesses with amendments that would extend the pilot program by authorizing new agreements through the end of fiscal year 2024, but limiting them to two years, and would permit reimbursements and subcontracting credits associated with such agreements through fiscal year 2026.

Accelerated payments applicable to contracts with certain small business concerns under the Prompt Payment Act (sec. 873)

The House amendment contained a provision (sec. 883) that would amend section 3903(a) of title 31, United States Code, to accelerate, to the fullest extent permitted by law, the payment date for prime contractors that are small business concerns or that subcontract with small business concerns, with a goal of 15 days.

The Senate bill contained no similar provision.
The Senate recesses.

Postaward explanations for unsuccessful offerors for certain contracts (sec. 874)

The House amendment contained a provision (sec. 884) that would revise the Federal Acquisition Regulation to require that contracting officers provide a brief explanation to unsuccessful offerors, if requested, for task or delivery orders in an amount greater than the simplified acquisition threshold and less than or equal to \$5.5 million issued under an indefinite delivery-indefinite quantity contract.

The Senate bill contained no similar provision.
The Senate recesses.

Small business contracting credit for subcontractors that are Puerto Rico businesses or covered territory businesses (sec. 875)

The House amendment contained two provisions (secs. 888 and 889) that would amend section 15(x) of the Small Business Act (15 U.S.C 644(x)). Section 888 would allow agencies to double the value of subcontracts to Puerto Rico businesses when determining agency compliance with small business contracting goals. Section 889 would allow agencies to double the value of contracts awarded to small business concerns that have their principal office located in the United States Virgin Islands, American Samoa, Guam, or the Northern Mariana Islands, when determining agency compliance with small business contracting goals.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that combines the two provisions.

Technical amendment regarding treatment of certain surviving spouses under the definition of small business concern owned and controlled by service-disabled veterans (sec. 876)

The conference agreement includes a provision that would amend section 632 of title 15, United States Code, to clarify

the treatment of certain surviving spouses under the definition of small business concerns owned and controlled by service-disabled veterans.

Extension of loan assistance and deferral eligibility to reservists and members of the National Guard beyond periods of military conflict (sec. 877)

The conference agreement includes a provision that would amend section 636 of title 15, United States Code, by extending the loan assistance and deferral eligibility to military reservists beyond periods of military conflict. The provision would also require the President of the United States to submit to the Committee on Small Business and Entrepreneurship and the Committee on Appropriations of the Senate and the Committee on Small Business and the Committee on Appropriations of the House of Representatives a semi-annual report on the number of loans made under the Military Reservist Economic Injury Disaster Loan program and the dollar volume of those loans.

Modification to the Defense Research and Development Rapid Innovation Program (sec. 878)

The House amendment contained a provision (sec. 878(e)) that would amend section 2359a(b)(3) of title 10, United States Code, to increase the maximum per award threshold for projects participating in the Defense Research and Development Rapid Innovation Program from \$3.0 million per award to \$6.0 million per award, and would direct the Secretary of Defense to report on activities under the program, to include summarizing the proposals received, and associated Small Business Innovation Research (SBIR) program activities, and overall program effectiveness.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would reemphasize the preference under the program for awarding to small business concerns overall, as well as the prioritization of such small business concerns; and would limit the total amount of awards under the program within a fiscal year to no more than 25 percent of the total available for that fiscal year.

Alignment of the Department of Defense Small Business Innovation Research Program and Small Business Technology Transfer Program with the National Defense Science and Technology Strategy (sec. 879)

The House amendment contained a provision (sec. 878(a)) that would direct the Secretary of Defense and the Secretaries of the military departments to align the research topics selected for activities conducted under the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs with the National Defense Science and Technology Strategy, and would amend title 15, United States Code, to refer to this strategy to guide the prioritization of the Department's activities.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would remove the amendment to title 15, United States Code.

Assistance for small business concerns participating in the SBIR and STTR programs (sec. 880)

The House amendment contained a provision (sec. 882) that would amend the Small Business Act (15 U.S.C. 638) to help small business concerns participating in the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs. The provision would, among other things, require procurement center representatives and the appropriate Director of Small and Disadvantaged Business Utilization to assist participating small business concerns with researching solicitations and providing technical assistance to bid for federal contracts. The provision would also direct agency senior procurement executives, where appropriate, to assist small business concerns with commercializing research developed under SBIR or SBTT before awarding federal agency contracts.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require procurement center representatives to consult with appropriate agency personnel to assist small business concerns in the SBIR program and STTR program, particularly in Phase III, and to provide technical assistance to submit a bid for an award of a federal contract.

Cybersecurity technical assistance under the SBIR and STTR programs (sec. 881)

The House amendment contained a provision (sec. 878(c)) that would permit the Secretary of Defense to enter into an agreement with one or more vendors to provide cybersecurity technical assistance to small business concerns engaged in Small Business Innovation Research (SBIR) or Small Business Technology Transfer (STTR) projects.

The Senate bill contained no similar provision.

The Senate recesses.

Funding for defense research activities of small business concerns (sec. 882)

The House amendment contained a provision (sec. 878(g)) that would amend section 9(f) of the Small Business Act (15 U.S.C 638(f)) to increase the required expenditure amounts for the Department of Defense from 3.2 percent to 4.0 percent, starting in fiscal year 2020.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would instead direct the Secretary of Defense to report on any assistance to small business concerns in fiscal years 2017 through 2019 under the Small Business Innovation Research and Small Business Technology Transfer programs, and any other research, development, test, and evaluation programs.

Modifications to budget display requirements for the Department of Defense Small Business Innovation Research Program and Small Business Technology Transfer Program (sec. 883)

The House amendment contained a provision (sec. 887) that would amend section 857 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232; 132 Stat. 1891) to revise budget display requirements for the Department of Defense Small Business Innovation Research (SBIR) Program and Small Business Technology Transfer (STTR) Program.

The Senate bill contained no similar provision.

The Senate recesses.

The conferees' aim is to allow visibility into the SBIR/STTR effort to better support the program, and to support the alignment of each military services' SBIR/STTR program under the Service Secretary's strategic vision for their budget.

Pilot program for domestic investment under the SBIR program (sec. 884)

The House amendment contained a provision (sec. 878(b)) that would express a sense of congress encouraging the Administrator of the Small Business Administration to promulgate regulations implementing existing authority under title 15, United States Code, that permits small business concerns that are majority-owned by multiple venture capital operating companies, hedge funds, or private equity firms to participate in the Small Business Innovation Research (SBIR) program. The provision would further direct the Secretary of Defense to

establish a pilot program to exercise this authority and make SBIR awards to such business concerns up to 10 percent of the Department's annual SBIR allocation and would exempt the Department from the requirement for written determinations in advance of such awards. The provision would also direct the Secretary of Defense to include information about the activities under the pilot program in the annual report on the SBIR program.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would eliminate the sense of congress; limit the Department of Defense exemption from the written determination to only those small business concerns meeting certain requirements related to foreign ownership; further expand the information provided in the SBIR annual report; and add a requirement for the Secretary of Defense to notify the Administrator of the Small Business Administration 30 days following an award.

SUBTITLE H—OTHER MATTERS

Review of guidance to contractors on nondiscrimination on the basis of sex (sec. 885)

The House amendment contained a provision (sec. 899C) that would direct a revision to the Defense Federal Acquisition Regulation Supplement to allow contracts only with entities that have employee policies penalizing instances of sexual harassment, and would direct the Secretary of Defense to initiate a debarment proceeding for entities seeking contracts with the Department of Defense who do not have such policies.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Under Secretary of Defense for Acquisition and Sustainment to review the implementation of the requirement under Executive Order 11246 relating to the expectations of contractors to ensure nondiscrimination on the basis of sex, to include sexual harassment, and to update any relevant training guidance based on this review.

The conferees note that the appendix to Part 60-20 of Title 41, Code of Federal Regulations outlines best practices and procedures for contractors pertaining to the environment contractors should foster with regard to sexual harassment, which includes communicating that harassing conduct will not be tolerated, providing anti-harassment training, and establishing and implementing procedures for complaints about harassment and intimidation based on sex. The conferees believe the Department

should strongly encourage contractors to incorporate such best practices and procedures.

Comptroller General report on contractor violations of certain labor laws (sec. 886)

The House amendment contained a provision (sec. 899F) that would require the Comptroller General of the United States to deliver a report to the Congress on the number of Department of Defense contractors who have been found by the Department of Labor to have committed violation of the Occupational Safety and Health Act of 1970 (Public Law 91-596) or the Fair Labor Standards Act of 1938 (Public Law 75-718).

The Senate bill contained no similar provision.
The Senate recesses.

Comptroller General report on contingency contracting (sec. 887)

The House amendment contained a provision (sec. 899G) that would reauthorize the Commission on Wartime Contracting established under Section 841 of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110-181; 122 Stat. 230) and amend the Commission's duties to include studying federal agency contracting funded by overseas contingency operations funds.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would direct the Comptroller General of the United States to report on the implementation of the recommendations made by the Commission and the use of contractors to perform work supporting contingency operations since January 1, 2009, and not include the reauthorization of the Commission on Wartime Contracting.

Policies and procedures for contractors to report gross violations of internationally recognized human rights (sec. 888)

The House amendment contained a provision (sec. 899K) that would require that contractors performing Department of Defense contracts in a foreign country report possible cases of gross violations of internationally recognized human rights and that the Secretary of Defense submit a report to congressional committees describing the policies and procedures in place to obtain information about such violations and the resources needed to investigate.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Department to update its policies, guidance, and regulations

to include specific guidance for both Department of Defense employees and contractors for monitoring and reporting alleged violations, and clarify its applicability to contractors performing outside the United States.

Comptroller General report on oversight of contractors providing private security functions (sec. 889)

The House amendment contained a provision (sec. 899L) that would direct the Inspector General of the Department of Defense to report on certain contracts for private security performed in contingency operations since 2001, to include data on costs, locations, civilians killed or wounded while performing the work, and disciplinary actions taken against the contractors.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would re-direct the study to the Comptroller General of the United States, and realign the substance of the review to evaluate Department of Defense's efforts to improve its oversight of contractors providing private security functions since 2009, to include how it has implemented certain new industry-wide law, policy, regulation, standards, and guidance.

The conferees note the significant changes that have occurred in the private security sector since certain reforms were initiated following the final report and recommendations of the Commission on Wartime Contracting in 2011.

Prohibition on contracting with persons that have business operations with the Maduro regime (sec. 890)

The Senate bill contained a provision (sec. 864) that would prohibit the Department of Defense from entering into a contract with any person or entity that has business operations with an authority of the Government of Venezuela that is not recognized as the legitimate Government of Venezuela by the United States Government.

The House amendment contained a similar provision (sec. 897).

The Senate recedes.

Report on the Combating Trafficking in Persons initiative (sec. 891)

The Senate bill contained a provision (sec. 865) that would direct the Comptroller General of the United States to report on the Department of Defense's efforts to combat trafficking in persons through procurement practices.

The House amendment contained a similar provision (sec. 1080A) that would require the Department of Defense to submit a report to the congressional defense committees containing an analysis of the Department's progress in implementing the Combating Trafficking in Persons Initiative.

The House recesses with an amendment that would direct the Secretary of Defense to analyze the Department's progress in implementing the Combating Trafficking in Persons initiative described in DOD Instruction 2200.01.

Noting that the Department's report will provide further information on the implementation of this program, the conferees direct the Comptroller General of the United States to submit a report to the congressional defense committees on the Department of Defense's overall efforts to combat human trafficking not later than January 31, 2021. The required report shall evaluate (1) the processes and procedures to combat human trafficking in the Department's contracting and supply chain policy, regulation, and practices, to include the implementation of title 27 of the National Defense Authorization Act for Fiscal Year 2013 (Public Law 112-239) and Executive Order 13627, as well as the nature and extent of training for contracting officers on how to evaluate compliance plans, monitor contractor adherence to the plans, and respond to reports of noncompliance; (2) the progress of the current trafficking in persons office within the Department of Defense in leading the Department to address all forms of human trafficking, the efficacy of such office in identifying, tracking, and managing any and all trafficking in persons cases, and what, if any, improvements should be made to the office; (3) the process used by contracting officers to evaluate compliance plans with regards to preventing human trafficking and a description of the remedies imposed by contracting officers in cases where an allegation of human trafficking has been substantiated; and (4) the process for reporting instances of human trafficking to the Inspector General of the Department of Defense and the disposition of those cases.

Improved management of information technology and cyberspace investments (sec. 892)

The Senate bill contained a provision (sec. 851) that would require the Department of Defense Chief Information Officer (CIO) to work with the Chief Data Officer to optimize the Department's process to account for, manage, and report its information technology and cyberspace investments and would require the CIO to brief the congressional defense committees

and to recommend any necessary legislative changes to the committees not later than February 3, 2020.

The House amendment contained no similar provision.
The House recesses.

The conferees note that the Department of Defense's process to account for, manage, and report its information technology and cyberspace investments—which account for at least \$50.0 billion annually—is inefficient. Further, the conferees are concerned that this process results in unnecessary delays in preparing the annual budget exhibit and in regulatory reporting required by the Federal Information Technology Acquisition Reform Act of 2015, incorporated into the Howard P. “Buck” McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291). After years of legislation and regulation, the definitions pertaining to and the methods for grouping and accounting for spending on these investments have become cumbersome and obscure, and they hinder, rather than facilitating, insight into and oversight of spending plans and portfolio management. The briefing provided to the committees should include alternative methods for presenting budget justification materials to the public and congressional staff to more accurately communicate when, how, and with what frequency capabilities are delivered to end-users, in accordance with best practices for managing and reporting on information technology investments.

Modification to requirements for purchase of commercial leasing services pursuant to multiple award contracts (sec. 893)

The House amendment contained a provision (sec. 899B) that would amend section 877 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232; 41 U.S.C. 3302 note) to extend the termination date for the exemption for commercial leasing services provision from 2022 to 2025 and change the reporting date of the Comptroller General of the United States audit to every five years.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would repeal section 877 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 and would amend section 3302 of title 41, United States Code, to add the exemption for commercial leasing services as a new subsection.

LEGISLATIVE PROVISIONS NOT ADOPTED

Modification to small purchase threshold exception to sourcing requirements for certain articles

The Senate bill contained a provision (sec. 810) that would lower the threshold at which the Department of Defense must comply with the rules of section 2533a of title 10, United States Code, known as the Berry Amendment, to \$150,000.

The House amendment contained no similar provision.

The Senate recesses.

Rates for progress payments or performance-based payments

The House amendment contained a provision (sec. 823) that would require the Secretary of Defense to provide congressional defense committees with a notice of determination and to notify the public through the Federal Register before initiating changes to contract finance rates for progress payments or performance-based payments.

The Senate bill contained no similar provision.

The House recesses.

Additional requirements for negotiations for noncommercial computer software

The House amendment contained a provision (sec. 824) that would amend section 2322a of title 10, United States Code, and codify existing Defense Federal Acquisition Regulations on noncommercial software rights as well as mandate, to the maximum extent practicable, that specially negotiated licenses be used for weapon systems noncommercial software.

The Senate bill contained no similar provision.

The House recesses.

Competition requirements for purchases from Federal Prison Industries

The House amendment contained a provision (sec. 827) that would amend section 2410n of title 10, United States Code. This provision would create a requirement for conducting market research before purchasing a product listed in the Federal Prison Industries (FPI) catalog.

The Senate bill contained no similar provision.

The House recesses.

Enhanced post-award debriefing rights

The House amendment contained a provision (sec. 828) that would amend section 818 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), which required post-award debriefings of the Department of Defense rating for

each evaluation criteria and overall award decision, by reducing the award threshold for comprehensive debriefings from \$100.0 million to \$50.0 million.

The Senate bill contained no similar provision.

The House recesses.

Preference for offerors employing veterans

The House amendment contained a provision (sec. 831) that would amend chapter 137 of title 10, United States Code, by allowing the head of an agency to establish a preference for offerors that employ veterans on a full-time basis when awarding a contract for the procurement of goods or services for the Department of Defense.

The Senate bill contained no similar provision.

The House recesses.

Reporting on expenses incurred for independent research and development costs

The House amendment contained a provision (sec. 832) that would amend section 2372 of title 10, United States Code, to require Department of Defense contractors to report expenses incurred for independent research and development (IR&D) costs.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that IR&D is initiated and conducted by Department of Defense contractors and the Department reimburses a portion of industry's costs. The conferees acknowledge that it is beneficial for the Department to understand what technologies its contractors are investing in beyond Department of Defense contracts. However, the conferees note that there is an ongoing Comptroller General review of recent changes to IR&D policies and the extent that recently funded IR&D projects align with the Department's modernization priorities as laid out in the National Defense Strategy. The conferees encourage the Department to use the findings from the Comptroller General's review as a basis for its IR&D strategy going forward, including what information is required to be reported by the contractor. Lastly, the conferees remind the Department that it should share information about contractor costs within the Department in a continuous and strategic manner, including in coordination with the Department's Chief Data Officer.

Assessment of precision-guided missiles for reliance on foreign-made microelectronic components

The Senate bill contained a provision (sec. 832) that would require the Air Force to assess its reliance on foreign sources for all microelectronics in precision guided munitions currently in production.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Under Secretary of Defense for Acquisition and Sustainment, not later than August 31, 2020, to brief the congressional defense committees on the reliance of the United States Armed Forces on foreign sources for microelectronics in precision guided munitions currently in production. The briefing should identify whether the microelectronics suppliers are single source or sole-source providers as well as which tier subcontractors supply the microelectronics. The briefing should also include an evaluation of the cybersecurity risk to precision guided munitions posed by foreign-made microelectronics.

Reporting on expenses incurred for bid and proposal costs

The House amendment contained a provision (sec. 833) that would amend section 2372a(a) of title 10, United States Code, to require that contractors report expenses incurred for bid and proposal costs annually to the Defense Contract Audit Agency, who shall give access to the information to the Principal Director for Defense Pricing and Contracting.

The Senate bill contained no similar provision.

The House recesses.

Report on requirements relating to consumption-based solutions

The House amendment contained a provision (sec. 835) that would require the Undersecretary of Defense for Acquisition and Sustainment to submit a report on requirements relating to consumption-based solutions to the congressional defense committees.

The Senate bill contained no similar provision.

The House recesses.

The conferees recognize the acquisition of supplies and services is still evolving and believe there is a place for consumption-based solutions. The conferees direct the Deputy Secretary of Defense in conjunction with the Chief Management Officer, the Undersecretary of Defense for Acquisition and Sustainment, and the Director, Cost Assessment and Program Evaluation, to report to the congressional defense committees by March 15, 2020, on the feasibility of using consumption-based

solutions as a procurement option to include recommended definitions, processes, contract types, and funding approaches.

Supply chain security of certain telecommunications and video surveillance services or equipment

The House amendment contained a provision (sec. 851) that would require the Secretary of Defense to consult with the Federal Acquisition Security Council to comprehensively assess policies and contractors' systems relating to telecommunications and video surveillance services and equipment from foreign suppliers; to mitigate risks through a specific interagency debarment and suspension process; to promulgate guidance; and to issue regulation containing certain elements. The House amendment contained another provision (sec. 852) that would require the Secretary of Defense to procure certain telecommunications services or installations of telecommunications infrastructure on national security installations located on territories of the United States in the Pacific Ocean, only from American-owned or -operated companies, with a national security waiver.

The Senate bill contained similar provisions, (sec. 831) that would require the Secretary of Defense to modernize mitigation of risks to the integrity of the supply chain, to include those cited in recent studies on the defense industrial base, and (sec. 833) that would require the Secretary of Defense to amend policy and regulation to enhance the process for assessing and mitigating risks related to foreign ownership, control, or influence.

The House recedes with amendments to sec. 831 that would direct the Secretary to recommend revisions to certain statutory definitions, would more explicitly emphasize the role of suspension and debarment in supply-chain security, and would direct the Secretary to establish a process to re-assess companies who have addressed certain risks.

The conferees acknowledge that establishing blanket "prohibitions" in legislation can be well-intended and effective in some aspects, while also having unintended consequences. The conferees intend for the Department to be pro-active rather than reactive, in securing its supply chain. The conferees note there are multiple efforts in place and underway at the Department to address supply chain risks, and that similar efforts are being undertaken government-wide. The conferees encourage the Department to harmonize these activities where appropriate in ways that do not inhibit the Department from exercising its discretion in areas of national security interest. In this regard, the Department should pay specific attention to the

procurement of telecommunications goods and services for use on installations in the Pacific Ocean.

Revised authorities to defeat adversary efforts to compromise United States defense capabilities

The House amendment contained a provision (sec. 853) that would strengthen defense supply chains by including security as a primary purpose for Department of Defense acquisition.

The Senate bill contained no similar provision.

The House recesses.

The conferees note other sections of the conference report that modernize the Department's supply chain risk mitigation efforts by requiring the Secretary of Defense to develop an analytical framework across the acquisition process, assign risk mitigation roles and responsibilities to organizations and individuals, and modernize access to data necessary to assess risk across the acquisition enterprise.

Supply chain risk mitigation policies to be implemented through requirements generation process

The House amendment contained a provision (sec. 855) that would amend section 807 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) to require the Secretary of Defense to develop tools for supply chain risk mitigation policies during the requirements generation process.

The Senate bill contained a similar provision (sec. 831) which addressed this and several other matters pertaining to the defense industrial base.

The House recesses.

The conferees note the House provision was based on the work of the Advisory Panel on Streamlining and Codifying Acquisition Regulations established by section 809 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92). The conferees commend the work of the Panel and note that, since the Panel was established, it has made 98 recommendations across 3 report volumes and continues to identify areas where United States Code can be reorganized for clarity and efficiency. The Congress has enacted a number of the recommendations from the first two volumes in prior National Defense Authorization Acts and continues to carefully consider the recommendations of the Panel.

Size standard calculations for certain small business concerns

The House amendment contained a provision (sec. 872) that would clarify that section 3(a)(2)(C) of the Small Business Act applies to the Small Business Administration (SBA). The section would align the size standards based on data to the Small Business Runway Extension Act of 2018 (Public Law 115-324) by changing the calculation from 3 years to 5 years. This section also would require the SBA to develop a transition plan for small businesses and Federal agencies to help them successfully navigate the transition from the previous 3-year calculation to the new 5-year calculation as mandated and would require that the System for Award Management be updated accordingly.

The Senate bill contained no similar provision.

The House recedes.

Small Business Administration cybersecurity reports

The House amendment contained a provision (sec. 875) that would require the Small Business Administration to issue reports that assess its cybersecurity infrastructure, including determining the country of origin of its information technology components, and report cyber threats, breaches, and cyber attacks.

The Senate bill contained no similar provision.

The House recedes.

Cyber counseling certification program for lead small business development centers

The House amendment contained a provision (sec. 876) that would amend section 21(a) of the Small Business Act by adding cyber strategy training for Small Business Development Centers (SBDCs) and require the Small Business Administrator to establish, or certify, an existing cyber counseling certification program to certify employees at small business development centers (that have directly received a grant from the Administration) to provide assistance to small businesses for planning cybersecurity practices and strategies to respond to cyber attacks. The Small Business Administration would be authorized to reimburse SBDCs for employee certification costs up to \$350,000 per fiscal year.

The Senate bill contained no similar provision.

The House recedes.

Exemption of certain contracts from the periodic inflation adjustments to the acquisition-related dollar threshold

The House amendment contained a provision (sec. 877) that would amend subparagraph (B) of section 1908(b)(2) of title 41, United States Code, to exempt certain contracts from the periodic inflation adjustments to the acquisition-related dollar threshold.

The Senate bill contained no similar provision.

The House recesses.

Phase 0 Proof of Concept Partnership program for the Department of Defense

The House amendment contained a provision (sec. 878(d)) that would amend section 9(jj) of the Small Business Act (15 U.S.C 638) to change references to "The Director of the National Institutes of Health" to "A covered agency head" which is defined as the Director of the National Institutes of Health (NIH) for NIH Small Business Technology Transfer (STTR) programs or the Secretary of Defense for Department of Defense STTR programs.

The Senate bill contained no similar provision.

The House recesses.

Briefing on the Trusted Capital Marketplace pilot program

The House amendment contained a provision (sec. 885) that would require the Secretary of Defense to provide a briefing to congressional defense committees on the progress of the Trusted Capital Marketplace pilot program.

The Senate bill contained no similar provision.

The House recesses.

The conferees understand that the Secretary of Defense is intending to establish a Trusted Capital Marketplace pilot program to link technology startup companies with trusted sources of capital in areas relevant to defense missions. The conferees direct the Secretary of Defense to provide a briefing on the progress of the Trusted Capital Marketplace pilot program to the congressional defense committees to include plans for how the program will: align with critical defense requirements; use the acquisition flexibilities authorized under recent National Defense Authorization Acts; be coordinated with other research and engineering technology investment programs, including the Small Business Innovation Research program; and be managed and resourced so as to evolve into a stable, funded activity. The conferees direct the Secretary to provide this briefing no later than 6 months after the date of enactment of this Act.

Boots to Business Program

The House amendment contained a provision (sec. 886) that would codify and permanently authorize the Boots to Business program.

The Senate bill contained no similar provision.

The House recesses.

Report and database on items manufactured in the United States for major defense acquisition programs

The House amendment contained a provision (sec. 892) that would amend chapter 144 of title 10, United States Code, by inserting a new section requiring the Secretary of Defense to submit a report to the congressional defense committees assessing the domestic source content of procurements carried out in connection with major defense acquisition programs. This section would also require the Secretary of Defense to establish an information repository for the collection of domestic source content information.

The Senate bill contained no similar provision.

The House recesses.

Contractor science, technology, engineering, and math programs

The House amendment contained a provision (sec. 894) that would deem the cost of participating in certain science, technology, engineering, and math (STEM) programs an allowable cost under a contract between the contractor and the Department of Defense.

The Senate bill contained no similar provision.

The House recesses.

The conferees note the importance of developing a world class cadre of technical talent who can perform critical STEM job functions in both government and industry, including a number which require security clearances. The conferees believe that a strong partnership between the defense industry and the Department of Defense can stimulate efforts to increase that pool of STEM talent. Therefore, the conferees direct the Secretary of Defense to enter into an arrangement with one or more academic institutions to study and develop policy options and recommendations to promote DOD-defense industry collaboration in STEM education activities. The conferees note that these partnerships should be primarily focused on developing collaborative DOD-industry activities relevant to: creating a clearable technical workforce to meet defense missions, supporting educational opportunities for defense sector personnel in both government and industry, and increasing educational opportunities for veterans and military dependents.

Further, the study should focus on activities which are based on metrics and education best practices to ensure maximum effectiveness. The conferees direct that the study, accompanied by an assessment and plan for the Secretary to implement the recommended policy options, if appropriate, should be delivered to the congressional defense committees no later than October 1, 2020. The conferees direct that Secretary to ensure that the study is developed in consultation with industry, education experts, and all appropriate defense organizations with expertise in STEM education.

Report on cost growth of major defense acquisitions programs

The House amendment contained a provision (sec. 898) that would require the Comptroller General of the United States to provide a report analyzing cost growth of major defense acquisition programs to the defense committees.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Comptroller General of the United States to submit to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives a report analyzing the cost growth of major defense acquisition programs (as defined in section 2430 of title 10 United States Code) during the 15 fiscal years preceding the date of the enactment of this Act.

Report and strategy on terminated foreign contracts

The House amendment contained a provision (sec. 899A) that would require the Secretary of Defense to submit to Congress a report on contracts performed in foreign countries for which the contract was terminated for convenience because of actions taken by the government of, or an entity located in, the foreign country that impeded the ability of the contractor to perform the contract.

The Senate bill contained no similar provision.

The House recesses.

Prohibition on contracting with persons with willful or repeated violations of the Fair Labor Standards Act of 1938

The House amendment contained a provision (sec. 899E) that would require the head of a Federal department or agency to initiate debarment proceedings for persons who willfully or repeatedly violate the Fair Labor Standards Act of 1938 (29 U.S.C. 201 et seq.).

The Senate bill contained no similar provision.
The House recesses.

Federal contractor disclosure of unpaid Federal tax liability

The House amendment contained a provision (sec. 899H) that would amend section 2313(c) of title 41, United States Code, to include information on any unpaid federal tax liability of covered persons in the federal awardee performance and integrity database.

The Senate bill contained no similar provision.
The House recesses.

*Pilot program on payment of costs for denied Government
Accountability Office bid protests*

The House amendment contained a provision (sec. 899J) that would amend the pilot program established in section 827 of the National Defense Authorization Act for Fiscal Year 2018 to require contractors to reimburse the Department of Defense for direct costs incurred by the Department in support of hearings to adjudicate bid protests. The provision would also change the date on which the pilot program begins.

The Senate bill contained no similar provision.
The House recesses.

GAO report on contracting practices of the Corps of Engineers

The House amendment contained a provision (sec. 899M) that would require the Comptroller General of the United States to conduct a study on the contracting practices of the U.S. Army Corps of Engineers (USACE).

The Senate bill contained no similar provision.
The House recesses.

The conferees direct the Comptroller General of the United States to conduct a study on the contracting practices of USACE, with a specific focus on how USACE complies with and enforces the requirement to pay prevailing wages on federally financed construction jobs, as required by subchapter IV of chapter 31 of title 40, United States Code (commonly referred to as the Davis-Bacon Act). The study should consider the following:

(1) Any programs or protocols USACE has in place for the purpose of carrying out its Davis-Bacon Act enforcement obligations as set forth in the Federal Acquisition Regulation.

(2) Any programs or protocols USACE has in place for the purpose of identifying and addressing independent contractor

misclassification on projects subject to the Davis-Bacon Act.

(3) The frequency with which USACE conducts site visits on each covered project to monitor Davis-Bacon Act compliance.

(4) The frequency with which USACE monitors certified payroll reports submitted by contractors and subcontractors on each covered project.

(5) Whether USACE accepts and investigates complaints of Davis-Bacon Act violations submitted by third parties, such as contractors and workers' rights organizations.

(6) Whether USACE maintains a database listing all contractors and subcontractors who have, in one way or another, violated the Davis-Bacon Act and whether USACE consults this database as part of its contract award process.

(7) The frequency, over the last five years, with which USACE penalized, disqualified, terminated, or moved for debarment of a contractor for Davis-Bacon violations.

(8) How USACE verifies that the contractors it hires for its projects are properly licensed.

The conferees further direct the Comptroller General to submit a report that summarizes the results of the study, with recommendations for legislative or regulatory action that would improve the efforts of enforcing the requirement to pay prevailing wages on federally financed construction jobs, to the following committees not later than 1 year after the date of enactment of this Act to: the Committee on Education and Labor; the Committee on Armed Services; and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Health, Education, Labor, and Pensions; the Committee on Armed Services; and the Committee on Commerce, Science, and Transportation of the Senate.

Comptroller General report on defense business processes

The House amendment contained a provision (sec. 899N) that would require the Comptroller General of the United States to submit to the congressional defense committees a report on the use of defense business processes.

The Senate bill contained no similar provision.

The House recedes.

Amendments to research project transaction authorities to eliminate cost-sharing requirements and reduce burdens on use

The Senate bill contained a provision (sec. 5202) that would amend section 2371(e) of title 10, United States Code, to

eliminate certain restrictions on the use of the authority and associated funds.

The House amendment contained no similar provision.

The Senate recesses.

The conferees note that current law already permits the Secretary to engage in research project transaction authorities with cost sharing from industry that is less than fifty percent of the total costs, as appropriate, to allow for delivering performance with affordability and speed as outlined in the National Defense Strategy. The conferees believe the Secretary should use research project transaction authorities to drive efficiency, adopt and implement new ideas, and leverage leading practices from industry and academia to positively impact and support acquisition, personnel, research, and operational processes.

Report on contracts with entities affiliated with the Government of the People's Republic of China or the Chinese Communist Party

The Senate bill contained a provision (sec. 5801) that would require a report concerning Department of Defense contracts with companies or business entities that are owned or operated by, or affiliated with, the Government of the People's Republic of China or the Chinese Communist Party.

The House amendment contained no similar provision.

The Senate recesses.

Not later than 180 days after the date of the enactment of this Act, the conferees direct the Secretary of Defense to submit to the congressional defense committees a report describing all Department of Defense contracts with companies or business entities that are owned or operated by, or affiliated with, the Government of the People's Republic of China or the Chinese Communist Party.

Investment in supply chain security under Defense Production Act of 1950

The Senate bill contained a provision (sec. 6018) that would amend section 303 of the Defense Production Act of 1950 to provide authority through the Defense Production Act for the federal government to rapidly adopt supply chain security measures if a national security need arises.

The House amendment contained no similar provision.

The Senate recesses.

TITLE IX—DEPARTMENT OF DEFENSE ORGANIZATION AND MANAGEMENT

SUBTITLE A—OFFICE OF THE SECRETARY OF DEFENSE AND RELATED MATTERS

*Headquarters activities of the Department of Defense matters
(sec. 901)*

The Senate bill contained a provision (sec. 901) that would repeal certain certifications, require a report on numbers of employees in the National Guard Headquarters, provide modest increases in the statutory caps on other headquarters personnel, and sunset the requirements of section 346 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92).

The House amendment contained no similar provision.

The House recedes with an amendment that would eliminate the repeal of certain certifications and modify the increases in the statutory caps on headquarters personnel with the intent of enhancing the opportunity for civilian perspective and advice to be considered in the balance on strategic decisions regarding matters of the armed forces.

The conferees are concerned about civilian-military relations and note a perceived unhealthy drift in decision-making on strategic defense issues away from civilian leaders. Therefore, the conferees urge the Secretary of Defense to utilize the relief to existing limitations on civilian personnel supporting the Office of the Secretary of Defense in such a manner as to optimize enhancement of civilian control of the military. For example, the conferees note that section 922 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) assigned additional authority to the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict (ASD SO/LIC). As such, the conferees expect the additional authority and relief of limitations on civilian personnel will enhance civilian oversight of U.S. Special Operations Command through its 'service secretary-like' role.

The conferees direct the Secretary of Defense, not later than January 1, 2020, to submit to the armed services committees a report setting forth:

- 1) the total number of members of the Armed Forces and civilian employees of the Department of Defense assigned to support the Office of the Chief of the National Guard Bureau and the National Guard Joint Staff;

2) a description of the headquarters staff of each geographic combatant command, as well as each sub-unified command and service component command under the geographic combatant command, as of the following dates: October 1, 2014 and October 1, 2019. The description of the headquarters staffs of the geographic combatant commands shall include the number of military and civilian personnel who are authorized, and the numbers assigned or detailed, to duty in, functions of, or direct support to the headquarters element, including a breakout of personnel by functional area as defined in Department of Defense Instruction 5100.73.

The conferees direct the Secretary of Defense, not later than January 1, 2021, to submit to the congressional defense committees a report setting forth the following:

a) A recommendation for the total number of members and employees required for the Office of the Chief of the National Guard Bureau and the National Guard Joint Staff to execute the missions and functions of the National Guard Bureau and the National Guard Joint Staff.

b) A recommendation for the number of military and civilian personnel who are required in the headquarters element to execute the missions and functions of each geographic combatant command.

Clarifying the roles and responsibilities of the Under Secretary of Defense for Acquisition and Sustainment and the Under Secretary of Defense for Research and Engineering (sec. 902)

The Senate bill contained a provision (sec. 5902) that would allocate the responsibilities of the Under Secretary of Defense for Acquisition, Technology, and Logistics, a position that was eliminated in the National Defense Authorization Act of Fiscal Year 2017, between the two successor entities.

The House amendment contained a similar provision (sec. 861(j)).

The Senate recedes with amendments that include directing the Secretary of Defense to issue guidance and a framework for independent technical risk assessments (ITRAs), clarifying prototyping responsibilities for the Under Secretary of Defense for Research and Engineering, updating the Executive Schedule level for the Under Secretary of Defense for Research and Engineering, and adding prototyping responsibilities for the Under Secretary of Defense for Acquisition and Sustainment.

The conferees note the benefit of having specific guidance detailing the conditions in which the Department would approve ITRAs conducted by independent organizations within the military

departments. The conferees therefore direct the Secretary of Defense to issue the required ITRA guidance and framework no later than March 1, 2020, and to provide a briefing to congressional defense committees at that time.

The conferees also direct the Secretary of Defense to further refine and elaborate the definitions of prototyping to ensure that the Under Secretary of Defense for Research and Engineering and the Under Secretary of Defense for Acquisition and Sustainment have clearly defined roles and responsibilities, paying particular attention to the activities executed under budget activity 4, and software activities, which are likely to be difficult to determine.

Return to Chief Information Officer of the Department of Defense of responsibility for business systems and related matters (sec. 903)

The Senate bill contained a provision (sec. 903) that would return the responsibilities for business systems from the Chief Management Officer back to the Chief Information Officer and would realign the Chief Data Officer to report to the Chief Information Officer instead of the Chief Management Officer.

The House amendment contained no similar provision.

The House recesses.

Assessments of responsibilities and authorities of the Chief Management Officer of the Department of Defense (sec. 904)

The Senate bill contained a provision (sec. 5901) that would direct the Secretary of Defense to determine the manner in which the Chief Management Officer directs the business-related activities of the military departments and determine the responsibilities and authorities, if any, of the Chief Management Officer for the Defense Agencies and Department of Defense Field Activities. The provision would further direct the Secretary of Defense, in light of these determinations, to assign the responsibilities and authorities of the Chief Management Officer and submit a plan to Congress for carrying out these requirements.

The House amendment contained no similar provision.

The House recesses with amendments that would require a Secretary of Defense and an independent assessment of the Chief Management Officer position, and associated reports on those assessments with recommendations regarding the roles and responsibilities of the Chief Management Officer.

The conferees note the Department has faced significant structural challenges in implementing the Chief Management

Officer position since its inception. Accordingly, it is the conferees' intention to change the position from senior executive schedule II to III and, pending the assessment directed by this section, to disestablish the Chief Management Officer position altogether. The conferees therefore direct the Secretary to ensure the assessment provided for in this section is sufficiently comprehensive to allow for the reassignment of roles and responsibilities, as well as the authorities that would be necessary for orderly transition of such activities should the conferees decide to do so.

Senior Military Advisor for Cyber Policy and Deputy Principal Cyber Advisor (sec. 905)

The Senate bill contained a provision (sec. 904) that would require the designation of a general or flag officer of the Armed Forces to serve within the Office of the Under Secretary of Defense for Policy as the Senior Military Advisor for Cyber Policy and, concurrently, as the Deputy Principal Cyber Advisor.

The House amendment contained no similar provision.
The House recedes.

Exclusion from limitations on personnel in the Office of the Secretary of Defense and Department of Defense headquarters of fellows appointed under the John S. McCain Defense Fellows Program (sec. 906)

The Senate bill contained a provision (sec. 921) that would amend section 932(f)(3) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to stipulate that an individual appointed to a fellowship under this section shall not count against the limitation on the number of Office of the Secretary of Defense personnel in section 143 of title 10, United States Code, or any similar limitation in law on the number of personnel in headquarters of the Department of Defense.

The House amendment contained no similar provision.
The House recedes with a technical amendment.

**SUBTITLE B—ORGANIZATION AND MANAGEMENT OF
OTHER DEPARTMENT OF DEFENSE OFFICES AND
ELEMENTS**

Codification of Assistant Secretaries for Energy, Installations, and Environment of the Army, Navy, and Air Force (sec. 911)

The Senate bill contained a provision (sec. 911) that would amend sections 3016(a), 5016(a), and 8016(a) of title 10, United States Code, to require that each military department maintain an assistant secretary for energy, installations, and environment.

The House amendment contained a similar provision (sec. 911).

The Senate recedes with a technical amendment.

**SUBTITLE C—OTHER DEPARTMENT OF DEFENSE
ORGANIZATION AND MANAGEMENT MATTERS**

Prohibition on ownership or trading of stocks in certain companies by certain officials of the Department of Defense (sec. 921)

The Senate bill contained a provision (sec. 1034) that would prohibit Department of Defense officials who participated personally and substantially in an acquisition valued in excess of \$10.0 million who occupy a position on the Executive Schedule, are a member of the Senior Executive Service, a General or Flag Officer, or who served as a program manager, deputy program manager, procuring contracting officer, administrative contracting officer, source selection authority, member of a source selection evaluation board, or chief of a financial or technical evaluation team for a contract in excess of \$10.0 million, from owning or trading a publicly traded stock of a company that, during the preceding calendar year, received more than \$1.0 billion in revenue from the Department of Defense, including through contracts with the Department.

Further, the provision would direct that no officer or employee of the Department of Defense may own or trade a publicly traded stock of a company that is a contractor or subcontractor of the Department, if the Standards of Conduct Office of the Office of the General Counsel of the Department of Defense determines that the value of the stock may be directly or indirectly influenced by any official act of that officer or employee.

Any official who knowingly fails to comply with these requirements would be subject to administrative action by the Secretary of Defense. The definition of publicly traded stock would not include a widely-held investment fund, for purposes of this provision.

The House amendment contained no similar provision.

The House recesses with an amendment that would prohibit an individual serving in a key acquisition position in the Department of Defense who is: (1) A civilian officer or employee in a Senior Executive Service, Senior-Level, or Scientific or Professional position; or (2) A member of the Armed Forces in a grade above O-6, from owning or purchasing publicly traded stock of a company that is one of the ten entities awarded the most amount of contract funds by the Department of Defense in a fiscal year during the five preceding fiscal years. This same prohibition would apply to any civilian appointed to a position in the Department of Defense by the President, by and with the advice and consent of the Senate.

The prohibition would not apply if the aggregate market value of the stock holdings ascribed to the individual officer, employee, member of the Armed Forces, or appointee does not exceed the de minimis threshold established in the Code of Federal Regulations, or if the stock is purchased and owned as part of an Excepted Investment Fund or mutual fund.

Limitation on consolidation of Defense Media Activity (sec. 922)

The House amendment contained a provision (sec. 912) that would prohibit funds authorized or appropriated for the Department of Defense to be used to consolidate the Defense Media Activity until 180 days after the Secretary of Defense submits a report that includes any plans to consolidate the Defense Media Activity.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would remove the funding limitation, direct the Secretary of Defense not to take any actions to consolidate the Defense Media Activity until 60 days after submitting the required report, and change the definition of consolidation.

Report on resources to implement the civilian casualty policy of the Department of Defense (sec. 923)

The Senate bill contained a provision (sec. 922) that would require, not later than 30 days after the date of the enactment of this Act, the Secretary of Defense to submit to the congressional defense committee a report on the resources necessary to fulfill the requirements of section 936 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) over the future years defense plan.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE D—UNITED STATES SPACE FORCE

United States Space Force Act (secs. 951-961)

The Senate bill contained a series of provisions (sec. 1601-1608) that would establish the United States Space Force (USSF) within the Department of the Air Force and make changes to the organization of, authorities of, and acquisition associated with space forces assigned to the Department of Defense (DOD).

The House amendment contained a similar series of provisions (sec. 921-925) that would establish a U.S. Space Corps within the Department of the Air Force.

The Senate recedes with an amendment that would enact the United States Space Force Act. The amendment would modify title 10, United States Code, to establish the United States Space Force as an Armed Force within the Department of the Air Force. The amendment would make multiple technical and conforming changes necessary to fully establish the United States Space Force in title 10, United States Code.

The Space Force would include military personnel of the Air Force Space Command and other military personnel of the Air Force as assigned to the Space Force by the Secretary of the Air Force. The amendment would prohibit the authorization of additional military billets. The conferees expect that the Space Force would be supported by civilian personnel within the Department of the Air Force and by Air Force Reserve elements, as determined by the Secretary of the Air Force. The conferees direct the Secretary of the Air Force to provide to the congressional defense committees a total force management plan in support of the Space Force. The report shall be delivered not later than 90 days after the enactment of this Act.

The amendment would designate the commander of the Space Force as the Chief of Space Operations (CSO), appointed by the President and confirmed by the Senate. The CSO's rank would be that of general with a 4-year term of command. The CSO could be the incumbent Commander, Air Force Space Command, without further appointment. The CSO would report directly to the Secretary of the Air Force upon enactment of this Act. After 1 year, the CSO would be a member of the Joint Chiefs of Staff. The amendment would provide the Secretary of Defense with the temporary authority to establish a dual-hatted arrangement wherein the CSO, for the first year after enactment, would also serve as the Commander, U.S. Space Command (SPACECOM).

The conferees expect the Space Force and its supporting elements to be the exclusive source of personnel of the Department of the Air Force to be assigned, by the CSO, to the

National Reconnaissance Office (NRO), unless otherwise specified by the Secretary of the Air Force.

The amendment would establish the position of the Assistant Secretary of Defense (ASD) for Space Policy within the Office of the Secretary of Defense. The amendment would require the Secretary of Defense to seek to enter into an agreement with a Federally Funded Research and Development Center (FFRDC) to develop recommendations on the appropriate elements of the Office of the ASD for Space Policy, including, in particular, whether to include space capabilities and programs currently assigned to the Office of the Under Secretary of Defense for Intelligence or in the Military Intelligence Program. The Secretary would submit to the congressional defense committees such recommendations, together with an assessment of those recommendations, not later than 180 after the date of the enactment of this Act.

The amendment would rename the Principal Assistant to the Secretary of the Air Force for Space as the Assistant Secretary for Space Acquisition and Integration (ASAF/SP), who would report directly to the Secretary of the Air Force and serve as the senior architect for space systems and programs across the Department of Defense, providing advice to the service acquisition executive (SAE) of the Air Force (the existing Assistant Secretary of the Air Force for Acquisition). The ASAF/SP would oversee and direct the Space Rapid Capabilities Office, the Space and Missile Systems Center, and the Space Development Agency, providing fiscal and strategic guidance to the organizations. Effective October 1, 2022, the ASAF/SP would also become the SAE for Space Systems and Programs, which would include all space acquisition activities within the Air Force. All space acquisition projects currently managed by the Assistant Secretary of the Air Force for Acquisition would be transitioned to the ASAF/SP in the role of SAE for Space Systems and Programs, therefore providing for two SAEs reporting to the Secretary of the Air Force. The ASAF/SP would require confirmation by the Senate for this additional role.

The conferees note that the Deputy Secretary of Defense did not submit to the congressional defense committees the plan required by section 1601(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232). Therefore, the conferees direct the Secretary of the Air Force to provide to the congressional defense committees a report on whether and, if so, how to implement an alternative acquisition system, due not later than March 31, 2020. The report should include an assessment of the feasibility of a new acquisition system specifically tailored for space systems and programs, including with respect to procuring space vehicles,

ground segments relating to such vehicles, and satellite terminals. The plan shall include recommendations with respect to whether the alternative acquisition system described in the plan should use the Joint Capabilities Integration and Development System process or instead use a new requirements process developed in a manner that ensures that requirements for a program are synchronized across the space vehicles and ground segments. It should also consider how such a system can achieve faster acquisition and more rapid fielding of critical systems, including by using new commercial capability. The conferees also direct the Secretary to submit, not later than 120 days after the enactment of this Act, to the congressional defense committees a report with recommendations on the integration of acquisition authority for the NRO into acquisition authority of the Air Force for space systems and programs.

The amendment would also establish a Space Force Acquisition Council (SAC) within the Office of the Secretary of the Air Force that would oversee, direct, and manage Air Force acquisitions for space in order to ensure integration across the national security space enterprise. The SAC would meet not less frequently than monthly. The amendment would establish the ASAF/SP as the chair of Council. The Under Secretary of the Air Force, the Director of the NRO, the CSO, the ASD for Space Policy and the Commander, SPACECOM, would also be members of the Council. The amendment would require the SAC to submit quarterly reports to the congressional defense committees through the first calendar year quarter of 2025 on the activities of the Council.

The conferees direct the Secretary of the Air Force and Secretary of Defense to submit the following reports and briefings to the congressional defense committees on the establishment of the United States Space Force:

(1) A report and accompanying briefing on a comprehensive plan for the organizational structure of the Space Force, to be submitted by the Secretary of the Air Force not later than February 1, 2020. The report should include the following elements:

(a) A detailed description of the structure and organizational elements required for the Space Force to perform its mission;

(b) A detailed description of the organization and staff required to support the CSO;

(c) A detailed explanation of the manner in which the Space Force is expected to affect the composition and function of current space elements of the Armed Forces;

(d) A description of the manner in which the Space Force will be organized, trained, and equipped; and

(e) A description of the manner in which the Space Force will coordinate with SPACECOM and other space elements of the Armed Forces;

(2) A report and accompanying briefing on the anticipated funding requirements for the establishment of the Space Force and for its operations and activities from fiscal year 2021 through fiscal year 2025, to be submitted by the Secretary of Defense not later than February 1, 2020. The report should include the budget activity, line number, line item, line item title, and a description of the requirements specific to the Space Force for each account of the following:

(a) Procurement accounts;

(b) Research, development, test, and evaluation accounts;

(c) Operation and maintenance accounts; and

(d) Military personnel accounts.

The report should also include, for each project under military construction accounts, the country, location, project title, and project amount by fiscal year, and, for any expenditures and proposed appropriations not included, an explanation with a level of detail at least equivalent to the level of detail provided in the future year's defense program submitted to Congress. The report may be submitted in unclassified form, but may include a classified annex;

(3) A report setting forth a comprehensive legislative proposal for amendments to the laws under the jurisdiction of the congressional defense committees to fully integrate the Space Force as an Armed Force, and the regular and reserve military and the civilian personnel of the Space Force, into current law, to be submitted by the Secretary of Defense not later than 60 days after the date of the enactment of this Act;

(4) A plan to ensure the quality of the military and civilian personnel of the Space Force, to include:

(a) Mechanisms to define career professional milestones and manage the career progression of members and civilian employees of the Space Force throughout their careers;

(b) Identification and establishment of space-related career fields;

(c) Pay and incentive structures;

(d) The management and oversight of the space cadre;

(e) Training relating to planning and executing warfighting missions and operations in space;

(f) Conducting periodic cadre-wide professional assessments to determine how the cadre is developing as a group;

(g) Establishing a centralized method to control personnel assignments and distribution;

(h) The identification of future space-related career fields that the Secretary determines appropriate, including a space acquisition career field; and

(i) Identification of overlap among the operations and acquisition career fields to identify opportunities for cross-functional careers.

The Secretary should submit to the congressional defense committees a report on such plan not later than 180 days after the date of the enactment of this Act.

The conferees also direct the Secretary of Defense, in coordination with the Director of National Intelligence, to submit to the congressional defense committees a report containing the results of a review on processes designed to achieve more effective integration of capabilities among the NRO, National Security Agency, National Geospatial Intelligence Agency (NGA), and SPACECOM for joint operations. This report should be submitted not later than 180 days after the enactment of this Act.

Finally, this amendment would limit the total amount of funds to be obligated and expended in fiscal year 2020 for the establishment of the Space Force to the amount requested for the Space Force in the President's budget request for fiscal year 2020. The amendment would require the Secretary of the Air Force to implement the establishment of the United States Space Force not later than 18 months after the date of the enactment of this Act. The amendment would also require the Secretary and the CSO to jointly provide to the congressional defense committees briefings on the status of the current missions, operations and activities, manpower requirements, budget and funding requirements, and implementation not later than 60 days after the date of the enactment of this Act and every 60 days thereafter until March 31, 2023.

The conferees note that nothing in this provision is intended to be construed as mandating any changes to the mission or operations of the NRO or NGA.

LEGISLATIVE PROVISIONS NOT ADOPTED

Repeal of conditional designation of Explosive Ordnance Disposal Corps as a basic branch of the Army

The Senate bill contained a provision (sec. 912) that would repeal section 582 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), which established the conditional designation of explosive ordnance disposal as a basic branch of the Army.

The House amendment contained no similar provision.

The Senate recesses.

Modernization of certain forms and surveys

The House amendment contained a provision (sec. 913) that would require the Secretary of Defense to conduct a study to identify each form and survey that contains a term or classification that the Secretary determines may be considered racially or ethnically insensitive and provide a plan to modernize those forms.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to provide an interim briefing, no later than 180 days after the enactment of this Act, to the Committees on Armed Services of the Senate and House of Representatives, regarding efforts to date to review and identify forms and surveys under the purview of the Department of Defense or its components, that contain a term or classification that may be considered racially or ethnically insensitive. Additionally, no later than a year after the date of the enactment of this Act, the conferees direct the Secretary to provide the committees a report setting forth the Department's comprehensive plan to modernize the forms identified, and the progress to date in executing such plan.

TITLE X—GENERAL PROVISIONS

SUBTITLE A—FINANCIAL MATTERS

General transfer authority (sec. 1001)

The Senate bill contained a provision (sec. 1001) that would allow the Secretary of Defense, with certain limitations, to make transfers between amounts authorized for fiscal year 2020 in division A of this Act. The section would limit the total amount transferred under this authority to \$4.0 billion. This section would also require prompt notification to Congress of each transfer made.

The House amendment contained a similar provision (sec. 1001) that would allow the Secretary of Defense to transfer up to \$1.0 billion of fiscal year 2020 funds authorized in division A of this Act. It would also prohibit transfers to the Drug Interdiction and Counter Drug Activities, Defense-wide account and require the Secretary of Defense to certify the transfer was made to higher priority items based on unforeseen military requirements.

The House recesses.

Defense Business Audit Remediation Plan (sec. 1002)

The House amendment contained a provision (sec. 1002) that would amend the annual reporting and semiannual briefing requirements contained in section 240b of title 10, United States Code, to include a current accounting of the defense business systems of the Department of Defense that will be introduced, replaced, updated, modified, or retired in connection with the audit of the full financial statements of the Department, including a comprehensive roadmap displaying in-service, retirement, and other pertinent dates for affected defense business systems as well as current cost-to-complete estimates for each effort.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would modify the reporting requirements.

Financial improvement and audit remediation plan (sec. 1003)

The House amendment contained a provision (sec. 1003) that would amend section 240b of title 10, United States Code, by updating the elements of annual reports, semiannual briefs, and audit remediation services of financial improvements and audit remediation plans.

The Senate bill contained no similar provision.

The Senate recesses.

Reporting requirements relating to Department of Defense audits (sec. 1004)

The House amendment contained a provision (sec. 1004) that would require an annual report ranking each of the military departments and Defense Agencies in order of how advanced they are in achieving auditable financial statements as required by law. This report would include, for the bottom quartile of departments and agencies ranked in the report, an additional report describing the material weaknesses of the reporting entity, underlying causes of the material weaknesses, and a plan for remediation. The provision would also require a report presenting a plan for achieving an unmodified audit opinion on the Department of Defense-wide consolidated audit within 5 years.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would remove the limitation on use of funds and would modify the reporting requirement.

Inclusion of certain military construction projects in annual reports on unfunded priorities of the Armed Forces and the combatant commands (sec. 1005)

The Senate bill contained a provision (sec. 1003) that would amend section 222a of title 10, United States Code, to require the military services and combatant commands to submit separate lists of unfunded priorities for military construction. This provision would require the lists to be in priority order.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Prohibition on delegation of responsibility for submittal to Congress of Out-Year Unconstrained Total Munition Requirements and Out-Year Inventory numbers (sec. 1006)

The Senate bill contained a provision (sec. 1004) that would amend section 222a of U.S.C 10 to prohibit the chief of staff of each of the Services from delegating the reporting requirement outside the service concerned.

The House amendment contained no similar provision.

The House recedes.

Annual budget justification display for service-common and other support and enabling capabilities for special operations forces (sec. 1007)

The House amendment contained a provision (sec. 1005) that would amend chapter 9 of title 10, United States Code, to require the Secretary of Defense to include in the budget materials submitted to Congress under section 1105 of title 31, United States Code, for fiscal year 2021 and any subsequent fiscal year, a consolidated budget justification display showing service-common and other support and enabling capabilities for special operations forces requested by a military service or Defense Agency.

The Senate bill contained no similar provision.

The Senate recedes.

Element in annual reports on the Financial Improvement and Audit Remediation Plan on activities with respect to classified programs (sec. 1008)

The Senate bill contained a provision (sec. 1005) that would amend section 240b(b)(1) of title 10, United States Code, to include audit results and activities for classified programs in the Financial Improvement and Audit Remediation Plan. The plan shall remain unclassified and include a classified annex, if required.

The House amendment contained no similar provision.

The House recesses.

Plan of the Department of Defense for financial management information (sec. 1009)

The Senate bill contained a provision (sec. 1006) that would require the Under Secretary of Defense (Comptroller) to track the costs of the audit corrective action plans.

The House amendment contained no similar provision.

The House recesses with an amendment that would modify the reporting requirements.

The conferees direct the Secretary of Defense not later than 90 days after the date of the enactment of this Act, to submit to the congressional defense committees a report containing the following Department-Wide audit metrics:

(1) Total number of open audit notices of findings and recommendations (NFRs) for the most recent fiscal year and the preceding two fiscal years where applicable;

(2) Number of repeat or reissued NFRs from the most recent fiscal year;

(3) Number of NFRs that were previously forecasted to be closed in the most recently completed fiscal year that remain open;

(4) Number of closed NFRs in the current fiscal year and prior fiscal years;

(5) Number of material weaknesses that were validated by external auditors as fully resolved or downgraded in the current fiscal year over prior fiscal years;

(6) Breakdown by fiscal years in which open NFRs are forecasted to be closed; and

(7) Explanations for unfavorable trends in these categories.

Update of authorities and renaming of Department of Defense Acquisition Workforce Development Fund (sec. 1010)

The Senate bill contained a provision (sec. 1007) that would amend section 1705 of title 10, United States Code, to rename the Defense Acquisition Workforce Development Fund to the

Defense Acquisition Workforce Development Account in recognition that it is funded by appropriations.

The House amendment contained no similar provision.

The House recesses.

Transparency of accounting firms used to support Department of Defense audit (sec. 1011)

The House amendment contained a provision (sec. 1008) that would require audit firms to report fully adjudicated disciplinary proceedings to the Department of Defense, ensure the details of such disciplinary proceedings are kept confidential, and would provide a definition of "associated person".

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would eliminate the insertion of "fully adjudicated" and the definition of associated persons.

The conferees direct the Secretary of Defense to provide a briefing, in conjunction with the Financial Improvement and Audit Remediation Plan, on the implementation of section 1006 of John S. McCain National Defense Authorization Act for Fiscal Year 2019 no later than June 30, 2020.

Modification of required elements of annual reports on emergency and extraordinary expenses of the Department of Defense (sec.)

The Senate bill contained a provision (sec.1002) that would amend section 127 of title 10, United States Code, to modify the annual reporting requirement on emergency and extraordinary expenses of the Department of Defense.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

SUBTITLE B—COUNTERDRUG ACTIVITIES

Modification of authority to support a unified counterdrug and counterterrorism campaign in Colombia (sec. 1021)

The Senate bill contained a provision (sec.1011) that would amend section 1021 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-375), as most recently amended by section 1011 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), to modify authorized assistance to the Government of Colombia to address the emergence of new threats.

The House amendment contained no similar provision.

The House recesses with an amendment that would modify the organizations with respect to which assistance may be provided under this authority.

Extension of authority for joint task forces to provide support to law enforcement agencies conducting counter-terrorism activities (sec. 1022)

The Senate bill contained a provision (sec. 1012) that would extend for two years section 1022 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108-136).

The House amendment contained a similar provision (sec. 1031) that would extend for two years section 1022 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108-136).

The Senate recesses.

Sense of Congress regarding Department of Defense counterdrug activities in the transit zone and Caribbean basin (sec. 1023)

The House amendment contained a provision (sec. 1014) that would express the Sense of Congress that counterdrug activities in the transit zone and Caribbean basin are critical to national security.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Assessment of impact of proposed border wall on volume of illegal narcotics (sec. 1024)

The House amendment contained a provision (sec. 1015) that would require the Secretary of Defense, in consultation with the Secretary of Homeland Security, to conduct an assessment of the impact that any planned or proposed border wall construction would have on the volume of illegal narcotics entering the United States.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

SUBTITLE C—NAVAL VESSELS

Modification of authority to purchase vessels using funds in National Defense Sealift Fund (sec. 1031)

The Senate bill contained a provision (sec. 1016) that would amend section 2218(f)(3) of title 10, United States Code, in subparagraph (E) by striking "10 new sealift vessels" and inserting "10 new sealift vessels, auxiliary vessels, or a combination of such vessels".

The House amendment contained no similar provision.

The House recedes.

Use of National Defense Sealift Fund for procurement of two used vessels (sec. 1032)

The House amendment contained a provision (sec. 1022) that would require the Secretary of the Navy to seek to enter into a contract for two used vessels for mobilization purposes.

The Senate bill contained no similar provision.

The Senate recedes.

Transportation by sea of supplies for the Armed Forces and Defense Agencies (sec. 1033)

The House amendment contained a provision (sec. 1021) that would modify section 2631 of title 10, United States Code, to expand application of cargo transported by the Department of Defense to include Defense Agencies. Additionally, this provision would require additional latitude in the transportation of fuel products to better expand opportunities for U.S. flagged resources.

The Senate bill contained no similar provision.

The Senate recedes.

Senior Technical Authority for each naval vessel class (sec. 1034)

The Senate bill contained a provision (sec. 1017) that would require the designation of a Senior Technical Authority (STA) for each class of naval vessels.

The House amendment contained no similar provision.

The House recedes with an amendment that would remove the prohibition on delegation of the authority to designate STAs and adjust STA tenure requirements.

The conferees' intent is that STAs are primarily or entirely employees of the Naval Sea Systems Command engineering directorate (code 05) with the STA designation and associated duties as primary or collateral responsibilities.

Permanent authority for sustaining operational readiness of littoral combat ships on extended deployment (sec. 1035)

The Senate bill contained a provision (sec. 1018) that would amend section 8680 of title 10, United States Code, to provide the Secretary of the Navy with additional flexibility to maintain Littoral Combat Ships (LCSs) by allowing government or contractor personnel to conduct maintenance on deployed LCS vessels regardless of ship location.

The House amendment contained no similar provision.

The House recedes with an amendment that would specify allowable maintenance activities.

The conferees note the two classes of LCS have significantly different maintenance requirements and sustainment models as compared to other classes of Navy surface ships.

Accordingly, the conferees direct the Secretary of the Navy to submit to the congressional defense committees, no later than March 1, 2020, comprehensive LCS class maintenance plans for each LCS class. Each such plan shall contain the following elements for such class: (1) An assessment of the implications of extended LCS deployments on material readiness and operational availability; (2) A comprehensive sustainment strategy necessary to support the total number of LCSs, including maintenance requirements, sustainment concepts, and estimated life cycle costs; (3) A description of the permanent and temporary facilities required to support LCSs operating on extended deployments at overseas locations; (4) A description of all contracting strategies for LCS ship repair and maintenance, including short- and long-term; (5) A summary of projected LCS maintenance costs, by fiscal year, for fiscal years 2020 through 2025 and the extent to which actual costs have deviated from prior estimates; and (6) Other related matters the Secretary deems appropriate.

Formal training for shipboard system programs of record (sec. 1036)

The House amendment contained a provision (sec. 1023) that would require the Secretary of the Navy to ensure there is a formal schoolhouse for all shipboard systems that are current programs of record in the fleet.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require formal training for such systems, but not require the training occur at a schoolhouse.

Report on shipbuilder training and the defense industrial base (sec. 1037)

The House amendment contained a provision (sec. 1024) that would require the Secretary of the Defense to submit a report on how the Navy plans to manage the need to grow the shipbuilding workforce as it builds to a 355-ship Navy.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to submit the report in coordination with the Secretary of Labor.

Use of competitive procedures for CVN-80 and CVN-81 dual aircraft carrier contract (sec. 1038)

The House amendment contained a provision (sec. 1025) that would require to the extent practicable and unless otherwise required by law, the Secretary of the Navy to ensure that competitive procedures are used with respect to any task order or delivery order issued under a dual aircraft carrier contract relating to the CVN-80 and CVN-81.

The Senate bill contained no similar provision.

The Senate recesses.

Report on expanding naval vessel maintenance (sec. 1039)

The House amendment contained a provision (sec. 1026) that would require the Secretary of the Navy to submit to the congressional defense committees a report on allowing maintenance to be performed on naval vessels at shipyards other than shipyards in the vessels' homeports.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the report to include a description of the ability of non-homeport firms to maintain surge capacity when homeport shipyards lack the capacity or capability to meet homeport requirements and make other technical changes.

SUBTITLE D—COUNTERTERRORISM

Modification of support of special operations to combat terrorism (sec. 1041)

The House amendment contained a provision (sec. 1037) that would amend section 127e of title 10, United States Code, to modify the notification required pursuant to this authority.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Extension of prohibition on use of funds for transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to certain countries (sec. 1042)

The Senate bill contained a provision (sec. 1023) that would extend until December 31, 2020, the prohibition on the use of funds provided to the Department of Defense to transfer or release individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to Libya, Somalia, Syria, and Yemen.

The House amendment contained a similar provision (sec. 1032) that would prohibit the use of funding authorized to be appropriated or otherwise made available for the Department of Defense during the period beginning on the date of the enactment of this Act and ending on December 31, 2020, to transfer, release, or assist in the transfer or release of any individual detained at United States Naval Station, Guantanamo Bay, Cuba, to Libya, Somalia, Syria, Yemen, Cuba, Iran, Russia, North Korea, Mexico, Guatemala, Honduras, El Salvador, or Venezuela.

The House recesses.

Extension of prohibition on use of funds for transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to the United States (sec. 1043)

The Senate bill contained a provision (sec. 1021) that would extend until December 31, 2020, the prohibition on the use of funds provided to the Department of Defense to transfer or release individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to the United States.

The House amendment contained no similar provision.

The House recesses.

Extension of prohibition on use of funds to construct or modify facilities in the United States to house detainees transferred from United States Naval Station, Guantanamo Bay, Cuba (sec. 1044)

The Senate bill contained a provision (sec. 1022) that would extend until December 31, 2020, the prohibition on the use of funds provided to the Department of Defense to construct or modify facilities in the United States to house detainees transferred from United States Naval Station, Guantanamo Bay, Cuba.

The House amendment contained no similar provision.

The House recesses.

Extension of prohibition on use of funds to close or relinquish control of United States Naval Station, Guantanamo Bay, Cuba (sec. 1045)

The Senate bill contained a provision (sec. 1024) that would extend through fiscal year 2020, the prohibition on the use of funds provided to close or abandon United States Naval Station, Guantanamo Bay, Cuba; to relinquish control of Guantanamo Bay to the Republic of Cuba; or to implement a material modification to the Treaty between the United States of America and Cuba signed at Washington, D.C., on May 29, 1934, which modification would constructively close United States Naval Station, Guantanamo Bay.

The House amendment contained no similar provision.
The House recedes.

Chief Medical Officer at United States Naval Station, Guantanamo Bay, Cuba (sec. 1046)

The Senate bill contained a provision (sec. 1026) that would require the establishment of a Chief Medical Officer (CMO) at the United States Naval Station, Guantanamo Bay, Cuba, to conduct oversight of medical care provided to individuals detained at Guantanamo Bay, and to ensure that such medical care meets the defined standard of care. The CMO would report directly to the Assistant Secretary of Defense for Health Affairs and hold a grade not below that of colonel, or captain in the Navy. The CMO would make medical determinations, including: (1) Decisions regarding assessment, diagnosis, and treatment of detainees; and (2) Medical accommodations to detainee living conditions and operating procedures for detention facilities. In the event the commander of Joint Task Force-Guantanamo declined to follow a determination of the CMO, the provision would require the Assistant Secretary of Defense for Special Operations and Low Intensity Conflict and the Assistant Secretary of Defense for Health Affairs to resolve the matter jointly, within 7 days of receipt of the notification of such declination. Additionally, the provision would authorize the CMO to secure access to any individual, information, or assistance that the CMO considered necessary to carry out the duties of the position.

The Senate bill also contained a provision (sec. 1025) that would authorize the temporary transfer of individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to the United States for emergency or critical medical treatment not available at Guantanamo.

The House amendment contained a similar provision (sec. 1034) that would express the sense of Congress that the increasing age of detainees at the United States Naval Station, Guantanamo Bay, Cuba, poses challenges for the provision of medical care, and that the United States has an ongoing obligation to provide medical care that meets appropriate standards of care to the detainees at Guantanamo. This provision would also express the sense of Congress that the Secretary of Defense should take into account the standards of care provided at other relevant facilities, including those administered by the Federal Bureau of Prisons, when determining the policies regarding medical care for detainees at Guantanamo.

The House recedes to Senate section 1026, with technical and clarifying amendments.

The Senate recedes to Senate section 1025.

The House recedes to House section 1034.

Independent assessment on gender and countering violent extremism (sec. 1047)

The House amendment contained a provision (sec. 1035) that would require the Secretary of Defense to enter into contract with a nonprofit entity or federally funded research and development center independent of the Department of Defense to conduct research and analysis on the intersection of gender and violent extremism and terrorism and provide a report to the congressional defense committees on the result of such assessment.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

SUBTITLE E—MISCELLANEOUS AUTHORITIES AND LIMITATIONS

Scheduling of Department of Defense executive aircraft controlled by Secretaries of military departments (sec. 1051)

The House amendment contained a provision (sec. 1041) that would require the Secretary of Defense to ensure there is coordination in scheduling executive airlift across the entire Department of Defense.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Explosive ordnance defense disposal program (sec. 1052)

The House amendment contained a provision (sec. 1042) that would amend section 2284 of title 10, United States Code, to make technical changes regarding the responsibilities of the executive agent for the explosive ordnance disposal training and technology program. The provision would also eliminate the requirement to designate a combat support agency to manage a Defense-wide program element for certain explosive ordnance disposal activities.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Technical correction and extension of reporting requirement regarding enhancement of information sharing and coordination of military training between Department of Homeland Security and Department of Defense (sec. 1053)

The House amendment contained a provision (sec. 1012) that would provide a technical correction to and extend until December 31, 2022, a report required by section 1014 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328).

The Senate bill no similar provision.

The Senate recedes.

Notification on the provision of defense sensitive support (sec. 1054)

The House amendment contained a provision (sec. 1043) that would modify section 1055 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to provide additional Defense Sensitive Support reporting requirements.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Revision to authorities relating to mail service for members of the Armed Forces and Department of Defense civilians overseas (sec. 1055)

The Senate bill contained a provision (sec. 1081) that would amend section 3401 of title 39, United States Code, to clarify that Active-Duty servicemembers and Department of Defense civilian employees providing support to military operations are authorized to mail personal correspondence at no cost when deployed for a contingency operation in an area designated by the President. The provision also would extend the free mail program to all hospitalized servicemembers wounded in a designated area. Finally, the provision would allow certain

mail between military post offices or from a military post office to a point of entry into the United States to be transported by surface shipment.

The House amendment contained no similar provision.
The House recesses.

Access to and use of military post offices by United States citizens employed overseas by the North Atlantic Treaty Organization who perform functions in support of military operations of the Armed Forces (sec. 1056)

The Senate bill contained a provision (sec. 1082) that would modify section 406 of title 39, United States Code, to permit the Secretary of Defense to authorize the use of military post offices in locations outside the United States by citizens of the United States who are employed by the North Atlantic Treaty Organization and who perform functions in support of the Armed Forces.

The House amendment contained no similar provision.
The House recesses.

Expenditure of funds for Department of Defense intelligence and counterintelligence activities (sec. 1057)

The House amendment contained a provision (sec. 1047) that would authorize the expenditure of no more than 5 percent of Military Intelligence Program funds for Department of Defense recurring or anticipated intelligence and counterintelligence activities for each of the fiscal years 2020 through 2025. Further, this section would require the Secretary of Defense to provide a report of the expenditures covered by this authorization for each of the fiscal years 2020 through 2025. This section would provide additional authorization in response to section 1041 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), which required the Secretary of Defense to clarify use of emergency and extraordinary expenses for intelligence and counterintelligence activities that were determined not to be of an emergent or extraordinary nature.

The Senate bill contained no similar provision.
The Senate recesses with a technical amendment.

Limitation on use of funds for the inactivation of Army watercraft units (sec. 1058)

The House amendment contained a provision (sec. 1045) that would prohibit any funds authorized or appropriated by this Act

to be used for the inactivation of any Army watercraft unit until the Secretary of Defense submits to Congress a certification on the Army Watercraft Requirements Review and a federally funded research and development center has reviewed and validated the Army's ability to meet watercraft requirements of the combatant commanders.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Independent public accountant audit of financial systems of the Department of Defense

The House amendment contained a provision (sec. 1007) that would direct the Secretary of Defense to ensure financial systems of the Department of Defense are reviewed by an independent public accountant to validate the financial system will meet applicable Federal requirements.

The Senate bill contained no similar provision.

The House recedes.

The conferees are encouraged by the Department of Defense's completion of the first audit in 2018. In order to improve the Department of Defense's ability to continue audit compliance, the Secretary of Defense shall ensure that each major implementation of, or modification to, a financial system of the Department of Defense meets all applicable Federal statutes, regulations, and policies with regards to auditability.

Modification of authority to provide support to other agencies for counterdrug activities and activities to counter transnational organized crime

The House amendment contained a provision (sec. 1011) that would modify the types of support authorized by section 284 of title 10, United States Code as well as include additional congressional notification requirements.

The Senate bill contained no similar provision.

The House recedes.

Repeal of Secretary of Defense review of curricula and program structures of National Guard counterdrug schools

The House amendment contained a provision (sec. 1013) that would repeal the Secretary of Defense's review of National Guard counterdrug school curricula and program structures.

