6 **PLACEMENT.**

7 (a) SENSE OF CONGRESS.—It is the sense of Con-
8 gress that—

9 (1) the decision by the Department of Defense
10 to terminate the redesigned kill vehicle contract on
11 August 22, 2019, due to technological problems en-
12 countered during development will result in a delay
13 to the fielding of an additional 20 ground-based
14 interceptors at Fort Greely, Alaska, which had been
15 planned to be emplaced by the end of calendar year
16 2023;

17 (2) to ensure that the future next-generation
18 improved homeland defense interceptor program will
19 deliver the required capability, have rigorous tech-
20 nical and acquisition oversight, and maintain sched-
21 ule milestones, thereby mitigating the risk of similar
22 issues as experienced with the redesigned kill vehicle,
23 the acquisition strategy for such program should be
24 reviewed and jointly approved by both the Under
25 Secretary of Defense for Research and Engineering

1 and the Under Secretary of Defense for Acquisition
2 and Sustainment, with input by stakeholders across
3 the Department of Defense prior to proceeding with
4 development efforts and awarding a contract; and

5 (3) the Department, including the Missile De-
6 fense Agency, should uphold “fly before you buy”
7 principles in such new acquisition strategy to ensure
8 the overall system and components have been rigor-
9 ously flight-tested prior to making procurement deci-
10 sions.

11 (b) LIMITATION.—Of the funds authorized to be ap-
12 propriated by this Act or otherwise made available for fis-
13 cal year 2020 for the Missile Defense Agency for the next-
14 generation improved homeland defense interceptor, not

16 the date on which the Secretary of Defense submits the
17 report under subsection (c).

18 (c) REPORT.—The Secretary of Defense shall submit
19 to the congressional defense committees a report on the
20 next-generation improved homeland defense interceptor
21 program to replace the redesigned kill vehicle. The report
22 shall include the following:

24 ligence community informing system threshold and
25 objective requirements.

1 (2) Updated requirements to address current
2 and emerging threats.

3 (3) Technical, programmatic, and cost analyses
4 conducted on courses of action and alternatives to
5 meet capability requirements, including—

6 (A) an independent cost estimate for each
7 course of action considered; and

8 (B) an evaluation of the technical readi-
9 ness level of the overall system and the compo-
10 nents for each course of action considered.

11 (4) Options considered to address reliability ef-
12 forts of the current fleet, understanding known defi-
13 ciencies, and the impact of not addressing such ef-
14 forts and deficiencies until the delivery of the next-
15 generation improved homeland defense interceptors.

16 (5) An obsolescence, refurbishment, and
17 sustainment plan for all ground-based interceptor
18 silos, including any impacts to the construction, de-
19 livery, and sustainment of missile field 4 located at
20 Fort Greely, Alaska, taking into account the delay to
21 emplacing additional interceptors.

22 (6) Possible opportunities as a result of the im-
23 pacts described in paragraph (4) for improvements
24 to missile fields located at Fort Greely other than
25 missile field 4, including additional infrastructure or

1 components required, and estimated schedules and
2 costs for such opportunities.

3 (7) A determination of the appropriate fleet mix
4 of ground-based interceptor kill vehicles and boosters
5 to maximize overall system effectiveness and in-
6 crease capacity and capability, including the costs
7 and benefits of continued inclusion of capability en-
8 hancement II block 1 interceptors after the fielding
9 of the next-generation improved homeland defense
10 interceptor.

23 (4) RULES OF CONSTRUCTION.—Nothing in
24 this section shall—

1 (A) enlarge, impair, or otherwise affect any
2 right or claim of the Tribe to any land or inter-
3 est in land that is in existence before the date
4 of the enactment of this Act;

5 (B) affect any water right of the Tribe in
6 existence before the date of the enactment of
7 this Act; or

8 (C) terminate or limit any access in any
9 way to any right-of-way or right-of-use issued,
10 granted, or permitted before the date of the en-
11 actment of this Act.

12 (5) RESTRICTED USE OF TRANSFERRED
13 LANDS.—The Tribe may not conduct, on the land
14 described in paragraph (3) taken into trust for the
15 Tribe pursuant to this section, gaming activities—

16 (A) as a matter of claimed inherent au-
17 thority; or

18 (B) under any Federal law, including the
19 Indian Gaming Regulatory Act (25 U.S.C.
20 2701 et seq.) and regulations promulgated by
21 the Secretary or the National Indian Gaming
22 Commission under that Act.

