The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 8B2253) filed by Minnesota Mining & Manufacturing Co., Inc., 2501 Hudson Road, St. Paul, Minn. 55119, and other relevant material, concludes that the food additive regulations should be

Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)) and under authority delegated to the Commissioner (21 CFR

**Title 39—POSTAL SERVICE**

Chapter I—Post Office Department  
PART 125—MATTER MAILABLE UNDER RULES

Delivery of Firearms

In the daily issue of Thursday, June 13, 1968 (33 F.R. 8678), the Post Office Department published a notice of proposed rule making consisting of the addition of a new § 125.9 to provide that the postmaster at the office of address

shall not make delivery of any firearm without first notifying the chief law enforcement official for the community in which the addressee resides that delivery of a firearm to the addressee will be made in the ordinary course of the mails.

In that same daily issue of Thursday, June 13, 1968 (33 F.R. 8667-8668) the Department issued temporary regulations containing the same terms as the proposed rule for a period of 90 days.

After careful consideration of all comments received, the Department has determined to adopt the proposal as set out in the published notice with the exception that the permanent regulations are expanded for clarity and contain a definition of firearms, instructions for marking such parcels, and a list of exceptions to the regulations.

As a hiatus between the temporary regulations presently in force and the permanent regulations now being adopted would be contrary to the public interest, new § 125.9 is adopted upon publication in the FEDERAL REGISTER:

**§ 125.9 Notice of delivery of rifles, shotguns, and other mailable firearms.**

(a) *Definition of "firearms".* A firearm is a device from which a projectile may be fired or otherwise expelled by the action of an explosion, spring or other mechanism, or air or gas pressure, with sufficient force to enable the device to be used as a weapon.

(b) *Marking of parcels.* Any parcel which contains one or more firearms and which is tendered for deposit in the mails must display on its exterior the word "FIREARMS" in at least one-inch-high, bold, block letters. Any such parcel not so displaying such word shall not be accepted for carriage in the mails.

(c) *Recording and disclosure of deliveries.* The postmaster of the office of address of any such parcel shall make in triplicate a record on Form 3761, Notice of Delivery of Firearms, of the name and address of the addressee of such parcel.