The Senate bill contained no similar provision.
The House recesses.

The conferees note the importance of the National Guard counterdrug schools in the development, training, and maintenance of skills for Federal, State, local, and foreign government officials to combat illicit trafficking. The conferees direct the Secretary of Defense to provide a briefing to the House and Senate Armed Services Committees no later than 90 days after enactment of this Act on the Department of Defense review of the curricula and program structures of the National Guard counterdrug schools. The briefing shall include the following:

(1) An overview of the National Guard counterdrug schools.
(2) An overview of the Department's guidance related to the National Guard counterdrug program.

(3) An explanation of the Department's guidance specifically related to the curricula and program structures of the National Guard counterdrug schools.

(4) A description of the Department's goals, objectives, and effect-based measures of performance related to the National Guard counterdrug schools.

(5) An initial evaluation of the establishment of the National Guard Bureau counterdrug schools executive steering committees, the committees' progress toward implementing guidance, and the structure to incorporate feedback regarding such guidance from the States.

(6) An initial evaluation of curricula requirements identified by State counterdrug coordinators.

(7) An initial evaluation of the National Guard counterdrug schools activity plans received from States.

(8) A cost analysis of the metrics used to explain how any savings and efficiencies will be achieved by any changes made, including an analysis of the elimination of contracted positions.

(9) Any other matters the Secretary considers appropriate.

Clarification of authority of military commissions under chapter 47A of title 10, United States Code, to punish contempt

The Senate bill contained a provision (sec. 1031) that would amend subchapter IV of chapter 47A of title 10, United States Code, to permit a judge of the United States Court of Military Commission Review or a military judge detailed to a military commission to punish contempt. The provision also would provide that the punishment for contempt may not exceed confinement for 30 days, a fine of \$1,000, or both and would

establish the conditions under which punishment for contempt is reviewable.

The House amendment contained no similar provision.

The Senate recesses.

Prohibition on use of funds for transfer to and detention of additional individuals, including United States citizens, at United States Naval Station, Guantanamo Bay, Cuba

The House amendment contained a provision (sec. 1033) that would prohibit the use of funding authorized to be appropriated or otherwise made available for the Department of Defense during the period beginning on the date of the enactment of this Act and ending on December 31, 2020, to detain any additional individuals including United States citizens, under the law of war or pursuant to military commission proceedings, at the detention facility at the United States Naval Station, Guantanamo Bay, Cuba. The provision also would require a plan identifying a disposition other than continued law of war detention at United States Naval Station, Guantanamo Bay, Cuba, for each individual currently detained at Guantanamo.

The Senate bill contained no similar provision.

The House recesses.

Enhancement of authorities on forfeiture of Federal benefits by the National Guard

The Senate bill contained a provision (sec. 1037) that would amend section 108 of title 32, United States Code, to provide that the availability of Federal funds provided to the National Guard of individual States is contingent upon compliance with Federal law and policy applicable to the National Guard. The provision would also authorize the President to withdraw Federal recognition of National Guard units and members for failure to comply with Federal law and policy and would authorize the President to bar units and individuals from receiving Federal funds if the unit or individuals fail to comply with Federal law and policy.

The House amendment contained no similar provision.

The Senate recesses.

Public availability of military commission proceedings

The House amendment contained a provision (sec. 1038) that would amend title 10, United States Code, to provide that, as to any proceeding of a military commission that is made open to the public, the military commission judge may order that the

proceedings be made available to be watched remotely by the public through the internet.

The Senate bill contained no similar provision.

The House recesses.

Limitation on placement by the Under Secretary of Defense for Personnel and Readiness of work with federally funded research and development centers

The Senate bill contained a provision (sec. 1039) that would amend would prohibit the Under Secretary of Defense for Personnel and Readiness from placing any work with a federally funded research and development center (FFRDC) until a report containing a list of all studies, reports, and other analyses being undertaken for the Under Secretary is submitted to the Committees on Armed Services of the Senate and the House of Representatives.

The House amendment contained no similar provision.

The Senate recesses.

Modification and technical correction of authority for deployment of members of the Armed Forces to the southern land border of the United States

The House amendment contained a provision (sec. 1044) that would modify the authority under section 1059 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) by requiring a certification and notification requirement prior to the provision of assistance to the United States Custom and Border Protection at the U.S. southern land border. Additionally, this section would amend and add reporting requirements, require that the support be on a reimbursable basis, and terminate the authority on September 30, 2023.

The Senate bill contained no similar provision.

The House recesses.

Use of funds for defense of the Armed Forces and United States citizens against attack by foreign hostile forces

The Senate bill contained a provision (sec. 1045) that would allow funds authorized to be appropriated by this Act to be used to ensure the ability of the Armed Forces to defend themselves, and the United States, against attack.

The House amendment contained no similar provisions.

The Senate recesses.

Prohibition on use of funds for construction of a wall, fence, or other physical barrier along the southern border of the United States

The House amendment contained a provision (sec. 1046) that would prohibit the obligation, expense, or use of funds, that have been authorized to be appropriated for national defense in fiscal years 2015 through 2020, to design or carry out a project to construct, replace, or modify a wall, fence or other physical barrier along the international border between the United States and Mexico.

The Senate bill contained no similar provision.

The House recesses.

Limitation on use of funds to house children separated from parents

The Senate bill contained a provision (sec. 1044) that would prohibit the use of funds authorized to be appropriated by this Act to house a child separated from a parent, unless the Department of Homeland Security demonstrated in a hearing that the parent or legal guardian was unfit or presented a danger to the child.

The House amendment contained a similar provision (sec. 1048) that would prohibit amounts made available to the Department of Defense for fiscal year 2020 from being used to house children separated from their parent or legal guardian by Customs and Border Protection near a port of entry or within 100 miles of the border of the United States, unless a state court, an official with the state or county child welfare agency, or a Custom and Border Protection chief patrol agent or the area port director determines that the separation is in the best interest of the child because the child is in danger of abuse or neglect.

The conference agreement does not include either provision.

Limitation on use of funds for providing housing for unaccompanied alien children

The House amendment contained a provision (sec. 1049) that would require the Department of Defense to submit a congressional certification that any housing provided to unaccompanied alien children meets the standards of the Department of Health and Human Services, including those provided in the Flores settlement agreement.

The Senate bill contained no similar provision.

The House recesses.

Transfer of certain items included in categories I, II, and III of the United States Munitions List to the Commerce Control List

The House amendment contained a provision (sec. 1050) that would prohibit the President from removing from the United States Munitions List any item that was included in category I, II, or III of the United States Munitions List, as in effect on August 31, 2017.

Senate bill contained no similar provision.

The House recesses.

Limitation on use of funds for reimbursement of expenses at certain properties

The House amendment contained a provision (sec. 1050A) that would prohibit the obligation or expenditure of funds made available for the Department of Defense at a list of properties or to an entity with an ownership interest in such properties.

The Senate bill contained no similar provision.

The House recesses.

Limitation on use of funds for exhibition of parade of military forces and hardware for review by the President

The House amendment contained a provision (sec. 1050B) that would prohibit the use of funds authorized by this Act or otherwise appropriated for Fiscal Year 2020 for the Department of Defense from being obligated or expended for any exhibition or parade of military forces and hardware, with the exception of ceremonial honors and customary ceremonial duties, for review by the President outside authorized military operations.

The Senate bill contained no similar provision.

The House recesses.

Prohibition on use of DOD equipment, personnel, and facilities for ICE detention

The House amendment contained a provision (sec. 1050C) that would prohibit the use of facilities, equipment, or personnel of the Department of Defense to house or to construct housing for foreign nationals in the custody of U.S. Immigration and Customs Enforcement.

The Senate bill contained no similar provision.

The House recesses.

Report on joint force plan for implementation of strategies of the Department of Defense for the Arctic

The Senate bill contained a provision (sec. 1054) that would require the Secretary of Defense, in coordination with Secretaries of the military departments, to submit a joint force plan for implementing the Department of Defense's December 2016 Report to Congress on the Strategy to Protect United States National Security Interests in the Arctic Region and the updated Arctic strategy to improve and enhance joint operations, which was mandated in the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House amendment contained no similar provision.

The Senate recesses.

The conferees note the increasing involvement of near-peer competitors in the Arctic region and direct the Secretary of Defense, in coordination with Secretaries of the military departments, to submit a plan for implementing the June 2019 Department of Defense Arctic Strategy.

Report on use of Northern Tier bases in implementation of Arctic strategy of the United States

The Senate bill contained a provision (sec. 1055) that would direct the Secretary of Defense to submit a report to the congressional defense committees on the use of bases in the northern latitudes, including Northern Tier bases, for implementing the recommendations in the December 2016 "Report to Congress on Strategy to Protect United States National Security Interests in the Arctic Region" and the updated Arctic strategy required to be submitted to the congressional defense committees under section 1071 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees on the use of bases in the northern latitudes, including Northern Tier bases, for implementing the recommendations in the June 2019 Department of Defense Arctic Strategy no later than 180 days after the enactment of this Act.

Comptroller General of the United States report on post-government employment of former Department of Defense officials

The Senate bill contained a provision (sec. 1060) that would require the Comptroller General of the United States to update a prior report on the post-government employment of former Department of Defense officials.

The House amendment contained no similar provision.

The Senate recesses.

The conferees direct the Comptroller General of the United States to initiate a review, not later than 90 days after the date of the enactment of this Act, updating the information and findings set forth in the Government Accountability Office report entitled "Defense Contracting: Post-Government Employment of Former DOD Officials Needs Greater Transparency" (GAO-08-485), and to provide an interim briefing on the status of the review to the Committees on Armed Services of the Senate and the House of Representatives not later than December 31, 2020, with a report to follow by a date agreed upon with the committees.

Elimination of requirement to submit reports to Congress in paper format

The House amendment contained a provision (sec. 1062) that would enable the Department of Defense to provide reports required by the Congress in an electronic format rather than a paper format.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to deliver to the Committee on Armed Services of the House of Representatives reports required by Congress in electronic format only. This practice will begin on a date mutually agreed upon by the Secretary and the committee. This change does not apply to the Committee on Armed Services of the Senate. By eliminating the requirement of the delivery of congressional reports in paper format, the conferees believe the Department of Defense will be able to streamline the reporting process both within the Department and in delivery of its reports to the Congress. This process would only apply to unclassified reports.

Additionally, the conferees note that the Department is required by section 122a of title 10, United States Code, to ensure that reports are made available to the public, to the maximum extent practicable, by posting the reports on a publicly accessible website. The Committee on Armed Services of the Senate continues to explore means of reducing the administrative burden to the Department associated with generating and delivering hard copy paper reports to the U.S. Senate, however success in this endeavor is contingent on the Department's compliance with section 122a of title 10, United States Code.

Sense of Congress regarding modular airborne fire fighting system

The House amendment contained a provision (sec. 1075) that would require the Secretary of Defense to submit a report to the congressional defense committees regarding plans of the Secretary to fund long-term sustainment and operation and maintenance of MAFFS capabilities, including plans for the National Guard Bureau to submit program objective memoranda for funding for lifetime costs to the Department of Defense to be included in future Department of Defense Budget Requests, including the feasibility of establishing a dedicated program-of-record.

The Senate bill contained no similar provision.

The House recesses.

Report on policies relating to small farms

The House amendment contained a provision (sec. 1077) that would require the Defense Logistics Agency (DLA) and the Defense Commissary Agency (DeCA) to submit to the congressional defense committees a report on policies relating to small farms.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the DLA and DeCA to submit a report on the programs, policies, and practices of the DLA and DeCA relating to small farms, farms owned by new and beginning farmers, and farmers who are veterans or minorities not later than 90 days after the date of the enactment of this Act to the congressional defense committees. The report should include a description of opportunities and barriers to expanding the use of such programs, policies, or practices.

Report on financial costs of overseas United States military posture and operations

The House amendment contained a provision (sec. 1079) that would require the Secretary of Defense to submit a report to the congressional defense committees on the financial costs of U.S. military posture and operations overseas.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Department of Defense currently provides an annual budget exhibit that describes the country-by-country costs of maintaining overseas posture, which estimated worldwide posture costs of just over \$24.0 billion in fiscal year 2019. However, the exhibit excludes considerable costs such as those borne in overseas contingency accounts and does not account for host nation contributions, either cash or

in-kind, or contributions from the North Atlantic Treaty Organization (NATO).

Therefore, the conferees direct the Secretary of Defense to submit a comprehensive report with the budget submission, or not later than February 15, 2020, to the congressional defense committees on the actual costs of maintaining the overseas posture and presence of the U.S. Armed Forces in fiscal year 2019. The report should address the financial costs incurred by the United States, as well as financial and in-kind contributions made by host-countries and multilateral organizations like NATO, related to overseas enduring and contingency infrastructure and the presence of permanent and rotational U.S. Armed Forces.

Additionally, the conferees direct the Comptroller General of the United States to review the Department's report to determine whether it accurately captures the full costs of overseas posture and host nation contributions and to submit a report to the congressional defense committees not later than 180 days after the Department's report is submitted to the committees.

Public availability of Chief Management Office annual budget reports

The House amendment contained a provision (sec. 1080B) that would amend section 132a(c)(1)(B) of title 10, United States Code, to require that the Chief Management Officer's reports on Defense Agency and Department of Defense Field Activity proposed budgets for enterprise business operations be made publicly available on an internet website in a searchable format.

The Senate bill contained no similar provision.
The House recedes.

Plan to increase and expand cold weather training

The House amendment contained a provision (sec. 1080D) that would require the Secretary of the Army to conduct an assessment of cold weather training requirements in light of increased operations and vulnerability to great power competition in the Arctic; and develop a plan to increase and expand cold weather training opportunities.

The Senate bill contained no similar provision.
The House recedes.

The conferees directed the Secretary of Defense to submit a report to the congressional defense committees not later than 180 days after the date of enactment of the National Defense

Authorization Act for Fiscal Year 2019. The conferees note that the Department has not provided this report to the committees and direct the Secretary to expedite completion and submission of the report by not later than January 31, 2020.

Comptroller General review of Department of Defense support for the Department of Homeland Security operations on the southwest border of the United States

The House amendment contained a provision (sec. 1080E) that would require the Comptroller General of the United States to conduct a review and provide a report and a briefing on ongoing and future Department of Defense support for Department of Homeland Security border security operations.

The Senate bill contained no similar provision.

The House recesses.

Disposal of IPv4 addresses

The House amendment contained a provision (sec. 1088) that would require the Department of Defense to sell several blocks of internet protocol version 4 addresses over a period of ten years.

The Senate bill contained no similar provision.

The House recesses.

Prohibition on denial of Department of Veterans Affairs home loans for veterans who legally work in the marijuana industry

The House amendment contained a provision (sec. 1093) that would prohibit the Secretary of Veterans Affairs from using as a factor in determining whether to guarantee, issue, or make a housing loan the fact that an individual's income is derived from working in the marijuana industry.

The Senate bill contained no similar provision.

The House recesses.

Inclusion on the Vietnam Veterans Memorial Wall of the names of the lost crew members of the U.S.S. Frank E. Evans killed on June 3, 1969

The House amendment contained a provision (sec. 1094) that would require the Secretary of Defense, in consultation with the Secretary of the Interior, the American Battlefield Monuments Commission, and other applicable authorities, to authorize the inclusion on the Vietnam Veterans Memorial Wall in the District

of Columbia, of the names of the 74 crew members of the U.S.S. Frank E. Evans, killed on June 3, 1969.

The House amendment also contained a similar provision (sec. 10990).

The Senate bill contained no similar provision.

The House recesses.

The conferees honor the service of the 74 crew members of the U.S.S. Frank E. Evans, who made the ultimate sacrifice on June 3, 1969, and express their respect and regard for the family members of the crew, and their unflagging dedication to sustaining the memory of their Fallen loved ones.

The conferees note that there is an established process for adding the names of servicemembers to the Vietnam Veterans Memorial Wall. The conferees believe this process should be followed to preserve the integrity of the Wall.

Report on executive helicopter flights in the National Capital Region

The House amendment contained a provision (sec. 1097) that would require the Secretary of Defense to submit a publicly available report on the number of helicopter trips used for executive transport by service branch in the national capital region for a period of 90 days after enactment of this Act.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees, not later than 90 days after enactment of this Act, which shall be made publicly available, and shall detail the number of helicopter missions used for executive transport in the National Capital Region. The report shall also include a consolidated listing of all such flights executed from the date of enactment through 90 calendar days thereafter and a list of the number of helicopters utilized by each service branch.

Review of foreign currency exchange rates and analysis of Foreign Currency Fluctuations Appropriation

The House amendment contained a provision (sec. 1099A) that would require the Under Secretary of Defense (Comptroller) to review exchange rates to determine whether cost savings opportunities exist in disbursements pursuant to contracts in foreign currencies.

The Senate bill contained no similar provision.

The House recesses.

The conferees recognize the difficulty in predicting exchange rate fluctuations and urge the Department to continue investigating methodologies to decrease the magnitude of fluctuations in the Foreign Currency Fluctuations, Defense account.

Contracts by the President or Vice President

The House amendment contained a provision (sec. 1099B) that would amend the federal criminal code (18 U.S.C. 431) to prohibit the President, Vice President, and members of the President's Cabinet, or anyone acting on their behalf or for their benefit, from holding or entering into a contract or agreement with the United States or any agency of the United States. Violations would be subject to a fine. Any contract in violation of the provision would be void automatically, and any monies advanced by the United States or its agency pursuant to such a contract or agreement would be subject to immediate repayment to the government. Absent immediate repayment, the law would provide that suit should be brought immediately for the recovery of the advanced monies.

The Senate bill contained no similar provision.

The House recesses.

Interoperability of communications between military installations and adjacent jurisdictions

The House amendment contained a provision (sec. 1099E) that would require the Department of Defense Fire and Emergency Services Working Group to submit a report on military installations that provide emergency services to areas outside their installations and the interoperability of military installations and adjacent civilian agencies.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Department of Defense Fire and Emergency Services Working Group, not later than 12 months after the date of the enactment of this Act, to submit a report to the congressional defense committees on military installations that provide emergency services to areas outside their installations and the interoperability of military installations and adjacent civilian agencies.

Chinese language and culture studies within the Defense Language and National Security Education Office

The House amendment contained a provision (sec. 1099G) that would increase the funds authorized for the Defense Human Resources Activity by \$13,404,000 for use by the Defense Language and National Security Education Office to provide support for studies related to Chinese language and culture.

The Senate bill contained no similar provision.

The House recesses.

Modification of prohibition on availability of funds for Chinese language programs at certain institutions of higher education

The House amendment contained a provision (sec. 1099H) that would modify section 1091(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to require the Secretary of Defense to develop a transition plan for each institution of higher education subject to the limitation under paragraph (1) of such section.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that they appreciate the Department of Defense's effort to ensure that institutions of higher education, which no longer host a Confucius Institute, may regain eligibility to receive funds from the Department for Chinese language instruction.

Lessons learned and best practices on progress of gender integration implementation in the Armed Forces

The House amendment contained a provision (sec. 1099I) that would require the Secretary of Defense to direct each component of the Armed Force to share lessons learned and best practices on the progress of their gender integration implementation plans.

The Senate bill contained no similar provision.

The House recesses.

Strategies for recruitment and retention of women in the Armed Forces

The House amendment contained a provision (sec. 1099J) that would direct the Secretary of each military department to examine successful strategies used by foreign military services to recruit and retain women and consider implementing those best practices in the United States Armed Forces.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that many of the United States' closest allies have long been successful in recruiting and retaining women into their militaries. The Secretary of Defense is encouraged to examine the techniques used by these countries and, where possible, implement them in the United States military.

Honoring last surviving Medal of Honor recipient of Second World War

The House amendment contained a provision (sec. 1099L) that would allow the last surviving Medal of Honor recipient of World War II to lie in honor in the rotunda of the U.S. Capitol upon death if elected by the individual or next of kin.

The Senate bill contained no similar provision.

The House recesses.

Credit monitoring

The House amendment contained a provision (sec. 1099M) that would amend the Fair Credit Reporting Act (Public Law 91-508).

The Senate bill contained no similar provision.

The House recesses.

Sense of Congress regarding Army Contracting Command-New Jersey

The House amendment contained a provision (sec. 1099P) that would express the sense of Congress about the vital role played by Army Contracting Command-New Jersey.

The Senate bill contained no similar provision.

The House recesses.

Review and report on experimentation with ticks and insects

The House bill contained a provision (sec. 1099Q) that required the Department of Defense to review whether the Department experimented with ticks and other insects regarding use as a biological weapon between the years of 1950 and 1975.

The Senate amendment contained no similar provision.

The House recesses.

The conferees note the Department's prioritization of addressing tick-borne illnesses as a threat to military forces and their dependents. The conferees support the Department's research efforts to prevent the occurrence, diagnoses, and treatment of tick-borne illnesses, including through the Tick-Borne Disease Research Program established in Fiscal Year 2016.

The conferees note the importance of continued compliance with the Biological Weapons Convention which bans the development, production, and stockpiling of biological weapons of mass destruction.

Pilot program to provide broadband access to military families and medical facilities on remote and isolated bases

The House amendment contained a provision (sec. 1099R) that would direct the Secretary of Defense, in coordination with the Federal Communication Commission, to conduct a pilot program under which the Secretary would enter into agreements with broadband internet providers to extend residential broadband internet access to families on military installations located in unserved rural areas in the United States.

The Senate bill contained no similar provision.

The House recesses.

Sense of Congress regarding military working dogs and soldier handlers

The House amendment contained a provision (sec. 1099S) that would provide the sense of Congress on the importance of tactical explosive detection dogs and their soldier handlers in combat.

The Senate bill contained no similar provision.

The House recesses.

The conferees recognize the service of military working dogs and soldier handlers from the tactical explosive detection program and honor the sacrifices made by them in combat. The conferees also acknowledge that not all tactical explosive detection dogs were adopted by their former soldier handlers and encourage the Army and other government agencies, including law enforcement agencies, with such dogs to prioritize adoption to their former handlers. Lastly, the conferees recognize the efforts of Congressman Walter B. Jones to promote military working dogs as unsung heroes on the battlefield and in helping wounded warriors recover from physical and mental injuries.

Funding limitation for the Erie Canalway National Heritage Corridor

The House amendment contained a provision (sec. 1099U) that would amend section 810(a)(1) of the Erie Canalway National Heritage Corridor Act (Public Law 106-554; 114 Stat. 2763A-303) by striking ``\$12,000,000`` and inserting ``\$14,000,000``.

The Senate bill contained no similar provision.

The House recesses.

Inspection of facilities used to house, detain, screen, and review migrants and refugees

The House amendment contained a provision (sec. 1099V) that would require the Secretary of Defense, in coordination with the Comptroller General of the United States and the Secretary of Health and Human Services, to establish a process to conduct surprise inspections at Government-owned or Department of Defense-owned installations where migrants are housed, detained, screened, or reviewed.

The Senate bill contained no similar provision.

The House recesses.

Sense of Congress regarding the 2001 Authorization for Use of Military Force

The House amendment contained a provision (sec. 1099W) that would express the sense of Congress that the 2001 Authorization for Use of Military Force (Public Law 107-40; 50 U.S.C. 1541 note) enacted by Congress to authorize the use of force against those responsible for the terrorist attacks of September 11, 2001, has been cited 41 times as the legal basis for the use of force in 19 countries, well beyond the scope that Congress initially intended. Further, the provision would convey the sense of Congress that any new authorization for the use of force should include: (1) A sunset clause and timeframe within which Congress should revisit the authority provided; (2) A clear and specific expression of mission objectives, targets, and geographic scope; and (3) Reporting requirements to increase transparency and ensure proper Congressional oversight.

The Senate bill contained no similar provision.

The House recesses.

Prohibition on export of air to ground munitions, related components and parts of such munitions, and related services to Saudi Arabia and the United Arab Emirates

The House amendment contained a provision (sec. 1099X) that would prohibit, for the one-year period beginning on the date of the enactment of this Act, the President from issuing any license, and require the President to suspend any license or other approval for the export to the Government of Saudi Arabia or the Government of the United Arab Emirates any air to ground munitions, components, or related services.

The Senate bill contained no similar provision.

The House recesses.

Reporting regarding cancelled appropriations

The Senate bill contained a provision (sec. 6002) that would require the Comptroller General of the United States to provide a report to the congressional defense committees on cancelled appropriations across the federal government.

The House amendment contained no similar provision.

The Senate recesses.

The conferees note the importance of understanding why appropriations are cancelled and therefore direct the Comptroller General of the United States to conduct a review of cancelled federal appropriations and to provide a briefing to the congressional defense committees and the Budget Committees of the Senate and the House of Representatives no later than March 1, 2020, with a report to follow by a date agreed at the time of the briefing.

The review shall include (1) an assessment of the amount of appropriations across federal agencies cancelled under section 1552 of title 31, United States Code, during each of the fiscal years 2009 through 2018; (2) identifying information about each cancelled appropriation, including its type and period of availability; (3) the percentage of each fiscal year's total appropriations canceled broken down by agency; (4) an assessment of the extent to which cancelled appropriations differed significantly across agencies or over time, the extent to which cancelled appropriations are correlated with obligation rates, and the extent to which cancelled appropriations are correlated with the length of continuing resolutions in the original year of the appropriation.

Inclusion of progress of the Department of Defense in achieving auditable financial statements in annual reports on the Financial Improvement and Audit Remediation Plan

The Senate bill contained a provision (sec. 6003) that would amend section 240b(b)(1)(B) of title 10, United States Code, by requiring that a ranking of each military department and Defense Agency be included in the annual report in order of its current progress in achieving auditable financial statements. The provision further requires that additional information be provided for each military department or Defense Agency ranked in the bottom quartile.

The House amendment contained no similar provision.

The Senate recesses.

Silver Star Service Banner Day

The Senate bill contained a provision (sec. 6005) that would amend Chapter 1 of title 36, United States Code, to designate May 1 as Silver Star Service Banner Day.

The House amendment contained no similar provision.
The Senate recesses.

Comptroller General of the United States report on the effects of continuing resolutions on readiness and planning of the Department of Defense

The Senate bill contained a provision (sec. 6011) that would require the Comptroller General of the United States to provide a report to the congressional defense committees on the effects of continuing resolutions on the readiness and financial efficiency of the Department of Defense.

The House amendment contained no similar provision.
The Senate recesses.

The conferees note that the Department of Defense has spent more than 1,000 days under continuing resolutions over the past 10 years. Despite strong anecdotal evidence of negative readiness effects and significant financial waste created by continuing resolutions, a comprehensive tally of their costs, direct and indirect, has not yet been performed. Therefore, the conferees direct the Comptroller General of the United States to deliver a briefing to the congressional defense committees and the Budget Committees of the Senate and the House of Representatives no later than March 1, 2020, with a report to follow by a date agreed at the time of the briefing.

The report shall examine (1) the extent to which continuing resolutions impact Department of Defense purchasing power; (2) the extent to which preparing for and operating under continuing resolutions negatively affect the efficient usage of personnel time, including that of Senior Executive Service personnel and general and flag officers; (3) the extent to which continuing resolutions negatively affect the Department's ability to hire; (4) the extent to which the Department has requested and received anomalies for continuing resolutions since 2010; (5) the extent to which continuing resolutions have delayed acquisition programs; (5) the extent to which the Department has experienced funding misalignments between appropriations accounts due to continuing resolutions.

Sense of Congress on the naming of a naval vessel in honor of Senior Chief Petty Officer Shannon Kent

The Senate bill contained a provision (sec. 6016) that would express the sense of the Congress on the naming of a naval vessel in honor of Senior Chief Petty Officer Shannon Kent. The House amendment contained no similar provision. The Senate recesses.

TITLE XI—CIVILIAN PERSONNEL MATTERS

SUBTITLE A—GENERAL PROVISIONS

Defense Advanced Research Projects Agency personnel management authority (sec. 1101)

The Senate bill contained a provision (sec. 1102) that would increase the number of personnel eligible to be hired under the personnel management authority to attract experts in science and engineering under section 1599h of title 10, United States Code, in the Defense Advanced Research Projects Agency (DARPA) by 30, bringing the total for DARPA from 100 to 130, and decreasing the number of such positions available to the laboratories of the military departments by 30, from 40 to 10.

The House amendment contained a similar provision (sec. 1101) that would increase the number of these positions available to DARPA by 40, bringing its total to 140, with no decrease in the number of positions available to the laboratories.

The Senate recesses.

Report on the probationary period for Department of Defense employees (sec. 1102)

The House amendment contained a provision (sec. 1102) that would amend section 1599e of title 10, United States Code, to change the probationary period for Department of Defense civilian employees from 2 years to 1 year.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to conduct an independent review of the probationary periods applicable to Department of Defense employees. The amendment would also require the Secretary of Defense to submit a report detailing the results of the review to the Committees on Armed Services of the Senate and House of Representatives, the Committee on Oversight and Reform of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs of the Senate.

Civilian personnel management (sec. 1103)

The House amendment contained a provision (sec. 1103) that would amend section 129 of title 10, United States Code, to clarify that civilian personnel of the Department of Defense may not be managed on the basis of man-years, end strength, or full-time equivalent positions, or maximum number of employees, and instead will be managed based on the total force management policies and procedures established under section 129a of title 10, United States Code, the workload required to carry out the functions and activities of the Department, and the funds made available to the Department for each fiscal year.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would prohibit the Secretary of Defense from managing Department of Defense civilian personnel primarily on the basis of man-years or end strength.

One-year extension of temporary authority to grant allowances, benefits, and gratuities to civilian personnel on official duty in a combat zone (sec. 1104)

The Senate bill contained a provision (sec. 1103) that would extend by 1 year the discretionary authority of the head of a Federal agency to provide allowances, benefits, and gratuities comparable to those provided to members of the Foreign Service to the agency's civilian employees on official duty in a combat zone.

The House bill contained an identical provision (sec.1104).

The conference agreement contains this provision.

One-year extension of authority to waive annual limitation on premium pay and aggregate limitation on pay for Federal civilian employees working overseas (sec. 1105)

The Senate bill contained a provision (sec. 1104) that would amend section 1101 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110-417), as most recently amended by section 1104 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), to extend through 2020 the authority of heads of executive agencies to waive limitations on the aggregate of basic and premium pay of employees who perform work in an overseas location that is in the area of responsibility of the commander of U.S. Central Command (CENTCOM), or a location that was formerly in CENTCOM but is now in the area of responsibility

of the Commander, U.S. Africa Command, in support of a military operation or an operation in response to a declared emergency.

The House amendment contained a similar provision (sec. 1105).

The House recesses.

Performance of civilian functions by military personnel (sec. 1106)

The House amendment contained a provision (sec. 1106) that would amend section 129a of title 10, United States Code, to ensure that before the Secretary of a military department directs military personnel to perform the functions of civilian personnel, the military department concerned is in compliance with section 129 of title 10, United States Code.

The Senate bill contained no similar provision.

The Senate recesses.

Extension of direct hire authority for domestic industrial base facilities and Major Range and Test Facilities Base (sec. 1107)

The House amendment contained a provision (sec. 1107) that would amend section 1125 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to extend the authority of the Secretary of Defense to use direct hire procedures for civilian personnel at domestic defense industrial base facilities and the Major Range and Test Facilities Base until 2025.

The Senate bill contained no similar provision.

The Senate recesses.

The conferees note Section 1111 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) repealed the authority of the Secretaries of the military departments to waive the restriction on the appointment of retired members of the Armed Forces to positions in the civil service in the Department of Defense within 180 days of a servicemember's retirement based on a state of national emergency.

The conferees remain supportive of this change and note the relevant statute provides a straightforward process to the Secretaries of the military departments in the event that they wish to hire retired servicemembers within the 180-day post-retirement timeframe. The conferees urge the Department of Defense to make full use of the existing, and longstanding, process for hiring recently retired servicemembers, consistent with applicable law, policy, and merit principles.

Authority to provide additional allowances and benefits for certain Defense Clandestine Service employees (sec. 1108)

The House amendment contained a provision (sec. 1108) that would authorize the provision of additional allowances and benefits for certain Defense Intelligence Agency, Defense Clandestine Service employees located in the United States, limited to 125 covered employees per year for locations with living costs determined by the Secretary of Defense to be equal to or higher than the District of Columbia.

The Senate bill contained no similar provision.

The Senate recedes.

Modification of direct hire authorities for the Department of Defense (sec. 1109)

The House amendment contained a provision (sec. 1111) that would amend section 9905 of title 5, United States Code, by consolidating direct hiring authorities for the following positions:

- (1) scientific, technical, engineering, mathematics positions within the defense acquisition workforce;
- (2) scientific, technical, engineering, mathematics positions working outside a scientific and technology reinvention laboratory;
- (3) medical or health professional positions;
- (4) childcare services positions;
- (5) financial management, accounting, auditing, actuarial, cost estimation, operational research, or business or business administration positions; and
- (6) Department of Defense business transformation and management innovation positions.

The consolidation of these direct hiring authorities would sunset on September 30, 2025. In addition, this provision would require the Secretary of Defense, in coordination with the Director of the Office of Personnel Management, to contract with a federally funded research and development center and submit a report to Congress by February 1, 2021, on improving competitive hiring at the Department of Defense.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would remove the requirement for the Department of Defense to contract with a Federally Funded Research and Development Center to complete the required report.

Designating certain FEHBP and FEGLI services provided by Federal employees as excepted services under the Anti-Deficiency Act (sec. 1110)

The House amendment contained a provision (sec. 1113) that would amend sections 8905 and 8702 of title 5, United States Code, to designate certain Federal Employees Health Benefits Program (FEHBP) and Federal Employees Group Life Insurance (FEGLI) Program services provided by Federal employees as excepted services under the Anti-Deficiency Act.

The Senate bill contained no similar provision.

The Senate recesses.

Continuing supplemental dental and vision benefits and long-term care insurance coverage during a Government shutdown (sec. 1111)

The House amendment contained a provision (sec. 1114) that would amend sections 8956, 8986, and 9003 of title 5, United States Code, to authorize continuing coverage of supplemental dental and vision benefits and long-term care insurance during a government shutdown.

The Senate bill contained no similar provision.

The Senate recesses.

Limitation on transfer of Office of Personnel Management (sec. 1112)

The House amendment contained a provision (sec. 1116) that would prohibit the President or his designee from transferring, transitioning, merging, or consolidating any functions, responsibilities, information technology systems, staff, resources, or records of the Office of Personnel Management (OPM) with the General Services Administration, the Office of Management and Budget, or the Executive Office of the President.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would direct OPM to contract with the National Academy of Public Administration (NAPA) for the conduct of a comprehensive study and report on the full panoply of OPM missions and functions; the challenges associated with the Office's execution of same; and options and recommended courses of action for addressing those challenges. Not later than 180 days subsequent to its receipt of the NAPA report, OPM would be required to submit to the appropriate Committees of Congress its views on the report, any recommendations for change in the structure, functions, responsibilities, and authorities of OPM, a business case analysis setting forth the operational efficiencies and cost

savings associated with any such change, and a proposal for legislative or administrative actions required to effect the change proposed. The amendment would preclude the assignment, transfer, transition, merger, or consolidation of any function, responsibility, authority, service, system, or program assigned in law to OPM, to or with the General Services Administration, the Office of Management and Budget, or the Executive Office of the President, until on or after the date that is 180 days after the date on which OPM submits its views on the NAPA report to Congress, and subject to the enactment of any legislation required.

Assessment of Accelerated Promotion Program suspension (sec. 1113)

The House amendment contained a provision (sec. 1118) that would require the Secretary of the Navy to enter into an agreement with a federally funded research and development center to conduct an assessment of the impacts resulting from the Navy's suspension in 2016 of the Accelerated Promotion Program.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Reimbursement for Federal, State, and local income taxes incurred during travel, transportation, and relocation (sec. 1114)

The Senate bill contained a provision (sec. 1105) that would amend section 5724b of title 5, United States Code, to authorize Federal agencies to reimburse individuals associated with the Federal civil service for all taxes incurred as a result of travel, transportation, or relocation expenses reimbursed, or furnished in-kind, by the agency concerned.

The House amendment contained a similar provision (sec. 1119).

The House recedes with an amendment that would authorize the Federal agencies to reimburse individuals for taxes incurred on or after January 1, 2018.

Clarification of limitation on expedited hiring authority for post-secondary students (sec. 1115)

The House amendment contained a provision (sec. 1120) that would amend section 3116(d) of title 5, United States Code, to limit the total number of students eligible to be appointed under the expedited hiring authority for post-secondary students

to no more than 15 percent of the number of students that the agency head appointed during the previous fiscal year at the GS-11 level or below.

The Senate bill contained no similar provision.

The Senate recesses.

Modification of temporary assignments of Department of Defense employees to a private-sector organization (sec. 1116)

The Senate bill contained a provision (sec. 1101) that would amend section 1599g (e)(2)(A) of title 10, United State Code, to allow the Department of Defense to temporarily transfer or reassign other personnel within the Department to perform the normal duties and functions of employees who are participating in a public-private talent exchange.

The House amendment contained no similar provision.

The House recesses.

Extension of authority for part-time reemployment (sec. 1117)

The conference agreement includes a provision that would extend, for 5 years, the authority of federal agencies to reemploy retired federal civilian employees under limited conditions, without offset of annuity against salary, for certain specified purposes.

SUBTITLE B—FAIR CHANCE ACT

Short title (sec. 1121-1124)

The House amendment contained several provisions (sec. 1131 through sec. 1134) that would prohibit Federal agencies and contractors from making inquiries regarding a job applicants' criminal history before extending a conditional offer of employment.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE C—ATC HIRING REFORM

ATC Hiring Reform (secs. 1131-1135)

The conference agreement includes several provisions (secs. 1131-1135) that would require the Federal Aviation Administration (FAA) to give hiring preference to veterans and graduates of FAA Certified Collegiate Training Initiative (CTI)

schools and remove the 10 percent limitation between the hiring pools created by the FAA Extension Safety and Security Act of 2016.

LEGISLATIVE PROVISIONS NOT ADOPTED

Prohibited personnel practices

The House amendment contained a provision (sec. 1109) that would amend section 2302 of title 5, United States Code, to prohibit Federal employees from discriminating for or against interns or applicants for internships on the basis of race, color, religion, sex, national origin, age, or handicapping condition.

The Senate bill contained no similar provision.

The House recesses.

Enhancement of antidiscrimination protections for Federal employees

The House amendment contained a provision (sec. 1110) that would amend section 2301 of title 5, United States Code, to require Federal agencies to display publicly any findings of discrimination or retaliation within the agency concerned. The provision would modify congressional reporting requirements related to Federal employee antidiscrimination and retaliation by authorizing electronic submittal of reports and requiring a report of disciplinary actions initiated against Federal employees as a result of a violation of applicable antidiscrimination or retaliation policies. The provision would also require each Federal agency to establish a discrimination complaint tracking system. The provision would also require notations in employee personnel records of any adverse action taken as a result of an act of discrimination or retaliation. The provision would also require each Federal agency to establish an impartial Equal Employment Opportunity Program that is independent of the agency's Human Capital or General Counsel and reports directly to the head of the agency. The provision would also require the Equal Employment Opportunity Commission to refer any findings of discrimination or retaliation within a Federal agency to the Office of Special Counsel within 30 days.

The Senate bill contained no similar provision.

The House recesses.

Permitted disclosures by whistleblowers

The House amendment contained a provision that would amend section 2302(b)(8)(B) of title 5, United States Code, to permit whistleblowers to report fraud, waste, or abuse to the Inspector General of an agency, a supervisor in the employee's direct chain of command, or to an employee designated to receive such disclosures.

The Senate bill contained no similar provision.
The House recesses.

Interim stay authority to protect whistleblowers

The House amendment contained a provision (sec. 1115) that would authorize the General Counsel of the Merit Systems Protection Board to order a 45-day stay of any personnel action, given grounds to believe the action is a prohibited personnel practice (including agency reprisal against a whistleblower). The General Counsel could take such action during the period beginning on the date of the enactment of this Act and ending on the first day thereafter that an individual is confirmed by the Senate as a member of the Board. Further, under circumstances in which the Board lacks the number of properly appointed members required to comprise a quorum, any remaining member of the Board would be authorized to execute certain Board functions.

The Senate bill contained no similar provision.
The House recesses.

Review of Standard Occupational Classification System

The House amendment contained a provision (sec. 1117) that would require the Director of the Office of Management and Budget to categorize public safety telecommunicators as a protective service occupation under the Standard Occupational Classification System.

The Senate bill contained no similar provision.
The House recesses.

TITLE XII—MATTERS RELATING TO FOREIGN NATIONS

SUBTITLE A—ASSISTANCE AND TRAINING

Modification of authority to build capacity of foreign security forces (sec. 1201)

The House amendment contained a provision (sec. 1201) that would modify section 333 of title 10, United States Code, to clarify the eligibility of support for international coalition operations as well as modify the congressional notification requirements for support provided pursuant to such section.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Modification and extension of cross servicing agreements for loan of personnel protection and personnel survivability equipment in coalition operations (sec. 1202)

The Senate bill contained a provision (sec. 1202) that would extend the authority for cross-servicing agreements for loan of personnel protection and survivability equipment in coalition operations in Afghanistan through 2024.

The House amendment contained a similar provision (sec. 1202) that would extend section 1207 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) through December 31, 2024. This authority allows the Secretary of Defense, with the concurrence of the Secretary of State, to loan personnel protection and personnel survivability equipment to military forces of other nations for their use in coalition operations with the United States as part of a contingency operation or a peacekeeping operation under the United Nations Charter or another international agreement.

The Senate recedes.

Modifications of authorities relating to acquisition and cross-servicing agreements (sec. 1203)

The Senate bill contained a provision (sec. 1282) that would amend section 2342 of title 10, United States Code relating to acquisition and cross-servicing agreements (ACSA). Specifically, the provision would include new requirements for reimbursement for cost of logistic support, supplies, and services pursuant to such section. The provision would also add new requirements for designation of a non-NATO country under such section by the Secretary of Defense as well as add new oversight and monitoring responsibilities to the Under Secretary of Defense for Policy and to the Director of the Defense Security Cooperation Agency. The provision would also require the Secretary to prescribe regulations regarding ACSA and direct the Comptroller General of the United States to conduct a review of the implementation by the Secretary of such regulations.

Lastly, the provision would modify the annual reporting requirements required under such section.

The House amendment contained no similar provision.

The House recedes with an amendment that clarifies the requirements in section 2342 of title 10, United States Code for designation of a non-NATO country under such section by the Secretary of Defense. Further, the amendment adds a requirement for the Secretary to designate an existing senior civilian or military official with primary responsibility for oversight and management of ACSA. Lastly, the provision clarifies the annual reporting requirements required under such section.

Modification of quarterly report on obligation and expenditure of funds for security cooperation programs and activities (sec. 1204)

The Senate bill contained a provision (sec. 1204) that would amend section 381(b) of title 10, United States Code, to change the deadline for submission of the quarterly report on the use of security cooperation funds from 30 days after the end of each calendar quarter to 60 days after the end of each calendar quarter.

The House amendment contained a similar provision (sec. 1203) that would modify the quarterly reporting requirement on obligation and expenditure of funds for security cooperation programs and activities from 30 days after the calendar quarter to 60 days.

The Senate recedes.

Gender perspectives and participation by women in security cooperation activities (sec. 1205)

The House amendment contained a provision (sec. 1204) that would modify section 333 of title 10, United States Code, to require the inclusion of gender perspectives and meaningful participation by women.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would encourage, consistent with the Women, Peace, and Security Act of 2017 (Public Law 115-68), the Secretary of Defense, in coordination with the Secretary of State, to incorporate gender perspectives and participation by women in security cooperation activities to the maximum extent practicable.

Plan to provide consistency of administration of authorities relating to vetting of units of security forces of foreign countries; modification of assessment, monitoring, and

evaluation of security cooperation programs and activities (sec. 1206)

The House amendment contained a provision (sec. 1206) that would require, not later than 180 days after the date of the enactment of this Act, the Secretary of Defense and the Secretary of State, to jointly develop, implement, and submit to the appropriate congressional committees, a plan to provide consistency in administration of section 362 of title 10, United States Code, and section 620M of the Foreign Assistance Act of 1961 (22 U.S.C. 2378d).

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Extension of authority for support of special operations for irregular warfare (sec. 1207)

The Senate bill contained a provision (sec. 1201) that would extend for 5 years section 1202 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The House amendment contained a similar provision (sec. 1208) that would extend for 3 years section 1202 of the National Defense Authorization Act for Fiscal Year 2018.

The Senate recesses.

Extension and modification of Commanders' Emergency Response Program and elimination of certain payments to redress injury and loss (sec. 1208)

The Senate bill contained a provision (sec. 1213) that would extend the authorization for the Commanders' Emergency Response Program in Afghanistan through December 31, 2020, and would authorize \$5.0 million for use during calendar year 2020.

The House amendment contained no similar provision.

The House recesses with an amendment that would authorize \$2.5 million for the Commanders' Emergency Response Program, and eliminate the authority for certain payments to redress injury and loss in Afghanistan, Iraq, Syria, Somalia, Libya, and Yemen, which is addressed elsewhere in this act.

Two-year extension of program authority for Global Security Contingency Fund (sec. 1209)

The Senate bill contained a provision (sec. 1203) that would amend section 1207 of the National Defense Authorization Act for Fiscal Year 2012 (22 U.S.C. 2151) to extend for 2 years the funding for the Global Security Contingency Fund. The Senate

bill contained another provision (sec. 6203) that would add an exception to the funds, allowing amounts appropriated and transferred to the Fund before September 30, 2019, to remain available for obligation and expenditure after that date, but only for programs under subsection (b).

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Legal institutional capacity building initiative for foreign defense institutions (sec. 1210)

The Senate bill contained a provision (sec. 1205) that would authorize the Secretary of Defense to carry out, consistent with section 332 of title 10, United States Code, a program of legal institutional capacity building with one or more foreign countries to enhance the capacity to organize and administer the legal institutions of such country or countries.

The House amendment contained no similar provision.

The House recesses with an amendment that would modify the elements of the authorized initiative as well the annual reporting requirements.

Department of Defense support for stabilization activities in national security interest of the United States (sec. 1210A)

The Senate bill contained a provision (sec. 1206) that would authorize the Secretary of Defense, with the concurrence of the Secretary of State and in consultation with the Administrator of the United States Agency for International Development, to provide certain support for the stabilization activities of other Federal agencies.

The House amendment contained no similar provision.

The House recesses with an amendment that would modify the types and amounts of support authorized to be provided as well as the countries in which such support may be provided.

SUBTITLE B—MATTERS RELATING TO AFGHANISTAN AND PAKISTAN

Extension of authority to transfer defense articles and provide defense services to the military and security forces of Afghanistan (sec. 1211)

The Senate bill contained a provision (sec. 1211) that would extend the authority to transfer defense articles and

provide defense services to the military and security forces of Afghanistan through December 31, 2021.

The House amendment contained a similar provision (sec. 1213) that would extend the authority through December 31, 2022.

The Senate recesses.

Extension and modification of authority to acquire products and services produced in countries along a major route of supply to Afghanistan (sec. 1212)

The Senate bill contained a provision (sec. 804) that would extend the authority under section 801(f) of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84) for the acquisition of products and services produced in countries along a major route of supply to Afghanistan through December 31, 2021.

The House amendment contained a similar provision (sec. 1214) that would extend this authority through December 31, 2021 and require the Secretary of Defense to submit a report on the use of the authority.

The Senate recesses.

Authority for certain payments to redress injury and loss (sec. 1213)

The House amendment contained a provision (sec. 1215) that would authorize \$5.0 million from the Office of the Secretary of Defense under the Operation and Maintenance, Defense-wide account, for ex gratia payments for damage, personal injury, or death that is incident to combat operations of the United States Armed Forces in certain countries, through December 31, 2020.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would authorize \$3.0 million for this authority for each calendar year through December 31, 2022 and strike the specific country designations.

Extension and modification of semiannual report on enhancing security and stability in Afghanistan (sec. 1214)

The Senate bill contained a provision (sec. 6217) that would amend section 1225(b) of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) to incorporate the August 2017 Strategy of the United States into the reporting requirement and require an assessment of the United States counterterrorism mission, Department of Defense efforts in support of

reconciliation, and the expansion of the Afghan Government's reach throughout Afghanistan.

The House amendment contained a similar provision (sec. 1216) that would extend the report through December 15, 2022 and modify certain elements.

The Senate recedes with an amendment that would require the report include the assessment of the United States counterterrorism mission and efforts to support reconciliation and expand the reach of the Government of Afghanistan throughout Afghanistan.

Special Immigrant Visa Program reporting requirement (sec. 1215)

The House amendment contained a provision (sec. 1217) that would require the Inspector General of the Department of State to submit a report that evaluates the obstacles to effective protection of Afghan and Iraqi allies through the Special Immigrant Visa Program and suggestions for improvements in future programs.

The Senate bill contained no similar provision.

The Senate recedes.

Meaningful inclusion of Afghan women in peace negotiations (sec. 1216)

The Senate bill contained a provision (sec. 6215) that would require the Secretary of State, in coordination with the Secretary of Defense, to carry out activities to ensure the meaningful participation of Afghan women in the ongoing peace process in Afghanistan consistent with the Women, Peace, and Security Act of 2017 (22 U.S.C. 2151 note; Public Law 115-68), and to submit a report to the appropriate congressional committees on such activities.

The House amendment contained a similar provision (sec. 1218) that would require the Secretary of Defense, in coordination with the Secretary of State, to seek to ensure the meaningful participation of Afghan women in the ongoing peace process in Afghanistan, consistent with Public Law 115-68.

The House recedes with an amendment that would require the Secretary of State, in coordination with the Secretary of Defense, to advocate for the inclusion of Afghan women in ongoing and future negotiations to end the conflict in Afghanistan.

Extension and modification of authority for reimbursement of certain coalition nations for support provided to United States military operations (sec. 1217)

The Senate bill contained a provision (sec. 1214) that would extend the authority for reimbursement of certain coalition nations for support provided to United States military operations through December 31, 2020. The provision would also eliminate reimbursements for Pakistan under this authority, as reimbursements for Pakistan's efforts to sustain security along its border with Afghanistan are already authorized under section 1213 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House amendment contained a similar provision (sec. 1211) that would extend the authority through December 31, 2020.

The House recesses with an amendment that would authorize \$450.0 million for use under this authority.

Support for reconciliation activities led by the Government of Afghanistan (sec. 1218)

The Senate bill contained a provision (sec. 1215) that would authorize the Department of Defense, with the concurrence of the Department of State, to provide support for local level, Government of Afghanistan-led reconciliation activities with the Taliban.

The House amendment contained no similar provision.

The House recesses with a clarifying amendment. The conferees note that this provision does not authorize direct reimbursements to members or elements of the Taliban.

Modification and Extension of the Afghan Special Immigrant Visa Program (sec. 1219)

The Senate bill contained a provision (sec. 1216) that would express support for the Special Immigrant Visa Program for Afghan allies.

The House amendment contained a provision (sec. 1212) that would modify and extend the Afghan Allies Protection Act of 2009 (Public Law 111-8) by adjusting the number of visas available and individual eligibility requirements. It would not modify the length of employment or security criteria that an applicant must meet.

The Senate recesses with an amendment that would make an additional 4,000 visas available through the Afghan Special Immigrant Visa Program.

**SUBTITLE C—MATTERS RELATING TO SYRIA, IRAQ,
AND IRAN**

Modification of authority and limitation on use of funds to provide assistance to counter the Islamic State of Iraq and Syria (sec. 1221)

The Senate bill contained a provision (sec. 1222) that would extend the authority to provide assistance to counter the Islamic State of Iraq and Syria under section 1236 of the Carl Levin and Howard P. "Buck" National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) through December 31, 2021, and provide \$645 million for use under the authority. Additionally, the section would limit certain funds under this authority until the Secretary of Defense submits a report to the congressional defense committees.

The House amendment contained a provision (sec. 1221) that would provide \$663 million for use under the authority, modify existing report requirements, and make clarifying and technical corrections. Additionally, the provision would limit certain funds under this authority until the Secretary of Defense submits a report on the use of the authority and other matters.

The Senate recesses with an amendment that would extend the authority and modify associated reporting requirements.

The conferees note the importance of an all-of-government approach in securing the lasting defeat of the Islamic State of Iraq and Syria, extinguishing the drivers of future insurgency and instability, and advancing U.S. interests in Iraq. The conferees believe that non-military lines of effort must be appropriately resourced and staffed for the U.S. strategy for Iraq to be successful.

Extension and modification of authority to provide assistance to the vetted Syrian groups and individuals (sec. 1222)

The Senate bill contained a provision (sec. 1221) that would modify section 1209 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (FY 2015 NDAA (Public Law 113-291)) by extending the authority to provide assistance to vetted Syrian groups through 2020. The provision would additionally modify the authority to support the temporary detention and repatriation of Islamic State of Iraq and Syria (ISIS) foreign terrorist fighters in accordance with the Laws of Armed Conflict and Geneva Conventions. The provision would also expand certain reporting requirements.

The House amendment contained a provision (sec. 1222) that would extend and modify section 1209 of the FY 2015 NDAA by extending the authority to support vetted Syrian opposition through December 30, 2020.

The Senate recedes with an amendment that would modify the purposes of the authority. Further, the amendment would modify the notification before provision of assistance, the matters to be included in quarterly progress reports, the authority to accept contributions, and the limitation on the cost of construction and repair projects. Finally, the amendment would place a limitation on the obligation of funds pending submission of the first quarterly report.

Modification of authority to support operations and activities of the Office of Security Cooperation in Iraq (sec. 1223)

The Senate bill contained a provision (sec. 1223) that would extend the authorization for the Office of Security Cooperation in Iraq through fiscal year 2020 and would amend the Office's authority to support security cooperation activities in Iraq. The provision would reduce the funds available for this authority from \$45.3 million to \$30.0 million.

The House amendment contained a similar provision (sec. 1223) that would extend the authority for the Office of Security Cooperation in Iraq through fiscal year 2020. The provision would also limit the amount of authorized funds available to be obligated or expended to not more than 50 percent until the Secretary of Defense certifies that certain reforms are completed.

The Senate recedes with an amendment that would combine the two provisions and make technical edits.

The conferees note the challenges attendant in effective security cooperation and believe the Department should seek to staff security cooperation offices with more foreign area officers, particularly in the U.S. Central Command area of responsibility.

Establishing a coordinator for detained ISIS members and relevant displaced populations in Syria (sec. 1224)

The Senate bill contained a provision (sec. 1224) that would require the President, in consultation with the Secretary of Defense, the Secretary of State, the Director of National Intelligence, and the Attorney General, to designate an existing official within the Executive Branch as senior-level coordinator to coordinate all matters for the United States Government relating to the long-term disposition of members of the Islamic State of Iraq and Syria (ISIS) and associated forces.

The House amendment contained a similar provision (sec. 1036).

The Senate recedes with an amendment that would require, not later than 60 days after the date of the enactment of this Act, the President, in consultation with the Secretary of Defense, the Secretary of State, the Director of National Intelligence, the Secretary of the Treasury, and the Attorney General, to submit to appropriate committees of Congress a report identifying whether there exists a senior-level coordinator for all matters for the United States Government relating to ISIS members in the custody of Syrian Democratic Forces. If the President is unable to identify a senior-level coordinator for such matters, the President, in consultation with the officials enumerated above, shall designate an existing official within the executive branch to serve in that capacity. The amendment further provides that not later than 180 days after the date of the enactment of this Act, and not less frequently than once each year thereafter through January 31, 2021, the senior-level coordinator shall submit to appropriate committees of Congress a detailed report on certain high-value ISIS detainees.

The conferees believe that the coordinator identified pursuant to this provision should be empowered by the President and of sufficient seniority to adequately leverage and coordinate the expertise and capabilities of the State Department, Department of Defense, Department of Justice, Department of Treasury, intelligence community, and other relevant entities engaged in the repatriation, transfer, and prosecution of members of ISIS.

Report on lessons learned from efforts to liberate Mosul and Raqqa from control of the Islamic State of Iraq and Syria (sec. 1225)

The Senate bill contained a provision (sec. 1225) that would require the Secretary of Defense to submit a report to the congressional defense committees on lessons learned from coalition operations to liberate Mosul, Iraq, and Raqqa, Syria, from control of the Islamic State of Iraq and Syria.

The House amendment contained no similar provision.

The House recedes.

Expansion of availability of financial assets of Iran to victims of terrorism (sec. 1226)

The Senate bill contained a provision (sec. 6206) that would amend section 502 of the Iran Threat Reduction and Syria Human Rights Act of 2012 (22 U.S.C. 8772) to expand the

availability of financial assets of Iran to victims of terrorism.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Report on the status of deconfliction channels with Iran (sec. 1227)

The House amendment contained a provision (sec. 1228) that would require, not later than 30 days after the enactment of this Act, the President to submit a report on the status of deconfliction channels with Iran.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Prohibition on provision of weapons and other forms of support to certain organizations (sec. 1228)

The House amendment contained a provision (sec. 1224) that would prohibit the use of funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense for fiscal year 2020 to provide weapons or any form of support to al-Qaeda, the Islamic State of Iraq and Syria, Jabhat Fateh al Sham, any individual or group associated with these organizations, or any entity the Secretary of Defense determined may trade or sell arms to terrorist organizations.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that adds Hamas, Hizballah, Palestine Islamic Jihad, al-Shabaab, and Islamic Revolutionary Guard Corps to the list of organizations to which the provision of weapons or any form of support is proscribed.

SUBTITLE D—MATTERS RELATING TO THE RUSSIAN FEDERATION

Extension of limitation on military cooperation between the United States and Russia (sec. 1231)

The Senate bill contained provisions (sec. 1233 and sec. 6210) that would extend through fiscal year 2020 the prohibition established in section 1232 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) as most recently amended by the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), which prohibits funds authorized to be appropriated for the Department of Defense from being used for bilateral military-to-

military cooperation between the United States and the Russian Federation without certain certifications by the Secretary of Defense, made in coordination with the Secretary of State, or unless certain waiver conditions are met.

The House amendment contained a similar provision (sec. 1232) that would extend through fiscal year 2020 the prohibition established in section 1232 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328).

The Senate recesses.

The conferees note that, as established in Section 1232, nothing in the limitation shall be construed to limit bilateral military-to-military dialogue between the United States and the Russian Federation for the purpose of reducing the risk of conflict.

Prohibition on availability of funds relating to sovereignty of Russia over Crimea (sec. 1232)

The Senate bill contained two provisions (sec. 1231 and sec. 6231) that would prohibit funds authorized to be appropriated by this Act for fiscal year 2020 for the Department of Defense to be obligated or expended to implement any activity that recognizes the sovereignty of the Russian Federation over Crimea. The provisions would also prohibit the Department to otherwise implement any such activity.

The House amendment contained a similar provision (sec. 1233) that would prohibit funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2020 for the Department of Defense to be obligated or expended to implement any activity that recognizes the sovereignty of Russia over Crimea.

The House recesses with an amendment that would prohibit funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2020 for the Department of Defense to be obligated or expended to implement any activity that recognizes the sovereignty of Russia over Crimea. The amendment would allow the Secretary of Defense, with the concurrence of the Secretary of State, to waive the prohibition if the Secretary determines that a waiver is in the national security interest of the United States; and on the date on which the waiver is invoked, submits a notification of the waiver and a justification of the reason for seeking the waiver to specified congressional committees.

Sense of Congress on updating and modernizing existing agreements to avert miscalculation between the United States and Russia (sec. 1233)

The House amendment contained a provision (sec. 1236) that would express the sense of the Congress that the Secretary of Defense and Secretary of State should explore steps for updating and modernizing existing agreements between the United States and Russia to avert the risk of miscalculation and unintended escalation.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would express the sense of the Congress that: (1) conventional arms control and confidence and security building measures have played an important role in helping to increase military transparency and reduce the risk of miscalculation; (2) Russia's violations of the sovereignty and territorial integrity of Georgia and Ukraine, and Russia's ongoing destabilizing and aggressive behavior, have undermined peace, security, and stability in Europe and beyond; (3) Russia's unilateral suspension and violation of the Treaty on Conventional Armed Forces in Europe, done at Vienna November 19, 1990, and entered into force November 9, 1992, and selective implementation of the Vienna Document of the Organization for Security and Cooperation in Europe 2011 have contributed to a greater risk of miscalculation; (4) Russia's unsafe and unprofessional interactions with United States aircraft and vessels are contrary to the spirit of specified existing agreements and erode military transparency, predictability, and trust; (5) the United States remains committed to upholding its current treaty obligations and commitments with respect to conventional arms control and confidence and security building measures; and (6) the Secretary of Defense and the Secretary of State should explore options, as practicable, for updated or new frameworks for increasing military transparency, stability, and reducing the risk of miscalculation, including through enhanced diplomatic engagement and military-to-military dialogue.

United States participation in Open Skies Treaty (sec. 1234)

The Senate bill contained a provision (sec. 1242) that would realign the requirement contained in section 1235(a) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) from fiscal year to calendar year. The provision would also reduce the frequency of the reporting requirement in section 1236 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) from quarterly to annual.

The House amendment contained a provision (sec. 1231) that would make a series of findings and express the sense of Congress relating to the Open Skies Treaty. The provision would

also prohibit the obligation or expenditure of any funds authorized to be appropriated by this Act for the Department of Defense to take any action to suspend, terminate, or withdraw the United States from the treaty. This prohibition would not apply if the Secretary of Defense and Secretary of State jointly certify that Russia is in material breach of its obligations under the treaty, and that all other states parties to the treaty concur with this assessment; or, that withdrawing from the treaty is in the best interests of U.S. national security and all other states parties have been consulted with respect to this decision. The provision would also repeal the limitation on the use of funds to vote to approve or otherwise adopt an implementing decision of the Open Skies Consultative Commission in section 1236 of the National Defense Authorization Act for Fiscal Year 2017. The provision would also modify the reporting requirement in section 1236 to include assessments of data collected on U.S. observation flights under the treaty, and reduce the reporting frequency from quarterly to biannual. Finally, the provision would make the same realignment to section 1235(a) of the National Defense Authorization Act for Fiscal Year 2018 but would change the report to a briefing.

The Senate recedes with amendments that would strike the findings, sense of Congress, and prohibition on obligation or expenditure of funds for suspension, termination, or withdraw from the treaty, and replace with a requirement to notify the appropriate congressional committees no less than 120 days before such actions. The amendments would also reduce the frequency of the section 1236 reporting requirement from quarterly to annual, and retain the section 1235(a) requirement for a report instead of a briefing.

Modifications of briefing, notification, and reporting requirements relating to non-compliance by the Russian Federation with its obligations under the INF Treaty (sec. 1235)

The Senate bill contained a provision (sec. 1237) that would terminate four recurring reporting requirements relating to the Intermediate-Range Nuclear Forces Treaty if the treaty is no longer in force.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Report on treaties relating to nuclear arms control (sec. 1236)

The House amendment contained a provision (sec. 1235) that would note that the Committees on Armed Services and Foreign Affairs of the House of Representatives sent a letter to the

Secretary of Defense in October 2018 requesting information on several aspects of U.S. policy related to nuclear arms control, and that the Secretary of Defense did not respond to that letter. The provision would also require the Secretary of Defense, in consultation with the Secretary of State and the Director of National Intelligence, to submit to the appropriate congressional committees a report on similar subjects. The provision would withhold 20 percent of funds authorized to be appropriated for operations and maintenance, defense-wide, for the Office of the Secretary of Defense for travel until such report is submitted.

The Senate bill contained no similar provision.

The Senate recesses.

The conferees believe that reliable communication between the congressional defense committees and the Department is essential for the conduct of effective oversight.

Reports relating to the New START Treaty (sec. 1237)

The House amendment contained a provision (sec. 1240A) that would express the sense of Congress that the United States should seek to extend New START, and prohibit the use of funds authorized to be appropriated for the Department of Defense by this Act for any actions to withdraw from the treaty. The provision would also require the Director of National Intelligence, the Secretary of State, and the Secretary of Defense to each submit several reports to the appropriate congressional committees on subjects relating to the treaty and its potential expiration.

The Senate bill contained no similar provision.

The Senate recesses with amendments that would strike the prohibition on the use of funds, express the sense of Congress that legally binding, verifiable limits on Russian strategic nuclear forces are in the national security interest of the United States, and modify the number and required elements of the reports.

Report on military activities of the Russian Federation and the People's Republic of China in the Arctic region (sec. 1238)

The Senate bill contained a provision (sec. 6214) that would require not later than 180 days after the date of the enactment of this Act, the Secretary of Defense, in consultation with the Secretary of State and the Director of National Intelligence, to submit to the appropriate congressional committees a report on the activities of the Russian Federation and the People's Republic of China in the Arctic region.

The House amendment contained no similar provision.

The House recesses with an amendment containing technical clarifications.

Updated strategy to counter the threat of malign influence by the Russian Federation and other countries (sec. 1239)

The Senate bill contained a provision (sec. 6216) that would require the Secretary of Defense and the Secretary of State to jointly update the comprehensive strategy to counter the threat of malign influence developed pursuant to section 1239A of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91; 131 Stat. 1667) and to submit a report detailing the updated strategy to the appropriate congressional committees not later than 180 days after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE E—MATTERS RELATING TO EUROPE AND NATO

Sense of Congress on support for the North Atlantic Treaty Organization (sec. 1241)

The Senate bill contained multiple provisions (sec. 1244 - 1246) that would express the sense of the Senate regarding the North Atlantic Treaty Organization and European security matters.

The House amendment contained multiple similar provisions (sec. 1237, 1238, 1254, 1257, and 1261).

The House recesses with an amendment that would express the sense of the Congress that the North Atlantic Treaty Organization is the most successful military alliance in history, founded on the principles of democracy, individual liberty, and the rule of law, and its contributions to the collective defense are indispensable to the security, prosperity, and freedom of its members. The amendment would also express that the United States must remain ironclad in its commitment to uphold its obligations under the North Atlantic Treaty, including Article 5 of such treaty.

Prohibition on the use of funds to suspend, terminate, or provide notice of denunciation of the North Atlantic Treaty (sec. 1242)

The Senate bill contained a provision (sec. 1232) that would prohibit funds authorized to be appropriated by this Act to be obligated, expended, or reprogrammed for the withdrawal of the United States Armed Forces from Europe during the 1-year period beginning on the date that the President should ever provide notice of withdrawal of the United States from the North Atlantic Treaty, done at Washington, D.C. on April 4, 1949, pursuant to Article 13 of the treaty.

The House amendment contained a similar provision (sec. 1260A) that would make a series of findings related to the North Atlantic Treaty Organization (NATO), state the policy of the United States with respect to NATO, and prohibit funds authorized to be appropriated, obligated, or expended to take any action to withdraw the United States from the North Atlantic Treaty, done at Washington, D.C. on April 4, 1949.

The Senate recedes with an amendment that would provide that, notwithstanding any other provision of law, no funds may be obligated, expended, or otherwise made available during the period beginning on the date of enactment of this Act and ending on December 31, 2020, to take any action to suspend, terminate, or provide notice of denunciation of the North Atlantic Treaty, done at Washington, D.C. on April 4, 1949. The conferees strongly support membership in NATO, the most successful military alliance in history, as a cornerstone of the security and national defense of the United States.

The conferees affirm the ironclad commitment of the United States to uphold its obligations under the North Atlantic Treaty, including under Article 5 of such treaty. Therefore, the conferees oppose in the strongest possible terms any action to effectuate withdrawal of the United States from NATO, including suspension, termination, or denunciation of the North Atlantic Treaty.

Future years plans and planning transparency for European Deterrence Initiative (sec. 1243)

The Senate bill contained a provision (sec. 1241) that would require the Secretary of Defense, in consultation with the Commander of the United States European Command, to submit to the congressional defense committees a future years plan on activities and resources of the European Deterrence Initiative (EDI) for fiscal year 2020 and not fewer than the 4 succeeding fiscal years.

The House amendment contained a provision (sec. 1252) that would require an annual "Future Years Plan" for EDI as previously required by section 1237(a) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), and

require the Department's budget request materials for EDI to include a display that clearly and concisely communicates to Congress, at an appropriate level of detail, which budget lines constitute EDI.

The House amendment also contained a provision (sec. 1253) that would require a congressional report for each obligation of EDI funds above a threshold of \$10.0 million and a report at the end of each fiscal year detailing how EDI funds were spent during the fiscal year in comparison to their intended uses.

The Senate recedes with an amendment that would require the Secretary of Defense to submit to the congressional defense committees a future years plan on activities and resources of EDI for fiscal year 2020 and not fewer than the 4 succeeding fiscal years. The amendment would also require, not later than the date on which the Secretary of Defense submits to Congress the budget request for the Department of Defense for fiscal year 2021 and each fiscal year after thereafter, the Secretary to submit to the congressional defense committees a future years plan on activities and resources of EDI for such fiscal year and not fewer than the four succeeding fiscal years. The amendment would also require an annual report on the obligation of EDI funds in a given fiscal year.

Modification and extension of Ukraine Security Assistance Initiative (sec. 1244)

The Senate bill contained a provision (sec. 1234) that would extend through December 31, 2022, the authority under section 1250 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), as amended by section 1246 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), for the Secretary of Defense, with the concurrence of the Secretary of State, to provide security assistance, including defensive lethal assistance, and intelligence support to military and other security forces of the Government of Ukraine. The provision would also add coastal defense cruise missiles and anti-ship missiles to the categories of appropriate security assistance and intelligence support. The provision would authorize up to \$300.0 million in fiscal year 2020 to provide security assistance to Ukraine, of which \$100.0 million would be available only for lethal assistance.

The House amendment contained a similar provision that would authorize \$250.0 million for the Ukraine Security Assistance Initiative. The provision would also require concurrence by the Secretary of State in the provision of assistance.

The Senate recesses with an amendment that would authorize \$300.0 million for the Ukraine Security Assistance Initiative, of which \$50.0 million would be available only for lethal assistance. The amendment would add coastal defense cruise missiles and anti-ship missiles to the categories of appropriate security assistance and intelligence support. The amendment would also require concurrence by the Secretary of State in the provision of assistance and extend the authority to December 31, 2022.

Limitation on transfer of F-35 aircraft to Turkey (sec. 1245)

The Senate bill contained provisions (sec. 1236, 6218, and 6236) that would, among other things, place limitations on the transfer of F-35 aircraft to the territory of the Republic of Turkey, provide a waiver to such limitations subject to a certification of certain conditions met by the Government of Turkey, and express the sense of the Senate regarding the Government of Turkey's purchase of the S-400 air defense system.

The House amendment contained similar provisions (sec. 1255 and 1267) that would, among other things, place limitations on the transfer of F-35 aircraft to Turkey, provide a waiver to such limitations subject to a certification of certain conditions met by the Government of Turkey, and express the sense of Congress on Turkey's potential acquisition of the Patriot system from the United States.

The Senate recesses with an amendment that would provide that none of the funds authorized to be appropriated or otherwise made available for the Department of Defense may be used to do the following, and the Department may not otherwise do the following: transfer, facilitate the transfer, or authorize the transfer of, any F-35 aircraft or related support equipment or parts to Turkey; transfer intellectual property, technical data, or material support necessary for, or related to, any maintenance or support of the F-35 aircraft necessary to establish Turkey's indigenous F-35 capability; or construct a storage facility for, or otherwise facilitate the storage in Turkey of, any F-35 aircraft transferred to Turkey. The amendment would allow the Secretary of Defense, jointly with the Secretary of State, to waive such limitation if the Secretaries submit to the appropriate committees of Congress a written certification that contains a determination by the Secretaries, and any relevant documentation on which the determination is based, that the Government of Turkey, having previously accepted delivery of the S-400 air and missile defense system from the Russian Federation: no longer possesses the S-400 air and missile defense system or any other equipment, materials, or

personnel association with such system; has provided credible assurances that the Government of Turkey will not in the future accept delivery of such system; and has not, since July 31, 2019, purchased or accepted delivery of defense equipment from the Russian Federation in addition to the S-400 air and missile defense system that would increase the risk of compromising the capabilities of the F-35 aircraft and its associated systems. The amendment would not allow the Secretary of Defense and Secretary of State to waive the limitation until 90 days after the date on which the Secretaries submit the required certification. The amendment would also express the sense of Congress that, among other things, the acceptance of the S-400 air and missile defense system by Turkey constitutes a significant transaction within the meaning of section 231(a) of the Countering Russian Influence in Europe and Eurasia Act of 2017 (Public Law 115-44). The amendment would further express that the President should implement sanctions under section 235 of that Act with respect to any individual or entity determined to have engaged in such significant transaction as if such person were a sanctioned person for purposes of such section. The amendment would also authorize the Secretary of Defense to fly up to six Turkish F-35 aircraft to a storage location in the United States and to induct these aircraft into a long-term storage condition. The amendment would further authorize the Secretary of Defense to expend up to \$30.0 million of funds authorized to be appropriated for fiscal year 2020 for the Department of Defense to conduct activities associated with storage, preservation, and developing a plan for the final disposition of such F-35 aircraft and Turkish F-35 aircraft equipment. The amendment would also require a report and notification of expenditure of funds under specified conditions.