23 (6) DEFINITIONS.—For the purposes of this
24 subsection:

1 (A) SECRETARY.—The term “Secretary”
2 means the Secretary of the Interior.

3 (B) TRIBE.—The term “Tribe” means the
4 Santa Ynez Band of Chumash Mission Indians.

5 **SEC. 2869. LANDS TO BE TAKEN INTO TRUST AS PART OF**
6 **THE RESERVATION OF THE LYTTON**
7 **RANCHERIA.**

8 (a) FINDINGS.—Congress finds the following:

9 (1) The Lytton Rancheria of California is a fed-
10 erally recognized Indian tribe that lost its homeland
11 after its relationship to the United States was un-
12 justly and unlawfully terminated in 1958. The Tribe
13 was restored to Federal recognition in 1991, but the
14 conditions of its restoration have prevented it from
15 regaining a homeland on its original lands.

16 (2) Congress needs to take action to reverse
17 historic injustices that befell the Tribe and that have
18 prevented it from regaining a viable homeland for its
19 people.

20 (3) Prior to European contact there were as
21 many as 350,000 Indians living in what is now the
22 State of California. By the turn of the 19th century,
23 that number had been reduced to approximately
24 15,000 individuals, many of them homeless and liv-
25 ing in scattered bands and communities.

1 (4) The Lytton Rancheria's original homeland
2 was purchased by the United States in 1926 pursu-
3 ant to congressional authority designed to remedy
4 the unique tragedy that befell the Indians of Cali-
5 fornia and provide them with reservations called
6 Rancherias to be held in trust by the United States.

7 (5) After the Lytton Rancheria lands were pur-
8 chased by the United States, the Tribe settled on
9 the land and sustained itself for several decades by
10 farming and ranching.

11 (6) By the mid-1950s, Federal Indian policy
12 had shifted back towards a policy of terminating the
13 Federal relationship with Indian tribes. In 1958,
14 Congress enacted the Rancheria Act of 1958 (72
15 Stat. 619), which slated 41 Rancherias in California,
16 including the Lytton Rancheria, for termination
17 after certain conditions were met.

18 (7) On August 1, 1961, the Federal Govern-
19 ment terminated its relationship with the Lytton
20 Rancheria. This termination was illegal because the
21 conditions for termination under the Rancheria Act
22 had never been met. After termination was imple-
23 mented, the Tribe lost its lands and was left without
24 any means of supporting itself.

1 (8) In 1987, the Tribe joined three other tribes
2 in a lawsuit against the United States challenging
3 the illegal termination of their Rancherias. A Stipu-
4 lated Judgment in the case, *Scotts Valley Band of*
5 *Pomo Indians of the Sugar Bowl Rancheria v. United*
6 *States*, No. C-86-3660 (N.D.Cal. March 22, 1991),
7 restored the Lytton Rancheria to its status as a fed-
8 erally recognized Indian tribe.

9 (9) The Stipulated Judgment provides that the
10 Lytton Rancheria would have the “individual and
11 collective status and rights” which it had prior to its
12 termination and expressly contemplated the acquisi-
13 tion of trust lands for the Lytton Rancheria.

14 (10) The Stipulated Judgment contains provi-
15 sions, included at the request of the local county
16 governments and neighboring landowners, that pro-
17 hibit the Lytton Rancheria from exercising its full
18 Federal rights on its original homeland in the Alex-
19 ander Valley.

20 (11) In 2000, approximately 9.5 acres of land
21 in San Pablo, California, was placed in trust status
22 for the Lytton Rancheria for economic development
23 purposes.

24 (12) The Tribe has since acquired, from willing
25 sellers at fair market value, property in Sonoma

1 County near the Tribe's historic Rancheria. This
2 property, which the Tribe holds in fee status, is suit-
3 able for a new homeland for the Tribe.

4 (13) On a portion of the land to be taken into
5 trust, which portion totals approximately 124.12
6 acres, the Tribe plans to build housing for its mem-
7 bers and governmental and community facilities.

8 (14) A portion of the land to be taken into
9 trust is being used for viticulture, and the Tribe in-
10 tends to develop more of the lands to be taken into
11 trust for viticulture. The Tribe's investment in the
12 ongoing viticulture operation has reinvigorated the
13 vineyards, which are producing high-quality wines.
14 The Tribe is operating its vineyards on a sustainable
15 basis and is working toward certification of sustain-
16 ability.

17 (15) No gaming shall be conducted on the lands
18 to be taken into trust by this section.

19 (16) No gaming shall be conducted on any
20 lands taken into trust on behalf of the Tribe in
21 Sonoma County after the date of the enactment of
22 this Act.

23 (17) By directing that these lands be taken into
24 trust, the United States will ensure that the Lytton
25 Rancheria will finally have a permanently protected

1 homeland on which the Tribe can once again live
2 communally and plan for future generations. This
3 action is necessary to fully restore the Tribe to the
4 status it had before it was wrongfully terminated in
5 1961.

6 (18) The Tribe and County of Sonoma have en-
7 tered into a Memorandum of Agreement as amended
8 in 2018 in which the County agrees to the lands in
9 the County being taken into trust for the benefit of
10 the Tribe in consideration for commitments made by
11 the Tribe.

12 (b) DEFINITIONS.—For the purpose of this section,
13 the following definitions apply:

14 (1) COUNTY.—The term “County” means
15 Sonoma County, California.

16 (2) SECRETARY.—The term “Secretary” means
17 the Secretary of the Interior.

18 (3) TRIBE.—The term “Tribe” means the
19 Lytton Rancheria of California.

20 (c) LANDS TO BE TAKEN INTO TRUST.—

21 (1) IN GENERAL.—The land owned by the
22 Tribe and generally depicted on the map titled
23 “Lytton Fee Owned Property to be Taken into
24 Trust” and dated May 1, 2015, is hereby taken into
25 trust for the benefit of the Tribe, subject to valid ex-

1 isting rights, contracts, and management agreements
2 related to easements and rights-of-way.

3 (2) LANDS TO BE MADE PART OF THE RES-
4 ERVATION.—Lands taken into trust under para-
5 graph (1) shall be part of the Tribe’s reservation
6 and shall be administered in accordance with the
7 laws and regulations generally applicable to property
8 held in trust by the United States for an Indian
9 tribe.

10 (d) GAMING.—

11 (1) LANDS TAKEN INTO TRUST UNDER THIS
12 SECTION.—Lands taken into trust for the benefit of
13 the Tribe under subsection (c) shall not be eligible
14 for gaming under the Indian Gaming Regulatory Act
15 (25 U.S.C. 2701 et seq.).

16 (2) OTHER LANDS TAKEN INTO TRUST.—Lands
17 taken into trust for the benefit of the Tribe in
18 Sonoma County after the date of the enactment of
19 this Act shall not be eligible for gaming under the
20 Indian Gaming Regulatory Act (25 U.S.C. 2701 et
21 seq.).

22 (e) APPLICABILITY OF CERTAIN LAW.—Notwith-
23 standing any other provision of law, the Memorandum of
24 Agreement entered into by the Tribe and the County con-
25 cerning taking land in the County into trust for the benefit

1 of the Tribe, which was approved by the County Board
2 of Supervisors on March 10, 2015, and any addenda and
3 supplement or amendment thereto, is not subject to review
4 or approval of the Secretary in order to be effective, in-
5 cluding review or approval under section 2103 of the Re-
6 vised Statutes (25 U.S.C. 81).

7 **SEC. 2870. LITTLE SHELL TRIBE OF CHIPPEWA INDIANS OF**
8 **MONTANA.**

9 (a) FINDINGS.—Congress finds that—

10 (1) the Little Shell Tribe of Chippewa Indians
11 is a political successor to signatories of the Pembina
12 Treaty of 1863, under which a large area of land in
13 the State of North Dakota was ceded to the United
14 States;

15 (2) the Turtle Mountain Band of Chippewa of
16 North Dakota and the Chippewa-Cree Tribe of the
17 Rocky Boy's Reservation of Montana, which also are
18 political successors to the signatories of the Pembina
19 Treaty of 1863, have been recognized by the Federal
20 Government as distinct Indian tribes;

21 (3) the members of the Little Shell Tribe con-
22 tinue to live in the State of Montana, as their ances-
23 tors have for more than 100 years since ceding land
24 in the State of North Dakota as described in para-
25 graph (1);

1 (4) in the 1930s and 1940s, the Tribe repeat-
2 edly petitioned the Federal Government for reorga-
3 nization under the Act of June 18, 1934 (25 U.S.C.
4 5101 et seq.) (commonly known as the “Indian Re-
5 organization Act”);