Baltic defense assessment; extension and modification of security assistance for Baltic countries for joint program for interoperability and deterrence against aggression (sec. 1246)

The Senate bill contained a provision (sec. 1238) that would amend section 1279D of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) by modifying and extending the authority of the Secretary of Defense, with the concurrence of the Secretary of State, to conduct or support a single joint program of the Baltic nations to improve interoperability and build their capacity to deter and resist aggression by the Russian Federation. The provision would modify the authority by: adding command, control, communications, computers, intelligence, surveillance, and reconnaissance equipment to defense articles and services eligible for a joint

program; increasing the total amount of assistance that may be provided under the authority to \$125.0 million; requiring that the amount of assistance provided may not exceed the aggregate amount contributed to the joint program by the Baltic nations; and extending the date of termination of the authority to December 31, 2022. The House amendment contained a similar provision (sec. 1260B) that would modify and extend the authority by: adding intelligence, surveillance, and reconnaissance equipment to defense articles and services eligible for a joint program, increasing the amount of assistance to \$125.0 million; extending the date to December 31, 2021; and requiring a report on the use of funding.

The House amendment also contained provisions (secs. 1271-1274) that would establish findings with regard to the Baltic nations; express the sense of the Congress that the United States is committed to the security of the Baltic nations; and require the Secretary of Defense and Secretary of State to jointly conduct an assessment of the military requirements of the Baltic countries to deter and resist aggression by Russia and to submit a report related to such assessment.

The Senate recedes with an amendment that would combine both the Senate and House sections to extend and modify the authority to conduct or support a single joint program of the Baltic nations. The amendment would also require the defense assessment as provided in the House amendment.

Extension of authority for and report on training for Eastern European national security forces in the course of multilateral exercises (sec. 1247)

The Senate bill contained a provision (sec. 1235) that would extend through December 31, 2022, the authority provided in section 1251 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), as amended by section 1205 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), for the Secretary of Defense, with the concurrence of the Secretary of State, to provide multilateral or regional training, and pay the incremental expenses of participating in such training, for countries in Eastern Europe that are signatories to the Partnership for Peace Framework Documents but not members of the North Atlantic Treaty Organization (NATO) or that became NATO members after January 1, 1999.

The House amendment contained no similar provision.

The House recedes with an amendment that would extend the authority for training Eastern European national security forces in the course of multilateral exercises through December 31,

2021. Not later than 180 days after the date of the enactment of this Act, the amendment would require the Secretary of Defense, in consultation with the Commander of United States European Command, to submit to the congressional defense committees a report on the authority.

Extension and modification of NATO Special Operations Headquarters (sec. 1248)

The Senate bill contained a provision (sec. 1281) that would extend for 5 years the authority established in section 1244 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84), as most recently amended by section 1280 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92).

The House amendment contained a similar provision (sec. 1251) that would extend through fiscal year 2023 section 1244 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84), as most recently amended by section 1280 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), for the NATO Special Operations Headquarters (NSHQ) and also limit funding for the NSHQ until the Secretary of Defense, acting through the Assistant Secretary of Defense for Special Operations and Low Intensity Conflict, provides a report on the decision to realign responsibilities for overseeing and supporting NSHQ from U.S. Special Operations Command to U.S. European Command.

The Senate recedes with a technical amendment.

North Atlantic Treaty Organization Joint Force Command (sec. 1249)

The Senate bill contained a provision (sec. 6213) that would authorize the establishment of, and participation of members of the armed forces in, the North Atlantic Treaty Organization Joint Force Command, including the use of Department of Defense facilities and equipment as well as funds authorized to be appropriated to the Department of Defense for fiscal year 2020.

The House amendment contained no similar provision.

The House recedes with an amendment that would make available amounts authorized to be appropriated to the Department of Defense to support the North Atlantic Treaty Organization Joint Force Command to be established in the United States.

Report on North Atlantic Treaty Organization Readiness Initiative (sec. 1250)

The Senate bill contained a provision (sec.1239) that would require the Secretary of Defense to submit a report to the congressional defense committees on the North Atlantic Treaty Organization Readiness Initiative not later than October 1, 2020.

The House amendment contained no similar provision. The House recesses.

Repeal of prohibition on transfer of articles on the United States Munitions List to the Republic of Cyprus (sec. 1250A)

The Senate bill contained a provision (sec. 6204) that would, among other things, make a series of changes to allow for the export, re-export, and the transfer of defense articles and defense services, including those subject to the United States Munitions List, to the Republic of Cyprus if the President determines and certifies to the appropriate congressional committees not less than annually that: the Government of the Republic of Cyprus is continuing to cooperate with the United States Government in efforts to implement reforms on anti-money laundering regulations and financial regulatory oversight; and the Government of the Republic of Cyprus has made and is continuing to take the steps necessary to deny Russian military vessels access to ports for refueling and servicing.

The House amendment contained a similar provision (sec. 1270I).

The House recesses with an amendment that would express the sense of Congress that: allowing for the export, re-export or transfer of arms subject to the United States Munitions List to the Republic of Cyprus would advance United States security interests in Europe by helping to reduce the dependence of the Government of the Republic of Cyprus on other countries, including countries that pose challenges to United States interests around the world, for defense-related materiel; and it is in the interest of the United States to continue to support United Nations-facilitated efforts toward a comprehensive solution to the division of Cyprus.

SUBTITLE F—MATTERS RELATING TO THE INDO-PACIFIC REGION

Modification of Indo-Pacific Maritime Security Initiative (sec. 1251)

The House amendment contained a provision (sec. 1241) that would modify the authority for the Indo-Pacific Maritime Security Initiative to include additional elements of assistance and training, require additional information for congressional notifications, mandate an annual report, and incorporate an assessment, monitoring, and evaluation program. The provision would also require a one-time report on the initiative.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would, among other modifications, make clarifying changes to the required annual report on the initiative and strike the requirement for a one-time report. The conferees note that units to receive assistance under the Indo-Pacific Maritime Security Initiative undergo required "Leahy Law" human rights vetting before such assistance is provided.

Expansion of Indo-Pacific Maritime Security Initiative and limitation on use of funds (sec. 1252)

The Senate bill contained a provision (sec. 1252) that would modify section 1263(b) of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) to include as recipient countries for assistance and training under the Indo-Pacific Maritime Security Initiative the following: the Federated States of Micronesia, the Kingdom of Tonga, Papua New Guinea, the Republic of Fiji, the Republic of the Marshall Islands, the Republic of Palau, the Republic of Vanuatu, and the Solomon Islands.

The House amendment contained a provision (sec. 1250A) that would require a report on the current status of security cooperation and assistance with Pacific Island countries and the feasibility of expanding such cooperation and assistance.

The House recedes with an amendment that would include the following as recipient countries under in the initiative: the Federated States of Micronesia, the Independent State of Samoa, the Kingdom of Tonga, Papua New Guinea, the Republic of Fiji, the Republic of Kiribati, the Republic of the Marshall Islands, the Republic of Nauru, the Republic of Palau, the Republic of Vanuatu, and the Solomon Islands, and Tuvalu. The amendment would also provide that none of the funds authorized to be appropriated for the initiative shall be used to provide training or assistance to the additional recipient countries until the Secretary of Defense, with the concurrence of the Secretary of State, submits to the appropriate congressional committees a report regarding security cooperation and assistance with such countries.

Report on resourcing United States defense requirements for the Indo-Pacific region and study on competitive strategies (sec. 1253)

The Senate bill contained a provision (sec. 1254) that would require the Commander, United States Indo-Pacific Command, to submit to the congressional defense committees a report containing the independent assessment of the Commander with respect to the activities and resources required for fiscal years 2022 through 2026 to achieve certain objectives.

The House amendment contained no similar provision.

The House recedes with an amendment that would require specific cost estimates, as practicable, to be included in the required assessment. The amendment would clarify the role of elements of the Office of the Secretary of Defense in providing a briefing related to the required assessment. The amendment would also require, not later than 1 year after the date of enactment of this Act, the Secretary of Defense, acting through the Office of Net Assessment, to provide the results of a study on at least three possible long-term competitive strategies with respect to the People's Republic of China with a focus on identifying opportunities to shape strategic competition to the advantage of the United States.

Limitation on use of funds to reduce the total number of members of the Armed Forces serving on active duty who are deployed to South Korea (sec. 1254)

The Senate bill contained a provision (sec. 1251) that would prohibit the use of funds authorized to be appropriated by this Act to reduce the total number of members of the Armed Forces in the territory of the Republic of Korea (ROK) below 28,500 until 90 days after the date on which the Secretary of Defense certifies to the congressional defense committees that: such a reduction is in the national security interests of the United States and will not significantly undermine the security of United States allies in the region; such a reduction is commensurate with a reduction in the threat posed to the security of the United States and its allies in the region by the conventional military forces of the Democratic People's Republic of Korea (DPRK); and the Secretary has appropriately consulted with allies of the United States, including the ROK and Japan, regarding such a reduction.

The House amendment contained a similar provision (sec. 1243) that would prohibit the use of funds authorized to be appropriated by this Act to reduce the number of members of the Armed Forces serving on Active Duty in the Republic of Korea

below 28,500 unless the Secretary of Defense first provides certification to the congressional defense committees that such a reduction is in the national security interest of the United States and will not significantly undermine the security of the United States' allies in the region.

The Senate recedes with an amendment that would prohibit funds authorized to be appropriated by this Act to be used to reduce the total number of members of the Armed Forces serving Active Duty who are deployed to South Korea below 28,500 until 90 days after the date on which the Secretary of Defense certified to the congressional defense committees the following: such a reduction is in the national security interest of the United States and will not significantly undermine the security of United States allies in the region; and the Secretary has appropriately consulted with allies of the United States, including South Korea and Japan, regarding such a reduction.

The conferees recognize that United States military forces deployed on the Korean Peninsula remain vital to deterring, and if necessary, defeating aggression by the Democratic People's Republic of Korea, which continues to threaten the national security interests of the United States and the peace and stability of the Indo-Pacific region through both its conventional forces and weapons of mass destruction. While the conferees support diplomatic efforts to achieve the complete and fully verified denuclearization of the Democratic People's Republic of Korea, the conferees believe the removal of United States military forces from the Korean Peninsula is a non-negotiable item in such negotiations.

Report on direct, indirect, and burden-sharing contributions of Japan and South Korea (sec. 1255)

The House amendment contained a provision (sec. 1244) that would require the Secretary of Defense to provide a report to the congressional defense committees, Senate Committee on Foreign Relations, and House Committee on Foreign Affairs, not later than March 1, 2020, and March 1, 2021, on the direct, indirect, and burden-sharing contributions of Japan and South Korea to support overseas military installations of the United States and U.S. Armed Forces deployed to or permanently stationed in Japan and South Korea.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that, among other changes clarifying the process of preparing and delivering the aforementioned report, would require the Comptroller General of the United States to provide the report to the congressional committees described.

The conferees note that Japan and the Republic of Korea have made significant contributions to common security, including through direct, indirect, and burden-sharing contributions. Therefore, the conferees believe that upcoming negotiations concerning new Special Measures Agreements with Japan and the Republic of Korea should be conducted in a spirit consistent with prior negotiations on the basis of common interest and mutual respect.

Sense of Congress on security commitments to the Governments of Japan and the Republic of Korea and trilateral cooperation among the United States, Japan, and the Republic of Korea (sec. 1256)

The Senate bill contained a provision (sec. 1259) that would express the sense of the Senate with respect to security commitments to the Governments of Japan and the Republic of Korea and trilateral cooperation between the United States, Japan, and the Republic of Korea.

The House amendment contained no similar provision.

The House recedes with an amendment that would express the sense of Congress that the United States strongly encourages strengthened bilateral security ties between Japan and the Republic of Korea as well as deeper trilateral defense coordination and cooperation, including through expanded exercises, training, senior-level exchanges, and information sharing. The amendment would also express that the following bilateral and trilateral agreements are critical to regional security, and should be maintained: the bilateral military intelligence-sharing pact between Japan and the Republic of Korea, signed on November 23, 2016; and the trilateral intelligence sharing agreement among the United States, Japan, and the Republic of Korea, signed on December 29, 2015.

Sense of Congress on North Korea (sec. 1257)

The House amendment contained a provision (sec. 1250K) that would express the sense of the Congress concerning North Korea and diplomatic efforts to achieve the denuclearization of North Korea.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would express the sense of Congress that, among other things, a sustained credible diplomatic process based on concrete measures to achieve the denuclearization of North Korea and an eventual end to the Korean War should be pursued. The amendment would also express that continued actions by North Korea that run counter

to diplomatic negotiations call into question North Korea's intentions and commitment to a diplomatic solution.

Statement of policy and sense of Congress on, and strategy to fulfill obligations under, Mutual Defense Treaty with the Republic of the Philippines (sec. 1258)

The Senate bill contained a provision (sec. 6201) that would state the policy of the United States that, among other things, an attack on the armed forces, public vessels, or aircraft of the Republic of the Philippines in the Pacific, including the South China Sea, would trigger the mutual defense obligations of the United States under Article IV of the Mutual Defense Treaty between the Republic of the Philippines and the United States of America, done at Washington August 30, 1951, "to meet common dangers in accordance with its constitutional processes". The provision would also express the sense of the Senate that the Secretary of State and the Secretary of Defense should: affirm the commitment of the United States to the Mutual Defense Treaty between the United States and the Republic of the Philippines; preserve and strengthen the alliance of the United States with the Republic of the Philippines; prioritize efforts to develop a shared understanding of alliance commitments and defense planning; and provide appropriate support to the Republic of the Philippines to strengthen the self-defense capabilities of the Republic of the Philippines, particularly in the maritime domain.

The House amendment contained no similar provision.

The House recedes with an amendment that would include the statement of policy from the Senate provision, express the sense of the Congress with the respect to the objectives of the Secretary of State and Secretary of Defense as described in the Senate provision, and require, not later than 1 year after the date of enactment of this Act, the Secretary of Defense, in consultation with the Secretary of State, to submit to the appropriate committees of Congress a report that sets forth the strategy of the Department of Defense for achieving such objectives.

Report on security cooperation with the Philippine National Police (sec. 1259)

The House amendment contained a provision (sec. 1245) that would require the Secretary of Defense, in consultation with the Secretary of State, to provide a report to the congressional defense committees, Senate Committee on Foreign Relations, and House Committee on Foreign Affairs, not later than 120 days

after the date of the enactment of this Act on the Department of Defense's objectives and strategy for achieving such objectives for the Philippines.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require, not later than 150 days after the date of the enactment of this Act, the Secretary of Defense, in concurrence with the Secretary of State, to submit to the appropriate congressional committees a report concerning security sector assistance programs with the Philippine National Police.

Modification of annual report on military and security developments involving the People's Republic of China (sec. 1260)

The House amendment contained two provisions (secs. 1246 and 1247) that would amend section 1202 of the National Defense Authorization Act for Fiscal Year 2000 (Public Law 106-65) by requiring the Secretary of Defense to consult with the heads of other Federal departments and agencies as appropriate in developing the Annual Report to Congress on Military and Security Developments Involving the People's Republic of China. The provisions would also modify the specified congressional committees that receive the annual report, and add certain elements to the annual report.

The Senate bill contained a similar provision (sec. 1253) that would amend paragraph 26 of section 1202(b) of the National Defense Authorization Act for Fiscal Year 2000 (Public Law 106-65) by requiring the annual report to address the relationship between Chinese overseas investment, including the Belt and Road Initiative and the Digital Silk Road, and Chinese security and military objectives.

The Senate recedes with an amendment that would add certain elements to the annual report.

Report on foreign military activities in Pacific Island countries (sec. 1260A)

The House amendment contained a provision (sec. 1250B) that would require, not later than 120 days after the date of the enactment of this Act, the Under Secretary of Defense for Intelligence, in coordination with the Director of the Defense Intelligence Agency and the Director of National Intelligence, to submit to the congressional defense committees a report concerning foreign military activities in Pacific Island countries.

The Senate bill contained no similar provision.

The Senate recesses.

Report on cybersecurity activities with Taiwan (sec. 1260B)

The House amendment contained a provision (sec. 1250G) that would direct, not later than 180 days after the enactment of this Act, the Secretary of Defense to submit to the congressional defense committees a report on cybersecurity activities with Taiwan.

The Senate bill contained no similar provision.

The Senate recesses.

Review and report related to the Taiwan Relations Act (sec. 1260C)

The Senate bill contained a provision (sec. 6211) that would express the sense of the Congress concerning the Taiwan Relations Act (Public Law 96-8). The provision would also direct the Secretary of Defense, in coordination with the Secretary of State, to conduct a review of coercive behavior by the Government of the People's Republic of China directed at Taiwan, as well as the role of United States policy toward Taiwan with respect to the implementation of the 2017 National Security Strategy and the 2018 National Defense Strategy. The provision would direct a report to be delivered to the appropriate committees of Congress on the results of the review.

The House amendment contained no similar provision.

The House recesses with an amendment that would make clarifying changes to the content of the required report.

Sense of Congress on enhancement of the United States-Taiwan defense relationship (sec. 1260D)

The Senate bill contained a provision (sec. 1257) that would express the sense of the Senate concerning the enhancement of the United States-Taiwan defense relationship.

The House amendment contained a similar provision (sec. 1248).

The House recesses with an amendment that would express the sense of the Congress that Taiwan is a vital partner of the United States, and that the United States should continue to strengthen defense and security cooperation in support of Taiwan maintaining a sufficient self-defense capability.

In light of the fortieth anniversary of the Taiwan Relations Act (Public Law 96-8), the conferees encourage the Department of Defense to focus attention and resources on the future of the United States-Taiwan defense relationship,

particularly in relation to implementation of the National Defense Strategy and strategic competition with China.

Chinese foreign direct investment in countries of the Arctic region (sec. 1260E)

The House amendment contained a provision (sec. 1250J) that would make a series of findings and direct an independent study of Chinese foreign direct investment in countries of the Arctic region, with a focus on the effects of such foreign direct investment on United States national security and near-peer competition in the Arctic region.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would strike the findings in the provision.

Sense of Congress on policy toward Hong Kong (sec. 1260F)

The Senate bill contained a provision (sec. 6209) that would express the sense of the Congress regarding United States policy concerning Hong Kong.

The House amendment contained no similar provision.

The House recedes with an amendment that would express the sense of the Congress that, among other things, Congress stands unequivocally with the people of Hong Kong as they defend their rights and freedoms and preserve their autonomy against the People's Republic of China. The amendment would call for efforts to resolve the remaining demands raised by protestors, who represent a broad cross-section of Hong Kong. The amendment would also express that in the event of use of force by the Government of the People's Republic of China against protestors in Hong Kong, Congress will recommend swift action by the United States, including: a fundamental reevaluation of the special treatment of Hong Kong under the Hong Kong Policy Act of 1992 (Public Law 102-383) and other United States law; and coordinated actions with like-minded countries to impose meaningful costs on the People's Republic of China, including the imposition of sanctions, travel restrictions, and other actions against responsible senior officials in the Chinese Communist Party, the People's Liberation Army, and the People's Armed Police.

Sense of Congress on enhancing defense and security cooperation with the Republic of Singapore (sec. 1260G)

The Senate bill contained a provision (sec. 1261) that would express the sense of the Senate concerning defense and security cooperation with the Republic of Singapore.

The House amendment contained a similar provision (sec. 1249).

The House recesses with an amendment that would express the sense of the Congress that robust defense and security cooperation between the United States and the Republic of Singapore is crucial to promoting peace and stability in the Indo-Pacific region.

Authority to transfer funds for Bien Hoa dioxin cleanup (sec. 1260H)

The Senate bill contained a provision (sec. 1043) that would allow the Secretary of Defense to transfer not more than \$15.0 million in fiscal year 2020 to the Secretary of State, for use by the United States Agency for International Development, funds to be used for the Bien Hoa dioxin cleanup in Vietnam.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the Secretary of Defense to notify the congressional defense committees prior to such a transfer of funds.

Limitation on removal of Huawei Technologies Co. Ltd. from entity list of Bureau of Industry and Security (1260I)

The House amendment contained a provision (sec. 1250D) that would prohibit the removal of Huawei Technologies Co. Ltd. from the entity list maintained by the Bureau of Industry and Security until the Secretary of Commerce certifies to Congress that a number of conditions have been met.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would modify the conditions for removal from the entity list and add a reporting requirement for licenses issued for exports to Huawei.

Report on ZTE compliance with Superseding Settlement Agreement and Superseding Order (sec. 1260J)

The House amendment contained a provision (sec. 1250C) that would require the President to submit annual reports to Congress on the compliance of Zhongxing Telecommunications Equipment Corporation (ZTE) and ZTE Kangxun Telecommunications Ltd. with the Superseding Settlement Agreement and Superseding Order reached with the Department of Commerce on June 8, 2018.

The Senate bill contained no similar provision.

The Senate recesses.

Report on the lay-down of United States Marines in the Indo-Pacific region (sec. 1260K)

The Senate bill contained a provision (sec. 1255) that would require a review of, certification, and report on the current status of the distributed laydown of forces in the Indo-Pacific region in support of the joint statement of the United States-Japan Security Consultative Committee issued April 26, 2012, in the District of Columbia (April 27, 2012, in Tokyo, Japan) and revised on October 3, 2013, in Tokyo. The provision would also require the Comptroller General to submit to the congressional defense committees a report containing an analysis of the current status of the distributed laydown.

The House amendment contained no similar provision.

The House recesses with an amendment that would add certain elements of the report to focus its contents on the implementation of the planned distributed lay-down of U.S. Marines in the Indo-Pacific region and strikes the requirement for a Comptroller General report.

The conferees note that nothing in this provision shall be construed to change the current distributed lay-down of U.S. Marines in the Indo-Pacific region or to express support for any such change. Any potential changes to the distributed lay-down should be considered only after consultation and agreement of impacted countries, especially the Government of Japan.

SUBTITLE G—OTHER MATTERS

Modification to report on legal and policy frameworks for the use of military force (sec. 1261)

The House amendment contained a provision (sec. 1262) that would modify section 1264 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) to require the President to submit an annual report to the appropriate committees of Congress on the legal and policy frameworks for the use of military force and related national security operations.

The Senate bill contained no similar provision.

The Senate recesses.

Independent review of sufficiency of resources available to United States Southern Command and United States Africa Command (sec. 1262)

The House amendment contained a provision (sec. 1264) that would direct the Secretary of Defense to seek to enter into a contract with an entity independent of the Department of Defense to conduct an assessment of the sufficiency of resources available to U.S. Southern Command and U.S. Africa Command.

The Senate bill contained no similar provision.

The Senate recedes with technical amendment.

United States Central Command posture assessment and review (sec. 1263)

The Senate bill contained a provision (sec. 1287) that would mandate a comprehensive United States Central Command (CENTCOM) posture review, which would assess the extent to which the United States possesses the force posture and capabilities for countering threats emanating from and affecting CENTCOM's area of responsibilities.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to seek to enter into a contract with a federally funded research and development center to conduct an independent assessment and comprehensive review of United States military force posture and capabilities for countering threats emanating from and affecting CENTCOM's area of responsibilities.

The conferees note that the United States' military presence, posture, and basing in the Middle East region was constituted iteratively over decades to support a range of regional partners, operations, tasks, and activities, against an evolving spectrum of threats and contingencies. The conferees are concerned that the proportion of Department of Defense resources deployed to the CENTCOM area of responsibility no longer reflects departmental priorities, as articulated in the National Defense Strategy. Furthermore, the conferees believe CENTCOM must be appropriately postured in order to maintain resilience and deterrence toward regional adversaries whose doctrine and capabilities continue to evolve. However, the conferees believe CENTCOM must pursue a more resource efficient approach in order to support Department-wide efforts to recover readiness, lethality, and strategic competitiveness with Russia and China, in accordance with National Defense Strategy priorities.

Limitation on production of nuclear proliferation assessment statements (sec. 1264)

The House amendment contained a provision (sec. 1269) that would prohibit the Secretary of State from providing to the

President a Nuclear Proliferation Assessment Statement, in accordance with section 123 of the Atomic Energy Act of 1954 (42 U.S.C. 2153), with respect to a proposed cooperation agreement with any country that has not signed and implemented an Additional Protocol with the International Atomic Energy Agency. The provision would make an exception for a country that already had in effect an agreement under section 123 as of June 19, 2019. The provision would allow for a waiver of such prohibition if the President submits a report to the appropriate congressional committees, and the Congress enacts a joint resolution of approval of the waiver.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would remove the requirement for a joint resolution of approval of the waiver. The waiver would instead take effect 90 days after the submission of the report to the appropriate congressional committees.

Western hemisphere resource assessment (sec. 1265)

The House amendment contained a provision (sec. 1270D) that would require, not later than 180 days after the date of the enactment of this Act, the President, acting through the Secretary of Defense, the Secretary of State, and the Administrator of the United States Agency for International Development, to submit a report to the appropriate congressional committees assessing the sufficiency of resources available to the United States Southern Command, United States Northern Command, Department of State, and United States Agency for International Development, to carry out their respective missions in the Western hemisphere.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify the elements of the required assessment.

Human rights in Brazil (sec. 1266)

The House amendment contained a provision (sec. 1080) that would require, not later than 180 days after the enactment of this Act, the Secretary of Defense and the Secretary of State to jointly submit a report to the appropriate congressional committees that assesses the human rights climate in Brazil; whether Brazilian security-force units that are engaged in human rights abuses may have received or purchased United States equipment or training; and a strategy to address the human rights abuses found.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that, among other changes, would require the Secretary of Defense to coordinate with the Secretary of State on the report and add additional elements to the report, including U.S.-Brazil security cooperation and related matters.

Certification relating to assistance for Guatemala (sec. 1267)

The House amendment contained a provision (sec. 1270S) that would prohibit the use of funds authorized to be appropriated or otherwise made available to transfer or purchase vehicles for any joint task force including the Ministry of Defense or the Ministry of the Interior of Guatemala unless the Secretary of Defense certifies that such ministries have made a credible commitment to use such equipment solely for the purposes intended.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require that prior to the transfer of vehicles by the Department of Defense to a joint task force of the Ministry of Defense or the Ministry of Interior of Guatemala during fiscal year 2020, the Secretary of Defense must certify to the appropriate congressional committees that such ministries have made a credible commitment to use such equipment only for the uses for which they were intended.

Independent analysis of human rights situation in Honduras (sec. 1268)

The Senate bill contained a provision (sec. 1286) that would require the Secretary of Defense to enter into an agreement with an independent think tank or a federally funded research and development center to conduct an analysis and assessment of the compliance of the military and security forces of Honduras with international human rights laws and standards.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment.

Briefing on strategy to improve the efforts of the Nigerian military to prevent, mitigate, and respond to civilian harm (sec. 1269)

The House amendment contained a provision (sec. 1270E) that would require, not later than 180 days after the date of the enactment of this Act, the President to submit to the appropriate congressional committees a report on plans to assist the Nigerian military in improving its efforts to prevent,

mitigate, and respond to civilian harm arising from its military presence and operations. The provision would also require the President to provide annual updates on progress made with respect to the plan contained in such report.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require not later than 180 days after the date of enactment of this Act the Secretary of Defense and the Secretary of State to jointly provide a briefing to specified congressional committees on the current strategy to improve defense institutions and security sector forces in Nigeria.

The conferees expect the briefing to discuss steps, if any, that the Departments are taking to increase the ability of the Nigerian military to minimize civilian harm when using equipment provided by the United States, to include the A-29 Super Tucano and related munitions.

Report on implications of Chinese military presence in Djibouti (sec. 1270)

The House amendment contained a provision (sec. 1270K) that would require, not later than 180 days after the date of the enactment of this Act, the Secretary of Defense to submit to the appropriate congressional committees a report containing a comprehensive strategy to address security concerns posed by the Chinese People's Liberation Army Support Base in Djibouti to United States military installations and logistics chains in sub-Saharan Africa and the Middle East.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Rule of construction on the permanent stationing of United States Armed Forces in Somalia (sec. 1271)

The House amendment contained a provision (sec. 1270T) that would prohibit the use of funds authorized to be appropriated by this Act or otherwise made available to the Department of Defense for fiscal year 2020 to establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Somalia.

The Senate bill contained no similar provision.

The Senate recedes with an amendment to include a rule of construction that states that nothing in this Act may be construed to authorize the permanent stationing of members of the United States Armed Forces in Somalia.

Defense and diplomatic strategy for Libya (sec. 1272)

The House amendment contained a provision (sec. 12700) that would require, not later than 120 days after the date of the enactment of this Act, the President submit to the appropriate congressional committees a report that contains a strategy for Libya.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that modifies the elements of the required strategy.

Prohibition on in-flight refueling to non-United States aircraft that engage in hostilities in the ongoing civil war in Yemen (sec. 1273)

The House amendment contained a provision (sec. 1270N) that would prohibit, for the two-year period beginning on the date of the enactment of this Act, in-flight fueling by the Department of Defense to non-United States aircraft engaged in hostilities in the ongoing civil war in Yemen unless and until a declaration of war or a specific statutory authorization has been enacted.

The Senate bill contained no similar provision.

The Senate recesses.

Report on Saudi led coalition strikes in Yemen (sec. 1274)

The House amendment contained a provision (sec. 1270M) that would require, not later than 90 days after the enactment of this Act and annually thereafter, the Secretary of Defense, in consultation with the Secretary of State, to submit a report detailing the number of civilian casualties caused by the Saudi-led coalition in Yemen, including an assessment of the coalition members' willingness and ability to prevent civilian casualties.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Reports on expenses incurred for in-flight refueling of Saudi coalition aircraft conducting missions relating to civil war in Yemen (sec. 1275)

The Senate bill contained a provision (sec. 1288) that would mandate a report detailing the expenses incurred by the United States in providing in-flight refueling services for Saudi or Saudi-led coalition non-United States aircraft conducting missions as part of the civil war in Yemen from March 1, 2015, to November 11, 2018, and the extent to which such

expenses have been reimbursed by members of the Saudi-led coalition.

The House amendment contained no similar provision.
The House recesses.

Report on Saudi Arabia's human rights record (sec. 1276)

The House amendment contained a provision (sec. 1296B) that would require not later than 30 days after the enactment of this Act, the Secretary of State, in accordance with section 502B(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2304(c)), to submit to the appropriate congressional committees a report on the protection of human rights within Saudi Arabia.

The Senate bill contained no similar provision.
The Senate recesses with a clarifying amendment.

Report on intelligence community assessment relating to the killing of Washington Post columnist Jamal Khashoggi (sec. 1277)

The House amendment contained a provision (sec. 1296) that would require, not later than 30 days after the date of the enactment of this Act, the Director of National Intelligence to submit a report to the appropriate congressional committees detailing intelligence findings regarding the October 2018 killing of Saudi columnist Jamal Khashoggi.

The Senate bill contained no similar provision.
The Senate recesses.

United States-Israel cooperation to counter unmanned aerial systems (sec. 1278)

The Senate bill contained a provision (sec. 1284) that would authorize the Secretary of Defense to carry out joint research, development, test, and evaluation to establish capabilities for countering unmanned aerial systems (C-UAS) that threaten the United States or Israel.

The House amendment contained no similar provision.
The House recesses.

Extension and modification of authority for United States-Israel anti-tunnel cooperation activities (sec. 1279)

The Senate bill contained a provision (sec. 1283) that would amend section 1279 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) to modify the authority for United States-Israel anti-tunnel cooperation activities. The provision would remove countering unmanned

aerial systems from the section 1279 authority. Elsewhere in this Act, the committee recommends a provision that would establish a separate authority for United States-Israel cooperation regarding countering unmanned aerial systems. The provision would also authorize the Secretary of Defense to use amounts available under the section 1279 authority, which are in excess of the amount contributed by the Government of Israel, for costs associated with unique national requirements identified by the United States with respect to anti-tunnel capabilities.

The House amendment contained no similar provision.

The House recedes with an amendment that would extend the section 1279 authority through December 31, 2024.

Report on cost imposition strategy (sec. 1280)

The Senate bill contained a provision (sec. 1271) that would require, not later than 180 days after the date of the enactment of this Act, the Secretary of Defense to submit to the congressional defense committees a report describing the cost imposition strategies of the Department of Defense with respect to the People's Republic of China and the Russian Federation.

The House amendment contained no similar provision.

The House recedes with an amendment that, among other clarifying changes, would require the Secretary of Defense to consult with the heads of other Federal departments and agencies as appropriate in the preparation of the report.

Modification of initiative to support protection of national security academic researchers from undue influence and other security threats (sec. 1281)

The Senate bill contained a provision (sec. 1285) that would amend section 1286 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to require the Secretary of Defense to develop a list of academic institutions of the People's Republic of China and the Russian Federation that are: (1) Associated with a defense program of the People's Republic of China or the Russian Federation, including any university heavily engaged in military research; (2) Known to recruit individuals for the purpose of advancing the talent and capabilities of such a defense program or to provide misleading transcripts or otherwise attempt to conceal the connections of an individual or institution to such a defense program; or (3) Pose a serious risk of intangible transfers of defense or engineering technology and research.

The Senate bill contained another provision (sec. 6219) that would amend section 1286 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 to specify that the training and support provided under such program shall emphasize best practices for the protection of sensitive national security information and include the dissemination of unclassified publications and resources.

The House amendment contained no similar provision.

The House recedes with an amendment that would: (1) Combine sections 1285 and 6219 with minor modifications; (2) Amend section 1286 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 to require the Secretary of Defense to establish enhanced information sharing procedures to collect appropriate information on any personnel participating in defense research and development activities other than basic research and to maintain appropriate security controls over research activities, technical information, and intellectual property; and (3) Amend the required report in the same section to be an annual report.

The conferees note the important impact that United States academic institutions have had advancing emerging technologies and contributing to the defense research enterprise. Maintaining an open and collaborative environment for unclassified basic and applied research is fundamental to attracting the world's best students and commercializing their innovations. The conferees, however, note the efforts undertaken by foreign adversaries and competitors to exploit the open academic environment through the theft of intellectual property, improper technology transfer, and espionage.

The conferees encourage the Secretary of Defense to establish a memorandum of understanding with the Secretary of Homeland Security in order to coordinate the implementation of the enhanced information sharing required in this provision. The conferees note, that to greatest extent possible, the Secretary of Defense should streamline information sharing procedures and leverage existing government information systems and repositories, including the Student Exchange Visitor Information System, to reduce the burden on universities and the Department of Defense.

Modification of responsibility for policy on civilian casualty matters (sec. 1282)

The House amendment contained a provision (sec. 1268) that would modify section 1057 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) and section 936 of the John S. McCain National Defense Authorization Act for Fiscal

Year 2019 (Public Law 115-232) relating to civilian casualty matters.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would amend section 936 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to modify the responsibilities of the senior civilian official of the Department of Defense designated to develop, coordinate, and oversee compliance relating to civilian casualties. The conferees direct the senior designated official to coordinate with other relevant U.S. departments and agencies with respect to any other matters related to civilian harm resulting from military operations, including assistance provided to civilians impacted or displaced by such operations.

Report on export of certain satellites to entities with certain beneficial ownership status (sec. 1283)

The Senate bill contained a provision (sec. 6207) that would require a report on addressing the threat posed by the export, reexport, or in-country transfer of certain satellites to certain entities.

The House amendment contained no similar provision.

The House recedes with a technical/clarifying amendment.

Rule of construction relating to use of military force (sec. 1284)

The House amendment contained a provision (sec. 1265) that would establish that nothing in this Act or any amendment made by this Act may be construed to authorize the use of military force.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would establish that nothing in this Act or any amendment made by this Act may be construed to authorize the use of military force, including the use of military force against Iran or any other country.

Reports and briefings on use of military force and support of partner forces (sec. 1285)

The House amendment contained a provision (sec. 1270V) that would require the President not later than 180 days after the date of the enactment of this Act, and every 180 days thereafter, to submit to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives a

report on specific actions taken pursuant to the Authorization for Use of Military Force (Public Law 107-40; 50 U.S.C. 1541 et seq.) and support for partner forces against those nations or organizations described in such law, during the preceding 180-day period.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the President not later than 180 days after the date of the enactment of this Act, and every 180 days thereafter, to submit to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives a report on actions taken pursuant to the Authorization for Use of Military Force (Public Law 107-40) against those countries or organizations described in such law, as well as any actions taken to command, coordinate, participate in the movement of, or accompany the regular or irregular military forces of any foreign country or government when such forces are engaged in hostilities or in situations where imminent involvement in hostilities is clearly indicated by the circumstances, during the preceding 180-day period.

LEGISLATIVE PROVISIONS NOT ADOPTED

Report on participants in security cooperation training programs and recipients of security assistance training that have been designated for human rights abuses or terrorist activities

The House amendment contained a provision (sec. 1205) that would require, not later than 180 days after the date of the enactment of this Act, the Secretary of State and the Secretary of Defense, in consultation with the heads of other appropriate Federal departments and agencies, to submit to the appropriate congressional committees a report on individuals and units of security forces of foreign countries that have participated in security cooperation programs or received security assistance training and have been subject to United States sanctions relating to the violation of human rights or terrorist activities. The Secretaries would also be required to submit an annual update of the report.

The Senate bill contained no similar provision.

The House recesses.

The conferees note the importance of adherence to human rights by recipients of Department of Defense (DOD) security cooperation training. The conferees note that section 362 of title 10, United States Code, prohibits DOD from providing assistance to foreign security forces if there is credible

information that gross violations of human rights have been committed. Among the key elements of the security cooperation reforms contained in the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) were an increased emphasis on the integration of human rights training into DOD security cooperation programs and the strengthening of the defense and security institutions of foreign partners in order to more effectively and responsibly train, manage, and employ their forces. The conferees note that DOD faces significant challenges relating to its ability to comprehensively track recipients of DOD security cooperation training in order to identify those who may subsequently have committed gross violations of human rights. The conferees understand that these challenges arise in part from limitations in the Department's ability to collect and maintain data on all individuals who receive security cooperation training under title 10 chapter 16 authorities and in the ability to cross-reference such information with that of other departments and agencies of the United States government. The conferees are aware that the lack of data would result in incomplete information on recipients of security cooperation training that have been designated for human rights abuses or terrorist activities.

Therefore, the conferees direct the Secretary of Defense to provide a briefing to the Armed Services Committees of the House of Representatives and the Senate not later than 30 days after the date of enactment of this Act on the advisability and feasibility of providing Congress with a report on recipients of security cooperation training programs at the unit and individual level that, after such training, go on to commit gross violations of human rights. The briefing should identify any challenges that DOD may encounter in such an effort as well as recommendations for overcoming such challenges.

Prohibition on use of funds to transfer defense articles and services to Azerbaijan

The House amendment contained a provision (sec. 1207) that would prohibit the use of funds authorized by this Act or otherwise made available to the Department of Defense for fiscal year 2020 to transfer defense articles or services to Azerbaijan unless the President certifies to Congress that the transfer of such defense articles or services does not threaten civil aviation.

The Senate bill contained no similar provision.

The House recesses.

The conferees are concerned by any threat or use of force against civilians or actions against a nation's sovereignty,

which would be contrary to international law. The importance of a diplomatic resolution of the Nagorno-Karabakh conflict is addressed in another section of this report.

Multinational regional security education center

The House amendment contained a provision (sec. 1209) that would require, not later than 120 days after the date of the enactment of this Act, the Secretary of Defense to provide a briefing on the utility and feasibility of establishing a multinational regional security education center.

The Senate bill contained no similar provision.

The House recesses.

Not later than 120 days after the date of the enactment of this Act, the conferees direct the Secretary of Defense to provide to the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives and the Committee on Armed Services and the Committee on Foreign Relations of the Senate a briefing on the utility and feasibility of establishing a multinational regional security education center, including as a satellite entity of the Daniel K. Inouye Asia-Pacific Center for Security Studies that is located in a member country of the Association for Southeast Asian Nations, to offer year-round training and educational courses to Southeast Asian and Indo-Pacific civilian and military security personnel to enhance engagement of territorial and maritime security, transnational and asymmetric threats, and defense sector governance in the Indo-Pacific region. Training may also include English-language training, human rights training, rule of law and legal studies, security governance and institution-building courses, and budget and procurement training.

The conferees direct the Secretary of Defense to provide a written summary of the briefing to the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives and the Committee on Armed Services and the Committee on Foreign Relations of the Senate, within 30 days following the briefing.

Training for participants in professional military education programs

The House amendment contained a provision (sec. 1210) that would require any foreign person participating in professional military education to participate in human rights training.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that every year numerous students from foreign militaries participate in professional military education provided and funded by the United States. These courses should be viewed as a valuable opportunity to foster an appreciation of human rights and the rule of law. The conferees are aware that foreign students in professional military education programs participate in the Department of Defense Field Studies Program, which includes instruction in human rights and law of war, among other topics. The Secretary of Defense is encouraged to continue providing human rights training as a key component of professional military education.

Report on plan to transfer funds in connection with the provision of support under section 385 of title 10, United States Code

The House amendment contained a provision (sec. 1210A) that would require the Secretary of Defense to submit to the appropriate congressional committees a report on Department of Defense plans to transfer funds with the provision of support under section 385 of title 10, United States Code, for fiscal year 2020.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense, Secretary of State, and the Administrator of the U.S. Agency for International Development to provide a briefing not later than December 1, 2019 to the Armed Services Committees of the House of Representatives and the Senate on any plans to use the authority provided by section 385 of title 10, U.S. Code, in fiscal year 2020. The briefing should also include a description of any issues that may impede the use of such authority.

Rule of construction relating to use of military force against Iran

The House amendment contained a provision (sec. 1225) that would establish that nothing in this Act or any amendment made by this Act may be construed to authorize the use of military force against Iran.

The Senate bill contained no similar provision.

The House recesses.

Sense of Congress on support for Ministry of Peshmerga Forces of the Kurdistan Region of Iraq

The House amendment contained a provision (sec. 1226) stating that it was the sense of Congress that the Ministry of Peshmerga forces of the Kurdistan Region of Iraq had made significant contributions and sacrifices in the United States-led campaign to degrade, dismantle, and destroy ISIS, and that the Department of Defense and Department of State should continue to work with and support the non-partisan forces of the Ministry of Peshmerga of the Kurdistan Region of Iraq in order to continue to develop their capabilities, promote security sector reforms, and enhance sustainability and interoperability with the other elements of the Iraqi security forces in order to provide for Iraq's lasting security against terrorist threats.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the United States-led coalition known as the Combined Joint Task Force-Operation Inherent Resolve (CJTF-OIR) in partnership with the Iraqi Security Forces (ISF), including the Kurdish Peshmerga, successfully liberated significant Iraqi territory from the control of the Islamic State of Iraq and Syria (ISIS). While the conferees applaud this significant achievement, they also express concern that ISIS continues to pose a significant threat to Iraq, the region, and potentially the U.S. homeland.

According to the August 2019 Lead Inspector General report for OIR, CJTF-OIR noted "deep-seated internal Kurdish political divisions and the Kurds' continuing dispute with Iraq's central government over a swath of disputed territory in northern Iraq rich in resources have allowed ISIS insurgents to exploit gaps between ISF and Peshmerga forces, which allows ISIS to regroup and plan attacks in the region." Furthermore, the Lead Inspector General report for OIR stated "that the ISF and the Peshmerga has made progress this quarter in ongoing planning of 'joint security mechanisms'-coordination to effectively combat ISIS in the disputed territories. However, on-the-ground cooperation between the ISF and the Peshmerga remained limited and security gaps remained." The conferees believe a lasting defeat of ISIS is critical to maintaining a stable and tolerant Iraq in which all faiths, sects, and ethnicities are afforded equal protection and full integration into the government and society of Iraq and support the provision of U.S. security and other assistance for such purposes. As part of those efforts, the conferees support continued reform of, and materiel and training assistance to, Kurdish Peshmerga forces with the objective of enabling them to more effectively partner with the ISF, the United States, and other international partners. In furtherance of those objectives, the conferees believe continued efforts by the Peshmerga and ISF to establish joint security

mechanisms are critical to addressing the threat of ISIS in disputed territories.

The conferees strongly support continuation of the partnership between the U.S. military and ISF, including the Kurdish Peshmerga in furtherance of our shared interests. In the coming years, the conferees encourage the Department to normalize its support to the Peshmerga by focusing assistance on the reform and professionalization at the ministerial and unit level and the development of capabilities and interoperability with other ISF elements that contribute to the long-term stability of Iraq.

Sense of Congress on supporting the return and repatriation of religious and ethnic minorities in Iraq to their ancestral homelands

The House amendment contained a provision (sec. 1227) that expressed the sense of Congress that it should remain a policy priority of the United States to support the safe return of displaced indigenous people of the Nineveh Plan and Sinjar to their ancestral homeland and that it should be a priority to ensure reintegration and restoration of fundamental human rights.

The Senate bill contained no similar provision.

The House recesses.

Prohibition of unauthorized military force in or against Iran

The House amendment contained a provision (sec. 1229) that would prohibit the use of Federal funds for any use of military force in or against Iran unless Congress has declared war or enacted a specific statutory authorization.

The Senate bill contained no similar provision.

The House recesses.

Report on Russian military involvement in the AFRICOM AOR

The House amendment contained a provision (sec. 1240) that would require the Secretary of Defense, in coordination with the Secretary of State, not later than 120 days after the date of enactment of this Act to provide a report to the appropriate congressional committees on military assistance provided by the Russian Federation or any private military corporations headquartered or registered in Russia to countries in the U.S. Africa Command area of responsibility (AOR).

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to provide a briefing to the Armed Services Committees of the House of Representatives and the Senate not later than 120 days after the date of enactment of this Act on the presence, activities, and strategic objectives of the Russian Federation in Africa. The briefing shall address, at a minimum, the following:

- 1) A description of the presence, activities, and strategic objectives of the Russian Federation in Africa.
- 2) A description of all known bilateral agreements between Russia and African governments negotiated since 2014, including military and technical cooperation, arms sales, and mineral exploration.
- 3) An analysis of any direct or indirect military support Russia or private military corporations based in Russia are providing to state and non-state armed groups in Africa, including a description of the types of support.
- 4) A description of arms sales within the previous calendar year by the Russian defense sector to African countries, and an analysis of whether any of such arms sales constitute significant transactions within the meaning of section 231 of the Countering America's Adversaries Through Sanctions Act of 2017 (22 U.S.C. 9525).
- 5) An analysis of the extent to which such arms sales may be in violation of United Nations Security Council-imposed arms embargoes in Africa, including with regard to South Sudan, the Democratic Republic of Congo, and the Central African Republic.
- 6) An analysis of Russian disinformation and propaganda operations in African countries, and the extent to which such operations pose a risk to United States interests in Africa.
- 7) A description of any plans to counteract destabilizing Russian activities in Africa.
- 8) Any other matters the Secretary deems relevant.

United States actions relating to Russian interference in elections for Federal office

The House amendment contained a provision (sec. 1240B) that would impose a prohibition on transactions relating to new Russian sovereign debt, require a determination of Russian interference in elections for Federal office, and create procedures for lifting and reimposing the prohibition.

The Senate bill contained no similar provision.
The House recedes.

Extension and modification of report on military and security developments involving North Korea

The House amendment contained a provision (sec. 1242) that would amend section 1236 of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81) to extend and modify the requirement to provide a report on the military and security developments involving the Democratic People's Republic of Korea.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that Congress's ability to evaluate the security threat posed by North Korea and to conduct oversight of United States policy toward North Korea has been impaired by a lack of transparency and associated delays in providing information necessary for such oversight. For example, the report to Congress on the status of North Korea's nuclear program to establish a baseline of progress for negotiations with respect to denuclearization as required by section 1265 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) was recently submitted over 300 days late. The conferees reiterate support for diplomatic efforts to achieve the denuclearization of North Korea. The conferees urge the Administration to review its policies related to North Korea to ensure they are consistent with a priority on open and timely communication with the Congress.

Report by Defense Intelligence Agency on certain military capabilities of China and Russia

The House amendment contained a provision (sec. 1250F) that would require the Director of the Defense Intelligence Agency to submit to the Secretary of Defense and the appropriate congressional committees a report on the military capabilities of China and Russia.

The Senate bill contained no similar provision.

The House recesses.

Not later than 180 days after the enactment of this Act, the conferees direct the Director of the Defense Intelligence Agency to provide to the Committees on Armed Services of the House of Representatives and the Senate a briefing concerning the military capabilities of China and Russia, including: (1) an update on the presence, status, and capability of the military with respect to any national training centers similar to the Combat Training Center Program of the United States; (2) an analysis of a readiness deployment cycle of the military, including as compared to such a cycle of the United States and an identification of metrics used in the national training centers of that military; (3) a comprehensive investigation into the capability and readiness of the mechanized logistics of the

army of the military, including an analysis of field maintenance, sustainment maintenance, movement control, intermodal operations, and supply, and how such functions interact with specific echelons of that military; and (4) an assessment of the future of mechanized army logistics of the military.

Modification of report relating to enhancing defense and security cooperation with India

The House amendment contained two provisions (sec. 1250 and sec. 1250I) concerning defense and security cooperation with India.

The Senate bill contained no similar provision.

The House recesses.

In addition to regular briefings and reports on U.S.-India defense relations, the conferees direct the Department of Defense to provide a briefing to the congressional defense committees on U.S.-India defense cooperation in the Western Indian Ocean no later than March 1, 2020. Topics to be covered in the briefing shall include: (1) a description of military activities of the United States and India, separately, in the Western Indian Ocean; (2) a description of military cooperation activities between the United States and India in the Western Indian Ocean; (3) a description of how the relevant geographic combatant commands coordinate their activities with the Indian military in the Western Indian Ocean and the mechanisms in place to ensure such cooperation is maximized; (4) a description of how the major defense partnership with India will be utilized to enhance cooperation in the Western Indian Ocean; and (5) areas of future opportunity to increase military engagement with India in the Western Indian Ocean.

Sense of Congress on the enduring United States commitment to the Freely Associated States

The House amendment contained a provision (sec. 1250E) that would express the sense of the Congress concerning the enduring commitment of the United States to the Freely Associated States.

The Senate bill contained no similar provision.

The House recesses.

The conferees recognize that the United States has strong and enduring interests in the security and prosperity of Oceania and the Western Pacific region, including close relationships with the countries of Palau, the Marshall Islands, and the Federated States of Micronesia, with whom the United States

shares Compacts of Free Association. The United States and the Freely Associated States share values including democracy and human rights, as well as mutual interest in a free, open, and prosperous Indo-Pacific region. Therefore, the conferees believe the United States should expeditiously begin negotiations on the renewal of the Compacts of Free Association and conclude such negotiations prior to the expiration of the current compacts in 2023 and 2024.

Sense of Congress on United States-India defense relationship

The House amendment contained a provision (sec. 1250H) that would express the sense of the Congress on the United States-India defense relationship.

The Senate bill contained no similar provision.

The House recesses.

Report on value of investments in dual use infrastructure projects by NATO member states

The House amendment contained a provision (sec. 1256) that would require the Secretary of Defense to submit a report, not later than June 1, 2020, on the value of investments in dual use infrastructure projects by the member states of the North Atlantic Treaty Organization.

The Senate bill contained no similar provision.

The House recesses.

Sense of Senate on the United States-Japan alliance and defense cooperation

The Senate bill contained a provision (sec. 1256) that would express the sense of the Senate concerning the United States-Japan alliance and opportunities for enhancing defense cooperation.

The House amendment contained no similar provision.

The Senate recesses.

The conferees underscore that the United States-Japan alliance remains the cornerstone of peace and security for a free and open Indo-Pacific region. The conferees also recognize that the Government of Japan has made among the most significant "burden sharing" contributions of any United States ally, including through direct cost sharing, paying for the realignment of United States forces currently stationed in Okinawa, community support, and other alliance-related expenditures.

European Center of Excellence for Countering Hybrid Threats

The House amendment contained a provision (sec. 1258) that would require the Secretary of Defense to provide \$2.0 million for the European Center of Excellence for Countering Hybrid Threats.

The Senate bill contained no similar provision.

The House recesses.

The conferees strongly support the efforts of the European Center of Excellence for Countering Hybrid Threats (henceforth referred to as "the Center"), and encourage the Department of Defense to cooperate fully and actively with the Center. The conferees note that the Center could play an important role in addressing the strategic challenge described by the National Defense Strategy: revisionist powers and rogue regimes increasing "efforts short of armed conflict by expanding coercion to new fronts, violating principles of sovereignty, exploiting ambiguity, and deliberately blurring the lines between civil and military goals." The conferees also anticipate the Center serving as a unique forum to address the common concerns of transatlantic democracies and as a hallmark of cooperation between the North Atlantic Treaty Organization and the European Union.

To better understand the full scope of capability and impact the Center could have to further the strategic and operational objectives of the Department of Defense, the conferees direct the Department of Defense to provide the Committees on Armed Services of the Senate and House of Representatives a briefing, no later than 60 days after the enactment of this Act, on the Center, including the following components: the strategic vision for the Center, associated resources and manpower, planned or current activities, and intended engagement strategy of the Department with the Center.

Sense of Senate on United States-India defense relationship

The Senate bill contained a provision (sec. 1258) that would express the sense of the Senate on the United States-India defense relationship.

The House amendment contained no similar provision.

The Senate recesses.

Sense of Congress on European investments in national security

The House amendment contained a provision (sec. 1259) that would express the sense of Congress that the North Atlantic Treaty Organization (NATO) is central to United States-European

defense matters and that military cooperation and coordination in Europe among NATO member countries should complement NATO efforts and not detract from NATO military system interoperability and burden sharing among NATO allies.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the importance of NATO is addressed elsewhere in this report.

Briefing on Department of Defense program to protect United States students against foreign assets

The House amendment contained a provision (sec. 1260) that would require the Secretary of Defense to provide a briefing to the congressional defense committees on the program to protect United States students against recruitment efforts by foreign intelligence agents as described in section 1277 of the John S. McCain National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to provide a briefing to update the Committees on Armed Services of the Senate and the House no later than March 15, 2019 on the status of the program required in section 1277 of the John S. McCain National Defense Authorization Act for Fiscal Year 2018, including an assessment of whether the program is beneficial to students interning, working part time, or in a program that will result in post-graduation employment with the Department of Defense components or contractors.

Sense of Senate on enhanced cooperation with Pacific Island countries to establish open-source intelligence fusion centers in the Indo-Pacific region

The Senate bill contained two provisions (sec. 1260 and sec. 6202) that would express the sense of the Senate that U.S. Indo-Pacific Command should pursue the establishment of one or more open-source intelligence fusion centers in the Indo-Pacific region to enhance cooperation with Pacific Island countries.

The House amendment contained no similar provision.

The Senate recesses.

Limitation on availability of certain funds until report submitted on Department of Defense awards and disciplinary action as a result of the 2017 incident in Niger

The House amendment contained a provision (sec. 1263) that would prohibit the use of more than 80 percent of any funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2020 for Operations and Maintenance, Defense-Wide, Office of the Secretary of Defense, for Travel of Persons, until the Secretary of Defense submits a report containing a description of each award and disciplinary action issued, by rank, as a result of the AR 15-6 investigation findings relating to the incident in Niger on October 4, 2017.

The Senate bill contained no similar provision.

The House recesses.

The conferees have serious concerns about the executive branch's handling of the ambush in Niger that occurred on October 4, 2017, which led to the death of four U.S. servicemembers. These concerns include the Department of Defense's repeated delays in providing to Congress the report on the investigation into the incident as well as information on the disciplinary actions issued in connection with the incident. The executive branch has a duty to conduct itself with candor and it must act in a way that is transparent and responsive to congressional oversight.

Therefore, the conferees direct the Secretary of Defense to submit to the Armed Services Committees of the House of Representatives and the Senate not later than January 15, 2020 a report containing a description of each disciplinary action issued by rank as a result of the AR 15-6 investigation findings relating to the incident in Niger on October 4, 2017. The report shall be submitted in a format that protects personally identifiable information and is consistent with national security.

Rule of construction relating to use of military force against Venezuela

The House amendment contained a provision (sec. 1266) that would establish that nothing in this Act or any amendment made by this Act may be construed to authorize the use of military force against Venezuela.

The Senate bill contained no similar provision.

The House recesses.

Restriction on emergency authority relating to arms sales under the Arms Export Control Act

The House amendment contained a provision (sec. 1270) that would amend section 36 of the Arms Export Control Act (22 U.S.C. 2776) by modifying a restriction on emergency authority

requiring the President to consult with appropriate congressional committees not later than 3 days after the determination and submit further certifications to Congress. The modifications would also require the delivery of defense articles within 90 days of the issuance of the emergency determination and the submittal of a report to Congress not later than 30 days after the delivery of defense articles. Further, the waiver of congressional review would not apply to begin manufacturing or co-production of articles outside the United States.

The Senate bill contained no similar provision.

The House recedes.

Report on annual defense spending by ally and partner countries

The Senate bill contained a provision (sec. 1240) that would require the Secretary of Defense to submit to certain congressional committees a report containing a summary of the key findings of the annual report of the Secretary General of the North Atlantic Treaty Organization (NATO) as well as assessments of various elements of burden-sharing and defense cooperation with and among NATO allies.

The House amendment contained a similar provision (sec. 1270A) that would require the Secretary of Defense to submit a report concerning defense spending by each mutual defense treaty ally and major non-NATO ally of the United States, as well as other matters.

These legislative provisions were not adopted.

Not later than 60 days after the date on which the next annual report of the Secretary General of the North Atlantic Treaty Organization (NATO) for the preceding calendar year is published, the conferees direct the Secretary of Defense to submit to the Committee on Armed Services and the Committee on Foreign Relations of the Senate, and to the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives, a report that includes the following:(1) an assessment, incorporating the key findings of the such annual report of the Secretary General of NATO, of progress toward meeting the Defense Investment Pledge made at the 2014 NATO summit in Wales by member countries of the North Atlantic Treaty Organization; a description of the personnel and financial contributions of each member country of NATO to NATO missions; and a description of NATO initiatives to accelerate the speed of decision, ensure viable military reinforcement, and to support the deployability of North Atlantic Treaty Organization forces. The conferees direct that the report be submitted in an unclassified form, but may include a classified annex.

The conferees note that the contributions of United States allies to collective defense and shared security are critical. The conferees note that reports relating to ally and partner "burden-sharing" contributions are addressed elsewhere in this report.

Reports on contributions to the North Atlantic Treaty Organization

The Senate bill contained a provision (sec. 1240) that would require the Secretary of Defense to submit to certain congressional committees a report containing a summary of the key findings of the annual report of the Secretary General of the North Atlantic Treaty Organization (NATO) as well as assessments of various elements of burden-sharing and defense cooperation with and among NATO allies.

The House amendment contained a similar provision (sec. 1270A) that would require the Secretary of Defense to submit a report concerning defense spending by each mutual defense treaty ally and major non-NATO ally of the United States, as well as other matters.

These legislative provisions were not adopted.

Not later than 60 days after the date on which the next annual report of the Secretary General of the North Atlantic Treaty Organization (NATO) for the preceding calendar year is published, the conferees direct the Secretary of Defense to submit to the Committee on Armed Services and the Committee on Foreign Relations of the Senate, and to the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives, a report that includes the following: (1) an assessment, incorporating the key findings of the such annual report of the Secretary General of NATO, of progress toward meeting the Defense Investment Pledge made at the 2014 NATO summit in Wales by member countries of the North Atlantic Treaty Organization; a description of the personnel and financial contributions of each member country of NATO to NATO missions; and a description of NATO initiatives to accelerate the speed of decision, ensure viable military reinforcement, and to support the deployability of North Atlantic Treaty Organization forces. The conferees direct that the report be submitted in an unclassified form, but may include a classified annex.

The conferees note that the contributions of United States allies to collective defense and shared security are critical. The conferees note that reports relating to ally and partner "burden-sharing" contributions are addressed elsewhere in this report.

Sense of Congress on the United States-Israel relationship

The House amendment contained a provision (sec. 1270B) that would express the sense of Congress that Israel has been one of the United States' strongest friends and allies, that the United States should continue to offer full security assistance and related support to Israel, and that such assistance and support is vital as Israel confronts a number of potential challenges, including threats from Iran.

The Senate contained no similar provision.

The House recesses.

The conferees strongly support the enduring strategic partnership between the United States and Israel, which is based on common democratic values and seven decades of strong cooperation. Furthermore, the conferees believe close defense cooperation between the two countries remains a critical component of this partnership given shared security challenges.

Sense of Congress on stability of the Caucasus region and the continuation of the Nagorno Karabakh cease-fire

The House amendment contained a provision (sec. 1270C) that would express the sense of Congress regarding methods to advance United States interests in the stability of the Caucasus region and the continuation of the Nagorno Karabakh cease-fire.

The Senate bill contained no similar provision.

The House recesses.

The conferees underscore the importance of preventing further violence and making progress toward a peaceful resolution of the Nagorno-Karabakh conflict.

Limitation on use of funds from the Special Defense Acquisition Fund

The House amendment contained a provision (sec. 1270F) that would amend section 114(c) of title 10, United States Code, to prohibit the use of funds made available from the Special Defense Acquisition Fund for any fiscal year to provide any assistance to Saudi Arabia or the United Arab Emirates if such assistance could be used by either country to conduct or continue hostilities in Yemen.

The Senate bill contained no similar provision.

The House recesses.

Prohibition on the use of emergency authorities for the sale or transfer of defense articles and services to Saudi Arabia and the United Arab Emirates

The House amendment contained a provision (sec. 1270G) that would prohibit the use of funds authorized to be appropriated or otherwise made available by this or any other Act to process a commercial or foreign military sale, or to transfer, deliver, or facilitate the transfer or delivery, of any defense article or service to Saudi Arabia or the United Arab Emirates pursuant to any certification of emergency circumstances submitted in accordance with section 36(b) of the Armed Export Control Act (22 U.S.C. 2776(b)).

The Senate bill contained no similar provision.

The House recesses.

Prohibition on support for military participation against the Houthis

The House amendment contained a provision (sec. 1270H) that would prohibit the use of funds authorized or otherwise made available by this Act to provide intelligence for the purpose of strikes or logistical support for coalition strikes to the Saudi-led coalitions operations against the Houthis in Yemen.

The Senate bill contained no similar provision.

The House recesses.

Report on efforts to combat Boko Haram in Nigeria and the Lake Chad Basin

The House amendment contained a provision (sec. 1270L) that expresses the sense of Congress on Boko Haram and would require, not later than 90 days after the date of the enactment of this Act, the Secretary of Defense, the Secretary of State, and the Attorney General to jointly submit to Congress a report on efforts to combat Boko Haram in Nigeria and the Lake Chad Basin.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense and the Secretary of State not later than 90 days after the date of enactment of this Act to provide a joint briefing to the Armed Services Committees of the House of Representatives and the Senate on the initiatives undertaken by the Department of Defense (DoD) and the Department of State (DoS) to assist the Government of Nigeria and countries in the Lake Chad Basin to

develop capabilities to combat Boko Haram, the Islamic State in West Africa, and other terrorist organizations that threaten regional security. The briefing shall also include a description of any activities by DoD and DoS to enhance the capacity of Nigeria and countries in the Lake Chad Basin to investigate and prosecute human rights abuses as well as promote respect for the rule of law.

Sense of Congress relating to Mongolia

The House amendment contained a provision (sec. 1270P) that would express the sense of the Congress that the United States and Mongolia have a shared interest in supporting and preserving Mongolia's democracy, including Mongolia's ability to pursue an independent foreign policy, defend against threats to its sovereignty, and maintain territorial integrity.

The Senate bill contained no similar provision.

The House recesses.

The conferees note that defense cooperation, a strong military-to-military relationship, and increased interoperability between the United States and Mongolia are in the interest of both countries, and the United States should continue to take steps to strengthen its security partnership with Mongolia.

Report on relationship between Lebanese armed forces and Hizballah

The House amendment contained a provision (sec. 1270Q) that would require, not later than 90 days after the enactment of this Act, the President to submit a report identifying personnel with influence over the Lebanese Armed Forces who are influenced by Hizballah and describing military activities conducted by the Lebanese Armed Forces to disarm Hizballah.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees within 180 days after the date of the enactment of this Act that, at a minimum, assesses whether Hizballah exerts influence over the Lebanese Armed Forces, describes the nature of the Lebanese Armed Forces' communication and interaction with Hizballah, details U.S. and other international efforts to build the capacity of the Lebanese Armed Forces to provide for the security and stability of Lebanon, and outlines efforts by the Lebanese Armed Forces to maintain accountability for U.S.-provided equipment. The report may contain a classified annex if necessary.

Imposition of sanctions relating to Central America

The House amendment contained a provision (sec. 1270R) that would require, not later than 180 days after the date of the enactment of this Act, the President to impose sanctions on individuals listed in the reports provided to Congress pursuant to section 1287 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 114-232) and section 7019(d) of the Department of State, Foreign Operations, and Relative Programs Appropriations Act, 2019.

The Senate bill contained no similar provision.
The House recesses.

Report on hostilities involving United States Armed Forces

The House amendment contained a provision (sec.1270U) that would require the President to report to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives within 48 hours any incident in which United States Armed Forces are involved in an attack or hostilities, including in an offensive or defensive capacity, except in specified circumstances.

The Senate bill contained no similar provision.
The House recesses.

Repeal of Authorization for the Use of Military Force

The House amendment contained a provision (sec. 1270W) that would repeal the Authorization for Use of Military Force Against Iraq Resolution of 2002 (Public Law 107-243; 50 U.S.C. 1541 note).

The Senate bill contained no similar provision.
The House recesses.

Short title

The House amendment contained a provision (sec. 1281) that would allow Subtitle I to be cited as the "Return Expenses Paid and Yielded Act" or "REPAY Act."

The Senate bill contained no similar provision.
The House recesses.

Modification of certification and report requirements relating to sales of major defense equipment with respect to which

nonrecurring costs of research, development, and production are waived or reduced under the Arms Export Control Act

The House amendment contained a provision (sec. 1282) that would amend the Arms Export Control Act (22 U.S.C. 2776(b)) to modify certification and report requirements relating to sales of major defense equipment with respect to which nonrecurring costs of research, development, and production are waived or reduced.

The Senate bill contained no similar provision.

The House recesses.

Review and report on use and management of administrative surcharges under the foreign military sales program

The House amendment contained a provision (sec. 1283) that would require the Secretary of Defense, acting through the Director of the Defense Security Cooperation Agency, to review options for expanding the use of administrative surcharges under the foreign military sales program. The provision would also require, not later than 120 days after the date of the enactment of this Act, the Secretary of Defense, acting through the Director of the Defense Security Cooperation Agency, submit a report on the findings of the review and any legislative changes needed.

The Senate bill contained no similar provision.

The House recesses.

Performance measures to monitor foreign military sales program

The House amendment contained a provision (sec. 1284) that would direct the Secretary of Defense, acting through the Director of the Defense Security Cooperation Agency (DSCA) and in consultation with the heads of other relevant components of the Department of Defense (DOD), to enhance the ability of the DOD to monitor the foreign military sales program. The provision would also require, not later than 180 days after the date of the enactment of this Act, the Secretary of Defense, acting through the Director of the DSCA, to submit a report on plans to enhance the ability of DOD to monitor foreign military sales program performance. The provision would then direct the Comptroller General to provide a briefing on that report within 180 days of its submission.

The Senate bill contained no similar provision.

The House recesses.

Report and briefing on administrative budgeting of foreign military sales program

The House amendment contained a provision (sec. 1285) that would require, not later than one year after the date of the enactment of this Act, the Comptroller General of the United States to brief the congressional defense committees and submit a report on the methodology used by the Department of Defense to determine future-year needs for administrative surcharges under the foreign military sales program.

The Senate bill contained no similar provision.

The House recesses.

Training program for relevant officials and staff of the Defense Security Cooperation Agency

The House amendment contained a provision (sec. 1286) that would direct the Secretary of Defense, acting through the Director of the Defense Security Cooperation Agency, to establish and implement a training program for specified officials and staff related to the foreign military sales program.

The Senate bill contained no similar provision.

The House recesses.

Definitions

The House amendment contained a provision (sec. 1287) that would provide definitions.

The Senate bill contained no similar provision.

The House recesses.

Sense of Senate on security concerns with respect to leasing arrangements for the Port of Haifa in Israel

The Senate bill contained a provision (sec. 1289) that would express the sense of the Senate that the United States has an interest in the future forward presence of United States naval vessels at the Port of Haifa in Israel but has serious security concerns with respect to current the leasing arrangements of the Port of Haifa. Therefore, the provision would express the view that the United States should urge the Government of Israel to consider the security implications of foreign investment in Israel.

The House amendment contained no similar provision.

The Senate recesses.

The conferees note that the United States has an interest in the continued presence of United States naval vessels in the Eastern Mediterranean region, including United States naval vessels continuing to make port calls in Israel. The conferees believe the United States should convey to the Government of Israel the serious security concerns with respect to the leasing arrangements of the Port of Haifa, and urge consideration of the security implications of such foreign investment in Israel.

Matters relating to Burma

The House amendment contained multiple provisions (secs. 1291-1295) that would, among other things: prohibit security assistance or security cooperation with Burma until the Secretary of State certifies that the military and security forces of Burma have demonstrated significant progress in abiding by international human rights standards and are undertaking meaningful and significant security sector reform, including reforms that enhance transparency and accountability, to prevent future abuses; require mandatory sanctions against human rights abusers in Burma; provide private sector guidance related to Burma's mining sector; and require a report and a determination whether events that took place in the Rakhine State starting in August 2017 constitute ethnic cleansing, crimes against humanity, or genocide.

The Senate bill contained no similar provisions.

The House recesses.

Sanctions with respect to foreign persons that engage in activities described in section 1281(a)(2)

The House amendment contained a provision (sec. 1296A) that would require that, not later than 120 days after the date of the enactment of this Act, sanctions be imposed with respect to each foreign person listed in the report described in section 1281(a)(2) of the House-passed bill.

The Senate bill contained no similar provision.

The House recesses.

Stop Financing of Al-Shabaab Act

The House amendment contained two provisions (sec. 1297 and sec. 1297A) that would express a sense of Congress and a statement of policy regarding measures to combat illicit trafficking that finances al-Shabaab. The House amendment also contained a provision (sec. 1297B) that would require a report on illicit trafficking in Somalia.

The Senate bill contained no similar provision.
The House recesses.

The conferees note that the Horn of Africa region remains integral to United States interests in Africa and the Indian Ocean region. The conferees direct the Secretary of Defense, in consultation with the Secretary of State, to submit a report no later than 90 days after the date of enactment of this Act to the Armed Services Committees of the House of Representatives and the Senate on efforts to combat illicit trafficking that finances al-Shabaab. The report shall include an overview of illicit trafficking in the Horn of Africa region; a description of al-Shabaab's sources of income; a description of past, current, and planned efforts by the United States and regional partners to combat illicit trafficking that finances al-Shabaab; and, any other matters the Secretary determines appropriate.

Report on contracts with entities affiliated with the Government of the People's Republic of China or the Chinese Communist Party

The Senate bill contained a provision (sec. 5801) that would require a report concerning Department of Defense contracts with companies or business entities that are owned or operated by, or affiliated with, the Government of the People's Republic of China or the Chinese Communist Party.

The House amendment contained no similar provision.
The Senate recesses.

Not later than 180 days after the date of the enactment of this Act, the conferees direct the Secretary of Defense to submit to the congressional defense committees a report describing all Department of Defense contracts with companies or business entities that are owned or operated by, or affiliated with, the Government of the People's Republic of China or the Chinese Communist Party.

United States-India defense cooperation in the Western Indian Ocean

The Senate bill contained a provision (sec. 6205) concerning United States-India defense cooperation in the Western Indian Ocean.

The House amendment contained no similar provision.
The Senate recesses.

The conferees note this matter is addressed elsewhere in this report.

Sense of Congress on Hong Kong port visits

The Senate bill contained a provision (sec. 6208) that would express the sense of the Congress that the Department of Defense should continue to make regular requests to the Government of the People's Republic of China for the Navy to conduct port calls to Hong Kong, including United States aircraft carrier visits.

The House amendment contained no similar provision.
The Senate recesses.

Implementation of the Asia Reassurance Initiative Act with regard to Taiwan arms sales

The Senate bill contained a provision (sec. 6212) that would, among other things, express the sense of the Congress that the United States should fully implement the provisions of the Asia Reassurance Initiative Act of 2018 (Public Law 115-409) with regard to regular defensive arms sales to Taiwan.

The House amendment contained no similar provision.
The Senate recesses.

The conferees note that the matter of arms sales to Taiwan is addressed elsewhere in this report.

TITLE XIII—COOPERATIVE THREAT REDUCTION

Funding allocations; specification of cooperative threat reduction funds (sec. 1301)

The Senate bill contained a provision (sec. 1301) that would authorize \$338.7 million for the Cooperative Threat Reduction (CTR) program, define the funds as authorized to be appropriated in section 301 of this Act, and authorize CTR funds to be available for obligation for fiscal years 2020, 2021, and 2022.

The House amendment contained similar provisions (secs. 1301 and 1302).
The Senate recesses.

LEGISLATIVE PROVISIONS NOT ADOPTED

Funding for cooperative biological engagement program

The House amendment contained a provision (sec. 1303) that would increase funding for the cooperative biological engagement by \$20.0 million by taking a reduction from Defense-wide Advanced Innovative Technologies funding.

The Senate bill contained no similar provision.

The House recesses.

Cooperative Threat Reduction Program enhancement

The House amendment contained a provision (sec. 1304) that would require the Secretary of Defense, in coordination with the Secretary of State, to submit a report on the Cooperative Threat Reduction Program.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense, in coordination with the Secretary of State, to submit a report on the Cooperative Threat Reduction Program to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives not later than 180 days after the date of the enactment of this Act. The report should include recommendations to improve the implementation of the program.