6 (5) Federal agents who visited the Tribe and
7 Commissioner of Indian Affairs John Collier at-
8 tested to the responsibility of the Federal Govern-
9 ment for the Tribe and members of the Tribe, con-
10 cluding that members of the Tribe are eligible for,
11 and should be provided with, trust land, making the
12 Tribe eligible for reorganization under the Act of
13 June 18, 1934 (25 U.S.C. 5101 et seq.) (commonly
14 known as the “Indian Reorganization Act”);

15 (6) due to a lack of Federal appropriations dur-
16 ing the Depression, the Bureau of Indian Affairs
17 lacked adequate financial resources to purchase land
18 for the Tribe, and the members of the Tribe were
19 denied the opportunity to reorganize;

20 (7) in spite of the failure of the Federal Gov-
21 ernment to appropriate adequate funding to secure
22 land for the Tribe as required for reorganization
23 under the Act of June 18, 1934 (25 U.S.C. 5101 et
24 seq.) (commonly known as the “Indian Reorganiza-
25 tion Act”), the Tribe continued to exist as a sepa-

1 rate community, with leaders exhibiting clear polit-
2 ical authority;

3 (8) the Tribe, together with the Turtle Moun-
4 tain Band of Chippewa of North Dakota and the
5 Chippewa-Cree Tribe of the Rocky Boy's Reserva-
6 tion of Montana, filed 2 law suits under the Act of
7 August 13, 1946 (60 Stat. 1049) (commonly known
8 as the "Indian Claims Commission Act"), to petition
9 for additional compensation for land ceded to the
10 United States under the Pembina Treaty of 1863
11 and the McCumber Agreement of 1892;

12 (9) in 1971 and 1982, pursuant to Acts of Con-
13 gress, the tribes received awards for the claims de-
14 scribed in paragraph (8);

15 (10) in 1978, the Tribe submitted to the Bu-
16 reau of Indian Affairs a petition for Federal recogni-
17 tion, which is still pending as of the date of enact-
18 ment of this Act; and

19 (11) the Federal Government, the State of
20 Montana, and the other federally recognized Indian
21 tribes of the State have had continuous dealings
22 with the recognized political leaders of the Tribe
23 since the 1930s.

24 (b) DEFINITIONS.—In this section:

1 (1) MEMBER.—The term “member” means an
2 individual who is enrolled in the Tribe pursuant to
3 subsection (f).

4 (2) SECRETARY.—The term “Secretary” means
5 the Secretary of the Interior.

6 (3) TRIBE.—The term “Tribe” means the Lit-

10 tended to the Tribe.

11 (2) EFFECT OF FEDERAL LAWS.—Except as
12 otherwise provided in this section, all Federal laws
13 (including regulations) of general application to In-
14 dians and Indian tribes, including the Act of June
15 18, 1934 (25 U.S.C. 5101 et seq.) (commonly
16 known as the “Indian Reorganization Act”), shall
17 apply to the Tribe and members.

18 (d) FEDERAL SERVICES AND BENEFITS.—

19 (1) IN GENERAL.—Beginning on the date of en-
20 actment of this Act, the Tribe and each member
21 shall be eligible for all services and benefits provided
22 by the United States to Indians and federally recog-
23 nized Indian tribes, without regard to—

24 (A) the existence of a reservation for the
25 Tribe; or

1 (B) the location of the residence of any
2 member on or near an Indian reservation.

3 (2) SERVICE AREA.—For purposes of the deliv-
4 ery of services and benefits to members, the service
5 area of the Tribe shall be considered to be the area
6 comprised of Blaine, Cascade, Glacier, and Hill
7 Counties in the State of Montana.

8 (e) REAFFIRMATION OF RIGHTS.—

9 (1) IN GENERAL.—Nothing in this section di-
10 minishes any right or privilege of the Tribe or any
11 member that existed before the date of enactment of
12 this Act.

13 (2) CLAIMS OF TRIBE.—Except as otherwise
14 provided in this section, nothing in this section al-
15 ters or affects any legal or equitable claim of the
16 Tribe to enforce any right or privilege reserved by,
17 or granted to, the Tribe that was wrongfully denied
18 to, or taken from, the Tribe before the date of enact-
19 ment of this Act.