TITLE XIV—OTHER AUTHORIZATIONS

SUBTITLE A—MILITARY PROGRAMS

Working capital funds (sec. 1401)

The Senate bill contained a provision (sec. 1401) that would authorize appropriations for Defense Working Capital Funds at the levels identified in section 4501 of division D of this Act.

The House amendment contained an identical provision (sec. 1401).

The conference agreement includes this provision.

Chemical agents and munitions destruction, defense (sec. 1402)

The Senate bill contained a provision (sec. 1402) that would authorize appropriations for Chemical Agents and Munitions Destruction, Defense at the levels identified in section 4501 of division D of this Act.

The House amendment contained an identical provision (sec. 1402).

The conference agreement includes this provision.

Drug interdiction and counter-drug activities, defense-wide (sec. 1403)

The Senate bill contained a provision (sec. 1403) that would authorize appropriations for Drug Interdiction and Counter-Drug Activities, Defense-wide at the levels identified in section 4501 of division D of this Act.

The House amendment contained an identical provision (sec. 1403).

The conference agreement includes this provision.

Defense inspector general (sec. 1404)

The Senate bill contained a provision (sec. 1404) that would authorize appropriations for the Office of the Inspector General at the levels identified in section 4501 of division D of this Act.

The House amendment contained an identical provision (sec. 1404).

The conference agreement includes this provision.

Defense health program (sec. 1405)

The Senate bill contained a provision (sec. 1405) that would authorize appropriations for the Defense Health Program at the levels identified in section 4501 of division D of this Act.

The House amendment contained a similar provision (sec. 1405).

The Senate recesses.

SUBTITLE B—OTHER MATTERS

Authority for transfer of funds to joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund for Captain James A. Lovell Health Care Center, Illinois (sec. 1411)

The Senate bill contained a provision (sec. 1431) that would authorize the Secretary of Defense to transfer \$127.0 million from the Defense Health Program to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund, established by section 1704 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84), for the operation of the Captain James A. Lovell Federal Health Care Center.

The House amendment contained a similar provision (sec. 1411).

The House recesses.

*Authorization of appropriations for Armed Forces Retirement Home
(sec. 1412)*

The Senate bill contained a provision (sec. 1421) that would authorize an appropriation of \$64.3 million from the Armed Forces Retirement Home Trust Fund for fiscal year 2020 for the operation of the Armed Forces Retirement Home.

The House amendment contained an identical provision (sec. 1412).

The conference agreement includes this provision.

LEGISLATIVE PROVISIONS NOT ADOPTED

National Defense Sealift Fund

The House amendment contained a provision (sec. 1406) that would authorize appropriations for the National Defense Sealift Fund.

The Senate bill contained no similar provision.

The House recedes.

Expansion of eligibility for residence at the Armed Forces Retirement Home

The Senate bill contained a provision (sec. 1422) that would amend section 1512(a) of the Armed Forces Retirement Home Act of 1991 (24 U.S.C. 412(a)) to: (1) Expand eligibility to retired veterans under age 60 and retired members of the National Guard and Reserves (NGR); and (2) Provide parity of fees for veterans eligible for active military service and those newly eligible through NGR service by requiring the income used for fee determination for an NGR-eligible resident to be not less than an Active-Duty resident's military retirement pay at the same grade and length of service. The provision would also amend section 1514(c) of the Armed Forces Retirement Home Act of 1991 (24 U.S.C. 414(c)) to provide parity for monthly withholding from pay of NGR members and Active-Duty members by applying the withholding across the total force, as well as requiring newly eligible NGR residents to pay a fee upon admission for years prior to the date of the enactment of this Act when the withholding was not taken from pay.

The Senate bill contained a provision (sec. 6422) that would cause section 1422 and its amendments to have no force or effect.

The House amendment contained no similar provisions.

The Senate recedes.

TITLE XV—AUTHORIZATION OF ADDITIONAL APPROPRIATIONS FOR OVERSEAS CONTINGENCY OPERATIONS

Purpose (sec. 1501)

The Senate bill contained a provision (sec. 1501) that would establish the purpose of this title and make authorization of appropriations available upon enactment of this Act for the Department of Defense, in addition to amounts otherwise authorized in this Act, to provide for additional authorization of funds due to overseas contingency operations and other additional funding requirements.

The House amendment contained an identical provision (sec. 1501).

The conference agreement includes this provision with a clarifying amendment.

Treatment as additional authorizations (sec. 1502)

The Senate bill contained a provision (sec. 1521) that would state that amounts authorized to be appropriated by this title are in addition to amounts otherwise authorized to be appropriated by this Act.

The House amendment contained an identical provision (sec. 1511).

The conference agreement includes this provision.

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS FOR OVERSEAS CONTINGENCY OPERATIONS

Overseas contingency operations (sec. 1511)

The Senate bill contained a provision (sec. 1502) that would designate authorization of appropriations in this section as Overseas Contingency Operations.

The House amendment contained no similar provision.
The House recedes.

Procurement (sec. 1512)

The Senate bill contained a provision (sec. 1503) that would authorize additional appropriations for procurement at the levels identified in section 4102 of division D of this Act.

The House amendment contained an identical provision (sec. 1502).

The conference agreement includes this provision.

Research, development, test, and evaluation (sec. 1513)

The Senate bill contained a provision (sec. 1504) that would authorize additional appropriations for research, development, test, and evaluation at the levels identified in section 4202 of division D of this Act.

The House amendment contained an identical provision (sec. 1503).

The conference agreement includes this provision

Operation and maintenance (sec. 1514)

The Senate bill contained a provision (sec. 1505) that would authorize additional appropriations for operation and maintenance programs at the levels identified in section 4302 of division D of this Act.

The House amendment contained an identical provision (sec. 1504).

The conference agreement includes this provision.

Military personnel (sec. 1515)

The Senate bill contained a provision (sec. 1506) that would authorize additional appropriations for military personnel at the levels identified in section 4402 of division D of this Act.

The House amendment contained an identical provision (sec. 1505).

The conference agreement includes this provision.

Working capital funds (sec. 1516)

The Senate bill contained a provision (sec. 1507) that would authorize additional appropriations for Defense Working Capital Funds at the levels identified in section 4502 of division D of this Act.

The House amendment contained an identical provision (sec. 1506).

The conference agreement includes this provision.

Drug interdiction and counter-drug activities, defense-wide (sec. 1517)

The Senate bill contained a provision (sec. 1508) that would authorize additional appropriations for Drug Interdiction and Counter-Drug Activities, Defense-Wide, at the levels identified in section 4502 of division D of this Act.

The House amendment contained an identical provision (sec. 1507).

The conference agreement includes this provision.

Defense inspector general (sec. 1518)

The Senate bill contained a provision (sec. 1509) that would authorize additional appropriations for the Office of the Inspector General at the levels identified in section 4502 of division D of this Act.

The House amendment contained an identical provision (sec. 1508).

The conference agreement includes this provision.

Defense health program (sec. 1519)

The Senate bill contained a provision (sec. 1510) that would authorize additional appropriations for the Defense Health Program at the levels identified in section 4502 of division D of this Act.

The House amendment contained an identical provision (sec. 1510).

The conference agreement includes this provision.

Afghanistan Security Forces Fund (sec. 1520)

The Senate bill contained a provision (sec. 1212) that would extend the authority to continue certain established provisions applicable to the Afghanistan Security Forces Fund (ASFF), including the use of funds, transfer authority, and acceptance of contributions to provide assistance to the security forces of the Ministry of Defense and Ministry of Interior of Afghanistan and to increase the recruitment and integration of women into the Afghan National Defense and Security Forces (ANDSF).

The House amendment contained a similar provision (sec. 1521) that would require the Secretary of Defense, in consultation with the Secretary of State, to submit an assessment of the Government of Afghanistan's ability to meet shared security objectives and manage, employ, and sustain equipment divested under ASFF, and would require the Secretary to withhold \$450,000,000 until such time as the Secretary can certify that the Government of Afghanistan has made sufficient

progress in these areas. It would also set a goal of using \$45.5 million to support efforts to promote the recruitment, training, integration, and retention of Afghan women into the ANDSF.

The Senate recesses with an amendment to the elements of the required assessment.

The conferees understand that the Department recently modified long standing guidance on the use of ASFF to cover program management expenses by transitioning the responsibility for costs associated with Indirect Assistance to the Services. It is the conferees' understanding that ASFF should cover all costs associated with building the ANDSF, including program and security assistance management support. The conferees know of no reason for such a change and encourage the Department to revisit this internal policy decision. The conferees direct the Department to brief the congressional defense committees on its policy regarding program management expenses within 60 days after the enactment of this Act.

Special transfer authority (sec. 1520A)

The Senate bill contained a provision (sec. 1522) that would authorize the transfer of up to \$2.5 billion of additional war-related authorizations in this subtitle among the accounts in this subtitle.

The House amendment contained a similar provision (sec. 1512) that would allow the Secretary of Defense to transfer up to \$500 million.

The House recesses with an amendment that would set the transfer level at \$2.0 billion.

**SUBTITLE B—AUTHORIZATION OF APPROPRIATIONS
FOR EMERGENCY FUNDS FOR RECOVERY AND
RESTORATION**

Procurement (sec. 1521)

The agreement includes a provision that would authorize appropriations for emergency procurement at the levels identified in section 4103 of division D of this Act.

Research, development, test, and evaluation (sec. 1522)

The agreement includes a provision that would authorize appropriations for emergency research, development, test, and

evaluation at the levels identified in section 4203 of division D of this Act.

Operation and maintenance (sec. 1523)

The agreement includes a provision that would authorize appropriations for emergency operation and maintenance at the levels identified in section 4303 of division D of this Act.

Restriction on transfer of funds authorized by this subtitle (sec. 1524)

The agreement includes a provision that would authorize and place restrictions upon the transfer of emergency-designated amounts of authorizations for the recovery and restoration of military installations in California, Florida, North Carolina, and Nebraska impacted by natural disasters.

LEGISLATIVE PROVISIONS NOT ADOPTED

Review of Joint Improvised-Threat Defeat Organization research relating to humanitarian demining efforts

The Senate bill contained a provision (sec. 6501) that would require the Secretary of Defense to conduct a review of Joint Improvised-Threat Defeat Organization research and submit a report identifying information that may be released to United States humanitarian demining organizations for improving the efficiency and effectiveness of humanitarian demining efforts.

The House amendment contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees not later than October 1, 2020, identifying Joint Improvised-Threat Defeat Organization research that may be released to United States humanitarian demining organizations for improving the efficiency and effectiveness of humanitarian demining efforts.

TITLE XVI—STRATEGIC PROGRAMS, CYBER, AND INTELLIGENCE MATTERS

BUDGET ITEMS

Standard Missile-3 Block IIA flight test against intercontinental ballistic missile target

The budget request included \$53.8 million across several defense-wide research, development, test and evaluation lines to conduct a flight test of the Standard Missile-3 Block IIA (SM-3 IIA) against an intercontinental ballistic missile (ICBM) target ("FTM-44").

The House amendment would authorize a reduction of \$41.7 million below the request.

The Senate bill would authorize the funding level in the request.

The conference agreement authorizes the funding level in the request.

The conferees note that a Government Accountability Office assessment ("Missile Defense: Delivery Delays Provide Opportunity for Increased Testing to Better Understand Capability," GAO-19-387) found that the SM-3 IIA has not been adequately tested against threats it was designed to intercept, potentially leading to design issues being discovered well into production of interceptors. Further, the Director for Operational Test and Evaluation (DOT&E) stated that flight test failures of the SM-3 IIA in operational testing should have been discovered in developmental testing that was not conducted. The conferees strongly urge the Director of the Missile Defense Agency and DOT&E to look for opportunities to conduct additional tests of the SM-3 IIA against threats it was designed to intercept, adhering to fly-before-you-buy principles. Additionally, the conferees recommend continued engagement with allies to discuss potential policy implications of the planned SM-3 IIA ICBM flight test.

SUBTITLE A—SPACE ACTIVITIES

Repeal of requirement to establish United States Space Command as a subordinate unified command of the United States Strategic Command (sec. 1601)

The Senate bill contained a provision (sec. 1611) that would repeal the requirement to establish U.S. Space Command as a subordinate unified command of U.S. Strategic Command.

The House amendment contained a similar provision (sec. 931).

The Senate recesses with a technical/clarifying amendment.

Coordination of modernization efforts relating to military-code capable GPS receiver cards (sec. 1602)

The House amendment contained a provision (sec. 228) that would require the Secretary of Defense to designate an entity within the Department of Defense to have responsibility for Global Positioning System military code (M-code) receiver card acquisition planning, and take actions to integrate and streamline modernization of the M-code receiver card across the Department.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would add the provision to existing statute and add a requirement for the Secretary to clarify the role of the Council on Oversight of the Department of Defense Positioning, Navigation, and Timing Enterprise with respect to M-code modernization efforts.

Demonstration of backup and complementary positioning, navigation, and timing capabilities of Global Positioning System (sec. 1603)

The House amendment contained a provision (sec. 1609) that would extend both the authority to carry out a backup Global Positioning System capability demonstration and the due date of the report on such demonstration to December 31, 2020.

The Senate bill contained no similar provision.

The Senate recedes.

Annual determination on plan on full integration and exploitation of overhead persistent infrared capability (sec. 1604)

The House amendment contained a provision (sec. 1603) that would add a sunset clause to the requirement for the annual determination on the plan on full integration and exploitation of overhead persistent infrared capability.

The Senate bill contained no similar amendment.

The Senate recedes with a technical/clarifying amendment.

Space-based environmental monitoring mission requirements (sec. 1605)

The House amendment contained a provision (sec. 1604) that would require the Director of the National Reconnaissance Office (NRO) to competitively procure and launch a modernized pathfinder program satellite to mitigate risks related to cloud characterization and theater weather imagery requirements.

The Senate bill contained no similar amendment.

The Senate recedes with an amendment that would move the requirement to procure such pathfinder program satellite from

the Director, NRO, to the Secretary of the Air Force, specify that such satellite may be a free-flyer or a hosted payload satellite, and withhold 10 percent of the travel funds of the Office of the Secretary of the Air Force until a contract for such satellite procurement is awarded.

Resilient enterprise ground architecture (sec. 1606)

The House amendment contained a provision (sec. 1608) that would require the Secretary of Defense to develop future satellite ground architectures to be compatible with complementary commercial systems that can support uplink and downlink capabilities with dual-band spacecraft. It would also require the Secretary to emphasize that future ground architecture should transition away from stove-piped systems to a service-based platform that provides members of the Armed Forces with flexible and adaptable capabilities.

The Senate bill contained no similar amendment.

The Senate recedes with an amendment that would add a requirement for the Secretary to submit a report to the congressional defense committees on the future satellite ground architectures developed under this provision.

Prototype program for multi-global navigation satellite system receiver development (sec. 1607)

The Senate bill contained a provision (sec. 1613) that would direct the Secretary of the Air Force to ensure that military Global Positioning System (GPS) user equipment terminals can incorporate signals from the European Union's Galileo and Japan's QZSS satellites, while enabling the Secretary to waive this requirement on a case-by-case basis if certain criteria are met. The provision would also require the Secretary to ensure that military GPS terminals can receive allied and non-allied positioning, navigation, and timing (PNT) signals, provided that analysis indicates that the benefits outweigh the risks or that the risks can be appropriately mitigated.

The House amendment contained a provision (sec. 1605) that would require the Secretary of Defense to establish under the Space Development Agency (SDA) a program to prototype an M-code based, multi-global navigation satellite system (GNSS) receiver that would incorporate both allied and non-allied, trusted and open GNSS signals to increase the resilience and capability of military PNT equipment. The provision would require the Secretary to provide an assessment of the benefits and risks of each potential signal and require the Director of the SDA to

provide a relevant briefing and report to the congressional defense committees. Finally, the provision would fence 75 percent of funds for the Military GPS User Equipment Program until the submission of such briefing and report.

The Senate recedes with an amendment that would move responsibility of the M-code multi-GNSS prototype program from the Director of the SDA to the Secretary of the Air Force and clarify the waiver authority for trusted signals capabilities. The amendment would also change the fence from 75 percent to 90 percent.

Commercial space situational awareness capabilities (sec. 1608)

The House amendment contained a provision (sec. 1606) that would require the Director of the Space Development Agency (SDA) to procure commercial space situational awareness (SSA) services by awarding at least two contracts for such services. The provision would limit the obligation or expenditure of funds to 75 percent for the enterprise space battle management command and control until the Secretary of Defense certifies to the congressional defense committees the award of these contracts. The provision would also require a report on using commercial SSA requirements.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would strike the findings and change the requirement for the Director of the SDA to procure commercial SSA services to a requirement for the Secretary of the Air Force to certify to the congressional defense committees that the Air Force is using commercial SSA services. The amendment would also change the limitation of funds to be obligated or expended until the Secretary makes such certification from 75 percent to 85 percent.

Program to enhance and improve launch support and infrastructure (sec. 1609)

The Senate bill contained a provision (sec. 1612) that would authorize the Secretary of Defense to carry out a program to enhance infrastructure and improve support activities for the processing and launch of Department of Defense small-class to medium-class payloads.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the Secretary to coordinate with the Administrator of the Federal Aviation Administration in carrying out such program and submit the required report to other relevant congressional committees in addition to the defense committees.

Preparation to implement plan for use of allied launch vehicles (sec. 1610)

The House amendment contained a provision (sec. 1602) that would require the Secretary of Defense, in coordination with the Director of National Intelligence, to take actions necessary to prepare to implement the plan developed pursuant to section 1603 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) regarding using allied launch vehicles to meet the requirements for achieving the policy relating to assured access to space set forth in section 2273 of title 10, United States Code.

The Senate bill contained no similar provision.

The Senate recesses.

Independent study on plan for deterrence in space (sec. 1611)

The House amendment contained a provision (sec. 1607) that would require the Secretary of Defense to enter into a contract with a federally funded research and development center to conduct a study on deterrence in space, to then be assessed by the Defense Policy Board. The provision would require the Secretary to submit a report and provide a briefing on the plan and assessment.

The Senate bill contained no similar amendment.

The Senate recesses with a technical/clarifying amendment.

Study on leveraging diverse commercial satellite remote sensing capabilities (sec. 1612)

The House amendment contained a provision (sec. 1610A) that would require the Secretary of Defense to conduct a study on the status of the transition from the National Geospatial-Intelligence Agency to the National Reconnaissance Office of the leadership role in acquiring commercial remote sensing data.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would change the requirement for the Secretary to study the NRO's plans to acquire medium-and high-resolution data to a full range of data at all resolutions.

Annual report on Space Command and Control program (sec. 1613)

The Senate bill contained a provision (sec. 1615) that would require the Secretary of the Air Force to provide annually a report on progress in executing the acquisition strategy and assessment of risk for the Space Command and Control program.

The House amendment contained no similar provision.

The House recedes with an amendment that would add an additional requirement to the annual report and extend the due date of the first report to May 1, 2020, but concurrent with the President's Budget each year thereafter.

The conferees have been informed by the Secretary of the Air Force that the acquisition strategy directed by the Senate bill's report, found under "Acquisition Plan for Space Command and Control Program," may take longer to complete. Accordingly, the conferees direct the Secretary of the Air Force to submit the acquisition strategy not later than February 1, 2020. The time period between February 1, 2020, and May 1, 2020, would give the Comptroller General adequate time to review the strategy and assess any deviations the Secretary should address in the report required in this provision.

Report on Space Debris (sec. 1614)

The House amendment contained a provision (sec. 1610) that would require the Secretary of Defense to submit a report on the risks posed by man-made space debris in low-earth orbit, including recommendations with respect to the remediation of such risks and outlines of plans to reduce the incident of such space debris.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

SUBTITLE B—DEFENSE INTELLIGENCE AND INTELLIGENCE-RELATED ACTIVITIES

Redesignation of Under Secretary of Defense for Intelligence as Under Secretary of Defense for Intelligence and Security (sec. 1621)

The Senate bill contained a provision (sec. 1621) that would redesignate the Under Secretary of Defense for Intelligence and the Deputy Under Secretary of Defense for Intelligence as the Under Secretary of Defense for Intelligence and Security and Deputy Under Secretary of Defense for Intelligence and Security, respectively, and make conforming changes to existing laws.

The House amendment contained no similar provision.

The House recedes with an amendment that would redesignate the Under Secretary of Defense for Intelligence and the Deputy Under Secretary of Defense for Intelligence as the Under Secretary of Defense for Intelligence and Security and Deputy

Under Secretary of Defense for Intelligence and Security. The amendment would also make modifications relating to the responsibilities of the Under Secretary regarding the protection of privacy and civil liberties as well as inclusion of a rule of construction stating that nothing in the section shall be construed to modify or expand the authorities, resources, responsibilities, roles, or missions of the Under Secretary.

The conferees direct the Secretary of Defense to notify the Armed Services Committees of the Senate and House of Representatives within 30 days of assigning any significant new responsibilities to the Under Secretary during Fiscal Year 2020.

Modifications to ISR Integration Council and annual briefing requirements (sec. 1622)

The Senate bill contained a provision (sec. 1622) that would repeal section 426 of title 10, United States Code, which requires the establishment of the Intelligence, Surveillance, and Reconnaissance (ISR) Integration Council.

The House amendment contained a provision (sec. 1611) that would amend section 426 of title 10, United States Code, to modify the ISR Integration Council membership and related annual briefing requirements.

The Senate recesses.

Modification of annual authorization of appropriations for National Flagship Language Initiative (sec. 1623)

The House amendment contained a provision (sec. 1613) that would amend section 1911 of title 50, United States Code, to increase the annual authorized amount for the National Flagship Language Initiative from \$10.0 million to \$16.0 million beginning in fiscal year 2020.

The Senate bill contained no similar provision.

The Senate recesses.

Improving the onboarding methodology for intelligence personnel (sec. 1624)

The Senate bill contained a provision (sec. 1623) that would require the Secretary of Defense and the Director of National Intelligence, consistent with Department of Defense Instruction 1400.25, as in effect on the day before the date of the enactment of this Act, to provide several reports relating to the onboarding methodology for certain intelligence personnel.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Defense Counterintelligence and Security Agency activities on facilitating access to local criminal records historical data (sec. 1625)

The Senate bill contained a provision (sec.1624) that would authorize the Director of the Defense Counterintelligence and Security Agency to carry out a set of activities relating to facilitating access by the Agency to local criminal records historical data in support of its personnel security mission.

The House amendment contained no similar provision.

The House recesses with an amendment that would limit the commencement of activities authorized by this section until certain reporting requirements are satisfied as well as impose other limitations on the use of the authority.

Survey and report on alignment of intelligence collections capabilities and activities with Department of Defense requirements (sec. 1626)

The House amendment contained a provision (sec. 1612) that would require the Under Secretary of Defense for Intelligence, in coordination with the Chairman of the Joint Chiefs of Staff and the Director of National Intelligence, to review and provide a report to the congressional defense committees and the congressional intelligence committees, not later than 120 days after the date of the enactment of this Act, on the organization, posture, and processes of intelligence collections capabilities and activities, for the purpose of assessing the ability of the intelligence collecting capabilities and activities to support the current and future requirements of the Department of Defense.

The Senate bill contained no similar provision.

The Senate recesses.

Reports on Consolidated Adjudication Facility of the Defense Counterintelligence and Security Agency (sec. 1627)

The Senate bill contained a provision (sec. 1059) that would require the Director of the Defense Counterintelligence and Security Agency to submit to the congressional defense committees on a semi-annual basis a report on the inventory and timeliness metrics relating to the Consolidated Adjudication Facility.

The House amendment contained no similar provision.

The House recesses.

Report on the expanded purview of the Defense Counterintelligence and Security Agency (sec. 1628)

The Senate bill contained a provision (sec. 6606) that would require the Secretary of Defense to submit to Congress a report on the Defense Counterintelligence and Security Agency, including: (1) Identification of Inspector General resources and authorities appropriate to the expanded purview of the Agency; (2) Identification of the resources and authorities needed to perform the civil liberties and privacy officer function of the Agency; (3) An assessment of the Agency's security protocols for personally identifiable information; (4) An assessment of the Agency's governance structure vis-a-vis the Department of Defense; (5) An assessment of the Agency's governance structure relative to interagency partners; and (6) The methodology the Agency will use to prioritize background investigation requests from government agencies and industry. The report must be submitted not later than 90 days after the date of enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

Termination of requirement for Department of Defense facility access clearances for joint ventures composed of previously-cleared entities (sec. 1629)

The Senate bill contained a provision (sec. 1040) that would prohibit the requirement for joint ventures that are composed entirely of entities that already have been granted facility clearances to obtain an additional clearance for the venture.

The House amendment contained no similar provision.

The House recesses.

SUBTITLE C—CYBERSPACE-RELATED MATTERS

Matters relating to military operations in the information environment (sec. 1631)

The Senate bill contained a provision (sec. 1681) that would affirm the authority of the Secretary of Defense to conduct military operations in the information environment, including clandestine operations, to defend the United States, its allies, and its interests, including in response to malicious activities carried out against the United States or a United States person by a foreign power. The provision would

also clarify that military operations in the information environment are traditional military activities for the purposes of section(e)(2) of the National Security Act of 1947 (Public Law 80-253).

The House amendment contained no similar provision.

The House recedes with an amendment that would affirm the authority of the Secretary of Defense to conduct military operations, including clandestine operations, in the information environment as well as clarify that clandestine military operations in the information environment shall be considered a traditional military activity for the purposes of section 503(e)(2) of the National Security Act of 1947 (50 U.S.C. 3093(e)(2)). The amendment would also amend Chapter 19 of title 10, United States Code, to require the Secretary of Defense to designate a Principal Information Operations Advisor with specified responsibilities. Further the amendment includes a rule of construction that would state that nothing may be construed to limit, expand, or otherwise alter the authority of the Secretary to conduct specified military operations in the information environment or to limit, expand, or otherwise alter or affect the War Powers Resolution (50 U.S.C. 1541 et seq.) or an authorization for the use of military force in effect on the day before the date of enactment of this Act. Lastly, the amendment would establish various briefing and reporting requirements.

Notification requirements for sensitive military cyber operations (sec. 1632)

The House amendment contained a provision (sec. 1621) that would modify section 395 of title 10, United States Code, which requires the Secretary of Defense to provide notification of sensitive military cyber operations to the congressional defense committees, to include additional parameters to further define what offensive and defensive operations constitute a sensitive military cyber operation for the purposes of this requirement.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would allow the Secretary of Defense's designee to provide written notification to the congressional defense committees in the event of an unauthorized disclosure of a sensitive military cyber operation.

Evaluation of cyber vulnerabilities of major weapon systems of the Department of Defense (sec. 1633)

The House amendment contained a provision (sec. 1625) that would modify section 1647 of the National Defense Authorization

Act for Fiscal Year 2016 (Public Law 114-92), which required evaluations of cyber vulnerabilities of each major weapon system of the Department of Defense by December 31, 2019, by requiring notification and justification for not meeting the deadline. The provision would also require a comprehensive report from the Secretary of Defense on the evaluations of cyber vulnerabilities for each major weapon system.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would add further requirements to the report, including details on the technologies used for vulnerability assessments and the schedule for future vulnerability assessments.

Quarterly assessments of the readiness of Cyber Mission Forces (sec. 1634)

The Senate bill contained a provision (sec. 1636) that would require the Secretary of Defense to develop metrics for the assessment of the readiness of the Cyber Mission Forces and to brief the congressional defense committees on these metrics within 90 days of the enactment of this Act. The provision would also modify section 484 of title 10, United States Code, to require the briefing of readiness of the Cyber Mission Forces, informed by these metrics, as part of the quarterly cyber operations updates, effective 180 days after the enactment of this Act.

The House amendment contained a provision (sec. 1622) that would modify the same section of United States Code to require an overview of the readiness of the Cyber Mission Force to be presented as part of the mandatory cyber operations quarterly briefings.

The House recedes with an amendment that would modify the briefing requirement to include an overview of the readiness of the Cyber Mission Forces and would require quarterly briefings on the required metrics until their finalization.

Cyber posture review (sec. 1635)

The House amendment contained a provision (sec. 1623) that would amend section 1644 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) by directing the Secretary of Defense to conduct a review of the cyber posture of the United States on a quadrennial basis to begin not later than December 31, 2022.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would add recurrent problems or capability gaps that remain unaddressed since the previous posture review to the elements of the review.

Modification of elements of assessment required for termination of dual-hat arrangement for Commander of the United States Cyber Command (sec. 1636)

The Senate bill contained a provision (sec. 1640) that would amend section 1642 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) by requiring the Secretary of Defense and Chairman of the Joint Chiefs of Staff, prior to the termination of the dual-hatted arrangement in which the Commander of United States Cyber Command serves as the Director of the National Security Agency, to certify that: (1) Processes to deconflict military cyber operations and national intelligence operations have been put in place; (2) Tools, weapons, and accesses used in and available for military cyber operations are sufficient for achieving required effects and United States Cyber Command is capable of acquiring or developing these tools, weapons, and accesses; and (3) The Cyber Mission Force has demonstrated the capacity to execute the cyber missions of the Department, including the execution of national-level missions through cyberspace, defense of the Department of Defense Information Network, and support for other combatant commands, including targeting of adversary military assets.

The House amendment contained a provision (sec. 1632) that would require the Secretary of Defense to provide quarterly briefings to the congressional defense committees and congressional intelligence committees on the current and future nature of the National Security Agency and United States Cyber Command partnership.

The House recesses with an amendment that would also require the Secretary of Defense to provide annual briefings to the congressional defense committees and congressional intelligence committees on the current and future cooperation of the National Security Agency and United States Cyber Command.

Modification of cyber scholarship program (sec. 1637)

The House amendment contained a provision (sec. 1633) that would amend section 2200a of title 10, United States Code, to allow scholarships granted by the Department of Defense to go toward validated and accredited cyber training programs.

The Senate bill contained no similar provision.

The Senate recesses.

Tier 1 exercise of support to civil authorities for a cyber incident (sec. 1638)

The House amendment contained a provision (sec. 1624) that would amend section 1648 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by directing the Commanders of U.S. Northern Command and U.S. Cyber Command to conduct a Tier 1 exercise by February 1, 2020; the provision would also place a limitation on 10 percent of fiscal year 2020 funds authorized to be appropriated for the White House Communications Agency until the exercise is initiated.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would change the required by-date for the execution of the Tier 1 exercise.

Extension of the Cyberspace Solarium Commission (sec. 1639)

The Senate bill contained a provision (sec. 1639) that would amend section 1652 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by making a technical correction and changing the final due date for the Cyberspace Solarium Commission's final report to February 1, 2020.

The House amendment contained a provision (sec. 1626) that would extend the Cyberspace Solarium Commission, as established in the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) and its final report by 1 year, from September 1, 2019, to September 1, 2020.

The Senate recedes with an amendment that would change the final due date for the Cyberspace Solarium Commission's final report to April 30, 2020.

Authority to use operation and maintenance funds for cyber operations-peculiar capability development projects (sec. 1640)

The Senate bill contained a provision (sec. 1643) that would allow the Secretaries of the military departments to use money authorized for appropriation for Operation and Maintenance (O&M) to develop cyber operations-peculiar capabilities up to \$3.0 million annually. The provision would allow the Department of Defense to use its O&M funds for the rapid creation, testing, fielding, and operation of cyber capabilities that would be developed and used within the 1-year appropriation period.

The House amendment contained a similar provision (sec. 1627) that would also require a Commander of U.S. Cyber Command certification for each use of the provided authority and the

Secretary of Defense to notify the congressional defense committees within 15 days of exercising the provided authority.

The Senate recedes with an amendment that would remove the certification requirement, allow the Secretary's designee to notify the congressional defense committees of the exercise of the provided authority, and would limit the notification requirement to exercises of the authority in excess of \$500,000.

Role of Chief Information Officer in improving enterprise-wide cybersecurity (sec. 1641)

The Senate bill contained a provision (sec. 1635) that would assign additional responsibilities to the Department of Defense Chief Information Officer (CIO), including the modernization of the Department's cybersecurity architecture, the mandating of cybersecurity data sharing, and the acquisition of additional computing infrastructure to meet the Department's cybersecurity needs.

The House amendment contained no similar provision.

The House recedes with an amendment that would require that the CIO utilize the expertise of the National Security Agency and the Defense Digital Service in improving the Department's cybersecurity.

Notification of delegation of authorities to the Secretary of Defense for military operations in cyberspace (sec. 1642)

The House amendment contained a provision (sec. 1628) that would require the Secretary of Defense to notify the congressional defense committees and describe various operational details within 15 days of any delegation of authorities from the National Command Authority for military cyberspace operations.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would allow the Secretary to notify the congressional defense committees of delegations of authority and to describe operational details separately to account for the potential immaturity of operational plans as of the initial delegation of authorities.

Limitation of funding for Consolidated Afloat Networks and Enterprise Services (sec. 1643)

The House amendment contained a provision (sec. 1629) that would place a limitation on 15 percent of all funds authorized to be appropriated by this Act for the Navy's Consolidated Afloat Networks and Enterprise Services until the Secretary of

Defense certifies that the Navy has implemented the recommendations of the Office of the Inspector General.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Annual military cyberspace operations report (sec. 1644)

The House amendment contained a provision (sec. 1630) that would require the Secretary of Defense to provide to the congressional defense committees, not later than March 1 of each calendar year, an annual report on military cyberspace operations, to include cyber effects-enabling and cyber effects operations, activities, and missions.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would modify certain requirements of the report.

Annual report on cyber attacks and intrusions against the Department of Defense by certain foreign entities (sec. 1645)

The House amendment contained a provision (sec. 1239) that would require the Secretary of Defense to submit to the congressional defense committees annual reports on cyberattacks and intrusions in the previous 12 months by agents or associates of the Governments of the Russian Federation, the People's Republic of China, the Islamic Republic of Iran, and the Democratic People's Republic of Korea.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would modify the report.

Control and analysis of Department of Defense data stolen through cyberspace (sec. 1646)

The Senate bill contained a provision(sec. 1637) that would define requirements for the Department of Defense (DOD) in the event that DOD data have been stolen or are suspected to have been stolen via cyber means. The provision provides a series of requirements for the DOD when it directly controls the data or access to the data. The provision would further require that, when the DOD does not have unilateral control of the data and when law enforcement or intelligence community information controls have been imposed on the handling of and access to the data, the Secretary of Defense coordinate with the Director of the Federal Bureau of Investigation or Director of National Intelligence, as appropriate, to carry out the same series of requirements.

The House contained no similar provision.

The House recedes with an amendment that would modify the requirements to: (1) allow the Department to have consistent access to the relevant data by other means; (2) specify mission critical Department systems should have analytic products developed; (3) modify the mission affected entities definition; (4) modify requirements of the counterintelligence organizations; and (5) modify the requirements for data in possession of or under the controls imposed by the Federal Bureau of Investigation or the Director of National Intelligence.

Use of National Security Agency cybersecurity expertise to support evaluation of commercial cybersecurity products (sec. 1647)

The Senate bill contained a provision (sec. 1641) that would establish as a mission of the National Security Agency the advising and assistance of the Department of Defense in its acquisition and adaptation of cybersecurity products and services from industry, especially the commercial cybersecurity sector.

The House amendment contained no similar provision.

The House recedes with an amendment that would specify that this technical mission would be conducted in support of the Department's selection and adaptation of commercial products rather than the Department's contracting and business-specific acquisition functions.

Framework to enhance cybersecurity of the United States defense industrial base (sec. 1648)

The Senate bill contained a provision (sec. 1634) that would require the Secretary of Defense to develop a consistent, comprehensive framework to enhance the cybersecurity of the U.S. defense industrial base and to provide the congressional defense committees a briefing on the framework not later than March 11, 2020. The framework would include: (1) Identification of cybersecurity standards and requirements imposed on the defense industrial base; (2) Responsibilities of the prime contractor and all subcontractors in the supply chain for implementing those standards and requirements; (3) A plan to provide cybersecurity guidance and assistance to contractors; and (4) Methods and programs for defining and managing controlled unclassified information.

The House amendment contained a provision (sec. 1631) that would require the Secretary of Defense to provide a report to

the congressional defense committees not later than May 1, 2020, on the Department of Defense's efforts related to cybersecurity and the Defense Industrial Base.

The House recedes with an amendment that would modify certain requirements of the framework.

Report on cybersecurity training programs (sec. 1649)

The House amendment contained a provision (sec. 1634) that would require the Secretary of Defense to submit a report to the congressional defense committees detailing all Department of Defense efforts and programs to train elementary, secondary, and post-secondary students in fields related to cybersecurity, cyber defense, and cyber operations.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment that would limit the report delivery to the Committees on Armed Services of the Senate and House of Representatives.

National Security Presidential Memorandums relating to Department of Defense operations in cyberspace (sec. 1650)

The House amendment contained a provision (sec. 1635) that would require the President to provide the congressional defense committees with copies of all National Security Presidential Memoranda relating to Department of Defense operations in cyberspace.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would allow the committees to read and return all National Security Presidential Memorandums relating to Department of Defense operations in cyberspace.

Reorientation of Big Data Platform program (sec. 1651)

The Senate bill contained a provision (sec. 1631) that would require the Secretary of Defense to reorient the Department of Defense's Big Data Platform program by establishing a common baseline and security classification scheme for the collection, querying, analysis, and accessibility of a common and comprehensive set of metadata from sensors, applications, and systems deployed across the Department of Defense Information Network.

The House amendment contained no similar provision.

The House recedes with a technical and clarifying amendment.

Zero-based review of Department of Defense cyber and information technology personnel (sec. 1652)

The Senate bill contained a provision (sec. 1632) that would require the heads of Department of Defense departments, agencies, and components to complete zero-based reviews of the cyber and information technology personnel in those departments, agencies, and components.

The House amendment contained no similar provision.

The House recesses.

Study on improving cyber career paths in the Navy (sec. 1653)

The Senate bill contained a provision (sec. 1633) that would require the Secretary of the Navy to conduct a study on improving cyber career paths in the Navy. The provision would also require the Secretary to submit a report to the congressional defense committees, no later than October 1, 2020, on the findings of the study.

The House amendment contained no similar provision.

The House recesses with an amendment that would specify that the report should include an evaluation of the Cyber Warfare Engineer career field for officers.

Accreditation standards and processes for cybersecurity and information technology products and services (sec. 1654)

The Senate bill contained a provision (sec. 1638) that would require the Department of Defense (DOD) Chief Information Officer (CIO) to assess the accreditation standards and processes of the military departments and other components of the DOD for cybersecurity and information technology products and services.

The House amendment contained no similar provision.

The House recesses with an amendment that would specify that this assessment should be carried out in accordance with the CIO's existing responsibilities for cybersecurity and cyber capability architectures of the Department of Defense and with the budget review authority established in section 142 of title 10, United States Code.

Study on future cyber warfighting capabilities of Department of Defense (sec. 1655)

The Senate bill contained a provision (sec. 1642) that would require the Secretary of Defense to direct the Defense Science Board to carry out a study on the future cyber

warfighting capabilities of the Department of Defense (DOD). The Board's study would include: (1) A technical evaluation of the Joint Cyber Warfighting Architecture of the DOD; (2) A technical evaluation of the Department's tool development and acquisition programs; (3) An evaluation of the operational planning and targeting of U.S. Cyber Command; and (4) Recommendations for legislative and administrative action relating to the DOD's future cyber warfighting capabilities.

The House amendment contained no similar provision.

The House recesses.

Study to determine the optimal strategy for structuring and manning elements of the Joint Force Headquarters-Cyber organizations, Joint Mission Operations Centers, and Cyber Operations-Integrated Planning Elements (sec. 1656)

The Senate bill contained a provision (sec. 1646) that would require the Department of Defense Principal Cyber Advisor (PCA) to conduct a study to determine the optimal strategy for structuring and manning elements of the following: (1) Joint Force Headquarters-Cyber organizations; (2) Joint Mission Operations Centers; and (3) Cyber Operations-Integrated Planning Elements.

The House amendment contained no similar provision.

The House recesses with an amendment that would include the Joint Cyber Centers in the study.

Cyber governance structures and Principal Cyber Advisors on military cyber force matters (sec. 1657)

The Senate bill contained a provision (sec. 1647) that would require each secretary of the military departments to designate a Principal Cyber Advisor to act as the principal advisor to the secretary on the cyber forces, cyber programs, and cybersecurity matters of the military department, including matters relating to weapons systems, enabling infrastructure, and the defense industrial base.

The House amendment contained no similar provision.

The House recesses with an amendment that would: (1) Require each secretary of the military departments to appoint a Principal Cyber Advisor for each military service; (2) Require each Principal Cyber Advisor to be a senior civilian, a member of the Senior Executive Service equivalent to a 3-star flag officer, or by exception a military officer; (3) Prohibit the dual-hatting of any existing position as the Principal Cyber Advisor and require each Principal Cyber Advisor to be

independent of the service chief information officers; and (4) Clarify the responsibilities of each Principal Cyber Advisor.

Designation of test networks for testing and accreditation of cybersecurity products and services (sec. 1658)

The Senate bill contained a provision (sec. 1648) that would require the Secretary of Defense to designate three test networks for the testing and accreditation of cybersecurity products and services.

The House amendment contained no similar provision.

The House recedes with an amendment that would make available the information generated to the Office of the Director, Operational Test and Evaluation.

Consortia of universities to advise Secretary of Defense on cybersecurity matters (sec. 1659)

The Senate bill contained a provision (sec. 1649) that would establish one or more consortia of universities to advise and assist the Secretary of Defense on matters relating to cybersecurity. The functions of the consortium or consortia would be: (1) To provide to the Secretary access to the expertise of the members of the consortium on matters relating to cybersecurity; (2) To align the efforts of constituent members to priorities of the Department of Defense; and (3) To act as a facilitator in responding to Department requests relating to advice and assistance on matters relating to cybersecurity and to provide feedback to the Secretary from constituent members.

The House amendment contained no similar provision.

The House recedes with an amendment that would: (1) Clarify the purpose and functions of the consortium or consortia; (2) Require that the consortium or consortia be open to all universities designated as centers of academic excellence by the Department of Homeland Security and National Security Agency; and (3) Require that the Secretary of Defense or a senior level designee meet with the consortium or consortia at least twice per year.

Joint assessment of Department of Defense cyber red team capabilities, capacity, demand, and requirements (sec. 1660)

The Senate bill contained a provision (sec. 6605) that would require the Secretary of Defense to conduct a joint assessment of Department of Defense cyber red team capabilities, capacity, demand, and future requirements that affect the

Department's ability to develop, test, and maintain secure systems in a cyber environment.

The House amendment contained no similar provision.
The House recesses.

SUBTITLE D—NUCLEAR FORCES

Conforming amendment to Council on Oversight of the National Leadership Command, Control, and Communications System (sec. 1661)

The Senate bill contained a provision (sec. 1663) that would make several conforming changes to the governing statute of the Council on Oversight of the National Leadership Command, Control, and Communications System, section 171a of Title 10, United States Code.

The House amendment contained no similar provision.
The House recesses.

Modification of authorities relating to nuclear command, control, and communications system (sec. 1662)

The Senate bill contained a provision (sec. 1661) that would reassign principal responsibility within the Office of the Secretary of Defense for nuclear command, control, and communications from the Chief Information Officer to the Under Secretary of Defense for Acquisition and Sustainment.

The House amendment contained a similar provision (sec. 901).

The House recesses.

Briefings on meetings held by Nuclear Weapons Council (sec. 1663)

The House amendment contained a provision (sec. 1642) that would require the Nuclear Weapons Council (NWC) to provide semi-annual briefings to the congressional defense committees covering all NWC meetings in the previous 6 months, including a summary of decisions made at each meeting but excluding decisions relating to the budget submission if the budget request for such fiscal year has not been submitted to Congress as of the date of the briefing. The provision would also require the NWC to submit any decision memoranda used to support decisions made at such meetings, including a summary of the considerations that informed each decision.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would strike the requirement to submit decision memoranda.

Consideration of budget matters at meetings of Nuclear Weapons Council (sec. 1664)

The House amendment contained a provision (sec. 1651) that would modify the enabling statute of the Nuclear Weapons Council (NWC) as contained in section 179 of title 10, United States Code, to require that certain budget officials attend meetings of the NWC, and that the same officials be members of the Standing and Safety Committee (SSC).

The Senate bill contained no similar provision.

The Senate recesses with amendments that would remove the provision from code, require that the same officials attend meetings of the NWC and SSC, and allow the Chairman of the NWC to exclude an official in exigent circumstances.

Improvement to annual report on the modernization of the nuclear weapons enterprise (sec. 1665)

The House amendment contained a provision (sec. 1641) that would extend the reporting requirement in section 1043(a) of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81) by 1 year to 2024. The provision would also add to the report a requirement to estimate the cost of modernizing and recapitalizing the nuclear enterprise as a relative percentage of acquisition costs of the Department of Defense over the 10 years following the date of the report. It would also add a requirement to provide a 25-year plan, including timelines and acquisition and life cycle costs, for nuclear delivery systems and platforms, nuclear command and control systems, and facilities, infrastructure, and critical skills relating to nuclear weapons that are being modernized or sustained. Finally, the provision would also transfer the complete reporting requirement to title 10, United States Code, redesignating it section 492a.

The Senate bill contained no similar provision.

The Senate recesses with amendments that would strike the requirement for the 25-year plan and change the entity required to report on modernization as a percentage of acquisition costs from the Secretary of Defense to the Director of the Congressional Budget Office, as part of the report previously required as part of section 1043.

Expansion of officials required to conduct biennial assessments of delivery platforms for nuclear weapons and nuclear command and control system (sec. 1666)

The Senate bill contained a provision (sec. 1662) that would add the Commander of the United States Air Forces in Europe to a list of officials required to report biennially on the safety, security, reliability, sustainability, performance, and military effectiveness of the delivery platforms for nuclear weapons and nuclear command and control systems for which each official has responsibility.

The House amendment contained no similar provision.

The House recesses.

Extension of annual briefing on costs of forward-deploying nuclear weapons in Europe (sec. 1667)

The House amendment contained a provision (sec. 1644) that would extend by 3 years the requirement contained in section 1656 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) for the Secretary of Defense to provide an annual briefing to the congressional defense committees on the cost of forward-deploying U.S. nuclear weapons in Europe, and add additional committees to those receiving the briefing.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would retain the list of committees from section 1656.

Elimination of conventional requirement for long-range standoff weapon (sec. 1668)

The House amendment contained a provision (sec. 1643) that would repeal the requirement in section 217(a) of the National Defense Authorization Act for Fiscal Year 2014 (Public Law 113-66) for the Air Force to develop a conventional variant of the long-range standoff weapon.

The Senate bill contained no similar provision.

The Senate recesses.

Briefing on long-range standoff weapon and sea-launched cruise missile (sec. 1669)

The Senate bill contained a provision (sec. 1665) that would require the Under Secretary of Defense for Acquisition and Sustainment, in consultation with the Administrator for Nuclear Security, to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on

opportunities to increase commonality between the long-range standoff weapon (LRSO) and the nuclear sea-launched cruise missile (SLCM-N), and to leverage technology developed for LRSO in the development of the SLCM-N.

The House amendment contained no similar provision.

The House recesses with a clarifying amendment.

Extension of prohibition on availability of funds for mobile variant of ground-based strategic deterrent missile (sec. 1670)

The House amendment contained a provision (sec. 1645) that would extend until 2030 the prohibition contained in the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) on availability of funds for development of a mobile variant of the ground-based strategic deterrent program.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would extend the prohibition through 2024.

Reports on development of ground-based strategic deterrent weapon (sec. 1671)

The Senate bill contained a provision (sec. 6601) that would require the Secretary of the Air Force, in coordination with the Administrator for Nuclear Security and the Chairman of the Nuclear Weapons Council, to submit an annual report to the congressional defense committees on the joint development of the ground-based strategic deterrent (GBSD) and the W87-1 warhead modification program.

The House amendment contained no similar provision.

The House recesses with an amendment that would add an additional required report if the Air Force receives only one bid for the engineering and manufacturing development phase of the GBSD program, assessing plans to mitigate any risks or costs resulting from the submission of a single bid. Such report would be due 60 days after award of the contract for that phase.

Prohibition on reduction of the intercontinental ballistic missiles of the United States (sec. 1672)

The Senate bill contained a provision (sec. 1664, as modified by sec. 6664) that would prohibit the Department of Defense from reducing, or preparing to reduce, the responsiveness, alert level, or quantity deployed of U.S. intercontinental ballistic missiles. The provision would provide an exception for activities required for maintenance or

sustainment, or to ensure the safety, security, or reliability of such missiles.

The House amendment contained no similar provision.

The House recesses.

Independent study on policy of no-first-use of nuclear weapons (sec. 1673)

The House amendment contained a provision (sec. 1649) that would require the Secretary of Defense to enter into a contract with a federally funded research and development center to conduct a study on the United States' adopting a policy to not use nuclear weapons first.

The Senate bill contained no similar provision.

The Senate recesses with amendments that would modify some elements of the required study, move the deadlines for submission 30 days later, and add a requirement for an interim briefing not later than 120 days after the date of enactment of this Act.

Independent study on risks of nuclear terrorism and nuclear war (sec. 1674)

The House amendment contained a provision (sec. 1650) that would require the Secretary of Defense to enter into a contract with the National Academy of Sciences to conduct a study on the potential risks of nuclear terrorism and nuclear war.

The Senate bill contained no similar provision.

The Senate recesses with amendments that would modify a number of elements of the required study.

Report on military-to-military dialogue to reduce risks of miscalculation leading to nuclear war (sec. 1675)

The House amendment contained a provision (sec. 1646) that would require the Secretary of Defense, in coordination with the Secretary of State, to submit to the appropriate congressional committees a report describing current military-to-military dialogue between the United States and other countries to reduce the risk of miscalculation, unintended consequences, or accidents that could precipitate a nuclear war, as well as bilateral or multilateral agreements to which the United States is a party that address the same risks. The report would also contain a joint assessment by the Secretary and the Chairman of the Joint Chiefs of Staff of the policy and operational necessity, risks, benefits, and costs of establishing military-

to-military discussions with Russia, China, Iran, and North Korea.

The Senate bill contained no similar provision.

The Senate recesses with several clarifying amendments, as well as an amendment that would add consideration of other efforts conducted between the U.S. government and foreign governments, or between nongovernmental organizations and foreign counterparts, to reduce such risks. The amendments would also require assessment of the willingness of the above governments to engage in such discussions.

Report on nuclear forces of the United States and near-peer countries (sec. 1676)

The Senate bill contained a provision (sec. 1243) that would require the Secretary of Defense, in coordination with the Director of National Intelligence (DNI) and the Secretary of State, to submit a report on Russian nuclear systems deployed or under development not covered by New START, Russian non-deployed strategic nuclear systems, nuclear modernization programs of China, and the implications of these assessments on the New START central limits.

The House amendment contained a similar provision (sec. 1652) that would require the Secretary of Defense, in coordination with the DNI, to submit a report to the congressional defense committees on current and planned nuclear systems of the United States, Russia, and China, including projections through 2040.

The Senate recesses with an amendment that would change the report's deadline to February 15, 2020, and specify the inclusion of Russian nuclear systems deployed or under development not covered by New START and Russian non-deployed strategic nuclear systems.

Report on operation of conventional forces of military departments under employment or threat of employment of nuclear weapons (sec. 1677)

The Senate bill contained a provision (sec. 6603) that would require the secretaries of the military departments, and the Commandant of the Marine Corps, to each submit to the congressional defense committees a report detailing measures taken to ensure the ability of conventional forces to operate under employment or threat of employment of nuclear weapons.

The House amendment contained no similar provision.

The House recesses with amendments that would consolidate the four reports into a single report by the Secretary of

Defense, in coordination with the service secretaries, and modify elements of the report's contents.

Report on operation of conventional forces of certain combatant commands under employment or threat of employment of nuclear weapons (sec. 1678)

The Senate bill contained a provision (sec. 6604) that would require the Commander, U.S. European Command, and the Commander, U.S. Indo-Pacific Command, to each submit a report to the congressional defense committees detailing measures taken to ensure the ability of conventional forces to operate under employment or threat of employment of nuclear weapons.

The House amendment contained no similar provision.

The House recedes with amendments that would consolidate the two reports into a single report from the Chairman of the Joint Chiefs of Staff, in coordination with the Commanders of U.S. European Command, U.S. Indo-Pacific Command, and U.S. Strategic Command, and modify elements of the report's contents.

Briefings on plan for future-systems-level architecture of nuclear command, control, and communications systems (sec. 1679)

The House amendment contained a provision (sec. 1648) that would require the Secretary of Defense, in coordination with the Commander of U.S. Strategic Command, to submit a plan on the future of nuclear command, control, and communications systems within 270 days of the date of enactment of this Act. The provision would also require the Secretary to provide an interim briefing within 90 days of the date of enactment.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would change the requirement to a series of biannual briefings beginning in February 2020 through 2025, and modify some elements contained within the plan, including the addition of an assessment of personnel required to evaluate and execute the architecture.

Sense of Congress on nuclear deterrence commitments of the United States (sec. 1680)

The Senate bill contained a provision (sec. 1667) that would express the sense of the Senate on the importance of the extended nuclear deterrence commitments of the United States, including forward deployment of U.S. dual-capable aircraft.

The House amendment contained no similar provision.

The House recedes with several clarifying amendments.

SUBTITLE E—MISSILE DEFENSE PROGRAMS

National missile defense policy (sec. 1681)

The Senate bill contained a provision (sec. 1672) that would express the sense of the Senate regarding the need for a comprehensive U.S. missile defense policy and program. It would also modify national missile defense policy as established by section 1681 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to add defense against cruise and hypersonic missile threats. Finally, the provision would require the Secretary of Defense to redesignate all Department of Defense strategies, policies, programs, and systems to reflect that U.S. missile defense programs defend against ballistic, cruise, and hypersonic missiles in all phases of flight.

The House amendment contained a provision (sec. 1661) that would modify section 1681 to reflect the principles governing U.S. missile defense as outlined by the 2019 Missile Defense Review (MDR), and would require the Director of Cost Assessment and Program Evaluation (CAPE) to provide a briefing to the Committees on Armed Services of the House and Senate.

The Senate recedes with several clarifying amendments, as well as amendments that would strike the briefing requirement and retain the redesignation requirement from the Senate bill.

The conferees direct the CAPE Director to provide to the congressional defense committees, no later than January 31, 2020, a briefing on the programmatic impacts of implementation of the 2019 MDR across the Department.

Development of space-based ballistic missile intercept layer (sec. 1682)

The House amendment contained a provision (sec. 1664) that would repeal the requirement contained in section 1688(c) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) for the Director of the Missile Defense Agency to establish a space test bed to conduct research on a space-based missile intercept layer.

The Senate bill contained no similar provision.

The Senate recedes.

Development of hypersonic and ballistic missile tracking space sensor payload (sec. 1683)

The Senate bill contained a provision (sec. 1673) that would require the Secretary of Defense to assign primary responsibility for the development and deployment of a hypersonic and ballistic tracking space sensor (HBTSS) to the Director of the Missile Defense Agency (MDA). The provision would also require the Comptroller and the Director of Cost Assessment and Program Evaluation to certify to the congressional defense committees whether this program is fully funded through the future years defense program submitted with the fiscal year 2021 budget request, and require the Director of the MDA to begin on-orbit testing of the system no later than December 31, 2021. Finally, the provision would require the Secretary to submit a report on efforts relating to space-based sensing and tracking capabilities for missile defense at the MDA, the Defense Advanced Research Projects Agency (DARPA), the Air Force, and the Space Development Agency (SDA).

The House amendment contained a provision (sec. 1662) that would require the Director of the MDA, in coordination with the Director of the SDA and the Secretary of the Air Force, to develop an HBTSS payload and integrate it into the broader space-based sensing architecture in support of the ballistic missile defense system. The provision would also require the Director of the MDA to submit to the appropriate congressional committees a plan for how the Director, in coordination with the Director of the SDA and the Secretary of the Air Force, will develop and integrate such a payload, how such a payload will address the U.S. Strategic Command requirement, and estimated costs to develop, acquire, deploy, operate, and sustain this payload.

The Senate recedes with an amendment that would make the Secretary of Defense responsible for submitting the plan, and include the requirement to report on efforts across the MDA, DARPA, the Air Force, and SDA. The amendment would also retain the requirement from the Senate bill for the Secretary to assign primary responsibility for development of an HBTSS payload to the Director of the MDA, and to submit to the congressional defense committees a certification of such assignment.

Modifications to required testing by Missile Defense Agency of ground-based midcourse defense element of ballistic missile defense system (sec. 1684)

The Senate bill contained a provision (sec. 1677) that would express the sense of the Senate on a highly successful 2018 Missile Defense Agency (MDA) flight test campaign.

The House amendment contained a provision (sec. 1671) that would modify requirements for flight testing of the ground-based

midcourse defense (GMD) element of the ballistic missile defense system pursuant to section 1689 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328), including by eliminating the ability for the Director of the MDA to forgo a test of the GMD in any given year due to any condition not specified in subsection (c) of section 1689.

The Senate recedes with an amendment that would strike the elimination of such ability but retain the other modifications in the House amendment.

The conferees commend the MDA and all other Department components involved on a successful 2018 flight test campaign, especially on FTG-11, the first salvo test of the GMD system.

Iron Dome short-range rocket defense system and Israeli cooperative missile defense program co-development and co-production (sec. 1685)

The Senate bill contained a provision (sec. 1671) that would authorize funds for the Missile Defense Agency to provide to the Government of Israel to procure components for the Iron Dome short-range rocket defense system, the David's Sling Weapon System, and the Arrow 3 Upper Tier Interceptor Program, including through co-production of such components in the United States. The provision would also provide a series of certification requirements relating to implementation of the relevant bilateral agreements before disbursement of these funds, consistent with previous legislative requirements.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Limitation on availability of funds for lower tier air and missile defense sensor (sec. 1686)

The House amendment contained a provision (sec. 1668) that would limit obligation or expenditure of funds for fiscal year 2020 to 75 percent for the Army for the lower tier air and missile defense sensor until the Secretary of the Army provides a report to the congressional defense committees on the results of the test events held in the third quarter of fiscal year 2019, and on the decision of the Army to award a contract for initial operational capability based on those test events.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Plan for the redesigned kill vehicle replacement (sec. 1687)

The Senate bill contained a provision (sec. 1675) that would require the Director of the Missile Defense Agency (MDA) to submit a report to the congressional defense committees on the delay in the Redesigned Kill Vehicle (RKV) program.

The Senate bill also contained a provision (sec. 1676) that would require the Director to submit a report on options to increase the capability, capacity, and reliability of the ground-based midcourse defense system, including the infrastructure requirements for increasing the number of ground-based interceptors.

The House amendment contained a provision (sec. 1663) that would express the sense of Congress that the Director of the MDA must address the technical issues with the RKV program before moving forward with development, procurement, and fielding of the vehicle. The provision would also modify the waiver contained in section 1683(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), which prohibited a lot production decision for the RKV until after a successful intercept flight test, such that the Secretary of Defense would also need to conduct an assessment of the missile developments of both North Korea and Iran during the 18-month period preceding the date of the waiver.

The House recedes with amendments that would add a sense of Congress addressing the termination by the Department of the RKV contract in August 2019 and encouraging the Director to proceed with a follow-on program guided by principles of responsible acquisition, including conducting a successful flight test before making production decisions. The amendments would also modify certain elements of the reporting requirement to reflect the program replacing the RKV, and include elements of the report from section 1676 of the Senate bill. Finally, the amendments would prohibit the obligation or expenditure of more than 50 percent of fiscal year 2020 funds for the next-generation improved homeland defense interceptor until the Secretary of Defense submits such report.

Organization, authorities, and billets of the Missile Defense Agency (sec. 1688)

The Senate bill contained a provision (sec. 1674) that would express the sense of the Senate in support of the nonstandard acquisition processes used by the Missile Defense Agency (MDA). It would also prohibit obligation or expenditure of funds to change these processes until the Secretary of Defense has consulted with a number of senior defense officials with responsibility for aspects of missile defense, submitted a

report to the congressional defense committees, and allowed 270 days to elapse after submittal.

The House amendment contained a provision (sec. 1665) that would contain a similar prohibition on obligation or expenditure of funds until the Secretary notifies the congressional defense committees of the proposed changes to the nonstandard acquisition processes, and allows 90 days to elapse after such notification. The provision would also require the Secretary of Defense to enter into a contract with a federally funded research and development center (FFRDC) to assess the organization of the MDA under the Under Secretary of Defense for Research and Engineering, in comparison with alternative organizational structures, and assess the risks and benefits of transitioning the MDA to the standard Department of Defense acquisition process. Finally, the provision would prohibit the Secretary of Defense from transferring civilian or military billets from the MDA to any element of the Department under the authority of the Under Secretary of Defense for Research and Engineering until the Secretary notifies the congressional defense committees of the proposed transfer, and allows 90 days to elapse after such notification.

The Senate recedes with an amendment that would extend the deadline for submission of the FFRDC assessment by 30 days, retain the report required in the notice in the Senate provision with the addition of the Under Secretary of Defense for Acquisition and Sustainment as a consulted official, and change the waiting period after the notification of any change to the acquisition processes to 120 days.

Annual assessment of ballistic missile defense system (sec. 1689)

The House amendment contained a provision (sec. 1670) that would express the sense of Congress that operational test and evaluation of the ballistic missile defense system (BMDS) should be conducted thoroughly in accordance with title 10, United States Code. The provision would also require the Director of Operational Test and Evaluation to include in the annual report to Congress under section 139 of title 10, United States Code, an assessment of the BMDS, including all elements of the system that are fielded or are planned to be fielded.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would strike the sense of Congress.

Command and control, battle management, and communications program (sec. 1690)

The House amendment contained a provision (sec. 1669) that would prohibit the Missile Defense Agency (MDA) from releasing the command and control, battle management, and communications (C2BMC) program to foreign partners until the Director of the MDA submits a report to the appropriate congressional committees.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Missile defense interceptor site in contiguous United States (sec. 1691)

The Senate bill contained a provision (sec. 1679) that would require the Secretary of Defense to make available to the public the Environmental Impact Statement (EIS) prepared in accordance with section 227(b) of the National Defense Authorization Act for Fiscal Year 2013 (Public Law 112-239).

The House amendment contained a provision (sec. 1666) that would require the Secretary of Defense to designate the preferred location of a missile defense site in the contiguous United States from among the locations evaluated pursuant to section 227. The provision would also require the Secretary to submit to the congressional defense committees a report on such designation.

The Senate recesses with an amendment that would strike the requirement to designate a preferred location but retain the requirement for a report.

The conferees note that the EIS was made available to the public in August 2019. The conferees also note that the Secretary identified a preferred location in June 2019, while maintaining the determination made in the Missile Defense Review that there is no operational requirement to develop a third site in the contiguous United States at this time.

Independent study on impacts of missile defense development and deployment (sec. 1692)

The House amendment contained a provision (sec. 1672) that would require the Secretary of Defense to enter into an agreement with the National Academy of Sciences to conduct a study on the impacts of the development and deployment of U.S. long-range missile defenses on the security of the United States as a whole.

The Senate bill contained no similar provision.

The Senate recesses with several clarifying amendments and an amendment that would change the entity conducting the study to a federally funded research and development center.

Report and briefing on multi-volume kill capability (sec. 1693)

The House amendment contained a provision (sec. 1673) that would require the Under Secretary of Defense for Research and Engineering to submit to the congressional defense committees a report on the potential need for a multi-object kill vehicle in future architecture of the ballistic missile defense system.

The Senate bill contained no similar provision.

The Senate recesses with several technical and clarifying amendments, as well as an amendment that would require the Under Secretary to coordinate such report with the Director of the Missile Defense Agency, the Under Secretary of Defense for Acquisition and Sustainment, and the Director of Cost Assessment and Program Evaluation.

SUBTITLE F—OTHER MATTERS

Extension of authorization for protection of certain facilities and assets from unmanned aircraft (sec. 1694)

The Senate bill contained a provision (sec. 1682) that would provide an extension of the authority that exists in Title 10, United States Code, section 130i, for protection of Department of Defense facilities and assets associated with certain mission areas from unauthorized operation of unmanned aircraft.

The House amendment contained no similar provision.

The House recesses with an amendment that would extend the existing authority to the year 2023.

The conferees also direct the Secretary of Defense to provide a report to the congressional defense committees not later than April 1, 2020 that details how the Secretary plans to protect Department of Defense ammunition manufacturing facilities that are government-owned and contractor-operated from unauthorized overflight of unmanned aircraft not covered by the protection authority provided under Title 10, United States Code, section 130i, concerning protection of certain facilities and assets from unmanned aircraft. The report should also include recommendations, if appropriate, regarding any legislative authorities that may be required to protect these facilities.

Repeal of requirement for commission on electromagnetic pulse attacks and similar events (sec. 1695)

The House amendment contained a provision (sec. 1683) that would acknowledge the release of the Executive Order dated March 26, 2019, on coordinating national resilience to electromagnetic pulses (EMP), and repeal the requirement in section 1691 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) for a congressional commission on EMP.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would strike the findings.

Repeal of review requirement for ammonium perchlorate report (sec. 1696)

The House amendment contained a provision (sec. 1682) that would repeal the requirement for the Comptroller General of the United States to review the report required by section 1684(c) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The Senate bill contained no similar provision.

The Senate recesses.

Transferability of conventional prompt global strike weapon system technologies to surface-launched platforms (sec. 1697)

The House amendment contained a provision (sec. 1684) that would express the sense of Congress related to hypersonic weapon systems, prohibit any fiscal year 2020 funds for a submarine-launched conventional prompt global strike capability unless such capability is transferable to a surface-launched platform, and require the Secretary of the Navy to submit a report to the congressional defense committees on the programmatic changes required to integrate such a system into surface ships.

The Senate bill contained no similar provision.

The Senate recesses with amendments that would strike the sense of Congress and change the prohibition to a requirement that the Secretary of the Navy ensure that technologies developed for such a system are transferable to surface-launched platforms.

Prohibition on availability of funds for certain offensive ground-launched ballistic or cruise missile systems (sec. 1698)

The House amendment contained a provision (sec. 1270J) that would make a series of findings related to the U.S. withdrawal from the Intermediate-Range Nuclear Forces (INF) Treaty. The provision would also prohibit the use of any funds authorized to be appropriated by this Act for research and

development, procurement, or deployment of a ground-launched intermediate-range ballistic or cruise missile system, unless the Secretary of Defense submits a report to Congress related to the termination of the INF Treaty and the development or deployment of INF-range missile systems.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would strike the findings and modify the prohibition to apply only to fiscal year 2020 funds for procurement or deployment of such systems. The amendments would also separate the report from the prohibition, modify the required contents of the report, and apply a deadline of January 31, 2020.

Hard and deeply buried targets (sec. 1699)

The Senate bill contained a provision (sec. 1683) that would require the Chairman of the Joint Chiefs of Staff, in consultation with the Commander of U.S. Strategic Command, to submit to the congressional defense committees a classified report on hard and deeply buried targets associated with U.S. military operations plans, including an assessment of the ability of the United States to hold such targets at risk currently and as projected in 2030. The provision would also require the Secretary of Defense to develop a plan to ensure the United States possesses capabilities to pose a credible deterrent threat against such targets by 2025, and submit a recurring certification that such plan is being implemented.

The House amendment contained no similar provision.

The House recedes with amendments that would change the report to a briefing, strike the certification requirement, and add certain elements to the content of the briefing.

LEGISLATIVE PROVISIONS NOT ADOPTED

Intelligence assessment of relationship between women and violent extremism

The House amendment contained a provision (sec. 1614) that would require, not later than 180 days after the date of the enactment of this Act, and annually thereafter, the Director of National Intelligence, in consultation with the Secretary of Defense, the Secretary of State, and the head of any element of the intelligence community the Director determines appropriate, shall submit an intelligence assessment on the relationship between women and violent extremism and terrorism.

The Senate bill contained no similar provision.

The House recedes.

The conferees note that elsewhere in this Act is a provision that would require the Secretary of Defense to seek to enter into a contract with an independent research and development center to conduct an independent analysis on gender and violent extremism.

Modification of term of Commander of Air Force Space Command

The Senate bill contained a provision (sec. 1614) that would change the term of the Commander, Air Force Space Command, from 6 years to 4 years.

The House amendment contained no similar provision.

The Senate recesses.

Funding for Defense Counterintelligence and Security Agency

The House amendment contained a provision (sec. 1615) that would increase, by \$5,206,997 the amounts available in section 301 for Operation and Maintenance for Defense Security Service for the purposes of acquiring advanced cyber threat detection sensors, hunt and response mechanisms, and commercial cyber threat intelligence. The provision would include an offset in section 4101, for Integrated personnel and pay system.

The Senate amendment contained no similar provision.

The House recesses.

Report on potential Defense Intelligence Polygraph Examination Military Transition Program

The House amendment contained a provision (sec. 1616) that would require, not later than one year after the date of the enactment of this Act, the Comptroller General of the United States to submit a report assessing the feasibility of establishing a Defense Intelligence Polygraph Examination Military Transition Program for members of the Armed Services transitioning to civilian employment.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Comptroller General of the United States to submit a report not later than one year after the date of enactment of this Act to the Armed Services Committees of the House of Representatives and the Senate that assesses the advisability and feasibility of establishing a Defense Intelligence Polygraph Examination Military Transition Program for members of the Armed Forces transitioning to civilian employment. The report shall include, at a minimum, the following:

(1) A review of the feasibility of establishing a program in the Department of Defense under which members of the Armed Forces with an active top secret security clearance that provides for access to sensitive compartmented information and a current counterintelligence scope polygraph examination can be provided an opportunity to obtain an expanded scope polygraph (ESP) if the member receives a written offer of employment, subject to suitability or security vetting, with an element of the intelligence community or a contractor of such an element;

(2) The cost to the Department of Defense for implementing such program and whether such cost could be shared by other departments or agencies of the Federal Government or the private sector;

(3) The factors the Department needs to consider in determining whether such program would be viable;

(4) The obstacles that exist in implementing such program;

(5) Whether such a program could increase workforce diversity in the intelligence community;

(6) Whether such a program could increase or decrease retention among members of the Armed Forces serving in defense intelligence roles;

(7) Whether any changes are required to be made to policies of the Department or to Federal law to implement such a program;

(8) Identification of the current average length of time in the intelligence community to investigate and adjudicate an initial and a periodic update top secret security clearance that provides for access to sensitive compartmented information and conduct an expanded scope polygraph;

(9) Any other matters the Comptroller General deems relevant.

National Security Space Launch Program

The Senate bill contained a provision (sec. 1616) that would prohibit the Secretary of the Air Force from modifying the acquisition schedule for phase 2 of the National Security Space Launch (NSSL) program or from awarding missions to more than two launch service providers.

The House amendment contained a similar provision (sec. 1601) that would require the Secretary of the Air Force to stay on schedule for Phase 2 of the NSSL program, but would reopen competition after the first 29 launches of phase 2 and award \$500 million to providers that have not entered into a phase 2 contract for launch services occurring before fiscal year 2022, or have entered into a phase 2 contract but have not entered into a Launch Services Agreement, or both. The provision would

require the Secretary of the Air Force to notify Congress of its down select decision before the public announcement, and require a report on the total defense investments made for each awardee and how such investments were accounted for in the evaluation of the offers.

The conference agreement does not include either provision.

Cybersecurity Defense Academy pilot program

The House amendment contained a provision (sec. 1636) that would require the Secretary of Defense to carry out a pilot program to create a public-private partnership that would train and place veterans as cybersecurity personnel within the Department of Defense.

The Senate bill contained no similar provision.

The House recedes.

Expansion of authority for access and information relating to cyberattacks on Department of Defense operationally critical contractors

The Senate bill contained a provision (sec. 1644) that would amend section 391 of title 10, United States Code, to extend the ability of the Department of Defense (DOD) to react immediately to reports of intrusions that may affect critical DOD data.

The House amendment contained no similar provision.

The Senate recedes.

The conferees are sympathetic to the need for this additional authority, which the Department already has in the case of cleared defense contractors and which the Department requested via a legislative proposal. The Department relies on operationally critical contractors to move troops and supplies across the world, in peacetime and during conflict, and adversaries' cyberattacks on these critical contractors pose a genuine threat to the Department's conduct of operations. The conferees, however, are concerned that the Department's legislative proposal was not scoped in such a way that this authority would be operationalized through contractual mechanisms. The conferees are also concerned that the Department's broader efforts to improve the cybersecurity of its contractors and the Department's ability to respond in the event of a cyberattack are primarily focused on the defense industrial base as traditionally conceived of—namely, those companies that supply the Department's weapons systems. The cybersecurity of operationally critical contractors is at least as important as

that of traditional defense industrial base contractors, and the conferees seek greater clarity as to what efforts are underway to ensure their cybersecurity.

The conferees therefore direct the Commander of U.S. Transportation Command, the Under Secretary of Defense for Acquisition and Sustainment, the Chief Information Officer, and the Director of the Protecting Critical Technologies Task Force to brief the Committees on Armed Services of the Senate and House of Representatives, no later than 90 days after the enactment of this Act, on: (1) The expected use-case for the requested authority; (2) The expected implementation through contractual mechanisms of such an authority; (3) The need for and purpose of subsections (2) and (3) of the legislative proposal; and (4) How the Department is treating operationally critical contractors within its broader efforts to secure the defense industrial base against cyber attacks and respond, in the event of a cyberattack, more aggressively in its investigatory and counterintelligence actions.