20 (f) MEMBERSHIP ROLL.—

21 (1) IN GENERAL.—As a condition of receiving
22 recognition, services, and benefits pursuant to this
23 section, the Tribe shall submit to the Secretary, by
24 not later than 18 months after the date of enact-
25 ment of this Act, a membership roll consisting of the

1 name of each individual enrolled as a member of the
2 Tribe.

3 (2) DETERMINATION OF MEMBERSHIP.—The
4 qualifications for inclusion on the membership roll of
5 the Tribe shall be determined in accordance with
6 sections 1 through 3 of article 5 of the constitution
7 of the Tribe dated September 10, 1977 (including
8 amendments to the constitution).

9 (3) MAINTENANCE OF ROLL.—The Tribe shall
10 maintain the membership roll under this subsection.

11 (g) ACQUISITION OF LAND.—

12 (1) HOMELAND.—The Secretary shall acquire,
13 for the benefit of the Tribe, trust title to 200 acres
14 of land within the service area of the Tribe to be
15 used for a tribal land base.

16 (2) ADDITIONAL LAND.—The Secretary may ac-
17 quire additional land for the benefit of the Tribe
18 pursuant to section 5 of the Act of June 18, 1934
19 (25 U.S.C. 5108) (commonly known as the “Indian
20 Reorganization Act”).

10 which the Coast Guard is operating determines
11 meets the criteria of subsection (b) of this section
12 but which, on the date of enactment of the Act, is
13 not documented under chapter 121 of this title, shall
14 be eligible for a certificate of inspection if that Sec-

16 “(A) the vessel is classed by, and designed
17 in accordance with the rules of, the American
18 Bureau of Shipping, or another classification
19 society accepted by that Secretary;

20 “(B) the vessel complies with applicable
21 international agreements and associated guide-

23 vessel was documented immediately before be-
24 coming documented under chapter 121; and

2017

1 “(C) that country has not been identified
2 by that Secretary as inadequately enforcing
3 international vessel regulations as to that ves-
4 sel.

5 “(2) CONTINUED ELIGIBILITY FOR CERTIFI-
6 CATE.—Paragraph (1) does not apply to a vessel
7 after any date on which the vessel fails to comply
8 with the applicable international agreements and as-
9 sociated guidelines referred to in paragraph (1)(B).

10 “(3) RELIANCE ON CLASSIFICATION SOCIETY.—

11 “(A) IN GENERAL.—The Secretary of the
12 Department in which the Coast Guard is oper-
13 ating may rely on a certification from the
14 American Bureau of Shipping or, subject to
15 subparagraph (B), another classification society
16 accepted by that Secretary to establish that a
17 vessel is in compliance with the requirements of
18 paragraphs (1) and (2).

19 “(B) FOREIGN CLASSIFICATION SOCI-
20 ETY.—The Secretary of the Department in
21 which the Coast Guard is operating may accept
22 certification from a foreign classification society
23 under subparagraph (A) only—

24 “(i) to the extent that the government
25 of the foreign country in which the society

2018

1 is headquartered provides access on a re-
2 ciprocal basis to the American Bureau of
3 Shipping; and

4 “(ii) if the foreign classification soci-
5 ety has offices and maintains records in
6 the United States.

7 “(e) WAIVER OF AGE REGISTRATION.—The Sec-
8 retary, in conjunction with the Operating Agency, may
9 waive the application of the age restriction under sub-
10 section (b)(3) if they jointly determine that the waiver—

11 “(1) is in the national interest;

12 “(2) the subject cable vessel and any associated
13 operating network is and will continue to be eco-
14 nomically viable; and

15 “(3) is necessary due to the lack of availability
16 of other vessels and operators that comply with the
17 requirements of this chapter.

18 **“§ 53203. Award of operating agreements**

19 “(a) IN GENERAL.—The Secretary shall require, as
20 a condition of including any vessel in the Cable Fleet, that

23 Agreement with the Secretary under this section.

24 “(b) PROCEDURE FOR APPLICATIONS.—

1 “(1) ACCEPTANCE OF APPLICATIONS.—Begin-

3 of this chapter, the Secretary shall accept applica-
4 tions for enrollment of vessels in the Cable Fleet.

5 “(2) ACTION ON APPLICATIONS.—Within 120
6 days after receipt of an application for enrollment of
7 a vessel in the Cable Fleet, the Secretary shall ap-
8 prove the application in conjunction with the Oper-
9 ating Agency, and shall enter into an Operating
10 Agreement with the applicant, or provide in writing
11 the reason for denial of that application.