The conferees look forward to this briefing and to legislating on this issue in the Fiscal Year 2021 National Defense Authorization Act.

Briefing on memorandum of understanding relating to joint operational planning and control of cyberattacks of national scale

The Senate bill contained a provision (sec. 1645) that would require the Secretary of Defense to provide a briefing, not later than March 1, 2020, to the congressional defense and homeland security committees on the Joint Department of Defense and Department of Homeland Security Memorandum of Understanding, signed by the Secretary of Defense on October 6, 2018.

The House amendment contained no similar provision.

The Senate recedes. The conferees direct the Secretary of Defense to provide to the Committees on Armed Services of the Senate and House of Representatives a briefing on the Joint Department of Defense and Department of Homeland Security Memorandum of Understanding signed by the Secretary of Defense on October 6, 2018.

The briefing shall include information on the following: (1) The number of planners assigned by the Department of Defense to line of effort three and line of effort four and the areas of expertise of those planners; (2) Whether these planners are physically co-located with their counterparts in the Department of Homeland Security and are assigned full-time or part-time to line of effort three and line of effort four; (3) Under what authority these planners have been assigned; (4) The status of

the development of operational plans and playbooks that will be implemented in response to actual cyberattacks of national scale; (5) The standing arrangements for interagency coordination and orchestration of response in the event of a cyberattack of national scale, including the status of the process established in Presidential Policy Directive-41 and the relevant principal, organization, and staff tasked with orchestrating a whole-of-government response; (6) The charter and implementation plan of the Joint Department of Defense and Department of Homeland Security Cyber Protection and Defense Steering Group; (7) The status of any Department of Defense cyber intelligence activities and operational preparation of the environment intended specifically to deter and disrupt adversary cyberattacks on United States critical infrastructure and planned in coordination with the Department of Homeland Security; (8) The current operational planning activities and standing arrangements between the Department of Defense and Department of Energy, including a determination as to whether the Secretary of Energy can directly request Defense Support of Civil Authorities; and (9) The status of implementing section 1650 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) on the pilot program authority to enhance cybersecurity and resilience of critical infrastructure.

Prohibition on availability of funds for deployment of low-yield ballistic missile warhead

The House amendment contained a provision (sec. 1646) that would prohibit the use of any funds authorized to be appropriated for fiscal year 2020 by this Act for deployment of the W76-2 warhead.

The Senate bill contained no similar provision.

The House recedes.

Sense of the Senate on industrial base for ground-based strategic deterrent program

The Senate bill contained a provision (sec. 1666) that would express the sense of the Senate on the importance of ensuring the viability of the industrial base for large solid rocket motors for the ground-based strategic deterrent program.

The House amendment contained no similar provision.

The Senate recedes.

The conferees encourage the Secretary of Defense to continue to consider the long-term health and viability of the

industrial base when structuring and awarding major procurement or development contracts.

Missile defense radar in Hawaii

The House amendment contained a provision (sec. 1667) that would allow the Missile Defense Agency to use research, development, test, and evaluation (RDT&E) funds for fiscal year 2020 to construct portions of the Homeland Defense Radar-Hawaii (HDR-H).

The Senate bill contained no similar provision.

The House recesses.

The conferees note that the Missile Defense Agency notified Congress that the HDR-H project has been delayed due to activities regarding the environmental impact statement. Due to these delays, the Department's previous legislative proposal requesting use of RDT&E funds for HDR-H radar elements would not be executable in fiscal year 2020.

Sense of the Senate on missile defense technology development priorities

The Senate bill contained a provision (sec. 1678) that would express the sense of the Senate on the importance of advanced missile defense technologies in preventing and defeating the rapidly expanding offensive missile threat.

The House amendment contained no similar provision.

The Senate recesses.

Modification to reports on certain solid rocket motors

The House amendment contained a provision (sec. 1681) that would modify the reporting requirement contained in section 1696 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to include the provision of space launch services, and to require coordination with the Administrator of the National Aeronautics and Space Administration.

The Senate bill contained no similar provision.

The House recesses.

Sense of Senate on support for a robust and modern ICBM force to maximize the value of the nuclear triad of the United States

The Senate bill contained a provision (sec. 6602) that would express the sense of the Senate in support of a robust and modern intercontinental ballistic missile (ICBM) force.

The House amendment contained no similar provision.
The Senate recesses.

The conferees note that, while the United States has reduced the number of deployed ICBMs in order to comply with New START limits, other countries have continued to enhance, enlarge, or modernize their ICBM forces.

TITLE XVII—REPORTS AND OTHER MATTERS

SUBTITLE A—STUDIES AND REPORTS

Modification of annual reporting requirement on defense manpower (sec. 1701)

The Senate bill contained a provision (sec. 1051) that would amend section 115a of title 10, United States Code, to rename, change the due date of, and modify the elements of the Defense Manpower Requirements Report. The provision would also require that the (renamed) Defense Manpower Profile Report be delivered to the Congress each year by April 1. Additionally, the provision would repeal reporting requirements related to contractor personnel, major military force unit justifications, support and overhead manpower functions, overseas manpower, medical personnel, and the military technician program. Finally, the provision would set separate due dates for reporting requirements related to major Department of Defense headquarters activities and the diversity of the Armed Forces.

The House amendment contained no similar provision.

The House recesses with an amendment that would repeal reporting requirements related to contractor personnel, major military force unit justifications, support and overhead manpower functions, and overseas manpower. Reports related to medical personnel and the military technician program would continue to be required to be submitted to the Congress.

Termination of requirement for submittal to Congress of certain recurring reports (sec. 1702)

The House amendment contained a provision (sec. 1073) that, effective on December 30, 2021, would terminate the requirement that the Department of Defense submit to the Congress any a recurring report required by an annual national defense authorization act enacted on or after December 30, 2016.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would eliminate the requirement for the Department of Defense to submit to

Congress the 10 reports specifically enumerated. In addition, the amendment would provide that except as expressly provided in the law, any report submitted to Congress pursuant to a provision of the National Defense Authorization Act shall be written by a civilian employee of the Federal Government, a member of the Armed Forces, or both, and not by a contractor. This limitation will take effect for reports enacted in law on or after the date that is three years after the date of the enactment of this Act. Not later than one year after the date of the enactment of this Act, the Secretary of Defense shall provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the actions to be taken to implement this limitation.

Modification of annual report on civilian casualties in connection with United States military operations (sec. 1703)

The Senate bill contained a provision (sec.1053) that would extend through December 31, 2025, the reporting requirement established by section 1057 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), as most recently amended by section 1062 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House amendment contained a similar provision (sec. 1063) that would modify and extend for ten years section 1057 of the fiscal year 2018 National Defense Authorization Act, as most recently amended by section 1062 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The Senate recedes with an amendment that would extend for 7 years section 1057 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), as most recently amended by section 1062 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) and add elements to the required report.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees not later than 45 days following the enactment of this Act identifying any instances from the preceding year in which an individual was determined to be a combatant solely based upon proximity to the intended target or location of a strike or other United States military direct action operation.

Extension of requirement for briefings on the national biodefense strategy (sec. 1704)

The Senate bill contained a provision (sec. 1084) that would amend section 1086(d) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) by extending to March 1, 2025, the requirement for annual briefings on the status and implementation plan of the National Biodefense Strategy.

The House amendment contained no similar provision.

The House recesses.

Authorization of appropriations for title III of the Defense Production Act of 1950 (sec. 1705)

The Senate bill contained a provision (sec. 6017) that would amend section 711 of the Defense Production Act of 1950 (50 U.S.C. 4561) to designate, for each of fiscal years 2020 through 2024, an additional \$117.0 million above the current authorization level of \$133.0 million for carrying out the provisions and purposes of the Defense Production Act.

The House amendment contained no similar provision.

The House recesses with an amendment that would make technical changes and require an annual briefing to congressional committees on such activities.

Report on the Department of Defense plan for mass-casualty disaster response operations in the Arctic (sec. 1706)

The Senate bill contained a provision (sec. 1056) that would require the Secretary of Defense, in coordination with the Secretary of Homeland Security, to submit a report on the plan of the Department of Defense for assisting mass-casualty disaster response operations in the Arctic.

The House amendment contained no similar provision.

The House recesses.

Transmittal to Congress of requests for assistance from other departments of the Federal Government that are approved by the Department of Defense (sec. 1707)

The Senate bill contained a provision (sec. 1058) that would require the Secretary of Defense to transmit electronically requests for assistance received from the Department of Homeland Security or the Department of Health and Human Services to the Committees on Armed Services of the Senate and the House of Representatives not later than 7 calendar days after receiving those requests. The provision also requires the Secretary to transmit any responses to such requests.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Report and briefing on implementation of national defense strategy (sec. 1708)

The House amendment contained two provisions (secs. 1052 and 1074) that would facilitate implementation of the National Defense Strategy (NDS) by requiring the Department of Defense to review its operational concepts and plans regarding strategic competitors on matters identified in the NDS.

The Senate recesses with an amendment that would require two independent studies, to be performed by a federally funded research and development center and an independent, non-governmental institute, on the development of joint operational concepts within the Department of Defense.

The conferees note the pivotal importance of NDS implementation to national security and strongly encourage the Department of Defense to continue to construct and validate new joint operational concepts to accomplish the objective of deterring and, if necessary, defeating strategic competitors.

Actions to increase analytic support (sec. 1709)

The House amendment contained a provision (sec. 1053) that would require the Department to provide an assessment of the decision support capacity, specifically the analytic expertise resident within the Department, to link National Defense Strategy (NDS) objectives to innovative approaches to meet future challenges.

The Senate bill contained a provision (sec. 1052) that would require a report from the Department of Defense on the plan and processes the Department is setting forth to provide analytic support to senior leaders for force planning, as it relates to implementing the NDS.

The Senate recesses with a clarifying amendment.

The conferees note the fundamental importance of underlying analytic capability to the effective implementation of the NDS as well as to making fully-informed and timely decisions regarding national security.

Inclusion of certain individuals investigated by Inspectors General in the semiannual report (sec. 1710)

The House amendment contained a provision (sec. 1064) that would require the Office of the Inspector General of the Department of Defense to include in its quarterly reports, the already-public names of senior officials who commit misconduct.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would modify section 5(a)(19) of the Inspector General Act of 1978 (Public Law 95-452), to require an Inspector General to include in semiannual reports, a report on each investigation conducted by the Office involving a senior Government employee against whom allegations of misconduct were substantiated, including the name of the senior government official (as that term is defined by the department or agency), if already made public, together with: (1) The facts and circumstances of the investigation; and (2) The status and disposition of the matter, including if it was referred to the Department of Justice and that department's action on the referral.

Annual report on Joint Military Information Support Operations Web Operations Center (sec. 1711)

The House amendment contained a provision (sec. 1065) that would require the Commander of U.S. Special Operations Command to provide an annual report to the congressional defense committees not later than March 1 of each year on the Joint Military Information Support Operations Web Operations Center.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Mobility capability requirements study (sec. 1712)

The House amendment contained a provision (sec. 1066) that would require the Assistant Secretary of Defense for Special Operations/Low-Intensity Conflict and the Commander, U.S. Transportation Command, to submit a report and a briefing to the House Committee on Armed Services by January 1, 2021, with an interim update by June 1, 2020, assessing the operational risk for meeting the mobility requirements of the geographic combatant commanders.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Assessment of special operations force structure (sec. 1713)

The House amendment contained a provision (sec. 1067) that would require the Secretary of Defense not later than 30 days after the date of enactment of this Act to enter into an agreement with a federally funded research and development center for the conduct of an independent assessment of the force structure and roles and responsibilities of special operations forces.

The Senate bill contained no similar provision.
The Senate recedes with a technical amendment.

Army aviation strategic plan and modernization roadmap (sec. 1714)

The House amendment contained a provision (sec. 1068) that would require the Secretary of the Army to develop a comprehensive strategic plan for Army aviation and to provide a report to Congress containing the required comprehensive strategic plan and an analysis of sustainment and modernization decisions to meet such plan.

The Senate bill contained no similar provision.
The Senate recedes with a technical amendment.

Report on ground based long-range artillery to counter land and maritime threats (sec. 1715)

The House amendment contained a provision (sec. 1069) that would require the Secretary of Defense to provide a report to the Committees on Armed Services of the Senate and House of Representatives on the efforts of the Army and Marine Corps to develop and deploy ground-based long-range rocket and cannon artillery to counter land and maritime threats.

The Senate bill contained no similar provision.
The Senate recedes with a technical amendment.

Independent review of transportation working-capital fund (sec. 1716)

The House amendment contained a provision (sec. 1070) that would require the Secretary of Defense, in coordination with the Secretaries of the military departments, to contract with an independent federally funded research and development center to conduct a review of the Transportation Working Capital Fund of the U.S. Transportation Command.

The Senate bill contained no similar provision.
The Senate recedes.

Geographic command risk assessment of proposed use of certain aircraft capabilities (sec. 1717)

The House amendment contained a provision (sec. 1071) that would require selected commanders of geographic combatant commands to provide a report to the congressional defense committees not later than March 31, 2020, that assesses the level of operational risk posed by the plans of the Department

of the Air Force and the Department of the Navy to provide a mix of fifth generation and advanced fourth generation tactical aircraft capabilities to meet each commanders' contingency and steady-state operational requirements.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Report on the backlog of personnel security clearance adjudications (sec. 1718)

The House amendment contained a provision (sec. 1076) that would require the Suitability Executive Agent to submit a report to Congress on the backlog of personnel security clearance adjudications.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Security Executive Agent, in coordination with members of the Performance Accountability Council, to submit a report to Congress on the backlog of personnel security clearance adjudications conducted by all Government agencies that adjudicate decisions for security clearances.

Report regarding outstanding Government Accountability Office recommendations (sec. 1719)

The House amendment contained a provision (sec. 1080C) that would direct the Secretary of Defense to report to Congress on the priority recommendations of the Comptroller General of the United States regarding matters of the Department of Defense.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to report on priority recommendations that have not yet been implemented due to funding limitations and the estimated costs associated with implementing such recommendations.

Report on National Guard and United States Northern Command capacity to meet homeland defense and security incidents (sec. 1720)

The Senate bill contained a provision (sec. 6010) that would require, not later than September 30, 2020, the Chief of the National Guard Bureau, in consultation with the Commander of United States Northern Command (NORTHCOM), to provide a report that assesses National Guard and NORTHCOM resources and readiness.

The House amendment contained an identical provision (sec. 520C).

The conference agreement includes this provision.

Assessment of standards, processes, procedures, and policy relating to civilian casualties (sec. 1721)

The House amendment contained a provision (sec. 1087) that would require the Secretary of Defense to enter into an agreement with a federally funded research and development center for conduct of an independent assessment of the sufficiency of Department of Defense standards, processes, procedures, and policy relating to civilian casualties resulting from United States military operations.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

When conducting the assessment required by this provision, the conferees encourage the selected federally funded research and development center to consider whether and how pre-strike Collateral Damage Estimates are factored in to post-strike analysis and investigations. The conferees also commend the Department for their ongoing efforts to engage and consider the views of non-governmental organizations on issues surrounding civilian casualties and potential methods to mitigate such events, and encourage this necessary engagement to continue as the results of this assessment are considered and incorporated into Department of Defense policy.

Report on transfers of equipment to prohibited entities (sec. 1722)

The House amendment contained a provision (sec.1061) that would amend chapter 16 of title 10, United States Code, to require an annual report on transfers of equipment to prohibited entities. The provision would also require the Secretary of Defense not later than March 1, 2020 to submit a report to specified congressional committees on the transfer of defense articles during the period beginning on January 1, 2015 and ending on the date of enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require not later than March 1, 2021 and each subsequent year through 2025, the Secretary of Defense, in coordination with the Secretary of State, to submit a report to specified congressional committees on transfers of equipment to prohibited entities.

Annual report on strikes undertaken by the United States against terrorist targets outside areas of active hostilities (sec. 1723)

The House amendment contained a provision (sec. 1072) that would require an annual report to congress not later than May 1 of each year on the number of strikes undertaken by the United States against terrorist targets outside areas of active hostilities during the preceding calendar year, as well as assessments of combatant and non-combatant deaths resulting from those strikes.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Director of National Intelligence and the Secretary of Defense to jointly submit to congress an annual report not later than May 1, 2020 and for two years thereafter on the number of strikes undertaken by the United States against terrorist targets outside areas of active hostilities during the preceding calendar year, as well as assessments of combatant and non-combatant deaths resulting from those strikes.

Review and assessment of mitigation of military helicopter noise (sec. 1724)

The House amendment contained a provision (sec. 1096) that would require the Secretary of Defense to develop a noise inquiry website to assist in directing mitigation efforts.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to conduct a study on the causes and effects of military helicopter noise on the National Capital Region.

SUBTITLE B—OTHER MATTERS

Technical, conforming, and clerical amendments (sec. 1731)

The House amendment contained a provision (sec. 1081) that would make a number of technical, conforming, and clerical amendments of a non-substantive nature to existing law.

The Senate bill contained no similar provision.

The Senate recedes with technical amendments.

Establishment of lead Inspector General for an overseas contingency operation based on Secretary of Defense notification (sec. 1732)

The Senate Bill contained a provision (sec. 6511) that would amend section 113 of title 10, United States Code, to require the Secretary of Defense to provide written notification to the Chair of the Council of Inspectors General on Integrity and Efficiency of the commencement or designation of a military operation as an overseas contingency operation, so as to facilitate the Chair's timely designation of a Lead Inspector General for that overseas contingency operation.

The House amendment contained no similar provision.

The House recesses.

Clarification of authority of Inspectors General for overseas contingency operations (sec. 1733)

The Senate bill contained a provision (sec. 6512) that would amend section 8L(d)(2) of the Inspector General Act of 1978 (5 U.S.C. App), to enhance cooperation among Inspectors General and encourage comprehensive oversight of any contingency operation. The provision provides that upon request by the Inspector General with principal jurisdiction over a matter with respect to a contingency operation, and with the approval of the lead Inspector General, an Inspector General specified in the Act may provide investigative support or conduct an independent investigation of any allegation of criminal activity by any United States person or agent in the applicable theater of operations.

In the case of a determination by the lead Inspector General that no Inspector General has principal jurisdiction over a matter with respect to a contingency operation, the lead Inspector General may conduct an independent investigation of such criminal allegations, or request that an Inspector General specified in the Act do so.

Finally, the provision clarifies that any Inspector General responsible for conducting oversight of any program or operation performed in support of a contingency operation may coordinate such activities with, and provide information requested by the lead Inspector General.

The House amendment contained no similar provision.

The House recesses.

Employment status of annuitants for Inspectors General for overseas contingency operations (sec. 1734)

The Senate bill contained a provision (sec. 6513) that would amend section 8L(d) of the Inspector General Act of 1978 (5 U.S.C. App.) to permit an annuitant receiving an annuity under the Foreign Service Retirement and Disability System or

the Foreign Service Pension System to continue to receive a foreign service annuity while reemployed by an Inspector General for an overseas contingency operation.

Further, the provision establishes that upon completion of 2 years of continuous service in the employ of a lead Inspector General for an overseas contingency operation, an employee acquires competitive status for appointment to any position in the competitive service for which he or she possesses the requisite qualifications. This enhanced appointment authority will sunset as to persons first employed by a lead Inspector General for an overseas contingency operation more than 2 years after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recedes.

Extension of National Security Commission on Artificial Intelligence (sec. 1735)

The Senate bill contained a provision (sec. 1042) that would delay the termination of the National Security Commission on Artificial Intelligence to March 1, 2021, and amend the due dates of the Commission's reports.

The House amendment contained a provision (sec. 1083) that would delay the termination of the National Security Commission on Artificial Intelligence to March 1, 2021, and amend the due date of the Commission's first report.

The House recedes with an amendment that would modify the termination date and add an authority to accept gifts.

The conferees are pleased that the National Security Commission on Artificial Intelligence has begun executing its critical mandate with resolve and purpose. The original intent of the conferees was to create a Commission with limited duration and minimal staffing and with status as an independent entity. The conferees acknowledge the President of the United States' signing statement of August 13, 2018, that the Commission will be treated as an independent entity, separate from the executive branch due to its legislative branch appointees and the necessity to uphold the separation of powers. The conferees direct the Secretary of Defense to provide appropriate resources to enable the Commission to process and support security classification and administrative related issues as well as comply with other legal requirements.

Exemption from calculation of monthly income, for purposes of bankruptcy laws, of certain payments from the Department of Veterans Affairs and the Department of Defense (sec. 1736)

The Senate bill contained a provision (sec. 6004) that would amend section 101(10A) of title 11, United States Code, by exempting payments provided by the Department of Veterans Affairs and the Department of Defense in connection with a disability, combat-related injury or disability, or death of a member of the uniformed services from being included in bankruptcy calculations.

The House amendment contained an identical provision (sec. 1099K).

The conference agreement includes this provision.

Extension of postage stamp for breast cancer research (sec. 1737)

The House amendment contained a provision (sec. 1085) that would amend section 414(h) of title 39, United States Code, by extending the postage stamp for breast cancer research to 2027.

The Senate bill contained no similar provision.

The Senate recesses.

National Commission on Military Aviation Safety (sec. 1738)

The Senate bill contained a provision (sec. 1085) that would extend the reporting date for the National Commission on Aviation Safety from March 1, 2020, until December 1, 2020. It would also authorize an additional \$3.0 million for the Commission to conduct its work.

The House amendment included a similar provision (sec. 1084) that would extend the reporting date and provide an additional authorization of \$3.0 million.

In addition, the House provision would require a report from the Secretary of Defense within 120 days after the Commission submits its report that would include: (1) an assessment of the findings and conclusions of the Commission; (2) the plan of the Secretaries for implementing the recommendations of the Commission; and (3) any other actions taken or planned by the Secretary of Defense or the Secretary of any of the military departments to improve military aviation safety.

The Senate recesses.

The conferees understand that the Commission is relying heavily on the services' safety centers for data, which is appropriate. However, the conferees also understand that the Commission may be intending to rely solely on the safety centers for analysis of that data. The conferees believe it is important for the Commission to conduct its own independent

analysis of the data in order to develop its own set of conclusions and recommendations.

Guarantee of residency for spouses of members of uniformed services (sec. 1739)

The Senate bill contained a provision (sec. 1083) that would amend title VI of the Servicemembers Civil Relief Act (50 U.S.C. 4021 et seq.) to allow a spouse of a servicemember to elect the same residence as the servicemember for any purpose regardless of the date on which the marriage occurred.

The House amendment contained no similar provision.

The House recedes with an amendment that would allow a spouse of a servicemember to elect the same residence as the servicemember for any purpose, to include the registration of a business, regardless of the date on which the marriage occurred.

Electromagnetic pulses and geomagnetic disturbances (sec. 1740)

The Senate bill contained a provision (sec. 6006) that would make a series of modifications to section 320 of the Homeland Security Act of 2002 (6 U.S.C. 195f), to improve preparedness for and resilience to the effects of electromagnetic pulses and geomagnetic disturbances. The provision would also require the Secretary of Homeland Security, in coordination with other relevant agency officials, to submit several reports to the appropriate congressional committees.

The House amendment contained no similar provision.

The House recedes with a series of technical and clarifying amendments.

Improvements to Manufacturing USA Program (sec. 1741)

The Senate bill contained a provision (sec. 6008) that would amend section 34 of the National Institute of Standards and Technology Act (15 U.S.C. 278s) to provide various improvements in the Manufacturing USA program, including eliminating funding limits for high performing institutes, adding new networks in innovate sectors such as advanced sensors, increasing interagency collaboration, and facilitating the development of standards-based certifications.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment.

The conferees note the importance of the Hollings Manufacturing Extension Partnership Program in providing education, guidance, and technical assistance to strengthen the cybersecurity of small- and medium-sized manufacturers that

provide goods or services in the supply chain for the Department of Defense and encourage the Secretary of Defense to continue work with this program to strengthen the industrial base.

Regional innovation program (sec. 1742)

The Senate bill contained a provision (sec. 6009) that would amend section 3722 of title 15, United States Code, to revise the regional innovation program, including replacing regional innovation clusters with regional innovation initiatives and authorizing the Secretary of Commerce to use up to \$50.0 million of appropriated funds to carry out the program in each of the fiscal years 2020 through 2024.

The House amendment contained no similar provision.

The House recedes with clarifying amendments.

Aviation workforce development (sec. 1743)

The Senate bill contained a provision (sec. 6019) that would amend Section 625(c)(1) of the FAA Reauthorization Act of 2018 (P.L. 115-254).

The House amendment contained no similar provision.

The House recedes.

Oversight of Department of Defense execute orders (sec. 1744)

The Senate bill contained a provision (sec. 1033) that would require the Secretary of Defense, except in extraordinary circumstances, to provide the congressional defense committees with an execute order approved by the Secretary of Defense or a combatant commander for review within 30 days of receiving a written request from the Chairman or Ranking Member of any such committee.

The House amendment contained a provision (sec. 1082) that would add a new section in chapter 2 of title 10, United States Code, requiring the Secretary of Defense to provide to the Chairman and Ranking Member of each of the congressional defense committees, and their designated staff with the appropriate security clearance, copies of each execute order issued by the Secretary or by a commander of a combatant command before the date of the enactment of this Act, and within 30 days of issuing an execute order after the date of the enactment of this Act.

The House recedes with an amendment that would require the Secretary of Defense, except in extraordinary circumstances, to provide to the congressional defense committees an execute order that has been approved by the Secretary of Defense or a combatant commander for review and a detailed briefing on the

requested execute order within 30 days of receiving written request from the Chairman or Ranking Member of any such committee. The provision would also require that, not later than 30 days after the date on which the budget of the President is submitted to Congress under section 1105(a) of title 31, United States Code, and every 90 days thereafter, the Secretary of Defense submit to the congressional defense committees a comprehensive report identifying and summarizing all execute orders approved by the Secretary or the commander of a combatant command in effect for the Department of Defense as of the date of the report.

Processes and procedures for notifications regarding special operations forces (sec. 1745)

The House amendment contained a provision (sec. 1086) that would mandate the Secretary of Defense establish and submit processes and procedures for providing notifications to the congressional defense committees regarding members of special operations forces. This section would also mandate that the processes and procedures include clarification of the roles and responsibilities of the Secretaries of the military departments, the Assistance Secretary of Defense for Special Operations and Low Intensity Conflict, and the Commander of U.S. Special Operations Command in providing such notifications to Congress.

The Senate bill contained no similar provision.

The Senate recedes.

Securing American science and technology (sec. 1746)

The House amendment contained a provision (sec. 1089) that would establish an interagency working group to coordinate activities for the protection of federally funded research and development from foreign interference while accounting for an exchange of ideas and for the international talent required for scientific progress and American leadership in science.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would: (1) Modify the membership of the working group; (2) Modify the responsibilities of the working group; (3) Require the Director of the Office of Science and Technology Policy to develop and issue policy guidance; and (4) Establish a roundtable sunset.

Standardized policy guidance for calculating aircraft operation and sustainment costs (sec. 1747)

The House amendment contained a provision (sec. 1090) that would require the Under Secretary of Defense for Acquisition and Sustainment to develop and implement standardized policy guidance for calculating aircraft operation and sustainment costs for the Department of Defense.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the standardized policy guidance to include a calculation of the average annual operational and sustainment cost per aircraft and other cost metrics as considered appropriate by the Under Secretary.

Special Federal Aviation Regulation Working Group (sec. 1748)

The House amendment contained a provision (sec. 1091) that would require the Secretary of Defense, the Secretary of Transportation, and the Secretary of State to establish a Special Federal Aviation Regulation interagency working group to review the current options for the Department of Defense to use contracted U.S. civil aviation to provide support for Department of Defense missions in areas where a Federal Aviation Administration Special Federal Aviation Regulation is in effect.

The Senate bill contained no similar provision.

The Senate recedes.

Prohibition on names related to the Confederacy (sec. 1749)

The House amendment contained a provision (sec. 1092) that would prohibit the Secretary of Defense from naming any asset that refers to, or include a term referring to, the Confederate States of America.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would explicitly state that nothing in this provision may be construed as requiring the Secretary concerned to initiate a review of previously named assets.

Support for National Maritime Heritage Grants program (sec. 1750)

The House amendment contained a provision (sec. 1099F) that would allow the Secretary of Defense to contribute up to \$5.0 million to provide support for the National Maritime Heritage Grants program under section 308703 of title 54, United States Code.

The Senate bill contained no similar provision.

The Senate recesses.

Support for world language advancement and readiness (sec. 1751)

The House amendment contained a provision (sec. 1099N) that would authorize the Secretary of Defense to make grants to eligible entities to carry out innovative model programs providing for the establishment, improvement, or expansion of world language study for elementary school and secondary schools.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would authorize the Secretary of Defense to provide support to eligible entities for the establishment, improvement, or expansion of world language study for elementary school and secondary school students.

Designation of Department of Defense strategic Arctic ports (sec. 1752)

The Senate bill contained a provision (sec. 1041) that would require the Secretary of Defense, in consultation with the Chairman of the Joint Chiefs of Staff, the Commanding General of the United States Army Corps of Engineers, the Commandant of the Coast Guard, and the Administrator of the Maritime Administration, to submit a report to the congressional defense committees evaluating potential sites for one or more strategic ports in the Arctic region. The provision would also require the Secretary of Defense to designate one or more ports as Department of Defense Strategic Arctic Ports not later than 90 days after the submission of the report.

The House amendment contained a similar provision (sec. 1099T) that would require the same report outlined in the Senate bill, and based on that report the Secretary of Defense may designate one or more ports as Department of Defense Strategic Arctic Ports not later than 90 days after the submission of the report.

The Senate recesses.

Independent studies regarding potential cost savings with respect to the nuclear security enterprise and force structure (sec. 1753)

The House amendment contained a provision (sec. 1099Y) that would require the Comptroller General of the United States to conduct a report with cost analyses on options for reducing the nuclear security enterprise, options for reductions in

services contracts, options for rebalancing force structure and the force mix between active and reserve components, options for reducing or realigning overseas military presence, options for the use of pre-award audits, and options for replacing military personnel with civilian employees.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense enter into contracts with two federally funded research centers to conduct independent reviews of alternative defense postures that achieve U.S national security objectives and could produce cost savings. These reviews will examine alternative nuclear deterrence postures with increased and decreased force posture levels, changes to conventional force structure and posture, alterations to the mix of military and civilian workforces, and options for reducing services contracts. The amendment also requires a briefing by the Comptroller General of the United States on open recommendations for cost savings at the Department of Defense.

Comprehensive Department of Defense policy on collective self-defense (sec. 1754)

The Senate bill contained a provision (sec. 1032) that would require the Secretary of Defense to prescribe a comprehensive written policy for the Department of Defense on the issuance of authorization of, and the provision by members and units of the United States Armed Forces of, collective self-defense to designated foreign nationals, their facilities, and their property.

The House amendment contained no similar provision.

The House recedes.

Policy regarding the transition of data and applications to the cloud (sec. 1755)

The Senate bill contained a provision (sec. 1035) that would require the Chief Information and Chief Data Officers of the Department of Defense to develop and implement a policy relating to the transition of data and applications to the cloud under the Department's cloud strategy.

The House amendment contained no similar provision.

The House recedes.

Integrated public alert and warning system (sec. 1756)

The Senate bill contained a provision (sec. 6012) that would require the Administrator of the Federal Emergency

Management Agency to develop minimum requirements for State, Tribal, and local governments to participate in the public alert and warning system.

The House amendment contained no similar provision.

The House recesses with an amendment to clarify the definition of "appropriate congressional committees" and to include a false alert reporting requirement.

Improving quality of information in background investigation request packages (sec. 1757)

The Senate bill contained a provision (sec.6014) that would require, not later than 180 days after the date of the enactment of this Act, the Director of the Defense Counterintelligence and Security Agency, in consultation with the Security, Suitability, and Credentialing Performance Accountability Council, submit a report on metrics and best practices in the background investigation process. The provision would also require, not later than 270 days after the date of the enactment of this Act, and annually thereafter, the Security, Suitability, and Credentialing Performance Accountability Council to report on performance against the metrics and return rates identified in the provision. The provision would also require the subsequent identification of agencies in need of improvement and plans to improve performance.

The House amendment contained no similar provision.

The House recesses.

Parole in place for members of the Armed Forces and certain military dependents (sec. 1758)

The House amendment contained a provision (sec. 1099C) that would establish the eligibility of a non-citizen member of the Armed Forces, as well as that servicemember's spouse, widow, widower, parent, son, or daughter, for "parole in place" under section 212(d)(5) of the Immigration and Nationality Act. Further, the provision would express the sense of Congress as to the value of family unity in promoting the readiness and mission accomplishment in the Armed Forces, and reaffirm the parole in place authority of the Secretary of Homeland Security.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Homeland Security to consider, on a case-by-case basis, whether granting the request of a member of the Armed Forces for parole in place would enable military family unity that would constitute a significant public benefit. The

Secretary of Homeland Security would apply like consideration to parole in place requests from the spouse, son, daughter, or parent of a member of the Armed Forces, and from the widow, son, daughter, or parent of a member of the Armed Forces who is deceased. Further, the amendment sets forth the sense of Congress that: (1) parole in place reinforces the objective of military family unity; (2) except as required in furtherance of the missions of the Armed Forces, disruption to military family unity should be minimized in order to enhance military readiness; and (3) the importance of the parole in place authority of the Secretary of Homeland Security is reaffirmed.

Report on reducing the backlog in legally required historical declassification obligations of the Department of Defense (sec. 1759)

The House amendment contained a provision (sec. 1098) that would require that not later than 120 days after the date of the enactment of this Act, the Secretary of Defense, the Secretary of State, and the Director of the Central Intelligence Agency each shall submit to the appropriate congressional committees, a report detailing progress made by the Secretary or the Director, as the case may be, toward reducing the backlog in legally required historical declassification obligations.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would scope the requirement such that only the Secretary of Defense need submit a report, and that the Secretary's report would be submitted only to the Committees on Armed Services of the Senate and the House of Representatives.

Military type certification for light attack experimentation aircraft (sec. 1760)

The House amendment contained a provision (sec. 1095) that would require the Secretary of the Air Force to make available and conduct military type certifications for light attack aircraft participating in the experiment as needed.

The Senate bill contained a similar provision (sec. 146) that would require the Secretary of the Air Force to conduct a Military Type Certification for AT-6 and A-29 Light Attack Experimentation Aircraft.

The Senate recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Short title

The House amendment contained provisions (sec. 1051) that would establish that this subtitle may be cited as "the National Defense Strategy Implementation Act."

The Senate bill contained no similar provision.

The House recesses.

Definitions

The House amendment contained a provision (sec. 1054) that would define the terms "operational challenges" and "strategic competitors" for the purposes of this subtitle.

The Senate bill contained no similar provision.

The House recesses.

No Force and Effect

The Senate bill contained two provisions (secs. 5546 and 5585) that would provide respectively that: (1) Part III of subtitle D of title V of the bill, and the amendments made by that part, would have no force and effect; and (2) Section 585 of the bill would have no force and effect.

The House amendment contained no similar provisions.

The Senate recesses.

DIVISION B—MILITARY CONSTRUCTION AUTHORIZATIONS

Summary and explanation of funding tables

Division B of this Act authorizes funding for military construction projects of the Department of Defense. It includes funding authorizations for the construction and operation of military family housing as well as military construction for the reserve components, the defense agencies, and the North Atlantic Treaty Organization Security Investment Program. It also provides authorization for the base closure accounts that fund military construction, environmental cleanup, and other activities required to implement the decisions in base closure rounds. The tables contained in this Act provide the project-level authorizations for the military construction funding authorized in Division B of this Act and summarize that funding by account.

The conferees continue to believe in the value and appropriateness of providing a full authorization but incremental authorization of appropriations for certain military construction projects. The conferees believe incremental funding of large and complex military construction projects enables the Department to execute additional infrastructure projects in a fiscal year, enables continuous congressional oversight, and provides opportunities to adjust the authorization of appropriations level for projects should issues arise or requirements change over the course of construction. In instances where the conference agreement provides full authorization but incremental authorization of appropriations for certain military construction projects, the committee expects the Department to award these projects in the year of authorization and not defer award until the full appropriation amount is received.

Short title (sec. 2001)

The Senate bill contained a provision (sec. 2001) that would designate division B of this Act as the ``Military Construction Authorization Act for Fiscal Year 2020.``

The House amendment contained an identical provision (sec. 2001).

The conference agreement includes this provision.

Expiration of authorizations and amounts required to be specified by law (sec. 2002)

The Senate bill contained a provision (sec. 2002) that would establish the expiration date for authorizations in this Act for military construction projects, land acquisition, family housing projects, and contributions to the North Atlantic Treaty Organization Security Investment Program as of October 1, 2024, or the date of the enactment of an act authorizing funds for military construction for fiscal year 2025, whichever is later.

The House amendment contained a similar provision (sec. 2002).

The House recedes.

Effective date (sec. 2003)

The Senate bill contained a provision (sec. 2003) that would provide an effective date for titles XXI through XXVII and title XXIX of October 1, 2019, or the date of the enactment of this Act, whichever is later.

The House amendment contained a similar provision (sec. 2003).

The House recesses.

TITLE XXI—ARMY MILITARY CONSTRUCTION

Summary

The budget request included \$1,453,499,000 for Army military construction and \$499,279,000 for family housing for fiscal year 2020. The conference agreement includes authorization of appropriations of \$1,270,999,000 for military construction and \$604,012,000 for family housing for the Army in fiscal year 2020.

The agreement includes authorization and authorization of appropriations for 3 military construction projects that were not included in the budget request but submitted to the congressional defense committees as part of the Army's unfunded requirements list. These projects include: \$40.0 million for an Air Traffic Control Tower and Terminal at Kwajalein Atoll; \$21.0 million for a Railhead at Fort Drum, New York; and \$18.5 million for a Vehicle Bridge at Fort Hood, Texas.

The agreement also includes authorization and authorization of appropriations of \$27.0 million for the Secretary of the Army to carry out Child Development Center projects, with prior notification to the congressional defense committees. The conferees recommend the Secretary use this authority to alleviate issues with the condition and capacity of Child Development Centers in support of military families.

The agreement provides for full authorization and incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: Cyber Instruction Facility (Admin/Command) at Fort Gordon, Georgia; and the General Instruction Building at Carlisle Barracks, Pennsylvania.

The agreement provides an additional \$5,000,000 for Family Housing, Construction Army Planning and Design for the housing pilot program mandated in this Act.

Finally, the conferees note that the budget request included \$211.0 million in Army military construction as a placeholder to support the Army, Navy, Marine Corps, and Air Force response to the challenges facing the management and oversight of Military Housing Privatization Initiative developments. The conferees support additional resources to hire additional civilian personnel at the headquarters and installation level to improve the management and oversight of

MHPI developments. The conferees also support applying additional resources towards improved maintenance of government-owned and operated housing units. However, the conferees believe these resources should be directed to the appropriate military departments' family housing accounts. Therefore, the agreement recommends a reduction of \$211.0 million from the placeholder, but an increase of \$54.7 million for Army Family Housing Maintenance and \$45.0 million for Army Housing Privatization Support.

Authorized Army construction and land acquisition projects (sec. 2101)

The Senate bill contained a provision (sec. 2101) that would authorize military construction projects for the active component of the Army for fiscal year 2020. The authorized amount is listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2101) that would also require the Secretary of Defense to provide a study of near-term facility alternatives to house high value detainees current detained at Naval Station Guantanamo Bay, Cuba.

The Senate recesses with a technical amendment.

Family housing (sec. 2102)

The Senate bill contained a provision (sec. 2102) that would authorize new construction, planning, and design of family housing units for the Army for fiscal year 2020. This provision would also authorize funds for facilities that support family housing, including housing management offices, housing maintenance, and storage facilities.

The House amendment contained a similar provision (sec. 2102).

The Senate recesses.

Authorization of appropriations, Army (sec. 2103)

The Senate bill contained a provision (sec. 2103) that would authorize appropriations for the active component military construction and family housing projects of the Army authorized for construction for fiscal year 2020. This provision would also provide an overall limit on the amount authorized for military construction and family housing projects for the active component of the Army. The state list contained in this report

is the binding list of the specific projects authorized at each location.

The House amendment contained an identical provision (sec. 2103).

The conference agreement includes this provision.

Modification of authority to carry out certain fiscal year 2019 projects (sec. 2104)

The Senate bill contained a provision (sec. 2104) that would modify the authorization contained in section 2101(a) of the Military Construction Authorization Act for Fiscal Year 2019 (division B of Public Law 115-232) for the construction of a weapon maintenance shop at Anniston Army Depot, Alabama.

The House bill contained a similar provision (sec. 2104).

The Senate recedes.

TITLE XXII—NAVY MILITARY CONSTRUCTION

Summary

The budget request included \$2,805,743,000 for Navy and Marine Corps military construction and \$365,531,000 for family housing for fiscal year 2020. The conference agreement includes authorization of appropriations of \$2,774,961,000 for military construction and \$479,864,000 for family housing for the Navy and Marine Corps in fiscal year 2020.

The agreement includes authorization and authorization of appropriations for 13 military construction projects that were not included in the budget request but submitted to the congressional defense committees as part of the United States Indo-Pacific Command, Navy, and Marine Corps' unfunded requirements list. These projects include: \$99.6 million for a Bachelor Enlisted Quarters at Yuma, Arizona; \$79.0 million for an Aircraft Paint Complex at Coronado, California; \$74.6 million for a Machinery Control Development Center at Philadelphia, Pennsylvania; \$60.0 million for a MH-60 & CMV-22B Corrosion Control and Paint Facility at Norfolk, Virginia; \$59.0 million for NMC Ordnance Facilities Recapitalization, Phase 1 at Yorktown, Virginia; \$50.0 million for the first increment of an Aircraft Parking Apron at Darwin, Australia; \$48.0 million for the Seawolf Service Pier Cost-to-Complete at Kitsap, Washington; \$37.4 million for a Child Development Center at Miramar, California; \$37.2 million for Range Improvements & Modernization Phase 3 at Parris Island, South Carolina; \$28.0 million for a Missile Magazine at Seal Beach, California; \$18.7 million for a Police Station and EOC Facility at Blount Island, Florida; \$15.0

million for an Air Traffic Control Tower at Saint Inigoes, Maryland; and \$9.9 million for a PMO Facility Repair at San Diego, California.

The agreement provides for full authorization and incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: I MEF Consolidated Information Center at Camp Pendleton, California; Ammunition Pier at Seal Beach, California; Master Time Clocks & Operations Facility at the Naval Observatory in the District of Columbia; Bachelor Enlisted Quarters at Joint Region Marianas, Guam; Bachelor Enlisted Quarters at Kaneohe Bay, Hawaii; Pier 5 (Berths 2 and 3) at Yokosuka, Japan; II MEF Operations Center Replacement at Camp Lejeune, North Carolina; and Wargaming Center at Quantico, Virginia.

The agreement also includes authorization and authorization of appropriations of \$62.4 million for the Secretary of the Navy to carry out Child Development Center projects at Navy and Marine Corps installations, with prior notification to the congressional defense committees. The conferees recommend the Secretary use this authority to alleviate issues with the condition and capacity of Child Development Centers in support of military families.

The agreement includes an increase of \$54.7 million for Navy and Marine Corps Family Housing Maintenance and \$59.6 million for Navy and Marine Corps Housing Privatization Support. The conferees support using these additional resources to hire additional civilian personnel at the headquarters and installation level to improve the management and oversight of MHPI developments towards improved maintenance of government-owned and operated housing units.

Finally, the agreement transfers the following two military construction projects from the base budget request to Title XXIX, Overseas Contingency Operations Military Construction: \$53.3 million for Electrical System Upgrades in Bahrain and \$77.4 million for a Communication Station at Sigonella, Italy.

Authorized Navy construction and land acquisition projects (sec. 2201)

The Senate bill contained a provision (sec. 2201) that would authorize Navy and Marine Corps military construction projects for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2201).

The Senate recesses with a technical amendment.

Family housing (sec. 2202)

The Senate bill contained a provision (sec. 2202) that would authorize new construction, planning, and design of family housing units for the Navy for fiscal year 2020. This provision would also authorize funds for facilities that support family housing, including housing management offices, housing maintenance, and storage facilities.

The House amendment contained an identical provision (sec. 2202).

The conference agreement includes this provision.

Improvements to military family housing units (sec. 2203)

The Senate bill contained a provision (sec. 2203) that would authorize the Secretary of the Navy to improve existing family housing units of the Department of the Navy in an amount not to exceed \$41.8 million.

The House amendment contained a similar provision (sec. 2203).

The Senate recesses.

Authorization of appropriations, Navy (sec. 2204)

The Senate bill contained a provision (sec. 2204) that would authorize appropriations for the active component military construction and family housing projects of the Department of the Navy authorized for construction for fiscal year 2020. This provision would also provide an overall limit on the amount authorized for military construction and family housing projects for the active components of the Navy and the Marine Corps. The state list contained in this report is the binding list of the specific projects authorized at each location.

The House amendment contained an identical provision (sec. 2204).

The conference agreement includes this provision.

Modification of authority to carry out certain fiscal year 2017 project (sec. 2205)

The House amendment contained a provision (sec. 2205) that would modify the authority provided by section 2201 of the Military Construction Authorization Act for Fiscal Year 2017 (division B of Public Law 114-328) and authorize the Secretary

of the Navy to make certain modifications to the authorized cost of a previously authorized construction project.

The Senate bill contained no similar provision.

The Senate recesses.

TITLE XXIII—AIR FORCE MILITARY CONSTRUCTION

Summary

The budget request included \$2,179,230,000 for Air Force military construction and \$398,647,000 for family housing for fiscal year 2020. The conference agreement includes authorization of appropriations of \$1723,579,000 for military construction and \$484,580,000 for family housing for the Air Force in fiscal year 2020.

The agreement includes authorization and authorization of appropriations for 10 military construction projects that were not included in the budget request but submitted to the congressional defense committees as part of the Air Force's unfunded requirements list. These projects include: \$7.0 million for Dormitory Cost-to-Complete at Little Rock Air Force Base, Arkansas; \$17.0 million for ADAL Aerial Port Squadron Materiel Warehouse at Travis Air Force Base, California; \$49.0 for Consolidate Cadet Prep School Dormitory at the United States Air Force Academy, Colorado; \$54.0 million for SOCNORTH Theater Operational Support Facility at Peterson Air Force Base, Colorado; \$12.5 million for 41 RQS HH-60W Apron at Moody Air Force Base, Georgia; \$27.0 million for Consolidated Vehicle Ops and MX Facility at Whiteman Air Force Base, Missouri; \$20.0 million for NC3 Support WRM Storage/Shipping Facility at Holloman Air Force Base, New Mexico; \$3.1 million for F-35 Munitions Maintenance Facilities Cost-to-Complete at Nellis Air Force Base, Nevada; \$36.0 million for AFPC B-Wing at Joint Base San Antonio, Texas; and \$4.8 million for SERE Pipeline Dormitory Cost-to-Complete at Fairchild Air Force Base, Washington.

The agreement provides for full authorization and incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: Consolidated Space Operations Facility at Schriever Air Force Base, Colorado; MIT-Lincoln Lab (West Lab CSL/MIF) Increment 2 at Hanscom Air Force Base, Massachusetts; Fuel Tanks w/ Pipeline/Hydrant System at Tinian, Commonwealth of the Northern Mariana Islands; Airfield Development Phase 1 at Tinian, Commonwealth of the Northern Mariana Islands; Parking Apron at Tinian, Commonwealth of the Northern Mariana Islands; Weapons Storage and Maintenance Facility at Malmstrom Air Force Base,

Montana; and GBSD Mission Integration Facility at Hill Air Force Base, Utah.

The agreement also includes authorization and authorization of appropriations of \$31.5 million for the Secretary of the Air Force to carry out Child Development Center projects at Air Force installations, with prior notification to the congressional defense committees. The conferees recommend the Secretary use this authority to alleviate issues with the condition and capacity of Child Development Centers in support of military families.

The agreement includes an increase of \$54.7 million for Air Force Family Housing Maintenance and \$31.2 million for Air Force Housing Privatization Support. The conferees support using these additional resources to hire additional civilian personnel at the headquarters and installation level to improve the management and oversight of MHPI developments towards improved maintenance of government-owned and operated housing units.

Finally, the agreement transfers the following two military construction projects from the base budget request to Title XXIX, Overseas Contingency Operations Military Construction: \$42.0 million Munitions Storage Area at Azraq, Jordan and \$24.0 million for an Air Traffic Control Tower at Azraq, Jordan.

Authorized Air Force construction and land acquisition projects (sec. 2301)

The Senate bill contained a provision (sec. 2301) would authorize Air Force military construction projects for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2301).

The Senate recedes with a technical amendment.

Family housing (sec. 2302)

The Senate bill contained a provision (sec. 2302) that would authorize new construction, planning, and design of family housing units for the Air Force for fiscal year 2020. The provision would also authorize funds for facilities that support family housing, including housing management offices, housing maintenance, and storage facilities.

The House amendment contained a similar provision (sec. 2302).

The House recedes.

Improvements to military family housing units (sec. 2303)

The Senate bill contained a provision (sec. 2303) that would authorize the Secretary of the Air Force to improve existing family housing units of the Department of the Air Force in an amount not to exceed \$53.6 million.

The House amendment contained an identical provision (sec. 2303).

The conference agreement includes this provision.

Authorization of appropriations, Air Force (sec. 2304)

The Senate bill contained a provision (sec. 2304) that would authorize appropriations for the active component military construction and family housing projects of the Air Force authorized for construction for fiscal year 2020. This provision would also provide an overall limit on the amount authorized for military construction and family housing projects for the active component of the Air Force. The state list contained in this report is the binding list of the specific projects authorized at each location.

The House amendment contained an identical provision (sec. 2304).

The conference agreement includes this provision.

Modification of authorities to carry out phased Joint Intelligence Analysis Complex consolidation (sec. 2305)

The Senate bill contained a provision (sec. 2305) that would modify the authorization contained in section 2301(b) of the Military Construction Authorization Act for Fiscal Year 2015 (division B of Public Law 113-291; 128 Stat. 3679) for Royal Air Force Croughton, for Joint Intelligence Analysis Complex Consolidation Phase 1, to change the location to Royal Air Force Molesworth, United Kingdom.

The House amendment contained a similar provision (sec. 2305).

The Senate recedes.

Modification of authority to carry out certain fiscal year 2016 project (sec. 2306)

The Senate bill contained a provision (sec. 2306) that would modify the authorization contained in section 2301(b) of the Military Construction Authorization Act for Fiscal Year 2016 (division B of Public Law 114-92; 129 Stat. 1153) for Joint Intelligence Analysis Complex Consolidation Phase 2 at an

unspecified location in the United Kingdom, as modified by section 2305 of the Military Construction Authorization Act for Fiscal Year 2019 (division B of Public Law 115-232).

The House amendment contained a similar provision (sec. 2306).

The Senate recesses.

Modification of authority to carry out certain fiscal year 2017 project (sec. 2307)

The Senate bill contained a provision (sec. 2307) that would modify the authorization contained in section 2301(b) of the Military Construction Authorization Act for Fiscal Year 2017 (division B of Public Law 114-328; 130 Stat. 2697) for Joint Intelligence Analysis Complex Consolidation Phase 3 at an unspecified location in the United Kingdom, as modified by section 2305 of the Military Construction Authorization Act for Fiscal Year 2019 (division B of Public Law 115-32).

The House amendment contained a similar provision (sec. 2307).

The Senate recesses.

Modification of authority to carry out certain fiscal year 2018 projects (sec. 2308)

The Senate bill contained a provision (sec. 2308) that would modify the authority contained in section 2301(a) of the Military Construction Authorization Act for Fiscal Year 2018 (division B of Public Law 115-91; 131 Stat. 1826) for the construction of a dining and classroom facility at Joint Base San Antonio, Texas, and for the construction of an air traffic control tower. Additionally this provision would modify the authorization contained in section 2903 of the Military Construction Authorization Act for Fiscal Year 2018 (division B of Public Law 115-91; 131 Stat. 1876) for repairing and expanding a quick reaction alert pad at Rygge, Norway.

The House amendment contained a similar provision (sec. 2308).

The Senate recesses with a technical amendment.

Modification of authority to carry out certain fiscal year 2019 projects (sec. 2309)

The Senate bill contained a provision (sec. 2309) that would modify the authorization contained in section 2301(a) of the Military Construction Authorization Act for Fiscal Year 2019 (division B of Public Law 115-232) for the construction of a

semiconductor or microelectronics lab facility at Hanscom Air Force Base, Massachusetts. This provision would also modify the authorization contained in section 2301(b) of the Military Construction Authorization Act for Fiscal Year 2019 (division B of Public Law 115-232) for the construction of an F-35 dormitory at Royal Air Force Lakenheath, United Kingdom.

The House amendment contained a similar provision (sec. 2309).

The Senate recesses.

TITLE XXIV—DEFENSE AGENCIES MILITARY CONSTRUCTION

Summary

The budget request included \$2,504,190,000 for military construction and \$60,545,000 for family housing for defense agencies for fiscal year 2020. The conference agreement includes authorization of appropriations of \$2,202,910,000 for military construction and \$60,545,000 for family housing for defense agencies in fiscal year 2020.

The agreement includes authorization and authorization of appropriations for 12 Energy Resiliency Conservation Investment Program (ERCIP) projects that were not included in the budget request but submitted to the congressional defense committees as part of the Department's unfunded requirements list. These projects include: \$8.9 million for an Energy Storage System at Naval Air Weapons Station China Lake, California; \$9.7 million to Install Microgrid Controller, 75 kw PV and 750 Kwh Battery at Mountain View, California; \$10.5 million for a Cogeneration Plant B236 at Monterey, California; \$16.9 million for Smart Grid and ICS Infrastructure at Naval Base Guam, Guam; \$4.0 million to Install 500kw Covered Parking PV System & Electric Vehicle Charging Stations B479 at Joint Base Pearl Harbor-Hickam, Hawaii; \$13.8 million for Chiller 3-9 Replacement at Bethesda, Maryland; \$18.4 million for IH Water Project - CBIRF/IHEODTD/Housing at South Potomac, Maryland; \$5.8 million to Install Microgrid, 700kw PV, 150 Kw Generator, and Batteries at White Sands Missile Range, New Mexico; \$4.5 million to Install Microgrid, 650Kw PV, & 500 Kw Generator at Camp Swift, Texas; \$16.5 million to Install a Central Energy Plant at Fort Hood, Texas; \$66,000 for Integration Systems Upgrades at NRO Headquarters, Virginia; and \$23.6 million for Keyport Main Substation Replacement at Naval Base Kitsap, Washington.

The agreement includes authorization and authorization of appropriations for the following project that was not included

in the budget request but submitted to the congressional defense committees as part of the Department's unfunded requirements list: \$66.8 million for Landstuhl Elementary School at Ramstein, Germany.

The agreement includes an authorization of appropriations for \$30.0 million for Planning and Design: Military Installations Resiliency at unspecified worldwide locations. As noted elsewhere in this report, the conferees believe it is critical for the Department of Defense to appropriately account for the impacts of extreme weather and natural disasters, energy resiliency, a cyber-security threats when planning and designing infrastructure investments at military installations. Therefore, the conferees expect the Department to utilize this authorization of appropriations to conduct appropriate planning when developing resilient infrastructure masterplans and military construction projects.

The agreement provides for full authorization and incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: Kinnick High School, Increment 2 at Yokosuka, Japan; Bulk Storage Tanks Phase 1 at Yokota Air Base, Japan; MEDCEN Addition/Alteration Increment 3 at Bethesda Naval Hospital, Maryland; Next NGA West (N2W) Complex, Phase 2, Increment 2 at St. Louis, Missouri; and Operations Center Phase 2, Defense Distribution Depot Richmond, Virginia.

Authorized Defense Agencies construction and land acquisition projects (sec. 2401)

The Senate bill contained a provision (sec. 2401) would authorize military construction projects for the Defense Agencies for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2401).

The Senate recedes with a technical amendment.

Authorized Energy Resilience and Conservation Investment Program projects (sec. 2402)

The Senate bill contained a provision (sec. 2402) that would authorize the Secretary of Defense to carry out energy conservation projects. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2402).

The House recedes with a technical amendment.

Authorization of appropriations, Defense Agencies (sec. 2403)

The Senate bill contained a provision (sec. 2403) that would authorize appropriations for the military construction and family housing projects of the Defense Agencies authorized for construction for fiscal year 2020. This provision would also provide an overall limit on the amount authorized for military construction and family housing projects for the Defense Agencies. The state list contained in this report is the binding list of the specific projects authorized at each location.

The House amendment contained an identical provision (sec. 2403).

The conference agreement includes this provision.

TITLE XXV—INTERNATIONAL PROGRAMS

**SUBTITLE A—NORTH ATLANTIC TREATY
ORGANIZATION SECURITY INVESTMENT PROGRAM**

Summary

The budget request included \$144,040,000 for military construction in fiscal year 2020 for the North Atlantic Treaty Organization Security Investment Program. In addition, pursuant to agreement with the Republic of Korea, the budget request included a list of military construction projects to be funded as in-kind contributions by the Republic of Korea.

The conference agreement includes this amount for the North Atlantic Treaty Organization Security Investment Program projects and the authorization to accept the military construction projects funded by the Republic of Korea.

Authorized NATO construction and land acquisition projects (sec. 2501)

The Senate bill contained a provision (sec. 2501) that would authorize the Secretary of Defense to make contributions to the North Atlantic Treaty Organization Security Investment Program in an amount equal to the sum of the amount specifically authorized in section 2502 of this title and the amount of recoupment due to the United States for construction previously financed by the United States.

The House amendment contained an identical provision (sec. 2501).

The conference agreement includes this provision.

Authorization of appropriations, NATO (sec. 2502)

The Senate bill contained a provision (sec. 2502) that would authorize appropriations of \$144.0 million for the U.S. contribution to the North Atlantic Treaty Organization (NATO) Security Investment Program (NSIP) for fiscal year 2020. This provision would also allow the Department of Defense construction agent to recognize the NATO project authorization amounts as budgetary resources to incur obligations when the United States is designated as the host nation for the purposes of executing a project under NSIP.

The House amendment contained an identical provision (sec. 2502).

The conference agreement includes this provision.

SUBTITLE B—HOST COUNTRY IN-KIND CONTRIBUTIONS

Republic of Korea funded construction projects (sec. 2511)

The Senate bill contained a provision (sec. 2511) that would authorize the Secretary of Defense to accept four military construction projects totaling \$542.2 million from the Republic of Korea as in-kind contributions.

The House amendment contained a similar provision (sec. 2511).

The Senate recesses.

TITLE XXVI—GUARD AND RESERVE FORCES FACILITIES

Summary

The budget request included \$552,423,000 for military construction of National Guard and Reserve facilities for fiscal year 2020. The conference agreement includes authorization of appropriations of \$787,723,000 for military construction of National Guard and Reserve facilities in fiscal year 2020.

The conference includes authorization and authorization of appropriations for of 6 military construction projects that were not included in the budget request but submitted to the

congressional defense committees as part of the services unfunded requirements list. These projects include: \$34.0 million for an Enlisted Transient Barracks at Anniston, Alabama; \$57.0 million for Fuels/Corrosion Control Hangar and Shops at Moffett Air National Guard Base, California; \$15.0 million for a AES Training Admin Facility at Joint Base Andrews, Maryland; \$9.8 million for a Aerial Port Facility at Minneapolis-St. Paul IAP, Minnesota; \$91.0 million for a National Guard Readiness Center at the Jamaica Armory, New York; and \$30.0 million for a General Instruction Building at Jericho, Vermont.

Authorized Army National Guard construction and land acquisition projects (sec. 2601)

The Senate bill contained a provision (sec. 2601) that would authorize military construction projects for the Army National Guard for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained an identical provision (sec. 2601).

The conference agreement includes this provision.

Authorized Army Reserve construction and land acquisition projects (sec. 2602)

The Senate bill contained a provision (sec. 2602) that would authorize military construction projects for the Army Reserve for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained an identical provision (sec. 2602).

The conference agreement includes this provision.

Authorized Navy Reserve and Marine Corps Reserve construction and land acquisition projects (sec. 2603)

The Senate bill contained a provision (sec. 2603) that would authorize military construction projects for the Navy Reserve and Marine Corps Reserve for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained an identical provision (sec. 2603).

The conference agreement includes this provision.

Authorized Air National Guard construction and land acquisition projects (sec. 2604)

The Senate bill contained a provision (sec. 2604) that would authorize military construction projects for the Air National Guard for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained an identical provision (sec. 2604).

The conference agreement includes this provision.

Authorized Air Force Reserve construction and land acquisition projects (sec. 2605)

The Senate bill contained a provision (sec. 2605) that would authorize military construction projects for the Air Force Reserve for fiscal year 2020. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained an identical provision (sec. 2605).

The conference agreement includes this provision.

Authorization of appropriations, National Guard and Reserve (sec. 2606)

The Senate bill contained a provision (sec. 2606) that would authorize appropriations for the reserve component military construction projects authorized for construction for fiscal year 2020 in this Act. This provision would also provide an overall limit on the amount authorized for military construction projects for each of the reserve components of the military departments. The state list contained in this report is the binding list of the specific projects authorized at each location.

The House amendment contained an identical provision (sec. 2606).

The conference agreement includes this provision.

LEGISLATIVE PROVISIONS NOT ADOPTED

Review and report on construction of new, or maintenance of existing, direct fuel pipeline connections at Air National Guard and Air Force Reserve installations

The House amendment contained a provision (sec. 2607) that would require the Secretary of the Air Force, in conjunction with the Defense Logistics Agency (DLA), to complete a review on the construction of new, or maintenance of existing, direct fuel pipeline connections at Air National Guard (ANG) and Air Force Reserve (AFRES) installations.

The Senate bill contained no similar provision.

The House recedes.

The conferees direct the Secretary of the Air Force, in conjunction with the DLA, to complete a review on the construction of new, or maintenance of existing, direct fuel pipeline connections at ANG and AFRES installations not later than 180 days after the date of the enactment of this Act. The review should contain the following elements:

(1) An analysis of the extent to which the Air Force and DLA have identified direct fuel pipeline projects as an effective and efficient way to enhance the ability of regular component, ANG, and AFRES installations to improve the readiness of affected units and help them to meet their mission requirements. This should include an assessment of how the ANG and AFRES facilities, across all States and territories, can leverage such connections to better support current and emerging air refueling requirements.

(2) An assessment of how direct fuel pipeline connections enhance the resiliency and efficiency of the installations and help meet existing DLA requirements for secondary storage and other fuel requirements.

(3) A list of ANG and AFRES installations that do not currently have a direct connection pipeline but have access to such a pipeline within reasonable proximity (less than 5 miles) to the facility.

(4) An overview and summary of the current process for considering such proposals, including the factors used to consider requests, the weight provided to each factor, and a list of ANG and AFRES installations that have sought funding for projects to create direct access to a national fuel pipeline or to maintain access to such pipelines over the last 5 years.

(5) A list of the total instances in the past 5 years in which projects for direct fuel pipeline connections have been approved for regular component, ANG, or AFRES installations, including the costs of each project and the justification for such approval.

(6) A list of ANG and AFFRES installations with current pipeline connections that the Air Force or DLA has determined should no longer be used, including:

(A) An analysis of the justifications for each determination, such as decisions to switch from pipelines to trucks as the primary fuel delivery method;

(B) An assessment of whether these determinations fairly weigh the costs and benefits of building or maintaining a pipeline tap as a practical primary or secondary fuel delivery method for the installation compared to railroad, barge terminal, or truck delivery; and

(C) An assessment of whether these determinations fairly consider or weigh how direct fuel pipeline connections increase security for the fuel supply by reducing the threat of interruption, how the connections enhance mission reliability by providing access to greater fuel storage capability, and the ability of such projects once completed to better support the domestic and global operations of the ANG or AFRES installation.

(7) An assessment of how costs associated with each direct fuel pipeline connection project is considered by the Air Force or DLA and the weight given to such costs in the final analysis.

(8) An assessment of the effectiveness or usefulness of guidance or technical assistance provided to installations that request or propose direct fuel pipeline connection projects and recommendations for additional ways to provide assistance to ensure the Air Force and DLA receive the most up-to-date information about the costs and benefits of proposed projects from installations.

(9) An assessment of the available funding sources through the Air Force, DLA, other Department of Defense entities, or other mechanisms, such as a public-private partnership or enhanced use lease, that can support direct fuel pipeline connection projects either in whole or in part.

(10) An assessment of the extent to which direct fuel pipeline connection projects have been incorporated in any comprehensive plan the Air Force has developed or will develop regarding investments needed to improve regular component, ANG, and AFRES installations to meet the Department's needs.

The conferees further direct the Secretary to provide a final report containing the results of the review to the congressional defense committees not later than 1 year after the date of enactment of this Act. The report should include recommendations on how the Air Force can better expedite and support the use of fuel pipelines at ANG and AFRES installations. The recommendations should include options for accelerating the development and consideration of such projects where most feasible and appropriate, including whether costs savings could be obtained by including such projects as part of other related projects already authorized at an installation.

TITLE XXVII—BASE REALIGNMENT AND CLOSURE ACTIVITIES

Summary

The budget request included \$278,526,000 for Base Realignment and Closure (BRAC) activities related to previous

BRAC rounds. The conference agreement includes authorization of appropriations of \$392,526,000 for Base Realignment and Closure (BRAC) activities related to previous BRAC rounds in fiscal year 2020.

Authorization of appropriations for base realignment and closure activities funded through Department of Defense base closure account (sec. 2701)

The Senate bill contained a provision (sec. 2701) that would authorize appropriations for fiscal year 2020 for ongoing activities that are required to implement the decisions of the 1988, 1991, 1993, 1995, and 2005 base realignment and closure rounds.

The House amendment contained an identical provision (sec. 2701).

The conference agreement includes this provision.

Prohibition on conducting additional base realignment and closure (BRAC) round (sec. 2702)

The Senate bill contained a provision (sec. 2702) that would prohibit the Department of Defense from conducting another base realignment and closure (BRAC) round.

The House amendment contained no similar provision.

The House recedes.

TITLE XXVIII—MILITARY CONSTRUCTION AND GENERAL PROVISIONS

SUBTITLE A—MILITARY CONSTRUCTION PROGRAM

Military installation resilience plans and projects (sec. 2801)

The Senate bill contained a provision (sec. 2801) that would amend subchapter I of chapter 169 of title 10, United States Code, to require the Secretaries of the military departments to develop and implement military installation resilience plans for installations in coastal areas.

The House amendment contained a similar provision (sec. 2803) that would amend section 2864 of title 10, United States Code, to provide additional clarity on the required elements of military installation resilience plans; encourage coordination with relevant local, State, and Federal entities in the development of plans; and require an assessment of resiliency

gaps and best practices. This section would further require the Secretary of Defense to provide a report to the House Committee on Armed Services by March 1, 2020, listing the installation master plans completed or in progress during the previous 12 months.

The Senate recedes with an amendment that would allow the Secretary of Defense to carry out military construction projects for military installation resilience.

Improved consultation with tribal governments when proposed military construction projects potentially impact Indian tribes (sec. 2802)

The House amendment contained a provision (sec. 2804) that would require the military departments to assess whether any military construction project has the potential to significantly affect tribal lands, sacred sites, or tribal treaty rights. Additionally, the Secretary concerned shall include a description of the current status of consultation with the tribal government of each impacted Indian tribe on military construction projects proposed to Congress.

The Senate bill contained no similar provision.

The Senate recedes with a clarifying amendment.

Increased authority for use of certain appropriations amounts for restoration or replacement of damaged or destroyed facilities (sec. 2803)

The Senate bill contained a provision (sec. 2804) that would allow the Secretary of the military department concerned to carry out unspecified minor military construction projects, not to exceed \$12.0 million with an area cost factor of \$19.0 million, at the following installations: (1) Tyndall Air Force Base, Florida; (2) Camp Ashland, Nebraska; (3) Offutt Air Force Base, Nebraska; (4) Camp Lejeune, North Carolina; and (5) Marine Corps Air Station Cherry Point, North Carolina. This provision would include a termination clause of 5 years after the enactment of this Act.

The House amendment contained no similar provision.

The House recedes with an amendment that would instead amend section 2854(c)(3) of title 10, United States Code, by striking "\$50,000,000" and inserting "\$100,000,000".

Amendment of Unified Facilities Criteria to promote military installation resilience, energy resilience, energy and climate resiliency, and cyber resilience (sec. 2804)

The House amendment contained a provision (sec. 2805) that would prohibit the Department of Defense from spending more than 25 percent of the funds available for military construction planning and design until the Secretary of Defense submits a certification to Congress that the Tri-Service Engineering Senior Executive Board has initiated the process of updating the Unified Facility Criteria to ensure building practices and standards promote military installation resilience, energy resilience, energy and climate resiliency, and cyber resilience. The Secretary of Defense would further certify that the review and revision process will be complete by September 1, 2020.

The Senate bill contained no similar provision.

The Senate recesses with a clarifying amendment.

Modification to Department of Defense Form 1391 regarding consideration of potential long-term adverse environmental effects (sec. 2805)

The House amendment contained a provision (sec. 2806) that would require the Secretary of Defense or Secretary of the military department concerned to certify, prior to submitting a military construction project for consideration, construction takes into account known extreme weather risks and employs best practices and local building code requirements for resiliency in the face of those risks.

The Senate bill contained no similar provision.

The Senate recesses.

Improved flood risk disclosure for military construction (sec. 2806)

The House amendment contained a provision (sec. 2807) that would amend section 2805(a)(1) of the Military Construction Authorization Act for Fiscal Year 2019 (division B of Public Law 115-232; 132 Stat. 2262; 10 U.S.C. 2802 note) to ensure sea level fluctuation is considered when evaluating military construction projects.

The Senate bill contained no similar provision.

The Senate recesses.

Prioritization of projects in annual report on unfunded requirements for laboratory military construction projects (sec. 2807)

The Senate bill contained a provision (sec. 7801) that would amend section 2806 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91; 10 U.S.C. 222a

note) by, among other things, requiring that the projects in the annual report on unfunded requirements for laboratory military construction projects are listed in prioritized order, with specific amounts and elements identified.

The House amendment contained no similar provision.

The House recesses.

Technical corrections and improvements to defense access road resilience (sec. 2808)

The Senate bill contained a provision (sec. 2805) that would amend section 210 of title 23, United States Code, to improve the construction and reconstruction of defense access roads subject to weather conditions. Additionally, this provision would update the United Facilities Criteria to ensure that the Department of Defense accounts for weather and population projections during the construction projects.

The House amendment contained a similar provision (sec. 2808).

The Senate recesses.

Military construction projects for child development centers at military installations (sec. 2809)

The Senate bill contained a provision (sec. 7804) that would require the Under Secretary of Defense for Personnel and Readiness, in coordination with the Assistant Secretary for Energy, Installations, and Environment for each military department, to submit to the congressional defense committees an annual report listing, in priority order, unfunded requirements for major and minor military construction projects for Department of Defense child development centers (CDCs). This provision would also increase the maximum amounts applicable to minor construction projects for CDCs to \$15.0 million for no more than 3 years after the date of the enactment of this Act.

The House amendment contained no similar provision.

The House recesses with an amendment that would authorize specific funds for CDCs as delineated in the funding table in section 4601 with specific conditions for authorization.

The conferees direct the Undersecretary of Defense, in coordination with the Assistant Secretary for Energy, Installations, and Environment for each military department, to submit a report to the congressional defense committees by February 15, 2020, listing unfunded requirements for major and minor military construction projects for CDCs of the Department of Defense in priority order. The report shall include appropriate DD Form 1391 documentation for each project.

Prohibition on use of funds to reduce air base resiliency or demolish protected aircraft shelters in the European theater without creating a similar protection from attack (sec. 2810)

The Senate bill contained a provision (sec. 2802, as amended by sec. 7802) that would prohibit funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense to be obligated or expended to implement any activity that reduces air base resiliency or demolishes protected aircraft shelters in the European theater without creating similar protection from attack until such time as the Secretary of Defense certifies that protected aircraft shelters are not required in the European theater.

The House amendment contained no similar provision.
The House recedes.

Prohibition on use of funds to close or return certain bases to the host nation (sec. 2811)

The Senate bill contained a provision (sec. 2803, as amended by sec. 7803) that would prohibit funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense to be obligated or expended to implement any activity that closes or returns to host nations any existing airbases until such time as the Secretary of Defense certifies that there is no longer a need for a rotational military presence in the European theater.

The House amendment contained no similar provision.
The House recedes with a technical amendment.

SUBTITLE B—REAL PROPERTY AND FACILITIES ADMINISTRATION

*Improved energy security for main operating bases in Europe
(sec. 2821)*

The House amendment contained a provision (sec. 2831) that would prohibit the use of Russian Federation sourced natural gas at main operating bases in Europe.

The Senate bill contained no similar provision.
The Senate recedes.

Access to Department of Defense installations for credentialed transportation workers (sec. 2822)

The House amendment contained a provision (sec. 2832) that would enable the Transportation Worker Identification Credential card to be accepted as a valid credential for unescorted access to a work site at a maritime terminal of the Department of Defense (DOD) and other DOD facilities.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

Improved recording and maintaining of Department of Defense real property data (sec. 2823)

The House amendment contained a provision (sec. 2835) that would require the Undersecretary of Defense for Acquisition and Sustainment to submit a report evaluating service-level best practices for recording and maintaining real property data to Congress not later than 150 days after the date of the enactment of this Act. This provision would also require the Undersecretary to issue service-wide guidance on the best practices described in the report not later than 300 days after the date of the enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment.

SUBTITLE C—LAND CONVEYANCES

Land conveyance, Hill Air Force Base, Ogden, Utah (sec. 2831)

The House amendment contained a provision (sec. 2841) that would authorize the Secretary of the Air Force to convey 35 acres on Hill Air Force Base to the State of Utah for the purposes of permitting the State to construct a new interchange for Highway 15.

The Senate bill contained no similar provision.

The Senate recedes with a technical amendment that would include a savings provision.

Release of interests retained in Camp Joseph T. Robinson, Arkansas, for use of such land as a veterans cemetery (sec. 2832)

The Senate bill contained a provision (sec. 2811) that would allow the Secretary of the Army to release the terms and conditions and reversionary interests retained on approximately 141.5 acres previously owned by the United States government. The provision would also require that the transferred land be

used for the sole purpose of expanding the Arkansas State Veterans Cemetery.

The House amendment contained a similar provision (sec. 2842).

The House recesses.

Modification of authorized uses of certain property conveyed by the United States in Los Angeles, California (sec. 2833)

The Senate amendment contained a provision (sec. 7805) that would modify the authorized uses of a certain property conveyed by the United States to the State of California.

The House amendment contained a similar provision (sec. 2843).

The Senate recesses with a technical amendment.

Transfer of administrative jurisdiction over certain parcels of Federal land in Arlington, Virginia (sec. 2834)

The Senate bill contained a provision (sec. 2812) that would require the Secretary of the Interior to transfer a specified 16.09 acres parcel to the Secretary of the Army and for the Secretary of the Army to transfer a specified 1.04 acre parcel to the Secretary of the Interior. The provision would not require any form of payment or consideration from either party. The provision would require that the 16.09 acre parcel transferred to the Army be managed as part of Arlington National Cemetery.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the Secretary of the Army to seek to enter into a memorandum of understanding with the Women in Military Service for America Memorial Foundation to define roles and responsibilities for the shared responsibility and resources for operation and maintenance of the Women's Memorial and surrounding grounds.

SUBTITLE D—MILITARY LAND WITHDRAWALS

Public notice regarding upcoming periods of Secretary of the Navy management of Shared Use Area of the Johnson Valley Off-Highway Vehicle Recreation Area (sec. 2841)

The House amendment contained a provision (sec. 2851) that would amend section 2942 of the Military Land Withdrawals Act of 2013 to require the Secretary of the Navy to provide public

notice prior to the use of the Shared Use Area for military training purposes.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE E—WHITE SANDS NATIONAL PARK AND WHITE SANDS MISSILE RANGE

White Sands Missile Range Land Enhancements (sec. 2851)

The Senate bill contained a provision (sec. 2814) that would establish White Sands National Park and abolish White Sands National Monument. The establishment of a national park would increase the public recognition of the significant resources of White Sands. This provision would modify the boundary of White Sands National Park and convey 3,737 acres of land from the Secretary of the Interior to the Secretary of the Army. This provision would also convey 8,592 acres of land from the Secretary of the Army to the Secretary of the Interior.

The House amendment contained a series of similar provisions (secs. 2861-2866).

The House recesses with an amendment that would remove the findings and provide for technical changes.

SUBTITLE F—OTHER MATTERS

Installation and maintenance of fire extinguishers in Department of Defense facilities (sec. 2861)

The House amendment contained a provision (sec. 2871) that would require the Secretary of Defense to ensure that portable fire extinguishers are installed and maintained at Department of Defense facilities in accordance with the requirements of national model fire codes.

The Senate bill contained no similar provision.

The Senate recesses.

Definition of community infrastructure for purposes of military base reuse studies and community planning assistance (sec. 2862)

The House amendment contained a provision (sec. 2872) that would amend section 2391(c)(4) of title 10, United States Code, to add not-for-profit, member-owned utility services to the definition of community infrastructure.

The Senate bill contained no similar provision.

The Senate recesses.

Temporary authority for acceptance and use of contributions for certain design and construction projects mutually beneficial to the Department of Defense and the Republic of Korea (sec. 2863)

The Senate bill contained a provision (sec. 2822) that would amend section 2804 of the Military Construction Authorization Act for Fiscal Year 2016, Division B of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), to include the Government of the Republic of Korea.

The House amendment contained no similar provision.

The House recesses with an amendment that would allow the Secretary concerned to accept cash contributions for two specific military construction projects in the Republic of Korea and allow for a cost-sharing agreement for said projects as long as the projects are in support of a bilateral defense cooperation agreement between the United States and the Republic of Korea or if the Secretary concerned determines that the United States may derive a benefit from the project.

Black start exercises at military installations (sec. 2864)

The House amendment contained a provision (sec. 2874) that would require the Department of Defense to conduct three additional black start exercises at joint bases to test installation energy resiliency systems. This section would also require the Secretary of Defense to provide a report to the defense committees by June 1, 2020, on lessons learned from black start exercises concluded prior to December 31, 2019.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would modify the exercise requirements.

Pilot program to extend service life of roads and runways under the jurisdiction of the Secretary of Defense (sec. 2865)

The Senate bill contained a provision (sec. 2825) that would authorize the Secretaries of the military departments to carry out a pilot program to design, build, and test technologies in order to extend the service life of roads and runways under their jurisdiction. Further, this provision would require that, not later than 2 years after the commencement of the pilot program, the Secretaries of the military departments submit a report on the program to the congressional defense committees.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Restrictions on rehabilitation of Over-the-Horizon Backscatter Radar System receiving station, Modoc County, California (sec. 2866)

The House amendment contained a provision (sec. 2880) that would prohibit the use of funds to rehabilitate the Over-the-Horizon Backscatter Radar system receiving location in Modoc National Forest.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would extend the sunset on the provision to 2025.

Designation of Sumpter Smith Joint National Guard Base (sec. 2867)

The Senate bill contained a provision (sec. 2823) that would designate the Sumpter Smith Air National Guard Base in Birmingham, Alabama, as the ``Sumpter Smith Joint National Guard Base.``

The House amendment contained no similar provision.

The House recesses.

Santa Ynez Band of Chumash Indians land affirmation (sec. 2868)

The House amendment contained a provision (sec. 2876) that would place land into trust for the benefit of the Santa Ynez Band of Chumash Mission Indians.

The Senate bill contained no similar provision.

The Senate recesses.

Lands to be taken into trust as part of the reservation of the Lytton Rancheria (sec. 2869)

The House amendment contained a provision (sec. 1099D) that would take into trust land owned by the Lytton Rancheria of California.

The Senate bill contained no similar provision.

The Senate recesses.

Little Shell Tribe of Chippewa Indians of Montana (sec. 2870)

The Senate amendment contained a provision (sec. 6020) that would extend federal recognition of the Little Shell Tribe of Chippewa Indians of Montana, make the tribe and its members

eligible for services and benefits provided to federally recognized tribes, and take land into trust.

The House bill contained no similar provision.

The House recesses.

Sense of Congress on restoration of Tyndall Air Force Base (sec. 2871)

The Senate bill contained a provision (sec. 5306) that would express the sense of Congress that the Secretary of the Air Force should restore Tyndall Air Force Base to achieve military installation resilience.

The House amendment contained no similar provision.

The House recesses.

LEGISLATIVE PROVISIONS NOT ADOPTED

Prohibition on use of military construction funds for construction of a wall, fence, or other physical barrier along the southern border of the United States

The House amendment contained a provision (sec. 2801) that would prohibit the obligation, expense, or use of funds that have been authorized to be appropriated for military construction projects in fiscal years 2015 through 2020 to design or carry out a project to construct, replace, or modify a wall, fence, or other physical barrier along the international border between the United States and Mexico.

The Senate bill contained no similar provision.

The House recesses.

Modification and clarification of construction authority in the event of a declaration of war or national emergency

The House amendment contained a provision (sec. 2802) that would amend section 2808 of title 10, United States Code, to limit the total cost of military construction projects undertaken during a national emergency to \$500.0 million, with a further limit of \$100.0 million for construction projects within the United States, clarify the ability to waive any other provision of law, and add elements to required congressional notifications.

The Senate bill contained no similar provision.

The House recesses.

Modification of requirements relating to land acquisition in Arlington County, Virginia

The Senate bill contained a provision (sec. 2813) that would amend section 2829A of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to require the Secretary of the Army to expend amounts up to fair market value for cemetery expansion and include an in-kind consideration clause.

The House amendment contained no similar provision.
The Senate recesses.

Equal treatment of insured depository institutions and credit unions operating on military installations

The Senate bill contained a provision (sec. 2821) that would amend section 2667 of title 10, United States Code, to require the Department of Defense (DOD) to ensure that policies governing depository institutions and credit unions operating on military installations are equally applied to all relevant institutions. Additionally, the provision would prohibit any requirement for Secretaries of the military departments to provide no-cost office space or no-cost land lease to any insured depository institution or insured credit union.

The House amendment contained no similar provision.
The Senate recesses.

Prohibition on use of funds to privatize temporary lodging on installations of Department of Defense

The Senate bill contained a provision (sec. 2824) that would prohibit the Department of Defense for fiscal year 2020 to privatize temporary lodging on installations of the Department.

The House amendment contained no similar provision.
The Senate recesses.

The conferees note that the significant management shortfalls in the privatized family housing program may cast doubt regarding the efficacy of future privatization initiatives.

Report on encroachment challenges on military installations posed by non-military aircraft

The House amendment contained a provision (sec. 2833) that would require the Assistant Secretary of Defense for Sustainment to submit a report on encroachment challenges and mitigation strategies posed by non-military aircraft overflying military installations.

The Senate bill contained no similar provision.
The House recesses.

The conferees direct the Assistant Secretary of Defense for Sustainment to submit a report, not later than 180 days after the enactment of this act, which would describe:

(1) The encroachment challenges and security risks posed by non-military aircraft overflying military installations inside the United States, to include operational impacts, installation and personnel security, and intelligence concerns, and

(2) Practicable strategies and recommendations for mitigation of any such challenges and risks, to include an increased military regulatory authority and distinctions, if any, among government/first responder, commercial, civil and recreational aviation.

The term ``aircraft`` does not include unmanned aerial vehicles known as drones, whether used for military or non-military purposes, except that the Assistant Secretary of Defense for Sustainment may make reference in the report to the use of such unmanned aerial vehicles if the Secretary considers reference to such use relevant to the subject of the report.

Report on capacity of Department of Defense to provide survivors of natural disasters with emergency short-term housing

The House amendment contained a provision (sec. 2834) that would require the Secretary of Defense to submit a report on the capacity of the Department of Defense to provide survivors of natural disasters with emergency short-term housing.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report analyzing the capacity of the Department of Defense to provide survivors of natural disasters with emergency short-term housing to the congressional defense committees not later than 220 days after the date of enactment of this Act.

Continued Department of Defense use of heating, ventilation, and air conditioning systems utilizing variable refrigerant flow

The House amendment contained a provision (sec. 2836) that would allow the Department of Defense to continue to consider and select heating, ventilation, and air conditioning systems that utilize variable refrigerant flow as an option for use in Department facilities.

The Senate bill contained no similar provision.

The House recesses.

Report on Department of Defense use of intergovernmental support agreements

The House amendment contained a provision (sec. 2837) that would require the Secretary of Defense to submit a report on the Department of Defense's use of intergovernmental support agreements to the congressional defense committees.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report containing a plan to improve the collection and monitoring of information regarding the consideration and use of intergovernmental support agreements, as authorized by section 2679 of title 10, United States Code, including information regarding the financial and nonfinancial benefits derived from the use of such agreements.

The report should be submitted to the congressional defense committees not later than July 31, 2020.

Report on vulnerabilities from sea level rise to certain military installations located outside the continental United States

The House amendment contained a provision (sec. 2873) that would require the Secretary of Defense to submit a report to the congressional defense committees on vulnerabilities from sea level rise at certain installations.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees on vulnerabilities from sea level fluctuation to covered installations located outside of the continental United States. For each covered installation, the report should include the following:

(1) An analysis of the impacts to the operations, contingency plans, and readiness of such installation from sea level fluctuation.

(2) A discussion of mitigation efforts, including dredging, reclaiming land, and island building, that may be necessary due to a sea level fluctuation to ensure the continued operational viability of such installation and to increase the resiliency of such installation. The estimated costs of such efforts should be included in the report.

(4) An identification of alternative locations for the continuance of operations of such installation if such installation is rendered inoperable.

The report should be submitted in unclassified form but may contain a classified annex. For the purposes of this report, the term "covered installation" means Naval Support Facility Diego Garcia and Ronald Reagan Ballistic Missile Defense Test Site, Kwajalein.

Report on projects awaiting approval from the Realty Governance Board

The House amendment contained a provision (sec. 2875) that would require that the Secretary of Defense submit a report describing the projects that are awaiting approval from the Realty Governance Board to Congress.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report describing the projects that, as of the date of the report, are awaiting approval from the Realty Governance Board. The report should include the following:

(1) A list of projects awaiting evaluation for a Major Land Acquisition Waiver; and

(2) An assessment of the impact a project described above would have on the security of physical assets and personnel at the military installation requesting the Major Land Acquisition Waiver.

The report should be submitted to the congressional defense committees not later than 180 days after the date of the enactment of this Act.

Report on lead service lines at military installations

The House amendment contained a provision (sec. 2877) that would require the Secretary of Defense to submit to the congressional defense committees a report on lead services lines at military installations.

The Senate bill contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense to submit a report on lead service lines at military installations to the congressional defense committees not later than January 1, 2021. The report should contain the following:

(1) The number of military installations at which lead service lines are connected to schools, childcare centers and facilities, buildings, and other facilities of the installation as the Secretary determines appropriate.

(2) The total number of members of the Armed Forces affected by the presence of lead service lines at military installations and the number of such members with dependents.

(4) Actions, if any, undertaken by the Secretary to inform individuals affected by the presence of lead service lines at military installations of such presence.

(5) Recommendations for legislative action relating to the replacement of lead service lines at military installations.

Renaming of Lejeune High School in honor of Congressman Walter B. Jones

The House amendment contained a provision (sec. 2878) that would rename Lejeune High School at Camp Lejeune, North Carolina, "Walter B. Jones Camp Lejeune High School."

The Senate bill contained no similar provision.

The House recesses.

The conferees note Congressman Walter B. Jones' years of service in support of servicemembers in the United States Armed Forces and encourage the Secretary of the Navy and the Commandant of the Marine Corps to rename a suitable building or other infrastructure in honor and memoriam of Congressman Jones.

Operation, maintenance, and preservation of Mare Island Naval Cemetery, Vallejo, California

The House amendment contained a provision (sec. 2879) that would allow the Secretary of Defense to provide not more than \$250,000 per fiscal year to aid in the operation, maintenance, and preservation of the Mare Island Naval Cemetery in Vallejo, California, if certain criteria, such as the city entering into an agreement with a nonprofit historical preservation organization, are met within 1 year after the date of the enactment of this Act. The provision would further allow the Secretary to reduce or forgo assistance in a fiscal year and require the organization to submit to the Secretary an annual report containing an audit of its financial revenues and expenditures and describing how funds were used.

The Senate bill contained no similar provision.

The House recesses.

**TITLE XXIX—AUTHORIZATION OF OVERSEAS
CONTINGENCY OPERATIONS MILITARY
CONSTRUCTION AND EMERGENCY MILITARY
CONSTRUCTION**

SUBTITLE A—OVERSEAS CONTINGENCY OPERATIONS MILITARY CONSTRUCTION

Summary

The budget request included \$9,844,526,000 for Overseas Contingency Operations military construction for fiscal year 2020. The conference agreement includes \$921,420,000 for Overseas Contingency Operations military construction for fiscal year 2020. In addition, the conference agreement includes \$4,119,813,000 in emergency designated funding required for military construction projects in support of disaster recovery efforts at several military installations.

The agreement includes a \$60.0 million increase in the authorization of appropriations for Air Force Planning and Design in support of overseas infrastructure requirements. In addition, the agreement includes an increase of \$36.2 million for the Army, \$36.2 million for the Navy and Marine Corps, and \$36.2 million for the Air Force in support of unspecified military construction projects, with prior notification to the congressional defense committees, that support the European Deterrence Initiative.

As noted earlier in this report, the conferees recommend the transfer of certain military constructions from the Base budget request to the Overseas Contingency Operations title of this Act. Specifically, these projects include:

- (1) \$53.3 million for an Electrical System Upgrade in Bahrain;
- (2) \$77.4 million for a Communications Station at Sigonella, Italy;
- (3) \$24.0 million for an Air Traffic Control Tower at Azraq, Jordan; and
- (4) \$42.0 million for a Munitions Storage Area at Azraq, Jordan.

Finally, the conference agreement does not include an authorization or an authorization of appropriation for a High-Value Detainee Facility at Guantanamo Bay, Cuba. The conferees continue to have questions about the need to construct a new permanent detention facility with increased capacity and capabilities. Furthermore, the conferees believe the Department has not adequately assessed alternative options to support current and foreseeable detention requirements.

Authorized Army construction and land acquisition projects (sec. 2901)

The Senate bill contained a provision (sec. 2901) that would authorize Army military construction projects for fiscal year 2020 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2901).

The Senate recedes with a technical amendment.

Authorized Navy construction and land acquisition projects (sec. 2902)

The Senate bill contained a provision (sec. 2902) that would authorize Navy military construction projects for fiscal year 2020 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2902).

The Senate recedes with a technical amendment.

Authorized Air Force construction and land acquisition projects (sec. 2903)

The Senate bill contained a provision (sec. 2903) that would authorize Air Force military construction projects for fiscal year 2020 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained a similar provision (sec. 2903).

The Senate recedes with a technical amendment.

Authorized Defense Agencies construction and land acquisition projects (sec. 2904)

The Senate bill contained a provision (sec. 2904) that would authorize Defense Agencies military construction projects for fiscal year 2020 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The House amendment contained an identical provision (sec. 2904).

The conference agreement includes this provision.

Authorization of appropriations (sec. 2905)

The Senate bill contained a provision (sec. 2907) that would authorize appropriations for military construction in the overseas contingency operations account for fiscal year 2020.

The House amendment contained an identical provision (sec. 2905).

The conference agreement includes this provision.

SUBTITLE B—EMERGENCY MILITARY CONSTRUCTION

Authorization of emergency Navy construction and land acquisition projects (sec. 2911)

The House amendment contained a provision (sec. 3001) that would authorize emergency military construction projects for the Department of the Navy to support recovery of military facilities and infrastructure damaged by natural disasters.

The Senate bill contained a similar provision (sec. 2905) that would authorize emergency construction projects for the Department of the Navy, Air Force, Defense-wide Agencies, and Reserve Components.

The Senate recedes with an amendment that would authorize Department of Navy emergency construction projects.

Authorization of emergency Air Force construction and land acquisition projects (sec. 2912)

The House amendment contained a provision (sec. 3002) that would authorize emergency military construction projects for the Air Force to support recovery of military facilities and infrastructure damaged by natural disasters.

The Senate bill contained a similar provision (sec. 2905) that would authorize emergency construction projects for the Department of the Navy, Air Force, Defense-wide Agencies, and Reserve Components.

The Senate recedes with an amendment that would authorize Air Force emergency construction projects.

Authorization of emergency Army National Guard construction and land acquisition projects (sec. 2913)

The Senate bill contained a provision (sec. 2905) that would authorize emergency construction projects for the Department of the Navy, Air Force, Defense Agencies, and Reserve Components.

The House amendment contained a provision (sec. 3004) that would authorize emergency military construction projects for the

Army National Guard and Army Reserve to support recovery of military facilities and infrastructure damaged by natural disasters.

The House recedes with an amendment that would authorize Army National Guard and Army Reserve emergency construction projects.

Authorization of emergency Defense Agencies construction and land acquisition projects (sec. 2914)

The House amendment contained a provision (sec. 3003) that would authorize emergency military construction projects for the Army National Guard and Army Reserve to support recovery of military facilities and infrastructure damaged by natural disasters.

The Senate bill contained a similar provision (sec. 2905) that would authorize emergency construction projects for the Department of the Navy, Air Force, Defense-wide Agencies, and Reserve Components.

The Senate recedes with an amendment that would authorize defense agency emergency construction projects.

Authorization of emergency supplemental appropriations for military construction projects (sec. 2915)

The agreement includes a provision that would authorize appropriations for emergency military construction at the levels identified in section 4603 of division D of this Act.

LEGISLATIVE PROVISIONS NOT ADOPTED

Replenishment of certain military constructions funds

The Senate bill contained a provision (sec. 2906) that would authorize \$3.6 billion in military construction, overseas contingency operations, for the purposes of replenishing funds for previously authorized military construction projects that were repurposed under section 2808 of title 10, United States Code, from the national emergency declared on the southern border under the National Emergencies Act (Public Law 94-412).

The House amendment contained no similar provision.

The Senate recedes.

**TITLE XXX - MILITARY HOUSING PRIVATIZATION
REFORM**

Definitions (sec. 3001)

The Senate bill contained a provision (sec. 3001) that would provide definitions for specific terms for this title.

The House amendment contained no similar provision.

The House recedes with an amendment that would modify certain definitions and provide for a technical change.

**SUBTITLE A—ADDITION OF NEW REFORM
SUBCHAPTER**

Improved accountability and oversight of privatized military housing and protections and responsibilities for tenants of privatized military housing (sec. 3011)

The Senate bill contained a provision (sec. 3011) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring the Secretary of Defense, in coordination with the secretaries of the military departments, to develop a document to be known as the "Tenant Bill of Rights," which would include, but not be limited to, minimum rights, such as homes that meet minimum health and environmental standards, the ability to report inadequate living standards to the military chain of command without fear of reprisal, and the ability to enter into a dispute resolution process for purposes of recouping basic allowance for housing.

The House amendment contained a similar provision (sec. 2811).

The House recedes with an amendment that would include general contract requirements for military housing units, require congressional notification 30 days before changes to the bill of rights are released, and provide for a technical change.

Designation of Chief Housing Officer for privatized military housing (sec. 3012)

The Senate bill contained a provision (sec. 3012) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring that the Secretary of Defense designate a Chief Housing Officer, who shall be a presidentially appointed and Senate-confirmed Department of Defense official. The provision would require the Chief Housing Officer to establish and maintain the Office of the Chief Housing Officer, whose purpose would be to conduct oversight of the Military Housing Privatization Initiative (MHPI) by standardizing

policies and conducting audits of contracts, agreements, and work order incentive fees.

The House amendment contained no similar provision.

The House recedes with an amendment that would make the role of Chief Housing Officer non-delegable; change the scope of responsibility to include oversight of any Department-wide policies related to the MHPI; drop the requirement that the Chief Housing Officer conduct audits of contracts, agreements, and work order incentive fees; and provide for a technical change.

Additional requirements relating to contracts for privatized military housing (sec. 3013)

The Senate bill contained a provision (sec. 3044) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring the Secretary of Defense to include certain requirements for any contract with a term of more than 10 years for the purpose of privatized military housing. The provision would require that contracts: allow the Department of Defense to renegotiate the contract at minimum every 5 years, prohibit the continued working under the contract of any employee who has committed work order fraud under the contract, and require the private contractor to pay a tenant's relocation fees and living expenses if a tenant is required to move due to health or environmental hazards.

The House amendment contained no similar provision.

The House recedes with an amendment that would remove the 10-year timeframe and requirement that contacts be renegotiated at minimum every 5 years; require that the private management company or private partner reimburse the Department of Defense for the costs of any medical evaluations and treatment provided to a tenant if the landlord is found by the Secretary concerned to have failed to maintain safe and sanitary conditions; require that the Secretary of Defense seek agreement from all property management companies or private partners to participate in the requirements retroactively and submit to the congressional defense committees a list of landlords who decline to participate; and provide for a technical change.

Additional requirements relating to management of privatized military housing (sec. 3014)

The Senate bill contained a provision (sec. 3043) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring the Secretary of Defense to ensure that operating agreements for any Department of Defense

installation where on-base housing is managed by a private contractor include certain requirements. The provision would also include requirements for the installation commander, the head of each housing management office, and the private contractor.

The House amendment contained no similar provision.

The House recedes with an amendment that would require the landlord to maintain an electronic work order system that can be accessed by the tenant; prohibit the landlord from imposing a supplemental payment, such as an out-of-pocket fee, on a tenant in addition to rent; require that the Secretary of Defense seek agreement from all property management companies or private partners to participate in the requirements retroactively and submit to the congressional defense committees a list of landlords who decline to participate; and provide for a technical change.

Consideration of contractor history in contracts for privatized military housing (sec. 3015)

The Senate bill contained a provision (sec. 3014) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring the Secretary of Defense to consider a private contractor's past performance when deciding whether or not to enter into a new contract or renew an existing contract with that contractor.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Additional improvements for management of privatized military housing (sec. 3016)

The Senate bill contained a provision (sec. 3019) that would amend chapter 169 of title 10, United States Code, to require the Secretary of Defense to establish a database that makes available to the public complaints from tenants related to privatized military housing units, together with the landlord's response to each such complaint.

The House amendment contained a similar provision (sec. 2820) that would amend subchapter IV of chapter 169 of title 10, United States Code, to require the Secretary of Defense to establish a publicly available database of complaints relating to privatized military family housing. This section would also require an annual audit to be performed by the Comptroller General of the United States of a small, medium, and large military installation with privatized military family housing. This section would also amend section 2884 of title 10, United

States Code, by directing the Secretary of Defense to provide an annual report on military housing to the defense committees.

The Senate recedes with an amendment that would ensure the collected information exclude personally identifiable information and be limited to the installation, management company, and nature of the complaint and provide for a technical change.

Maintenance work order system for privatized military housing (sec. 3017)

The Senate bill contained a provision (sec. 3020) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring each private contractor that provides housing under this subchapter to provide the housing management office at each installation access to their maintenance work order system.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Access by tenants of privatized military housing to maintenance work order system (sec. 3018)

The Senate bill contained a provision (sec. 3021) that would require that each landlord for a privatized military housing unit have an electronic work order system and provide tenants with access to such system.

The House amendment contained no similar provision.

The House recedes.

Access by tenants to historical maintenance information for privatized military housing (sec. 3019)

The Senate bill contained a provision (sec. 3033) that would amend subchapter IV of chapter 169 of title 10, United States Code, by requiring each private contractor that provides housing under this subchapter to provide prospective tenants with information regarding maintenance conducted at prospective housing units for the previous 10 years.

The House amendment contained no similar provision.

The House recedes with an amendment that would change 10 years to 7 years, require any renovations be included in the provided history, and provide for a technical change.

Prohibition on requirement to disclose personally identifiable information in certain requests for maintenance of privatized military housing (sec. 3020)

The Senate bill contained a provision (sec. 3034) that would amend subchapter IV of chapter 169 of title 10, United States Code, by adding a section prohibiting any private contractor who is responsible for military housing from using a maintenance work order call center outside the United States.

The House amendment contained no similar provision.

The House recedes with an amendment that would change the prohibition to a prohibition on requiring tenants to disclose personally identifiable information to call centers and provide for a technical change.

Treatment of incentive fees for landlords of privatized military housing for failure to remedy a health or environmental hazard (sec. 3021)

The Senate bill contained a provision (sec. 3045) that would amend subchapter IV of chapter 169 of title 10, United States Code, to require the Secretary of Defense to withhold incentive fees, which would otherwise be paid to a private contractor under this subchapter, for failure to remedy a health or environmental hazard.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Dispute resolution process for landlord-tenant disputes regarding privatized military housing and requests to withhold payments during dispute resolution process (sec. 3022)

The Senate bill contained a provision (sec. 3031) that would amend subchapter IV of chapter 169 of title 10, United States Code, to require the Secretary of Defense to implement a formal dispute resolution process on each military installation with privatized military housing units.

The House amendment contained no similar provision.

The House recedes with an amendment that would clarify the dispute resolution process, ensure that tenants entering into such a process have access and assistance from a military housing advocate or military legal assistance attorney, and provide for a technical change.

Investigation of reports of reprisals relating to privatized military housing and congressional notification (sec. 3023)

The House amendment contained a provision (sec. 2824) that would require the Assistant Secretary of Defense for Sustainment to investigate all reports of reprisal against a member of the

Armed Forces for reporting an issue relating to a housing issue under this subchapter.

The Senate bill contained no similar provision.

The Senate recesses with a technical amendment.

Prohibition on use of nondisclosure agreements in connection with leases of privatized military housing (sec. 3024)

The House amendment contained a provision (sec. 2812) that would amend section 2882 of title 10, United States Code, to prohibit the use of non-disclosure agreements in connection with entering into, continuing, or terminating a lease for a housing unit covered under the Military Housing Privatization Initiative.

The Senate bill contained no similar provision.

The Senate recesses.

SUBTITLE B—OTHER AMENDATORY PROVISIONS

Installation of carbon monoxide detectors in military family housing (sec. 3031)

The House amendment contained a provision (sec. 2821) that would amend section 2821 of title 10, United States Code, by requiring the Secretary concerned to provide for the installation and maintenance of carbon monoxide detectors in each unit of military family housing under their jurisdiction.

The Senate bill contained no similar provision.

The Senate recesses.

Authority to furnish certain services in connection with use of alternative authority for acquisition and improvement of military housing (sec. 3032)

The House amendment contained a provision (sec. 2813) that would amend section 2872a of title 10, United States Code, to add street sweeping and tree trimming and removal to the list of reimbursable services that may be furnished under that section.

The Senate bill contained no similar provision.

The Senate recesses.

Treatment of breach of contract for privatized military housing (sec. 3033)

The Senate bill contained a provision (sec. 3015) that would amend subchapter IV of chapter 169 of title 10, United

States Code, by requiring the Secretary of Defense to withhold any amount owed under the contract as well as to rescind the contract if a material breach is found and not remedied within 90 days.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Modification to requirements for window fall prevention devices in military family housing units (sec. 3034)

The Senate bill contained a provision (sec. 3036) that would amend section 2879(c) of title 10, United States Code, by striking "24 inches" and inserting "42 inches".

The House amendment contained a similar provision (sec. 2814) that would amend section 2879 of title 10, United States Code, to modify the requirements and applicable standards for window fall prevention devices.

The Senate recesses.

Expansion of direct hire authority for Department of Defense for childcare services providers for Department child development centers to include direct hire authority for installation military housing office personnel (sec. 3035)

The Senate bill contained a provision (sec. 3046) that would amend section 559 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) to extend direct hire authority to fill civil service position vacancies at installation military housing offices.

The House amendment contained no similar provision.

The House recesses.

Modification of authority to make payments to lessors of privatized military housing (sec. 3036)

The Senate bill contained a provision (sec. 3017) that would amend section 606 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), by repealing the requirement that the Secretary of Defense pay an additional 5 percent of the calculated Basic Allowance for Housing (BAH) for residents of Military Housing Privatization Initiative (MHPI) projects to MHPI projects. The provision would require the Secretaries of the military departments to provide additional payments to MHPI projects equivalent to 2 percent of the calculated BAH for residents of MHPI projects. The Secretaries of the military departments would be required to use

3 percent of the calculated BAH for MHPI residents to make improvements to the oversight and management of MHPI projects.

The House amendment contained no similar provision.

The House recesses with an amendment that would require service secretaries to provide additional payments to MHPI projects equivalent to 2.5 percent of the calculated BAH for residents of each MHPI project. Service secretaries would also be required to provide an additional 2.5 percent of the calculated BAH for MHPI residents to MHPI projects that are determined to be underfunded. If the Chief Housing Officer determines no MHPI projects within a particular military department are underfunded, the Secretary of the military department concerned shall use any remaining funds to enhance the quality of life of military families residing in MHPI housing.

Technical correction to definition used to make payments to lessors of privatized military housing (sec. 3037)

The Senate bill contained a provision (sec. 3055) that would amend section 606(d) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to define eligible privatized housing projects as those that were procured, acquired, constructed, or for which any phase or portion of a project was first finalized and signed on or before September 30th, 2014.

The House bill contained no similar provision.

The House recesses.

SUBTITLE C—ONE-TIME REPORTING REQUIREMENTS

Report on civilian personnel shortages for appropriate oversight of management of military housing constructed or acquired using alternative authority for acquisition and improvement of military housing (sec. 3041)

The House amendment contained a provision (sec. 2817) that would require the Secretary of Defense, in coordination with the secretaries of the military departments, to provide a report to the congressional defense committees not later than September 30, 2020, on the manpower requirements and execution plan to staff military housing offices and headquarters to fill gaps in oversight personnel.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require a breakdown of requirements by function, such as oversight, home inspectors, and maintenance, for additional personnel required.

Plans for creation of councils on privatized military housing (sec. 3042)

The Senate bill contained a provision (sec. 3042) that would require the Assistant Secretary for energy, installations, and environment of each military department to establish a military housing council to identify and resolve problems with military housing managed by private contractors.

The House amendment contained no similar provision.

The House recedes with an amendment that would instead require each Assistant Secretary concerned to submit a plan for the creation of a privatized military housing council to the congressional defense committees not later than February 1, 2020.

Plan for establishment of Department of Defense jurisdiction over off-base privatized military housing (sec. 3043)

The Senate bill contained a provision (sec. 3047) that would require the Secretary of Defense, in consultation with the secretaries of the military departments, to submit a plan to establish jurisdiction at locations with privatized military housing not located on a military installation to the congressional defense committees not later than 30 days after the enactment of this Act.

The House amendment contained no similar provision.

The House recedes with an amendment that would change the due date for the plan from 30 days to 180 days.

Inspector General review of Department of Defense oversight of privatized military housing (sec. 3044)

The House amendment contained a provision (sec. 2818) that would require the Inspector General of the Department of Defense to conduct an annual review of the Department's oversight of privatized military family housing at 15 randomly selected installations and publish the results on a publicly available website.

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would change the number of installations to be reviewed from 15 to 3.

Information on legal services provided to members of the Armed Forces harmed by health or environmental hazards at military housing (sec. 3045)

The Senate bill contained a provision (sec. 3053) that would require the Secretary of Defense to submit a report not later than 90 days after the enactment of this Act to the congressional defense committees on the legal services available to members of the Armed Forces who have been harmed by health and environmental hazards while living in military housing.

The House amendment contained an identical provision (sec. 550M).

The conference agreement includes this provision.

SUBTITLE D—DEVELOPMENT OF HOUSING REFORM STANDARDS AND PROCESSES

Uniform code of basic standards for privatized military housing and plan to conduct inspections and assessments (sec. 3051)

The Senate bill contained a provision (sec. 3016) that would require the Secretary of Defense to establish a uniform code of basic housing standards for safety, comfort, and habitability for privatized military housing. The provision would also require the Secretary to submit to the congressional defense committees, not later than February 1, 2020, this uniform code and a plan for the Department of Defense to contract with home inspectors to conduct inspections and assessments of habitability and structural integrity of each housing unit as specified under subchapter IV of chapter 169 of title 10, United States Code. Finally, the provision would require that said inspections be completed no later than February 1, 2021.

The House amendment contained a similar provision (sec. 2819).

The House recedes with an amendment that would require that the uniform code of basic housing standards be implemented by February 1, 2021, and meet or exceed requirements informed by a nationally recognized, consensus-based, model property maintenance code.

Tool for assessment of hazards in Department of Defense housing (sec. 3052)

The House amendment contained a provision (sec. 2815) that would require the Secretary of Defense to develop an assessment tool to identify and measure health and safety hazards in Department of Defense housing, to include privatized housing, and provide a report to the Committees on Armed Services of the Senate and the House of Representatives.

The Senate bill contained no similar provision.
The Senate recesses.

Process to identify and address environmental health hazards in Department of Defense housing (sec. 3053)

The House amendment contained a provision (sec. 2816) that would require the Secretary of Defense, in coordination with the secretaries of the military departments, to develop a process to identify, record, and resolve environmental health hazards in Department of Defense housing, to include privatized housing, and to provide a report to the Committees on Armed Services of the Senate and the House of Representatives.

The Senate bill contained no similar provision.
The Senate recesses.

Department of Defense policy on lead-based paint testing on military installations (sec. 3054)

The Senate bill contained a provision (sec. 3051) that would require the Secretary of Defense to establish a policy under which a qualified individual may access a military installation to conduct lead testing, with all results to be shared with the installation civil engineer, housing management office, and major subordinate command with jurisdiction over the installation. Additionally, the provision would require the Secretary of Defense to annually submit a report, not later than February 1 of each year, to the congressional defense committees.

The House amendment contained a similar provision (sec. 2822).

The Senate recesses with a technical amendment that would amend the annual reporting requirement by including it in the annual housing report.

Standard for minimum credentials for health and environmental inspectors of privatized military housing (sec. 3055)

The Senate bill contained a provision (sec. 3018) that would require the Secretary of Defense to submit a report to the congressional defense committees on a standard for common credentials to be used throughout the Department of Defense for purposes of health and environmental hazard inspection to include, at a minimum, categories for lead, mold, and radon.

The House amendment contained no similar provision.
The House recesses with a technical amendment.

Requirements relating to move-in, move-out, and maintenance of privatized military housing (sec. 3056)

The Senate bill contained a provision (sec. 3037) that would require the Secretary of Defense, in consultation with the secretaries of the military departments, to develop a uniform move-out checklist for tenants of privatized military housing. This provision would also require that all maintenance issues and work orders related to health and safety issues at privatized military housing be reported to the commander of the installation at which the housing is located.

The House amendment contained no similar provision.

The House recedes with an amendment that would change the deadline from 30 days to 60 days, among other technical and clarifying changes.

Standardized documentation, templates, and forms for privatized military housing (sec. 3057)

The Senate bill contained a provision (sec. 3041) that would require the Secretary of Defense, in coordination with the secretary of each military department, to develop standard documentation, templates, and forms for privatized military housing. The provision would also require the Secretary of Defense to issue guidance within 30 days of the enactment of this Act and to deliver an implementation plan to the congressional defense committees not later than February 1, 2020.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Satisfaction survey for tenants of military housing (sec. 3058)

The Senate bill contained a provision (sec. 3052) that would require the Secretary of Defense to ensure that each military department utilizes the same electronic satisfaction survey for all surveys relating to the customer service experience of all military housing residents, those living in both government and privately managed housing units. The committee believes that one standard survey will allow for improved data collection to pinpoint problems and best practices with ease and assist in regaining the trust of military families and servicemembers.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

SUBTITLE E—OTHER HOUSING REFORM MATTERS

Radon testing of privatized military housing (sec. 3061)

The Senate bill contained a provision (sec. 3035) that would require the Secretary of Defense to submit a report not later than March 1, 2020, to the congressional defense committees that identifies all Department of Defense installations that should be monitored for levels of radon in excess of that in the Environmental Protection Agency's recommendations. The provision would also require the Secretary of Defense to establish testing procedures for all privatized military housing at installations that have been identified as requiring radon monitoring and would include a requirement to complete initial testing for all privatized military housing by June 1, 2020. The provision would also require the Secretary of Defense to certify on an annual basis that radon testing is being conducted for privatized military housing.

The House amendment contained no similar provision.

The House recedes with an amendment that would drop the annual testing certification and make technical changes.

Mitigation of risks posed by certain items in military family housing units (sec. 3062)

The Senate bill contained a provision (sec. 3054) that would require the Secretary of Defense to allow a resident of a military family housing unit to anchor any furniture, television, or large appliance to the wall of the unit for purposes of preventing such item from tipping over without incurring a penalty or obligation to repair the wall upon vacating the unit. Further, the provision would require the Secretary to ensure that certain freestanding furniture taller than 27 inches be securely anchored in furnished military family housing units under the jurisdiction of the Department of Defense.

The House amendment contained no similar provision.

The House recedes.

Suspension of Resident Energy Conservation Program and related programs for privatized military housing (sec. 3063)

The Senate bill contained a provision (sec. 3032) that would suspend the Department of Defense's Resident Energy Conservation Program (RECP) until the Secretary of Defense can certify that 100 percent of military housing on installations is

individually metered and certified by an independent entity through an energy audit. Furthermore, the provision would terminate the RECP if the Secretary of Defense is unable to certify the individual usage 2 years after enactment of this Act.

The House amendment contained no similar provision.

The House recedes with an amendment that would remove the term of suspension requirement that the military housing be certified by an independent entity through an energy audit.

Department of the Army pilot program to build and monitor use of single family homes (sec. 3064)

The Senate bill contained a provision (sec. 3056) that would require the Secretary of the Army to carry out a pilot program to build and monitor the use of not fewer than five single family homes for members of the Army and their families.

The House amendment contained a similar provision (sec. 2823).

The Senate recedes with a technical amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Command oversight of military privatized housing as element of performance evaluations

The Senate bill contained a provision (sec. 3013) that would require each service secretary to ensure that performance evaluations indicate the extent to which the following individuals have or have not exercised effective oversight and leadership of military privatized housing: (1) Commanders of military installations with privatized military housing; (2) Each officer or senior enlisted member whose duties include facilities or housing management at such installations; and (3) Any other officer or enlisted member as specified by the secretary concerned.

The House amendment contained no similar provision.

The Senate recedes.

The conferees agree that commanders of military installations have an important responsibility for ensuring safe, high quality housing for servicemembers and their families living on such installations. The conferees intend to watch closely how commanders and other senior officer and enlisted personnel oversee the housing conditions on their installations, including such conditions in military barracks and dormitories.

**DIVISION C—DEPARTMENT OF ENERGY
NATIONAL SECURITY AUTHORIZATIONS
AND OTHER AUTHORIZATIONS**

**TITLE XXXI—DEPARTMENT OF ENERGY NATIONAL
SECURITY PROGRAMS**

**SUBTITLE A—NATIONAL SECURITY PROGRAMS
AUTHORIZATIONS**

National Nuclear Security Administration (sec. 3101)

The Senate bill contained a provision (sec. 3101) that would authorize appropriations for the National Nuclear Security Administration for fiscal year 2020.

The House amendment contained a similar provision (sec. 3101).

The House recesses.

Defense environmental cleanup (sec. 3102)

The Senate bill contained a provision (sec. 3102) that would authorize the appropriation of funds for the Department of Energy's defense environmental cleanup activities.

The House amendment contained a similar provision (sec. 3102).

The House recesses.

Other defense activities (sec. 3103)

The Senate bill contained a provision (sec. 3103) that would authorize appropriations for other defense activities of the Department of Energy for fiscal year 2020.

The House amendment contained an identical provision (sec. 3103).

The conference agreement includes this provision.

Nuclear energy (sec. 3104)

The Senate bill contained a provision (sec. 3104) that would authorize appropriations for certain nuclear energy programs of the Department of Energy for fiscal year 2020.

The House amendment contained an identical provision (sec. 3104).

The conference agreement includes this provision.

SUBTITLE B—PROGRAM AUTHORIZATIONS, RESTRICTIONS, AND LIMITATIONS

Personnel matters at National Nuclear Security Administration (sec. 3111)

The Senate bill contained a provision (sec. 3113) that would remove the cap on the use of excepted service hiring authority pursuant to section 3241 of the National Nuclear Security Administration (NNSA) Act (50 U.S.C. 2441).

The House amendment contained a provision (sec. 3111) that would raise the cap on the number of full-time equivalent federal employees of the NNSA from 1,690 to 1,890, and modify the reporting requirement contained in section 3241A(f) of the NNSA Act relating to service support contracts of the NNSA.

The Senate recedes with an amendment that would also raise the cap on the use of excepted service hiring authority pursuant to section 3241 from 600 to 800 employees.

Estimation of costs of meeting defense environmental cleanup milestones required by consent orders (sec. 3112)

The Senate bill contained a provision (sec. 3121) that would require the Secretary of Energy to submit, along with the budget justification materials, a report on the cost of meeting milestones required by a consent order at each defense nuclear facility at which environmental cleanup activities are taking place.

The House amendment contained no similar provision.

The House recedes with a clarifying amendment.

Office of Cost Estimating and Program Evaluation (sec. 3113)

The House amendment contained a provision (sec. 3112) that would express the sense of Congress regarding the persistent under-staffing of the Office of Cost Estimating and Program Evaluation (CEPE) at the National Nuclear Security Administration (NNSA). The provision would also require that the Director of CEPE report directly to the Administrator of the NNSA, and require the Administrator to provide a briefing to the congressional defense committees on the plan to ensure the full staffing of the office.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would strike the sense of Congress.

Clarification of certain Stockpile Responsiveness Program objectives (sec. 3114)

The House amendment contained a provision (sec. 3113) that would clarify the objectives of the Stockpile Responsiveness Program as defined in section 4220 of the Atomic Energy Defense Act (50 U.S.C. 2538b).

The Senate bill contained no similar provision.

The Senate recesses.

Elimination of limitation on availability of funds relating to submission of annual reports on unfunded priorities (sec. 3115)

The House amendment contained a provision (sec. 3117) that would repeal the limitation on funds authorized to be appropriated for travel and transportation within the Federal salaries and expenses account at the National Nuclear Security Administration until the Administrator for Nuclear Security submits a report to the congressional defense committees containing at least one unfunded priority pursuant to section 4719 of the Atomic Energy Defense Act (50 U.S.C. 2756).

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would add a requirement that, if the Administrator determines that there are no unfunded priorities to include in the report, the Administrator, without delegation, shall certify and explain such determination to the congressional defense committees.

Modification to certain requirements relating to plutonium pit production capacity (sec. 3116)

The Senate bill contained a provision (sec. 8102) that would express the sense of the Senate that rebuilding plutonium pit production infrastructure of the National Nuclear Security Administration (NNSA) with a capacity of up to 80 pits per year is critical to maintaining the viability of the nuclear stockpile, and any further delay to achieving this capability would be unacceptable. The provision would also amend section 4219 of the Atomic Energy Defense Act (50 U.S.C. 2538a) to repeal the requirement for the NNSA to demonstrate for 90 days by 2029 the capability to produce pits at a rate sufficient to produce 80 pits per year, and replace it with a requirement to produce no fewer than 80 pits per year in 2030.

The House amendment contained a provision (sec. 3114) that would express the sense of Congress that the NNSA should prioritize achieving production of 30 plutonium pits per year at Los Alamos National Laboratory, and ensure that efforts to design and construct a second site do not divert resources. The provision would also amend section 4219 of the Atomic Energy Defense Act to repeal the requirement for the 90-day demonstration by 2029.

The House recesses with a technical amendment.

Annual certification of shipments to Waste Isolation Pilot Plant (sec. 3117)

The House amendment contained a provision (sec. 3115) that would extend the certification of shipments of waste to the Waste Isolation Pilot Plant from a 3-year period to a 10-year period.

The Senate bill contained no similar provision.

The Senate recesses.

Extension and modification of pilot program on unavailability for overhead costs of amounts specified for laboratory-directed research and development (sec. 3118)

The Senate bill contained a provision (sec. 3114) that would make permanent the pilot program conducted under section 3119 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) that temporarily prohibited the use of laboratory-directed research and development to cover general and administrative overhead costs, including for nuclear weapons production facilities.

The House amendment contained a provision (sec. 3124) that would express the sense of Congress that the Secretary of Energy should ensure that the National Nuclear Security Administration's laboratories, plants, and sites are operated using generally accepted accounting best practices for laboratory-, plant-, or site-directed research and development. The provision would also require the Administrator for Nuclear Security to submit to the congressional defense committees a report assessing the pilot program conducted under section 3119 of the National Defense Authorization Act for Fiscal Year 2017.

The House recesses with an amendment that would extend the pilot program conducted under section 3119 for an additional year, and clarify the deadline for the report required by the same section.

Modification to limitation on availability of funds for acceleration of nuclear weapons dismantlement (sec. 3119)

The House amendment contained a provision (sec. 3116) that would repeal section 3125 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328), including the limitation on the maximum amount of funding available in a fiscal year for nuclear weapons dismantlement and disposition and the limitation on acceleration of dismantlement activities.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would, instead of repealing section 3125, increase the limitation on dismantlement funding in that section from \$56.0 million to \$87.0 million.

Implementation of common financial reporting system for nuclear security enterprise (sec. 3120)

The Senate bill contained a provision (sec. 8101) that would prohibit obligation or expenditure of more than 90 percent of fiscal year 2020 funds for the National Nuclear Security Administration's federal salaries and expenses account for travel and transportation until the Administrator for Nuclear Security completes implementation of the common financial reporting system for the nuclear security enterprise as required by section 3113(a) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328).

The House amendment contained no similar provision.

The House recesses.

Limitation relating to reclassification of high-level waste (sec. 3121)

The House amendment contained a provision (sec. 3128) that would provide that none of the funds authorized to be appropriated by this Act, or otherwise made available for fiscal year 2020 for the Department of Energy, may be obligated or expended by the Secretary of Energy to apply the interpretation of high-level radioactive waste described in the ``Supplemental Notice Concerning U.S. Department of Energy Interpretation of High-Level Radioactive Waste'' (84 Fed. Reg. 26835), or successor notice, with respect to such waste located in the State of Washington.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would eliminate section (b) Rule of Construction.

The conferees note that the inclusion of the provision does not prejudice how to process high-level waste nor does it discourage the use of the Department of Energy's interpretation of high-level waste in future years or at other locations.

National Laboratory Jobs ACCESS Program (sec. 3122)

The House amendment contained a provision (sec. 3120) that would authorize the Secretary of Energy to establish the Department of Energy National Lab Jobs ACCESS Program.

The Senate bill contained no similar provision.

The Senate recedes with certain clarifying amendments.

SUBTITLE C—REPORTS AND OTHER MATTERS

Civil penalties for violations of certain whistleblower protections (sec. 3131)

The House amendment contained a provision (sec. 3127) that would clarify civil penalties for violations of Department of Energy whistleblower protections, especially for employees of contractors or subcontractors of the National Nuclear Security Administration.

The Senate bill contained no similar provision.

The Senate recedes with several technical amendments.

Repeal of assessments of adequacy of budget requests relating to nuclear weapons stockpile (sec. 3132)

The Senate bill contained a provision (sec. 3122) that would extend the suspension through fiscal year 2023 of the requirement contained in section 3255 of the National Nuclear Security Administration Act (50 U.S.C. 2455) for the Comptroller General of the United States to review the budget submission of the National Nuclear Security Administration.

The House amendment contained no similar provision.

The House recedes with an amendment that would repeal section 3255 and the requirement for Comptroller General review altogether.

The conferees note that, elsewhere in this Act, a similar review requirement originally contained in section 1043 of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81) has been further extended through 2024.

Repeal of requirement for review relating to enhanced procurement authority (sec. 3133)

The Senate bill contained a provision (sec. 3123) that would terminate the requirement for the Comptroller General of the United States to review the Secretary of Energy's enhanced procurement authority after fiscal year 2019.

The House amendment contained no similar provision.

The House recesses.

The conferees note that the Comptroller General recently completed a report required by the same subsection, entitled "Nuclear Supply Chain: NNSA Should Notify Congress of Its Recommendations to Improve the Enhanced Procurement Authority" (GAO-19-606R). According to the report, the National Nuclear Security Administration (NNSA) has not used the enhanced procurement authority since it was authorized in 2013, because of concerns related to the process. The sole recommendation contained in the report is that the Secretary of Energy and the Administrator of the NNSA formally communicate to Congress their suggested changes to the authority in a timely manner; the conferees urge the Secretary and the Administrator to do so in time for consideration in the fiscal year 2021 authorization process.

Improvements to Energy Employees Occupational Illness Compensation Program Act of 2000 (sec. 3134)

The House amendment contained a provision (sec. 3126) that would modify the duties of the Office of the Ombudsman of the Department of Labor, and extend the Office through October 28, 2020. The provision would also make certain modifications to the Advisory Board on Toxic Substances and Worker Health.

The Senate bill contained no similar provision.

The Senate recesses.

Replacement of W78 warhead (sec. 3135)

The House amendment contained a provision (sec. 3119) that would require the Administrator for Nuclear Security to conduct an analysis of alternatives with respect to replacing the W78 warhead, including the technical risks and costs for each option to replace the W78. The provision would require the Director for Cost Estimating and Program Evaluation (CEPE) at the National Nuclear Security Administration to review the analysis. The provision would further require the Administrator to submit a report on the W78 replacement, including the analysis of alternatives and the CEPE review, and would prohibit the obligation or expenditure of more than 75 percent of funds for this program until such report is submitted. Finally, the provision would require the Administrator to arrange for the

JASON advisory group to conduct a study on the W78 replacement, including an assessment of the risks to certification and the need for planned upgrades to the warhead.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would remove the prohibition on obligation or expenditure of funds, and change the analysis of alternatives to a report describing alternatives previously considered, including any changes since January 15, 2014, to the requirements for the program.

Independent review of capabilities for detection, verification, and monitoring of nuclear weapons and fissile material (sec. 3136)

The House amendment contained a provision (sec. 3121) that would require the Secretary of Energy to enter into a contract with the National Academy of Sciences to conduct an independent review and assessment of a plan for nuclear detection and verification and monitoring of nuclear weapons and fissile material. The provision would require the Secretary to submit the resulting study to the congressional defense committees no later than 270 days from the date of enactment of this Act.

The Senate bill contained no similar provision.

The Senate recedes with amendments that would modify some elements of the study, and modify the required date of submission to 1 year from the date of enactment of this Act.

Assessment of high energy density physics (sec. 3137)

The Senate bill contained a provision (sec. 3125) that would require the Administrator for Nuclear Security to enter into an arrangement with the National Academies of Sciences, Engineering, and Medicine to conduct an assessment of the current status of the field of high energy density physics.

The House amendment contained no similar provision.

The House recedes.

Determination of effect of treaty obligations with respect to producing tritium (sec. 3138)

The Senate bill contained a provision (sec. 3124) that would require the Secretary of Energy to determine whether the Agreement for Cooperation on the Uses of Atomic Energy for Mutual Defense Purposes, signed at Washington on July 3, 1958, permits obtaining uranium from the United Kingdom to produce tritium for defense purposes using reactor irradiation.

The House amendment contained no similar provision.

The House recesses.

Technical corrections to National Nuclear Security Administration Act and Atomic Energy Defense Act (sec. 3139)

The Senate bill contained a provision (sec. 3111) that would make certain technical corrections to the National Nuclear Security Administration Act (50 U.S.C. Ch. 41) and the Atomic Energy Defense Act (50 U.S.C. Ch. 42).

The House amendment contained no similar provision.

The House recesses.

LEGISLATIVE PROVISIONS NOT ADOPTED

National Nuclear Security Administration Personnel System

The Senate bill contained a provision (sec. 3112) that would make permanent the personnel demonstration project carried out by the National Nuclear Security Administration since 2008.

The House amendment contained no similar provision.

The Senate recesses.

Program for research and development of advanced naval nuclear fuel system based on low-enriched uranium

The Senate bill contained a provision (sec. 3115) that would prohibit the obligation or expenditure of any funds for fiscal year 2020 or thereafter for the National Nuclear Security Administration to conduct research and development for an advanced naval nuclear fuel system based on low-enriched uranium (LEU) unless the Secretary of Defense, Secretary of Energy, and Secretary of the Navy submit certain certifications to the congressional defense committees.

The House amendment contained a provision (sec. 3118) that would require the Administrator for Nuclear Security to establish a program to assess the viability of using LEU in naval nuclear propulsion reactors, including reactors located on aircraft carriers and submarines, that meet the requirements of the Navy. The provision would require this program to include down-blending of high-enriched uranium (HEU) into LEU, manufacturing of candidate fuels, irradiation tests and post-irradiation examination capabilities, and modification or procurement of equipment and infrastructure related to these activities. Finally, the provision would require the Administrator to submit a plan to carry out this program, including the funding requirements associated.

The House amendment also contained a provision (sec. 3122) that would authorize to be appropriated \$20.0 million for low-enriched uranium research and development within the defense nuclear nonproliferation account.

The conference agreement does not include any of these provisions.

Availability of amounts for denuclearization of Democratic People's Republic of North Korea

The House amendment contained a provision (sec. 3123) that would increase by \$10.0 million the funding authorized for defense nuclear nonproliferation to develop and prepare to implement a monitoring and verification program for the phased denuclearization of the Democratic People's Republic of North Korea.

The Senate bill contained no similar provision.

The House recesses.

Funding for inertial confinement fusion ignition and high yield program

The House amendment contained a provision (sec. 3125) that would increase by \$5.0 million the funding authorized for the inertial confinement fusion ignition and high yield program, facility operations and target production.

The Senate bill contained no similar provision.

The House recesses.

TITLE XXXII—DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Authorization (sec. 3201)

The Senate bill contained a provision (sec. 3201) that would authorize funding for the Defense Nuclear Facilities Safety Board at \$29.5 million, consistent with the budget request.

The House amendment contained an identical provision (sec. 3201).

The conference agreement includes this provision.

Improvements to Defense Nuclear Facilities Safety Board (sec. 3202)

The Senate bill contained a provision (sec. 3202) that would establish an Executive Director for Operations at the Defense Nuclear Facilities Safety Board. It would also authorize the Chairman of the Board to organize the staff as he considers appropriate to accomplish the mission, and repeal a prohibition contained in section 311 of the Atomic Energy Act of 1954 (42 U.S.C. 2286) on the Chairman's withholding of information relating to management of the Board from the other Board members.

The House amendment contained a provision (sec. 3202) that would also establish an Executive Director for Operations and specify that employee's role within the Board staff structure. The provision would require the Board staff to consist of the equivalent of between 110 and 130 full-time employees. The provision would also clarify that the mission of the Board includes provision of recommendations covering adequate protection of employee health and safety at defense nuclear facilities. The provision would also require the Secretary of Energy to provide to the Board prompt and unfettered access to facilities within its purview, regardless of hazard or risk category of such facilities. Finally, the provision would limit the ability of the Secretary of Energy to deny information to Board staff, while clarifying that the Board may not publicly disclose any information that is otherwise protected from disclosure by law.

The Senate recedes with amendments that would retain the Senate bill's authorization for the Chairman to organize the staff as he considers appropriate, and the repeal of the prohibition on withholding information. The amendments would also require that the Board employ no fewer than the equivalent of 100 full-time employees in fiscal year 2020, and clarify the Board's purview of defense nuclear facilities. Finally, the amendments would require the Secretary of Energy to provide written notification of any denial of a written request for access made by the Board; require the Board to provide biannual reports to Congress enumerating requests for access that were denied by the Secretary in the preceding 6 months; and require the Secretary to provide biannual reports to Congress identifying each request denied by the Secretary in the same period, including the reason for such denials.

Membership of Defense Nuclear Facilities Safety Board (sec. 3203)

The Senate bill contained a provision (sec. 3203, as modified by sec. 8202) that would require the National Academy of Sciences to maintain a list of qualified individuals for

consideration for nomination to fill vacancies on the Defense Nuclear Facilities Safety Board. The provision would also prohibit Board members from serving on expired terms, and prohibit Board members from being nominated for two consecutive terms, unless the member was confirmed by the Senate more than 2 years into the member's first term; such changes would take effect on April 1, 2020. Finally, the provision would include measures to encourage the President to promptly submit nominations to fill vacant seats.

The House amendment contained no similar provision.

The House recedes with amendments that would prohibit Board members from serving on expired terms, unless the departure of a member would result in the loss of a quorum for the Board. The amendments would also modify the date of effect from April 1, 2020, to 1 year from the date of enactment of this Act.

TITLE XXXIV—NAVAL PETROLEUM RESERVES

Authorization of Appropriations (sec. 3401)

The House amendment contained a provision (sec. 3401) that would authorize funds for the purpose of carrying out activities under chapter 869 of title 10, United States Code, relating to the naval petroleum reserves.

The Senate bill contained no similar provision.

The Senate recedes.

TITLE XXXV—MARITIME MATTERS

SUBTITLE A—MARITIME ADMINISTRATION

Authorization of the Maritime Administration (sec. 3501)

The Senate bill contained a provision (sec. 8511) that would authorize appropriations for certain aspects of the Maritime Administration for fiscal year 2020.

The House amendment contained a similar provision (sec. 3501).

The House recedes with an amendment that would reduce the amount of appropriations authorized for the Port and Intermodal Improvement Program from \$600.0 million to \$500.0 million for fiscal year 2020. The amendment would also make changes to the determination made by the Secretary of Transportation as it

relates to funds being used for fully automated cargo handling equipment.

Reauthorization of Maritime Security Program (sec. 3502)

The House amendment contained a provision (sec. 3502) that would authorize the Maritime Security Program until 2035. It would authorize a stipend of \$5.3 million for fiscal years 2022-2025, \$5.8 million for fiscal years 2026-2028, \$6.3 million for fiscal years 2029-2031, and \$6.8 million for fiscal years 2032-2035 for each of the 60 vessels in the Maritime Security Program.

The Senate bill contained a similar provision (sec. 8512).
The Senate recesses.

Maritime technical assistance program (sec. 3503)

The Senate bill contained a provision (sec. 8522) that would clarify that the Maritime Administrator shall act on behalf of the Secretary of Transportation for the Maritime Technical Assistance Program. The provision would also broaden the scope of the existing program to include research on propeller cavitation, U.S. maritime environmental performance to meet international standards and guidelines, and improve the efficiency and competitiveness of domestic maritime industries.

The House amendment contained no similar provision.
The House recesses with a technical amendment.

Appointment of candidates attending sponsored preparatory school (sec. 3504)

The Senate bill contained a provision (sec. 8514) that would allow the Secretary of Transportation to appoint no more than 40 qualified cadets per year who have successfully met the terms and conditions of sponsorship at a sponsored preparatory school during the previous academic year to the U.S. Merchant Marine Academy.

The House amendment contained no similar provision.
The House recesses.

General support program (sec. 3505)

The Senate bill contained a provision (sec. 8516) that would require the Secretary of Transportation to designate State Maritime Academies as Centers of Excellence.

The House amendment contained no similar provision.

The House recedes with an amendment that would designate the State Maritime Academies as American Maritime Centers of Excellence.

Improvements to the maritime guaranteed loan program (sec. 3506)

The Senate amendment contained a provision (sec. 8525) that would modify the Maritime Guaranteed Loan Program in certain ways.

The House bill contained no similar provision.

The House recedes with an amendment that would add a requirement for a 45-day public comment period for stakeholder input in the federal register prior to issuing guidance for expedited consideration of applications for maritime guaranteed loans.

Requirement for small shipyard grantees (sec. 3507)

The Senate bill contained a provision (sec. 8523) that would prohibit funds from being obligated for the Maritime Administration's Small Shipyard Grant Program unless the articles, materials, and supplies purchased with grant funds have been mined, produced, or manufactured in the United States, subject to certain exceptions.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Salvage recoveries of cargoes (sec. 3508)

The Senate bill contained a provision (sec. 8518) that would authorize a Federal entity to transfer funds to the Secretary of Transportation when the Secretary has provided for the use of Department of Transportation vessels, services, or goods to a Federal, State, or local entity in support of the salvage of federally owned cargoes.

The House amendment contained no similar provision.

The House recedes with an amendment that would allow the Secretary of Transportation to enter into reimbursable agreements for the reimbursement of funds for legal services related to the salvaging of federal cargoes.

Salvage recoveries for subrogated ownership of vessels and cargoes (sec. 3509)

The Senate bill contained a provision (sec. 8519) that would authorize the Secretary of Transportation to enter into marine salvage agreements for the recoveries, sale, and disposal

of sunken or damaged vessels or property owned or insured by the Maritime Administration or its predecessor agencies.

The House amendment contained no similar provision.

The House recedes with an amendment that would allocate 50 percent of the proceeds from recoveries to Maritime Academies for maintenance, repair, and modernization and 50 percent of the proceeds to maritime heritage grants.

Maritime Occupational Safety and Health Advisory Committee (sec. 3510)

The House bill contained a provision (sec. 3503) that would amend section 7 of the Occupational Safety and Health Act of 1970 by establishing a Maritime Occupational Safety and Health Advisory Committee to advise the Secretary of Labor on issuing standards for the maritime industry.

The Senate bill contained no similar provision.

The Senate recedes.

Military to mariner (sec. 3511)

The Senate bill contained a provision (sec. 8517) that would provide military to mariner transition assistance.

The House amendment contained a similar provision (sec. 3504).

The House recedes with a technical amendment.

Department of Transportation Inspector General Report (sec. 3512)

The Senate bill contained a provision (sec. 8513) that would require the Department of Transportation Office of Inspector General to conduct an audit and submit a report to Congress on the Maritime Administration's actions to address certain recommendations promulgated by the National Academy of Public Administration in a report entitled "Maritime Administration: Defining its Mission, Aligning its Programs, and Meeting its Objectives."

The House amendment contained no similar provision.

The House recedes.

Independent study on the United States Merchant Marine Academy (sec. 3513)

The Senate bill contained a provision (sec. 8515) that would require the Maritime Administrator to enter into an

agreement with the National Academy of Public Administration to produce a study on the U.S. Merchant Marine Academy.

The House amendment contained no similar provision.

The House recesses.

Port operations, research, and technology (sec. 3514)

The Senate bill contained a provision (sec. 8520) that would amend section 50302 of title 46, United States Code. This provision would establish a competitive grant program for port and intermodal projects.

The House amendment contained no similar provision.

The House recesses with an amendment that would clarify certain requirements associated with eligible projects, reduce the grant request amount for eligible projects covered under the small project set aside, clarify the definition of a port eligible for funding, and make technical changes.

Additionally, the amendment would amend section 533 of the Coast Guard Authorization Act of 2015 (Public Law 114-120) to allow the Coast Guard to complete certain remedial actions required by section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (Public Law 96-510).

Assessment and report on strategic seaports (sec. 3515)

The Senate bill contained a provision (sec. 8521) that would require the Secretary of Defense to submit a report to the congressional defense committees on port facilities used for military purposes at designated strategic ports.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Technical corrections (sec. 3516)

The Senate bill contained a provision (sec. 8526) that would direct the Director of the Office of Personnel Management to identify key skills and competencies necessary to maintain a balance of expertise in merchant marine seagoing service and strategic sealift military service for certain positions within the Office of the Commandant of the U.S. Merchant Marine Academy. This section would also clarify that criteria for participation in the Sea Year program applies to both domestic and international vessels.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

United States Merchant Marine Academy sexual assault prevention and response program (sec. 3517)

The Senate bill contained a provision (sec. 8527) that would ensure the recommendations of the Inspector General of the Department of Transportation's report on the effectiveness of the Sexual Assault Prevention and Response Program at the U.S. Merchant Marine Academy are implemented within 180 days after the date of enactment of this Act.

The House amendment contained no similar provision.

The House recesses.

Report on vessels for emerging offshore energy infrastructure (sec. 3518)

The Senate bill contained a provision (sec. 8528) that would require the Secretary of Transportation, Secretary of Energy, Secretary of the Interior, and the heads of other relevant agencies to submit a report on the need to install, operate, and maintain emergency offshore energy infrastructure in vessels.

The House amendment contained no similar provision.

The House recesses with an amendment that would require the report to be completed by the Comptroller General of the United States and specify that vessels considered in this report be documented under chapter 121 of title 46, United States Code, and operated under U.S. coastwise laws.

Report on United States flagged fuel tanker vessel capacity (sec. 3519)

The House amendment contained a provision (sec. 3511) that would authorize a tanker security fleet program.

The Senate bill contained no similar provision.

The Senate recesses with an amendment that would require a report on U.S.-flagged fuel tanker vessel capacity.

SUBTITLE B—CABLE SECURITY FLEET

Establishment of cable security fleet (sec. 3521)

The House amendment contained a provision (sec. 3521) that would authorize a cable security fleet program.

The Senate bill contained no similar provision.
The Senate recesses.

SUBTITLE C—MARITIME SAFE ACT

Short titles (sec. 3531)

The Senate bill contained a provision (sec. 8531) that would name a subtitle, "The Maritime Security and Fisheries Enforcement (Maritime SAFE) Act."

The House amendment contained no similar provision.
The House recesses.

Definitions (sec. 3532)

The Senate bill contained a provision (sec. 8532) that would define several terms.

The House amendment contained no similar provision.
The House recesses.

Purposes (sec. 3533)

The Senate bill contained a provision (sec. 8533) that would establish that the purposes of a subtitle are to support a whole-of-government approach to combating illegal, unregulated, and unreported fishing.

The House amendment contained no similar provision.
The House recesses.

Statement of policy (sec. 3534)

The Senate bill contained a provision (sec. 8534) that would establish the policy of the United States to take immediate action against illegal, unregulated, and unreported fishing through diplomatic, military, development, and economic tools.

The House amendment contained no similar provision.
The House recesses.

PART I—PROGRAMS TO COMBAT IUU FISHING AND INCREASE MARITIME SECURITY

Coordination with international organizations (sec. 3541)

The Senate bill contained a provision (sec. 8541) that would direct the Departments of State and Commerce to coordinate with Regional Fisheries Management Organizations, the Food and Agriculture Organization of the United Nations, and other relevant international organizations to enhance regional responses to illegal, unregulated, and unreported fishing and related illegal activity.

The House amendment contained no similar provision.

The House recesses.

Engagement of diplomatic missions of the United States (sec. 3542)

The Senate bill contained a provision (sec. 8542) that would direct each chief of mission to a relevant country in the priority region to convene a working group of stakeholders to examine illegal, unregulated, and unreported (IUU) fishing in the region and to designate a counter-IUU Fishing Coordinator from among existing mission personnel, if the Secretary of State determines such action is appropriate.

The House amendment contained no similar provision.

The House recesses.

Assistance by Federal agencies to improve law enforcement within priority regions and priority flag states (sec. 3543)

The Senate bill contained a provision (sec. 8543) that would direct the Departments of State and Commerce to evaluate opportunities to provide assistance in improving countries' abilities to interdict individuals and vessels engaged in illegal, unregulated, and unreported (IUU) fishing, secure and inspect their ports, investigate and prosecute IUU fishing cases, and securely share information related to maritime enforcement and port security.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Expansion of existing mechanisms to combat IUU fishing (sec. 3544)

The Senate bill contained a provision (sec. 8544) that would direct relevant agencies to assess opportunities to combat illegal, unregulated, and unreported (IUU) fishing through the use or expansion of certain mechanisms.

The House amendment contained no similar provision.

The House recesses with an amendment that would direct the Director of National Intelligence to develop an enterprise

approach to appropriately share information on IUU fishing and other connected transnational organized illegal activity occurring in priority regions and elsewhere.

Improvement of transparency and traceability programs (sec. 3545)

The Senate bill contained a provision (sec. 8545) that would direct relevant agencies to work with priority flag states and countries in priority regions to increase knowledge about U.S. transparency and traceability standards for imports of seafood and seafood products.

The House amendment contained no similar provision.

The House recedes with an amendment that would remove support for seafood traceability standards in foreign countries.

Technology programs (sec. 3546)

The Senate bill contained a provision (sec. 8546) that would direct relevant agencies to pursue programs to expand the role of technology in combating illegal, unregulated, and unreported fishing.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Savings clause (sec. 3547)

The Senate bill contained a provision (sec. 8547) that would specify that no part of certain sections of this Act shall impose any obligation on the Department of Defense.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

PART II—ESTABLISHMENT OF INTERAGENCY WORKING GROUP ON IUU FISHING

Interagency working group on IUU Fishing (sec. 3551)

The Senate bill contained a provision (sec. 8551) that would establish a working group to produce an interagency response on illegal, unregulated, and unreported fishing.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Strategic plan (sec. 3552)

The Senate bill contained a provision (sec. 8552) that would require the illegal, unregulated, and unreported (IUU) working group to submit to Congress a five-year integrated strategic plan on combating the issues of IUU fishing.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Reports (sec. 3553)

The Senate bill contained a provision (sec. 8553) that would require the working group on illegal, unregulated, and unreported fishing to submit a report to specified committees of the House of Representatives and the Senate.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

Gulf of Mexico IUU Fishing Subworking Group (sec. 3554)

The Senate bill contained a provision (sec. 8554) that would authorize the National Oceanic and Atmospheric Administration, Coast Guard, and the Department of State to establish a sub-working group to address illegal, unregulated, and unreported fishing specifically in the Gulf of Mexico.

The House amendment contained no similar provision.

The House recesses with a technical amendment.

PART III—COMBATING HUMAN TRAFFICKING IN CONNECTION WITH THE CATCHING AND PROCESSING OF SEAFOOD PRODUCTS

Finding (sec. 3561)

The Senate bill contained a provision (sec. 8561) that would provide Congress's findings regarding the issue of human trafficking on the importation of certain seafood products into the United States.

The House amendment contained no similar provision.

The House recesses.

Adding the Secretary of Commerce to the Interagency Task Force to Monitor and Combat Trafficking (sec. 3562)

The Senate bill contained a provision (sec. 8562) that would amend Section 105(b) of the Victims of Trafficking and

Violence Protection Act of 2000 to include the Secretary of Commerce in section 7103(b) of title 22, United States Code.

The House amendment contained no similar provision.

The House recesses.

Human trafficking in the seafood supply chain report (sec. 3563)

The Senate bill contained a provision (sec. 8563) that would require the Administrator of the National Oceanic and Atmospheric Administration and the Commissioner of the Food and Drug Administration to submit a report to Congress detailing the existence of human trafficking in the supply chain of the importation of seafood products to the United States.

The House amendment contained no similar provision.

The House recesses.