12 “(c) PRIORITY FOR AWARDING AGREEMENTS.—Sub-
13 ject to the availability of appropriations, the Secretary
14 shall enter into Operating Agreements with those vessels
15 determined by the Operating Agency, in its sole discretion,
16 to best meet the national security requirements of the
17 United States. After consideration of national security re-
18 quirements, priority shall be given to an applicant that
19 is a United States citizen under section 50501 of this title.

20 **“§ 53204. Effectiveness of operating agreements**

21 “(a) EFFECTIVENESS GENERALLY.—The Secretary
22 may enter into an Operating Agreement under this chap-

4 STATES.—Vessels under charter to the United States are
5 eligible to receive payments pursuant to their Operating

8 “(1) TERMINATION BY THE SECRETARY.—If
9 the Contractor with respect to an Operating Agree-
10 ment materially fails to comply with the terms of the
11 Agreement—

12 “(A) the Secretary shall notify the Con-
13 tractor and provide a reasonable opportunity
14 for it to comply with the Operating Agreement;

15 “(B) the Secretary shall terminate the Op-
16 erating Agreement if the Contractor fails to
17 achieve such compliance; and

18 “(C) upon such termination, any funds ob-
19 ligated by the Agreement shall be available to
20 the Secretary to carry out this chapter.

21 “(2) EARLY TERMINATION BY A CON-
22 TRACTOR.—An Operating Agreement under this
23 chapter shall terminate on a date specified by the
24 Contractor if the Contractor notifies the Secretary,
25 not fewer than 60 days prior to the effective date of

2021

1 the termination, that the Contractor intends to ter-
2 minate the Agreement.

3 “(d) NONRENEWAL FOR LACK OF FUNDS.—If, by the
4 first day of a fiscal year, sufficient funds have not been
5 appropriated under the authority provided by this chapter
6 for that fiscal year for all Operating Agreements, then the
7 Secretary shall notify the Committee on Armed Services
8 and the Committee on Commerce, Science, and Transpor-
9 tation of the Senate and the Committee on Armed Services
10 of the House of Representatives that Operating Agree-
11 ments authorized under this chapter for which sufficient
12 funds are not available will not be renewed for that fiscal
13 year if sufficient funds are not appropriated by the 60th
14 day of that fiscal year. If only partial funding is appro-
15 priated by the 60th day of such fiscal year, then the Sec-
16 retary, in consultation with the Operating Agency, shall
17 select the vessels to retain under Operating Agreements,
18 based on their determinations of which vessels are most
19 useful for national security. In the event that no funds
20 are appropriated, then no Operating Agreements shall be
21 renewed and each Contractor shall be released from its
22 obligations under the Operating Agreement. Final pay-
23 ments under an Operating Agreement that is not renewed
24 shall be made in accordance with section 53206. To the
25 extent that sufficient funds are appropriated in a subse-

2022

1 quent fiscal year, an Operating Agreement that has not
2 been renewed pursuant to this subsection may be rein-
3 stated if mutually acceptable to the Secretary, in consulta-
4 tion with the Operating Agency, and the Contractor, pro-
5 vided the vessel remains eligible for participation pursuant
6 to section 53202, without regard to subsection 53202
7 (b)(3).

8 “(e) RELEASE OF VESSELS FROM OBLIGATIONS.—
9 If funds are not appropriated for payments under an Op-
10 erating Agreement under this chapter for any fiscal year
11 by the 60th day of a fiscal year, and the Secretary, in
12 consultation with the Operating Agency determines to not
13 renew a Contractor’s Operating Agreement for a vessel,
14 then—

15 “(1) each vessel covered by the Operating
16 Agreement that is not renewed is thereby released
17 from any further obligation under the Operating
18 Agreement;

19 “(2) the owner or operator of the vessel whose
20 Operating Agreement was not renewed may transfer
21 and register such vessel under a foreign registry that
22 is acceptable to the Secretary and the Operating
23 Agency, notwithstanding section 56101 of this title;
24 and

1 “(3) if chapter 563 of this title is applicable to
2 such vessel after registration, then the vessel is
3 available to be requisitioned by the Secretary pursu-

4 “(f) REPLACEMENT VESSEL.—A Contractor may re-

6 vessel that is eligible to be included in the Fleet under
7 section 53202(b), if the Secretary and the Operating