PART IV—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 3571)

The Senate bill contained a provision (sec. 8571) that would require funding for certain programs be derived from the amounts appropriated to relevant agencies.

The House amendment contained no similar provision.

The House recesses.

Accounting of funds (sec. 3572)

The Senate bill contained a provision (sec. 8572) that would require each agency receiving or allocating funds to carry out the activities under this subtitle to submit a report to Congress providing an accounting of all funds made available under this subtitle.

The House amendment contained no similar provision.

The House recesses.

LEGISLATIVE PROVISIONS NOT ADOPTED

Maritime Administration

The Senate bill contained a provision (sec. 3501) that would authorize certain aspects of the Maritime Administration. The Senate bill also contained a provision (sec. 8500) that would strike section 3501.

The House amendment contained no similar provision.

The Senate recesses.

Short title

The Senate bill contained a provision (sec. 8501) that would allow the Maritime Administration title to be cited as the "Maritime Authorization and Enhancement Act of 2019."

The House amendment contained no similar provision.
The Senate recesses.

Improvement of National Oceanographic Partnership Program

The Senate bill contained a provision (sec. 8524) that would provide for certain improvements to the National Ocean Partnership Program.

The House amendment contained no similar provision.
The Senate recesses.

DIVISION D—FUNDING TABLES

Authorization of amounts in funding tables (sec. 4001)

The Senate bill contained a provision (sec. 4001) that would provide for the allocation of funds among programs, projects, and activities in accordance with the tables in division D of this Act, subject to reprogramming guidance in accordance with established procedures. Consistent with the previously expressed views of the committee, the provision would also require that decisions by an agency head to commit, obligate, or expend funds to a specific entity on the basis of such funding tables be based on authorized, transparent, statutory criteria, or merit-based selection procedures in accordance with the requirements of sections 2304(k) and 2374 of title 10, United States Code, and other applicable provisions of law.

The House amendment contained an identical provision (sec. 4001).

The conference agreement includes this provision.

SUMMARY OF NATIONAL DEFENSE AUTHORIZATIONS FOR FISCAL YEAR 2020

(In Thousands of Dollars)

| | FY 2020 Request | Conference Change | Conference Authorized |
|---|--------------------|----------------------|--------------------------|

DIVISION E—INTELLIGENCE AUTHORIZATIONS FOR FISCAL YEARS 2018, 2019, AND 2020

Intelligence authorizations for fiscal years 2018, 2019, and 2020 (secs. 5001-6747)

The Senate bill contained Division F that included the Intelligence Authorization Act for Fiscal Year 2020 and Division G that included the Intelligence Authorization Act for fiscal years 2018 and 2019.

The House amendment contained no similar provisions.

The House recedes with an amendment that would make various modifications to such provisions.

DIVISION F—OTHER MATTERS

TITLE LXXI—SANCTIONS WITH RESPECT TO NORTH KOREA

*Sanctions with respect to North Korea and Financial Industry
Guidance to Halt Trafficking Act (secs. 7101-7155)*

The Senate bill contained multiple provisions (sections 6901, 6911-6913, 6921-6925, 6931-6935, 6941-6946, 6951-6954, 6961-6966) that would strengthen United States sanctions on North Korea, impose oversight measures concerning sanctions on North Korea, and strengthen the Department of Treasury's role in combating human trafficking, among other measures.

The House amendment contained multiple similar provisions (sections 1099Z-1-1099Z-8).

The House recedes with an amendment that would provide for significant enhancement of economic sanctions on North Korea and foreign persons involved with North Korea, including new secondary banking sanctions and broadening primary trade-based sanctions provided for in the North Korea Sanctions and Policy Enhancement Act of 2016 (Public Law 114-122), hereafter referred to as NKSPEA. In addition, it would provide for increased congressional oversight in response to North Korea's aggressive nuclear and ballistic missile testing, sanctions evasion, and global compliance failures weakening enforcement of United Nations Security Council (UNSC) resolutions. The amendment

would also provide for significant guidance to the financial industry on strengthening measures to combat human trafficking.

More specifically, the amendment would impose such "secondary banking sanctions" as asset blocking and restrictions on correspondent accounts, and any other penalty authorized by the International Emergency Economic Powers Act (Public Law 95-223), hereafter referred to as IEEPA, against foreign financial institutions that provide financial services to certain sanctioned persons. Furthermore, the amendment would prohibit transactions with the same types of certain sanctioned persons by persons owned or controlled by U.S. financial institutions, and provides for civil IEEPA penalty authority against both the person owned or controlled and as appropriate its parent U.S. financial institution.

The amendment would also expand on the list of designation requirements for mandatory sanctions provided in NKSPEA, by adding as mandatory: any person that engages in the import or export, including of related services or technology, of coal, textiles, seafood, iron, or iron ore; and in crude oil or refined petroleum products above UNSC-set limits. The amendment would also require the imposition of sanctions with respect to any person who engages in, or otherwise facilitates: a transfer of North Korean government funds or property, contributing to a material violation of a UNSC resolution; the exportation of workers from North Korea; the sale or transfer of vessels to North Korea, or their registration, chartering or insurance; bribery of a North Korean official; or the significant misappropriation of public funds.

The amendment would also provide for enhanced guidance to the financial industry to combat human trafficking by: elevating human trafficking as an enumerated function of the U.S. Treasury Office of Terrorism and Financial Intelligence and requiring increased coordination and reporting related to human trafficking; strengthening the role that anti-money laundering and other tools play in combating human trafficking by requiring the U.S. Inter-Agency Task Force to Monitor and Combat Trafficking to provide certain policy recommendations to federal regulators and to Congress; and underscoring the sense of Congress that adequate funding be provided for public outreach and critical federal efforts to combat human trafficking at home and abroad.

TITLE LXXII—SANCTIONS WITH RESPECT TO FOREIGN TRAFFICKERS OF ILLICIT SYNTHETIC OPIOIDS

Sanctions with respect to foreign traffickers of illicit synthetic opioids (secs. 7201-7235)

The Senate bill contained a provision (sec. 6801-6837) that would strengthen United States sanctions against foreign synthetic opioid traffickers, financial institutions, and others that assist such entities. It would also establish a Commission on Combating Synthetic Opioid Trafficking to report on how to combat more effectively the flow of synthetic opioids from China, Mexico, and elsewhere, among other measures.

The House amendment contained a similar provision (sec. 1701-1736).

The House recedes with a clarifying amendment.

TITLE LXXIII-PFAS

Definition of Administrator (sec. 7302)

The Senate bill contained a provision (sec. 6701) that would define the term "Administrator" for this title.

The House amendment contained no similar provision.

The House recedes.

Drinking Water (secs. 7311-7312)

The Senate bill contained a series of provisions (sec. 6721-6724) that would require the Administrator of the Environmental Protection agency to promulgate a national primary drinking water regulation for, require monitoring of, and establish drinking water state revolving funds for perfluoroalkyl and polyfluoroalkyl substances.

The House amendment contained no similar provision.

The House recedes with an amendment that would eliminate the requirement to establish a national primary drinking water standard and the accompanying enforcement provision and makes various other technical modifications.

PFAS Release Disclosure (secs. 7321)

The Senate bill contained a provision (sec. 6711) that would include Perfluorooctanoic acid, Perfluorooctane sulfonic acid and their associated salts in the toxics release inventory.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

USGS Performance Standard (secs. 7331-7335)

The Senate bill contained provisions (sec. 6731-6736) that would direct the director of the United States Geological Survey to establish a performance standard for the detection of highly fluorinated compounds, to conduct nationwide sampling, and to use the data to inform and enhance assessments of exposure.

The House amendment contained a similar provision (sec. 330G)

The House recedes with multiple technical amendments.

Emerging Contaminants (secs. 7341-7342)

The Senate bill contained provisions (sec. 6741-6742) that would require the Administrator of the Environmental Protection Agency to review the Federal efforts of research, development, and response to emerging contaminants.

The House amendment contained no similar provision.

The House recedes with a technical amendment.

Toxic Substances Control Act and Other Matters (secs. 7351-7362)

The Senate bill contained provisions (sec. 6751-6754) that would direct the Administrator of the Environmental Protection Agency to take final action on the proposed rule entitled "Long-Chain Perfluoroalkyl Carboxylate and Perfluoroalkyl Sulfonate Chemical Substances; Significant New Use Rule," to publish interim disposal guidance, to conduct research and development efforts focused on perfluoroalkyl and polyfluoroalkyl substances.

The House amendment contained no similar provisions.

The House recedes with multiple technical amendments.

**TITLE LXXIV-CAESAR SYRIA CIVILIAN
PROTECTION ACT OF 2019**

Caesar Syria Civilian Protection Act of 2019 (secs. 7401-7438)

The conference agreement includes a provision known as the Caesar Syria Civilian Protection Act of 2019 that would sanction foreign persons who knowingly provide significant financial, material, or technological support to, or knowingly engage in a significant transaction with the Government of Syria, or military contractors, mercenaries, or paramilitary forces that

knowingly operate in a military capacity inside Syria for or on behalf of the Government of Syria, the Government of the Russian Federation, or the Government of Iran. The provision would also require the Secretary of the Treasury to determine whether reasonable grounds exist for concluding that the Central Bank of Syria is a financial institution of primary money laundering concern and, if so, impose relevant sanctions on the Central Bank of Syria. The provision would also authorize the Secretary of State to provide support to entities conducting criminal investigations, supporting prosecutions, or collecting evidence against those who have committed war crimes or crimes against humanity in Syria. Lastly, the provision would require the President to produce various strategies, assessments, and briefings related to the provision of humanitarian assistance and the protection of civilians.

TITLE LXXV-PROTECTING EUROPE'S ENERGY SECURITY

Protecting Europe's Energy Security (secs. 7501-7503)

The conference agreement includes a provision that would express the sense of Congress concerning United States relations with the European Union and Germany and impose sanctions with respect to provision of certain vessels for the construction of the Nord Stream 2 and TurkStream pipeline projects.

TITLE LXXVI-OTHER MATTERS

SUBTITLE A-FEDERAL EMPLOYEE PAID LEAVE ACT

Federal Employee Paid Leave Act (secs. 7601-7606)

The House amendment contained several provisions(sec. 1121 through 1126) that would provide 12 weeks of paid leave to the Federal workforce for reasons covered by the Family and Medical Leave Act of 1993 (Public Law 115-232).

The Senate bill contained no similar provision.

The Senate recedes with an amendment that would provide 12 weeks of paid leave to Federal employees in connection with the birth or placement of a child to an eligible employee.

SUBTITLE B-OTHER MATTERS

Liberian refugee immigration fairness (sec. 7611)

The Senate bill contained a provision (sec. 6013) that would require, not later than December 31, 2019, the Secretary of Defense, in consultation with the Secretary of State, to submit a report on the impact of Liberian nationals on the national security, foreign policy, and economic, and humanitarian interests of the United States, and a justification for adjustment of status of qualifying Liberians to that of lawful permanent residents.

The House amendment contained no similar provision.

The House recesses with an amendment that would provide for the adjustment of the status of certain nationals of Liberia to that of lawful permanent residents.

Pensacola Dam and Reservoir, Grand River, Oklahoma (sec. 7612)

The Senate bill contained a provision (sec. 6021) that would clarify the respective jurisdictions of the Army Corps of Engineers and the Federal Energy Regulatory Commission (FERC) at the Grand Lake O' the Cherokees, Oklahoma.

The House bill contained no similar provision.

The House recesses with technical amendments and an amendment that would require the Army Corps of Engineers to conduct a study of the resiliency of upstream infrastructure and lands.

Limitation on certain rolling stock procurements; cybersecurity certification for rail rolling stock and operations (sec. 7613)

The Senate bill contained a provision (sec. 6015) that would amend section 5323 of title 49, United States Code, to prevent the use of Federal transit dollars to procure rolling stock from certain manufacturers and an associated annual process for certifying compliance, with an exception for preexisting contracts for rail rolling stock. This provision also would require that any transit service operator of rail rolling stock develop and execute a cybersecurity risk reduction plan in accordance with certain standards and would include arrangements for third-party testing of certain components.

The House amendment contained a similar provision (sec. 896) that would apply overall, only to rail rolling stock.

The House recesses with amendments that would add exceptions to implementation including a grace period of two years from enactment, for certain rolling stock, and other technical amendments.

LEGISLATIVE PROVISIONS NOT ADOPTED

PFAS designation, effluent limitations, and pretreatment standards

The House amendment contained a provision (sec. 330A) that would require the Administrator of the Environmental protection agency to include per- and polyfluoroalkyl substances to the toxic pollutant list in the Federal Water Pollution Control Act.

The Senate bill contained no similar provision.

The House recesses.

Designation as hazardous substances

The House amendment contained a provision (sec. 3300) that would require the Administrator of the Environmental Protection Agency to designate all per- and polyfluoroalkyl substances as hazardous substances under section 102(a) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9602(a)).

The Senate bill contained no similar provision.

The House recesses.

Utilizing significant emissions with innovative technologies

The Senate bill contained a provision (sec. 6001) that would require the Administrator of the Environmental Protection Agency to conduct direct air capture research.

The House amendment contained no similar provision.

The Senate recesses.

CUI

INSPECTOR GENERAL

U.S. Department of Defense

JULY 22, 2021

(U) Evaluation of the Department of Defense's Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations

Controlled by: DoD OIG / Evaluations

CUI Category: PRIVILEGE

Distribution/Dissemination Control: FED ONLY; DL - DoD ONLY

POC: eval-sieo-re@dodig.mil

INTEGRITY ★ INDEPENDENCE ★ EXCELLENCE

CUI

CUI

(U) Results in Brief

(U) Evaluation of the Department of Defense's Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations

July 22, 2021

(U) Objective

(U) The objective of this evaluation was to determine the extent that the DoD has taken steps to:

- (U) identify, mitigate, and remediate contamination from perfluoroalkyl and polyfluoroalkyl substances (PFAS) at DoD installations; and
- (U) identify populations exposed to PFAS at DoD installations and inform them of the associated health and safety concerns.

(U) Background

(U) In a July 25, 2019 letter, 31 members of Congress requested that the DoD Office of Inspector General (DoD OIG) “undertake a review of the U.S. Department of Defense’s (DoD’s) use of PFAS at military sites around the country and the exposure of both military personnel and civilians living near military sites.” In response to the congressional letter, the DoD OIG announced this evaluation on February 3, 2020.

(U) PFAS are fire-resistant, man-made chemicals that repel oil, grease, and water. Products that contain PFAS can be found in almost every U.S. home and business; however, some products containing PFAS are largely limited to the DoD and other heavy industries. One such product is Aqueous Film Forming Foam (AFFF), which the DoD began using in the 1970s as a fire suppressant to fight dangerous petroleum-based fires.

(U) Background (cont'd)

(U) The DoD, the Military Departments, and the Defense Logistics Agency have issued policies and established programs and organizations that require their officials to, among other things, manage Environment, Safety, and Occupational Health risks caused by their activities; perform environmental cleanup; control health hazards associated with exposures to chemical, physical, and biological hazards in DoD workplaces; and perform medical surveillance to identify illness trends and annual occupational medical examinations for firefighters.

(U) Additionally, DoD officials issued DoD Instruction (DoDI) 4715.18, requiring proactive evaluations and risk management for “emerging chemicals of environmental concern.” We refer to “emerging chemicals of environmental concern” as emerging chemicals (ECs) and the program as the EC Program throughout this report. Furthermore, in 2019 and 2020, Congress included PFAS requirements in the National Defense Authorization Act, including the requirement that the Secretary of Defense “provide blood testing to determine and document potential exposure to...PFAS for each firefighter of the [DoD] during their annual physical exam” beginning in FY 2021.

(U) Findings

~~(CUI)~~ DoD officials have taken steps to identify, mitigate, and remediate contaminant effects from PFAS-containing AFFF at DoD installations, including restricting nonessential use of AFFF and initiating Federal cleanup response actions. However, DoDI 4715.18 requires DoD officials to proactively mitigate contaminant effects from ECs at DoD installations when risk management actions are endorsed by the Emerging Chemicals of Concern Governance Council. EC Program officials included PFOS and PFOA on the EC Watch List. They commissioned impact assessment reports. EC Program officials issued a risk alert in 2011 that described risks to DoD areas of concern, including risks to human

CUI

(U) Results in Brief

(U) Evaluation of the Department of Defense’s Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations

(U) Findings (cont’d)

~~(CUI)~~ health and the environment. However, the 2011 risk alert was not a risk management action because it was not endorsed by the Emerging Chemicals of Concern Governance Council. Therefore, DoD officials were not required to plan, program, and budget for any actions in response to the 2011 risk alert. EC Program officials did not require proactive risk management actions for PFAS-containing AFFF until 2016 [REDACTED]

[REDACTED]. This occurred because DoDI 4715.18 does not include objective requirements for EC Program officials to use when determining when to initiate risk management actions or to elevate an EC from the EC Watch List to the EC Action List. As a result, people and the environment may have been exposed to preventable risks from PFAS-containing AFFF.

~~(CUI)~~ Additionally, DoDI 4715.18 requires DoD officials to apply an enterprise-wide approach to mitigate contaminant effects from ECs. An enterprise-wide approach would address all sources of potential EC exposure caused by DoD activities and the impacts of that exposure to DoD areas of concern. EC Program officials identified PFOS and PFOA as ECs [REDACTED]. EC Program officials commissioned impact assessment reports [REDACTED]

[REDACTED]

DoD officials have not proactively identified, mitigated, and remediated contaminant effects from PFAS-containing materials other than AFFF at DoD installations. Therefore, DoD officials did not apply an enterprise-wide approach to mitigate the contaminant effects of all sources of potential PFAS exposure caused by DoD activities, as required

~~(CUI)~~ by DoDI 4715.18. This occurred because DoD officials were focused on AFFF, a major source of potential PFAS exposure, and not on all sources of potential PFAS exposure caused by DoD activities. As a result, people and the environment may continue to be exposed to preventable risks from other PFAS-containing materials.

(U) DoD officials have taken steps to identify populations exposed to PFAS at DoD installations and inform them of the associated health and safety concerns. These steps include identifying sources of water containing PFAS and providing PFAS health-related information to military medical treatment facilities. DoDI 6055.05 requires DoD Components to implement risk management steps, including evaluating occupational and environmental health risk management. These risk management steps include tracking, trending, and analyzing clinical examination results related to workplace exposures.

(U) DoD officials developed a plan to implement PFAS blood testing for DoD firefighters by FY 2021, as required by the FY 2020 National Defense Authorization Act. However, DoD officials do not plan to track, trend, and analyze the results of PFAS blood tests conducted on DoD firefighters at a DoD-wide level, as required by DoDI 6055.05. This occurred because DoD officials were focused on the immediate collection of the PFAS blood test results to address the FY 2020 National Defense Authorization Act requirement to test the blood of DoD firefighters and not on the analysis of the blood test results at a DoD-wide level. As a result, the DoD is missing an opportunity to capture comprehensive PFAS exposure data for DoD firefighters to be used for risk management, including future studies to assess significant long-term health effects relating to PFAS.

(U) Results in Brief

(U) Evaluation of the Department of Defense's Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations

(U) Recommendations

(U) We recommend that the Under Secretary of Defense for Acquisition and Sustainment (USD[A&S]) revise DoDI 4715.18 to include requirements for Emerging Chemical Program officials to:

- (U) initiate proactive risk management actions based on measurable risks to the DoD areas of concern to mitigate contaminant effects of emerging chemicals at DoD installations;
- (U) develop risk management options and initiate proactive risk management actions which may be warranted to identify and mitigate the contaminant effects of emerging chemicals as early as possible in the Emerging Chemical Process, regardless of whether an emerging chemical is on the Emerging Chemical Watch List or the Emerging Chemical Action List; and
- (U) formally inform DoD users of emerging chemicals and of their status in the Emerging Chemical Process.

(U) We recommend that the Deputy Assistant Secretary of Defense (Environment and Energy Resilience) complete the Emerging Chemical Process for potential PFAS exposure caused by DoD activities from PFAS-containing materials other than AFFF by developing and presenting validated risk management options for PFAS on the Emerging Chemical Action List to the Emerging Chemicals of Concern Governance Council, as required by DoDI 4715.18.

(U) We recommend that the Assistant Secretary of Defense (Readiness) (ASD[R]) develop a plan to track, trend, and analyze DoD firefighter PFAS blood test results at a DoD-wide level, in accordance with DoDI 6055.05.

(U) Management Comments and Our Response

(U) The Acting Assistant Secretary of Defense (Sustainment) (ASD[S]), responding for the Under Secretary of Defense for Acquisition and Sustainment, partially agreed with the recommendations to revise DoDI 4715.18. However, comments from the Acting ASD(S) addressed the recommendations; therefore, the recommendations are resolved but will remain open.

(U) The Acting ASD(S), responding for the Deputy Assistant Secretary of Defense (Environment and Energy Resilience), agreed with the recommendation to complete the EC Process for potential PFAS exposure caused by DoD activities from PFAS-containing materials other than AFFF. Comments from the Acting ASD(S) addressed the recommendation; therefore, the recommendation is resolved but will remain open. We suggest that the Acting ASD(S) consider the planned changes to DoDI 4715.18 when addressing this recommendation.

(U) The Acting ASD(R) agreed with the recommendation to develop a plan to track, trend, and analyze DoD firefighter PFAS blood test results at a DoD-wide level, in accordance with DoDI 6055.05. Comments from the Acting ASD(R) addressed the recommendation; therefore, the recommendation is resolved but will remain open. While we recognize that PFAS exposure limits are yet to be determined, we suggest that the Acting ASD(R) consider discussing and providing guidance for the following while implementing long-term actions described in the management comments:

- (U) how the DoD will provide the PFAS blood test clinical examination results recorded in various DoD wide systems (such as the Armed Forces Health Longitudinal Technology Application, the Military Health System GENESIS, other electronic

(U) Results in Brief

(U) Evaluation of the Department of Defense's Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations

(U) Comments (cont'd)

- (U) systems, or paper medical records) to the National Institute for Occupational Safety and Health and the Navy and Marine Corps Public Health Center's EpiData Center;
 - (U) what trend analysis, besides measures of central tendencies (such as the mean, median, and mode) will be calculated for the PFAS blood test results; and
 - (U) the plan to collect work-place exposure data (such as length of service, locations served, and any contact with PFAS releases) and illness outcomes data for DoD firefighters (such as increased cholesterol levels or cancer).
- (U) Please see the Recommendations Table on the next page for the status of recommendations.

(U) Recommendations Table

| Management | Recommendations Unresolved | Recommendations Resolved | Recommendations Closed |
|---|----------------------------|--------------------------|------------------------|
| (U) Under Secretary of Defense for Acquisition and Sustainment | None | A.1.a, A.1.b, A.1.c | None |
| (U) Assistant Secretary of Defense (Readiness) | None | B | None |
| (U) Deputy Assistant Secretary of Defense (Environment and Energy Resilience) | None | A.2 | None |

Note: The following categories are used to describe agency management’s comments to individual recommendations.

- **Unresolved** – Management has not agreed to implement the recommendation or has not proposed actions that will address the recommendation.
- **Resolved** – Management agreed to implement the recommendation or has proposed actions that will address the underlying finding that generated the recommendation.
- **Closed** – OIG verified that the agreed upon corrective actions were implemented.

**INSPECTOR GENERAL

MEMORANDUM FOR DISTRIBUTION

(U) SUBJECT: Evaluation of the Department of Defense’s Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations (Report No. DODIG-2021-105)

(U) This final report provides the results of the DoD Office of Inspector General’s evaluation. We previously provided copies of the draft report and requested written comments on the recommendations. We considered management’s comments on the draft report when preparing the final report. These comments are included in the report.

(U) The Acting Assistant Secretary of Defense (Sustainment) agreed to address the recommendations directed to the Under Secretary of Defense for Acquisition and Sustainment and the Deputy Assistant Secretary of Defense (Environment and Energy Resilience); therefore, we consider the recommendations resolved and open. The Acting Assistant Secretary of Defense (Readiness) agreed to address the recommendation directed to the Assistant Secretary of Defense (Readiness); therefore, we consider the recommendation resolved and open. As described in the Recommendations, Management Comments, and Our Response section of this report, we will close the recommendations when we receive documentation showing that all agreed-upon actions to implement the recommendations are completed. Therefore, please provide us within 90 days your response concerning specific actions in process or completed on the recommendations. Send your response to either

[Redacted]

(U) Introduction

(U) Objective

(U) The objective of this evaluation was to determine the extent that the DoD has taken steps to:

- (U) identify, mitigate, and remediate contamination from perfluoroalkyl and polyfluoroalkyl substances (PFAS) at DoD installations; and
- (U) identify populations exposed to PFAS at DoD installations and inform them of the associated health and safety concerns.¹

(U) Background

(U) In a July 25, 2019 letter, 31 members of Congress requested that the DoD Office of Inspector General (DoD OIG) “undertake a review of the U.S. Department of Defense’s (DoD’s) use of PFAS at military sites around the country and the exposure of both military personnel and civilians living near military sites.”² In response to the congressional letter, on February 3, 2020, the DoD OIG announced this evaluation of the DoD’s use of PFAS at DoD installations. For our evaluation, we selected six DoD installations (five current and one former DoD installation) based on factors such as the reported level of PFAS and active or historical firefighting training activities. The following six current and former DoD installations that we selected host, or hosted, active duty military, National Guard, DoD civilians, and military families.³

1. (U) Active duty Army: Fort Bragg, North Carolina
2. (U) Army National Guard: Camp Grayling, Michigan
3. (U) Active duty Navy: Naval Air Station Oceana and Naval Auxiliary Landing Field, Virginia
4. (U) Active duty Marine Corps: Marine Corps Base Camp Pendleton, California
5. (U) Active duty Air Force: Peterson Air Force Base, Colorado
6. (U) Former Air Force: Former Pease Air Force Base, New Hampshire⁴

¹ (U) Throughout this report, we refer to humans in general or collectively as people. We refer to specific communities or groups of people exposed to the same conditions as a population, such as the firefighting population.

² (U) See Appendix B for a copy of the letter.

³ (U) Due to COVID-19 travel restrictions, we did not physically visit the installations identified in this report. We relied on teleconferences, interviews, questionnaires, and data calls to collect testimonial and documentary evidence to gather and verify information.

⁴ (U) Former Pease Air Force Base is a former military installation that has been transferred out of the Air Force but for which the DoD retains environmental restoration responsibilities.

(U) We also held meetings with Defense Logistics Agency (DLA) officials involved with storage and disposal of PFAS-containing materials and discussed the following sites.

1. (U) DLA Headquarters, Fort Belvoir, Virginia
2. (U) Defense Supply Center, Richmond, Virginia
3. (U) Defense Fuel Support Point, Verona, New York
4. (U) DLA Distribution Susquehanna, Pennsylvania

(U) See Appendix A, Scope and Methodology, for a detailed discussion of how we conducted our evaluation. Additionally, see the Glossary for definitions of technical terms used in this report.

(U) Description of PFAS

(U) PFAS are fire-resistant man-made chemicals that repel oil, grease, and water. Since the 1940s, a wide variety of commercial and industrial products have included PFAS. According to the United States Environmental Protection Agency (EPA), more than 600 types of PFAS are known to have been used in commercial and industrial products or manufacturing processes in the past decade. PFAS can be found in food packaging materials, nonstick cookware, stain-resistant carpet treatments, and water-resistant clothing. Some products that contain PFAS are largely limited to the DoD and other heavy industries; for example, PFAS are an ingredient in a fire suppressant, known as Aqueous Film Forming Foam (AFFF), used by military installations, civilian airports, and local fire departments, and in fire-resistant aviation hydraulic fluids.

(U) Human exposure to PFAS occurs through the regular use of products that contain PFAS and through occupational exposure.⁵ Many PFAS do not break down easily in the environment. Therefore, PFAS can get into sources of food and drinking water. For example, when PFAS-containing AFFF is released, the PFAS in the AFFF can make its way into the ground and affect the groundwater.⁶ As a result, PFAS may eventually reach and affect sources of drinking water. The EPA's 2019 PFAS Action Plan, described later in this report, states, "[d]ue to their widespread use and persistence in the environment, most people in the United States have been exposed to PFAS."⁷

⁵ (U) United States Environmental Protection Agency, "EPA's Per- and Polyfluoroalkyl Substances (PFAS) Action Plan," February 2019.

⁶ (U) AFFF releases may occur in an emergency when AFFF is applied to petroleum-based fires, during firefighter training, during testing of fire suppression systems, or by accident.

⁷ (U) EPA's PFAS Action Plan, February 2019.

(U) Potential Health Effects of PFAS Exposure

(U) The EPA, in collaboration with the Agency for Toxic Substances and Disease Registry (ATSDR), reported that “there is evidence that continued exposure above specific levels to certain PFAS may lead to adverse health [effects].”⁸ The ATSDR summarized the current knowledge of potential adverse health effects from exposure to PFAS in its 2020 fact sheet for the public. The fact sheet states,

(U) [a]lthough more research is needed, some studies in people have shown that PFAS may:

- (U) interfere with the body’s natural hormones;
- (U) increase cholesterol levels;
- (U) affect the immune system; and
- (U) increase the risk of some cancers.

(U) At this time, scientists are still learning about the health effects of exposures to mixtures of PFAS.⁹

(U) According to the EPA, scientists found PFAS in the blood of 99 percent of Americans tested between 1999 and 2012.¹⁰ The ATSDR is working with research partners and Federal partners, including the DoD, to study whether exposure to certain PFAS may lead to adverse health effects. For example, the ATSDR is conducting a “multi-site health study” to learn more about the relationship between PFAS exposure and health effects. Health effects are determined by the factors leading to human exposure, which include the type of PFAS, the “dose (how much), the duration (how long), and the route [(the means)] of exposure.” A major source of human exposure to PFAS is through direct ingestion, such as through drinking water containing PFAS.¹¹ Perfluorooctane sulfonic acid (PFOS) and perfluorooctanoic acid (PFOA) are the two types of PFAS that were made in the greatest quantities in the United States and are the most well-studied types of PFAS.¹²

⁸ (U) The ATSDR is a Federal public health agency that investigates emerging chemicals of environmental concern, conducts scientific research, and prepares information for Federal and state agencies, the healthcare and environmental community, and the public.

⁹ (U) Agency for Toxic Substances and Disease Registry, “Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) Frequently Asked Questions,” January 28, 2020.

¹⁰ (U) EPA’s PFAS Action Plan, February 2019.

¹¹ (U) Agency for Toxic Substances and Disease Registry, “ToxGuide for Perfluoroalkyls,” July 2018.

¹² (U) Any chemical that has the chemical structure of at least one carbon atom attached (bonded) to two or more fluorine atoms or includes a chain of carbon atoms attached to fluorine atoms may be considered a PFAS. The bonds between carbon and fluorine atoms are the strongest in nature and do not break down easily. PFOA and PFOS are both perfluoroalkyl substances with eight carbon atoms bonded to fluorine atoms.

(U) The DoD Uses Materials Containing PFAS

(U) DoD officials use products and materials, commonly available to U.S. home and business owners, that contain PFAS.¹³ For example, DoD officials purchase foods packaged in materials that may contain PFAS and use water-resistant clothing that may contain PFAS. DoD officials also use products, such as fire suppressants and fire-resistant aviation hydraulic fluids, that are largely limited to the DoD, civilian airports, and local fire departments.

(U) Petroleum-based fires pose a great risk to human life, are especially dangerous to military equipment, such as military aircraft, and are difficult to contain and extinguish. Manufacturers, including U.S. manufacturers, included PFOS and PFOA as ingredients in AFFF concentrates for their unique fire-resistant properties.¹⁴ According to the Under Secretary of Defense for Acquisition and Sustainment (USD[A&S]), the DoD began using the fire suppressant foam AFFF, which contained PFAS, in the 1970s to fight petroleum-based fires.¹⁵ The fire suppressant foam is applied to petroleum-based fires where it forms a film that restricts oxygen to the fire and extinguishes the flames.

(U) The AFFF used by the DoD has historically contained PFOS and PFOA.¹⁶ If stored properly, AFFF concentrates have a long shelf-life and can remain in the DoD inventory for up to 25 years. As of September 30, 2020, DoD officials identified 687 sites, including active and National Guard installations, former military installations, and DLA sites, where PFAS-containing AFFF was used or released. We refer to the potential effects of PFAS to people, the environment, and DoD missions, programs, and resources as contaminant effects throughout this report. See Appendix C for the history of the DoD's use and response to PFAS contaminant effects.

(U) Federal Actions Related to PFAS

(U) Federal and state agencies are responding to PFAS concerns and evaluating potential human health effects associated with exposures to various PFAS. The following Federal actions are the most relevant to the DoD's use of PFAS and to the objective of this evaluation.

¹³ (U) As previously discussed, a wide variety of commercial and industrial products have included PFAS. Current Federal laws do not require manufacturers to disclose the ingredients or the specific products or materials that contain PFOS and PFOA. However, some states, such as California, require PFOS and PFOA disclosures (as of November 10, 2017). Therefore, products used within the United States may or may not carry a consumer warning disclosing the presence of PFOS and PFOA.

¹⁴ (U) AFFF is made at the time of use by mixing air, water, and foam concentrate (concentrated formula) with suitably designed equipment, such as mixing equipment installed on firefighting vehicles or in aircraft hangars.

¹⁵ (U) USD(A&S), "Department of Defense Alternatives to Aqueous Film Forming Foam Report to Congress," June 2018.

¹⁶ (U) Most AFFF used by the DoD was PFOS-based, but some formulas also contained PFOA.
(U) USD(A&S), "DoD Alternatives to AFFF Report to Congress," June 2018.

(U) EPA Actions Related to PFAS

(U) From the early 2000s to 2015, the EPA worked with U.S. manufacturers to voluntarily phase out the production of PFOS and PFOA in the United States.¹⁷ Over time, U.S. manufacturers transitioned to the use of alternatives that do not contain PFOS and PFOA. Therefore, in the United States, PFOS and PFOA have not been used as ingredients or in the process of manufacturing products, including AFFF concentrates, since the phase-out.

(U) The EPA gathered and assessed information on the risks of certain PFAS, including PFOS and PFOA.¹⁸ Although the EPA has not established enforceable water quality standards for any PFAS, the EPA established health advisories for PFOS and PFOA in sources of drinking water.¹⁹ The “EPA develops health advisories to provide information on contaminants that can cause human health effects and are known or anticipated to occur in drinking water. The EPA’s health advisories are non-enforceable and non-regulatory.”²⁰ The EPA’s health advisories for PFOS and PFOA are intended to guide the many Federal and state agencies that are taking actions to respond to PFAS concerns. A contaminant is defined as any substance, which, after release into the environment and upon exposure, will or may reasonably be anticipated to cause adverse health effects.²¹

(U) In 2009, the EPA published provisional health advisories (PHAs) for PFOS and PFOA found in sources of drinking water.²² According to the EPA, PHA values “reflect reasonable, health-based values above which action should be taken to reduce exposure to unregulated contaminants in drinking water.”²³ The EPA issues PHAs in response to an urgent or developing situation and updates them as additional information becomes available.

¹⁷ (U) According to the EPA, between 2000 and 2002, the primary manufacturer of PFOS voluntarily phased out its production in the United States due to potential risks of the chemical. In 2006, eight major companies voluntarily agreed to phase out their global production of PFOA. According to the EPA, by 2015, all eight companies had met the phase-out goals, although a limited number of ongoing uses, such as fire-resistant aviation hydraulic fluids and photography and film products, remain.

¹⁸ (U) The Toxic Substances Control Act of 1976 (amended in 1996) gives the EPA authority to establish regulatory controls on any stage of the lifecycle of a chemical and, if necessary, to mitigate “unreasonable risk of injury to health or the environment.” However, the EPA has not exercised the authority of these types of regulatory controls and has, instead, used voluntary phase-out activities and requires notification before new PFAS are proposed for manufacturing.

¹⁹ (U) According to the EPA, the EPA developed the non-regulatory Health Advisory Program in 1978 to provide information for public health officials or other interested groups on contaminants that can affect drinking water quality, but are not regulated under the Safe Drinking Water Act. The Safe Drinking Water Act was originally passed by Congress in 1974 to protect public health by regulating the nation’s public drinking water supply. The law was amended in 1986 and 1996 and requires many actions to protect drinking water. The Safe Drinking Water Act authorizes the EPA to set mandatory, enforceable water quality standards for drinking water contaminants that present a risk to human health.

²⁰ (U) EPA, “Fact Sheet PFOA & PFOS Drinking Water Health Advisories,” May 2016.

²¹ (U) Public Law 96-510, codified in 42 U.S.C. chapter 103, § 9601.

(U) See the Glossary for a complete definition.

²² (U) The EPA established the 2009 provisional health advisory for PFOS at 200 parts per trillion and PFOA at 400 parts per trillion.

²³ (U) EPA, “Provisional Health Advisories for Perfluorooctanoic Acid (PFOA) and Perfluorooctane Sulfonate (PFOS),” January 8, 2009.

(U) In May 2016, based on additional scientific studies and evidence, the EPA replaced the 2009 PHAs with lifetime health advisories (LHAs) for PFOS and PFOA. The EPA established the LHA level of 70 parts per trillion to “provide Americans, including the most sensitive populations, with a margin of protection from a lifetime of exposure to PFOS and PFOA from drinking water.”²⁴ According to the EPA, this means that a person drinking water that contains PFOS, PFOA, or a combination of these two PFAS at an amount less than the LHA level of 70 parts per trillion for their entire life should not expect adverse health effects from the PFOS or PFOA.²⁵ According to the EPA, officials responsible for drinking water systems, including drinking water systems on DoD installations, should:

- (U) notify affected populations if PFOS and PFOA levels in sources of drinking water exceed the lifetime health advisories;
- (U) describe actions taken to reduce risks to affected populations; and
- (U) provide information to affected populations on the risks associated with exposure to PFOS and PFOA in sources of drinking water above the EPA LHA levels.

(U) Additionally, in February 2019, the EPA issued a PFAS Action Plan that had multiple planned actions, including proposals for the potential regulation of PFAS. The EPA PFAS Action Plan states that PFOS and PFOA are considered contaminants and that they may reasonably be anticipated to cause adverse health effects. The EPA PFAS Action Plan addressed the EPA’s intent to:

- (U) determine whether to establish mandatory water quality standards in sources of drinking water for PFOS and PFOA;²⁶
- (U) propose testing for additional PFAS not previously monitored in sources of drinking water across the United States to determine their prevalence;

²⁴ (U) EPA, “Fact Sheet PFOA & PFOS Drinking Water Health Advisories,” May 2016.

²⁵ (U) EPA, “Fact Sheet PFOA & PFOS Drinking Water Health Advisories,” May 2016.

(U) According to the EPA fact sheet, when both PFOS and PFOA are found in sources of drinking water, the combined concentration of PFOS and PFOA should be compared with the 70 parts per trillion health advisory level. For example, if a source of drinking water is tested and is found to contain both PFOS and PFOA, the amount of PFOS and PFOA should be added together and compared to the EPA’s LHA level. If the combined amount of PFOS and PFOA is greater than the EPA’s LHA level of 70 parts per trillion, action is recommended to reduce these PFAS in the source of drinking water.

²⁶ (U) The EPA published provisional health advisories for PFOS and PFOA in sources of drinking water in 2009 and replaced the provisional health advisories with LHAs in 2016. The 2016 LHAs greatly lowered the threshold of the amount of PFOS and PFOA in sources of drinking water that should not lead to adverse health effects. The EPA’s PFAS action plan addresses the EPA’s intent to determine whether to establish mandatory water quality standards in sources of drinking water for PFOS and PFOA, which may further reduce the amount of these PFAS that should not lead to adverse health effects. Each time the levels are reduced, the impact to people, the environment, and DoD missions, programs, and resources from historical release of PFAS-containing AFFF increases.

- (U) propose the designation of PFOS and PFOA as hazardous substances under Federal cleanup requirements;²⁷
- (U) develop “groundwater cleanup recommendations” to guide cleanup activities for groundwater impacted by PFAS from past uses and releases;
- (U) propose additional rules to limit new PFAS from manufacturing;
- (U) take enforcement actions, when appropriate, against violators of existing rules and regulations; and
- (U) continue to study the potential health effects of PFAS in coordination with other agencies.

(U) In February 2020, the EPA published an update to the 2019 PFAS Action Plan that describes the status of its actions, including the development of enhanced water testing methods that laboratories can use to analyze sources of drinking water for PFAS. Additionally, the February 2020 update provides a description of groundwater cleanup recommendations for PFOS and PFOA that were previously issued by the EPA in December 2019.²⁸ The EPA’s groundwater cleanup recommendations advise Federal agencies, including the DoD, to screen for PFAS in groundwater and to use the EPA’s LHA levels as the preliminary goal for cleanup of groundwater that is a current or potential source of drinking water.²⁹

(U) National Defense Authorization Acts

(U) In 2019 and 2020, Congress included various PFAS requirements in the National Defense Authorization Act (NDAA).³⁰ The FY 2019 NDAA required the Secretary of Defense to “conduct an assessment of the human health implications of PFAS exposure.” The NDAA required the assessment to include an analysis of health effects associated with PFAS and “an estimate of the number of members of the Armed Forces and veterans who may have been exposed to PFAS while serving in the Armed Forces.” The FY 2020 NDAA further required the Secretary of Defense to “provide blood testing to determine and document potential exposure to...PFAS for each firefighter of the [DoD] during their annual physical exam” beginning in FY 2021.

²⁷ (U) As of July 2021, the EPA has not designated PFOS or PFOA as a “hazardous substance.” Hazardous chemicals or substances are materials that pose an unacceptable health hazard or harm to the environment at certain levels. When the EPA gives a chemical or other substance a “hazardous substance” designation under the authority of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), this action compels any party responsible for the release of that hazardous substance at unacceptable risk levels to pay for and perform Federal cleanup response actions.

²⁸ (U) EPA, “Interim Recommendations to Address Groundwater Contaminated with PFOA and PFOS,” December 19, 2019.

²⁹ (U) According to the EPA’s PFAS Action Plan, “Screening levels [for PFOA and PFOS] are risk-based values that are used to determine if levels of [these two PFAS] may warrant further investigation at a site,” and the cleanup goals are “initial targets for cleanup, which may be adjusted on a site-specific basis as more information becomes available.” The recommended screening level for PFOS and PFOA in groundwater is 40 parts per trillion, and the recommended cleanup goal for PFOS and PFOA in groundwater is equal to the EPA’s LHA level of 70 parts per trillion.

³⁰ (U) Public Law 115-232 enacted the FY 2019 NDAA into law and Public Law 116-92 enacted the FY 2020 NDAA into law.

(U) DoD Policies, Programs, and Actions Related to PFAS

(U) The DoD, the Military Departments (MILDEPs), and the DLA have issued the following key policies and established the following programs and organizations that are the most relevant to the DoD's use of PFAS and to the objective of this evaluation.

(U) Environment, Safety, and Occupational Health Policy

(U) The USD(A&S) published DoD Directive (DoDD) 4715.1E, which requires all DoD organizations to “plan, program, and budget to manage [Environment, Safety, and Occupational Health (ESOH)] risks” caused by their activities.³¹ DoDD 4715.1E also requires all DoD organizations to “evaluate all activities for emerging ESOH resource requirements.” DoDD 4715.1E requires the DoD to protect DoD personnel from risks, including accidental death or occupational illness. Additionally, the DoDD 4715.1E requires the DoD to protect the public from risks, including injury, illness, or death, caused by DoD activities.

(U) Defense Environmental Restoration Program

(U) The Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) authorizes clean up and enforcement actions by the EPA.³² The CERCLA established a separate DoD Defense Environmental Restoration Program (DERP) for environmental cleanup at DoD installations. The USD(A&S) published DoD Instruction (DoDI) 4715.07, which provides procedures for implementing the DERP and requires all DoD organizations to “[i]dentify, evaluate and, where appropriate, respond to a release or threat of a release [of hazardous substances or contaminants] into the environment from DoD activities.”³³

(U) The USD(A&S) also published DoD Manual (DoDM) 4715.20 to accompany DoDI 4715.07, which includes the detailed requirements for the identification, investigation, research and development, and cleanup of contamination or contaminant effects from a hazardous substance or contaminant.³⁴ Therefore,

³¹ (U) DoDD 4715.1E, “Environment, Safety, and Occupational Health (ESOH),” March 19, 2005 (Incorporating Change 2, December 30, 2019).

³² (U) Public Law 96-510, codified in 42 U.S.C. chapter 103, § 9600, et al.

(U) The CERCLA, commonly known as Superfund, was enacted by Congress on December 11, 1980, and was amended in 1986. The law created a tax on the chemical and petroleum industries and provided broad Federal authority to respond directly to releases or threatened releases of hazardous substances that may endanger public health or the environment. The 1986 amendment included the establishment of a separate DoD Defense Environmental Restoration Program.

³³ (U) DoDI 4715.07, “Defense Environmental Restoration Program (DERP),” May 21, 2013 (Incorporating Change 2, August 31, 2018).

(U) The Secretary of Defense established the DERP in accordance with sections 2701(a)(1) and 2701(c), title 10, United States Code.

³⁴ (U) DoDM 4715.20, “Defense Environmental Restoration Program (DERP) Management,” March 9, 2012 (Incorporating Change 1, August 31, 2018).

(U) DoD officials are required by the CERCLA and the DERP to respond to and remediate DoD releases of contaminants, such as PFOS and PFOA. We refer to CERCLA response actions performed in accordance with the DERP as Federal cleanup response actions throughout this report.

(U) Emerging Chemicals of Environmental Concern Program

(U) The USD(A&S) published DoDI 4715.18 to establish the “EC Program” and “procedures for an enterprise-wide approach to the identification, assessment, and management of ‘DoD ECs’” to proactively reduce impacts to “people, the environment, and DoD missions, programs, and resources.”³⁵ “ECs” are “emerging chemicals of environmental concern,” such as PFAS, and we refer to them as emerging chemicals throughout this report. DoDI 4715.18 defines ECs as

(U) [c]hemicals relevant to the DoD that are characterized by a perceived or real threat to human health or the environment and that have new or changing toxicity values or new or changing human health or environmental regulatory standards. Changes may be due to new science discoveries, detection capabilities, or exposure pathways.

(U) The Emerging Chemicals of Concern Governance Council (ECGC) provides “executive-level, enterprise-wide strategic direction” to EC Program officials.³⁶ DoDI 4715.18 requires EC Program officials to develop and present validated risk management options (RMOs) for an EC to the ECGC. DoDI 4715.18 defines RMOs as

(U) actionable, measurable enterprise-wide initiatives focused on proactively mitigating or eliminating risks identified during the assessment portion of the EC process. Initiatives include new DoD policies or research, development, testing, or evaluation of alternative chemicals.

(U) DoDI 4715.18 requires the ECGC to “endorse” validated RMOs. RMOs endorsed by the ECGC become risk management actions (RMAs), and DoDI 4715.18 requires DoD Components to “plan, program, and budget for the implementation of RMAs.”

³⁵ (U) DoDI 4715.18, “Emerging Chemicals (ECs) of Environmental Concern,” September 4, 2019.

(U) DoDI 4715.18, “Emerging Contaminants (ECs),” June 11, 2009 (Superseded).

(U) We refer to issuances of the DoDI 4715.18 according to their issuance dates, when necessary, to describe the timeline of events discussed in this report. Specifically, we refer to the 2009 DoDI 4715.18 and the 2019 DoDI 4715.18. Although the 2009 DoDI 4715.18 did not always refer to the EC Program requirements in the same terms as the 2019 DoDI 4715.18, it described an enterprise-wide approach similar to the 2019 DoDI 4715.18 for the identification, assessment, and management of ECs. Unless otherwise stated, we quoted the current 2019 DoDI 4715.18 in this report to describe DoDI 4715.18 requirements, which did not change in a meaningful way between the 2009 DoDI 4715.18 and the 2019 DoDI 4715.18.

³⁶ (U) 2019 DoDI 4715.18.

(U) Occupational and Environmental Health Policy

(U) The USD(A&S) published DoDI 6055.05, which applies “risk management procedures to anticipate, recognize, evaluate, and control health hazards associated with occupational and environmental exposures...in DoD workplaces.”³⁷ DoDI 6055.05 requires the Assistant Secretary of Defense (Health Affairs), to develop “defense planning guidance and medical planning guidance” and oversee the MILDEPs’ Occupational Environmental Health Programs (OEHPs). DoDI 6055.05 requires OEHP officials to perform active medical surveillance, which includes occupational medical examinations for exposures to hazards. Additionally, DoDI 6055.05 requires OEHP officials to perform passive medical surveillance, which includes “epidemiological review of clinical examination results,” conducting analyses to identify health effects from workplace exposures, and trending data.³⁸ Furthermore, DoDI 6055.05 reporting and recordkeeping procedures require OEHP officials to “perform trend analysis and epidemiologic studies [and] share hazard and exposure data across the Department of Defense.”

(U) The USD(A&S) also published DoDM 6055.05, which “provides health professionals with information and references appropriate for developing and conducting occupational medical examinations and surveillance prescribed in DoDI 6055.05.”³⁹ For example, DoDM 6055.05 includes guidance for developing and conducting occupational medical examinations for Service members, including annual occupational medical examinations for firefighters.

(U) DoD Fire and Emergency Services Program

(U) The USD(A&S) published DoDI 6055.06, which requires all DoD organizations to establish a comprehensive Fire and Emergency Services (F&ES) program.⁴⁰ According to DoDI 6055.06, the purpose of the F&ES program is to protect “DoD personnel, their families, and the public from risk of death, injury, illness,

³⁷ (U) DoDI 6055.05, “Occupational and Environmental Health (OEHP),” November 11, 2008 (Incorporating Change 2, August 31, 2018).

(U) Although the Office of the Under Secretary of Defense for Acquisition and Sustainment issued this policy, the responsibility to implement the DoDI 6055.05 policy series was transferred to the Under Secretary of Defense for Personnel and Readiness.

³⁸ (U) Epidemiology is the study of the health of specified populations (for example, occupational populations such as firefighters or regional populations such as cities) to identify the causes of health outcomes and diseases in those populations. In epidemiology, the patient is the community and individuals are viewed collectively. “Epidemiologic studies” and “epidemiological review” are terms used to describe the application of epidemiology.

³⁹ (U) DoDM 6055.05, “Occupational Medical Examinations and Surveillance Manual,” May 2, 2007 (Incorporating Change 3, August 31, 2018).

⁴⁰ (U) DoDI 6055.06, “DoD Fire and Emergency Services (F&ES) Program,” October 3, 2019.

(U) or property damage as a result of DoD activities” and prevent and minimize “loss of DoD lives and damage to property and the environment.” DoDI 6055.06 further requires all DoD F&ES programs to:

- (U) “[c]ontinuously improve firefighter safety and health,” by analyzing “work processes to identify firefighter injury and illness risk[;]” and
- (U) “[i]mplement medical surveillance programs in accordance with [DoDM 6055.05],” and monitor “illness trends, analyze data to focus prevention efforts, and implement mishap prevention initiatives.”

(U) DoD PFAS Task Force

(U) In July 2019, the Secretary of Defense established the DoD PFAS Task Force.⁴¹ The purpose of the DoD PFAS Task Force is to ensure that the DoD has a “coordinated, aggressive, and holistic approach to DoD-wide efforts to proactively address” the effects of PFAS exposure caused by DoD activities.⁴² The DoD PFAS Task Force makes recommendations to the Secretary of Defense for the establishment of, or changes to, policies, programs, and investments, where necessary, to address PFAS challenges.

⁴¹ (U) Secretary of Defense memorandum, “Per- and Polyfluoroalkyl Substances Task Force,” July 23, 2019.

(U) According to the Secretary of Defense memorandum establishing the DoD PFAS Task Force, the DoD PFAS Task Force is chaired by the Assistant Secretary of Defense (Sustainment) and comprised of Assistant Secretary-level Military Department counterparts.

⁴² (U) “Department of Defense Per- and Polyfluoroalkyl Substances Task Force Operating Principles,” September 13, 2019.

(U) Finding A

(U) The DoD Is Identifying, Mitigating, and Remediating Contaminant Effects From PFAS-Containing AFFF; However, the DoD's Emerging Chemicals Program Needs Improvement

(U) DoD officials have taken steps to identify, mitigate, and remediate contaminant effects from PFAS-containing AFFF at DoD installations. Specifically, DoD officials reduced the risk of contaminant effects from PFAS-containing AFFF by:

- (U) restricting nonessential use of AFFF;
- (U) requiring engineered containment systems or spill response measures for AFFF releases;
- (U) implementing strict reporting and record keeping requirements;
- (U) converting existing stocks of AFFF concentrates containing PFOS and PFOA to AFFF concentrates with little to no PFOS or PFOA;
- (U) performing research and development projects seeking to develop an effective firefighting alternative without PFAS that meets or exceeds firefighting performance requirements; and
- (U) initiating Federal cleanup response actions.

~~(CUI)~~ However, DoDI 4715.18 requires DoD officials to proactively mitigate contaminant effects from ECs at DoD installations when RMAs are endorsed by the ECGC. EC Program officials:

- ~~(CUI)~~ included PFOS and PFOA on the EC Watch List [REDACTED]
- ~~(CUI)~~ commissioned impact assessment reports to [REDACTED]
[REDACTED] and
- (U) issued a risk alert in 2011 that described risks to DoD areas of concern, including risks to human health and the environment.

~~(CUI)~~ Although EC Program officials issued the 2011 risk alert, the 2011 risk alert was not an RMA because it was not endorsed by the ECGC. Therefore, DoD officials were not required to plan, program, and budget for any actions in response to the 2011 risk alert. EC Program officials did not require proactive RMAs for PFAS-containing AFFF until 2016 [REDACTED]. This occurred because the DoDI 4715.18 does not include objective requirements for EC Program officials

(CUI) to use when determining when to initiate RMAs or to elevate an EC from the EC Watch List to the EC Action List. As a result, people and the environment may have been exposed to preventable risks from PFAS-containing AFFF.

(CUI) Additionally, DoDI 4715.18 requires DoD officials to apply an enterprise-wide approach to contaminant effects from ECs. An enterprise-wide approach would address all sources of potential EC exposure caused by DoD activities and the impacts of that exposure to DoD areas of concern. EC Program officials:

- (CUI) identified PFOS and PFOA as ECs [REDACTED]; and
- (CUI) commissioned impact assessment reports [REDACTED]
[REDACTED]
[REDACTED].

(CUI) [REDACTED]

[REDACTED]. DoD officials have not proactively identified, mitigated, and remediated contaminant effects from PFAS-containing materials other than AFFF at DoD installations. Therefore, DoD officials did not apply an enterprise-wide approach to mitigate contaminant effects from all sources of potential PFAS exposure caused by DoD activities, as required by DoDI 4715.18. This occurred because DoD officials were focused on AFFF, a major source of potential PFAS exposure, and not on all sources of potential PFAS exposure caused by DoD activities. As a result, people and the environment may continue to be exposed to preventable risks from other PFAS-containing materials.

(U) DoD Officials Have Taken Steps to Identify, Mitigate, and Remediate Contaminant Effects From PFAS-Containing AFFF at DoD Installations

(U) DoD officials have taken steps to identify, mitigate, and remediate contaminant effects from PFAS-containing AFFF used to fight petroleum-based fires at DoD installations.⁴³ Specifically, DoD officials reduced the risk of contaminant effects from PFAS-containing AFFF by:

- (U) restricting nonessential use of AFFF;
- (U) requiring engineered containment systems or spill response measures for AFFF releases;⁴⁴

⁴³ (U) DoD officials mitigate contaminant effects from PFAS-containing AFFF by taking actions to reduce risks or to reduce the severity of risks associated with PFAS. DoD officials remediate contaminant effects from PFAS-containing AFFF by taking actions intended to be the final and permanent solution to remedy the contaminant effects.

⁴⁴ (U) Engineered containment systems refer to physical infrastructure, such as a drainage system to a tank, designed to completely contain a release of AFFF solution or other substance, such as fuel, until it can be safely treated for release or removed for proper disposal. Spill response refers to immediate, short-term response to limit, address, or mitigate a spill or release.

- (U) implementing strict reporting and record keeping requirements; and
- (U) converting existing stocks of AFFF concentrates containing PFOS and PFOA to AFFF concentrates with little to no PFOS or PFOA.⁴⁵ This action included disposal of existing stocks of AFFF concentrates containing PFOS and PFOA to prevent future usage or release.

(U) For example, installation officials at Camp Grayling showed us their policy restricting nonessential use of AFFF and restricting visiting firefighters from bringing any AFFF to the installation. Additionally, installation officials at Fort Bragg developed a policy requiring installation firefighters to cover all drains in and around any area where an AFFF release occurs, control migration of the foam with dams or dikes, and contact installation environmental officials for further support. In another example, installation officials at Marine Corps Base Camp Pendleton showed us their progress toward converting AFFF concentrates containing PFOS and PFOA in firefighting vehicles, stockpiles, and aircraft hangar fire suppressions systems on the installation to AFFF concentrates with little to no PFOS or PFOA. Installation officials at Marine Corps Base Camp Pendleton were working with DLA officials to dispose of the unused AFFF concentrates.

(U) DoD PFAS Task Force officials reported that DoD officials are performing research and development projects to determine ways to reduce the risk of contaminant effects from PFAS-containing AFFF. The research and development projects are seeking to develop an effective firefighting alternative without PFAS that meets or exceeds firefighting performance requirements. The research and development projects include assessments of whether the identified alternatives pose potential health risks.

(U) DoD officials also reduced the risk of contaminant effects from PFAS by initiating Federal cleanup response actions. DoD PFAS Task Force officials reported that installation officials took action, including providing bottled water, in all locations where PFOS and PFOA were identified in sources of drinking water above the EPA's LHA levels. Additionally, DoD PFAS Task Force officials reported that "[n]o one – on or off base – is drinking water" containing PFOS or PFOA in levels higher than the EPA's LHAs where PFAS contaminant effects were caused by DoD activities.⁴⁶ For example, installation officials at Naval Air Station Oceana and Naval Auxiliary Landing Field Fentress provided us with a timeline of their Federal cleanup response actions. Actions included testing sources of drinking water both on the installation and in the surrounding community, providing bottled water

⁴⁵ (U) Although U.S. manufacturers phased out the production of PFOS and PFOA and the commercially-available AFFF concentrates contain little to no PFOS or PFOA, the DoD has found trace amounts of PFOS or PFOA in the replacement AFFF concentrates. Additionally, the replacement AFFF concentrates contain other types of PFAS.

⁴⁶ (U) DoD PFAS Task Force, "Progress Report," March 2020.

(U) where necessary, and installing treatment systems that remove PFOS and PFOA from sources of drinking water. In another example, environmental officials at former Pease Air Force Base described Federal cleanup response actions taken to ensure that no one is drinking water containing PFOS or PFOA in levels higher than the EPA's LHAs. The environmental officials partnered with local community officials to renovate the drinking water treatment plant to ensure PFOS and PFOA are removed from the drinking water before delivery to the community.⁴⁷ Additionally, installation environmental officials at both Camp Grayling and Peterson Air Force Base told us about projects occurring at their installations to evaluate methods to remediate PFAS contaminant effects in groundwater and in soil. The actions taken to reduce the risk of contaminant effects from PFAS in groundwater or in sources of drinking water address those specific routes of exposure regardless of whether the historical impacts resulted from PFAS-containing AFFF or PFAS-containing materials other than AFFF.

(U) We found that DoD, MILDEP, and DLA officials began to consolidate efforts in 2016 to identify, mitigate, and remediate contaminant effects from PFAS-containing AFFF.⁴⁸ Beginning in 2019, DoD PFAS Task Force officials further consolidated these efforts and issued various policies promulgated throughout the DoD. DoD, MILDEP, and DLA officials continue to report the status of their efforts to respond to PFAS concerns through public reports on the defense.gov website and Service-specific websites, status reports to Congress, and direct communication with community stakeholders near military installations.

(U) DoD Officials Did Not Take Proactive Risk Management Actions to Mitigate Contaminant Effects From PFAS-Containing AFFF at DoD Installations

~~(CUI)~~ Although DoD officials are identifying, mitigating, and remediating contaminant effects from PFAS-containing AFFF, DoDI 4715.18 requires DoD officials to proactively mitigate contaminant effects from ECs at DoD installations. EC Program officials included PFAS on the EC Watch List [REDACTED]. [REDACTED], EC Program officials commissioned impact assessment reports [REDACTED]. [REDACTED] EC Program officials issued a risk alert in 2011 that described risks to DoD areas of concern, including risks to human health and the environment. However, the 2011 risk alert was not an RMA because

⁴⁷ (U) The environmental officials at former Pease Air Force Base expect the renovation to be completed in the summer of 2021.

⁴⁸ (U) DoD PFAS Task Force officials stated that since the EPA established the LHA levels for PFOS and PFOA in sources of drinking water in 2016, the CERCLA requires the DoD to respond with Federal cleanup response actions to actual or threatened releases of PFOS and PFOA into the environment.

~~(U)~~ it was not endorsed by the ECGC. Therefore, DoD officials were not required to plan, program, and budget for any actions in response to the 2011 risk alert. EC Program officials did not require proactive RMAs for PFAS-containing AFFF until 2016 [REDACTED]

~~(U)~~ Additionally, DoDI 4715.18 requires DoD officials to apply an enterprise-wide approach to mitigate contaminant effects from an EC. An enterprise-wide approach would address all sources of potential EC exposure caused by DoD activities and the impacts of that exposure to DoD areas of concern. EC Program officials identified PFOS and PFOA as ECs [REDACTED] DoD officials commissioned impact assessment reports [REDACTED]

[REDACTED]. DoD officials have not proactively identified, mitigated, and remediated contaminant effects from PFAS-containing materials other than AFFF at DoD installations. Therefore, DoD officials did not apply an enterprise-wide approach to mitigate the contaminant effects from all sources of potential PFAS exposure caused by DoD activities, as required by DoDI 4715.18.

(U) DoDI 4715.18 Requires DoD Officials to Take Proactive Risk Management Actions

(U) DoD officials initiated the EC Program in 2006 to proactively evaluate and manage risks from ECs, established the EC Program with the first publication of DoDI 4715.18 in 2009, and updated DoDI 4715.18 in 2019. DoDI 4715.18 “provides procedures for an enterprise-wide approach to the identification, assessment, and management of ‘DoD ECs.’” DoDI 4715.18 requires a process, which we refer to as the DoDI 4715.18 EC Process, to proactively reduce impacts to “people, the environment, and DoD missions, programs, and resources.” The DoDI 4715.18 EC Process requires EC Program officials to identify ECs and maintain an EC Watch List. EC Program officials assess media interest, review scholarly publications, and evaluate the likelihood of changing guidance or standards on the international, Federal, or state levels to determine if chemicals or substances used by the DoD meet the DoDI 4715.18 definition of an EC. EC Program officials use these indicators to identify ECs for addition to the EC Watch List. The EC Watch List is a list of ECs with a potential risk of impact to DoD areas of concern.

(U) Once an EC is added to the EC Watch List, the DoDI 4715.18 EC Process requires EC Program officials to “assess the likelihood and severity of impacts associated with ECs.” These impact assessments incorporate “qualitative data, quantitative data, or a combination of both,” to assess the impacts associated with ECs.⁴⁹ The impact assessments must address enterprise-wide categories that represent DoD areas of concern for ECs, such as environment, safety, and health; training and readiness; and cleanup.⁵⁰ The DoDI 4715.18 EC Process requires EC Program officials to determine if ECs on the EC Watch List should be elevated to the EC Action List based on the risks to the DoD areas of concern assessed in the EC impact assessments. The EC Action List is a list of ECs with a “probable high risk of impact to people, the environment, and DoD mission, programs, or resources and for which proactive RMOs are being developed or actions are ongoing.”⁵¹

(U) Once EC Program officials elevate an EC from the EC Watch List to the EC Action List, the DoDI 4715.18 EC Process requires EC Program officials to develop and present validated RMOs for the EC to the ECGC.⁵² The DoDI 4715.18 EC Process requires the ECGC to “endorse” validated RMOs. RMOs endorsed by the ECGC become RMAs. DoDI 4715.18 requires DoD Components to “plan, program, and budget for the implementation of RMAs needed to [proactively] reduce the likelihood or severity of impacts to people, the environment, and DoD missions, programs, and resources.”

⁴⁹ (U) 2019 DoDI 4715.18.

(U) See the Glossary for definitions of qualitative and quantitative.

~~(CUI)~~ The 2009 DoDI 4715.18 did not include a description of the specific requirements for qualitative and quantitative assessments. However, we found that the impact assessment reports commissioned by EC Program officials ██████████ included qualitative and quantitative assessments, as described in the 2019 DoDI 4715.18.

⁵⁰ ~~(CUI)~~ The 2009 DoDI 4715.18 did not list the specific enterprise-wide categories that represent DoD areas of concern. However, both the impact assessment reports commissioned by EC Program officials ██████████ and the 2019 DoDI 4715.18 list the enterprise-wide categories that represent DoD-relevant areas of concern for ECs: environment, safety, and health; training and readiness; production, operations, maintenance, and disposal of DoD assets; cleanup; and acquisition and research, development, testing, and evaluation.

⁵¹ (U) 2019 DoDI 4715.18.

(U) According to the 2019 DoDI 4715.18, if the impact assessments indicate low or moderate risk of impact to any of the DoD areas of concern, the EC remains on the EC Watch List. If the impact assessments indicate high risk of impact to any of the DoD areas of concern, the EC is elevated to the EC Action List. The 2009 DoDI 4715.18 used the terms potential high risk for the EC Watch List and probable high risk for the EC Action List.

⁵² (U) According to DoDI 4715.18, the ECGC is chaired by the Assistant Secretary of Defense for Sustainment and is comprised of Assistant Secretary of Defense officials representing enterprise-wide categories that represent areas of concern for ECs. The ECGC meets to endorse proactive RMOs and issues the resulting RMAs to DoD Components.

~~(CUI)~~ EC Program Officials Commissioned Impact Assessment Reports

[Redacted]

~~(CUI)~~ EC Program officials completed DoDI 4715.18 EC Process ad [Redacted] related to two PFAS: PFOS and PFOA. Figure 1 shows the timeline of activities performed by EC Program officials, including impact assessment reports and policies, memorandums, and risk alerts issued to DoD Components and users of PFAS-containing AFFF related to PFOS and PFOA, and select EPA activities, including health advisories.

(U) Figure 1. Timeline of EC Program Activities and Select EPA Activities Related to PFOS and PFOA

(U) Source: DoD OIG.

(CUI) EC Program officials identified potential changes to environmental regulatory standards related to PFOS and PFOA and included PFOS and PFOA on the EC Watch List [REDACTED]⁵³ EC Program officials commissioned impact assessments reports for PFOS and PFOA [REDACTED]⁵⁴ [REDACTED]

(CUI) [REDACTED]
[REDACTED]
(CUI) [REDACTED]
[REDACTED]

(CUI) We reviewed the impact assessment reports and found that the impact assessments were prepared as required by DoDI 4715.18. The Phase I impact assessments combined qualitative and quantitative data, while the Phase II impact assessments went into further detail to validate the results of the Phase I impact assessments and focused on quantitative data. [REDACTED]

⁵⁵ (CUI) [REDACTED]. Specifically, the European Union required DoD officials to convert existing stocks of AFFF concentrates containing PFOS and PFOA to AFFF concentrates with little to no PFOS or PFOA at military installations in Europe by June 2011. However, we did not evaluate whether this occurred because it was outside of the scope of this evaluation.

(CUI) [Redacted]

According to EC Program officials, the combination of the probability of occurrence and the severity of impact associated with the risks to DoD areas of concern justify the options shown in Figure 3 to accept risk, require some RMAs (depicted as “RM Actions”), or require extensive RMAs at DoD installations.

(CUI) [Redacted]

(CUI) [Redacted]

(CUI) [Redacted text block]

[Redacted] In August 2008, the Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics issued a memorandum to the DoD acquisition community, stating, “[W]e do not intend to develop risk management options [RMOs] for PFOA since industry is taking appropriate actions.”⁵⁶ [Redacted]

[Redacted]

[Redacted]⁵⁷

Therefore, EC Program officials did not issue RMAs through the ECGC.

⁵⁶ (U) See Figure 1.
 (U) Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics memorandum, “Phase-Out of Perfluorooctanoic Acid (PFOA),” August 7, 2008.
 (U) The Office of the Under Secretary of Defense for Acquisition and Sustainment was formerly the Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics.

⁵⁷ (CUI) [Redacted footnote text]

~~(CUI)~~ **EC Program Officials Did Not Require Proactive Risk Management Actions for PFAS-Containing AFFF Until 2016**

~~(CUI)~~ EC Program officials issued a risk alert in 2011 that described risks to the DoD areas of concern, including risks to human health and the environment. However, the 2011 risk alert was not an RMA because it was not endorsed by the ECGC. Therefore, DoD officials were not required to plan, program, and budget for any actions in response to the 2011 risk alert. EC Program officials did not require proactive RMAs for PFAS-containing AFFF until 2016

(CUI) In 2009, the EPA published PHAs for PFOS and PFOA found in sources of drinking water.⁵⁸ However, EC Program officials did not issue RMAs for these PFAS in response to the 2009 PHA. Instead, as shown in Figure 1, EC Program officials from the Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics issued the “Chemical & Material Emerging Risk Alert: Aqueous Film Forming Foam (AFFF)” in 2011. The risk alert stated that PFAS-containing AFFF “contain[s] chemicals that present human health and environmental risks and require[s] special handling and disposal.” The risk alert described the environmental risks associated with the storage, use, and disposal of PFAS-containing AFFF and included recommendations to control future releases of stockpiled, PFAS-containing AFFF. However, EC Program officials did not develop and present these recommendations to the ECGC for endorsement of RMAs. DoDI 4715.18 requires DoD Components to “plan, program, and budget for the implementation of RMAs,” but it does not describe risk alerts as part of the DoDI 4715.18 EC Process or require DoD Components to plan, program, and budget for the implementation of risk alert recommendations. **The 2011 risk alert was not endorsed by the ECGC. Therefore, EC Program officials did not issue the risk alert in the form of an RMA, as defined by DoDI 4715.18. Consequently, it was not a requirement for DoD Components to act on the 2011 risk alert. Additionally, installation officials, including firefighters, at the six current and former military installations and the DLA sites we evaluated were not aware of the 2011 risk alert.**

⁵⁸ (U) As discussed in the Background section of this report, according to the EPA, PHA values “reflect reasonable, health-based values above which action should be taken to reduce exposure to unregulated contaminants in drinking water.” The EPA issues PHAs in response to an urgent or developing situation, and updates them as additional information becomes available.

(CUI) [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]

(U) On December 16, 2015, the ECGC endorsed RMOs for PFAS-containing AFFF into RMAs. In January 2016, EC Program officials provided the ECGC-endorsed RMAs for PFAS-containing AFFF in a memorandum to DoD Components.⁵⁹ The RMA memorandum required the initiation of research and development of an effective firefighting alternative without PFAS. Additionally, the RMA memorandum required DoD officials to implement steps to reduce the risk of contaminant effects from PFAS-containing AFFF. The RMA memorandum required DoD officials to:

- (U) “prevent routine uncontrolled land-based releases of AFFF during maintenance, testing, and training activities,” including restricting nonessential use of AFFF and requiring engineered containment systems or spill response measures for AFFF releases; and
- (U) replace existing stocks of AFFF concentrates containing PFOS and PFOA with AFFF concentrates with little to no PFOS or PFOA.⁶⁰

(CUI) [REDACTED]
 [REDACTED]
 [REDACTED], the ECGC did not endorse RMAs to mitigate contaminant effects of PFAS-containing AFFF until 2016.⁶¹ Neither MILDEP nor DLA officials issued policy targeted to installation F&ES officials using stockpiled, PFAS-containing AFFF to require the use of proactive strategies to mitigate contaminant effects until after the 2016 RMA.⁶² Therefore, AFFF concentrates containing PFOS and PFOA

⁵⁹ (U) See Figure 1.

(U) Office of the Assistant Secretary of Defense for Energy, Installations, and Environment memorandum, "Emerging Contaminants Governance Council (ECGC) Meeting Results," January 28, 2016.

⁶⁰ (CUI) [REDACTED]
 [REDACTED]

The RMA memorandum did not include a deadline for completion of these requirements.

⁶¹ (U) See Figure 1.

⁶² (U) We reviewed the MILDEP’s and the DLA’s policies issued to the Services, National Guard, and the DLA related to PFAS. We found that, in some instances, the Services moved ahead of the EC Program or DoD PFAS Task Force activities and began to take certain proactive steps to identify and mitigate contaminant effects from PFAS-containing AFFF at military installations. For example, the Department of the Air Force published interim guidance in 2012 for PFAS sampling and response actions in the absence of environmental regulatory standards and began performing Federal cleanup response actions in 2014. In another example, the Department of the Navy issued a policy in 2014 to address drinking water and environmental restoration program activities related to PFAS, including response actions such as providing bottled water to stop exposure to PFAS. The Army did not issue any policy to identify, mitigate, and remediate contaminant effects from PFAS until 2016.

(~~CUI~~) remained in the DoD inventory and remained in use until 2016. [REDACTED]
[REDACTED]
[REDACTED]⁶³

(U) DoD Officials Did Not Take Proactive Steps to Identify, Mitigate, and Remediate Contaminant Effects From PFAS-Containing Materials Other Than AFFF

(~~CUI~~) DoDI 4715.18 requires DoD officials to apply an enterprise-wide approach to mitigate contaminant effects from ECs. An enterprise-wide approach would address all sources of potential EC exposure caused by DoD activities and the impacts of that exposure to DoD areas of concern. As previously discussed, DoD officials identified PFOS and PFOA as ECs [REDACTED] EC Program officials commissioned impact assessment reports [REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

[REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

- (CUI) [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
- (CUI) [REDACTED]
[REDACTED]⁶⁴

(CUI) [REDACTED]
[REDACTED] as of July 2021, EC Program officials had not issued any RMAs requiring actions at DoD installations related to PFAS-containing materials other than AFFF.

⁶³ (U) See Figure 1.

⁶⁴ (CUI) [REDACTED]

(U) As previously discussed, the Secretary of Defense established the DoD PFAS Task Force in 2019 to ensure that the DoD has a “coordinated, aggressive, and holistic approach to DoD-wide efforts to proactively address” the effects of PFAS exposure caused by DoD activities. Although DoD PFAS Task Force officials issued various policies and reports to Congress describing their efforts to respond to PFAS concerns, DoD PFAS Task Force officials did not address PFAS-containing materials other than AFFF in the policies or reports. As previously discussed, actions taken to reduce the risk of contaminant effects from PFAS in groundwater or in sources of drinking water address those specific routes of exposure regardless of whether the historical impacts resulted from PFAS-containing AFFF or PFAS-containing materials other than AFFF. However, these actions do not address current and future contaminant effects from PFAS-containing materials other than AFFF to groundwater, sources of drinking water, or other routes of exposure.

(U) Furthermore, neither MILDEP nor DLA officials issued consistent policy to installation officials initiating Federal cleanup response actions regarding which PFAS-containing materials to investigate.⁶⁵ Therefore, installation officials may not consistently investigate their activities to identify all sources of PFAS and their contaminant effects on DoD installations and in the surrounding communities. We asked installation officials at the six current and former military installations and the DLA sites we evaluated what materials and activities at the installation contained PFAS. Installation officials at the six current and former military installations and the DLA sites we evaluated were aware of PFAS in consumer products, such as food packaging materials, nonstick cookware, stain-resistant carpet treatments, and water-resistant clothing. However, the installation officials were not aware of whether potential PFAS exposure caused by DoD activities could result from the use of PFAS-containing materials other than AFFF on their installations.

(CUI) [REDACTED]
 [REDACTED]
 [REDACTED] However, EC Program officials have not issued RMAs for PFAS-containing materials other than AFFF at DoD installations. Additionally, DoD PFAS Task Force officials have not addressed PFAS-containing materials other than AFFF in their policies or reports to Congress.

⁶⁵ (U) We reviewed the MILDEP’s and the DLA’s policies issued to the Services, National Guard, and the DLA related to PFAS. We found that, in some instances, the Services described the potential for contaminant effects caused by DoD activities from PFAS-containing materials other than AFFF at military installations and in some instances they did not. For example, both the Department of the Navy and the Army published guidance addressing releases of PFAS that described the use of PFAS in the manufacturing process of adding metal plating (coating) to materials that sometimes occurs at military installations. However, the Air Force policies did not describe the potential for contaminant effects from PFAS-containing materials other than AFFF at military installations.

~~(CUI)~~ Furthermore, neither MILDEP nor DLA officials have taken steps to identify, mitigate, and remediate contaminant effects from PFAS-containing materials other than AFFF at DoD installations. Therefore, as of July 2021, DoD officials did not apply an enterprise-wide approach to mitigate contaminant effects from all sources of potential PFAS exposure caused by DoD activities at DoD installations.

(U) DoDI 4715.18 Does Not Include Objective Requirements to Initiate Risk Management Actions or to Elevate an EC to the EC Action List

~~(CUI)~~ DoD officials did not require proactive RMAs for PFAS-containing AFFF until 2016 because the DoDI 4715.18 does not include objective requirements for EC Program officials to use when determining when to initiate RMAs or to elevate an EC from the EC Watch List to the EC Action List. [REDACTED]

[REDACTED]

As shown in Figure 1, EC Program officials [REDACTED], did not issue an RMA until 2016, [REDACTED].

(U) According to an EC Program official, the EC Program was established to provide proactive, strategic planning to reduce risks to the DoD from ECs. However, when we asked the EC Program official why proactive RMAs were not issued before 2016, the EC Program official told us that they react to what is emerging from environmental regulatory agencies. We concluded that the EC Program official’s statement contradicted the proactive purpose of the EC Program.

(U) As previously discussed, DoDI 4715.18 defines ECs as chemicals with “new or changing toxicity values” or “new or changing human health or environmental regulatory standards.” For example, DoDI 4715.18 states that “if gaps in human health science exist, the DoD can make recommendations to...the EPA, or other agencies for additional studies to reduce uncertainty.” Various EPA activities, such as manufacturing phase-outs and health advisories, occurred while PFOS and PFOA

⁶⁶ ~~(CUI)~~ [REDACTED]

(U) were on the EC Watch List. These EPA activities indicated that new or changing toxicity values were expected for PFOS and PFOA and that new or changing human health or environmental regulatory standards were expected for PFOS and PFOA. DoDI 4715.18 requires EC Program officials to proactively evaluate and manage risks from ECs with RMAs. Therefore, regardless of whether the EPA had finalized and issued environmental regulatory standards, DoDI 4715.18 required EC Program officials to proactively evaluate and manage risks from PFOS and PFOA.

(U) DoDI 4715.18 requires EC Program officials to develop and present RMOs to be endorsed as RMAs by the ECGC for ECs with high risk of impact to any of the DoD areas of concerns. However, DoDI 4715.18 does not have objective requirements to define risk levels or define how to quantify risks to the DoD areas of concern. This allowed EC Program officials to make decisions regarding PFAS that were not aligned with the DoDI 4715.18 EC Process goal of proactively reducing risks to the DoD areas of concern. If DoDI 4715.18 included objective requirements for EC Program officials to use when determining when to initiate risk management actions, then EC Program officials could make informed and timely decisions to proactively reduce impacts to “people, the environment, and DoD missions, programs, and resources.”

(~~CUI~~) [REDACTED]
 [REDACTED]
 [REDACTED]. The DoDI 4715.18 EC Process requires EC Program officials to develop RMOs for ECs on the EC Action List. However, DoDI 4715.18 does not require EC Program officials to develop RMOs for ECs that remain on the EC Watch List, even if those RMOs may be warranted. EC Program officials did not elevate PFOS and PFOA to the EC Action List [REDACTED] and, according to DoDI 4715.18, were not required to develop RMOs for the ECGC to endorse as RMAs. If DoDI 4715.18 required EC Program officials to initiate proactive RMAs at the earliest opportunity, regardless of whether an EC is on the EC Watch List or the EC Action List, then EC Program officials could make informed and timely decisions to proactively reduce impacts to “people, the environment, and DoD missions, programs, and resources.”

(~~CUI~~) As previously discussed, EC Program officials added PFOS and PFOA to the EC Watch List [REDACTED]. Although EC Program officials issued a risk alert in 2011, we found no evidence that installation officials, including firefighters, at the six current and former military installations and the DLA sites we evaluated were aware of the 2011 risk alert. The DoDI 4715.18 EC Process requires EC program officials to identify ECs and to justify the addition of the EC to the EC Watch List and the EC Action List. DoDI 4715.18 requires EC Program officials to notify

~~(U)~~ members of the ECGC representing the DoD areas of concern “about the potential consequences of...impact assessment report findings.” However, DoDI 4715.18 does not require EC Program officials to make DoD users of the ECs aware of the EC’s status in the EC Process.⁶⁷

(U) DoD Officials Were Focused on AFFF, a Major Source of Potential PFAS Exposure, and Not on All Sources of Potential PFAS Exposure Caused by DoD Activities

(U) DoD officials did not apply an enterprise-wide approach to mitigate contaminant effects from all sources of potential PFAS exposure caused by DoD activities. This occurred because DoD officials were focused on AFFF, which is a major source of potential PFAS exposure caused by DoD activities. According to the ATSDR, the historical use of PFAS-containing AFFF at DoD installations has resulted in “widespread” PFAS contaminant effects in groundwater and sources of drinking water at DoD installations and in the surrounding communities. Therefore, AFFF is a major source of potential PFAS exposure caused by DoD activities because of the risks AFFF poses to sources of drinking water.⁶⁸

(U) We asked DoD officials, including EC Program officials, DoD PFAS Task Force officials, and installation officials at the six current and former military installations and the DLA sites we evaluated, about sources of potential PFAS exposure caused by DoD activities. At each of the six current and former military installations and the DLA sites we evaluated, DoD officials only described their actions to identify, mitigate, and remediate contaminant effects from PFAS-containing AFFF. Additionally, we found that all of the DoD’s efforts, including Federal cleanup response actions, policies, and reports to Congress, were related to AFFF and PFAS-containing AFFF impacts to sources of drinking water. Therefore, DoD officials were focused on AFFF, a major source of potential PFAS exposure caused by DoD activities.

~~(U)~~ Although AFFF is a major source of potential PFAS exposure caused by DoD activities, AFFF is not the only PFAS-containing product that is largely limited to the DoD and other heavy industries. [REDACTED]

[REDACTED]. EC Program officials elevated PFOS and PFOA to the EC Action List [REDACTED]. However, EC Program officials have not issued any RMAs for PFAS since 2016. [REDACTED]

⁶⁷ (U) Similarly, the 2009 DoDI 4715.18 required EC Program officials to “provide updates to senior DoD leadership” but did not require EC Program officials to communicate with DoD users of the ECs.

⁶⁸ (U) As previously discussed, drinking water containing PFAS is a major route of human exposure to PFAS.

(CUI) [REDACTED]
 [REDACTED]
 [REDACTED] DoDI 4715.18 requires “an enterprise-wide approach to the identification, assessment, and management” of ECs. An enterprise-wide approach should include identifying, assessing, and managing all sources of potential PFAS exposure caused by DoD activities, [REDACTED]
 [REDACTED]

(U) People and the Environment May Be Exposed to Preventable Risks From PFAS

(CUI) As a result of the DoD not taking proactive risk management actions, people and the environment may have been exposed to preventable risks from PFAS-containing AFFF. [REDACTED]
 [REDACTED]

[REDACTED]⁶⁹ DoD officials could not have known the amount of risk or future impact from each historical release of PFAS-containing AFFF.⁷⁰ However, we found that EC Program officials had the opportunity to require proactive RMAs to mitigate contaminant effects of PFAS-containing AFFF at DoD installations before the 2016 RMA.

(CUI) Installation officials at each of the six current and former military installations and the DLA sites we evaluated showed us the results of assessments that identified locations of historical PFAS-containing AFFF releases.⁷¹ The assessments we reviewed indicated that the majority of historical PFAS-containing AFFF releases occurred before the 2000s.⁷² However, we found that the assessments also identified locations where uncontrolled releases of PFAS-containing AFFF were believed to have occurred more recently in the years prior to 2016, when the ECGC issued RMAs for PFAS-containing AFFF.⁷³

[REDACTED]
 [REDACTED]⁷⁴ [REDACTED]
 [REDACTED]
 [REDACTED]

⁶⁹ (CUI) [REDACTED]

⁷⁰ (U) Historical releases may have occurred in an emergency, during testing or training, or by accident.

⁷¹ (U) The installation assessments identified locations of potential historical PFAS-containing AFFF releases through records reviews and interviews with knowledgeable people.

⁷² (U) As previously discussed, from the early 2000s to 2015, the EPA worked with U.S. manufacturers to voluntarily Phase out the production of PFOS and PFOA in the United States.

⁷³ (CUI) [REDACTED]
 [REDACTED]

⁷⁴ (CUI) [REDACTED]
 [REDACTED]

~~(CUI)~~ us a report that identified locations of historical PFAS-containing AFFF releases. The Naval Auxiliary Landing Field Fentress PFAS report indicated that installation F&ES officials released PFAS-containing AFFF directly onto the ground to test the functionality of firefighting vehicles in the years between 2010 and 2015. Additionally, installation firefighters at Peterson Air Force Base told us that they did not stop releasing PFAS-containing AFFF in a location where it could affect the soil during training exercises until 2011. Therefore, uncontrolled release of PFAS-containing AFFF prior to 2016 may have contributed to unnecessary groundwater and drinking water contaminant effects that will cost the DoD time and resources to investigate and remediate when performing Federal cleanup response actions.⁷⁵

(U) In addition, uncontrolled storage, handling, and use of PFAS-containing AFFF prior to 2016 may have contributed to unnecessary occupational exposure to installation F&ES officials, including firefighters.⁷⁶ We asked firefighters at the military installations we evaluated when they became aware of potential health effects from exposure to PFAS. Firefighters at the five current military installations we evaluated were not aware of the risks until 2016 when they received their Service-specific policies restricting nonessential use of AFFF, which were written in response to the RMAs issued by the ECGC.⁷⁷

~~(CUI)~~ Installation F&ES officials are not the only potential users of PFAS-containing materials. Additionally, AFFF is not the only PFAS-containing product that is largely limited to the DoD and other heavy industries. [REDACTED]

[REDACTED]

[REDACTED]. For example, fire-resistant aviation hydraulic fluids are a potential source of PFAS exposure caused by DoD activities, such as exposures caused by accidental releases during MILDEP maintenance activities.

⁷⁵ (U) Uncontrolled releases are historical releases where engineered containment systems or spill response measures were not used to contain the PFAS-containing AFFF and where DoD officials did not take steps to prevent PFAS-containing AFFF from reaching sources of potential human exposure, such as sources of water.

⁷⁶ (U) Uncontrolled storage, handling, and use refers to a lack of occupational controls placed on AFFF concentrates. For example, the storage of AFFF concentrates in unlocked facilities or facilities not equipped with engineered containment systems is uncontrolled storage. In another example, the handling and use of AFFF concentrates by firefighters without personal protective equipment is uncontrolled handling and use.

(U) According to the EPA, occupational exposure is one way that people are exposed to PFAS. Additionally, according to the ATSDR, some studies have found higher levels of PFAS in firefighters who use PFAS-containing AFFF compared to the general population.

(U) EPA's PFAS Action Plan, February 2019.

(U) Agency for Toxic Substances and Disease Registry, "Toxicological Profile for Perfluoroalkyls Draft for Public Comment," June 2018.

⁷⁷ (U) Although we selected six DoD installations and spoke to officials representing three DLA Sites for our evaluation, DoD firefighters were only present and assigned to the five current DoD installations. Therefore, the firefighters at the five current military installations represent all of the DoD firefighters with whom we spoke.

(U) In another example, installation environmental officials at Camp Grayling provided us a report that described the results of their investigation into PFAS contaminant effects in groundwater on the installation. The investigation found PFOS and PFOA at levels exceeding the EPA LHAs in the groundwater in an area on the installation designed to provide materials storage and maintenance and repair areas for military equipment. According to the Camp Grayling report, the area was not identified during the initial investigation but was added to the investigation later when test results indicated potential PFAS contaminant effects in the area. The report stated that no known historical releases of PFAS-containing AFFF occurred in the area, and there are no fire suppressions systems in any of the buildings in the area. According to the report, the location suggested that the release occurred near a station for washing equipment, such as military vehicles, but that the PFAS-containing material source was unknown. Although it is possible that the contaminant effects may have been the result of a PFAS-containing AFFF release unknown to Camp Grayling officials, this example indicates that PFAS contaminant effects may be present in unexpected locations and resulting from unknown sources, including PFAS-containing materials other than AFFF. Therefore, as a result, people and the environment may be exposed to preventable risks from PFAS-containing materials other than AFFF.

(U) Recommendations, Management Comments, and Our Response

(U) Recommendation A.1

(U) We recommend that the Under Secretary of Defense for Acquisition and Sustainment revise DoD Instruction 4715.18 to include requirements for Emerging Chemical Program officials to:

- a. **(U) Initiate proactive risk management actions based on measureable risks to the DoD areas of concern to mitigate contaminant effects of emerging chemicals at DoD installations.**
- b. **(U) Develop risk management options and initiate proactive risk management actions which may be warranted to identify and mitigate the contaminant effects of emerging chemicals as early as possible in the Emerging Chemical Process, regardless of whether an emerging chemical is on the Emerging Chemical Watch List or the Emerging Chemical Action List.**
- c. **(U) Formally inform DoD users of emerging chemicals and of their status in the Emerging Chemical Process.**

(U) Assistant Secretary of Defense (Sustainment) Comments

(U) The Acting Assistant Secretary of Defense (Sustainment) (ASD[S]), responding for the Under Secretary of Defense for Acquisition and Sustainment, partially agreed with the recommendations. Specifically, the Acting ASD(S) stated that the DoDI 4715.18 should be revised to more clearly articulate EC Program activities. The Acting ASD(S) stated that the USD(A&S) will revise DoDI 4715.18 to:

- (U) develop risk measures consistent with the “Department of Defense Risk Management Guide for Defense Acquisition Programs” to quantify risks to the DoD areas of concern;⁷⁸
- (U) require EC Program officials to apply the measurable risk management requirements and, when warranted, present risk management options to the ECGC;
- (U) include the development of risk management options for ECs on the EC Watch List and the EC Action List; and
- (U) include a process to formally inform DoD users of ECs of their status in the EC Process.

(U) The Acting ASD(S) also stated that the USD(A&S) plans to issue these requirements in a policy memorandum by January 2022 and to incorporate the requirements in the next update to DoDI 4715.18, which is anticipated to occur by September 2025.

(U) Our Response

(U) Comments from the Acting ASD(S) addressed the recommendations. While the comments we received stated that the Acting ASD(S) partially agreed with the recommendations, the comments clarified that the partial agreement was related to terms we used in our recommendation and was not related to the recommended revisions to DoDI 4715.18. Therefore, the recommendations are resolved but will remain open. We will close these recommendations after we verify that the January 2022 policy memorandum and the next update to DoDI 4715.18 fully address the recommendations.

⁷⁸ (U) Office of the Deputy Assistant Secretary of Defense for Systems Engineering, “Department of Defense Risk, Issue, and Opportunity Management Guide for Defense Acquisition Programs,” January 2017.

(U) The DoD Risk, Issue, and Opportunity Management Guide provides guidance for risk identification, risk analysis, risk mitigation, and risk monitoring. It also describes the use of consistent, predefined criteria to determine when to act and how to prioritize actions.

(U) Recommendation A.2

(U) We recommend that the Deputy Assistant Secretary of Defense (Environment and Energy Resilience) complete the Emerging Chemical Process for potential perfluoroalkyl and polyfluoroalkyl substance exposure caused by DoD activities from perfluoroalkyl and polyfluoroalkyl substance-containing materials other than Aqueous Film Forming Foam by developing and presenting validated risk management options for the perfluoroalkyl and polyfluoroalkyl substances on the Emerging Chemical Action List to the Emerging Chemicals of Concern Governance Council, as required by DoD Instruction 4715.18.

(U) Assistant Secretary of Defense (Sustainment) Comments

(U) The Acting ASD(S), responding for the Deputy Assistant Secretary of Defense (Environment and Energy Resilience), agreed with the recommendation. The Acting ASD(S) stated that validated risk management options will be presented to the ECGC in the second quarter of FY 2022.

(U) Our Response

(U) Comments from the Acting ASD(S) addressed the recommendation; therefore, the recommendation is resolved but will remain open. We suggest that the Acting ASD(S) consider the planned changes to DoDI 4715.18 when addressing this recommendation. We will close this recommendation after we verify that the information provided and that the actions taken fully addressed the recommendations.

(U) Finding B

(U) The DoD Is Identifying Populations Exposed to PFAS in Drinking Water, Informing Them of the Associated Health and Safety Concerns, and Implementing PFAS Blood Tests for DoD Firefighters; However, the DoD Firefighter PFAS Blood Testing Implementation Plan Needs Improvement

(U) DoD officials have taken steps to identify populations exposed to PFAS in drinking water at DoD installations and inform them of the associated health and safety concerns. These steps include identifying sources of water containing PFAS and providing PFAS health-related information to military medical treatment facilities. DoDI 6055.05 requires DoD Components to implement risk management steps, including evaluating occupational and environmental health risk management. These risk management steps include tracking, trending, and analyzing clinical examination results related to workplace exposures.

(U) DoD officials developed a plan to implement PFAS blood testing for DoD firefighters by FY 2021, as required by the FY 2020 NDAA. However, DoD officials do not plan to track, trend, and analyze the results of PFAS blood tests conducted on DoD firefighters at a DoD-wide level, as required by DoDI 6055.05. This occurred because DoD officials were focused on the immediate collection of the PFAS blood test results to address the FY 2020 NDAA requirement to test the blood of DoD firefighters and not on the analysis of the blood test results at a DoD-wide level. As a result, the DoD is missing an opportunity to capture comprehensive PFAS exposure data for DoD firefighters to be used for risk management, including future studies to assess long-term health effects relating to PFAS exposure.

(U) DoD Officials Have Taken Steps to Identify Populations Exposed to PFAS in Drinking Water at DoD Installations and Inform Them of the Associated Health and Safety Concerns

(U) DoD officials have taken steps to identify populations exposed to PFAS in drinking water at DoD installations and inform them of the associated health and safety concerns. Specifically, in response to the EPA issuing LHAs for PFOS and PFOA in sources of drinking water in May 2016, DoD officials tested all DoD-operated drinking water systems to identify sources of drinking water with concentrations of PFOS or PFOA above the EPA LHA levels. In addition, the MILDEPs tested private and public drinking water wells for PFOS and PFOA in communities surrounding military installations that may have been impacted by DoD activities.

(U) DoD officials also followed the EPA's recommended actions, including notifying affected populations if PFOS and PFOA levels in sources of drinking water exceeded the LHAs. These notifications included describing actions being taken to reduce risks and providing information on the risks associated with exposure to PFOS and PFOA in sources of drinking water above the EPA LHA levels. The DoD's outreach strategy also included coordinating with state and local governments and conducting community outreach to address PFAS concerns and answer questions from potentially impacted communities.

(U) For example, after installation officials at Camp Grayling identified PFOS and PFOA in groundwater tested in May 2017, installation officials hosted a town hall meeting to announce the test results and a plan to identify whether any sources of drinking water surrounding the installation, including private drinking water wells, had PFOS and PFOA concentrations above the EPA LHA levels. Installation officials at Camp Grayling notified residents and state regulators of the test results after testing private drinking water wells and finding that PFOS and PFOA concentrations were above the EPA LHA levels. The installation officials at Camp Grayling also described the actions they would take to address the contaminant effects of PFOS and PFOA in the sources of drinking water. Installation officials at Camp Grayling posted information on the State of Michigan's PFAS Action Response Team website, which included health information, a timeline of events, frequently asked questions, and Grayling Area Restoration Advisory Board information.⁷⁹

⁷⁹ (U) A Restoration Advisory Board is a stakeholder group, involving the local community, that meets to discuss environmental restoration at a DoD installation.

(U) DoD officials also provided PFAS health-related information to Military Health System healthcare providers to address questions from the potentially exposed population. Specifically, the Assistant Secretary of Defense (Health Affairs) issued a memorandum in February 2020 that provided PFAS health-related information resources to Military Health System healthcare providers.⁸⁰ The MILDEPs also prepared their own PFAS health information for healthcare providers. For example, in August 2016, the U.S. Air Force School of Aerospace Medicine issued a detailed report to Air Force healthcare providers, which included frequently asked questions about PFAS.⁸¹ In addition, in January 2016, the Navy and Marine Corps Public Health Center issued two technical guides as a resource to help Navy healthcare providers prepare for health-related questions related to exposure to PFAS in drinking water. Furthermore, in early 2017 the Army Public Health Center issued an information paper for healthcare providers that was made available to Army commands for outreach to their communities.

(U) Additionally, DoD officials are addressing the FY 2019 NDAA requirement for the Secretary of Defense to “conduct an assessment of the human health implications of PFAS exposure.” The FY 2019 NDAA required the assessment to include an analysis of health effects associated with PFAS and an estimate of the number of members of the Armed Forces and veterans who may have been exposed to PFAS while serving in the Armed Forces. Defense Health Agency Public Health Division officials told us they took several steps to address these requirements. Specifically, Defense Health Agency Public Health Division officials:

- (U) identified and evaluated health studies relevant to members of the Armed Forces and veterans;
- (U) identified and evaluated peer-reviewed papers on civilian firefighter PFAS exposures and other potential industrial processes that use PFAS; and
- (U) estimated the number of potential Service members and veterans, including National Guard, active duty personnel, and DoD firefighters, who may have been exposed to PFAS based on reported estimates of the number of Armed Forces personnel located on installations where sources of drinking water tested at or above the EPA LHAs for PFOS and PFOA.⁸²

⁸⁰ (U) Assistant Secretary of Defense (Health Affairs) memorandum, “Per- and Polyfluoroalkyl Substances: Information for Healthcare Providers,” February 7, 2020.

⁸¹ (U) The U.S. Air Force School of Aerospace Medicine issued an updated PFAS report in February 2019.

⁸² (U) According to Defense Health Agency Public Health Division officials, the estimates will include a calculation to account for how long the drinking water may have been affected by PFAS contaminant effects.

(U) According to an Office of the Deputy Assistant Secretary of Defense (Health Readiness & Policy Oversight) (ODASD[HRPO]) official, the reports addressing the FY 2019 NDAA requirement are expected to be finalized in the fourth quarter of FY 2021.

(U) Furthermore, DoD officials developed a plan for annually testing DoD firefighters' blood to document and determine potential PFAS exposure by FY 2021, in accordance with the FY 2020 NDAA. We refer to the plan to implement PFAS blood testing for DoD firefighters as the DoD firefighter PFAS blood testing implementation plan throughout this report. According to Office of the Deputy Assistant Secretary of Defense (Force Safety and Occupational Health) officials, the Office of the Assistant Secretary of Defense (Readiness) (ASD[R]) determined that the best way to complete the NDAA blood testing requirement was for occupational medical providers to test blood during the annual occupational medical examination of each firefighter.

(U) DoD Officials Do Not Plan to Track, Trend, and Analyze the Results of PFAS Blood Tests Conducted on DoD Firefighters at a DoD-Wide Level

(U) Although DoD officials are implementing the FY 2020 NDAA requirement to test DoD firefighters' blood for PFAS, DoD officials do not plan to track, trend, and analyze the results of PFAS blood tests conducted on DoD firefighters at a DoD-wide level. While the FY 2020 NDAA did not include requirements to track, trend, and analyze the results of PFAS blood tests conducted on DoD firefighters, the DoDI 6055.05 requires DoD Components to track, trend, and analyze clinical examination results related to workplace exposures.

(U) DoDI 6055.05 requires the heads of DoD Components to implement risk management requirements to "protect DoD personnel from accidental death, injury, and illness caused by hazardous occupational or environmental exposures" as part of their OEHPs. Additionally, DoD Component OEHP officials are required to evaluate the effectiveness of their occupational and environmental health risk management activities, which includes performing both "active" and "passive" medical surveillance. To perform passive surveillance, DoD officials should track, trend, and analyze medical data as part of evaluating occupational and environmental health risk effectiveness.

(U) To meet the FY 2020 NDAA requirement to test the blood of DoD firefighters for PFAS, occupational medicine healthcare providers will perform PFAS blood testing during the annual occupational medical examination of DoD firefighters. The results of the blood test will be recorded in the individual employee's

(U) occupational medical record. However, DoD officials do not plan to track, trend, and analyze the results of the PFAS blood tests at a DoD-wide level, as required by DoDI 6055.05.

(U) The DoD Firefighter PFAS Blood Testing Implementation Plan Includes Requirements to Test the Blood of DoD Firefighters for PFAS and Record the Results in the Firefighter's Individual Occupational Medical Record

(U) According to DoDI 6055.05, active medical surveillance includes occupational medical examinations for exposures to hazards. DoDM 6055.05 “provides health professionals with information and references appropriate for developing and conducting occupational medical examinations” as part of active medical surveillance. For example, an occupational medical examination for firefighters includes hearing and blood tests. As previously discussed, DoD officials developed the DoD firefighter PFAS blood testing implementation plan for annually testing DoD firefighters’ blood to document and determine potential PFAS exposure by FY 2021, in accordance with the FY 2020 NDAA. In September 2020, the ASD(R) issued a memorandum providing requirements for implementing the FY 2020 NDAA requirement to test DoD firefighters’ blood for PFAS.⁸³ To implement DoD firefighter PFAS blood testing, occupational medicine healthcare providers will conduct blood testing during the annual occupational medical examination of each DoD firefighter and record the results in the individual firefighter’s occupational medical record. According to the memorandum, the PFAS blood testing requirements will be incorporated into the next revision of the DoDM 6055.05.

(U) The DoD firefighter PFAS blood testing implementation plan requirements include:

- (U) the list of PFAS that must be tested, including PFOS and PFOA;
- (U) guidance on providing the PFAS blood test results to DoD firefighters, including providing each tested DoD firefighter with “information on PFAS using the DoD-approved fact sheet;”⁸⁴ and
- (U) guidance on providing occupational medicine healthcare providers information and direction on PFAS blood testing, including providing each occupational medicine healthcare provider with “information on PFAS using the DoD-approved fact sheet.”⁸⁵

⁸³ (U) ASD(R) memorandum, “Blood Testing for DoD Firefighters to Determine Exposure to Per- and Poly-fluoroalkyl Substances,” September 29, 2020.

⁸⁴ (U) ASD(R) memorandum, “Blood Testing for DoD Firefighters to Determine Exposure to Per- and Poly-fluoroalkyl Substances,” September 29, 2020.

⁸⁵ (U) ASD(R) memorandum, “Blood Testing for DoD Firefighters to Determine Exposure to Per- and Poly-fluoroalkyl Substances,” September 29, 2020.

(U) ODASD(HRPO) officials told us that the PFAS blood test results will be recorded in the individual firefighter's occupational medical record in the electronic records of either the Armed Forces Health Longitudinal Technology Application, the Military Health System GENESIS, other electronic systems, or paper medical records. Therefore, the DoD firefighter PFAS blood testing implementation plan to conduct blood testing for PFAS during the annual occupational medical examination of each DoD firefighter and record the results in the individual firefighter's occupational medical record meets the intent of DoDI 6055.05 for active medical surveillance.

(U) The DoD Firefighter PFAS Blood Testing Implementation Plan Does Not Include Requirements to Track, Trend, or Analyze the Results of PFAS Blood Testing at a DoD-Wide Level

(U) According to DoDI 6055.05, passive medical surveillance includes "epidemiological review of clinical examination results," conducting analyses to identify health effects from workplace exposures, and trending data. The DoDI 6055.05 requires that "work place exposure data, medical surveillance results...and illness outcomes data should be reviewed to examine program effectiveness" when conducting analyses to identify health effects. Additionally, the reporting and recordkeeping procedures of DoDI 6055.05 require OEHP officials to "perform trend analysis and epidemiologic studies [and] share hazard and exposure data across the Department of Defense." According to DoDI 6055.05, hazard and exposure assessment data includes "potentially exposed personnel, exposure monitoring...and qualified health staff performing assessments." Specifically, the passive medical surveillance required by DoDI 6055.05 includes tracking, trending, and analyzing clinical examination results related to workplace exposures. Although the DoD firefighter PFAS blood testing implementation plan meets the intent of DoDI 6055.05 for active medical surveillance, the plan does not require the results to be tracked, trended, or analyzed at the DoD-wide level, as required by DoDI 6055.05 for passive medical surveillance.

(U) According to ODASD(HRPO) officials, healthcare providers will record the PFAS blood test results for the individual firefighter tested only in the firefighter's individual occupational medical record. Specifically, the PFAS blood test results will be recorded in the electronic records or paper medical records. ODASD(HRPO) officials told us that the use of electronic and paper records varies by DoD Component and sometimes by location.

(U) We asked ODASD(HRPO) officials how occupational medicine healthcare providers and DoD firefighters were expected to use the blood test result data. According to the ODASD(HRPO) Director for Force Readiness and Health

(U) Assurance Policy, occupational medicine healthcare providers will be able to tell DoD firefighters how their individual blood test results compare to the national average of PFAS blood levels in the U.S. population, based on age groups.⁸⁶ However, occupational medicine healthcare providers will not be able to tell DoD firefighters if their individual blood test results relate to specific health effects because scientists are still learning about the health effects of exposures to PFAS.

(U) In September 2020, the ASD(R) issued a memorandum that included DoD-approved fact sheets tailored to DoD firefighters and to the occupational medicine healthcare providers evaluating DoD firefighters.⁸⁷ Both fact sheets state that individual blood test results cannot predict or rule out health problems now or in the future.⁸⁸ Additionally, neither fact sheet includes information on whether DoD officials will track and trend the blood test data of DoD firefighters to identify PFAS exposure trends. Furthermore, the fact sheets do not inform the DoD firefighters and the occupational medicine healthcare providers whether DoD officials will conduct analyses on the blood test results or perform future studies to determine whether there is any correlation between PFAS levels in blood and health effects among the DoD firefighting population.

(U) DoDI 6055.05 requires DoD Components to evaluate occupational and environmental health risk management effectiveness by performing passive medical surveillance. Passive medical surveillance includes tracking, trending, and analyzing clinical examination results related to workplace exposures. However, DoD officials do not plan to track, trend, or analyze the DoD firefighter PFAS blood test results at a DoD-wide level to identify exposure trends and conduct analyses to identify health effects among the DoD firefighting population.

⁸⁶ (U) The CDC's National Health and Nutritional Examination Survey measures PFAS levels in the blood of the U.S. population.

⁸⁷ (U) ASD(R) memorandum, "Transmittal of Fact Sheets for Blood Testing for DoD Firefighters Per- and Poly- fluoroalkyl Substances Levels," September 29, 2020.

⁸⁸ (U) "Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS): A Guide for Department of Defense Firefighters," September 29, 2020, and "Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS): A Guide for Occupational Medicine Providers Evaluating DoD Firefighters," September 29, 2020.

(U) DoD Officials Were Focused on the Immediate Collection of PFAS Blood Test Results to Address the FY 2020 NDAA Requirement to Test the Blood of DoD Firefighters and Not on the Analysis of the Results at a DoD-Wide Level

(U) The DoD firefighter PFAS blood testing implementation plan does not include tracking, trending, and analyzing the DoD firefighter PFAS blood test results at a DoD-wide level. This occurred because DoD officials were focused on the immediate collection of PFAS blood test results to address the FY 2020 NDAA requirement to test the blood of DoD firefighters and not on the analysis of the results at a DoD-wide level. The FY 2020 NDAA requires the DoD “to determine and document potential exposure to...PFAS for each firefighter of the [DoD] during their annual physical exam” starting in FY 2021. DoD officials developed the DoD firefighter PFAS blood testing implementation plan to begin testing DoD firefighter blood in FY 2021, but the plan does not include tracking, trending, or analyzing the test results at a DoD-wide level because the FY 2020 NDAA did not include any requirements to track and trend the PFAS blood test results.

(U) According to the ODASD(HRPO) Director for Force Readiness and Health Assurance Policy, DoD officials were focused on meeting the specific requirements of the FY 2020 NDAA to provide PFAS blood tests to DoD firefighters during their annual occupational medical examination and provide the results to the individual firefighter because the FY 2020 NDAA did not include any requirements to do an epidemiological study or analysis. The ODASD(HRPO) official also explained that, as long as the medical provider records the blood test results in the firefighter’s individual occupational medical record, DoD officials will have met the minimum standard to comply with the FY 2020 NDAA. According to ODASD(HRPO) officials, tracking and trending PFAS blood test results was not included within the scope of implementing individual firefighter testing; therefore, actions to track and trend blood test results are currently not part of the DoD firefighter PFAS blood testing implementation plan.

(U) According to the ATSDR, workers who use products containing PFAS are at a higher risk for PFAS occupational exposure. DoD firefighters began using AFFF containing PFOS and PFOA in the 1970s to extinguish dangerous petroleum-based fires. As discussed in Finding A, DoD officials did not issue policy restricting nonessential use of AFFF until 2016, and DoD firefighters continue the use of PFAS-containing AFFF for fire emergencies, which may indicate a higher likelihood

(U) that DoD firefighters have been exposed to PFAS. Without tracking, trending, and analyzing PFAS blood test results, DoD officials will not know the extent or effect of PFAS exposure among the firefighter population across the DoD.

(U) The DoD Is Missing an Opportunity to Capture Comprehensive PFAS Exposure Data for DoD Firefighters to Be Used for Risk Management, Including Future Studies to Assess Long-Term Health Effects Relating to PFAS Exposure

(U) The DoD is missing an opportunity to capture comprehensive PFAS exposure data for DoD firefighters to be used for risk management, including future studies to assess long-term health effects relating to PFAS exposure. By not tracking, trending, and analyzing the PFAS blood test results, DoD officials will not be able to perform comprehensive reviews of the blood test results for studies and analyses. These studies and analyses would enhance the knowledge of healthcare providers, Service members, their families, and the DoD civilian workforce about the long-term health effects associated with PFAS exposure. Furthermore, with no plan in place to track, trend, and analyze DoD firefighter PFAS blood test results, DoD officials will likely encounter challenges evaluating occupational and environmental health risk management effectiveness through passive medical surveillance for the DoD firefighter population, in accordance with DoDI 6055.05.

(U) Recommendation, Management Comments, and Our Response

(U) Recommendation B

(U) We recommend that the Assistant Secretary of Defense (Readiness) develop a plan to track, trend, and analyze DoD firefighter perfluoroalkyl and polyfluoroalkyl substances blood test results at a DoD-wide level, in accordance with DoD Instruction 6055.05.

(U) Assistant Secretary of Defense (Readiness) Comments

(U) The Acting ASD(R) agreed with the recommendation. Specifically, the Acting ASD(R) stated that, to support occupational illness surveillance and trend analysis, the DoD will:

- (U) provide firefighter PFAS blood level data to the National Institute for Occupational Safety and Health to assist in their Fire Fighter Cancer Cohort study that includes PFAS research; and

- (U) conduct trend analysis of direct care PFAS serum laboratory results at the Navy and Marine Corps Public Health Center’s EpiData Center, including measures of central tendencies, with confidence intervals, for six PFAS compounds.⁸⁹

(U) The Acting ASD(R) stated that these actions would take approximately 4 years.

(U) Additionally, the Acting ASD(R) stated that, to perform occupational exposure surveillance, the DoD will:

- (U) “use its toxicology expertise in the Tri-Service Toxicology Consortium—with external peer review (e.g., National Research Council Committee on Toxicology)—to understand the relationship of PFAS blood levels to firefighter workplace exposures;” and
- (U) use the relationship of PFAS blood levels to firefighter workplace exposures and work with the National Institute for Occupational Safety and Health to develop exposure measurement technologies that are predictive of PFAS blood levels.

(U) The Acting ASD(R) stated that the development of PFAS exposure limits and exposure assessment procedures will take more than 4 years.

(U) Our Response

(U) Comments from the Acting ASD(R) addressed the recommendation; therefore, the recommendation is resolved but will remain open. The long-term actions described by the Acting ASD(R) outline the planned approach to conduct passive medical surveillance. The DoDI 6055.05 requires the review of three items to perform passive medical surveillance: (1) work-place exposure data, (2) clinical examination results, and (3) illness outcomes data. While we recognize that PFAS exposure limits are yet to be determined, we suggest that the Acting ASD(R) consider discussing and providing guidance for the following while implementing long-term actions described in the management comments:

- (U) how the DoD will provide the PFAS blood test clinical examination results recorded in various DoD-wide systems (such as the Armed Forces Health Longitudinal Technology Application, the Military Health System GENESIS, other electronic systems, or paper medical records) to the National Institute for Occupational Safety and Health and the Navy and Marine Corps Public Health Center’s EpiData Center;

⁸⁹ (U) According to their website, the Navy and Marine Corps Public Health Center’s EpiData Center provides data analysis for public health surveillance for the Department of the Navy, including occupational and environmental epidemiology. Additionally, EpiData Center officials design and conduct epidemiological investigations and studies.

- (U) what trend analysis, besides measures of central tendencies (such as the mean, median, and mode) will be calculated for the PFAS blood test results; and
- (U) the plan to collect work place exposure data (such as length of service, locations served, and any contact with PFAS releases) and illness outcomes data for DoD firefighters (such as increased cholesterol levels or cancer).

(U) We will close this recommendation after we verify that the information provided and that the actions taken by the ASD(R) officials fully addressed the recommendations by: (1) collecting the PFAS blood test clinical examination results, (2) collecting the work-place exposure and illness outcome data, and (3) analyzing this data in accordance with DoDI 6055.05.

(U) Appendix A

(U) Scope and Methodology

(U) We conducted this evaluation from February 2020 through May 2021 in accordance with the “Quality Standards for Inspection and Evaluation,” published in January 2012 by the Council of the Inspectors General on Integrity and Efficiency. Those standards require that we adequately plan the evaluation to ensure that objectives are met and that we perform the evaluation to obtain sufficient, competent, and relevant evidence to support the findings, conclusions, and recommendations. We believe that the evidence obtained was sufficient, competent, and relevant to lead a reasonable person to sustain the findings, conclusions, and recommendations.

(U) Interviews with Officials

(U) We met and interviewed individuals at the following organizations to determine whether DoD officials knew the requirements for the identification, mitigation, and remediation of contaminant effects from PFAS; to determine whether DoD officials informed populations exposed to PFAS of the associated health and safety concerns; and to understand their concerns and challenges related to PFAS.

- (U) Office of the Assistant Secretary of Defense (Sustainment)
- (U) Office of the Assistant Secretary of Defense (Readiness)
- (U) Office of the Assistant Secretary of Defense (Health Affairs)
- (U) Office of the Deputy Assistant Secretary of Defense (Environment and Energy Resilience)
- (U) Office of the Secretary of Defense Office of General Counsel (Environment and Installations)
- (U) DoD PFAS Task Force
- (U) DoD Fire and Emergency Services Working Group
- (U) Office of the Deputy Chief of Staff, Army, G-9
- (U) Office of the Assistant Secretary of the Navy (Energy, Installations and Environment)
- (U) Commander, Navy Installations Command
- (U) Naval Facilities Engineering Command
- (U) Office of the Deputy Assistant Secretary of the Air Force (Environment, Safety, and Infrastructure)
- (U) Air Force Materiel Command, Air Force Civil Engineer Center

- (U) DLA Installation Management
- (U) Installation officials from environmental, fire and emergency services, engineering, public affairs, and health departments

(U) Site Selection

(U) We selected a non-statistical sample of military installations and DLA sites in the United States. The military installations represent two sites per MILDEP and include both current and former military installations and both active duty and National Guard military installations. We also prioritized factors relevant to this evaluation, including:

- (U) reported levels of PFAS, including PFOS and PFOA, found at the installations;
- (U) sources of human exposure, including both groundwater and sources of drinking water;
- (U) known active or historical firefighting training activities; and
- (U) reported Federal cleanup response actions.

(U) Due to COVID-19 travel restrictions, we did not physically visit the installations identified in this report. We relied upon teleconferences, interviews, questionnaires, and data calls to collect testimonial and documentary evidence to verify information.

(U) We selected the following six current and former DoD installations, which host, or hosted, active duty military, National Guard, DoD civilians, and military families, for our evaluation.

1. (U) Active duty Army: Fort Bragg, North Carolina
2. (U) Army National Guard: Camp Grayling, Michigan
3. (U) Active duty Navy: Naval Air Station Oceana and Naval Auxiliary Landing Field Fentress, Virginia
4. (U) Active duty Marine Corps: Marine Corps Base Camp Pendleton, California
5. (U) Active duty Air Force: Peterson Air Force Base, Colorado
6. (U) Former Air Force site: Former Pease Air Force Base, New Hampshire

(U) We also held meetings with DLA officials involved with storage and disposal of PFAS-containing materials and discussed the following locations.

1. (U) DLA Headquarters, Fort Belvoir, Virginia
2. (U) Defense Supply Center, Richmond, Virginia
3. (U) Defense Fuel Support Point, Verona, New York
4. (U) DLA Distribution Susquehanna, Pennsylvania

(U) Data Collection

~~(CUI)~~ To determine whether DoD officials implemented the requirements for the identification, mitigation, and remediation of contaminant effects from PFAS and whether DoD officials informed populations exposed to PFAS of the associated health and safety concerns, we collected and reviewed the following types of documents.

- (U) DoD reports and briefings prepared for Congress
- (U) DoD and DoD PFAS Task Force policies
- (U) MILDEP, DLA, and installation-level policies and standard operating procedures related to PFAS
- ~~(CUI)~~ [REDACTED]
- (U) DoD, MILDEP, and DLA PFAS response timelines
- (U) Reports and briefings describing research and development projects, such as remediation projects
- (U) Installation environmental management plans, such as spill response plans
- (U) Installation F&ES emergency response records
- (U) Installation F&ES training plans and procedures
- (U) Installation records of releases of PFAS-containing AFFF
- (U) Installation AFFF concentrate inventories and disposal records
- (U) DoD, MILDEP, DLA, and installation public affairs materials
- (U) Installation outreach documentation, such as Restoration Advisory Board briefing charts
- (U) Installation PFAS test results for both groundwater and sources of drinking water both on the installations and in the surrounding communities
- (U) Installation maps and drawings showing groundwater and sources of drinking water tested for PFAS

- (U) Installation engineering drawings and schematics of engineered containment systems
- (U) Installation assessments prepared in accordance with the Federal cleanup process

(U) Use of Computer-Processed Data

(U) We did not use computer-processed data to perform this evaluation.

(U) Prior Coverage

(U) During the last 5 years, the Government Accountability Office (GAO) and the Army Audit Agency issued four reports related to PFAS contaminant effects and environmental cleanup.

(U) Unrestricted GAO reports can be accessed at <http://www.gao.gov>. Unrestricted Army Audit Agency reports can be accessed at <https://www.army.mil/aaa>.

(U) GAO

(U) Report No. GAO-21-421, “Firefighting Foam Chemicals: DoD Is Investigating PFAS and Responding to Contamination, but Should Report More Cost Information,” June 2021

(U) The GAO determined that the DoD is early in the environmental cleanup process at or near 687 military installations with a known or suspected release of PFAS-containing AFFF. The DoD has taken actions to address PFAS in sources of drinking water above the EPA LHA levels; however it has not taken actions to address PFAS in sources of drinking water that are above state-imposed PFAS standards but below the EPA LHA levels. Although the DoD estimates that future PFAS costs will likely increase significantly, the DoD has not reported estimated costs for future PFAS cleanup in its annual environmental report to Congress. The GAO also found that, although the DoD identified six potential firefighting alternatives without PFAS, none of the alternatives fully meet or exceed firefighting performance requirements. The DoD is continuing to fund research to identify firefighting alternatives without PFAS, as required by the FY 2020 NDAA.

(U) Report No. GAO-18-700T, "Drinking Water: Status of DoD Efforts to Address Drinking Water Contaminants Used in Fire Fighting Foam," September 2018

(U) The GAO determined that the DoD has initiated actions to address elevated levels of PFOS and PFOA in drinking water at or near military installations. In response to the EPA's non-enforceable advisories, the DoD directed military installations to identify locations with known or suspected release of PFOS and PFOA. The GAO also found that the DoD requested these installations to test for PFOS and PFOA in the drinking water and address any contamination above the levels in the EPA's health advisories. Furthermore, the DoD has taken steps to address health and environmental concerns with its use of firefighting foam that contains PFAS.

(U) Report No. GAO-18-78, "Drinking Water: DoD Has Acted on Some Emerging Contaminants but Should Improve Internal Reporting on Regulatory Compliance," October 2017

(U) The GAO determined that the DoD's public water systems complied with EPA and state health-based drinking water regulations at a level comparable with other systems in the United States. The DoD has not internally reported on all data on compliance with health-based drinking water regulations or used available data to assess compliance. The GAO determined that this indicates that the internal reporting systems of the DoD are either not clear in DoD regulations or are not clearly understood by those implementing them. The DoD also has not used its data to determine why the two types of systems—DoD-treated water and non-DoD-treated water—have different compliance rates. The GAO also found that the DoD has initiated steps to address concerns in regards to both the firefighting foam and elevated levels of PFOS and PFOA in drinking-water. The DoD has restricted the use of firefighting foam that contain these emerging contaminants and has funded efforts to provide alternative foam without the contaminants. Furthermore, the DoD has shut down wells, provided alternate water sources, or installed water treatment systems to respond to elevated levels of PFOS and PFOA.

(U) Report No. GAO-17-151, "Military Base Realignments and Closures: DoD Has Improved Environmental Cleanup Reporting but Should Obtain and Share More Information," January 2017

(U) The GAO determined that cleanup of environmental contaminants on installations closed under Military Base Realignments and Closures has been a key impediment to the transfer and ultimate reuse of the property by the community. The DoD has improved its reporting on the cost of these cleanups to Congress. The DoD has not reported to Congress how the cleanup

(U) of emerging chemicals under Military Base Realignment and Closures will significantly increase the estimated cost. Additionally, the GAO also found that the DoD has made progress in transferring property; however, officials have identified several challenges in the transfer process. The GAO stated that DoD officials noted that some of these challenges may be aided by sharing information from others who have successfully developed mitigation strategies or navigated complex regulatory environments.

(U) Army Audit Agency

(U) Report No. A-2020-0050-FIZ, “Per- and Polyfluoroalkyl Substances (PFAS) Contamination on Army Installations,” May 2020

(U) The Army Audit Agency determined that Army installations took actions to mitigate contaminants and to meet the EPA’s LHA limits. A review of Army installations identified 13 installations with drinking water that exceeded the EPA limits. The Army Audit Agency reviewed 7 of the 13 and determined that those bases took actions to reduce contamination levels of PFOS and PFOA to meet Army guidance. The Army Audit Agency also found that although most Army installations generally completed quarterly assessments to monitor contamination levels, Sierra Army Depot did not. Furthermore, 32 of 64 Army installations with Army-owned water systems did not record their assessments in the DoD’s official system of record, Defense Occupational and Environmental Health Readiness System, for PFOS and PFOA results. The Army Audit Agency recommended that the Army support funding to remediate PFAS levels on Army establishments, update PFAS guidance to include a timeframe and methods for Army installations to notify affected users of contaminated water, update and consolidate PFAS guidance, require installations to provide PFAS sampling results to the U.S. Army Public Health Center and enter the results into the Defense Occupational and Environmental Health Readiness System, and ensure the required assessments are completed and reported in the Defense Occupational and Environmental Health Readiness System.

(U) Appendix B

(U) Congressional Request Letter, July 25, 2019

Congress of the United States
Washington, DC 20515

July 25, 2019

Glenn A. Fine
 Acting Inspector General
 Office of Inspector General
 U.S. Department of Defense
 4800 Mark Center Drive
 Alexandria, VA 22350-1500

Mr. Fine:

We are writing to request that you undertake a review of the U.S. Department of Defense's (DoD's) use of per- and polyfluoroalkyl substances (PFAS) at military sites around the country and the exposure to both military personnel and civilians living near military sites.

PFAS is a class of chemicals that has been, and continues to be, used in military firefighting foam. Medical experts have found PFAS chemicals to be extremely hazardous to human health.

Thus, we are extremely concerned about the public health impact of PFAS on not only service members and their families living on and near military bases, but also on citizens in surrounding communities.

The DoD is currently tracking at least 401 sites with potential PFAS contamination, but it has only taken mitigation steps at 32 sites.

Simply, it appears the scope of the problem far outweighs the current allocated resources and focus of the DoD, despite Congress' attempt to provide additional resources for clean-up.

For these reasons, we ask that you undertake a review and respond to the following:

- 1) When did the DoD first learn that PFAS chemicals were harmful to human health?
- 2) What methodology has the DoD used to determine the scope of the problem and how to allocate its resources to address it?
- 3) What has the DoD done to inform service members, their families, and impacted communities about the danger of PFAS chemical contamination?
- 4) What is the DoD's plan to discontinue the use of PFAS chemicals?
- 5) What is the DoD's plan to mitigate, and clean up, PFAS contamination of the environment, including soil and drinking water?
- 6) What is the DoD doing to identify service members, their families and people in communities exposed to PFAS and provide them with the appropriate care to address and mitigate the impacts of the exposure?

(U) Congressional Request Letter, July 25, 2019 (cont'd)

We owe it to our service members, their families, and the communities that support them to ensure that the DoD is appropriately addressing this public health crisis.

Thank you very much for your assistance.

Sincerely,

Daniel T. Kildee

(U) Appendix C

(U) Timeline of PFAS History and the DoD's Response

(U) PFAS have been used in a wide variety of commercial and industrial products and in manufacturing processes since the 1940s, and many Federal agencies, including the DoD and the EPA, are responding to PFAS concerns. The following is a brief history of key PFAS-related events that affected the DoD.

(U) 1970s:

- (U) The DoD began using AFFF, which contained PFOS, and in some formulations, PFOA, to extinguish petroleum-based fires.
- (U) 1974: Congress passed the Safe Drinking Water Act to protect public health by regulating the nation's public drinking water supply.
- (U) 1976: Congress passed the Toxic Substances Control Act to control substances determined to cause unreasonable risk to public health or the environment.

(U) 1980:

- (U) Congress passed the Comprehensive Environmental Response, Compensation, and Liability Act to clean up sites contaminated by substances deemed hazardous by the EPA in the United States.

~~(CUI)~~ 2000s:

- (U) 2000: The primary American manufacturers began phasing out the production of PFOS-related products.
- (U) 2005: The EPA Office of Pollution Prevention and Toxics conducted an assessment of PFOS and PFOA to develop toxicity benchmarks. The EPA released a draft PFOA risk assessment in January 2005.
- (U) 2006: The EPA reached an agreement with PFOA manufacturers to voluntarily phase out PFOA over a 10-year period.
- (U) 2006: The DoD EC Program was established to proactively evaluate and minimize adverse impacts from emerging chemicals to DoD missions.
- ~~(CUI)~~ [REDACTED]
- (U) 2009: EC Program officials formally established the EC Program policy, DoDI 4715.18.
- (U) 2009: The EPA published provisional health advisories for PFOS and PFOA in sources of drinking water.

~~(CUI)~~ 2010s:

- (U) 2011: EC Program officials issued a risk alert for AFFF.
- (U) 2013-2015: The EPA's third Unregulated Contaminant Monitoring Rule required monitoring for 30 contaminants, including PFOS and PFOA, using analytical methods developed by the EPA. This monitoring provided a basis for future regulatory action to protect public health.
- (U) January 2016: The ECGC issued a policy memorandum, based on recommendations from EC Program officials, including endorsed RMAs requiring Service-specific risk management procedures to prevent uncontrolled releases of AFFF during maintenance, testing, and training; requiring engineered containment systems or spill response measures for AFFF releases; and requiring the removal and disposal of PFOS-based AFFF where practical.
- (U) May 2016: The EPA published LHAs for PFOS and PFOA in sources of drinking water.
- (U) May 2016: The DoD Components consolidated efforts to start addressing releases of PFAS by developing strategies under the Defense Environmental Restoration Program.
- (U) 2016-2017: The MILDEPs tested for PFOS and PFOA where the DoD supplies drinking water. During this time, DoD officials identified 401 installations that had used AFFF containing PFOS or PFOA and tested wells and groundwater for potential PFAS impacts. MILDEP officials identified 90 active and closed military installations in which sources of drinking water or groundwater tested above the EPA's LHA levels.
- (U) 2017-2019: DoD officials wrote multiple reports and gave several presentations to congressional committees detailing the DoD's response to PFAS concerns.
- (U) 2018: The MILDEPs began the process of removing PFOS-based AFFF inventory from its stockpiles.
- (U) 2018: Congress passed the FY 2019 NDAA, which addressed specific PFAS response requirements.
- ~~(CUI)~~ [REDACTED]
- (U) February 2019: The EPA issued a PFAS Action Plan that addressed multiple planned actions, including proposals for potential regulation of PFAS.

- (U) 2019: The Secretary of Defense established the DoD PFAS Task Force that consists of DoD and MILDEP officials with a mission to ensure a coordinated DoD-wide approach to quickly address PFAS contaminant effects caused by DoD activities.
- (U) 2019: DoD officials issued multiple policy memorandums to address responses to PFAS concerns, including requirements related to the DoD cleanup program and reporting of PFAS investigation results. MILDEP officials published additional policies and guidance documents, when necessary, to direct installation officials on the Service-specific processes to comply with these requirements.
- (U) 2019: Congress passed the FY 2020 NDAA, which included additional PFAS response requirements, including a mandate to include blood testing for PFAS during annual firefighter medical examinations beginning in FY 2021.

(U) 2020s:

- (U) DoD officials issued additional policy memorandums that included requirements to address responses to PFAS concerns, including requirements for additional water sampling, reporting of state-specific and host nation-specific PFAS requirements, and public health engagement. MILDEP officials published policies and guidance documents, when necessary, to direct installation officials on the Service-specific processes to comply with these requirements.
- (U) The EPA published an update to its PFAS Action Plan.
- (U) DoD PFAS Task Force officials published a progress report and updated the number of active and National Guard installations, former military installations, and DLA sites where assessments of historical PFAS-containing AFFF use or release were underway to 676 sites.
- (U) DoD officials issued additional reports and sent representatives to testify to congressional committees detailing the DoD's response to PFAS concerns.
- (U) DoD, MILDEP, and DLA officials continue to report the status of their efforts to respond to PFAS concerns through public reports on the defense.gov website and Service-specific websites, through status reports to Congress, and through other outlets, such as through direct communication with community stakeholders near military installations.

(U) Management Comments

(U) Assistant Secretary of Defense (Sustainment)

SUSTAINMENT

OFFICE OF THE ASSISTANT SECRETARY OF DEFENSE
3500 DEFENSE PENTAGON
WASHINGTON, DC 20301-3500

06/28/2021

MEMORANDUM FOR PROGRAM DIRECTOR, RESEARCH AND ENGINEERING
DIVISION, OFFICE OF THE DEPARTMENT OF DEFENSE
INSPECTOR GENERAL

SUBJECT: Review of Draft Inspector General Report, "Evaluation of the Department of Defense's Actions to Control Contaminant Effects from Perfluoroalkyl and Polyfluoroalkyl Substances at Department of Defense Installations," Project Number D2020-DEVOSR-0088.000

I am providing the response to the recommendation for the Under Secretary of Defense for Acquisition and Sustainment (USD(A&S)), and the Deputy Assistant Secretary of Defense for Environment and Energy Resilience (DASD(E&ER)) contained in the subject report.

I appreciate the Department of Defense (DoD) Office of Inspector General's (IG) review of the Department's actions related to per- Polyfluoroalkyl Substances (PFAS). This assessment is a companion to the Government Accountability Office (GAO) assessment of the department's investigation and response actions for PFAS, and together they provide a comprehensive look at DoD's actions to address PFAS.

The DoDIG's draft report recommends, "... that the Under Secretary of Defense for Acquisition and Sustainment revise DoDI 4715.18 to include requirements for Emerging Chemical Program officials to:

- Initiate proactive risk management actions based on measurable risks to the DoD areas of concern to mitigate contaminant effects of emerging chemicals at DoD installations;
- Develop risk management options and initiate proactive risk management actions which may be warranted to identify and mitigate the contaminant effects of emerging chemicals as early as possible in the Emerging Chemical Process, regardless of whether an emerging chemical is on the Emerging Chemical Watch List or the Emerging Chemical Action List; and
- Formally inform DoD users of emerging chemicals of their status in the Emerging Chemical Process."

I partially concur with this recommendation. I agree the DoD Instruction (DoDI) 4715.18 should be revised to more clearly articulate our actions and address the points raised above. However, to clarify, the DoDI currently directs the assessment of risks associated with emerging chemicals of concern across the DoD enterprise, including a range of potential areas of interest to the Department, and is inclusive of DoD installations.

(U) Assistant Secretary of Defense (Sustainment) (cont'd)

To clarify how DoD will implement this recommendation, the DASD(E&ER), acting at the direction of the USD(A&S), will provide a policy memorandum by January 2022, which will serve as official guidance until the procedures are included in the next update to the DoDI 4715.18, which is anticipated to occur by September 2025, to more clearly direct the following actions:

1. Develop measurable risk criteria consistent with the *Department of Defense Risk Management Guide for Defense Acquisition Programs*, (2017) to quantify risks to the DoD areas of concern from Emerging Chemicals (EC).
2. Reference or include this measurable risk process and when warranted, present risks management options to the Emerging Chemicals Steering Group (ECSG) and Emerging Chemicals Governance Council (ECGC).
3. Include the development of risk management options for EC on the Watch List and Action List.
4. Include a process to formally inform DoD users of emerging chemicals of their status.

The DoD IG’s draft report also recommends, “...that the Deputy Assistant Secretary of Defense (Environment and Energy Resilience) complete the Emerging Chemical Process for potential PFAS exposure caused by DoD activities from PFAS-containing materials other than AFFF by developing and presenting validated risk management options for PFAS on the Emerging Chemical Action List to the Emerging Chemicals of Concern Governance Council, as required by DoDI 4715.18.”

I concur with this recommendation and will present validated risk management options for PFAS to the Emerging Chemicals of Concern Governance Council in the second quarter of Fiscal Year 2022.

Please contact [REDACTED] with any questions or concerns.

Performing the Duties of Assistant Secretary of
Defense for Sustainment

(U) Assistant Secretary of Defense (Readiness)

READINESS

OFFICE OF THE ASSISTANT SECRETARY OF DEFENSE
4000 DEFENSE PENTAGON
WASHINGTON, D.C. 20301-4000

MEMORANDUM FOR PROGRAM DIRECTOR, RESEARCH & ENGINEERING DIVISION,
OFFICE OF THE DEPARTMENT OF DEFENSE INSPECTOR
GENERAL

SUBJECT: Review of Draft Inspector General Report, "Evaluation of the Department of
Defense's Actions to Control Contaminant Effects from Perfluoroalkyl and
Polyfluoroalkyl Substances at Department of Defense Installations," Project Number
D2020-DEVOSR-0088.000

I appreciate the Department of Defense Office of the Inspector General's (DoD OIG) review of the Department's actions related to Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) effects. This memo is in response to the recommendation in the subject report for the Assistant Secretary of Defense for Readiness to "...develop a plan to track, trend, and analyze DoD firefighter PFAS blood test results at a DoD-wide level, in accordance with DoDI 6055.05."

I concur with this recommendation. To meet the statutory requirements to provide blood tests to the DoD firefighters, our office, the Office of the Assistant Secretary of Defense for Health Affairs, and the Defense Health Agency are working together to track the number of PFAS blood tests performed against the number of firefighters planned to receive the tests. This information is being provided to the DoD Components performing the testing to resolve any gaps.

To support occupational illness surveillance and trend analysis requirements of DoD Instruction 6055.05, "Occupational and Environmental Health," the DoD will first need to understand the health effects expected from exposure to PFAS at various blood concentrations. The DoD will support, monitor, and leverage relevant multi-year research efforts either underway or planned to understand the potential PFAS health effects. The Agency for Toxic Substances and Disease Registry is performing a multi-site health study at 10 locations (including several nearby DoD installations) and at the former Pease Air Force Base to identify health effects associated with consuming water containing PFAS, and the blood level of PFAS associated with those health effects. In parallel, the National Institute for Occupational Safety and Health (NIOSH) is leading a Fire Fighter Cancer Cohort study that includes PFAS research. DoD will provide firefighter PFAS blood level data to NIOSH to use in their firefighter PFAS research. In addition, the Navy and Marine Corps Public Health Center's EpiData Center will perform trend analysis of direct care PFAS serum laboratory results collected from DoD firefighters. The trend analysis of laboratory PFAS serum data will include measures of central tendencies, with confidence intervals, for all six PFAS compounds.

Similar research was performed in developing the current DoD policy for blood lead levels in DoD Manual 6055.05, "Occupational Medical Examinations and Surveillance Manual",

(U) Assistant Secretary of Defense (Readiness) (cont'd)

Change 2, April 2017. This policy development was initiated as a result of the National Research Council report, "Potential Health Risks to DOD Firing-Range Personnel from Recurrent Lead Exposure," in 2013. Using this effort as a benchmark, understanding the potential health effects and developing medical surveillance policy for PFAS would take approximately four years.

After this research provides an understanding of health effects from PFAS exposure, the DoD will be able to use individual firefighter test results to advise each firefighter on actions to manage their individual health risk, conduct trend analysis of test results across time and groups of firefighters, and then perform trend analysis of health effects (i.e., illness) for individuals and groups of firefighters.

To perform occupational exposure surveillance, DoD will first need to develop exposure assessment procedures that correlate exposure levels to the PFAS blood levels predictive of the health effects identified in the studies previously described. DoD will use its toxicology expertise in the Tri-Service Toxicology Consortium – with external peer review (e.g., National Research Council Committee on Toxicology) – to understand the relationship of PFAS blood levels to firefighter workplace exposures. DoD will use this relationship and work with NIOSH to develop exposure measurement technologies that are predictive of PFAS blood levels.

The Force Safety and Occupational Health (FSOH) office is performing a similar development effort, started in 2017 for occupational exposure assessments for inhalation of lead dust and fume. In 2020, FSOH, in coordination with the Military Services, completed the correlation of blood lead levels to airborne lead dust and fume, and are currently reviewing additional technical and policy issues before publishing DoD policy for an occupational exposure limit with assessment procedures for lead in air. While these efforts would imply that it will require four years to develop policy for assessing PFAS workplace exposures, PFAS does not yet have exposure assessment procedures as provided by OSHA for lead air sampling and analysis. Developing a PFAS exposure limit with assessment procedures will require more than four years.

The Office of the Secretary of Defense for Readiness is committed to managing the health risks to DoD firefighters, but also recognizes the significant limitations of the current science in being able to accurately inform firefighters of any PFAS occupational exposure risks. This is further complicated by the need to balance the life-saving properties to our firefighters of the current use of certain firefighting foam that contains PFAS.

Thank you for your support of the Department's goal to protect DoD personnel from accidental death, injury, and illness caused by hazardous occupational or environmental exposures.

(U) Glossary

(U) Aqueous Film-Forming Foam (AFFF). AFFF is a foam made at the time of use by mixing air into a water solution containing a specifically formulated foam concentrate (concentrated version), by means of suitably designed equipment. The resulting foam flows freely over a burning liquid surface and acts as a barrier both to exclude air or oxygen and to develop an aqueous film on the fuel surface that is capable of suppressing combustible vapors to quickly extinguish the flames.

(U) Contaminant. Includes, but is not limited to, any element, substance, compound, or mixture, including disease-causing agents, which, after release into the environment and upon exposure, ingestion, inhalation, or assimilation into any organism (including humans), either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavioral abnormalities, cancer, genetic mutation, physiological malfunctions (including malfunctions in reproduction) or physical deformations, in such organisms or their offspring.

(U) Contaminant Effects. The potential effects of a contaminant, such as PFOS or PFOA, to people, the environment, and DoD missions, programs, and resources.

(U) DoD Areas of Concern. Enterprise-wide categories that represent five DoD functional areas relevant to ECs, which are:

- (U) environment, safety, and health;
- (U) training and readiness;
- (U) production, operations, maintenance, and disposal of DoD assets;
- (U) cleanup; and
- (U) acquisition and research, development, testing, and evaluation.

(U) DoD Components. The Office of the Secretary of Defense, the Military Departments, Joint Chiefs of Staff and the Joint Staff, the combatant commands, the Office of Inspector General of the DoD, the Defense agencies, DoD field activities, and all other organization entities within the DoD.

(U) Emerging Chemical Action List. A list of emerging chemicals with a probable high risk of impact to at least one of the DoD areas of concern and for which proactive risk management options are being developed or actions are ongoing.

(U) Emerging Chemical Watch List. A list of emerging chemicals with a potential risk of impact to DoD areas of concern.

(U) Emerging Chemical (EC). ECs are chemicals relevant to the DoD that are characterized by a perceived or real threat to human health or the environment and that have new or changing toxicity values or new or changing human health or environmental regulatory standards. Changes may be due to new science discoveries, detection capabilities, or exposure pathways.

(U) Engineered containment. Physical infrastructure designed to completely contain a release of AFFF solution (or other substance, such as fuel). Engineered containment systems can be designed in a variety of ways to contain various substances and typically include a drainage system to a tank, pit, or channel, either above ground or below ground, which can contain the substance until it can be safely treated for release or removed for proper disposal. DoD design criteria require DoD Components to construct engineered containment systems when foam fire suppression systems are built, such as in aircraft hangars.

(U) Epidemiology. The method used to find the causes of health outcomes and diseases in populations. In epidemiology, the patient is the community and individuals are viewed collectively. Epidemiology is the scientific, systematic, and data-driven epidemiological study of the distribution (frequency, pattern) of health related effects and the causes and risk factors of health-related effects in specific populations, such as occupational populations, schools, cities, or countries.

(U) Exposure. The intensity, frequency, and length of time personnel are subjected to a hazard.

(U) Former military installations. Installations that are in the process of being closed, have been closed, or are being realigned by congressional authorization, but are still under the jurisdiction of the DoD. Former military installations also include properties that have been transferred out of the DoD but for which the DoD retains environmental restoration responsibilities.

(U) Groundwater. Water beneath the surface of land.

(U) Hazardous Substance. Any substance designated by the EPA as hazardous under various legal authorities, including the Federal Water Pollution Control Act, the Solid Waste Disposal Act, the Federal Water Pollution Control Act, the Clean Air Act, and the Toxic Substances Control Act.

(U) Health Advisory. The EPA establishes health advisories, based on its assessment of the latest peer-reviewed science, to provide drinking water system operators and officials who have the responsibility for overseeing drinking water systems with information on the health risks of certain chemicals so they can take the appropriate actions to protect the consumers of the drinking water.

(U) Installation. A base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the DoD, including any leased facility.

(U) Lifetime Health Advisory. A lifetime health advisory is an EPA Health Advisory calculated to account for a lifetime of exposure to a chemical found in sources of drinking water.

(U) Medical Surveillance. Medical surveillance is the systematic assessment of employees exposed or potentially exposed to occupational hazards. This assessment monitors individuals for adverse health effects and determines the effectiveness of exposure prevention strategies. A medical surveillance program includes the analysis of both individual and aggregate surveillance data over time, with the goal of reducing and ultimately preventing occupational illness and injury.

(U) Military Departments. The Military Departments, created by the National Security Act of 1947, are the Army, Navy, and Air Force.

(U) Mitigate. To reduce risk.

(U) Occupational and Environmental Health Risk Management. A process that assists organizations and individuals in making informed risk decisions in order to reduce or offset risk, thereby increasing operational effectiveness and the probability of mission success.

(U) Occupational Health. Activities directed toward anticipation, recognition, evaluation, and control of potential occupational and environmental health hazards; preventing injuries and illness of personnel during operations; and accomplishment of mission at acceptable levels of risk.

(U) Occupational Medical Examination. Medical examinations performed to prevent work-related health problems by assessing the health status of individuals in relation to their work and making medical recommendations regarding worker placement, accommodation, and exposure controls. Occupational medical examinations may include information regarding an individual's medical background and history, physical examination, laboratory tests, and analysis of exposure to hazardous substances.

(U) Provisional Health Advisory. A provisional health advisory is an EPA Health Advisory released to the public so that drinking water system operators and officials who have the responsibility for overseeing drinking water systems can take action early even if scientific study of the chemical is still ongoing.

(U) Qualitative. An observation defined by non-numerical data, such as text, video, photographs, or audio recordings, and assigned to a category that, although it may be represented as a number, has no numerical value.

(U) Quantitative. An observation that has a meaningful numerical value. It can be either a direct observation or a count.

(U) Release. Any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment (including the abandonment or discarding of containers containing any hazardous substance or contaminant).

(U) Remediate. Actions taken in accordance with CERCLA to remedy the effects of environmental contamination on human health and safety, ecological resources or receptors, and operations. These actions occur sometime after the release of contaminants into the environment, as opposed to immediately following and in response to a release incident, and are consistent with or intended to be the final and permanent solution for site releases.

(U) Response Action. Identification, investigation, removal actions, remedial actions, or a combination of removal and remedial actions.

(U) Risk management action. Risk management actions are risk management options that are validated by EC Program officials and endorsed by the Emerging Chemicals of Concern Governance Council during the EC process.

(U) Risk management option. Actionable, measurable enterprise-wide initiatives focused on proactively mitigating or eliminating risks identified during the EC process. Initiatives include new DoD policies or research, development, testing, or evaluation of alternative chemicals.

(U) Risk. Chance of adverse outcome or bad consequence, such as injury, illness, or loss. Risk level is expressed in terms of hazard probability and severity.

(U) Site. A distinct area of an installation containing one or more releases or threatened releases of hazardous substances treated as a discrete entity or consolidated grouping for response purposes. Installations may have more than one site. Former military installations may also be considered sites.

(U) Source of Drinking Water. Any raw or finished (treated) water source that is or may be used by a public water system or as drinking water by one or more individuals.

(U) Spill response. Spill response refers to immediate, short-term response to limit, address, or mitigate a spill or release. AFFF spill response activities are intended to contain the flow of foam solution by blocking sewer and storm water drains, employing portable dikes or booms, and diverting the foam solution to an area suitable for containment.

(U) Toxicity value. A numerical expression of the relationship between the amount of human exposure to a chemical or substance and the potential for adverse health effects. The most common toxicity values published by regulatory and health agencies, such as the EPA, are reference doses, which are levels below which no adverse health effects are expected to occur in humans.
